COOK ISLANDS.

Surcharged a Crown in black (1901).

We are now able to make quotations for this stamp as follows:—

1d. brown, surcharged a Crown in black, mint with full gum, 15/-; block of 4, 60/-.

1d. brown, very fine but no gum, 8/6; block, 34/-; (the majority were issued without gum, owing to the stock having stuck together).

1d. brown, fine, postmarked Rarotonga, 8/6; block of four, 34/-.

1d. brown, errors, with surcharge inverted or sideways can be sent on approval to probable purchasers.

NOTE.—Only 2400 of the above were ever made, and the Crown overprint was chiefly applied to stock on hand at the smaller post offices which was in many cases in somewhat bad condition and generally without gum. The issue was made late in 1901 and was followed almost at once by the issue of the 1d. rose unsurcharged.

MADAGASCAR.

Of the tête-bêche pairs, two sets alone are left in stock.

WANTED.

RAILWAY LETTER STAMPS.

The Editor is desirous of adding to his collection and is willing to invest £200 immediately, out of his profits from putting by "Current Unused Colonials." The following are a few prices he is paying.

Any Issues of 1891 to 1897.

Ballycastle, Belfast and County Down, Belfast and Northern Counties, Sligo, Leitrim and Northern Counties, 2/6 to £1 each. Used and unused, singles or blocks.

London, Chatham and Dover, 2/6 each or more offered.

London and South Western, 1/- to 10/- each offered.

Metropolitan, 4/- each offered for unused of any issues down to 1902.

UNUSED BRITISH COLONIAL STAMPS.

A GOLDEN RULE FOR STAMP INVESTORS, BUY IN COMPLETE SETS RATHER THAN ODDMENTS.

IN making an investment of Stamps, it is necessary above all not to buy too many of any one Stamp. If a large quantity of one kind are acquired, they will be difficult to realise, owing to the necessity of finding a large number of buyers. If on the other hand, a small quantity of a number of different stamps are put by, they can be realized without difficulty on even a small market. The best way to make money out of Colonial stamps at present is to consider oneself the advance agent of a future generation of Collectors, and to put by as many collections of current issues as can be obtained nearly complete. They must be complete, or nearly so, or you will perhaps miss just the stamps which have gone up in price most. It is safe to say that a collector five years hence would cheerfully pay £100 to have the opportunities that are free to everyone to-day.

Ewen's Colonial Stamp Market, Ltd., NORWOOD, LONDON, S.E.

Unused Foreign Stamps in Sets.

So many applications have been made to the Colonial Stamp Market, asking that the various continental and foreign sets of stamps might be quoted, that we have decided in future to establish a Foreign Department. Despite the extra risk and cost of importing (postage being 2½ times as much), we are offering the majority at the same cheap rate as those of the Colonial series.

PRICE LIST, No. 132 JUNE 20, 1903. [SUPPLEMENT TO "E.W.S.N." No. 195.

OUR 1903 QUOTATIONS.

ON and after January 1st, 1903, our General Rate for Unused Current Colonial Stamps and New Issues will be 1/1 per 1/- face value (only 8⅓% commission). Special contracts with wholesale buyers can be entered into at from 5% to 7½%; particulars on application, and from time to time we shall make special offers of stamps at face value only. At these remarkably low rates there cannot be the slightest doubt that current unused Colonials are by far the safest and most remunerative investment a Stamp Collector can make. Please note that

WE GUARANTEE OUR RATES LOWER THAN THOSE OF ANY OTHER FIRM.

NOTE.—To obviate the necessity of frequent small remittances clients are recommended to open a current account with us, paying in periodically even sums of £1, £2, or so, as required. Balance will be returned at any time, on demand. Callers at 32 Palace Square can only be seen by appointment; we have no shop and cannot show stamps under any circumstances, as we do not allow our stock to be handled till sold. All stamps are *guaranteed* mint, well centred and unmounted.

Debenture Holders in Ewen's Colonial Stamp Market, Ltd. have special privileges; particulars on application.

Colonial Clients are requested to remit by means of unused sets and high values, and especially provisionals or quite new issues. Rupee = 1/4; American dollar = 4/-. Foreign bank notes accepted as follows:—French, 50fr. = 39/6; German, 20mk. = 19/6; U.S.A., $1 = 4/-.

Terms of Business.

CASH WITH ORDER; POSTAGE EXTRA.

All letters requiring an answer should be accompanied by a stamp for reply, and should be addressed to Ewen's Colonial Stamp Market Ltd., Norwood, London, S.E. Correspondence in English, French, German, Spanish, etc. If stamps are desired for payment on delivery permission should be obtained from the Managing Director.

DEPARTMENTS OF OUR BUSINESS.

All business is conducted by post. We have no shop. Separate staff in each Department.

I. Managing Director's Office, where correspondence is received and sorted. Importation Department; Stores Department.

II. Cashier's Office. Foreign bank-notes accepted as follows:—French, 50fr. = 39/6; German, 20 mk. = 19/6; U.S.A., $1 = 4/-. Colonial clients are requested to remit by means of complete unused sets and high values and especially provisionals or quite new issues. Rupee = 1/4; silver dollar, at rate of exchange.

III. Editorial Department. The Editor welcomes correspondence from readers, especially early information of new issues.

IV. Publishing Department. Publication of *E.W.S.N.*, Albums, Catalogues, etc. See back page of *E.W.S.N.*

V. Approval Department. Books of stamps sent on approval to select from. This stock does not include the stamps advertised in *E.W.S.N.* which cannot be sent on approval. See back page of *E.W.S.N.*

VI. Order Department. All orders for stamps advertised in *E.W.S.N.* executed promptly, if accompanied by cash or prepaid. Stamps not advertised are rarely in stock, as they are then handed to the Approval Department.

VII. New Issue Department. This Department obtains new stamps immediately they appear (including new shades, varieties, provisionals, etc.) and supplies them at once to clients who have given a general order for everything new. See full instructions below.

VIII. Booked Order Department. Clients who wish to ensure receiving anything directly we get it, can book the order. No money need be deposited as a notice of arrival will be sent. If however payment is not made within seven days the stamps will not be reserved any longer but will be returned to stock.

IX. Returns Department. Stamps sent out by our Order Department are not returnable, but will be exchanged if defective. Stamps sent out by our New Issue Department are also not returnable, unless specially marked "on approval," or charged above our usual rate of 1/1 per 1/-, or sent in error. Booked orders are not returnable unless charged at a higher rate than that at which they were booked.

X. Accounts Department. A small account is sent out with every invoice when clients have deposit accounts, thus enabling them to see how their balance stands after each transaction.

XI. Post Office Department. Correspondence is sealed and despatched by this Department and all changes of address should be at once notified to it.

N.B.—As far as possible communications for these departments should be kept distinct, and if possible written on separate sheets of paper, although enclosed in the same envelope. They can then be dealt with simultaneously instead of seriatim, thus avoiding delay.

Regular Weekly Service of New Issues

OUR New Issue Department receives a prompt supply of practically every new Colonial Stamp that is issued, including varieties of shade, perforation, paper, watermark, etc. (also many foreign new issues). About once a week (the day depends on the arrival of the mails) these are distributed amongst clients according to the requirements they have filed. Collectors wishing to take part in our weekly distribution (the promptest, cheapest and *most reliable* in the world) should open a deposit account. Send particulars as to what is required.

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

Varieties.—It is somewhat curious that at each corner of the sheet the stamps show peculiarities:—N.W., the "W" of "Gwalior" has no serifs and the "O" is thick; N.E., the word "Gwalior" is misplaced to the right; S.W., variety with long R in "Gwalior"; S.E. (except on the ¼a.), Hindi "R" misplaced. We have torn from each corner of several sheets corner strips of three showing these peculiarities, and when placed together they form an interesting miniature sheet.

¼ anna, set of 4 strips, 2/-.

½ " " " 3/-. (Few left).

NOTE.—These stamps are amongst the handsomest ever produced by Messrs. Waterlow & Sons, the colouring of the higher values being especially fine. We strongly recommend them to every collector who shows his albums to non-philatelic friends, as they are far more likely to be admired than the dingy issues of olden days and may bring recruits into the ranks of philately.

£1,000,000.

How to become a millionaire by investing in Current Colonial Stamps!

A close examination of our Purchasing Department's list show that it is most profitable to purchase Unused Colonial Stamps when they are current and to sell them when they have been obsolete for four years. We have averaged out the table and find that the complete set of stamps quoted therein (the abnormal varieties yielding 1000% and over being omitted), if bought at face value when first issued, would have yielded an average 35% per annum (not compound). That is to say, a collector buying a complete series of current Colonial sets in 1901 may reasonably expect to sell them in 1905 for two and a half times what he paid. But supposing that he only gets just double and that he continues every fourth year to sell his collection at double what he paid and to buy another at or about face value, what result will he get?

It is a simple matter of arithmetic for us to ascertain that, if he started in 1901 with £100, he will sell his first collection for £200 in 1905, his second in 1909 for £400, third in 1913 for £800, fourth in 1917 for £1600, fifth in 1921 for £3200, sixth in 1925 for £6400, seventh in 1929 for £12,800, eighth in 1933 for £25,600, ninth in 1937 for £51,200, tenth in 1941 for £102,400, eleventh in 1945 for £204,800, twelfth in 1949 for £409,600, thirteenth in 1953 for £819,200 and somewhere about 1955 his fourteenth for £1,000,000.

Of course he will have to be a young man, if he starts with only £100, but he can save a good many years by making his initial outlay £1000 or £2000. Investors are however requested to note that we do *not* throw out applications under £2000.

It is of the utmost importance to buy only what will be readily saleable and consequently a necessity to buy in large variety. The collector who invests solely in a single issue or attempts a 'corner' almost invariably comes to grief.

NATAL (Queen).

2½d. blue, 3d.; block, 1/-; dozen, 2/11.

4d. brown, 5d.; block, 1/6; dozen, 4/8.

COOK ISLANDS (Used).

Complete set with the new watermark, genuinely used, 3/11. (½d., 1d., 1½d., 2d., 2½d., 5d., 6d., 10d., 1/-).

Various watermarks and shades of the ½d., 1d. and 2½d. used are also in stock; application should be made to our Approval Department.

NEW SOUTH WALES.

3d., old type, with brown instead of white gum. We have found a block of 60 amongst our stock and offer at 4d. per stamp; block, 1/4; dozen, 4/-.

COOK ISLANDS.

Surcharged a Crown in black (1901).

We are now able to make quotations for this stamp as follows:—

1d. brown, surcharged a Crown in black, mint with full gum, 15/-; block of 4, 60/-.

1d. brown, very fine but no gum, 8/6; block, 34/-; (the majority were issued without gum, owing to the stock having stuck together).

1d. brown, fine, postmarked Rarotonga, 8/6; block of four, 34/-.

1d. brown, errors, with surcharge inverted or sideways can be sent on approval to probable purchasers.

NOTE.—Only 2400 of the above were ever made, and the Crown overprint was chiefly applied to stock on hand at the smaller post offices which was in many cases in somewhat bad condition and generally without gum. The issue was made late in 1901 and was followed almost at once by the issue of the 1d. rose unsurcharged.

UNUSED BRITISH COLONIAL STAMPS.

A GOLDEN RULE FOR STAMP INVESTORS, BUY IN COMPLETE SETS RATHER THAN ODDMENTS.

IN making an investment of Stamps, it is necessary above all not to buy too many of any one Stamp. If a large quantity of one kind are acquired, they will be difficult to realise, owing to the necessity of finding a large number of buyers. If on the other hand, a small quantity of a number of different stamps are put by, they can be realized without difficulty on even a small market. The best way to make money out of Colonial stamps at present is to consider oneself the advance agent of a future generation of Collectors, and to put by as many collections of current issues as can be obtained nearly complete. They must be complete, or nearly so, or you will perhaps miss just the stamps which have gone up in price most. It is safe to say that a collector five years hence would cheerfully pay £100 to have the opportunities that are free to everyone to-day.

Ewen's Colonial Stamp Market, Ltd., NORWOOD, LONDON, S.E.

Unused Foreign Stamps in Sets.

So many applications have been made to the Colonial Stamp Market, asking that the various continental and foreign sets of stamps might be quoted, that we have decided in future to establish a Foreign Department. Despite the extra risk and cost of importing (postage being 2½ times as much), we are offering the majority at the same cheap rate as those of the Colonial series.

PRICE LIST, NO. 133 JUNE 27, 1903. [SUPPLEMENT TO "E.W.S.N." No. 196.

OUR 1903 QUOTATIONS.

ON and after January 1st, 1903, our General Rate for Unused Current Colonial Stamps and New Issues will be 1/1 per 1/- face value (only 8½% commission). Special contracts with wholesale buyers can be entered into at from 5% to 7½%; particulars on application, and from time to time we shall make special offers of stamps at face value only. At these remarkably low rates there cannot be the slightest doubt that current unused Colonials are by far the safest and most remunerative investment a Stamp Collector can make. Please note that

WE GUARANTEE OUR RATES LOWER THAN THOSE OF ANY OTHER FIRM.

NOTE.—To obviate the necessity of frequent small remittances clients are recommended to open a current account with us, paying in periodically even sums of £1, £2, or so, as required. Balance will be returned at any time, on demand. Callers at 32 Palace Square can only be seen by appointment; we have no shop and cannot show stamps under any circumstances, as we do not allow our stock to be handled till sold. All stamps are *guaranteed* mint, well centred and unmounted.

Debenture Holders in Ewen's Colonial Stamp Market, Ltd. have special privileges; particulars on application.

Colonial Clients are requested to remit by means of unused sets and high values, and especially provisionals or quite new issues. Rupee = 1/4; American dollar = 4/-. Foreign bank notes accepted as follows:—French, 50fr. = 39/6; German, 20mk. = 19/6; U.S.A., $1 = 4/-.

Terms of Business.

CASH WITH ORDER; POSTAGE EXTRA.

All letters requiring an answer should be accompanied by a stamp for reply, and should be addressed to Ewen's Colonial Stamp Market Ltd., Norwood, London, S.E. Correspondence in English, French, German, Spanish, etc. If stamps are desired for payment on delivery permission should be obtained from the Managing Director.

DEPARTMENTS OF OUR BUSINESS.

All business is conducted by post. We have no shop. Separate staff in each Department.

I. Managing Director's Office, where correspondence is received and sorted. Importation Department; Stores Department.

II. Cashier's Office. Foreign bank-notes accepted as follows:—French, 50fr. = 39/6; German, 20 mk. = 19/6; U.S.A., $1 = 4/-. Colonial clients are requested to remit by means of complete unused sets and high values and especially provisionals or quite new issues. Rupee = 1/4; silver dollar, at rate of exchange.

III. Editorial Department. The Editor welcomes correspondence from readers, especially early information of new issues.

IV. Publishing Department. Publication of *E.W.S.N.*, Albums, Catalogues, etc. See back page of *E.W.S.N.*

V. Approval Department. Books of stamps sent on approval to select from. This stock does not include the stamps advertised in *E.W.S.N.* which cannot be sent on approval. See back page of *E.W.S.N.*

VI. Order Department. All orders for stamps advertised in *E.W.S.N.* executed promptly, if accompanied by cash or prepaid. Stamps not advertised are rarely in stock, as they are then handed to the Approval Department.

VII. New Issue Department. This Department obtains new stamps immediately they appear (including new shades, varieties, provisionals, etc.) and supplies them at once to clients who have given a general order for everything new. See full instructions below.

VIII. Booked Order Department. Clients who wish to ensure receiving anything directly we get it, can book the order. No money need be deposited as a notice of arrival will be sent. If however payment is not made within seven days the stamps will not be reserved any longer but will be returned to stock.

IX. Returns Department. Stamps sent out by our Order Department are not returnable, but will be exchanged if defective. Stamps sent out by our New Issue Department are also not returnable, unless specially marked "on approval," or charged above our usual rate of 1/1 per 1/-, or sent in error. Booked orders are not returnable unless charged at a higher rate than that at which they were booked.

X. Accounts Department. A small account is sent out with every invoice when clients have deposit accounts, thus enabling them to see how their balance stands after each transaction.

XI. Post Office Department. Correspondence is sealed and despatched by this Department and all changes of address should be at once notified to it.

N.B.—As far as possible communications for these departments should be kept distinct, and if possible written on separate sheets of paper, although enclosed in the same envelope. They can then be dealt with simultaneously instead of seriatim, thus avoiding delay.

Regular Weekly Service of New Issues

OUR New Issue Department receives a prompt supply of practically every new Colonial Stamp that is issued, including varieties of shade, perforation, paper, watermark, etc. (also many foreign new issues). About once a week (the day depends on the arrival of the mails) these are distributed amongst clients according to the requirements they have filed. Collectors wishing to take part in our weekly distribution (the promptest, cheapest and *most reliable* in the world) should open a deposit account. Send particulars as to what is required.

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

Philately and Philology.

AN examination of the varying inscriptions found on postage stamps is by no means uninteresting study. Many widely different languages are represented, although perhaps not sufficiently to enable collectors to form a very good idea of their characteristics. The following few questions have however suggested themselves to us, and we offer three prizes for the best series if answers sent us not later than Monday, May 11th.

1st Prize.—Complete mint set of South Australia, ½d. to 1/-.
2nd Prize.—Western Australia, Queen's Head, 2/- and 2/6.
3rd Prize.—Western Australia, 2/-, Queen's Head.

* * *

QUESTIONS.

1.—Which is the oldest language by which an inscription or at least two words or names are found on a postage stamp?

2.—What is the longest word found on a postage stamp?

3.—What is the shortest word found on a postage stamp?

4.—What word on a postage stamp is most in need of phonetic spelling reform?

5.—How many different initial consonantal combinations of two letters occur in words found on adhesive postage stamps? Name them. If for instance words in an English dictionary instead of those on postage stamps were the subject, the answer would commence bl, br, ch, cl, cr, dr, dw, etc. Many languages have unique initial combinations, the Welsh dd (in imitations) and ff for example, but fortunately the latter language is not represented on a postage stamp. The subject is to be treated from the point of view of spelling (Roman letters) and not of sound.

Our Postcard Column.

WILL readers hearing of any interesting item of News, kindly jot it down on a postcard and address to the Editor, "Ewen's Weekly Stamp News," Norwood, London. For every contribution we publish, we will send the author an interesting and newly issued stamp. (N.B.—*Postcards* preferred).

Mr. C. E. Russell Rendle writes:—

"In the ½d. and 1d. Admiralty Official Stamp there is one very clear 'error,' or 'variety,' an initial A at least half a mm shorter than the other letters of the surcharge. I believe it occurs only once on each sheet. I have not yet seen any of the higher values, but suppose it exists all through the series. I have a very clear ½d. and 1d. se-tenant with the normal overprint."

½ anna, block, 2½d.; dozen, 7d.; per 100, 4/7.
¼, ½, 1 anna, per set, 2d.; blocks, 8d.; per 12 sets, 1/11.

Varieties.—It is somewhat curious that at each corner of the sheet the stamps show peculiarities:—N.W., the "W" of "Gwalior" has no serifs and the "O" is thick; N.E., the word "Gwalior" is misplaced to the right; S.W., variety with long R in "Gwalior"; S.E. (except on the ¼a.), Hindi "R" misplaced. We have torn from each corner of several sheets corner strips of three showing these peculiarities, and when placed together they form an interesting miniature sheet.

¼ anna, set of 4 strips, 2/-.
½ " " " 3/-. (Few left).

UNUSED BRITISH COLONIAL STAMPS.

A GOLDEN RULE FOR STAMP INVESTORS, BUY IN COMPLETE SETS RATHER THAN ODDMENTS.

IN making an investment of Stamps, it is necessary above all not to buy too many of any one Stamp. If a large quantity of one kind are acquired, they will be difficult to realise, owing to the necessity of finding a large number of buyers. If on the other hand, a small quantity of a number of different stamps are put by, they can be realized without difficulty on even a small market. The best way to make money out of Colonial stamps at present is to consider oneself the advance agent of a future generation of Collectors, and to put by as many collections of current issues as can be obtained nearly complete. They must be complete, or nearly so, or you will perhaps miss just the stamps which have gone up in price most. It is safe to say that a collector five years hence would cheerfully pay £100 to have the opportunities that are free to everyone to-day.

Ewen's Colonial Stamp Market, Ltd., NORWOOD, LONDON, S.E.

Unused Foreign Stamps in Sets.

