# POSTAGE STAMP ALBUMS.

## CRITIQUES.

### THE MULREADY STAMP ALBUMS.

*Routledge's Magazine for Boys* says—

"These albums are invaluable to collectors of postage stamps, and from their very reasonable price, are within the reach of any of our boys whose inclinations lean in that direction. They are got up in a neat and elegant style, and, unlike too many articles of the same sort, do not fall to pieces after they have been opened half-a-dozen times. In fact, without occupying space unnecessarily to indulge in ecstasies, we can heartily say that they are everything that can be desired."

*The Philatelist* says—

"This trio of albums, according to the experience of collectors, is well adapted, in some degree, to meet the requirements of collectors. Headings are given in the volume for all places of issue, and omitted postal issues will indemnify the publisher in all appertaining to these albums."

*The Stamp-Collector's Magazine* says—

"We venture to predict a large sale for these albums, as they combine excellence with extreme cheapness. The binding of all is neat and unpretending, and the printing is remarkably well done."

### THE PERMANENT STAMP ALBUM.

*The American Stamp Mercury* says—

"The question of a permanent stamp album has at last received a practical solution at the hands of Mr. H. Stafford Smith, a copy of whose latest work is before us. It has less to condemn and more to commend it than any stamp album we have yet seen. Its general merits are not surpassed by either of the elaborate works of Moens or Lallier. We commend the book with a right good will to the timbrophilic fraternity."

*The American Journal of Philately* says—

"With great pleasure we introduce to our

readers this new album, arranged upon the permanent system, that is to say, it has supplementary leaves distributed through the book to meet future demands. On the first page we notice a very good map of the world—good, because it only contains those places issuing stamps, and notes them all, such as Sarawak, Orange Free State, &c., and is not filled with a lot of useless names, *i.e.*, to the stamp collector."

*The Philatelist* says—

"This album is carefully got up; the paper of the finest quality, and the printing and binding neat, and effective. It is worth

ing paper, and the printing and binding effective. It is worth the notice of collectors; not affixed in the album, but usually adopted for the purpose. It is obvious that all albums of this kind are a nuisance for every known collector's room at each address. The album either a supplementary leaf will have to be added. The method is plainly shown in the album before us, the intercalation of pages, sixty in number, allowing the intercalation of seventeen hundred stamps more than are catalogued therein, according to actual issues."

*Mason's Stamp - Collector's Magazine* says—

"This album is the best adapted for stamp gathering and arranging of any we have yet examined. It contains supplementary leaves bound up with the book, and has ample space for all the stamps yet issued, and for all that may be issued for many years to come. It is oblong in form, printed on thick paper, and handsomely bound. We would say that this album will well sustain its title of THE PERMANENT STAMP ALBUM, and does infinite credit to its originator and author."

*The Stamp-Collector's Magazine* says—

"In looking through this album, we have experienced that pleasure which a well-executed work never fails to give. The plan upon which it is conceived is skilfully and carefully followed out, and the accessories of type, paper, and binding, are all that could be desired. We have no hesitation in saying that this album will take the first rank among home or foreign compilations, for no book combines in a higher degree the qualities indispensable to excellence, and it is decidedly the first we should recommend to any collector in want of an album."

# POSTAGE STAMP ALBUMS

## CRITIQUES.

### THE MULREADY STAMP ALBUMS.

*Routledge's Magazine for Boys* says—

"These albums are invaluable to collectors of postage stamps, and from their very reasonable price, are within the reach of any of our boys whose inclinations lean in that direction. They are got up in a neat and elegant style, and, unlike too many articles of the same sort, do not fall to pieces after they have been opened half-a-dozen times. In fact, without occupying space unnecessarily to indulge in ecstasies, we can heartily say that they are everything that can be desired."

*The Philatelist* says—

"This trio of albums, according to the experience well adapted, in some degree to meet the requirements of collectors. Headings and volume for all places of emitted postal issues. will indemnify the publisher in all appertaining to these albums."

*The Stamp-Collector's Magazine* says—

"We venture to predict a large sale for these albums, as they combine excellence with extreme cheapness. The binding of all is neat and unpretending, and the printing is remarkably well done."

### THE PERMANENT STAMP ALBUM.

*The American Stamp Mercury* says—

"The question of a permanent stamp album has at last received a practical solution at the hands of Mr. H. Stafford Smith, a copy of whose latest work is before us. It has less to condemn and more to commend it than any stamp album we have yet seen. Its general merits are not surpassed by either of the elaborate works of Moens or Lallier. We commend the book with a right good will to the timbrophilic fraternity."

*The American Journal of Philately* says—

"With great pleasure we introduce to our

readers this new album, arranged upon the permanent system, that is to say, it has supplementary leaves distributed through the book to meet future demands. On the first page we notice a very good map of the world—good, because it only contains those places issuing stamps, and notes them all, such as Sarawak, Orange Free State, &c., and is not filled with a lot of useless names, *i.e.*, to the stamp collector."

*The Philatelist* says—

"This album is carefully got up; the paper of the finest quality, and the printing and binding neat, and effective. It is worth the price."

