INDEX NUMBERS.

ALL orders should give the *index-number of the set, the name of the Colony, and the price*, and be written on a *separate* piece of paper, with name and address. Printed order forms will be supplied on demand.

Clients are strongly advised to open current accounts with the Colonial Market, thus avoiding the necessity of frequent small remittances (and more especially of cheques for a few shillings at a time.) We are willing to send stamps for payment on delivery.

VISITORS.

CALLERS at 32, Palace Square can only be seen by appointment; we have no shop and cannot show stamps under any circumstances, as we do not allow our stock to be handled till sold.

NEW ISSUES.

REGULAR WEEKLY SERVICE.

EWEN'S Colonial Stamp Market, Ltd., imports large quantities of all newly issued adhesive postage stamps, and any collector wishing to obtain such (in mint unused condition, well centred), directly they appear, and *at the lowest possible prices*, has only to send name and address, together with a small deposit.

Every application should distinctly state:—

(*a*). Whether foreign stamps are required as well as British Colonials, or the latter only, or certain countries or colonies only.

(*b*). Whether all stamps regardless of face value are wanted, or whether only those up to 20/-, or 10/-, 5/-, etc. (The Colonial Market can furnish all, including £20 and £25 stamps, if required).

(*c*). Whether only single specimens are required or whether blocks or sheets are preferred. Sheets of ¼d., ½d. and 1d. stamps with full margins are generally imported; sometimes sheets of even the highest values can be supplied. Blocks of 4 to 12 can nearly always be furnished in any stamp.

Terms. The Colonial Market supplies new issues at the exceptionally low rate of 5/5 per 5/- face value.

Deposit. The usual deposit ranges from 10/- to £5, according to whether high or low values are wanted. Although the amount of each invoice is debited at once to the account, credit will be given for returns made *within 10 days.*

Returns. The service of new issues can only be continued if the majority of the stamps sent are purchased. Care should therefore be exercised in giving the original instructions. Stamps should not be returned without a reasonable objection.

Members and Debenture Holders.

SPECIAL PRIVILEGES.

MEMBERS of Ewen's Colonial Stamp Market, Limited and Debenture-holders are accorded preference in the execution of orders and in the weekly service of new issues.

A minimum holding of £20 entitles to a 5% bonus on the amount of all purchases of stamps from the Company, subject to certain conditions:—

1.—The bonus of 5% will be credited to each account at the same time as each remittance, and will only be calculated on even sums or multiples of £1. In other words, every pound remitted to the Company for stamps will be credited to the sender as a guinea. A remittance of £1 10s. will entitle to a bonus on £1 only.

2.—No bonus will be given on remittances for stamps which were despatched by the Company more than 10 days previously.

Except to existing Debenture-holders, no further allotments of less than £50 can be made.

NOTICE TO COLONIAL CLIENTS.

Stamps preferred to Money Orders.

THE Colonial Stamp Market would esteem it a favour if clients residing in the Colonies (except India and Canada) would remit by means of unused postage stamps (high values or any new issues preferred) instead of Money Orders. Canadian Jubilee Stamps of $1 to $5 are accepted in limited quantities at 4/- per dollar, and Indian King's Head Stamps are accepted at 1/4 per rupee. Information relating to new issues is well paid for by our Editorial Department.

Special Offers of Unused Colonials

FOR INVESTMENT PURPOSES.

IN making an investment of Stamps, it is necessary above all not to buy too many of any one Stamp. If a large quantity of one kind are acquired, they will be difficult to realise, owing to the necessity of finding a large number of buyers. If on the other hand, a small quantity of a number of different stamps are put by, they can be realized without difficulty on even a small market. The best way to make money out of Colonial stamps at present is to consider oneself the advance agent of a future generation of Collectors, and to put by as many collections of current issues as can be obtained nearly complete. They must be complete, or nearly so, or you will perhaps miss just the stamps which have gone up in price most. Most of the sets now current must soon become obsolete. Such a change is absolutely unprecedented in the History of Philately and being on so large a scale, it will be more difficulty than ever before for dealers to adequately stock the old sets. Collectors consequently have a better opportunity of catching the market short and making big profits. Speculators who have bought up one or two kinds largely may cause a slump in such, but collectors who follow this advice and spread their investment over the whole of the Colonies have nothing to fear. Experience leads us to recommend complete collections of the stamps now current in blocks of four, supplemented gradually by new issues as they appear. New issues of Colonial stamps may be grouped into the following five classes:—

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

We strongly recommend them to every collector who shows his albums to non-philatelic friends, as they are far more likely to be admired than the dingy issues of olden days and may bring recruits into the ranks of philately. It should be distinctly understood that we supply these stamps in mint unused condition only and do not touch the cancelled-to-order rubbish at any price.

Ewen's Colonial Stamp Market, Ltd., NORWOOD, LONDON, S.E.

Unused Foreign Stamps in Sets.

So many applications have been made to the Colonial Stamp Market, asking that the various continental and foreign sets of stamps might be quoted, that we have decided in future to establish a Foreign Department. Countries which have within the last 20 years sold remainders of uncancelled stamps at less than facial value will not be represented in our lists, it being our aim to make the foreign sets almost as safe an investment as those of British Colonies. Despite the extra risk and cost of importing (postage being 2½ times as much), we are offering the majority at the same cheap rate as those of the Colonial series.

As we cannot undertake to keep all these sets in stock—apart from the difficulties caused by fluctuation of rates o exchange, it would take very many thousands of pounds to do so—we should esteem it a favour if clients would allow a few weeks for the execution of their orders. No money need be sent. On receipt of order, we will send those in stock (probably a majority) and the others as they come in. Each invoice must be settled within 10 days, or if clients prefer, they can open a deposit account, to which the amount of each invoice can be debited.

