PRICE LIST, No. 1.

OCTOBER, 1900.

[GRATIS.]

Notice.

OWING to the great increase of interest taken of late in the efforts of the Colonial Stamp Market to supply all current Colonial Stamps at a reasonable premium over face value, the Secretary has decided to issue a monthly price list giving fuller particulars than can be published each week in *Ewen's Weekly Stamp News*.

The first list has been delayed somewhat through the large number of orders having left the Secretary but little time to draught the necessary lists, so many orders having had lately to be held over several days from the same cause. The Secretary is now able to announce that his staff has been increased, and it is hoped will be found efficient to meet promptly all orders entrusted to the Colonial Market. The November list will be published early, and will be a great improvement on No. 1.

South Africans.

We devote our front page to the SOUTH AFRICAN WAR PROVISIONALS, believing that our readers will be more interested in them at present. They are, too, probably, one of the best investments that could be made, as prices have not by any means reached their highest level. We are able to announce the arrival of very fine parcels of V.R.I. stamps by the last S. African mail and are expecting large further quantities by the mail due Monday, October 8th, so that we expect to meet promptly all demands made on us by readers.

Orders booked in advance.

THE Secretary of the British Colonial Market has made arrangements by which collectors can ensure obtaining sets of new issues by booking in advance. Immediately on arrival of a parcel from any colony, all want-lists on the file will be examined, and the necessary number of sets or stamps set aside. If clients have current accounts with us, the sets will be posted on at once, otherwise they will be retained till sent for (but not longer than 14 days).

Collectors can bespeak any sets, whether advertised at present or not, and such will be sent on when we secure a supply. If price should exceed our usual charge of 1/2 per 1/-, the option of keeping or returning the stamps will be given.

Unless clients have deposit accounts, the sets cannot be sent immediately on arrival. We never send sets for cash on delivery, as delay may occur by clients being temporarily from home, which causes us needless trouble in writing enquiries.

Terms : FOR CURRENT ACCOUNTS.

WHERE clients wish to bespeak stamps of face-value not exceeding 1/-, a deposit balance of not less than 10/- should be left with the Secretary (returnable on demand). All new issues will then be posted immediately on arrival. If stamps up to 5/- face value are desired, balance should be maintained at not less than 20/-, and if all new issues, regardless of face value, are required, deposit should not be lower than 40/-.

Collectors opening current accounts with us practically ensure receiving a regular weekly supply of new issues.

Index Numbers.

ALL orders should give the index-number of the set, the name of the Colony, and the price, and be written on a separate piece of paper, with name and address. Printed order forms will be supplied on demand. Our invariable terms are cash in advance, postage extra.

Unused British Colonial Stamps.

Every patriotic British Collector takes an interest in the stamps of Great Britain and her Colonies, and desires to have them well represented in his album. The best specimens are those in perfect unused condition, and it is our endeavour to enable collectors to obtain in England what they require at very nearly the same price they would have to pay in the Colonies, in other words, at a very small premium on face value. By purchasing these sets under such conditions a collector will not only obtain an excellent foundation for his collection, but will have the satisfaction of knowing that his money is invested and not spent. In addition, every purchase, however small, means a contribution to the wealth and welfare of our Colonies.

CONDITIONS.—As we supply these Colonial stamps at a smaller rate of profit than has ever before been attempted in the history of stamp collecting, we find it necessary to impose certain conditions. We supply the stamps solely against cash in advance (even though the purchaser be a regular customer), the object being, of course, to avoid extra book-keeping and to enable us to remit without delay for further supplies. We guarantee every specimen sent out to be in mint condition (any specimen objected to will be exchanged if returned to us at once). Cheques and postal orders should be made payable to the Secretary, H. L. Ewen, postage being added, as we do not under any circumstances pay postage, nor do we hold ourselves responsible for stamps lost in the post.

EVERY ORDER IS EXECUTED BY RETURN OF POST.

ENTIRE SHEETS.

There is nothing like an occasional block or entire sheet to brighten up a collection, and as sheets of many stamps are an excellent investment in addition, we have decided to supplement our offers of sets and single high value stamps and give readers occasional opportunities of acquiring entire sheets at reasonable prices. Besides which, a few entire sheets give a collector so much better an idea as to how our British Colonial stamps are printed. All sheets sold by us are in perfect condition, just as originally sold at the Colonial Post Offices, with full margin, showing where they exist, all varieties of marginal plate-numbers, control-numbers, inscriptions and watermarks.

JUST AS ISSUED AT POST-OFFICES.

FOREIGN COUNTRIES.

WE have several times been asked whether we stock unused sets of other countries, but we have not done so hitherto, believing that the demand is too small. However, we give here a list of such sets, and if before the end of October we get sufficient orders to make it worth while to stock them, we shall do so. Clients who only wish for part of these sets can indicate such by quoting the index numbers. If we do not receive a fair number of applications, it would not pay us to obtain the sets and sell at so low a premium. It must be understood that no definite orders for these sets can yet be booked.

List of Proposed Additional Sets.