So many applications have been made to the Colonial Stamp Market, asking that the various continental and foreign sets of stamps might be quoted, that we have decided in future to establish a Foreign Department. Despite the extra risk and cost of importing (postage being 2½ times as much), we are offering the majority at the same cheap rate as those of the Colonial series.

PRICE LIST, NO. 134 JULY 4, 1903 [SUPPLEMENT TO "E.W.S.N." No. 197

OUR 1903 QUOTATIONS.

ON and after January 1st, 1903, our General Rate for Unused Current Colonial Stamps and New Issues will be 1/1 per 1/- face value (only 8½% commission). Special contracts with wholesale buyers can be entered into at from 5% to 7½%; particulars on application, and from time to time we shall make special offers of stamps at face value only. At these remarkably low rates there cannot be the slightest doubt that current unused Colonials are by far the safest and most remunerative investment a Stamp Collector can make. Please note that

WE GUARANTEE OUR RATES LOWER THAN THOSE OF ANY OTHER FIRM.

NOTE.—To obviate the necessity of frequent small remittances clients are recommended to open a current account with us, paying in periodically even sums of £1, £2, or so, as required. Balance will be returned at any time, on demand. Callers at 32 Palace Square can only be seen by appointment; we have no shop and cannot show stamps under any circumstances, as we do not allow our stock to be handled till sold. All stamps are *guaranteed* mint, well centred and unmounted.

Debenture Holders in Ewen's Colonial Stamp Market, Ltd. have special privileges; particulars on application.

Colonial Clients are requested to remit by means of unused sets and high values, and especially provisionals or quite new issues. Rupee = 1/4; American dollar = 4/-. Foreign bank notes accepted as follows:—French, 50fr. = 39/6; German, 20mk. = 19/6; U.S.A., $1 = 4/-.

Terms of Business.

CASH WITH ORDER; POSTAGE EXTRA.

All letters requiring an answer should be accompanied by a stamp for reply, and should be addressed to Ewen's Colonial Stamp Market Ltd., Norwood, London, S.E. Correspondence in English, French, German, Spanish, etc. If stamps are desired for payment on delivery permission should be obtained from the Managing Director.

DEPARTMENTS OF OUR BUSINESS.

All business is conducted by post. We have no shop. Separate staff in each Department.

I. Managing Director's Office, where correspondence is received and sorted. Importation Department; Stores Department.

II. Cashier's Office. Foreign bank-notes accepted as follows:—French, 50fr. = 39/6; German, 20 mk. = 19/6; U.S.A., $1 = 4/-. Colonial clients are requested to remit by means of complete unused sets and high values and especially provisionals or quite new issues. Rupee = 1/4; silver dollar, at rate of exchange.

III. Editorial Department. The Editor welcomes correspondence from readers, especially early information of new issues.

IV. Publishing Department. Publication of *E.W.S.N.*, Albums, Catalogues, etc. See back page of *E.W.S.N.*

V. Approval Department. Books of stamps sent on approval to select from. This stock does not include the stamps advertised in *E.W.S.N.* which cannot be sent on approval. See back page of *E.W.S.N.*

VI. Order Department. All orders for stamps advertised in *E.W.S.N.* executed promptly, if accompanied by cash or prepaid. Stamps not advertised are rarely in stock, as they are then handed to the Approval Department.

VII. New Issue Department. This Department obtains new stamps immediately they appear (including new shades, varieties, provisionals, etc.) and supplies them at once to clients who have given a general order for everything new. See full instructions below.

VIII. Booked Order Department. Clients who wish to ensure receiving anything directly we get it, can book the order. No money need be deposited as a notice of arrival will be sent. If however payment is not made within seven days the stamps will not be reserved any longer but will be returned to stock.

IX. Returns Department. Stamps sent out by our Order Department are not returnable, but will be exchanged if defective. Stamps sent out by our New Issue Department are also not returnable, unless specially marked "on approval," or charged above our usual rate of 1/1 per 1/-, or sent in error. Booked orders are not returnable unless charged at a higher rate than that at which they were booked.

X. Accounts Department. A small account is sent out with every invoice when clients have deposit accounts, thus enabling them to see how their balance stands after each transaction.

XI. Post Office Department. Correspondence is sealed and despatched by this Department and all changes of address should be at once notified to it.

N.B.—As far as possible communications for these departments should be kept distinct, and if possible written on separate sheets of paper, although enclosed in the same envelope. They can then be dealt with simultaneously instead of seriatim, thus avoiding delay.

Regular Weekly Service of New Issues

OUR New Issue Department receives a prompt supply of practically every new Colonial Stamp that is issued, including varieties of shade, perforation, paper, watermark, etc. (also many foreign new issues). About once a week (the day depends on the arrival of the mails) these are distributed amongst clients according to the requirements they have filed. Collectors wishing to take part in our weekly distribution (the promptest, cheapest and *most reliable* in the world) should open a deposit account. Send particulars as to what is required.

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

Arrivals, June 24th to July 1st.—Seychelles, Orange River Colony, Falkland Islands, Ceylon, Morocco Agencies, Cook Islands, Uganda, Niue, Bhopal, Gold Coast, Transvaal, Cape Colony, Labuan.

Consignments Overdue.—Victoria, Penrhyn, Islands, Cyprus.

JOHORE PROVISIONALS, 1903.

Surcharged partly in manuscript.

Just as we go to press, a consignment of the new provisionals comes to hand, and we can supply same as long as they last, at rates quoted below.

The new values "3 cents" and "10 cents" appear to be surcharged with ordinary printers' type, but the bars through the old value "4" at either side of the stamps are afterwards ruled in by hand with pen and ink, a most laborious proceeding, and one which would lead us to suppose the quantities surcharged are only small.

3 cents. — — { *"3 cents" on 4c. yellow and red.* single, 1d.; block, 4d.; dozen, 1/-; entire sheet of 120 with full margins, 12/6.

10 cents. — — { *"10 cents" on 4c. green & carmine.* single, 3d.; block, 1/-; dozen, 3/-; entire sheet of 120 with variety and full margins, 37/6.

(a) Variety, wrong fount "1" with straight serif at top and 3mm. tall instead of 2½ or 2¾mm., in pair with normal, 7/6. (Only one occurs on each sheet of 120).

Other minor differences besides the above occur, but they are probably due to defective printing. The manuscript bars are exceedingly well done and vary in length less than ½ of an inch.

UNUSED BRITISH COLONIAL STAMPS.

A GOLDEN RULE FOR STAMP INVESTORS, BUY IN COMPLETE SETS RATHER THAN ODDMENTS.

IN making an investment of Stamps, it is necessary above all not to buy too many of any one Stamp. If a large quantity of one kind are acquired, they will be difficult to realise, owing to the necessity of finding a large number of buyers. If on the other hand, a small quantity of a number of different stamps are put by, they can be realized without difficulty on even a small market. The best way to make money out of Colonial stamps at present is to consider oneself the advance agent of a future generation of Collectors, and to put by as many collections of current issues as can be obtained nearly complete. They must be complete, or nearly so, or you will perhaps miss just the stamps which have gone up in price most. It is safe to say that a collector five years hence would cheerfully pay £100 to have the opportunities that are free to everyone to-day.

Ewen's Colonial Stamp Market, Ltd., NORWOOD, LONDON, S.E.

Unused Foreign Stamps in Sets.

So many applications have been made to the Colonial Stamp Market, asking that the various continental and foreign sets of stamps might be quoted, that we have decided in future to establish a Foreign Department. Despite the extra risk and cost of importing (postage being 2½ times as much), we are offering the majority at the same cheap rate as those of the Colonial series.

PRICE LIST, NO. 135 JULY 11, 1903. [SUPPLEMENT TO "E.W.S.N." No. 198.

OUR 1903 QUOTATIONS.

ON and after January 1st, 1903, our General Rate for Unused Current Colonial Stamps and New Issues will be 1/1 per 1/- face value (only 8⅓% commission). Special contracts with wholesale buyers can be entered into at from 5% to 7½%; particulars on application, and from time to time we shall make special offers of stamps at face value only. At these remarkably low rates there cannot be the slightest doubt that current unused Colonials are by far the safest and most remunerative investment a Stamp Collector can make. Please note that

WE GUARANTEE OUR RATES LOWER THAN THOSE OF ANY OTHER FIRM.

NOTE.—To obviate the necessity of frequent small remittances clients are recommended to open a current account with us, paying in periodically even sums of £1, £2, or so, as required. Balance will be returned at any time, on demand. Callers at 32 Palace Square can only be seen by appointment; we have no shop and cannot show stamps under any circumstances, as we do not allow our stock to be handled till sold. All stamps are *guaranteed* mint, well centred and unmounted.

Debenture Holders in Ewen's Colonial Stamp Market, Ltd. have special privileges; particulars on application.

Colonial Clients are requested to remit by means of unused sets and high values, and especially provisionals or quite new issues. Rupee = 1/4; American dollar = 4/-. Foreign bank notes accepted as follows:—French, 50fr. = 39/6; German, 20mk. = 19/6; U.S.A., $1 = 4/-.

Terms of Business.

CASH WITH ORDER; POSTAGE EXTRA.

All letters requiring an answer should be accompanied by a stamp for reply, and should be addressed to Ewen's Colonial Stamp Market Ltd., Norwood, London, S.E. Correspondence in English, French, German, Spanish, etc. If stamps are desired for payment on delivery permission should be obtained from the Managing Director.

DEPARTMENTS OF OUR BUSINESS.

All business is conducted by post. We have no shop. Separate staff in each Department.

I. Managing Director's Office, where correspondence is received and sorted. Importation Department; Stores Department.

II. Cashier's Office. Foreign bank-notes accepted as follows:—French, 50fr. = 39/6; German, 20 mk. = 19/6; U.S.A., $1 = 4/-. Colonial clients are requested to remit by means of complete unused sets and high values and especially provisionals or quite new issues. Rupee = 1/4; silver dollar, at rate of exchange.

III. Editorial Department. The Editor welcomes correspondence from readers, especially early information of new issues.

IV. Publishing Department. Publication of *E.W.S.N.*, Albums, Catalogues, etc. See back page of *E.W.S.N.*

V. Approval Department. Books of stamps sent on approval to select from. This stock does not include the stamps advertised in *E.W.S.N.* which cannot be sent on approval. See back page of *E.W.S.N.*

VI. Order Department. All orders for stamps advertised in *E.W.S.N.* executed promptly, if accompanied by cash or prepaid. Stamps not advertised are rarely in stock, as they are then handed to the Approval Department.

VII. New Issue Department. This Department obtains new stamps immediately they appear (including new shades, varieties, provisionals, etc.) and supplies them at once to clients who have given a general order for everything new. See full instructions below.

VIII. Booked Order Department. Clients who wish to ensure receiving anything directly we get it, can book the order. No money need be deposited as a notice of arrival will be sent. If however payment is not made within seven days the stamps will not be reserved any longer but will be returned to stock.

IX. Returns Department. Stamps sent out by our Order Department are not returnable, but will be exchanged if defective. Stamps sent out by our New Issue Department are also not returnable, unless specially marked "on approval," or charged above our usual rate of 1/1 per 1/-, or sent in error. Booked orders are not returnable unless charged at a higher rate than that at which they were booked.

X. Accounts Department. A small account is sent out with every invoice when clients have deposit accounts, thus enabling them to see how their balance stands after each transaction.

XI. Post Office Department. Correspondence is sealed and despatched by this Department and all changes of address should be at once notified to it.

N.B.—As far as possible communications for these departments should be kept distinct, and if possible written on separate sheets of paper, although enclosed in the same envelope. They can then be dealt with simultaneously instead of seriatim, thus avoiding delay.

Regular Weekly Service of New Issues

OUR New Issue Department receives a prompt supply of practically every new Colonial Stamp that is issued, including varieties of shade, perforation, paper, watermark, etc. (also many foreign new issues). About once a week (the day depends on the arrival of the mails) these are distributed amongst clients according to the requirements they have filed. Collectors wishing to take part in our weekly distribution (the promptest, cheapest and *most reliable* in the world) should open a deposit account. Send particulars as to what is required.

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

Now obsolete, single, 2/8; block, 10/8; dozen, 32/-; full mint sheet of 120, £16.

JOHORE PROVISIONALS, 1903.

Surcharged partly in manuscript.

Just as we go to press, a consignment of the new provisionals comes to hand, and we can supply same as long as they last, at rates quoted below.

The new values "3 cents" and "10 cents" appear to be surcharged with ordinary printers' type, but the bars through the old value "4" at either side of the stamps are afterwards ruled in by hand with pen and ink, a most laborious proceeding, and one which would lead us to suppose the quantities surcharged are only small.

3 cents. — — "3 *cents*" *on* 4*c. yellow and red.* single, 1d.; block, 4d.; dozen, 1/-; entire sheet of 120 with full margins, 12/6.

10 cents. — — "10 *cents*" *on* 4*c. green & carmine.* single, 3d.; block, 1/-; dozen, 3/-.

Other minor differences besides the above occur, but they are probably due to defective printing. The manuscript bars are exceedingly well done and vary in length less than $\frac{1}{32}$ of an inch.

UNUSED BRITISH COLONIAL STAMPS.

A GOLDEN RULE FOR STAMP INVESTORS, BUY IN COMPLETE SETS RATHER THAN ODDMENTS.

IN making an investment of Stamps, it is necessary above all not to buy too many of any one Stamp. If a large quantity of one kind are acquired, they will be difficult to realise, owing to the necessity of finding a large number of buyers. If on the other hand, a small quantity of a number of different stamps are put by, they can be realized without difficulty on even a small market. The best way to make money out of Colonial stamps at present is to consider oneself the advance agent of a future generation of Collectors, and to put by as many collections of current issues as can be obtained nearly complete. They must be complete, or nearly so, or you will perhaps miss just the stamps which have gone up in price most. It is safe to say that a collector five years hence would cheerfully pay £100 to have the opportunities that are free to everyone to-day.

Ewen's Colonial Stamp Market, Ltd., NORWOOD, LONDON, S.E.

Unused Foreign Stamps in Sets.

So many applications have been made to the Colonial Stamp Market, asking that the various continental and foreign sets of stamps might be quoted, that we have decided in future to establish a Foreign Department. Despite the extra risk and cost of importing (postage being 2½ times as much), we are offering the majority at the same cheap rate as those of the Colonial series.

PRICE LIST, NO. 136 JULY 18, 1903 [SUPPLEMENT TO "E.W.S.N." No. 199.

OUR 1903 QUOTATIONS.

ON and after January 1st, 1903, our General Rate for Unused Current Colonial Stamps and New Issues will be 1/1 per 1/- face value (only 8⅓% commission). Special contracts with wholesale buyers can be entered into at from 5% to 7½%; particulars on application, and from time to time we shall make special offers of stamps at face value only. At these remarkably low rates there cannot be the slightest doubt that current unused Colonials are by far the safest and most remunerative investment a Stamp Collector can make. Please note that

WE GUARANTEE OUR RATES LOWER THAN THOSE OF ANY OTHER FIRM.

NOTE.—To obviate the necessity of frequent small remittances clients are recommended to open a current account with us, paying in periodically even sums of £1, £2, or so, as required. Balance will be returned at any time, on demand. Callers at 32 Palace Square can only be seen by appointment; we have no shop and cannot show stamps under any circumstances, as we do not allow our stock to be handled till sold. All stamps are *guaranteed* mint, well centred and unmounted.

Debenture Holders in Ewen's Colonial Stamp Market, Ltd. have special privileges; particulars on application.

Colonial Clients are requested to remit by means of unused sets and high values, and especially provisionals or quite new issues. Rupee = 1/4; American dollar = 4/-. Foreign bank notes accepted as follows:—French, 50fr. = 39/6; German, 20mk. = 19/6; U.S.A., $1 = 4/-.

Terms of Business.

CASH WITH ORDER; POSTAGE EXTRA.

All letters requiring an answer should be accompanied by a stamp for reply, and should be addressed to Ewen's Colonial Stamp Market Ltd., Norwood, London, S.E. Correspondence in English, French, German, Spanish, etc. If stamps are desired for payment on delivery permission should be obtained from the Managing Director.

DEPARTMENTS OF OUR BUSINESS.

All business is conducted by post. We have no shop. Separate staff in each Department.

I. Managing Director's Office, where correspondence is received and sorted. Importation Department; Stores Department.

II. Cashier's Office. Foreign bank-notes accepted as follows:—French, 50fr. = 39/6; German, 20 mk. = 19/6; U.S.A., $1 = 4/-. Colonial clients are requested to remit by means of complete unused sets and high values and especially provisionals or quite new issues. Rupee = 1/4; silver dollar, at rate of exchange.

III. Editorial Department. The Editor welcomes correspondence from readers, especially early information of new issues.

IV. Publishing Department. Publication of *E.W.S.N.*, Albums, Catalogues, etc. See back page of *E.W.S.N.*

V. Approval Department. Books of stamps sent on approval to select from. This stock does not include the stamps advertised in *E.W.S.N.* which cannot be sent on approval. See back page of *E.W.S.N.*

VI. Order Department. All orders for stamps advertised in *E.W.S.N.* executed promptly, if accompanied by cash or prepaid. Stamps not advertised are rarely in stock, as they are then handed to the Approval Department.

VII. New Issue Department. This Department obtains new stamps immediately they appear (including new shades, varieties, provisionals, etc.) and supplies them at once to clients who have given a general order for everything new. See full instructions below.

VIII. Booked Order Department. Clients who wish to ensure receiving anything directly we get it, can book the order. No money need be deposited as a notice of arrival will be sent. If however payment is not made within seven days the stamps will not be reserved any longer but will be returned to stock.

IX. Returns Department. Stamps sent out by our Order Department are not returnable, but will be exchanged if defective. Stamps sent out by our New Issue Department are also not returnable, unless specially marked "on approval," or charged above our usual rate of 1/1 per 1/-, or sent in error. Booked orders are not returnable unless charged at a higher rate than that at which they were booked.

X. Accounts Department. A small account is sent out with every invoice when clients have deposit accounts, thus enabling them to see how their balance stands after each transaction.

XI. Post Office Department. Correspondence is sealed and despatched by this Department and all changes of address should be at once notified to it.

N.B.—As far as possible communications for these departments should be kept distinct, and if possible written on separate sheets of paper, although enclosed in the same envelope. They can then be dealt with simultaneously instead of seriatim, thus avoiding delay.

Regular Weekly Service of New Issues

OUR New Issue Department receives a prompt supply of practically every new Colonial Stamp that is issued, including varieties of shade, perforation, paper, watermark, etc. (also many foreign new issues). About once a week (the day depends on the arrival of the mails) these are distributed amongst clients according to the requirements they have filed. Collectors wishing to take part in our weekly distribution (the promptest, cheapest and *most reliable* in the world) should open a deposit account. Send particulars as to what is required.

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

Arrivals, July 8th to July 15th.—Tonga, Canada, New Zealand, New South Wales, W. Australia, Transvaal, Malay States, Patiala, San Marino, Straits, Hong Kong.

Consignments Overdue.—Victoria, Penrhyn Islands, Cyprus, British Somaliland.

JOHORE PROVISIONALS, 1903.

Surcharged partly in manuscript.

Just as we go to press, a consignment of the new provisionals comes to hand, and we can supply same as long as they last, at rates quoted below.

The new values "3 cents" and "10 cents" appear to be surcharged with ordinary printers' type, but the bars through the old value "4" at either side of the stamps are afterwards ruled in by hand with pen and ink, a most laborious proceeding, and one which would lead us to suppose the quantities surcharged are only small.

3 cents. — — "3 *cents*" *on 4c. yellow and red.* single, 1d.; block, 4d.; dozen, 1/-; entire sheet of 120 with full margins, 12/6.

10 cents. — — "10 *cents*" *on 4c. green & carmine.* single, 3d.; block, 1/-; dozen, 3/-.

Other minor differences besides the above occur, but they are probably due to defective printing. The manuscript bars are exceedingly well done and vary in length less than $\frac{1}{32}$ of an inch.

UNUSED BRITISH COLONIAL STAMPS.

A GOLDEN RULE FOR STAMP INVESTORS, BUY IN COMPLETE SETS RATHER THAN ODDMENTS.