"This album is carefully got up; the paper of the finest quality, and the printing and binding neat, and effective. It is worth the price. The book is provided with gilt-edged leaves, not affixed in the usual manner, but usually adopted for albums. It is obvious that all albums are not alike, and that for every known stamp album in room at each additional page, either a supplementary leaf or a leaf will have to be added. The methods is plainly shown in the album before us, that the space is met by the interleaving of additional pages, sixty in number, allowing the intercalation of seventeen hundred stamps more than are catalogued therein, according to actual issues."

*Mason's Stamp - Collector's Magazine* says—

"This album is the best adapted for stamp gathering and arranging of any we have yet examined. It contains supplementary leaves bound up with the book, and has ample space for all the stamps yet issued, and for all that may be issued for many years to come. It is oblong in form, printed on thick paper, and handsomely bound. We would say that this album will well sustain its title of THE PERMANENT STAMP ALBUM, and does infinite credit to its originator and author."

*The Stamp-Collector's Magazine* says—

"In looking through this album, we have experienced that pleasure which a well-executed work never fails to give. The plan upon which it is conceived is skilfully and carefully followed out, and the accessories of type, paper, and binding, are all that could be desired. We have no hesitation in saying that this album will take the first rank among home or foreign compilations, for no book combines in a higher degree the qualities indispensable to excellence, and it is decidedly the first we should recommend to any collector in want of an album."

Brought up to the present time,

The leading feature of this Album is the provision of supplementary leaves *bound up with the book*, thereby saving future trouble and expense. All leaves not required at the date of the publication of the Album will be found with an asterisk (\*) at the bottom of the page. More than 30 of such leaves are provided (allowing for no less than 1,700 additional stamps), which are so distributed throughout the volume that there is little chance of any new stamp country being placed out of its proper order.

## EXTRACT FROM THE PREFACE.

"The first edition of this work was published three years ago, and it is now more than a twelvemonth since it became out of print. Its speedy exhaustion formed the most convincing proof of the general appreciation of the plan on which it was compiled, and it is a matter of regret to the Editor that it has not been possible to bring out a second edition earlier.

"The intervening time has, however, been spent in perfecting several secondary, but not unimportant improvements; chief among which may be noticed the allotment of space for the reception of entire post cards. The typographical arrangements have also been the subject of revision, the borders and headings having been rendered of a more ornamental character, and, it is perhaps hardly necessary to say, adequate provision has been made for all the recently-issued stamps, including those of the Deccan, Mozambique, Fiji Islands, Guatemala, Japan, Hungary, German Empire &c. Furthermore, the paper has been specially manufactured for this Album of a tone calculated to show the stamps off to the best advantage. Externally, also, a change has been made in the appearance of the Album, the binding being richer and in a greatly-improved style.

"The general arrangement of the countries is unchanged, as its plan has been approved by all the philatelic organs, and by a host of private collectors. The supplementary leaves inserted at regular intervals have been found to answer the purpose for which they are intended; and one gentleman has informed the Editor that he has found ample room in the first edition for his collection, numbering nearly 3,000 varieties, although several hundreds among them were issued subsequently to its publication!

"Under these circumstances, the Editor, whilst thanking the philatelic public for the favour with which the Permanent Album has been received, submits the present edition with increased confidence to their verdict; and ventures to hope that the minor alterations above alluded to, will receive their approbation."

## EXTRACT FROM THE PREFACE.

"The first edition of this work was published three years ago, and it is now more than a twelvemonth since it became out of print. Its speedy exhaustion formed the most convincing proof of the general appreciation of the plan on which it was compiled, and it is a matter of regret to the Editor that it has not been possible to bring out a second edition earlier.

"The intervening time has, however, been spent in perfecting several secondary, but not unimportant improvements; chief among which may be noticed the allotment of space for the reception of entire post cards. The typographical arrangements have also been the subject of revision, the borders and headings having been rendered of a more ornamental character, and, it is perhaps hardly necessary to say, adequate provision has been made for all the recently-issued stamps, including those of the Deccan, Mozambique, Fiji Islands, Guatemala, Japan, Hungary, German Empire, &c. Furthermore, the paper has been specially manufactured for this Album of a tone calculated to show the stamps off to the best advantage. Externally, also, a change has been made in the appearance of the Album, the binding being richer and in a greatly-improved style.

"The general arrangement of the countries is unchanged, as its plan has been approved by all the philatelic organs, and by a host of private collectors. The supplementary leaves inserted at regular intervals have been found to answer the purpose for which they are intended; and one gentleman has informed the Editor that he has found ample room in the first edition for his collection, numbering nearly 3,000 varieties, although several hundreds among them were issued subsequently to its publication!

"Under these circumstances, the Editor, whilst thanking the philatelic public for the favour with which the Permanent Album has been received, submits the present edition with increased confidence to their verdict; and ventures to hope that the minor alterations above alluded to, will receive their approbation."

For numerous Testimonials received from Purchasers of the above Album, see detailed prospectus, post-free on application.