N.B.—The following sets differ in one most important particular from those of British Colonies; i.e. the face value of the stamps is no security for the money invested in purchasing them. Several of the sets are from countries where but little postal business is done.

| | No. in Set. | Face Value. | Our Price. |
|---|-------------|-------------|------------|
| 101 Abyssinia, 1/2 to 16 g. | 7 | 6/8 | 8/0 |
| 102 Argentine, R. 1/4c. to 50c. | 11 | 3/10 | 4/10 |
| 103 Austria, 1 to 60 heller ... | 12 | 2/1 | 2/7 |
| 104 Austrian Levant, 10 par. to 5 pi. ... | 5 | 1/7 | 1/11 |
| 105 Bulgaria, 1 to 50 stot. ... | 9 | 1/3 | 1/7 |
| 106 Cameroons, 3 to 50 pf. ... | 6 | 1/2 | 2/0 |
| 107 Chili, 1 to 50c. ... | 9 | 3/2 | 3/9 |
| 108 China, 1/4c. to 50c. ... | 9 | 2/6 | 3/3 |
| 109 Congo, 5c. to 50c. ... | 6 | 1/3 | 1/8 |

The above figures are only approximate, and the face values, are not guaranteed correctly worked out. The table will serve for the present purpose, however, and we shall be glad to hear what clients have to say. The premium on face value would be higher than that charged on British Colonial stamps, on account of the heavy extra risks. We should have also to pay a considerable premium to agents, but we could quote less than the 75% to 100% charged by the stamp trade hitherto.

When Ordering please quote Index Number, name of Colony and Price.

PRICE LIST, No. 2.

NOVEMBER, 1900.

[GRATIS.]

Notice.

OWING to the great increase of interest taken of late in the efforts of the Colonial Stamp Market to supply all current Colonial Stamps at a reasonable premium over face value, the Secretary has decided to issue a monthly price list giving fuller particulars than can be published each week in *Ewen's Weekly Stamp News*.

South Africans.

WE devote our front page to the SOUTH AFRICAN WAR PROVISIONALS, believing that our readers will be more interested in them at present. They are, too, probably, one of the best investments that could be made, as prices have not by any means reached their highest level. We are able to announce the arrival of very fine parcels of V.R.I. stamps by the last S. African mail.

Orders booked in advance.

THE Secretary of the British Colonial Market has made arrangements by which collectors can ensure obtaining sets of new issues by booking in advance. Immediately on arrival of a parcel from any colony, all want-lists on the file will be examined, and the necessary number of sets or stamps set aside. If clients have current accounts with us, the sets will be posted on at once, otherwise they will be retained till sent for (but not longer than 14 days).

Collectors can bespeak any sets, whether advertised at present or not, and such will be sent on when we secure a supply. If price should exceed our usual charge of 1/2 per 1/-, the option of keeping or returning the stamps will be given.

Unless clients have deposit accounts, the sets cannot be sent immediately on arrival. We never send sets for cash on delivery, as delay may occur by clients being temporarily from home, which causes us needless trouble in writing enquiries.

New Issues.

REGULAR WEEKLY OR FORTNIGHTLY SERVICE.

ANY COLLECTOR wishing to keep his collection up to date should apply to have his name entered on our *New Issues Approval List*. If a weekly service of new issues be desired it is only necessary to send name and address and we will forward once a week an approval sheet, from which a selection can be made as desired. It should be stated whether only Colonial stamps are desired, or also those of foreign countries. Selections can also be sent once a fortnight or once a month.

Terms : FOR CURRENT ACCOUNTS.

WHERE clients wish to bespeak stamps of face-value not exceeding 1/-, a deposit balance of not less than 10/- should be left with the Secretary (returnable on demand). All new issues will then be posted immediately on arrival. If stamps up to 5/- face value are desired, balance should be maintained at not less than 20/-, and if all new issues, regardless of face value, are required, deposit should not be lower than 40/-.

Collectors opening current accounts with us practically ensure receiving a *regular weekly* supply of new issues.

Index Numbers.

ALL orders should give the *index-number of the set, the name of the Colony, and the price*, and be written on a *separate* piece of paper, with name and address. Printed order forms will be supplied on demand. Our *invariable* terms are cash in advance, postage extra.

Unused British Colonial Stamps.

Every patriotic British Collector takes an interest in the stamps of Great Britain and her Colonies, and desires to have them well represented in his album. The best specimens are those in perfect unused condition, and it is our endeavour to enable collectors to obtain in England what they require at very nearly the same price they would have to pay in the Colonies, in other words, at a very small premium on face value. By purchasing these sets under such conditions a collector will not only obtain an excellent foundation for his collection, but will have the satisfaction of knowing that his money is invested and not spent. In addition, every purchase, however small, means a contribution to the wealth and welfare of our Colonies.

CONDITIONS.—As we supply these Colonial stamps at a smaller rate of profit than has ever before been attempted in the history of stamp collecting, we find it necessary to impose certain conditions. We supply the stamps solely against cash in advance (even though the purchaser be a regular customer), the object being, of course, to avoid extra book-keeping and to enable us to remit without delay for further supplies. We guarantee every specimen sent out to be in mint condition (any specimen objected to will be exchanged if returned to us at once). Cheques and postal orders should be made payable to the Secretary, H. L. Ewen, postage being added, as we do not under any circumstances pay postage, nor do we hold ourselves responsible for stamps lost in the post.

EVERY ORDER IS EXECUTED BY RETURN OF POST.

ENTIRE SHEETS.

There is nothing like an occasional block or entire sheet to brighten up a collection, and as sheets of many stamps are an excellent investment in addition, we have decided to supplement our offers of sets and single high value stamps and give readers occasional opportunities of acquiring entire sheets at reasonable prices. Besides which, a few entire sheets give a collector so much better an idea as to how our British Colonial stamps are printed. All sheets sold by us are in perfect condition, just as originally sold at the Colonial Post Offices, with full margin, showing where they exist, all varieties of marginal plate-numbers, control-numbers, inscriptions and watermarks.

JUST AS ISSUED AT POST-OFFICES.

PRICE LIST, No. 3.

NOVEMBER, 1900.

[GRATIS.]

Notice.

OWING to the great increase of interest taken of late in the efforts of the Colonial Stamp Market to supply all current Colonial Stamps at a reasonable premium over face value, the Secretary has decided to issue a monthly price list giving fuller particulars than can be published each week in *Ewen's Weekly Stamp News*.

South Africans.