IN making an investment of Stamps, it is necessary above all not to buy too many of any one Stamp. If a large quantity of one kind are acquired, they will be difficult to realise, owing to the necessity of finding a large number of buyers. If on the other hand, a small quantity of a number of different stamps are put by, they can be realized without difficulty on even a small market. The best way to make money out of Colonial stamps at present is to consider oneself the advance agent of a future generation of Collectors, and to put by as many collections of current issues as can be obtained nearly complete. They must be complete, or nearly so, or you will perhaps miss just the stamps which have gone up in price most. It is safe to say that a collector five years hence would cheerfully pay £100 to have the opportunities that are free to everyone to-day.

Ewen's Colonial Stamp Market, Ltd., NORWOOD, LONDON, S.E.

Unused Foreign Stamps in Sets.

So many applications have been made to the Colonial Stamp Market, asking that the various continental and foreign sets of stamps might be quoted, that we have decided in future to establish a Foreign Department. Despite the extra risk and cost of importing (postage being 2½ times as much), we are offering the majority at the same cheap rate as those of the Colonial series.

PRICE LIST, NO. 137 JULY 25, 1903 [SUPPLEMENT TO "E.W.S.N." No. 200.

OUR 1903 QUOTATIONS.

ON and after January 1st, 1903, our General Rate for Unused Current Colonial Stamps and New Issues will be 1/1 per 1/- face value (only 8½% commission). Special contracts with wholesale buyers can be entered into at from 5% to 7½%; particulars on application, and from time to time we shall make special offers of stamps at face value only. At these remarkably low rates there cannot be the slightest doubt that current unused Colonials are by far the safest and most remunerative investment a Stamp Collector can make. Please note that

WE GUARANTEE OUR RATES LOWER THAN THOSE OF ANY OTHER FIRM.

NOTE.—To obviate the necessity of frequent small remittances clients are recommended to open a current account with us, paying in periodically even sums of £1, £2, or so, as required. Balance will be returned at any time, on demand. Callers at 32 Palace Square can only be seen by appointment; we have no shop and cannot show stamps under any circumstances, as we do not allow our stock to be handled till sold. All stamps are *guaranteed* mint, well centred and unmounted.

Debenture Holders in Ewen's Colonial Stamp Market, Ltd. have special privileges; particulars on application.

Colonial Clients are requested to remit by means of unused sets and high values, and especially provisionals or quite new issues. Rupee = 1/4; American dollar = 4/-. Foreign bank notes accepted as follows:—French, 50fr. = 39/6; German, 20mk. = 19/6; U.S.A., $1 = 4/-.

Terms of Business.

CASH WITH ORDER; POSTAGE EXTRA.

All letters requiring an answer should be accompanied by a stamp for reply, and should be addressed to Ewen's Colonial Stamp Market Ltd., Norwood, London, S.E. Correspondence in English, French, German, Spanish, etc. If stamps are desired for payment on delivery permission should be obtained from the Managing Director.

DEPARTMENTS OF OUR BUSINESS.

All business is conducted by post. We have no shop. Separate staff in each Department.

I. Managing Director's Office, where correspondence is received and sorted. Importation Department; Stores Department.

II. Cashier's Office. Foreign bank-notes accepted as follows:—French, 50fr. = 39/6; German, 20 mk. = 19/6; U.S.A., $1 = 4/-. Colonial clients are requested to remit by means of complete unused sets and high values and especially provisionals or quite new issues. Rupee = 1/4; silver dollar, at rate of exchange.

III. Editorial Department. The Editor welcomes correspondence from readers, especially early information of new issues.

IV. Publishing Department. Publication of *E.W.S.N.*, Albums, Catalogues, etc. See back page of *E.W.S.N.*

V. Approval Department. Books of stamps sent on approval to select from. This stock does not include the stamps advertised in *E.W.S.N.* which cannot be sent on approval. See back page of *E.W.S.N.*

VI. Order Department. All orders for stamps advertised in *E.W.S.N.* executed promptly, if accompanied by cash or prepaid. Stamps not advertised are rarely in stock, as they are then handed to the Approval Department.

VII. New Issue Department. This Department obtains new stamps immediately they appear (including new shades, varieties, provisionals, etc.) and supplies them at once to clients who have given a general order for everything new. See full instructions below.

VIII. Booked Order Department. Clients who wish to ensure receiving anything directly we get it, can book the order. No money need be deposited as a notice of arrival will be sent. If however payment is not made within seven days the stamps will not be reserved any longer but will be returned to stock.

IX. Returns Department. Stamps sent out by our Order Department are not returnable, but will be exchanged if defective. Stamps sent out by our New Issue Department are also not returnable, unless specially marked "on approval," or charged above our usual rate of 1/1 per 1/-, or sent in error. Booked orders are not returnable unless charged at a higher rate than that at which they were booked.

X. Accounts Department. A small account is sent out with every invoice when clients have deposit accounts, thus enabling them to see how their balance stands after each transaction.

XI. Post Office Department. Correspondence is sealed and despatched by this Department and all changes of address should be at once notified to it.

N.B.—As far as possible communications for these departments should be kept distinct, and if possible written on separate sheets of paper, although enclosed in the same envelope. They can then be dealt with simultaneously instead of seriatim, thus avoiding delay.

Regular Weekly Service of New Issues

OUR New Issue Department receives a prompt supply of practically every new Colonial Stamp that is issued, including varieties of shade, perforation, paper, watermark, etc. (also many foreign new issues). About once a week (the day depends on the arrival of the mails) these are distributed amongst clients according to the requirements they have filed. Collectors wishing to take part in our weekly distribution (the promptest, cheapest and *most reliable* in the world) should open a deposit account. Send particulars as to what is required.

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

Arrivals, July 15th to July 22nd.—United States, Bussahir, Tasmania, New Zealand, Sarawak, Orange River Colony, Russia, Lagos, Southern Nigeria, Selangor, Sudan, Aitutaki, British Somaliland, Penrhyn Island, Niue, Natal.

Consignments Overdue.—Victoria, Cyprus.

JOHORE PROVISIONALS, 1903.

Surcharged partly in manuscript.

Just as we go to press, a consignment of the new provisionals comes to hand, and we can supply same as long as they last, at rates quoted below.

The new values "3 cents" and "10 cents" appear to be surcharged with ordinary printers' type, but the bars through the old value "4" at either side of the stamps are afterwards ruled in by hand with pen and ink, a most laborious proceeding, and one which would lead us to suppose the quantities surcharged are only small.

3 cents. — — "3 *cents*" *on 4c. yellow and red.* single, 1d.; block, 4d.; dozen, 1/-; entire sheet of 120 with full margins, 12/6.

10 cents. — — "10 *cents*" *on 4c. green & carmine.* single, 3d.; block, 1/-; dozen, 3/-.

Other minor differences besides the above occur, but they are probably due to defective printing. The manuscript bars are exceedingly well done and vary in length less than $\frac{3}{32}$ of an inch.

UNUSED BRITISH COLONIAL STAMPS.

A GOLDEN RULE FOR STAMP INVESTORS, BUY IN COMPLETE SETS RATHER THAN ODDMENTS.

IN making an investment of Stamps, it is necessary above all not to buy too many of any one Stamp. If a large quantity of one kind are acquired, they will be difficult to realise, owing to the necessity of finding a large number of buyers. If on the other hand, a small quantity of a number of different stamps are put by, they can be realized without difficulty on even a small market. The best way to make money out of Colonial stamps at present is to consider oneself the advance agent of a future generation of Collectors, and to put by as many collections of current issues as can be obtained nearly complete. They must be complete, or nearly so, or you will perhaps miss just the stamps which have gone up in price most. It is safe to say that a collector five years hence would cheerfully pay £100 to have the opportunities that are free to everyone to-day.

Ewen's Colonial Stamp Market, Ltd., NORWOOD, LONDON, S.E.

Unused Foreign Stamps in Sets.

So many applications have been made to the Colonial Stamp Market, asking that the various continental and foreign sets of stamps might be quoted, that we have decided in future to establish a Foreign Department. Despite the extra risk and cost of importing (postage being 2½ times as much), we are offering the majority at the same cheap rate as those of the Colonial series.

PRICE LIST, NO. 138 AUGUST 1, 1903 [SUPPLEMENT TO "E.W.S.N." No. 201.

OUR 1903 QUOTATIONS.

ON and after January 1st, 1903, our General Rate for Unused Current Colonial Stamps and New Issues will be 1/1 per 1/- face value (only 8½% commission). Special contracts with wholesale buyers can be entered into at from 5% to 7½%; particulars on application, and from time to time we shall make special offers of stamps at face value only. At these remarkably low rates there cannot be the slightest doubt that current unused Colonials are by far the safest and most remunerative investment a Stamp Collector can make. Please note that

WE GUARANTEE OUR RATES LOWER THAN THOSE OF ANY OTHER FIRM.

NOTE.—To obviate the necessity of frequent small remittances clients are recommended to open a current account with us, paying in periodically even sums of £1, £2, or so, as required. Balance will be returned at any time, on demand. Callers at 32 Palace Square can only be seen by appointment; we have no shop and cannot show stamps under any circumstances, as we do not allow our stock to be handled till sold. All stamps are *guaranteed* mint, well centred and unmounted.

Debenture Holders in Ewen's Colonial Stamp Market, Ltd. have special privileges; particulars on application.

Colonial Clients are requested to remit by means of unused sets and high values, and especially provisionals or quite new issues. Rupee = 1/4; American dollar = 4/-. Foreign bank notes accepted as follows:—French, 50fr. = 39/6; German, 20mk. = 19/6; U.S.A., $1 = 4/-.

Terms of Business.

CASH WITH ORDER; POSTAGE EXTRA.

All letters requiring an answer should be accompanied by a stamp for reply, and should be addressed to Ewen's Colonial Stamp Market Ltd., Norwood, London, S.E. Correspondence in English, French, German, Spanish, etc. If stamps are desired for payment on delivery permission should be obtained from the Managing Director.

DEPARTMENTS OF OUR BUSINESS.

All business is conducted by post. We have no shop. Separate staff in each Department.

I. Managing Director's Office, where correspondence is received and sorted. Importation Department; Stores Department.

II. Cashier's Office. Foreign bank-notes accepted as follows:—French, 50fr. = 39/6; German, 20 mk. = 19/6; U.S.A., $1 = 4/-. Colonial clients are requested to remit by means of complete unused sets and high values and especially provisionals or quite new issues. Rupee = 1/4; silver dollar, at rate of exchange.

III. Editorial Department. The Editor welcomes correspondence from readers, especially early information of new issues.

IV. Publishing Department. Publication of *E.W.S.N.*, Albums, Catalogues, etc. See back page of *E.W.S.N.*

V. Approval Department. Books of stamps sent on approval to select from. This stock does not include the stamps advertised in *E.W.S.N.* which cannot be sent on approval. See back page of *E.W.S.N.*

VI. Order Department. All orders for stamps advertised in *E.W.S.N.* executed promptly, if accompanied by cash or prepaid. Stamps not advertised are rarely in stock, as they are then handed to the Approval Department.

VII. New Issue Department. This Department obtains new stamps immediately they appear (including new shades, varieties, provisionals, etc.) and supplies them at once to clients who have given a general order for everything new. See full instructions below.

VIII. Booked Order Department. Clients who wish to ensure receiving anything directly we get it, can book the order. No money need be deposited as a notice of arrival will be sent. If however payment is not made within seven days the stamps will not be reserved any longer but will be returned to stock.

IX. Returns Department. Stamps sent out by our Order Department are not returnable, but will be exchanged if defective. Stamps sent out by our New Issue Department are also not returnable, unless specially marked "on approval," or charged above our usual rate of 1/1 per 1/-, or sent in error. Booked orders are not returnable unless charged at a higher rate than that at which they were booked.

X. Accounts Department. A small account is sent out with every invoice when clients have deposit accounts, thus enabling them to see how their balance stands after each transaction.

XI. Post Office Department. Correspondence is sealed and despatched by this Department and all changes of address should be at once notified to it.

N.B.—As far as possible communications for these departments should be kept distinct, and if possible written on separate sheets of paper, although enclosed in the same envelope. They can then be dealt with simultaneously instead of seriatim, thus avoiding delay.

Regular Weekly Service of New Issues

OUR New Issue Department receives a prompt supply of practically every new Colonial Stamp that is issued, including varieties of shade, perforation, paper, watermark, etc. (also many foreign new issues). About once a week (the day depends on the arrival of the mails) these are distributed amongst clients according to the requirements they have filed. Collectors wishing to take part in our weekly distribution (the promptest, cheapest and *most reliable* in the world) should open a deposit account. Send particulars as to what is required.

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

UNUSED BRITISH COLONIAL STAMPS.

A GOLDEN RULE FOR STAMP INVESTORS, BUY IN COMPLETE SETS RATHER THAN ODDMENTS.

IN making an investment of Stamps, it is necessary above all not to buy too many of any one Stamp. If a large quantity of one kind are acquired, they will be difficult to realise, owing to the necessity of finding a large number of buyers. If on the other hand, a small quantity of a number of different stamps are put by, they can be realized without difficulty on even a small market. The best way to make money out of Colonial stamps at present is to consider oneself the advance agent of a future generation of Collectors, and to put by as many collections of current issues as can be obtained nearly complete. They must be complete, or nearly so, or you will perhaps miss just the stamps which have gone up in price most. It is safe to say that a collector five years hence would cheerfully pay £100 to have the opportunities that are free to everyone to-day.

Ewen's Colonial Stamp Market, Ltd., NORWOOD, LONDON, S.E.

Unused Foreign Stamps in Sets.

So many applications have been made to the Colonial Stamp Market, asking that the various continental and foreign sets of stamps might be quoted, that we have decided in future to establish a Foreign Department. Despite the extra risk and cost of importing (postage being 2½ times as much), we are offering the majority at the same cheap rate as those of the Colonial series.

PRICE LIST. NO 139 AUGUST 8, 1903. [SUPPLEMENT TO "E.W.S.N." No. 202

OUR 1903 QUOTATIONS.

ON and after January 1st, 1903, our General Rate for Unused Current Colonial Stamps and New Issues will be 1/1 per 1/- face value (only 8⅓% commission). Special contracts with wholesale buyers can be entered into at from 5% to 7½%; particulars on application, and from time to time we shall make special offers of stamps at face value only. At these remarkably low rates there cannot be the slightest doubt that current unused Colonials are by far the safest and most remunerative investment a Stamp Collector can make. Please note that

WE GUARANTEE OUR RATES LOWER THAN THOSE OF ANY OTHER FIRM.

NOTE.—To obviate the necessity of frequent small remittances clients are recommended to open a current account with us, paying in periodically even sums of £1, £2, or so, as required. Balance will be returned at any time, on demand. Callers at 32 Palace Square can only be seen by appointment; we have no shop and cannot show stamps under any circumstances, as we do not allow our stock to be handled till sold. All stamps are *guaranteed* mint, well centred and unmounted.

Debenture Holders in Ewen's Colonial Stamp Market, Ltd. have special privileges; particulars on application.

Colonial Clients are requested to remit by means of unused sets and high values, and especially provisionals or quite new issues. Rupee = 1/4; American dollar = 4/-. Foreign bank notes accepted as follows:—French, 50fr. = 39/6; German, 20mk. = 19/6; U.S.A., $1 = 4/-.

Terms of Business.

CASH WITH ORDER; POSTAGE EXTRA.

All letters requiring an answer should be accompanied by a stamp for reply, and should be addressed to Ewen's Colonial Stamp Market Ltd., Norwood, London, S.E. Correspondence in English, French, German, Spanish, etc. If stamps are desired for payment on delivery permission should be obtained from the Managing Director.

DEPARTMENTS OF OUR BUSINESS.

All business is conducted by post. We have no shop. Separate staff in each Department.

I. Managing Director's Office, where correspondence is received and sorted. Importation Department; Stores Department.

II. Cashier's Office. Foreign bank-notes accepted as follows:—French, 50fr. = 39/6; German, 20 mk. = 19/6; U.S.A., $1 = 4/-. Colonial clients are requested to remit by means of complete unused sets and high values and especially provisionals or quite new issues. Rupee = 1/4; silver dollar, at rate of exchange.

III. Editorial Department. The Editor welcomes correspondence from readers, especially early information of new issues.

IV. Publishing Department. Publication of *E.W.S.N.*, Albums, Catalogues, etc. See back page of *E.W.S.N.*

V. Approval Department. Books of stamps sent on approval to select from. This stock does not include the stamps advertised in *E.W.S.N.* which cannot be sent on approval. See back page of *E.W.S.N.*

VI. Order Department. All orders for stamps advertised in *E.W.S.N.* executed promptly, if accompanied by cash or prepaid. Stamps not advertised are rarely in stock, as they are then handed to the Approval Department.

VII. New Issue Department. This Department obtains new stamps immediately they appear (including new shades, varieties, provisionals, etc.) and supplies them at once to clients who have given a general order for everything new. See full instructions below.

VIII. Booked Order Department. Clients who wish to ensure receiving anything directly we get it, can book the order. No money need be deposited as a notice of arrival will be sent. If however payment is not made within seven days the stamps will not be reserved any longer but will be returned to stock.

IX. Returns Department. Stamps sent out by our Order Department are not returnable, but will be exchanged if defective. Stamps sent out by our New Issue Department are also not returnable, unless specially marked "on approval," or charged above our usual rate of 1/1 per 1/-, or sent in error. Booked orders are not returnable unless charged at a higher rate than that at which they were booked.

X. Accounts Department. A small account is sent out with every invoice when clients have deposit accounts, thus enabling them to see how their balance stands after each transaction.

XI. Post Office Department. Correspondence is sealed and despatched by this Department and all changes of address should be at once notified to it.

N.B.—As far as possible communications for these departments should be kept distinct, and if possible written on separate sheets of paper, although enclosed in the same envelope. They can then be dealt with simultaneously instead of seriatim, thus avoiding delay.

Regular Weekly Service of New Issues

OUR New Issue Department receives a prompt supply of practically every new Colonial Stamp that is issued, including varieties of shade, perforation, paper, watermark, etc. (also many foreign new issues). About once a week (the day depends on the arrival of the mails) these are distributed amongst clients according to the requirements they have filed. Collectors wishing to take part in our weekly distribution (the promptest, cheapest and *most reliable* in the world) should open a deposit account. Send particulars as to what is required.

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

Arrivals, July 29th to August 5th.—St. Kitts-Nevis, Antigua, Patiala, Uganda, Servia, Straits Settlements, Sarawak, Bermuda, New Zealand, Orange River Colony, Canada, Transvaal, Natal.

Consignments Overdue.—Victoria, Cyprus.

UNUSED BRITISH COLONIAL STAMPS.

A GOLDEN RULE FOR STAMP INVESTORS, BUY IN COMPLETE SETS RATHER THAN ODDMENTS.

IN making an investment of Stamps, it is necessary above all not to buy too many of any one Stamp. If a large quantity of one kind are acquired, they will be difficult to realise, owing to the necessity of finding a large number of buyers. If on the other hand, a small quantity of a number of different stamps are put by, they can be realized without difficulty on even a small market. The best way to make money out of Colonial stamps at present is to consider oneself the advance agent of a future generation of Collectors, and to put by as many collections of current issues as can be obtained nearly complete. They must be complete, or nearly so, or you will perhaps miss just the stamps which have gone up in price most. It is safe to say that a collector five years hence would cheerfully pay £100 to have the opportunities that are free to everyone to-day.

Ewen's Colonial Stamp Market, Ltd., NORWOOD, LONDON, S.E.

Unused Foreign Stamps in Sets.

So many applications have been made to the Colonial Stamp Market, asking that the various continental and foreign sets of stamps might be quoted, that we have decided in future to establish a Foreign Department. Despite the extra risk and cost of importing (postage being 2½ times as much), we are offering the majority at the same cheap rate as those of the Colonial series.

PRICE LIST, NO. 140. AUGUST 15, 1903. [SUPPLEMENT TO "E.W.S.N." No 203.

OUR 1903 QUOTATIONS.

ON and after January 1st, 1903, our General Rate for Unused Current Colonial Stamps and New Issues will be 1/1 per 1/- face value (only 8½% commission). Special contracts with wholesale buyers can be entered into at from 5% to 7½%; particulars on application, and from time to time we shall make special offers of stamps at face value only. At these remarkably low rates there cannot be the slightest doubt that current unused Colonials are by far the safest and most remunerative investment a Stamp Collector can make. Please note that

WE GUARANTEE OUR RATES LOWER THAN THOSE OF ANY OTHER FIRM.