WE devote our front page to the SOUTH AFRICAN WAR PROVISIONALS, believing that our readers will be more interested in them at present. They are, too, probably, one of the best investments that could be made, as prices have not by any means reached their highest level. We are able to announce the arrival of very fine parcels of V.R.I. stamps by the last S. African mail.

Orders booked in advance.

THE Secretary of the British Colonial Market has made arrangements by which collectors can ensure obtaining sets of new issues by booking in advance. Immediately on arrival of a parcel from any colony, all want-lists on the file will be examined, and the necessary number of sets or stamps set aside. If clients have current accounts with us, the sets will be posted on at once, otherwise they will be retained till sent for (but not longer than 14 days).

Collectors can bespeak any sets, whether advertised at present or not, and such will be sent on when we secure a supply. If price should exceed our usual charge of 1/2 per 1/-, the option of keeping or returning the stamps will be given.

Unless clients have deposit accounts, the sets cannot be sent immediately on arrival. We never send sets for cash on delivery, as delay may occur by clients being temporarily from home, which causes us needless trouble in writing enquiries.

New Issues.

REGULAR WEEKLY OR FORTNIGHTLY SERVICE.

ANY COLLECTOR wishing to keep his collection up to date should apply to have his name entered on our *New Issues Approval List*. If a weekly service of new issues be desired it is only necessary to send name and address and we will forward once a week an approval sheet, from which a selection can be made as desired. It should be stated whether only Colonial stamps are desired, or also those of foreign countries. Selections can also be sent once a fortnight or once a month.

Terms : FOR CURRENT ACCOUNTS.

WHERE clients wish to bespeak stamps of face-value not exceeding 1/-, a deposit balance of not less than 10/- should be left with the Secretary (returnable on demand). All new issues will then be posted immediately on arrival. If stamps up to 5/- face value are desired, balance should be maintained at not less than 20/-, and if all new issues, regardless of face value, are required, deposit should not be lower than 40/-.

Collectors opening current accounts with us practically ensure receiving a regular weekly supply of new issues.

Index Numbers.

ALL orders should give the index-number of the set, the name of the Colony, and the price, and be written on a separate piece of paper, with name and address. Printed order forms will be supplied on demand. Our invariable terms are cash in advance, postage extra.

Unused British Colonial Stamps.

Every patriotic British Collector takes an interest in the stamps of Great Britain and her Colonies, and desires to have them well represented in his album. The best specimens are those in perfect unused condition, and it is our endeavour to enable collectors to obtain in England what they require at very nearly the same price they would have to pay in the Colonies, in other words, at a very small premium on face value. By purchasing these sets under such conditions a collector will not only obtain an excellent foundation for his collection, but will have the satisfaction of knowing that his money is invested and not spent. In addition, every purchase, however small, means a contribution to the wealth and welfare of our Colonies.

CONDITIONS.—As we supply these Colonial stamps at a smaller rate of profit than has ever before been attempted in the history of stamp collecting, we find it necessary to impose certain conditions. We supply the stamps solely against cash in advance (even though the purchaser be a regular customer), the object being, of course, to avoid extra book-keeping and to enable us to remit without delay for further supplies. We guarantee every specimen sent out to be in mint condition (any specimen objected to will be exchanged if returned to us at once). Cheques and postal orders should be made payable to the Secretary, H. L. Ewen, postage being added, as we do not under any circumstances pay postage, nor do we hold ourselves responsible for stamps lost in the post.

EVERY ORDER IS EXECUTED BY RETURN OF POST.

ENTIRE SHEETS.

There is nothing like an occasional block or entire sheet to brighten up a collection, and as sheets of many stamps are an excellent investment in addition, we have decided to supplement our offers of sets and single high value stamps and give readers occasional opportunities of acquiring entire sheets at reasonable prices. Besides which, a few entire sheets give a collector so much better an idea as to how our British Colonial stamps are printed. All sheets sold by us are in perfect condition, just as originally sold at the Colonial Post Offices, with full margin, showing where they exist, all varieties of marginal plate-numbers, control-numbers, inscriptions and watermarks.

PRICE LIST NO. 4.

NOVEMBER 10th, 1900.

[GRATIS.]

Notice.

OWING to the great increase of interest taken of late in the efforts of the Colonial Stamp Market to supply all current Colonial Stamps at a reasonable premium over face value, the Secretary has decided to issue a price list giving fuller particulars than can be published each week in *Ewen's Weekly Stamp News*.
During the Season, this LIST WILL BE PUBLISHED WEEKLY.

South Africans.

WE devote our front page to the SOUTH AFRICAN WAR PROVISIONALS, believing that our readers will be more interested in them at present. They are, too, probably, one of the best investments that could be made, as prices have not by any means reached their highest level. We are able to announce the arrival of very fine parcels of V.R.I. stamps by the last S. African mail.

Orders booked in advance.

THE Secretary of the British Colonial Market has made arrangements by which collectors can ensure obtaining sets of new issues by booking in advance. Immediately on arrival of a parcel from any colony, all want-lists on the file will be examined, and the necessary number of sets or stamps set aside. If clients have current accounts with us, the sets will be posted on at once, otherwise they will be retained till sent for (but not longer than 14 days).

Collectors can bespeak any sets, whether advertised at present or not, and such will be sent on when we secure a supply. If price should exceed our usual charge of 1/2 per 1/-, the option of keeping or returning the stamps will be given.

Unless clients have deposit accounts, the sets cannot be sent immediately on arrival. We never send sets for cash on delivery, as delay may occur by clients being temporarily from home, which causes us needless trouble in writing enquiries.

New Issues.

REGULAR WEEKLY OR FORTNIGHTLY SERVICE.