NOTE.—To obviate the necessity of frequent small remittances clients are recommended to open a current account with us, paying in periodically even sums of £1, £2, or so, as required. Balance will be returned at any time, on demand. Callers at 32 Palace Square can only be seen by appointment; we have no shop and cannot show stamps under any circumstances, as we do not allow our stock to be handled till sold. All stamps are *guaranteed* mint, well centred and unmounted.

Debenture Holders in Ewen's Colonial Stamp Market, Ltd. have special privileges; particulars on application.

Colonial Clients are requested to remit by means of unused sets and high values, and especially provisionals or quite new issues. Rupee = 1/4; American dollar = 4/-. Foreign bank notes accepted as follows:—French, 50fr. = 39/6; German, 20mk. = 19/6; U.S.A., $1 = 4/-.

Terms of Business.

CASH WITH ORDER; POSTAGE EXTRA.

All letters requiring an answer should be accompanied by a stamp for reply, and should be addressed to Ewen's Colonial Stamp Market Ltd., Norwood, London, S.E. Correspondence in English, French, German, Spanish, etc. If stamps are desired for payment on delivery permission should be obtained from the Managing Director.

DEPARTMENTS OF OUR BUSINESS.

All business is conducted by post. We have no shop. Separate staff in each Department.

I. Managing Director's Office, where correspondence is received and sorted. Importation Department; Stores Department.

II. Cashier's Office. Foreign bank-notes accepted as follows:—French, 50fr. = 39/6; German, 20 mk. = 19/6; U.S.A., $1 = 4/-. Colonial clients are requested to remit by means of complete unused sets and high values and especially provisionals or quite new issues. Rupee = 1/4; silver dollar, at rate of exchange.

III. Editorial Department. The Editor welcomes correspondence from readers, especially early information of new issues.

IV. Publishing Department. Publication of *E.W.S.N.*, Albums, Catalogues, etc. See back page of *E.W.S.N.*

V. Approval Department. Books of stamps sent on approval to select from. This stock does not include the stamps advertised in *E.W.S.N.* which cannot be sent on approval. See back page of *E.W.S.N.*

VI. Order Department. All orders for stamps advertised in *E.W.S.N.* executed promptly, if accompanied by cash or prepaid. Stamps not advertised are rarely in stock, as they are then handed to the Approval Department.

VII. New Issue Department. This Department obtains new stamps immediately they appear (including new shades, varieties, provisionals, etc.) and supplies them at once to clients who have given a general order for everything new. See full instructions below.

VIII. Booked Order Department. Clients who wish to ensure receiving anything directly we get it, can book the order. No money need be deposited as a notice of arrival will be sent. If however payment is not made within seven days the stamps will not be reserved any longer but will be returned to stock.

IX. Returns Department. Stamps sent out by our Order Department are not returnable, but will be exchanged if defective. Stamps sent out by our New Issue Department are also not returnable, unless specially marked "on approval," or charged above our usual rate of 1/1 per 1/-, or sent in error. Booked orders are not returnable unless charged at a higher rate than that at which they were booked.

X. Accounts Department. A small account is sent out with every invoice when clients have deposit accounts, thus enabling them to see how their balance stands after each transaction.

XI. Post Office Department. Correspondence is sealed and despatched by this Department and all changes of address should be at once notified to it.

N.B.—As far as possible communications for these departments should be kept distinct, and if possible written on separate sheets of paper, although enclosed in the same envelope. They can then be dealt with simultaneously instead of seriatim, thus avoiding delay.

Regular Weekly Service of New Issues

OUR New Issue Department receives a prompt supply of practically every new Colonial Stamp that is issued, including varieties of shade, perforation, paper, watermark, etc. (also many foreign new issues). About once a week (the day depends on the arrival of the mails) these are distributed amongst clients according to the requirements they have filed. Collectors wishing to take part in our weekly distribution (the promptest, cheapest and *most reliable* in the world) should open a deposit account. Send particulars as to what is required.

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

Arrivals, August 5th to August 12th.—Hong Kong, Southern Nigeria, Montserrat, Jamaica, Gibraltar, Sudan, Paraguay, France, St. Lucia, New South Wales, Western Australia, Aitutaki, Niué, New Zealand, Canada.

UNUSED BRITISH COLONIAL STAMPS.

A GOLDEN RULE FOR STAMP INVESTORS, BUY IN COMPLETE SETS RATHER THAN ODDMENTS.

IN making an investment of Stamps, it is necessary above all not to buy too many of any one Stamp. If a large quantity of one kind are acquired, they will be difficult to realise, owing to the necessity of finding a large number of buyers. If on the other hand, a small quantity of a number of different stamps are put by, they can be realized without difficulty on even a small market. The best way to make money out of Colonial stamps at present is to consider oneself the advance agent of a future generation of Collectors, and to put by as many collections of current issues as can be obtained nearly complete. They must be complete, or nearly so, or you will perhaps miss just the stamps which have gone up in price most. It is safe to say that a collector five years hence would cheerfully pay £100 to have the opportunities that are free to everyone to-day.

Ewen's Colonial Stamp Market, Ltd., NORWOOD, LONDON, S.E.

Unused Foreign Stamps in Sets.

So many applications have been made to the Colonial Stamp Market, asking that the various continental and foreign sets of stamps might be quoted, that we have decided in future to establish a Foreign Department. Despite the extra risk and cost of importing (postage being 2½ times as much), we are offering the majority at the same cheap rate as those of the Colonial series.

PRICE LIST, NO. 141. AUGUST 22, 1903. [SUPPLEMENT TO "E.W.S.N." No 204.

OUR 1903 QUOTATIONS.

ON and after January 1st, 1903, our General Rate for Unused Current Colonial Stamps and New Issues will be 1/1 per 1/- face value (only 8⅓% commission). Special contracts with wholesale buyers can be entered into at from 5% to 7½%; particulars on application, and from time to time we shall make special offers of stamps at face value only. At these remarkably low rates there cannot be the slightest doubt that current unused Colonials are by far the safest and most remunerative investment a Stamp Collector can make. Please note that

WE GUARANTEE OUR RATES LOWER THAN THOSE OF ANY OTHER FIRM.

NOTE.—To obviate the necessity of frequent small remittances clients are recommended to open a current account with us, paying in periodically even sums of £1, £2, or so, as required. Balance will be returned at any time, on demand. Callers at 32 Palace Square can only be seen by appointment; we have no shop and cannot show stamps under any circumstances, as we do not allow our stock to be handled till sold. All stamps are *guaranteed* mint, well centred and unmounted.

Debenture Holders in Ewen's Colonial Stamp Market, Ltd. have special privileges; particulars on application.

Colonial Clients are requested to remit by means of unused sets and high values, and especially provisionals or quite new issues. Rupee=1/4; American dollar=4/-. Foreign bank notes accepted as follows:—French, 50fr.=39/6; German, 20mk.=19/6; U.S.A., $1=4/-.

Terms of Business.

CASH WITH ORDER; POSTAGE EXTRA.

All letters requiring an answer should be accompanied by a stamp for reply, and should be addressed to Ewen's Colonial Stamp Market Ltd., Norwood, London, S.E. Correspondence in English, French, German, Spanish, etc. If stamps are desired for payment on delivery permission should be obtained from the Managing Director.

DEPARTMENTS OF OUR BUSINESS.

All business is conducted by post. We have no shop. Separate staff in each Department.

I. Managing Director's Office, where correspondence is received and sorted. Importation Department; Stores Department.

II. Cashier's Office. Foreign bank-notes accepted as follows:—French, 50fr.=39/6; German, 20 mk.=19/6; U.S.A., $1=4/-. Colonial clients are requested to remit by means of complete unused sets and high values and especially provisionals or quite new issues. Rupee=1/4; silver dollar, at rate of exchange.

III. Editorial Department. The Editor welcomes correspondence from readers, especially early information of new issues.

IV. Publishing Department. Publication of *E.W.S.N.*, Albums, Catalogues, etc. See back page of *E.W.S.N.*

V. Approval Department. Books of stamps sent on approval to select from. This stock does not include the stamps advertised in *E.W.S.N.* which cannot be sent on approval. See back page of *E.W.S.N.*

VI. Order Department. All orders for stamps advertised in *E.W.S.N.* executed promptly, if accompanied by cash or prepaid. Stamps not advertised are rarely in stock, as they are then handed to the Approval Department.

VII. New Issue Department. This Department obtains new stamps immediately they appear (including new shades, varieties, provisionals, etc.) and supplies them at once to clients who have given a general order for everything new. See full instructions below.

VIII. Booked Order Department. Clients who wish to ensure receiving anything directly we get it, can book the order. No money need be deposited as a notice of arrival will be sent. If however payment is not made within seven days the stamps will not be reserved any longer but will be returned to stock.

IX. Returns Department. Stamps sent out by our Order Department are not returnable, but will be exchanged if defective. Stamps sent out by our New Issue Department are also not returnable, unless specially marked "on approval," or charged above our usual rate of 1/1 per 1/-, or sent in error. Booked orders are not returnable unless charged at a higher rate than that at which they were booked.

X. Accounts Department. A small account is sent out with every invoice when clients have deposit accounts, thus enabling them to see how their balance stands after each transaction.

XI. Post Office Department. Correspondence is sealed and despatched by this Department and all changes of address should be at once notified to it.

N.B.—As far as possible communications for these departments should be kept distinct, and if possible written on separate sheets of paper, although enclosed in the same envelope. They can then be dealt with simultaneously instead of seriatim, thus avoiding delay.

Regular Weekly Service of New Issues

OUR New Issue Department receives a prompt supply of practically every new Colonial Stamp that is issued, including varieties of shade, perforation, paper, watermark, etc. (also many foreign new issues). About once a week (the day depends on the arrival of the mails) these are distributed amongst clients according to the requirements they have filed. Collectors wishing to take part in our weekly distribution (the promptest, cheapest and *most reliable* in the world) should open a deposit account. Send particulars as to what is required.

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

N.B.—The set of Indian stamps overprinted for British East Africa in November, 1895, remained in use till May, 1896, and is now catalogued £7 5s. 9d. It contained precisely the same values as the Somaliland set, which we are now offering for 22/9, and the latter has only been in use three months. The set of Zanzibar on India issued on 10th November, 1895, remained in use till September, 1896, nearly a year, and yet has been so completely absorbed by collectors that it is difficult to get sets much under the catalogue price of £5 5s. In either case a set of complete sheets is unknown.

FOREIGN DEPARTMENT.

Greece and various Portuguese Colonies are now quoted, both sets and high values.

UNUSED BRITISH COLONIAL STAMPS.

A GOLDEN RULE FOR STAMP INVESTORS, BUY IN COMPLETE SETS RATHER THAN ODDMENTS.

IN making an investment of Stamps, it is necessary above all not to buy too many of any one Stamp. If a large quantity of one kind are acquired, they will be difficult to realise, owing to the necessity of finding a large number of buyers. If on the other hand, a small quantity of a number of different stamps are put by, they can be realized without difficulty on even a small market. The best way to make money out of Colonial stamps at present is to consider oneself the advance agent of a future generation of Collectors, and to put by as many collections of current issues as can be obtained nearly complete. They must be complete, or nearly so, or you will perhaps miss just the stamps which have gone up in price most. It is safe to say that a collector five years hence would cheerfully pay £100 to have the opportunities that are free to everyone to-day.

Ewen's Colonial Stamp Market, Ltd., NORWOOD, LONDON, S.E.

Unused Foreign Stamps in Sets.

So many applications have been made to the Colonial Stamp Market, asking that the various continental and foreign sets of stamps might be quoted, that we have decided in future to establish a Foreign Department. Despite the extra risk and cost of importing (postage being 2½ times as much), we are offering the majority at the same cheap rate as those of the Colonial series.

PRICE LIST, NO. 142. AUGUST 29, 1903. [SUPPLEMENT TO "E.W.S.N." No 205.

OUR 1903 QUOTATIONS.

ON and after January 1st, 1903, our General Rate for Unused Current Colonial Stamps and New Issues will be 1/1 per 1/- face value (only 8⅓% commission). Special contracts with wholesale buyers can be entered into at from 5% to 7½%; particulars on application, and from time to time we shall make special offers of stamps at face value only. At these remarkably low rates there cannot be the slightest doubt that current unused Colonials are by far the safest and most remunerative investment a Stamp Collector can make. Please note that

WE GUARANTEE OUR RATES LOWER THAN THOSE OF ANY OTHER FIRM.

NOTE.—To obviate the necessity of frequent small remittances clients are recommended to open a current account with us, paying in periodically even sums of £1, £2, or so, as required. Balance will be returned at any time, on demand. Callers at 32 Palace Square can only be seen by appointment; we have no shop and cannot show stamps under any circumstances, as we do not allow our stock to be handled till sold. All stamps are *guaranteed* mint, well centred and unmounted.

Debenture Holders in Ewen's Colonial Stamp Market, Ltd. have special privileges; particulars on application.

Colonial Clients are requested to remit by means of unused sets and high values, and especially provisionals or quite new issues. Rupee = 1/4; American dollar = 4/-. Foreign bank notes accepted as follows:— French, 50fr. = 39/6; German, 20mk. = 19/6; U.S.A., $1 = 4/-.

Terms of Business.

CASH WITH ORDER; POSTAGE EXTRA.

All letters requiring an answer should be accompanied by a stamp for reply, and should be addressed to Ewen's Colonial Stamp Market Ltd., Norwood, London, S.E. Correspondence in English, French, German, Spanish, etc. If stamps are desired for payment on delivery permission should be obtained from the Managing Director.

DEPARTMENTS OF OUR BUSINESS.

All business is conducted by post. We have no shop. Separate staff in each Department.

I. Managing Director's Office, where correspondence is received and sorted. Importation Department; Stores Department.

II. Cashier's Office. Foreign bank-notes accepted as follows:—French, 50fr. = 39/6; German, 20 mk. = 19/6; U.S.A., $1 = 4/-. Colonial clients are requested to remit by means of complete unused sets and high values and especially provisionals or quite new issues. Rupee = 1/4; silver dollar, at rate of exchange.

III. Editorial Department. The Editor welcomes correspondence from readers, especially early information of new issues.

IV. Publishing Department. Publication of *E.W.S.N.*, Albums, Catalogues, etc. See back page of *E.W.S.N.*

V. Approval Department. Books of stamps sent on approval to select from. This stock does not include the stamps advertised in *E.W.S.N.* which cannot be sent on approval. See back page of *E.W.S.N.*

VI. Order Department. All orders for stamps advertised in *E.W.S.N.* executed promptly, if accompanied by cash or prepaid. Stamps not advertised are rarely in stock, as they are then handed to the Approval Department.

VII. New Issue Department. This Department obtains new stamps immediately they appear (including new shades, varieties, provisionals, etc.) and supplies them at once to clients who have given a general order for everything new. See full instructions below.

VIII. Booked Order Department. Clients who wish to ensure receiving anything directly we get it, can book the order. No money need be deposited as a notice of arrival will be sent. If however payment is not made within seven days the stamps will not be reserved any longer but will be returned to stock.

IX. Returns Department. Stamps sent out by our Order Department are not returnable, but will be exchanged if defective. Stamps sent out by our New Issue Department are also not returnable, unless specially marked "on approval," or charged above our usual rate of 1/1 per 1/-, or sent in error. Booked orders are not returnable unless charged at a higher rate than that at which they were booked.

X. Accounts Department. A small account is sent out with every invoice when clients have deposit accounts, thus enabling them to see how their balance stands after each transaction.

XI. Post Office Department. Correspondence is sealed and despatched by this Department and all changes of address should be at once notified to it.

N.B.—As far as possible communications for these departments should be kept distinct, and if possible written on separate sheets of paper, although enclosed in the same envelope. They can then be dealt with simultaneously instead of seriatim, thus avoiding delay.

Regular Weekly Service of New Issues

OUR New Issue Department receives a prompt supply of practically every new Colonial Stamp that is issued, including varieties of shade, perforation, paper, watermark, etc. (also many foreign new issues). About once a week (the day depends on the arrival of the mails) these are distributed amongst clients according to the requirements they have filed. Collectors wishing to take part in our weekly distribution (the promptest, cheapest and *most reliable* in the world) should open a deposit account. Send particulars as to what is required.

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

SILVER QUOTATION ADVANCING.

Do not forget that the continued advance in price of silver carries with it the face values of all stamps of Hong Kong, Johore, Labuan, Malay States, North Borneo, Sarawak, Straits Settlements, China, Japan, Mexico, etc., etc., The face value of a $1 stamp was for instance (roughly):—

Two months ago	1/8 to 1/9.
A week ago	1/9 to 1/9¾.
To-day (26th August)	1/10⅛.

As the rate goes up, the higher will be the price collectors will have to pay. Next week, if the advance continues, all our prices will be put up. At present our rates are based on the Exchange rate of 1/10 or ⅛d. per dollar less than we should actually have to pay to replenish our stock. The rate is quoted each day in the financial columns of the daily papers, so collectors can see for themselves whether it is going up or down.

LABUAN COLONY.

AT FACE VALUE.

We bought a quantity of the handsome new set when the Exchange was only 1/8, and can consequently profitably sell them at less than the present face value. Our rate is 1/10 per $, if not less than 12 sets are taken, and as a set has face value $1.45, our price is 32/- per 12 sets. This offer is liable to be withdrawn if the Exchange rate continues to advance.

FOREIGN CORRESPONDENCE WELCOME.

Clients abroad are requested to note that correspondence for the Managing Director's personal attention is welcome in any of the following languages, if clearly written:—French, German, Italian, Spanish, Portuguese—and such are preferred to English.

N.B.—The set of Indian stamps overprinted for British East Africa in November, 1895, remained in use till May, 1896, and is now catalogued £7 5s. 9d. It contained precisely the same values as the Somaliland set, which we are now offering for 22/9, and the latter has only been in use three months. The set of Zanzibar on India issued on 10th November, 1895, remained in use till September, 1896, nearly a year, and yet has been so completely absorbed by collectors that it is difficult to get sets much under the catalogue price of £5 5s. In either case a set of complete sheets is unknown.

UNUSED BRITISH COLONIAL STAMPS.

A GOLDEN RULE FOR STAMP INVESTORS, BUY IN COMPLETE SETS RATHER THAN ODDMENTS.

IN making an investment of Stamps, it is necessary above all not to buy too many of any one Stamp. If a large quantity of one kind are acquired, they will be difficult to realise, owing to the necessity of finding a large number of buyers. If on the other hand, a small quantity of a number of different stamps are put by, they can be realized without difficulty on even a small market. The best way to make money out of Colonial stamps at present is to consider oneself the advance agent of a future generation of Collectors, and to put by as many collections of current issues as can be obtained nearly complete. They must be complete, or nearly so, or you will perhaps miss just the stamps which have gone up in price most. It is safe to say that a collector five years hence would cheerfully pay £100 to have the opportunities that are free to everyone to-day.

Ewen's Colonial Stamp Market, Ltd., NORWOOD, LONDON, S.E.

Unused Foreign Stamps in Sets.

So many applications have been made to the Colonial Stamp Market, asking that the various continental and foreign sets of stamps might be quoted, that we have decided in future to establish a Foreign Department. Despite the extra risk and cost of importing (postage being 2½ times as much), we are offering the majority at the same cheap rate as those of the Colonial series.

PRICE LIST, NO 143 SEPTEMBER 5, 1903. [SUPPLEMENT TO "E.W.S.N." No 206.

OUR 1903 QUOTATIONS.

ON and after January 1st, 1903, our General Rate for Unused Current Colonial Stamps and New Issues will be 1/1 per 1/- face value (only 8½% commission), strictly subject to payment being made in advance. Special contracts with wholesale buyers can be entered into at from 5% to 7½%; particulars on application, and from time to time we shall make special offers of stamps at face value only. At these remarkably low rates there cannot be the slightest doubt that current unused Colonials are by far the safest and most remunerative investment a Stamp Collector can make. Please note that

WE GUARANTEE OUR RATES LOWER THAN THOSE OF ANY OTHER FIRM.

NOTE.—To obviate the necessity of frequent small remittances clients are recommended to open a current account with us, paying in periodically even sums of £1, £2, or so, as required. Balance will be returned at any time, on demand. Callers at 32 Palace Square can only be seen by appointment; we have no shop and cannot show stamps under any circumstances, as we do not allow our stock to be handled till sold. All stamps are *guaranteed* mint, well centred and unmounted.

Debenture Holders in Ewen's Colonial Stamp Market, Ltd. have special privileges; particulars on application.