ANY COLLECTOR wishing to keep his collection up to date should apply to have his name entered on our *New Issues Approval List*. If a weekly service of new issues be desired it is only necessary to send name and address and we will forward once a week an approval sheet, from which a selection can be made as desired. It should be stated whether only Colonial stamps are desired, or also those of foreign countries. Selections can also be sent once a fortnight or once a month.

Terms : FOR CURRENT ACCOUNTS.

WHERE clients wish to bespeak stamps of face-value not exceeding 1/-, a deposit balance of not less than 10/- should be left with the Secretary (returnable on demand). All new issues will then be posted immediately on arrival. If stamps up to 5/- face value are desired, balance should be maintained at not less than 20/-, and if all new issues, regardless of face value, are required, deposit should not be lower than 40/-.

Collectors opening current accounts with us practically ensure receiving a *regular weekly* supply of new issues.

Index Numbers.

ALL orders should give the *index-number of the set, the name of the Colony, and the price*, and be written on a *separate* piece of paper, with name and address. Printed order forms will be supplied on demand. Our *invariable* terms are cash in advance, postage extra.

PRICE LIST NO. 4.

NOVEMBER 10th, 1900.

[GRATIS.]

Notice.

OWING to the great increase of interest taken of late in the efforts of the Colonial Stamp Market to supply all current Colonial Stamps at a reasonable premium over face value, the Secretary has decided to issue a price list giving fuller particulars than can be published each week in *Ewen's Weekly Stamp News*. During the Season, this LIST WILL BE PUBLISHED WEEKLY.

South Africans.

WE devote our front page to the SOUTH AFRICAN WAR PROVISIONALS, believing that our readers will be more interested in them at present. They are, too, probably, one of the best investments that could be made, as prices have not by any means reached their highest level. We are able to announce the arrival of very fine parcels of V.R.I. stamps by the last S. African mail.

Orders booked in advance.

THE Secretary of the British Colonial Market has made arrangements by which collectors can ensure obtaining sets of new issues by booking in advance. Immediately on arrival of a parcel from any colony, all want-lists on the file will be examined, and the necessary number of sets or stamps set aside. If clients have current accounts with us, the sets will be posted on at once, otherwise they will be retained till sent for (but not longer than 14 days).

Collectors can bespeak any sets, whether advertised at present or not, and such will be sent on when we secure a supply. If price should exceed our usual charge of 1/2 per 1/-, the option of keeping or returning the stamps will be given.

Unless clients have deposit accounts, the sets cannot be sent immediately on arrival. We never send sets for cash on delivery, as delay may occur by clients being temporarily from home, which causes us needless trouble in writing enquiries.

New Issues.

REGULAR WEEKLY OR FORTNIGHTLY SERVICE.

ANY COLLECTOR wishing to keep his collection up to date should apply to have his name entered on our *New Issues Approval List*. If a weekly service of new issues be desired it is only necessary to send name and address and we will forward once a week an approval sheet, from which a selection can be made as desired. It should be stated whether only Colonial stamps are desired, or also those of foreign countries. Selections can also be sent once a fortnight or once a month.

Terms: FOR CURRENT ACCOUNTS.

WHERE clients wish to bespeak stamps of face-value not exceeding 1/-, a deposit balance of not less than 10/- should be left with the Secretary (returnable on demand). All new issues will then be posted immediately on arrival. If stamps up to 5/- face value are desired, balance should be maintained at not less than 20/-, and if all new issues, regardless of face value, are required, deposit should not be lower than 40/-.

Collectors opening current accounts with us practically ensure receiving a regular weekly supply of new issues.

Index Numbers.

ALL orders should give the index-number of the set, the name of the Colony, and the price, and be written on a separate piece of paper, with name and address. Printed order forms will be supplied on demand. Our invariable terms are cash in advance, postage extra.

Unused British Colonial Stamps.

Every patriotic British Collector takes an interest in the stamps of Great Britain and her Colonies, and desires to have them well represented in his album. The best specimens are those in perfect unused condition, and it is our endeavour to enable collectors to obtain in England what they require at very nearly the same price they would have to pay in the Colonies, in other words, at a very small premium on face value. By purchasing these sets under such conditions a collector will not only obtain an excellent foundation for his collection, but will have the satisfaction of knowing that his money is invested and not spent. In addition, every purchase, however small, means a contribution to the wealth and welfare of our Colonies.

CONDITIONS.—As we supply these Colonial stamps at a smaller rate of profit than has ever before been attempted in the history of stamp collecting, we find it necessary to impose certain conditions. We supply the stamps solely against cash in advance (even though the purchaser be a regular customer), the object being, of course, to avoid extra book-keeping and to enable us to remit without delay for further supplies. We guarantee every specimen sent out to be in mint condition (any specimen objected to will be exchanged if returned to us at once). Cheques and postal orders should be made payable to the Secretary, H. L. Ewen, postage being added, as we do not under any circumstances pay postage, nor do we hold ourselves responsible for stamps lost in the post.

EVERY ORDER IS EXECUTED BY RETURN OF POST.

ENTIRE SHEETS.

There is nothing like an occasional block or entire sheet to brighten up a collection, and as sheets of many stamps are an excellent investment in addition, we have decided to supplement our offers of sets and single high value stamps and give readers occasional opportunities of acquiring entire sheets at reasonable prices. Besides which, a few entire sheets give a collector so much better an idea as to how our British Colonial stamps are printed. All sheets sold by us are in perfect condition, just as originally sold at the Colonial Post Offices, with full margin, showing where they exist, all varieties of marginal plate-numbers, control-numbers, inscriptions and watermarks.

Dealers in unused Colonial Stamps in singles, sets and sheets. New Issues of all countries.
Largest stock in the world of current Colonial Stamps (outside Government stores).