Colonial Clients are requested to remit by means of unused sets and high values, and especially provisionals or quite new issues. Rupee = 1/4; American dollar = 4/-. Foreign bank notes accepted as follows:—French, 50fr. = 39/6; German, 20mk. = 19/6; U.S.A., $1 = 4/-.

Terms of Business.

CASH WITH ORDER; POSTAGE EXTRA.

All letters requiring an answer should be accompanied by a stamp for reply, and should be addressed to Ewen's Colonial Stamp Market Ltd., Norwood, London, S.E. Correspondence in English, French, German, Spanish, etc. If stamps are desired for payment on delivery permission should be obtained from the Managing Director.

DEPARTMENTS OF OUR BUSINESS.

All business is conducted by post. We have no shop. Separate staff in each Department.

I. Managing Director's Office, where correspondence is received and sorted. Importation Department; Stores Department.

II. Cashier's Office. Foreign bank-notes accepted as follows:—French, 50fr. = 39/6; German, 20 mk. = 19/6; U.S.A., $1 = 4/-. Colonial clients are requested to remit by means of complete unused sets and high values and especially provisionals or quite new issues. Rupee = 1/4; silver dollar, at rate of exchange.

III. Editorial Department. The Editor welcomes correspondence from readers, especially early information of new issues.

IV. Publishing Department. Publication of *E.W.S.N.*, Albums, Catalogues, etc. See back page of *E.W.S.N.*

V. Approval Department. Books of stamps sent on approval to select from. This stock does not include the stamps advertised in *E.W.S.N.* which cannot be sent on approval. See back page of *E.W.S.N.*

VI. Order Department. All orders for stamps advertised in *E.W.S.N.* executed promptly, if accompanied by cash or prepaid. Stamps not advertised are rarely in stock, as they are then handed to the Approval Department.

VII. New Issue Department. This Department obtains new stamps immediately they appear (including new shades, varieties, provisionals, etc.) and supplies them at once to clients who have given a general order for everything new. See full instructions below.

VIII. Booked Order Department. Clients who wish to ensure receiving anything directly we get it, can book the order. No money need be deposited as a notice of arrival will be sent. If however payment is not made within seven days the stamps will not be reserved any longer but will be returned to stock.

IX. Returns Department. Stamps sent out by our Order Department are not returnable, but will be exchanged if defective. Stamps sent out by our New Issue Department are also not returnable, unless specially marked "on approval," or charged above our usual rate of 1/1 per 1/-, or sent in error. Booked orders are not returnable unless charged at a higher rate than that at which they were booked.

X. Accounts Department. A small account is sent out with every invoice when clients have deposit accounts, thus enabling them to see how their balance stands after each transaction.

XI. Post Office Department. Correspondence is sealed and despatched by this Department and all changes of address should be at once notified to it.

N.B.—As far as possible communications for these departments should be kept distinct, and if possible written on separate sheets of paper, although enclosed in the same envelope. They can then be dealt with simultaneously instead of seriatim, thus avoiding delay.

Regular Weekly Service of New Issues

OUR New Issue Department receives a prompt supply of practically every new Colonial Stamp that is issued, including varieties of shade, perforation, paper, watermark, etc. (also many foreign new issues). About once a week (the day depends on the arrival of the mails) these are distributed amongst clients according to the requirements they have filed. Collectors wishing to take part in our weekly distribution (the promptest, cheapest and *most reliable* in the world) should open a deposit account. Send particulars as to what is required.

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

RATES OF EXCHANGE.

The Straits and Hongkong dollar continued to advance during the past week, as the following quotations show:

Highest quotation given in our last issue, 1/10⅛.
Aug. 27 to Sep. 1.—Th., 1/10⅜; F., 1/10¾; S., 1/10⅜; M., 1/10⅜; Tu., 1/10⅜.

As the rate has not yet touched 1/11 we are still selling Straits and Hongkong stamps as if the face value of $1 was only 1/10, thus making purchasers a present of ⅜d. on every 1/10 or 2½%; in other words, instead of selling at 8½% over face, we are selling at only 5⅛%.

N.B.—The set of Indian stamps overprinted for British East Africa in November, 1895, remained in use till May, 1896, and is now catalogued £7 5s. 9d. It contained precisely the same values as the Somaliland set, which we are now offering for 22/9, and the latter has only been in use three months. The set of Zanzibar on India issued on 10th November, 1895, remained in use till September, 1896, nearly a year, and yet has been so completely absorbed by collectors that it is difficult to get sets much under the catalogue price of £5 5s. In either case a set of complete sheets is unknown.

UNUSED BRITISH COLONIAL STAMPS.

A GOLDEN RULE FOR STAMP INVESTORS, BUY IN COMPLETE SETS RATHER THAN ODDMENTS.

IN making an investment of Stamps, it is necessary above all not to buy too many of any one Stamp. If a large quantity of one kind are acquired, they will be difficult to realise, owing to the necessity of finding a large number of buyers. If on the other hand, a small quantity of a number of different stamps are put by, they can be realized without difficulty on even a small market. The best way to make money out of Colonial stamps at present is to consider oneself the advance agent of a future generation of Collectors, and to put by as many collections of current issues as can be obtained nearly complete. They must be complete, or nearly so, or you will perhaps miss just the stamps which have gone up in price most. It is safe to say that a collector five years hence would cheerfully pay £100 to have the opportunities that are free to everyone to-day.

Ewen's Colonial Stamp Market, Ltd., NORWOOD, LONDON, S.E.

Unused Foreign Stamps in Sets.

So many applications have been made to the Colonial Stamp Market, asking that the various continental and foreign sets of stamps might be quoted, that we have decided in future to establish a Foreign Department. Despite the extra risk and cost of importing (postage being 2½ times as much), we are offering the majority at the same cheap rate as those of the Colonial series.

PRICE LIST, NO 144. SEPTEMBER 12, 1903. [SUPPLEMENT TO "E.W.S.N." No 207

OUR 1903 QUOTATIONS.

ON and after January 1st, 1903, our General Rate for Unused Current Colonial Stamps and New Issues will be 1/1 per 1/- face value (only 8½% commission), strictly subject to payment being made in advance. Special contracts with wholesale buyers can be entered into at from 5% to 7½%; particulars on application, and from time to time we shall make special offers of stamps at face value only. At these remarkably low rates there cannot be the slightest doubt that current unused Colonials are by far the safest and most remunerative investment a Stamp Collector can make. Please note that

WE GUARANTEE OUR RATES LOWER THAN THOSE OF ANY OTHER FIRM.

NOTE.—To obviate the necessity of frequent small remittances clients are recommended to open a current account with us, paying in periodically even sums of £1, £2, or so, as required. Balance will be returned at any time, on demand. Callers at 32 Palace Square can only be seen by appointment; we have no shop and cannot show stamps under any circumstances, as we do not allow our stock to be handled till sold. All stamps are *guaranteed* mint, well centred and unmounted.

Debenture Holders in Ewen's Colonial Stamp Market, Ltd. have special privileges; particulars on application.

Colonial Clients are requested to remit by means of unused sets and high values, and especially provisionals or quite new issues. Rupee = 1/4; American dollar = 4/-. Foreign bank notes accepted as follows:—French, 50fr. = 39/6; German, 20mk. = 19/6; U.S.A., $1 = 4/-.

Terms of Business.

Stamps sent out by our New Issue Department are also not returnable, unless specially marked "on approval," or charged above our usual rate of 1/1 per 1/-, or sent in error. Booked orders are not returnable unless charged at a higher rate than that at which they were booked.

X. Accounts Department. A small account is sent out with every invoice when clients have deposit accounts, thus enabling them to see how their balance stands after each transaction.

XI. Post Office Department. Correspondence is sealed and despatched by this Department and all changes of address should be at once notified to it.

N.B.—As far as possible communications for these departments should be kept distinct, and if possible written on separate sheets of paper, although enclosed in the same envelope. They can then be dealt with simultaneously instead of seriatim, thus avoiding delay.

Regular Weekly Service of New Issues

OUR New Issue Department receives a prompt supply of practically every new Colonial Stamp that is issued, including varieties of shade, perforation, paper, watermark, etc. (also many foreign new issues). About once a week (the day depends on the arrival of the mails) these are distributed amongst clients according to the requirements they have filed. Collectors wishing to take part in our weekly distribution (the promptest, cheapest and *most reliable* in the world) should open a deposit account. Send particulars as to what is required.

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

N.B.—The set of Indian stamps overprinted for British East Africa in November, 1895, remained in use till May, 1896, and is now catalogued £7 5s. 9d. It contained precisely the same values as the Somaliland set, which we are now offering for 22/9, and the latter has only been in use three months. The set of Zanzibar on India issued on 10th November, 1895, remained in use till September, 1896, nearly a year, and yet has been so completely absorbed by collectors that it is difficult to get sets much under the catalogue price of £5 5s. In either case a set of complete sheets is unknown.

UNUSED BRITISH COLONIAL STAMPS.

A GOLDEN RULE FOR STAMP INVESTORS, BUY IN COMPLETE SETS RATHER THAN ODDMENTS.

IN making an investment of Stamps, it is necessary above all not to buy too many of any one Stamp. If a large quantity of one kind are acquired, they will be difficult to realise, owing to the necessity of finding a large number of buyers. If on the other hand, a small quantity of a number of different stamps are put by, they can be realized without difficulty on even a small market. The best way to make money out of Colonial stamps at present is to consider oneself the advance agent of a future generation of Collectors, and to put by as many collections of current issues as can be obtained nearly complete. They must be complete, or nearly so, or you will perhaps miss just the stamps which have gone up in price most. It is safe to say that a collector five years hence would cheerfully pay £100 to have the opportunities that are free to everyone to-day.

Ewen's Colonial Stamp Market, Ltd., NORWOOD, LONDON, S.E.

Unused Foreign Stamps in Sets.

So many applications have been made to the Colonial Stamp Market, asking that the various continental and foreign sets of stamps might be quoted, that we have decided in future to establish a Foreign Department. Despite the extra risk and cost of importing (postage being 2½ times as much), we are offering the majority at the same cheap rate as those of the Colonial series.

N.B.—The set of Indian stamps overprinted for British East Africa in November, 1895, remained in use till May, 1896, and is now catalogued £7 5s. 9d. It contained precisely the same values as the Somaliland set, which we are now offering for 22/9, and the latter has only been in use three months. The set of Zanzibar on India issued on 10th November, 1895, remained in use till September, 1896, nearly a year, and yet has been so completely absorbed by collectors that it is difficult to get sets much under the catalogue price of £5 5s. In either case a set of complete sheets is unknown.

UNUSED BRITISH COLONIAL STAMPS.

A GOLDEN RULE FOR STAMP INVESTORS, BUY IN COMPLETE SETS RATHER THAN ODDMENTS.

IN making an investment of Stamps, it is necessary above all not to buy too many of any one Stamp. If a large quantity of one kind are acquired, they will be difficult to realise, owing to the necessity of finding a large number of buyers. If on the other hand, a small quantity of a number of different stamps are put by, they can be realized without difficulty on even a small market. The best way to make money out of Colonial stamps at present is to consider oneself the advance agent of a future generation of Collectors, and to put by as many collections of current issues as can be obtained nearly complete. They must be complete, or nearly so, or you will perhaps miss just the stamps which have gone up in price most. It is safe to say that a collector five years hence would cheerfully pay £100 to have the opportunities that are free to everyone to-day.

PRICE LIST, No 146. SEPTEMBER 26, 1903. [SUPPLEMENT TO "E.W.S.N." No 209.

OUR 1903 QUOTATIONS.

ON and after January 1st, 1903, our General Rate for Unused Current Colonial Stamps and New Issues will be 1/1 per 1/- face value (only 8½% commission), strictly subject to payment being made in advance. Special contracts with wholesale buyers can be entered into at from 5% to 7½%; particulars on application, and from time to time we shall make special offers of stamps at face value only. At these remarkably low rates there cannot be the slightest doubt that current unused Colonials are by far the safest and most remunerative investment a Stamp Collector can make. Please note that

WE GUARANTEE OUR RATES LOWER THAN THOSE OF ANY OTHER FIRM.

NOTE.—To obviate the necessity of frequent small remittances clients are recommended to open a current account with us, paying in periodically even sums of £1, £2, or so, as required. Balance will be returned at any time, on demand. Callers at 32 Palace Square can only be seen by appointment; we have no shop and cannot show stamps under any circumstances, as we do not allow our stock to be handled till sold. All stamps are *guaranteed* mint, well centred and unmounted.

Debenture Holders in Ewen's Colonial Stamp Market, Ltd. have special privileges; particulars on application.

Colonial Clients are requested to remit by means of unused sets and high values, and especially provisionals or quite new issues. Rupee = 1/4; American dollar = 4/-. Foreign bank notes accepted as follows:—French, 50fr. = 39/6; German, 20mk. = 19/6; U.S.A., $1 = 4/-.

Terms of Business.

CASH WITH ORDER; POSTAGE EXTRA.

All letters requiring an answer should be accompanied by a stamp for reply, and should be addressed to Ewen's Colonial Stamp Market Ltd., Norwood, London, S.E. Correspondence in English, French, German, Spanish, etc. If stamps are desired for payment on delivery permission should be obtained from the Managing Director.

DEPARTMENTS OF OUR BUSINESS.

All business is conducted by post. We have no shop. Separate staff in each Department.

I. Managing Director's Office, where correspondence is received and sorted. Importation Department; Stores Department.

II. Cashier's Office. Foreign bank-notes accepted as follows:—French, 50fr. = 39/6; German, 20 mk. = 19/6; U.S.A., $1 = 4/-. Colonial clients are requested to remit by means of complete unused sets and high values and especially provisionals or quite new issues. Rupee = 1/4; silver dollar, at rate of exchange.

III. Editorial Department. The Editor welcomes correspondence from readers, especially early information of new issues.

IV. Publishing Department. Publication of *E.W.S.N.*, Albums, Catalogues, etc. See back page of *E.W.S.N.*

V. Approval Department. Books of stamps sent on approval to select from. This stock does not include the stamps advertised in *E.W.S.N.* which cannot be sent on approval. See back page of *E.W.S.N.*

VI. Order Department. All orders for stamps advertised in *E.W.S.N.* executed promptly, if accompanied by cash or prepaid. Stamps not advertised are rarely in stock, as they are then handed to the Approval Department.

VII. New Issue Department. This Department obtains new stamps immediately they appear (including new shades, varieties, provisionals, etc.) and supplies them at once to clients who have given a general order for everything new. See full instructions below.

VIII. Booked Order Department. Clients who wish to ensure receiving anything directly we get it, can book the order. No money need be deposited as a notice of arrival will be sent. If however payment is not made within seven days the stamps will not be reserved any longer but will be returned to stock.

IX. Returns Department. Stamps sent out by our Order Department are not returnable, but will be exchanged if defective. Stamps sent out by our New Issue Department are also not returnable, unless specially marked "on approval," or charged above our usual rate of 1/1 per 1/-, or sent in error. Booked orders are not returnable unless charged at a higher rate than that at which they were booked.

X. Accounts Department. A small account is sent out with every invoice when clients have deposit accounts, thus enabling them to see how their balance stands after each transaction.

XI. Post Office Department. Correspondence is sealed and despatched by this Department and all changes of address should be at once notified to it.

N.B.—As far as possible communications for these departments should be kept distinct, and if possible written on separate sheets of paper, although enclosed in the same envelope. They can then be dealt with simultaneously instead of seriatim, thus avoiding delay.

Regular Weekly Service of New Issues

OUR New Issue Department receives a prompt supply of practically every new Colonial Stamp that is issued, including varieties of shade, perforation, paper, watermark, etc. (also many foreign new issues). About once a week (the day depends on the arrival of the mails) these are distributed amongst clients according to the requirements they have filed. Collectors wishing to take part in our weekly distribution (the promptest, cheapest and *most reliable* in the world) should open a deposit account. Send particulars as to what is required.

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

N.B.—The set of Indian stamps overprinted for British East Africa in November, 1895, remained in use till May, 1896, and is now catalogued £7 5s. 9d. It contained precisely the same values as the Somaliland set, which we are now offering for 22/9, and the latter has only been in use three months. The set of Zanzibar on India issued on 10th November, 1895, remained in use till September, 1896, nearly a year, and yet has been so completely absorbed by collectors that it is difficult to get sets much under the catalogue price of £5 5s. In either case a set of complete sheets is unknown.

UNUSED BRITISH COLONIAL STAMPS.

A GOLDEN RULE FOR STAMP INVESTORS, BUY IN COMPLETE SETS RATHER THAN ODDMENTS.

IN making an investment of Stamps, it is necessary above all not to buy too many of any one Stamp. If a large quantity of one kind are acquired, they will be difficult to realise, owing to the necessity of finding a large number of buyers. If on the other hand, a small quantity of a number of different stamps are put by, they can be realized without difficulty on even a small market. The best way to make money out of Colonial stamps at present is to consider oneself the advance agent of a future generation of Collectors, and to put by as many collections of current issues as can be obtained nearly complete. They must be complete, or nearly so, or you will perhaps miss just the stamps which have gone up in price most. It is safe to say that a collector five years hence would cheerfully pay £100 to have the opportunities that are free to everyone to-day.

Ewen's Colonial Stamp Market, Ltd., NORWOOD, LONDON, S.E.

Unused Foreign Stamps in Sets.

So many applications have been made to the Colonial Stamp Market, asking that the various continental and foreign sets of stamps might be quoted, that we have decided in future to establish a Foreign Department. Despite the extra risk and cost of importing (postage being 2½ times as much), we are offering the majority at the same cheap rate as those of the Colonial series.

PRICE LIST, NO 147. OCTOBER 3, 1903. [SUPPLEMENT TO "E.W.S.N." No 210.

OUR 1903 QUOTATIONS.

ON and after January 1st, 1903, our General Rate for Unused Current Colonial Stamps and New Issues will be 1/1 per 1/- face value (only 8½% commission), strictly subject to payment being made in advance. Special contracts with wholesale buyers can be entered into at from 5% to 7½%; particulars on application, and from time to time we shall make special offers of stamps at face value only. At these remarkably low rates there cannot be the slightest doubt that current unused Colonials are by far the safest and most remunerative investment a Stamp Collector can make. Please note that

WE GUARANTEE OUR RATES LOWER THAN THOSE OF ANY OTHER FIRM.

NOTE.—To obviate the necessity of frequent small remittances clients are recommended to open a current account with us, paying in periodically even sums of £1, £2, or so, as required. Balance will be returned at any time, on demand. Callers at 32 Palace Square can only be seen by appointment; we have no shop and cannot show stamps under any circumstances, as we do not allow our stock to be handled till sold. All stamps are *guaranteed* mint, well centred and unmounted.

Debenture Holders in Ewen's Colonial Stamp Market, Ltd. have special privileges; particulars on application.

Colonial Clients are requested to remit by means of unused sets and high values, and especially provisionals or quite new issues. Rupee = 1/4; American dollar = 4/-. Foreign bank notes accepted as follows:—French, 50fr. = 39/6; German, 20mk. = 19/6; U.S.A., $1 = 4/-.

Terms of Business.

CASH WITH ORDER; POSTAGE EXTRA.

All letters requiring an answer should be accompanied by a stamp for reply, and should be addressed to Ewen's Colonial Stamp Market Ltd., Norwood, London, S.E. Correspondence in English, French, German, Spanish, etc. If stamps are desired for payment on delivery permission should be obtained from the Managing Director.

DEPARTMENTS OF OUR BUSINESS.

All business is conducted by post. We have no shop. Separate staff in each Department.

I. Managing Director's Office, where correspondence is received and sorted. Importation Department; Stores Department.

II. Cashier's Office. Foreign bank-notes accepted as follows:—French, 50fr. = 39/6; German, 20 mk. = 19/6; U.S.A., $1 = 4/-. Colonial clients are requested to remit by means of complete unused sets and high values and especially provisionals or quite new issues. Rupee = 1/4; silver dollar, at rate of exchange.

III. Editorial Department. The Editor welcomes correspondence from readers, especially early information of new issues.

IV. Publishing Department. Publication of *E.W.S.N.*, Albums, Catalogues, etc. See back page of *E.W.S.N.*

V. Approval Department. Books of stamps sent on approval to select from. This stock does not include the stamps advertised in *E.W.S.N.* which cannot be sent on approval. See back page of *E.W.S.N.*

VI. Order Department. All orders for stamps advertised in *E.W.S.N.* executed promptly, if accompanied by cash or prepaid. Stamps not advertised are rarely in stock, as they are then handed to the Approval Department.