All Correspondence for the British & Colonial Stamp Market should be addressed to the Secretary, 32, Palace Square, Norwood, S.E.

PRICE LIST No. 5.

NOVEMBER 17th, 1900.

[GRATIS.]

Notice.

OWING to the great increase of interest taken of late in the efforts of the Colonial Stamp Market to supply all current Colonial Stamps at a reasonable premium over face value, the Secretary has decided to issue a price list giving fuller particulars than can be published each week in *Ewen's Weekly Stamp News*.

During the Season, this LIST WILL BE PUBLISHED WEEKLY.

South Africans.

WE devote our front page to the SOUTH AFRICAN WAR PROVISIONALS, believing that our readers will be more interested in them at present. They are, too, probably, one of the best investments that could be made, as prices have not by any means reached their highest level. We are able to announce the arrival of very fine parcels of V.R.I. stamps by the last S. African mail.

Orders booked in advance.

THE Secretary of the British Colonial Market has made arrangements by which collectors can ensure obtaining sets of new issues by booking in advance. Immediately on arrival of a parcel from any colony, all want-lists on the file will be examined, and the necessary number of sets or stamps set aside. If clients have current accounts with us, the sets will be posted on at once, otherwise they will be retained till sent for (but not longer than 14 days).

Collectors can bespeak any sets, whether advertised at present or not, and such will be sent on when we secure a supply. If price should exceed our usual charge of 1/2 per 1/-, the option of keeping or returning the stamps will be given.

Unless clients have deposit accounts, the sets cannot be sent immediately on arrival. We never send sets for cash on delivery, as delay may occur by clients being temporarily from home, which causes us needless trouble in writing enquiries.

New Issues.

REGULAR WEEKLY OR FORTNIGHTLY SERVICE.

ANY COLLECTOR wishing to keep his collection up to date should apply to have his name entered on our *New Issues Approval List*. If a weekly service of new issues be desired it is only necessary to send name and address and we will forward once a week an approval sheet, from which a selection can be made as desired. It should be stated whether only Colonial stamps are desired, or also those of foreign countries. Selections can also be sent once a fortnight or once a month.

Terms : FOR CURRENT ACCOUNTS.

WHERE clients wish to bespeak stamps of face-value not exceeding 1/-, a deposit balance of not less than 10/- should be left with the Secretary (returnable on demand). All new issues will then be posted immediately on arrival. If stamps up to 5/- face value are desired, balance should be maintained at not less than 20/-, and if all new issues, regardless of face value, are required, deposit should not be lower than 40/-.

Collectors opening current accounts with us practically ensure receiving a regular weekly supply of new issues.

Index Numbers.

ALL orders should give the *index-number of the set, the name of the Colony, and the price*, and be written on a separate piece of paper, with name and address. Printed order forms will be supplied on demand. Our *invariable terms* are cash in advance, postage extra.

Unused British Colonial Stamps.

Every patriotic British Collector takes an interest in the stamps of Great Britain and her Colonies, and desires to have them well represented in his album. The best specimens are those in perfect unused condition, and it is our endeavour to enable collectors to obtain in England what they require at very nearly the same price they would have to pay in the Colonies, in other words, at a very small premium on face value. By purchasing these sets under such conditions a collector will not only obtain an excellent foundation for his collection, but will have the satisfaction of knowing that his money is invested and not spent. In addition, every purchase, however small, means a contribution to the wealth and welfare of our Colonies.

CONDITIONS.—As we supply these Colonial stamps at a smaller rate of profit than has ever before been attempted in the history of stamp collecting, we find it necessary to impose certain conditions. We supply the stamps solely against cash in advance (even though the purchaser be a regular customer), the object being, of course, to avoid extra book-keeping and to enable us to remit without delay for further supplies. We guarantee every specimen sent out to be in mint condition (any specimen objected to will be exchanged if returned to us at once). Cheques and postal orders should be made payable to the Secretary, H. L. Ewen, postage being added, as we do not under any circumstances pay postage, nor do we hold ourselves responsible for stamps lost in the post.

EVERY ORDER IS EXECUTED BY RETURN OF POST.

ENTIRE SHEETS.

There is nothing like an occasional block or entire sheet to brighten up a collection, and as sheets of many stamps are an excellent investment in addition, we have decided to supplement our offers of sets and single high value stamps and give readers occasional opportunities of acquiring entire sheets at reasonable prices. Besides which, a few entire sheets give a collector so much better an idea as to how our British Colonial stamps are printed. All sheets sold by us are in perfect condition, just as originally sold at the Colonial Post Offices, with full margin, showing where they exist, all varieties of marginal plate-numbers, control-numbers, inscriptions and watermarks.

PRICE LIST NO. 6.

NOVEMBER 24th, 1900.

[GRATIS.]

Notice.

OWING to the great increase of interest taken of late in the efforts of the Colonial Stamp Market to supply all current Colonial Stamps at a reasonable premium over face value, the Secretary has decided to issue a price list giving fuller particulars than can be published each week in *Ewen's Weekly Stamp News*.
During the Season, this LIST WILL BE PUBLISHED WEEKLY.

South Africans.

WE devote our front page to the SOUTH AFRICAN WAR PROVISIONALS, believing that our readers will be more interested in them at present. They are, too, probably, one of the best investments that could be made, as prices have not by any means reached their highest level. We are able to announce the arrival of very fine parcels of V.R.I. stamps by the last S. African mail.

Orders booked in advance.

THE Secretary of the British Colonial Market has made arrangements by which collectors can ensure obtaining sets of new issues by booking in advance. Immediately on arrival of a parcel from any colony, all want-lists on the file will be examined, and the necessary number of sets or stamps set aside. If clients have current accounts with us, the sets will be posted on at once, otherwise they will be retained till sent for (but not longer than 14 days).

Collectors can bespeak any sets, whether advertised at present or not, and such will be sent on when we secure a supply. If price should exceed our usual charge of 1/2 per 1/., the option of keeping or returning the stamps will be given.

Unless clients have deposit accounts, the sets cannot be sent immediately on arrival. We never send sets for cash on delivery, as delay may occur by clients being temporarily from home, which causes us needless trouble in writing enquiries.

New Issues.

REGULAR WEEKLY OR FORTNIGHTLY SERVICE.

ANY COLLECTOR wishing to keep his collection up to date should apply to have his name entered on our *New Issues Approval List*. If a weekly service of new issues be desired it is only necessary to send name and address and we will forward once a week an approval sheet, from which a selection can be made as desired. It should be stated whether only Colonial stamps are desired, or also those of foreign countries. Selections can also be sent once a fortnight or once a month.

Terms : FOR CURRENT ACCOUNTS.

WHERE clients wish to bespeak stamps of face-value not exceeding 1/., a deposit balance of not less than 10/- should be left with the Secretary (returnable on demand). All new issues will then be posted immediately on arrival. If stamps up to 5/- face value are desired, balance should be maintained at not less than 20/-, and if all new issues, regardless of face value, are required, deposit should not be lower than 40/-.

Collectors opening current accounts with us practically ensure receiving a regular weekly supply of new issues.

Index Numbers.

ALL orders should give the index-number of the set, the name of the Colony, and the price, and be written on a separate piece of paper, with name and address. Printed order forms will be supplied on demand. Our invariable terms are cash in advance, postage extra.

Unused British Colonial Stamps.

Every patriotic British Collector takes an interest in the stamps of Great Britain and her Colonies, and desires to have them well represented in his album. The best specimens are those in perfect unused condition, and it is our endeavour to enable collectors to obtain in England what they require at very nearly the same price they would have to pay in the Colonies, in other words, at a very small premium on face value. By purchasing these sets under such conditions a collector will not only obtain an excellent foundation for his collection, but will have the satisfaction of knowing that his money is invested and not spent. In addition, every purchase, however small, means a contribution to the wealth and welfare of our Colonies.

CONDITIONS.—As we supply these Colonial stamps at a smaller rate of profit than has ever before been attempted in the history of stamp collecting, we find it necessary to impose certain conditions. We supply the stamps solely against cash in advance (even though the purchaser be a regular customer), the object being, of course, to avoid extra book-keeping and to enable us to remit without delay for further supplies. We guarantee every specimen sent out to be in mint condition (any specimen objected to will be exchanged if returned to us at once). Cheques and postal orders should be made payable to the Secretary, H. L. Ewen, postage being added, as we do not under any circumstances pay postage, nor do we hold ourselves responsible for stamps lost in the post.

EVERY ORDER IS EXECUTED BY RETURN OF POST.

All sheets sold by us are in perfect condition, just as originally sold at the Colonial Post Offices, with full margin, showing where they exist, all varieties of marginal plate-numbers, control-numbers, inscriptions and watermarks.

PRICE LIST No. 7.

DECEMBER 1st, 1900.

[GRATIS.]

Notice.

OWING to the great increase of interest taken of late in the efforts of the Colonial Stamp Market to supply all current Colonial Stamps at a reasonable premium over face value, the Secretary has decided to issue a price list giving fuller particulars than can be published each week in *Ewen's Weekly Stamp News*.

During the Season, this LIST WILL BE PUBLISHED WEEKLY.

South Africans.

WE devote our front page to the SOUTH AFRICAN WAR PROVISIONALS, believing that our readers will be more interested in them at present. They are, too, probably, one of the best investments that could be made, as prices have not by any means reached their highest level. We are able to announce the arrival of very fine parcels of V.R.I. stamps by the last S. African mail.

Orders booked in advance.

THE Secretary of the British Colonial Market has made arrangements by which collectors can ensure obtaining sets of new issues by booking in advance. Immediately on arrival of a parcel from any colony, all want-lists on the file will be examined, and the necessary number of sets or stamps set aside. If clients have current accounts with us, the sets will be posted on at once, otherwise they will be retained till sent for (but not longer than 14 days).

Collectors can bespeak any sets, whether advertised at present or not, and such will be sent on when we secure a supply. If price should exceed our usual charge of 1/2 per 1/-, the option of keeping or returning the stamps will be given.

Unless clients have deposit accounts, the sets cannot be sent immediately on arrival. We never send sets for cash on delivery, as delay may occur by clients being temporarily from home, which causes us needless trouble in writing enquiries.

New Issues.

REGULAR WEEKLY OR FORTNIGHTLY SERVICE.

ANY COLLECTOR wishing to keep his collection up to date should apply to have his name entered on our *New Issues Approval List*. If a weekly service of new issues be desired it is only necessary to send name and address and we will forward once a week an approval sheet, from which a selection can be made as desired. It should be stated whether only Colonial stamps are desired, or also those of foreign countries. Selections can also be sent once a fortnight or once a month.

Terms : FOR CURRENT ACCOUNTS.

WHERE clients wish to bespeak stamps of face-value not exceeding 1/-, a deposit balance of not less than 10/- should be left with the Secretary (returnable on demand). All new issues will then be posted immediately on arrival. If stamps up to 5/- face value are desired, balance should be maintained at not less than 20/-, and if all new issues, regardless of face value, are required, deposit should not be lower than 40/-.

Collectors opening current accounts with us practically ensure receiving a regular weekly supply of new issues.

Index Numbers.

ALL orders should give the index-number of the set, the name of the Colony, and the price, and be written on a separate piece of paper, with name and address. Printed order forms will be supplied on demand. Our invariable terms are cash in advance, postage extra.

Unused British Colonial Stamps.