VII. New Issue Department. This Department obtains new stamps immediately they appear (including new shades, varieties, provisionals, etc.) and supplies them at once to clients who have given a general order for everything new. See full instructions below.

VIII. Booked Order Department. Clients who wish to ensure receiving anything directly we get it, can book the order. No money need be deposited as a notice of arrival will be sent. If however payment is not made within seven days the stamps will not be reserved any longer but will be returned to stock.

IX. Returns Department. Stamps sent out by our Order Department are not returnable, but will be exchanged if defective. Stamps sent out by our New Issue Department are also not returnable, unless specially marked "on approval," or charged above our usual rate of 1/1 per 1/-, or sent in error. Booked orders are not returnable unless charged at a higher rate than that at which they were booked.

X. Accounts Department. A small account is sent out with every invoice when clients have deposit accounts, thus enabling them to see how their balance stands after each transaction.

XI. Post Office Department. Correspondence is sealed and despatched by this Department and all changes of address should be at once notified to it.

N.B.—As far as possible communications for these departments should be kept distinct, and if possible written on separate sheets of paper, although enclosed in the same envelope. They can then be dealt with simultaneously instead of seriatim, thus avoiding delay.

Regular Weekly Service of New Issues

OUR New Issue Department receives a prompt supply of practically every new Colonial Stamp that is issued, including varieties of shade, perforation, paper, watermark, etc. (also many foreign new issues). About once a week (the day depends on the arrival of the mails) these are distributed amongst clients according to the requirements they have filed. Collectors wishing to take part in our weekly distribution (the promptest, cheapest and *most reliable* in the world) should open a deposit account. Send particulars as to what is required.

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

PRIZE OF £5.

A prize of £5 is offered to the Collector who up to the 1st of November next shall have submitted for our inspection the finest specialist collection of the railway letter stamps of any one railway company. Conditions are as follows:—

1.—There must be at least three entries, otherwise a consolation prize of £1 only will be awarded.

2.—The Collection must be of the catalogue value of at least £5.

3.—Care in classification, neatness of arrangement and mounting, and intelligence in selecting specimens will be taken into special account.

4.—Damaged or dirty specimens will be considered better than none at all.

If the £5 prize is not won this time, it will be offered again. If the standard of collections is high, we may also offer a bigger prize later. A 'specialist' collection of railway letter stamps may be defined as one which not only takes note of the different printings but also of the different types on the sheets of each printing. We strongly recommend anyone interested in these stamps not to make a general collection but to specialize the issues of a single company.

N.B.—The set of Indian stamps overprinted for British East Africa in November, 1895, remained in use till May, 1896, and is now catalogued £7 5s. 9d. It contained precisely the same values as the Somaliland set, which we are now offering for 22/9, and the latter has only been in use three months. The set of Zanzibar on India issued on 10th November, 1895, remained in use till September, 1896, nearly a year, and yet has been so completely absorbed by collectors that it is difficult to get sets much under the catalogue price of £5 5s. In either case a set of complete sheets is unknown.

UNUSED BRITISH COLONIAL STAMPS.

A GOLDEN RULE FOR STAMP INVESTORS, BUY IN COMPLETE SETS RATHER THAN ODDMENTS.

IN making an investment of Stamps, it is necessary above all not to buy too many of any one Stamp. If a large quantity of one kind are acquired, they will be difficult to realise, owing to the necessity of finding a large number of buyers. If on the other hand, a small quantity of a number of different stamps are put by, they can be realized without difficulty on even a small market. The best way to make money out of Colonial stamps at present is to consider oneself the advance agent of a future generation of Collectors, and to put by as many collections of current issues as can be obtained nearly complete. They must be complete, or nearly so, or you will perhaps miss just the stamps which have gone up in price most. It is sate to say that a collector five years hence would cheerfully pay £100 to have the opportunities that are free to everyone to-day.

Ewen's Colonial Stamp Market, Ltd., NORWOOD, LONDON, S.E.

Unused Foreign Stamps in Sets.

So many applications have been made to the Colonial Stamp Market, asking that the various continental and foreign sets of stamps might be quoted, that we have decided in future to establish a Foreign Department. Despite the extra risk and cost of importing (postage being 2½ times as much), we are offering the majority at the same cheap rate as those of the Colonial series.

OUR 1903 QUOTATIONS.

ON and after January 1st, 1903, our General Rate for Unused Current Colonial Stamps and New Issues will be 1/1 per 1/- face value (only 8½% commission), strictly subject to payment being made in advance. Special contracts with wholesale buyers can be entered into at from 5% to 7½%; particulars on application, and from time to time we shall make special offers of stamps at face value only. IV. Publishing Department. Publication of *E.W.S.N.*, Albums, Catalogues, etc. See back page of *E.W.S.N.*

V. Approval Department. Books of stamps sent on approval to select from. This stock does not include the stamps advertised in *E.W.S.N.* which cannot be sent on approval. See back page of *E.W.S.N.*

VI. Order Department. All orders for stamps advertised in *E.W.S.N.* executed promptly, if accompanied by cash or prepaid. Stamps not advertised are rarely in stock, as they are then handed to the Approval Department.

VII. New Issue Department. This Department obtains new stamps immediately they appear (including new shades, varieties, provisionals, etc.) and supplies them at once to clients who have given a general order for everything new. See full instructions below.

VIII. Booked Order Department. Clients who wish to ensure receiving anything directly we get it, can book the order. No money need be deposited as a notice of arrival will be sent. If however payment is not made within seven days the stamps will not be reserved any longer but will be returned to stock.

IX. Returns Department. Stamps sent out by our Order Department are not returnable, but will be exchanged if defective. Stamps sent out by our New Issue Department are also not returnable, unless specially marked "on approval," or charged above our usual rate of 1/1 per 1/-, or sent in error. Booked orders are not returnable unless charged at a higher rate than that at which they were booked.

X. Accounts Department. A small account is sent out with every invoice when clients have deposit accounts, thus enabling them to see how their balance stands after each transaction.

XI. Post Office Department. Correspondence is sealed and despatched by this Department and all changes of address should be at once notified to it.

N.B.—As far as possible communications for these departments should be kept distinct, and if possible written on separate sheets of paper, although enclosed in the same envelope. They can then be dealt with simultaneously instead of seriatim, thus avoiding delay.

Regular Weekly Service of New Issues

OUR New Issue Department receives a prompt supply of practically every new Colonial Stamp that is issued, including varieties of shade, perforation, paper, watermark, etc. (also many foreign new issues). About once a week (the day depends on the arrival of the mails) these are distributed amongst clients according to the requirements they have filed. Collectors wishing to take part in our weekly distribution (the promptest, cheapest and *most reliable* in the world) should open a deposit account. Send particulars as to what is required.

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

N.B.—The set of Indian stamps overprinted for British East Africa in November, 1895, remained in use till May, 1896, and is now catalogued £7 5s. 9d. It contained precisely the same values as the Somaliland set, which we are now offering for 22/9, and the latter has only been in use three months. The set of Zanzibar on India issued on 10th November, 1895, remained in use till September, 1896, nearly a year, and yet has been so completely absorbed by collectors that it is difficult to get sets much under the catalogue price of £5 5s. In either case a set of complete sheets is unknown.

UNUSED BRITISH COLONIAL STAMPS.

A GOLDEN RULE FOR STAMP INVESTORS, BUY IN COMPLETE SETS RATHER THAN ODDMENTS.

IN making an investment of Stamps, it is necessary above all not to buy too many of any one Stamp. If a large quantity of one kind are acquired, they will be difficult to realise, owing to the necessity of finding a large number of buyers. If on the other hand, a small quantity of a number of different stamps are put by, they can be realized without difficulty on even a small market. The best way to make money out of Colonial stamps at present is to consider oneself the advance agent of a future generation of Collectors, and to put by as many collections of current issues as can be obtained nearly complete. They must be complete, or nearly so, or you will perhaps miss just the stamps which have gone up in price most. It is sate to say that a collector five years hence would cheerfully pay £100 to have the opportunities that are free to everyone to-day.

Ewen's Colonial Stamp Market, Ltd., NORWOOD, LONDON, S.E.

Unused Foreign Stamps in Sets.

So many applications have been made to the Colonial Stamp Market, asking that the various continental and foreign sets of stamps might be quoted, that we have decided in future to establish a Foreign Department. Despite the extra risk and cost of importing (postage being 2½ times as much), we are offering the majority at the same cheap rate as those of the Colonial series.

OUR 1903 QUOTATIONS.

ON and after January 1st, 1903, our General Rate for Unused Current Colonial Stamps and New Issues will be 1/1 per 1/- face value (only 8½% commission), strictly subject to payment being made in advance. Special contracts with wholesale buyers can be entered into at from 5% to 7½%; particulars on application, and from time to time we shall make special offers of stamps at face value only. Callers at 32 Palace Square can only be seen by appointment; we have no shop and cannot show stamps under any circumstances, as we do not allow our stock to be handled till sold. All stamps are *guaranteed* mint, well centred and unmounted.

All business is conducted by post. We have no shop. Separate staff in each Department.

I. Managing Director's Office, where correspondence is received and sorted. Importation Department; Stores Department.

II. Cashier's Office. Foreign bank-notes accepted as follows:—French, 50fr.=39/6; German, 20 mk.=19/6; U.S.A., $1=4/-. Colonial clients are requested to remit by means of complete unused sets and high values and especially provisionals or quite new issues. Rupee=1/4; silver dollar, at rate of exchange.

III. Editorial Department. The Editor welcomes correspondence from readers, especially early information of new issues.

IV. Publishing Department. Publication of *E.W.S.N.*, Albums, Catalogues, etc. See back page of *E.W.S.N.*

V. Approval Department. Books of stamps sent on approval to select from. This stock does not include the stamps advertised in *E.W.S.N.* which cannot be sent on approval. See back page of *E.W.S.N.*

VI. Order Department. All orders for stamps advertised in *E.W.S.N.* executed promptly, if accompanied by cash or prepaid. Stamps not advertised are rarely in stock, as they are then handed to the Approval Department.

VII. New Issue Department. This Department obtains new stamps immediately they appear (including new shades, varieties, provisionals, etc.) and supplies them at once to clients who have given a general order for everything new. See full instructions below.

VIII. Booked Order Department. Clients who wish to ensure receiving anything directly we get it, can book the order. No money need be deposited as a notice of arrival will be sent. If however payment is not made within seven days the stamps will not be reserved any longer but will be returned to stock.

IX. Returns Department. Stamps sent out by our Order Department are not returnable, but will be exchanged if defective. Stamps sent out by our New Issue Department are also not returnable, unless specially marked "on approval," or charged above our usual rate of 1/1 per 1/-, or sent in error. Booked orders are not returnable unless charged at a higher rate than that at which they were booked.

X. Accounts Department. A small account is sent out with every invoice when clients have deposit accounts, thus enabling them to see how their balance stands after each transaction.

XI. Post Office Department. Correspondence is sealed and despatched by this Department and all changes of address should be at once notified to it.

N.B.—As far as possible communications for these departments should be kept distinct, and if possible written on separate sheets of paper, although enclosed in the same envelope. They can then be dealt with simultaneously instead of seriatim, thus avoiding delay.

Regular Weekly Service of New Issues

OUR New Issue Department receives a prompt supply of practically every new Colonial Stamp that is issued, including varieties of shade, perforation, paper, watermark, etc. (also many foreign new issues). About once a week (the day depends on the arrival of the mails) these are distributed amongst clients according to the requirements they have filed. Collectors wishing to take part in our weekly distribution (the promptest, cheapest and *most reliable* in the world) should open a deposit account. Send particulars as to what is required.

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

RAILWAY LETTER STAMPS.

Collectors seem remarkably loth to sell their railway letter stamps. The Editor is always anxious to buy them, but they want dragging from their owners. Every other class of stamps comes up at auction, but railway letter stamps practically never. Collectors are constantly breaking up collections, but the collections never seem to contain any railway letter stamps. The Editor has been hard at work trying to buy them ever since he got his dividends from the Colonial Stamp Market, but in fourteen weeks has only succeeded in investing just £97 15s. 5d. in these singularly elusive stamps. Where are they? Surely many who do not collect them would be glad to exchange for hard cash, or is it that everyone is secretly trying to corner the market? There is a mystery somewhere. If any reader should however be tempted to sell, the Editor is quite willing to pay handsomely for varieties required for his private collection.

N.B.—The set of Indian stamps overprinted for British East Africa in November, 1895, remained in use till May, 1896, and is now catalogued £7 5s. 9d. It contained precisely the same values as the Somaliland set, which we are now offering for 22/9, and the latter has only been in use three months. The set of Zanzibar on India issued on 10th November, 1895, remained in use till September, 1896, nearly a year, and yet has been so completely absorbed by collectors that it is difficult to get sets much under the catalogue price of £5 5s. In either case a set of complete sheets is unknown.

UNUSED BRITISH COLONIAL STAMPS.

A GOLDEN RULE FOR STAMP INVESTORS, BUY IN COMPLETE SETS RATHER THAN ODDMENTS.

IN making an investment of Stamps, it is necessary above all not to buy too many of any one Stamp. If a large quantity of one kind are acquired, they will be difficult to realise, owing to the necessity of finding a large number of buyers. If on the other hand, a small quantity of a number of different stamps are put by, they can be realized without difficulty on even a small market. The best way to make money out of Colonial stamps at present is to consider oneself the advance agent of a future generation of Collectors, and to put by as many collections of current issues as can be obtained nearly complete. They must be complete, or nearly so, or you will perhaps miss just the stamps which have gone up in price most. It is safe to say that a collector five years hence would cheerfully pay £100 to have the opportunities that are free to everyone to-day.

Ewen's Colonial Stamp Market, Ltd., NORWOOD, LONDON, S.E.

Unused Foreign Stamps in Sets.

So many applications have been made to the Colonial Stamp Market, asking that the various continental and foreign sets of stamps might be quoted, that we have decided in future to establish a Foreign Department. Despite the extra risk and cost of importing (postage being 2½ times as much), we are offering the majority at the same cheap rate as those of the Colonial series.

PRICE LIST, NO 150. OCTOBER 24, 1903. [SUPPLEMENT TO "E.W.S.N." No 213.

OUR 1903 QUOTATIONS.

ON and after January 1st, 1903, our General Rate for Unused Current Colonial Stamps and New Issues will be 1/1 per 1/- face value (only 8½% commission), strictly subject to payment being made in advance. Special contracts with wholesale buyers can be entered into at from 5% to 7½%; particulars on application, and from time to time we shall make special offers of stamps at face value only. At these remarkably low rates there cannot be the slightest doubt that current unused Colonials are by far the safest and most remunerative investment a Stamp Collector can make. Please note that

WE GUARANTEE OUR RATES LOWER THAN THOSE OF ANY OTHER FIRM.

NOTE.—To obviate the necessity of frequent small remittances clients are recommended to open a current account with us, paying in periodically even sums of £1, £2, or so, as required. Balance will be returned at any time, on demand. Callers at 32 Palace Square can only be seen by appointment; we have no shop and cannot show stamps under any circumstances, as we do not allow our stock to be handled till sold. All stamps are *guaranteed* mint, well centred and unmounted.

Debenture Holders in Ewen's Colonial Stamp Market, Ltd. have special privileges; particulars on application.

Colonial Clients are requested to remit by means of unused sets and high values, and especially provisionals or quite new issues. Rupee = 1/4; American dollar = 4/-. Foreign bank notes accepted as follows:—French, 50fr. = 39/6; German, 20mk. = 19/6; U.S.A., $1 = 4/-.

Terms of Business.

CASH WITH ORDER; POSTAGE EXTRA.

All letters requiring an answer should be accompanied by a stamp for reply, and should be addressed to Ewen's Colonial Stamp Market Ltd., Norwood, London, S.E. Correspondence in English, French German, Spanish, Russian, etc.

DEPARTMENTS OF OUR BUSINESS.

All business is conducted by post. We have no shop. Separate staff in each Department.

I. Managing Director's Office, where correspondence is received and sorted. Importation Department; Stores Department.

II. Cashier's Office. Foreign bank-notes accepted as follows:—French, 50fr. = 39/6; German, 20 mk. = 19/6; U.S.A., $1 = 4/-. Colonial clients are requested to remit by means of complete unused sets and high values and especially provisionals or quite new issues. Rupee = 1/4; silver dollar, at rate of exchange.

III. Editorial Department. The Editor welcomes correspondence from readers, especially early information of new issues.

IV. Publishing Department. Publication of *E.W.S.N.*, Albums, Catalogues, etc. See back page of *E.W.S.N.*

V. Approval Department. Books of stamps sent on approval to select from. This stock does not include the stamps advertised in *E.W.S.N.* which cannot be sent on approval. See back page of *E.W.S.N.*

VI. Order Department. All orders for stamps advertised in *E.W.S.N.* executed promptly, if accompanied by cash or prepaid. Stamps not advertised are rarely in stock, as they are then handed to the Approval Department.

VII. New Issue Department. This Department obtains new stamps immediately they appear (including new shades, varieties, provisionals, etc.) and supplies them at once to clients who have given a general order for everything new. See full instructions below.

VIII. Booked Order Department. Clients who wish to ensure receiving anything directly we get it, can book the order. No money need be deposited as a notice of arrival will be sent. If however payment is not made within seven days the stamps will not be reserved any longer but will be returned to stock.

IX. Returns Department. Stamps sent out by our Order Department are not returnable, but will be exchanged if defective. Stamps sent out by our New Issue Department are also not returnable, unless specially marked "on approval," or charged above our usual rate of 1/1 per 1/-, or sent in error. Booked orders are not returnable unless charged at a higher rate than that at which they were booked.

X. Accounts Department. A small account is sent out with every invoice when clients have deposit accounts, thus enabling them to see how their balance stands after each transaction.

XI. Post Office Department. Correspondence is sealed and despatched by this Department and all changes of address should be at once notified to it.

N.B.—As far as possible communications for these departments should be kept distinct, and if possible written on separate sheets of paper, although enclosed in the same envelope. They can then be dealt with simultaneously instead of seriatim, thus avoiding delay.

Regular Weekly Service of New Issues

OUR New Issue Department receives a prompt supply of practically every new Colonial Stamp that is issued, including varieties of shade, perforation, paper, watermark, etc. (also many foreign new issues). About once a week (the day depends on the arrival of the mails) these are distributed amongst clients according to the requirements they have filed. Collectors wishing to take part in our weekly distribution (the promptest, cheapest and *most reliable* in the world) should open a deposit account. Send particulars as to what is required.

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

N.B.—The set of Indian stamps overprinted for British East Africa in November, 1895, remained in use till May, 1896, and is now catalogued £7 5s. 9d. It contained precisely the same values as the Somaliland set, which we are now offering for 22/9, and the latter has only been in use three months. The set of Zanzibar on India issued on 10th November, 1895, remained in use till September, 1896, nearly a year, and yet has been so completely absorbed by collectors that it is difficult to get sets much under the catalogue price of £5 5s. In either case a set of complete sheets is unknown.

For fine unused copies on white paper, cut square, the Editor offers £1 each for the first specimens submitted. UNUSED BRITISH COLONIAL STAMPS.

A GOLDEN RULE FOR STAMP INVESTORS, BUY IN COMPLETE SETS RATHER THAN ODDMENTS.

IN making an investment of Stamps, it is necessary above all not to buy too many of any one Stamp. If a large quantity of one kind are acquired, they will be difficult to realise, owing to the necessity of finding a large number of buyers. If on the other hand, a small quantity of a number of different stamps are put by, they can be realized without difficulty on even a small market. The best way to make money out of Colonial stamps at present is to consider oneself the advance agent of a future generation of Collectors, and to put by as many collections of current issues as can be obtained nearly complete. They must be complete, or nearly so, or you will perhaps miss just the stamps which have gone up in price most. It is safe to say that a collector five years hence would cheerfully pay £100 to have the opportunities that are free to everyone to-day.

Ewen's Colonial Stamp Market, Ltd., NORWOOD, LONDON, S.E.

Unused Foreign Stamps in Sets.

So many applications have been made to the Colonial Stamp Market, asking that the various continental and foreign sets of stamps might be quoted, that we have decided in future to establish a Foreign Department. Despite the extra risk and cost of importing (postage being 2½ times as much), we are offering the majority at the same cheap rate as those of the Colonial series.

PRICE LIST, NO 151. OCTOBER 31, 1903. [SUPPLEMENT TO "E.W.S.N." No 214.