Every patriotic British Collector takes an interest in the stamps of Great Britain and her Colonies, and desires to have them well represented in his album. The best specimens are those in perfect unused condition, and it is our endeavour to enable collectors to obtain in England what they require at very nearly the same price they would have to pay in the Colonies, in other words, at a very small premium on face value. By purchasing these sets under such conditions a collector will not only obtain an excellent foundation for his collection, but will have the satisfaction of knowing that his money is invested and not spent. In addition, every purchase, however small, means a contribution to the wealth and welfare of our Colonies.

CONDITIONS.—As we supply these Colonial stamps at a smaller rate of profit than has ever before been attempted in the history of stamp collecting, we find it necessary to impose certain conditions. We supply the stamps solely against cash in advance (even though the purchaser be a regular customer), the object being, of course, to avoid extra book-keeping and to enable us to remit without delay for further supplies. We guarantee every specimen sent out to be in mint condition (any specimen objected to will be exchanged if returned to us at once). Cheques and postal orders should be made payable to the Secretary, H. L. Ewen, postage being added, as we do not under any circumstances pay postage, nor do we hold ourselves responsible for stamps lost in the post.

EVERY ORDER IS EXECUTED BY RETURN OF POST.

ENTIRE SHEETS.

There is nothing like an occasional block or entire sheet to brighten up a collection, and as sheets of many stamps are an excellent investment in addition, we have decided to supplement our offers of sets and single high value stamps and give readers occasional opportunities of acquiring entire sheets at reasonable prices. Besides which, a few entire sheets give a collector so much better an idea as to how our British Colonial stamps are printed. All sheets sold by us are in perfect condition, just as originally sold at the Colonial Post Offices, with full margin, showing where they exist, all varieties of marginal plate-numbers, control-numbers, inscriptions and watermarks.

PRICE LIST NO. 8.

DECEMBER 8th, 1900.

[GRATIS.]

Notice.

OWING to the great increase of interest taken of late in the efforts of the Colonial Stamp Market to supply all current Colonial Stamps at a reasonable premium over face value, the Secretary has decided to issue a price list giving fuller particulars than can be published each week in *Ewen's Weekly Stamp News*. During the Season, this LIST WILL BE PUBLISHED WEEKLY.

South Africans.

WE devote our front page to the SOUTH AFRICAN WAR PROVISIONALS, believing that our readers will be more interested in them at present. They are, too, probably, one of the best investments that could be made, as prices have not by any means reached their highest level. We are able to announce the arrival of very fine parcels of V.R.I. stamps by the last S. African mail.

Orders booked in advance.

THE Secretary of the British Colonial Market has made arrangements by which collectors can ensure obtaining sets of new issues by booking in advance. Immediately on arrival of a parcel from any colony, all want-lists on the file will be examined, and the necessary number of sets or stamps set aside. If clients have current accounts with us, the sets will be posted on at once, otherwise they will be retained till sent for (but not longer than 14 days).

Collectors can bespeak any sets, whether advertised at present or not, and such will be sent on when we secure a supply. If price should exceed our usual charge of 1/2 per 1/-, the option of keeping or returning the stamps will be given.

Unless clients have deposit accounts, the sets cannot be sent immediately on arrival. We never send sets for cash on delivery, as delay may occur by clients being temporarily from home, which causes us needless trouble in writing enquiries.

New Issues.

REGULAR WEEKLY OR FORTNIGHTLY SERVICE.

ANY COLLECTOR wishing to keep his collection up to date should apply to have his name entered on our *New Issues Approval List*. If a weekly service of new issues be desired it is only necessary to send name and address and we will forward once a week an approval sheet, from which a selection can be made as desired. It should be stated whether only Colonial stamps are desired, or also those of foreign countries. Selections can also be sent once a fortnight or once a month.

Terms : FOR CURRENT ACCOUNTS.

WHERE clients wish to bespeak stamps of face-value not exceeding 1/-, a deposit balance of not less than 10/- should be left with the Secretary (returnable on demand). All new issues will then be posted immediately on arrival. If stamps up to 5/- face value are desired, balance should be maintained at not less than 20/-, and if all new issues, regardless of face value, are required, deposit should not be lower than 40/-.

Collectors opening current accounts with us practically ensure receiving a regular weekly supply of new issues.

Index Numbers.

ALL orders should give the *index-number of the set, the name of the Colony, and the price*, and be written on a separate piece of paper, with name and address. Printed order forms will be supplied on demand. Our *invariable terms* are cash in advance, postage extra.

Unused British Colonial Stamps.

Every patriotic British Collector takes an interest in the stamps of Great Britain and her Colonies, and desires to have them well represented in his album. The best specimens are those in perfect unused condition, and it is our endeavour to enable collectors to obtain in England what they require at very nearly the same price they would have to pay in the Colonies, in other words, at a very small premium on face value. By purchasing these sets under such conditions a collector will not only obtain an excellent foundation for his collection, but will have the satisfaction of knowing that his money is invested and not spent. In addition, every purchase, however small, means a contribution to the wealth and welfare of our Colonies.

CONDITIONS.—As we supply these Colonial stamps at a smaller rate of profit than has ever before been attempted in the history of stamp collecting, we find it necessary to impose certain conditions. We supply the stamps solely against cash in advance (even though the purchaser be a regular customer), the object being, of course, to avoid extra book-keeping and to enable us to remit without delay for further supplies. We guarantee every specimen sent out to be in mint condition (any specimen objected to will be exchanged if returned to us at once). Cheques and postal orders should be made payable to the Secretary, H. L. Ewen, postage being added, as we do not under any circumstances pay postage, nor do we hold ourselves responsible for stamps lost in the post.

EVERY ORDER IS EXECUTED BY RETURN OF POST.