OUR 1903 QUOTATIONS.

ON and after January 1st, 1903, our General Rate for Unused Current Colonial Stamps and New Issues will be 1/1 per 1/- face value (only 8⅓% commission), strictly subject to payment being made in advance. Special contracts with wholesale buyers can be entered into at from 5% to 7½%; particulars on application, and from time to time we shall make special offers of stamps at face value only. At these remarkably low rates there cannot be the slightest doubt that current unused Colonials are by far the safest and most remunerative investment a Stamp Collector can make. Please note that

WE GUARANTEE OUR RATES LOWER THAN THOSE OF ANY OTHER FIRM.

NOTE.—To obviate the necessity of frequent small remittances clients are recommended to open a current account with us, paying in periodically even sums of £1, £2, or so, as required. Balance will be returned at any time, on demand. Callers at 32 Palace Square can only be seen by appointment; we have no shop and cannot show stamps under any circumstances, as we do not allow our stock to be handled till sold. All stamps are *guaranteed* mint, well centred and unmounted.

Debenture Holders in Ewen's Colonial Stamp Market, Ltd. have special privileges; particulars on application.

Colonial Clients are requested to remit by means of unused sets and high values, and especially provisionals or quite new issues. Rupee=1/4; American dollar=4/-. Foreign bank notes accepted as follows:—French, 50fr.=39/6; German, 20mk.=19/6; U.S.A., $1=4/-.

Terms of Business.

CASH WITH ORDER; POSTAGE EXTRA.

All letters requiring an answer should be accompanied by a stamp for reply, and should be addressed to Ewen's Colonial Stamp Market Ltd., Norwood, London, S.E. Correspondence in English, French German, Spanish, Russian, etc.

DEPARTMENTS OF OUR BUSINESS.

All business is conducted by post. We have no shop. Separate staff in each Department.

I. Managing Director's Office, where correspondence is received and sorted. Importation Department; Stores Department.

II. Cashier's Office. Foreign bank-notes accepted as follows:—French, 50fr.=39/6; German, 20 mk.=19/6; U.S.A., $1=4/-. Colonial clients are requested to remit by means of complete unused sets and high values and especially provisionals or quite new issues. Rupee=1/4; silver dollar, at rate of exchange.

III. Editorial Department. The Editor welcomes correspondence from readers, especially early information of new issues.

IV. Publishing Department. Publication of *E.W.S.N.*, Albums. Catalogues, etc. See back page of *E.W.S.N.*

V. Approval Department. Books of stamps sent on approval to select from. This stock does not include the stamps advertised in *E.W.S.N.* which cannot be sent on approval. See back page of *E.W.S.N.*

VI. Order Department. All orders for stamps advertised in *E.W.S.N.* executed promptly, if accompanied by cash or prepaid. Stamps not advertised are rarely in stock, as they are then handed to the Approval Department.

VII. New Issue Department. This Department obtains new stamps immediately they appear (including new shades, varieties, provisionals, etc.) and supplies them at once to clients who have given a general order for everything new. See full instructions below.

VIII. Booked Order Department. Clients who wish to ensure receiving anything directly we get it, can book the order. No money need be deposited as a notice of arrival will be sent. If however payment is not made within seven days the stamps will not be reserved any longer but will be returned to stock.

IX. Returns Department. Stamps sent out by our Order Department are not returnable, but will be exchanged if defective. Stamps sent out by our New Issue Department are also not returnable, unless specially marked "on approval," or charged above our usual rate of 1/1 per 1/-, or sent in error. Booked orders are not returnable unless charged at a higher rate than that at which they were booked.

X. Accounts Department. A small account is sent out with every invoice when clients have deposit accounts, thus enabling them to see how their balance stands after each transaction.

XI. Post Office Department. Correspondence is sealed and despatched by this Department and all changes of address should be at once notified to it.

N.B.—As far as possible communications for these departments should be kept distinct, and if possible written on separate sheets of paper, although enclosed in the same envelope. They can then be dealt with simultaneously instead of seriatim, thus avoiding delay.

Regular Weekly Service of New Issues

OUR New Issue Department receives a prompt supply of practically every new Colonial Stamp that is issued, including varieties of shade, perforation, paper, watermark, etc. (also many foreign new issues). About once a week (the day depends on the arrival of the mails) these are distributed amongst clients according to the requirements they have filed. Collectors wishing to take part in our weekly distribution (the promptest, cheapest and *most reliable* in the world) should open a deposit account. Send particulars as to what is required.

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

BRITISH SOMALILAND.

Overprinted on Queen's Head Indian.

Set, ½ anna to 1 rupee, 6/1; blocks, 24/4.
2 rupees, 3/4; block, 13/4; mint pane of 12, £2.
3 " 5/-; block, 20/-; mint pane of 12, £3.
5 " 8/4; block, 33/4; mint pane of 12, £5.

N.B.—The set of Indian stamps overprinted for British East Africa in November, 1895, remained in use till May, 1896, and is now catalogued £7 5s. 9d. It contained precisely the same values as the Somaliland set, which we are now offering for 22/9, and the latter has only been in use three months. The set of Zanzibar on India issued on 10th November, 1895, remained in use till September, 1896, nearly a year, and yet has been so completely absorbed by collectors that it is difficult to get sets much under the catalogue price of £5 5s. In either case a set of complete sheets is unknown.

ENVELOPE STAMPS.

Great Britain, 1/- green, dies 7, 8.

For fine unused copies on white paper, cut square, the Editor offers £1 each for the first specimens submitted. They must be absolutely irreproachable as regards condition, and it doesn't matter in the least what sort of a document they were originally struck on (whether an envelope, label, telegram form, etc.), so long as the die-number is clear and the paper white.

CEYLON, King.

(N.B.—The 4c. is now in a new shade).

4c. orange shade (darker than before), King, 1d.; block, 3½d.; per dozen, 9d.

UNUSED BRITISH COLONIAL STAMPS.

A GOLDEN RULE FOR STAMP INVESTORS, BUY IN COMPLETE SETS RATHER THAN ODDMENTS.

IN making an investment of Stamps, it is necessary above all not to buy too many of any one Stamp. If a large quantity of one kind are acquired, they will be difficult to realise, owing to the necessity of finding a large number of buyers. If on the other hand, a small quantity of a number of different stamps are put by, they can be realized without difficulty on even a small market. The best way to make money out of Colonial stamps at present is to consider oneself the advance agent of a future generation of Collectors, and to put by as many collections of current issues as can be obtained nearly complete. They must be complete, or nearly so, or you will perhaps miss just the stamps which have gone up in price most. It is safe to say that a collector five years hence would cheerfully pay £100 to have the opportunities that are free to everyone to-day.

Ewen's Colonial Stamp Market, Ltd., NORWOOD, LONDON, S.E.

Unused Foreign Stamps in Sets.

So many applications have been made to the Colonial Stamp Market, asking that the various continental and foreign sets of stamps might be quoted, that we have decided in future to establish a Foreign Department. Despite the extra risk and cost of importing (postage being 2½ times as much), we are offering the majority at the same cheap rate as those of the Colonial series.

PRICE LIST, NO 152 NOVEMBER 7, 1903. [SUPPLEMENT TO "E.W.S.N." No 215.

OUR 1903 QUOTATIONS.

ON and after January 1st, 1903, our General Rate for Unused Current Colonial Stamps and New Issues will be 1/1 per 1/- face value (only 8⅓% commission), strictly subject to payment being made in advance. Special contracts with wholesale buyers can be entered into at from 5% to 7½%; particulars on application, and from time to time we shall make special offers of stamps at face value only. At these remarkably low rates there cannot be the slightest doubt that current unused Colonials are by far the safest and most remunerative investment a Stamp Collector can make. Please note that

WE GUARANTEE OUR RATES LOWER THAN THOSE OF ANY OTHER FIRM.

NOTE.—To obviate the necessity of frequent small remittances clients are recommended to open a current account with us, paying in periodically even sums of £1, £2, or so, as required. Balance will be returned at any time, on demand. Callers at 32 Palace Square can only be seen by appointment; we have no shop and cannot show stamps under any circumstances, as we do not allow our stock to be handled till sold. All stamps are *guaranteed* mint, well centred and unmounted.

Debenture Holders in Ewen's Colonial Stamp Market, Ltd. have special privileges; particulars on application.

Colonial Clients are requested to remit by means of unused sets and high values, and especially provisionals or quite new issues. Rupee = 1/4; American dollar = 4/-. Foreign bank notes accepted as follows:—French, 50fr. = 39/6; German, 20mk. = 19/6; U.S.A., $1 = 4/-.

Terms of Business.

CASH WITH ORDER; POSTAGE EXTRA.

All letters requiring an answer should be accompanied by a stamp for reply, and should be addressed to Ewen's Colonial Stamp Market Ltd., Norwood, London, S.E. Correspondence in English, French German, Spanish, Russian, etc.

DEPARTMENTS OF OUR BUSINESS.

All business is conducted by post. We have no shop. Separate staff in each Department.

I. Managing Director's Office, where correspondence is received and sorted. Importation Department; Stores Department.

II. Cashier's Office. Foreign bank-notes accepted as follows:—French, 50fr. = 39/6; German, 20 mk. = 19/6; U.S.A., $1 = 4/-. Colonial clients are requested to remit by means of complete unused sets and high values and especially provisionals or quite new issues. Rupee = 1/4; silver dollar, at rate of exchange.

III. Editorial Department. The Editor welcomes correspondence from readers, especially early information of new issues.

IV. Publishing Department. Publication of *E.W.S.N.*, Albums, Catalogues, etc. See back page of *E.W.S.N.*

V. Approval Department. Books of stamps sent on approval to select from. This stock does not include the stamps advertised in *E.W.S.N.* which cannot be sent on approval. See back page of *E.W.S.N.*

VI. Order Department. All orders for stamps advertised in *E.W.S.N.* executed promptly, if accompanied by cash or prepaid. Stamps not advertised are rarely in stock, as they are then handed to the Approval Department.

VII. New Issue Department. This Department obtains new stamps immediately they appear (including new shades, varieties, provisionals, etc.) and supplies them at once to clients who have given a general order for everything new. See full instructions below.

VIII. Booked Order Department. Clients who wish to ensure receiving anything directly we get it, can book the order. No money need be deposited as a notice of arrival will be sent. If however payment is not made within seven days the stamps will not be reserved any longer but will be returned to stock.

IX. Returns Department. Stamps sent out by our Order Department are not returnable, but will be exchanged if defective. Stamps sent out by our New Issue Department are also not returnable, unless specially marked "on approval," or charged above our usual rate of 1/1 per 1/-, or sent in error. Booked orders are not returnable unless charged at a higher rate than that at which they were booked.

X. Accounts Department. A small account is sent out with every invoice when clients have deposit accounts, thus enabling them to see how their balance stands after each transaction.

XI. Post Office Department. Correspondence is sealed and despatched by this Department and all changes of address should be at once notified to it.

N.B.—As far as possible communications for these departments should be kept distinct, and if possible written on separate sheets of paper, although enclosed in the same envelope. They can then be dealt with simultaneously instead of seriatim, thus avoiding delay.

Regular Weekly Service of New Issues

OUR New Issue Department receives a prompt supply of practically every new Colonial Stamp that is issued, including varieties of shade, perforation, paper, watermark, etc. (also many foreign new issues). About once a week (the day depends on the arrival of the mails) these are distributed amongst clients according to the requirements they have filed. Collectors wishing to take part in our weekly distribution (the promptest, cheapest and *most reliable* in the world) should open a deposit account. Send particulars as to what is required.

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

N.B.—The set of Indian stamps overprinted for British East Africa in November, 1895, remained in use till May, 1896, and is now catalogued £7 5s. 9d. It contained precisely the same values as the Somaliland set, which we are now offering for 22/9, and the latter has only been in use three months. The set of Zanzibar on India issued on 10th November, 1895, remained in use till September, 1896, nearly a year, and yet has been so completely absorbed by collectors that it is difficult to get sets much under the catalogue price of £5 5s. In either case a set of complete sheets is unknown.

UNUSED BRITISH COLONIAL STAMPS.

A GOLDEN RULE FOR STAMP INVESTORS, BUY IN COMPLETE SETS RATHER THAN ODDMENTS.

IN making an investment of Stamps, it is necessary above all not to buy too many of any one Stamp. If a large quantity of one kind are acquired, they will be difficult to realise, owing to the necessity of finding a large number of buyers. If on the other hand, a small quantity of a number of different stamps are put by, they can be realized without difficulty on even a small market. The best way to make money out of Colonial stamps at present is to consider oneself the advance agent of a future generation of Collectors, and to put by as many collections of current issues as can be obtained nearly complete. They must be complete, or nearly so, or you will perhaps miss just the stamps which have gone up in price most. It is safe to say that a collector five years hence would cheerfully pay £100 to have the opportunities that are free to everyone to-day.

Ewen's Colonial Stamp Market, Ltd., NORWOOD, LONDON, S.E.

Unused Foreign Stamps in Sets.

So many applications have been made to the Colonial Stamp Market, asking that the various continental and foreign sets of stamps might be quoted, that we have decided in future to establish a Foreign Department. Despite the extra risk and cost of importing (postage being 2½ times as much), we are offering the majority at the same cheap rate as those of the Colonial series.

PRICE LIST, NO 153. NOVEMBER 14, 1903. [SUPPLEMENT TO "E.W.S.N." No 216

OUR 1903 QUOTATIONS.

ON and after January 1st, 1903, our General Rate for Unused Current Colonial Stamps and New Issues will be 1/1 per 1/- face value (only 8⅓% commission), strictly subject to payment being made in advance. Special contracts with wholesale buyers can be entered into at from 5% to 7½%; particulars on application, and from time to time we shall make special offers of stamps at face value only. At these remarkably low rates there cannot be the slightest doubt that current unused Colonials are by far the safest and most remunerative investment a Stamp Collector can make. Please note that

WE GUARANTEE OUR RATES LOWER THAN THOSE OF ANY OTHER FIRM.

NOTE.—To obviate the necessity of frequent small remittances clients are recommended to open a current account with us, paying in periodically even sums of £1, £2, or so, as required. Balance will be returned at any time, on demand. Callers at 32 Palace Square can only be seen by appointment; we have no shop and cannot show stamps under any circumstances, as we do not allow our stock to be handled till sold. All stamps are *guaranteed* mint, well centred and unmounted.

Debenture Holders in Ewen's Colonial Stamp Market, Ltd. have special privileges; particulars on application.

Colonial Clients are requested to remit by means of unused sets and high values, and especially provisionals or quite new issues. Rupee=1/4; American dollar=4/-. Foreign bank notes accepted as follows:—French, 50fr.=39/6; German, 20mk.=19/6; U.S.A., $1=4/-.

Terms of Business.

CASH WITH ORDER; POSTAGE EXTRA.

All letters requiring an answer should be accompanied by a stamp for reply, and should be addressed to Ewen's Colonial Stamp Market Ltd., Norwood, London, S.E. Correspondence in English, French German, Spanish, Russian, etc.

DEPARTMENTS OF OUR BUSINESS.

All business is conducted by post. We have no shop. Separate staff in each Department.

I. Managing Director's Office, where correspondence is received and sorted. Importation Department; Stores Department.

II. Cashier's Office. Foreign bank-notes accepted as follows:—French, 50fr.=39/6; German, 20 mk.=19/6; U.S.A., $1=4/-. Colonial clients are requested to remit by means of complete unused sets and high values and especially provisionals or quite new issues. Rupee=1/4; silver dollar, at rate of exchange.

III. Editorial Department. The Editor welcomes correspondence from readers, especially early information of new issues.

IV. Publishing Department. Publication of *E.W.S.N.*, Albums, Catalogues, etc. See back page of *E.W.S.N.*

V. Approval Department. Books of stamps sent on approval to select from. This stock does not include the stamps advertised in *E.W.S.N.* which cannot be sent on approval. See back page of *E.W.S.N.*

VI. Order Department. All orders for stamps advertised in *E.W.S.N.* executed promptly, if accompanied by cash or prepaid. Stamps not advertised are rarely in stock, as they are then handed to the Approval Department.

VII. New Issue Department. This Department obtains new stamps immediately they appear (including new shades, varieties, provisionals, etc.) and supplies them at once to clients who have given a general order for everything new. See full instructions below.

VIII. Booked Order Department. Clients who wish to ensure receiving anything directly we get it, can book the order. No money need be deposited as a notice of arrival will be sent. If however payment is not made within seven days the stamps will not be reserved any longer but will be returned to stock.

IX. Returns Department. Stamps sent out by our Order Department are not returnable, but will be exchanged if defective. Stamps sent out by our New Issue Department are also not returnable, unless specially marked "on approval," or charged above our usual rate of 1/1 per 1/-, or sent in error. Booked orders are not returnable unless charged at a higher rate than that at which they were booked.

X. Accounts Department. A small account is sent out with every invoice when clients have deposit accounts, thus enabling them to see how their balance stands after each transaction.

XI. Post Office Department. Correspondence is sealed and despatched by this Department and all changes of address should be at once notified to it.

N.B.—As far as possible communications for these departments should be kept distinct, and if possible written on separate sheets of paper, although enclosed in the same envelope. They can then be dealt with simultaneously instead of seriatim, thus avoiding delay.

Regular Weekly Service of New Issues

OUR New Issue Department receives a prompt supply of practically every new Colonial Stamp that is issued, including varieties of shade, perforation, paper, watermark, etc. (also many foreign new issues). About once a week (the day depends on the arrival of the mails) these are distributed amongst clients according to the requirements they have filed. Collectors wishing to take part in our weekly distribution (the promptest, cheapest and *most reliable* in the world) should open a deposit account. Send particulars as to what is required.

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

N.B.—The set of Indian stamps overprinted for British East Africa in November, 1895, remained in use till May, 1896, and is now catalogued £7 5s. 9d. It contained precisely the same values as the Somaliland set, which we are now offering for 22/9, and the latter has only been in use three months. The set of Zanzibar on India issued on 10th November, 1895, remained in use till September, 1896, nearly a year, and yet has been so completely absorbed by collectors that it is difficult to get sets much under the catalogue price of £5 5s. In either case a set of complete sheets is unknown.

UNUSED BRITISH COLONIAL STAMPS.

A GOLDEN RULE FOR STAMP INVESTORS, BUY IN COMPLETE SETS RATHER THAN ODDMENTS.

IN making an investment of Stamps, it is necessary above all not to buy too many of any one Stamp. If a large quantity of one kind are acquired, they will be difficult to realise, owing to the necessity of finding a large number of buyers. If on the other hand, a small quantity of a number of different stamps are put by, they can be realized without difficulty on even a small market. The best way to make money out of Colonial stamps at present is to consider oneself the advance agent of a future generation of Collectors, and to put by as many collections of current issues as can be obtained nearly complete. They must be complete, or nearly so, or you will perhaps miss just the stamps which have gone up in price most. It is safe to say that a collector five years hence would cheerfully pay £100 to have the opportunities that are free to everyone to-day.

Ewen's Colonial Stamp Market, Ltd., NORWOOD, LONDON, S.E.

Unused Foreign Stamps in Sets.

So many applications have been made to the Colonial Stamp Market, asking that the various continental and foreign sets of stamps might be quoted, that we have decided in future to establish a Foreign Department. Despite the extra risk and cost of importing (postage being 2½ times as much), we are offering the majority at the same cheap rate as those of the Colonial series.

PRICE LIST, NO 154. NOVEMBER 21, 1903. [SUPPLEMENT TO "E.W.S.N." No 217

OUR 1903 QUOTATIONS.

ON and after January 1st, 1903, our General Rate for Unused Current Colonial Stamps and New Issues will be 1/1 per 1/- face value (only 8½% commission), strictly subject to payment being made in advance. Special contracts with wholesale buyers can be entered into at from 5% to 7½% ; particulars on application, and from time to time we shall make special offers of stamps at face value only. At these remarkably low rates there cannot be the slightest doubt that current unused Colonials are by far the safest and most remunerative investment a Stamp Collector can make. Please note that

WE GUARANTEE OUR RATES LOWER THAN THOSE OF ANY OTHER FIRM.

NOTE.—To obviate the necessity of frequent small remittances clients are recommended to open a current account with us, paying in periodically even sums of £1, £2, or so, as required. Balance will be returned at any time, on demand. Callers at 32 Palace Square can only be seen by appointment ; we have no shop and cannot show stamps under any circumstances, as we do not allow our stock to be handled till sold. All stamps are *guaranteed* mint, well centred and unmounted.