Besides which, a few entire sheets give a collector so much better an idea as to how our British Colonial stamps are printed. All sheets sold by us are in perfect condition, just as originally sold at the Colonial Post Offices, with full margin, showing where they exist, all varieties of marginal plate-numbers, control-numbers, inscriptions and watermarks.

PRICE LIST NO. 9.

DECEMBER 15th, 1900.

[GRATIS.]

Notice.

OWING to the great increase of interest taken of late in the efforts of the Colonial Stamp Market to supply all current Colonial Stamps at a reasonable premium over face value, the Secretary has decided to issue a price list giving fuller particulars than can be published each week in *Ewen's Weekly Stamp News*.

During the Season, this LIST WILL BE PUBLISHED WEEKLY.

South Africans.

WE devote our front page to the SOUTH AFRICAN WAR PROVISIONALS, believing that our readers will be more interested in them at present. They are, too, probably, one of the best investments that could be made, as prices have not by any means reached their highest level. We are able to announce the arrival of very fine parcels of V.R.I. stamps by the last S. African mail.

Orders booked in advance.

THE Secretary of the British Colonial Market has made arrangements by which collectors can ensure obtaining sets of new issues by booking in advance. Immediately on arrival of a parcel from any colony, all want-lists on the file will be examined, and the necessary number of sets or stamps set aside. If clients have current accounts with us, the sets will be posted on at once, otherwise they will be retained till sent for (but not longer than 14 days).

Collectors can bespeak any sets, whether advertised at present or not, and such will be sent on when we secure a supply. If price should exceed our usual charge of 1/2 per 1/-, the option of keeping or returning the stamps will be given.

Unless clients have deposit accounts, the sets cannot be sent immediately on arrival. We never send sets for cash on delivery, as delay may occur by clients being temporarily from home, which causes us needless trouble in writing enquiries.

New Issues.

REGULAR WEEKLY OR FORTNIGHTLY SERVICE.

ANY COLLECTOR wishing to keep his collection up to date should apply to have his name entered on our *New Issues Approval List*. If a weekly service of new issues be desired it is only necessary to send name and address and we will forward once a week an approval sheet, from which a selection can be made as desired. It should be stated whether only Colonial stamps are desired, or also those of foreign countries. Selections can also be sent once a fortnight or once a month.

Terms: FOR CURRENT ACCOUNTS.

WHERE clients wish to bespeak stamps of face-value not exceeding 1/-, a deposit balance of not less than 10/- should be left with the Secretary (returnable on demand). All new issues will then be posted immediately on arrival. If stamps up to 5/- face value are desired, balance should be maintained at not less than 20/-, and if all new issues, regardless of face value, are required, deposit should not be lower than 40/-.

Collectors opening current accounts with us practically ensure receiving a regular weekly supply of new issues.

Index Numbers.

ALL orders should give the *index-number of the set, the name of the Colony, and the price*, and be written on a separate piece of paper, with name and address. Printed order forms will be supplied on demand. Our *invariable terms* are cash in advance, postage extra.

Unused British Colonial Stamps.

Every patriotic British Collector takes an interest in the stamps of Great Britain and her Colonies, and desires to have them well represented in his album. The best specimens are those in perfect unused condition, and it is our endeavour to enable collectors to obtain in England what they require at very nearly the same price they would have to pay in the Colonies, in other words, at a very small premium on face value. By purchasing these sets under such conditions a collector will not only obtain an excellent foundation for his collection, but will have the satisfaction of knowing that his money is invested and not spent. In addition, every purchase, however small, means a contribution to the wealth and welfare of our Colonies.

CONDITIONS.—As we supply these Colonial stamps at a smaller rate of profit than has ever before been attempted in the history of stamp collecting, we find it necessary to impose certain conditions. We supply the stamps solely against cash in advance (even though the purchaser be a regular customer), the object being, of course, to avoid extra book-keeping and to enable us to remit without delay for further supplies. We guarantee every specimen sent out to be in mint condition (any specimen objected to will be exchanged if returned to us at once). Cheques and postal orders should be made payable to the Secretary, H. L. Ewen, postage being added, as we do not under any circumstances pay postage, nor do we hold ourselves responsible for stamps lost in the post.

EVERY ORDER IS EXECUTED BY RETURN OF POST.

Besides which, a few entire sheets give a collector so much better an idea as to how our British Colonial stamps are printed. All sheets sold by us are in perfect condition, just as originally sold at the Colonial Post Offices, with full margin, showing where they exist, all varieties of marginal plate-numbers, control-numbers, inscriptions and watermarks.

Unused British Colonial Stamps.

Every patriotic British Collector takes an interest in the stamps of Great Britain and her Colonies, and desires to have them well represented in his album. The best specimens are those in perfect unused condition, and it is our endeavour to enable collectors to obtain in England what they require at very nearly the same price they would have to pay in the Colonies, in other words, at a very small premium on face value. By purchasing these sets under such conditions a collector will not only obtain an excellent foundation for his collection, but will have the satisfaction of knowing that his money is invested and not spent. In addition, every purchase, however small, means a contribution to the wealth and welfare of our Colonies.

CONDITIONS.—As we supply these Colonial stamps at a smaller rate of profit than has ever before been attempted in the history of stamp collecting, we find it necessary to impose certain conditions. We supply the stamps solely against cash in advance (even though the purchaser be a regular customer), the object being, of course, to avoid extra book-keeping and to enable us to remit without delay for further supplies. We guarantee every specimen sent out to be in mint condition (any specimen objected to will be exchanged if returned to us at once). Cheques and postal orders should be made payable to the Secretary, H. L. Ewen, postage being added, as we do not under any circumstances pay postage, nor do we hold ourselves responsible for stamps lost in the post.

EVERY ORDER IS EXECUTED BY RETURN OF POST.