Debenture Holders in Ewen's Colonial Stamp Market, Ltd. have special privileges ; particulars on application.

Colonial Clients are requested to remit by means of unused sets and high values, and especially provisionals or quite new issues. Rupee = 1/4 ; American dollar = 4/-. Foreign bank notes accepted as follows :—French, 50fr. = 39/6 ; German, 20mk. = 19/6 ; U.S.A., $1 = 4/-.

Terms of Business.

CASH WITH ORDER; POSTAGE EXTRA.

All letters requiring an answer should be accompanied by a stamp for reply, and should be addressed to Ewen's Colonial Stamp Market Ltd., Norwood, London, S.E. Correspondence in English, French German, Spanish, Russian, etc.

DEPARTMENTS OF OUR BUSINESS.

All business is conducted by post. We have no shop. Separate staff in each Department.

I. Managing Director's Office, where correspondence is received and sorted. Importation Department; Stores Department.

II. Cashier's Office. Foreign bank-notes accepted as follows :—French, 50fr. = 39/6 ; German, 20 mk. = 19/6 ; U.S.A., $1 = 4/-. Colonial clients are requested to remit by means of complete unused sets and high values and especially provisionals or quite new issues. Rupee = 1/4 ; silver dollar, at rate of exchange.

III. Editorial Department. The Editor welcomes correspondence from readers, especially early information of new issues.

IV. Publishing Department. Publication of *E.W.S.N.*, Albums, Catalogues, etc. See back page of *E.W.S.N.*

V. Approval Department. Books of stamps sent on approval to select from. This stock does not include the stamps advertised in *E.W.S.N.* which cannot be sent on approval. See back page of *E.W.S.N.*

VI. Order Department. All orders for stamps advertised in *E.W.S.N.* executed promptly, if accompanied by cash or prepaid. Stamps not advertised are rarely in stock, as they are then handed to the Approval Department.

VII. New Issue Department. This Department obtains new stamps immediately they appear (including new shades, varieties, provisionals, etc.) and supplies them at once to clients who have given a general order for everything new. See full instructions below.

VIII. Booked Order Department. Clients who wish to ensure receiving anything directly we get it, can book the order. No money need be deposited as a notice of arrival will be sent. If however payment is not made within seven days the stamps will not be reserved any longer but will be returned to stock.

IX. Returns Department. Stamps sent out by our Order Department are not returnable, but will be exchanged if defective. Stamps sent out by our New Issue Department are also not returnable, unless specially marked "on approval," or charged above our usual rate of 1/1 per 1/-, or sent in error. Booked orders are not returnable unless charged at a higher rate than that at which they were booked.

X. Accounts Department. A small account is sent out with every invoice when clients have deposit accounts, thus enabling them to see how their balance stands after each transaction.

XI. Post Office Department. Correspondence is sealed and despatched by this Department and all changes of address should be at once notified to it.

N.B.—As far as possible communications for these departments should be kept distinct, and if possible written on separate sheets of paper, although enclosed in the same envelope. They can then be dealt with simultaneously instead of seriatim, thus avoiding delay.

Regular Weekly Service of New Issues

OUR New Issue Department receives a prompt supply of practically every new Colonial Stamp that is issued, including varieties of shade, perforation, paper, watermark, etc. (also many foreign new issues). About once a week (the day depends on the arrival of the mails) these are distributed amongst clients according to the requirements they have filed. Collectors wishing to take part in our weekly distribution (the promptest, cheapest and *most reliable* in the world) should open a deposit account. Send particulars as to what is required.

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

UNUSED BRITISH COLONIAL STAMPS.

A GOLDEN RULE FOR STAMP INVESTORS, BUY IN COMPLETE SETS RATHER THAN ODDMENTS.

IN making an investment of Stamps, it is necessary above all not to buy too many of any one Stamp. If a large quantity of one kind are acquired, they will be difficult to realise, owing to the necessity of finding a large number of buyers. If on the other hand, a small quantity of a number of different stamps are put by, they can be realized without difficulty on even a small market. The best way to make money out of Colonial stamps at present is to consider oneself the advance agent of a future generation of Collectors, and to put by as many collections of current issues as can be obtained nearly complete. They must be complete, or nearly so, or you will perhaps miss just the stamps which have gone up in price most. It is safe to say that a collector five years hence would cheerfully pay £100 to have the opportunities that are free to everyone to-day.

Ewen's Colonial Stamp Market, Ltd., NORWOOD, LONDON, S.E.

Unused Foreign Stamps in Sets.

So many applications have been made to the Colonial Stamp Market, asking that the various continental and foreign sets of stamps might be quoted, that we have decided in future to establish a Foreign Department. Despite the extra risk and cost of importing (postage being 2½ times as much), we are offering the majority at the same cheap rate as those of the Colonial series.

OUR 1903 QUOTATIONS.

ON and after January 1st, 1903, our General Rate for Unused Current Colonial Stamps and New Issues will be 1/1 per 1/- face value (only 8⅓% commission), strictly subject to payment being made in advance. Special contracts with wholesale buyers can be entered into at from 5% to 7½%; particulars on application, and from time to time we shall make special offers of stamps at face value only. At these remarkably low rates there cannot be the slightest doubt that current unused Colonials are by far the safest and most remunerative investment a Stamp Collector can make. Please note that

WE GUARANTEE OUR RATES LOWER THAN THOSE OF ANY OTHER FIRM.

NOTE.—To obviate the necessity of frequent small remittances clients are recommended to open a current account with us, paying in periodically even sums of £1, £2, or so, as required. Balance will be returned at any time, on demand. Callers at 32 Palace Square can only be seen by appointment; we have no shop and cannot show stamps under any circumstances, as we do not allow our stock to be handled till sold. All stamps are *guaranteed* mint, well centred and unmounted.

Debenture Holders in Ewen's Colonial Stamp Market, Ltd. have special privileges; particulars on application.

Colonial Clients are requested to remit by means of unused sets and high values, and especially provisionals or quite new issues. Rupee = 1/4; American dollar = 4/-. Foreign bank notes accepted as follows:—French, 50fr. = 39/6; German, 20mk. = 19/6; U.S.A., $1 = 4/-.

III. Editorial Department. The Editor welcomes correspondence from readers, especially early information of new issues.

IV. Publishing Department. Publication of *E.W.S.N.*, Albums, Catalogues, etc. See back page of *E.W.S.N.*

V. Approval Department. Books of stamps sent on approval to select from. This stock does not include the stamps advertised in *E.W.S.N.* which cannot be sent on approval. See back page of *E.W.S.N.*

VI. Order Department. All orders for stamps advertised in *E.W.S.N.* executed promptly, if accompanied by cash or prepaid. Stamps not advertised are rarely in stock, as they are then handed to the Approval Department.

VII. New Issue Department. This Department obtains new stamps immediately they appear (including new shades, varieties, provisionals, etc.) and supplies them at once to clients who have given a general order for everything new. See full instructions below.

VIII. Booked Order Department. Clients who wish to ensure receiving anything directly we get it, can book the order. No money need be deposited as a notice of arrival will be sent. If however payment is not made within seven days the stamps will not be reserved any longer but will be returned to stock.

IX. Returns Department. Stamps sent out by our Order Department are not returnable, but will be exchanged if defective. Stamps sent out by our New Issue Department are also not returnable, unless specially marked "on approval," or charged above our usual rate of 1/1 per 1/-, or sent in error. Booked orders are not returnable unless charged at a higher rate than that at which they were booked.

X. Accounts Department. A small account is sent out with every invoice when clients have deposit accounts, thus enabling them to see how their balance stands after each transaction.

XI. Post Office Department. Correspondence is sealed and despatched by this Department and all changes of address should be at once notified to it.

N.B.—As far as possible communications for these departments should be kept distinct, and if possible written on separate sheets of paper, although enclosed in the same envelope. They can then be dealt with simultaneously instead of seriatim, thus avoiding delay.

Regular Weekly Service of New Issues

OUR New Issue Department receives a prompt supply of practically every new Colonial Stamp that is issued, including varieties of shade, perforation, paper, watermark, etc. (also many foreign new issues). About once a week (the day depends on the arrival of the mails) these are distributed amongst clients according to the requirements they have filed. Collectors wishing to take part in our weekly distribution (the promptest, cheapest and *most reliable* in the world) should open a deposit account. Send particulars as to what is required.

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

UNUSED BRITISH COLONIAL STAMPS.

A GOLDEN RULE FOR STAMP INVESTORS, BUY IN COMPLETE SETS RATHER THAN ODDMENTS.

IN making an investment of Stamps, it is necessary above all not to buy too many of any one Stamp. If a large quantity of one kind are acquired, they will be difficult to realise, owing to the necessity of finding a large number of buyers. If on the other hand, a small quantity of a number of different stamps are put by, they can be realized without difficulty on even a small market. The best way to make money out of Colonial stamps at present is to consider oneself the advance agent of a future generation of Collectors, and to put by as many collections of current issues as can be obtained nearly complete. They must be complete, or nearly so, or you will perhaps miss just the stamps which have gone up in price most. It is safe to say that a collector five years hence would cheerfully pay £100 to have the opportunities that are free to everyone to-day.

Ewen's Colonial Stamp Market, Ltd., NORWOOD, LONDON, S.E.

Unused Foreign Stamps in Sets.

So many applications have been made to the Colonial Stamp Market, asking that the various continental and foreign sets of stamps might be quoted, that we have decided in future to establish a Foreign Department. Despite the extra risk and cost of importing (postage being 2½ times as much), we are offering the majority at the same cheap rate as those of the Colonial series.

IV. Publishing Department. Publication of *E.W.S.N.*, Albums, Catalogues, etc. See back page of *E.W.S.N.*

V. Approval Department. Books of stamps sent on approval to select from. This stock does not include the stamps advertised in *E.W.S.N.* which cannot be sent on approval. See back page of *E.W.S.N.*

VI. Order Department. All orders for stamps advertised in *E.W.S.N.* executed promptly, if accompanied by cash or prepaid.

VII. New Issue Department. This Department obtains new stamps immediately they appear (including new shades, varieties, provisionals, etc.) and supplies them at once to clients who have given a general order for everything new. See full instructions below.

VIII. Booked Order Department. Clients who wish to ensure receiving anything directly we get it, can book the order. No money need be deposited as a notice of arrival will be sent. If however payment is not made within seven days the stamps will not be reserved any longer but will be returned to stock.

IX. Returns Department. Stamps sent out by our Order Department are not returnable, but will be exchanged if defective. Stamps sent out by our New Issue Department are also not returnable, unless specially marked "on approval," or charged above our usual rate of 1/1 per 1/-, or sent in error. Booked orders are not returnable unless charged at a higher rate than that at which they were booked.

X. Accounts Department. To obviate the necessity of frequent small remittances clients are recommended to open a current account with us, paying in periodically even sums of £1, £2, or so, as required. Balance will be returned at any time, on demand. A small account is sent out with every invoice when clients have deposit accounts, thus enabling them to see how their balance stands after each transaction.

XI. Post Office Department. Correspondence is sealed and despatched by this Department and all changes of address should be at once notified to it.

XII. Commission Department. We are willing to sell stamps on behalf of clients, at a small commission.

Regular Weekly Service of New Issues

OUR New Issue Department receives a prompt supply of practically every new Colonial Stamp that is issued, including varieties of shade, perforation, paper, watermark, etc. (also many foreign new issues). About once a week (the day depends on the arrival of the mails) these are distributed amongst clients according to the requirements they have filed. Collectors wishing to take part in our weekly distribution (the promptest, cheapest and *most reliable* in the world) should open a deposit account. Send particulars as to what is required.

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

STANLEY GIBBONS' NEW CATALOGUE OF COLONIALS, 1904 Edition.

Early copies can be obtained promptly from Ewen's Colonial Stamp Market Ltd., at the ordinary price, 2/3 post free. Clients who have deposit accounts with us need not remit specially as the amount can be debited. It is expected that the Catalogue will appear in the course of the week.

UNUSED BRITISH COLONIAL STAMPS.

A GOLDEN RULE FOR STAMP INVESTORS, BUY IN COMPLETE SETS RATHER THAN ODDMENTS.

IN making an investment of Stamps, it is necessary above all not to buy too many of any one Stamp. If a large quantity of one kind are acquired, they will be difficult to realise, owing to the necessity of finding a large number of buyers. If on the other hand, a small quantity of a number of different stamps are put by, they can be realized without difficulty on even a small market. The best way to make money out of Colonial stamps at present is to consider oneself the advance agent of a future generation of Collectors, and to put by as many collections of current issues as can be obtained nearly complete. They must be complete, or nearly so, or you will perhaps miss just the stamps which have gone up in price most. It is safe to say that a collector five years hence would cheerfully pay £100 to have the opportunities that are free to everyone to-day.

Ewen's Colonial Stamp Market, Ltd., NORWOOD, LONDON, S.E.

Unused Foreign Stamps in Sets.

So many applications have been made to the Colonial Stamp Market, asking that the various continental and foreign sets of stamps might be quoted, that we have decided in future to establish a Foreign Department. Despite the extra risk and cost of importing (postage being 2½ times as much), we are offering the majority at the same cheap rate as those of the Colonial series.

V. Approval Department. Books of stamps sent on approval to select from. This stock does not include the stamps advertised in *E.W.S.N.* which cannot be sent on approval. See back page of *E.W.S.N.*

VI. Order Department. All orders for stamps advertised in *E.W.S.N.* executed promptly, if accompanied by cash or prepaid.

VII. New Issue Department. This Department obtains new stamps immediately they appear (including new shades, varieties, provisionals, etc.) and supplies them at once to clients who have given a general order for everything new. See full instructions below.

VIII. Booked Order Department. Clients who wish to ensure receiving anything directly we get it, can book the order. No money need be deposited as a notice of arrival will be sent. If however payment is not made within seven days the stamps will not be reserved any longer but will be returned to stock.

IX. Returns Department. Stamps sent out by our Order Department are not returnable, but will be exchanged if defective. Stamps sent out by our New Issue Department are also not returnable, unless specially marked "on approval," or charged above our usual rate of 1/1 per 1/-, or sent in error. Booked orders are not returnable unless charged at a higher rate than that at which they were booked.

X. Accounts Department. To obviate the necessity of frequent small remittances clients are recommended to open a current account with us, paying in periodically even sums of £1, £2, or so, as required. Balance will be returned at any time, on demand. A small account is sent out with every invoice when clients have deposit accounts, thus enabling them to see how their balance stands after each transaction.

XI. Post Office Department. Correspondence is sealed and despatched by this Department and all changes of address should be at once notified to it.

XII. Commission Department. We are willing to sell stamps on behalf of clients, at a small commission

QUESTIONS.

10- PRIZE OFFERED.

A prize of 10/- Cash (or stamps if preferred), will be awarded to the sender of the most interesting question on a philatelic subject.

BEFORE 1 P.M. ON MONDAY, DEC. 14th.

NOTE.—Collectors often ask, for instance, why is it that a small colony or Protectorate like British Central Africa requires a set of stamps up to £10 whilst the whole Dominion of Canada can manage to get along with nothing higher than 50c. There must be many others which have occurred to readers at various times and for the best sent in by Monday, we offer a 10/- prize. A reader may send in as many questions as he likes and thus increase his chance of success.

Other competitions will be announced in our Christmas number.

Christmas Number of E.W.S.N.

UNUSED BRITISH COLONIAL STAMPS.

A GOLDEN RULE FOR STAMP INVESTORS, BUY IN COMPLETE SETS RATHER THAN ODDMENTS.

IN making an investment of Stamps, it is necessary above all not to buy too many of any one Stamp. If a large quantity of one kind are acquired, they will be difficult to realise, owing to the necessity of finding a large number of buyers. If on the other hand, a small quantity of a number of different stamps are put by, they can be realized without difficulty on even a small market. The best way to make money out of Colonial stamps at present is to consider oneself the advance agent of a future generation of Collectors, and to put by as many collections of current issues as can be obtained nearly complete. They must be complete, or nearly so, or you will perhaps miss just the stamps which have gone up in price most. It is safe to say that a collector five years hence would cheerfully pay £100 to have the opportunities that are free to everyone to-day.

Ewen's Colonial Stamp Market, Ltd., NORWOOD, LONDON, S.E.

Unused Foreign Stamps in Sets.

So many applications have been made to the Colonial Stamp Market, asking that the various continental and foreign sets of stamps might be quoted, that we have decided in future to establish a Foreign Department. Despite the extra risk and cost of importing (postage being 2½ times as much), we are offering the majority at the same cheap rate as those of the Colonial series.

Regular Weekly Service of New Issues

OUR New Issue Department receives a prompt supply of practically every new Colonial Stamp that is issued, including varieties of shade, perforation, paper, watermark, etc. (also many foreign new issues). About once a week (the day depends on the arrival of the mails) these are distributed amongst clients according to the requirements they have filed. Collectors wishing to take part in our weekly distribution (the promptest, cheapest and *most reliable* in the world) should open a deposit account. Send particulars as to what is required.

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

STANLEY GIBBONS' NEW CATALOGUE OF COLONIALS,

UNUSED BRITISH COLONIAL STAMPS.

A COLDEN RULE FOR STAMP INVESTORS, BUY IN COMPLETE SETS RATHER THAN ODDMENTS.

IN making an investment of Stamps, it is necessary above all not to buy too many of any one Stamp. If a large quantity of one kind are acquired, they will be difficult to realise, owing to the necessity of finding a large number of buyers. If on the other hand, a small quantity of a number of different stamps are put by, they can be realized without difficulty on even a small market. The best way to make money out of Colonial stamps at present is to consider oneself the advance agent of a future generation of Collectors, and to put by as many collections of current issues as can be obtained nearly complete. They must be complete, or nearly so, or you will perhaps miss just the stamps which have gone up in price most. It is safe to say that a collector five years hence would cheerfully pay £100 to have the opportunities that are free to everyone to-day.

Ewen's Colonial Stamp Market, Ltd., NORWOOD, LONDON, S.E.

Unused Foreign Stamps in Sets.

So many applications have been made to the Colonial Stamp Market, asking that the various continental and foreign sets of stamps might be quoted, that we have decided in future to establish a Foreign Department. Despite the extra risk and cost of importing (postage being 2½ times as much), we are offering the majority at the same cheap rate as those of the Colonial series.

Booked orders are not returnable unless charged at a higher rate than that at which they were booked.

X. Accounts Department. To obviate the necessity of frequent small remittances clients are recommended to open a current account with us, paying in periodically even sums of £1, £2, or so, as required. Balance will be returned at any time, on demand. A small account is sent out with every invoice when clients have deposit accounts, thus enabling them to see how their balance stands after each transaction.

XII. Commission Department. We are willing to sell stamps on behalf of clients, at a small commission.

Regular Weekly Service of New Issues

OUR New Issue Department receives a prompt supply of practically every new Colonial Stamp that is issued, including varieties of shade, perforation, paper, watermark, etc. (also many foreign new issues). About once a week (the day depends on the arrival of the mails) these are distributed amongst clients according to the requirements they have filed. Collectors wishing to take part in our weekly distribution (the promptest, cheapest and *most reliable* in the world) should open a deposit account. Send particulars as to what is required.

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

UNUSED BRITISH COLONIAL STAMPS.

A GOLDEN RULE FOR STAMP INVESTORS, BUY IN COMPLETE SETS RATHER THAN ODDMENTS.

IN making an investment of Stamps, it is necessary above all not to buy too many of any one Stamp. If a large quantity of one kind are acquired, they will be difficult to realise, owing to the necessity of finding a large number of buyers. If on the other hand, a small quantity of a number of different stamps are put by, they can be realized without difficulty on even a small market. The best way to make money out of Colonial stamps at present is to consider oneself the advance agent of a future generation of Collectors, and to put by as many collections of current issues as can be obtained nearly complete. They must be complete, or nearly so, or you will perhaps miss just the stamps which have gone up in price most. It is safe to say that a collector five years hence would cheerfully pay £100 to have the opportunities that are free to everyone to-day.

Ewen's Colonial Stamp Market, Ltd., NORWOOD, LONDON, S.E.

Unused Foreign Stamps in Sets.

So many applications have been made to the Colonial Stamp Market, asking that the various continental and foreign issues of stamps might be quoted, that we have decided in future to establish a Foreign Department. Despite the extra risk and cost of importing (postage being 2½ times as much), we are offering the majority at the same cheap rate as those of the Colonial series.