Our New Issue Service of Foreign Stamps is conducted on similar lines to that of Colonial stamps. The service may be limited to Europe or to certain countries, but we recommend the Collector who takes foreign stamps at all not to ignore those of countries beyond Europe but to take **a World-wide Interest in Philately.**

Special contracts with wholesale buyers can be entered into at from 5% to 7½%; particulars on application, and from time to time we shall make special offers of stamps at face value only. At these remarkably low rates there cannot be the slightest doubt that current unused Colonials are by far the safest and most remunerative investment a Stamp Collector can make. Please note that

WE GUARANTEE OUR RATES LOWER THAN THOSE OF ANY OTHER FIRM.

NOTE.—To obviate the necessity of frequent small remittances clients are recommended to open a current account with us, paying in periodically even sums of £1, £2, or so, as required. Balance will be returned at any time, on demand. Callers at 32 Palace Square can only be seen by appointment; we have no shop and cannot show stamps under any circumstances, as we do not allow our stock to be handled till sold. All stamps are *guaranteed* mint, well centred and unmounted.

Debenture Holders in Ewen's Colonial Stamp Market, Ltd. have special privileges; particulars on application.

Colonial Clients are requested to remit by means of unused sets and high values, and especially provisionals or quite new issues. Rupee=1/4; American dollar=4/-. Foreign bank notes accepted as follows:—French, 50fr.=39/6; German, 20mk.=19/6; U.S.A., $1=4/-.

OUR CONDITIONS OF BUSINESS FOR 1903.

TO FACILITATE PROMPT AND ACCURATE EXECUTION OF ORDERS.

N.B.—It is of the utmost importance that the following very reasonable conditions be observed when ordering stamps, etc., so that orders may be *promptly* and *accurately* executed.

1.—Name and address of sender should both be clearly written at the top of every order, together with such formula as "Please send the following, as advertised in *E.W.S.N.* No.....; remittance.....enclosed [if any]."

2.—If it is desired to ask any questions or make any complaint, such should be written on the left side of a separate sheet of paper, also headed with name and address. The replies will be written opposite and the sheet returned. Each question should be numbered, and if sent independently of an order, stamp for reply must be enclosed.

3.—Communications for our New Issue, Approval and Editorial Departments should be written on separate slips of paper and will receive independent attention.

4.—In making out an order for stamps *it is essential* to state (*a*) the index number (if any); (*b*) name of colony or other particulars; (*c*) quantity required; (*d*) price at which advertised, and each item should be in a separate line. Printed order forms will be supplied free on application.

5.—If stamps are out of stock orders are booked for execution immediately our next supplies arrive. Stamps once ordered cannot be accepted back, but will be exchanged if in any way not according to description.

6.—Clients who are not on our regular service list for new issues, and who wish to make sure of any new issue as soon as it comes out, can have their orders booked in advance, and such orders will be executed in priority to all others, after our regular new issue service has been completed. Especially in the case of New Australian Stamps is it desirable to book in advance, as we anticipate a great run on them. Communications for our "booked order" department should be on a separate slip of paper.

7.—No money need be sent when orders are required to be booked. When the stamps arrive, we expect prompt payment after delivery.

Special Offers of Unused Colonials

FOR INVESTMENT PURPOSES.

IN making an investment of Stamps, it is necessary above all not to buy too many of any one Stamp. If a large quantity of one kind are acquired, they will be difficult to realise, owing to the necessity of finding a large number of buyers. If on the other hand, a small quantity of a number of different stamps are put by, they can be realized without difficulty on even a small market. The best way to make money out of Colonial stamps at present is to consider oneself the advance agent of a future generation of Collectors, and to put by as many collections of current issues as can be obtained nearly complete. They must be complete, or nearly so, or you will perhaps miss just the stamps which have gone up in price most. Most of the sets now current must soon become obsolete. Such a change is absolutely unprecedented in the History of Philately and being on so large a scale, it will be more difficulty than ever before for dealers to adequately stock the old sets. Collectors consequently have a better opportunity of catching the market short and making big profits. Speculators who have bought up one or two kinds largely may cause a slump in such, but collectors who follow this advice and spread their investment over the whole of the Colonies have nothing to fear. Experience leads us to recommend complete collections of the stamps now current in blocks of four, supplemented gradually by new issues as they appear. New issues of Colonial stamps may be grouped into the following five classes:—

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

LATEST ARRIVALS

From Australia and Oceania.

THE stamps of Australasia—especially those of New Zealand and the Islands of Polynesia—form an ideal field for a specialist collection. No finer or more interesting stamps than those of New Zealand have ever been issued. The first issue is among the handsomest of the Perkins-Bacon designs and the current issue easily stands first amongst modern issues. The issues of Australia are equally interesting but have one great drawback—their rarity. It is literally impossible to make a good collection of them unused. It behoves collectors therefore to see that the issues now current are more readily obtainable in the future. To lay aside blocks of 4, 8 or 12 of the present sets is not only a duty owing to a future generation of collectors but to do so will certainly prove a profitable investment.

These stamps are amongst the handsomest ever produced by Messrs. Waterlow & Sons, the colouring of the higher values being especially fine. We strongly recommend them to every collector who shows his albums to non-philatelic friends, as they are far more likely to be admired than the dingy issues of olden days and may bring recruits into the ranks of philately. It should be distinctly understood that we supply these stamps in mint unused condition only and do not touch the cancelled-to-order rubbish at any price.

Ewen's Colonial Stamp Market, Ltd., NORWOOD, LONDON, S.E.

Unused Foreign Stamps in Sets.

So many applications have been made to the Colonial Stamp Market, asking that the various continental and foreign sets of stamps might be quoted, that we have decided in future to establish a Foreign Department. Despite the extra risk and cost of importing (postage being 2½ times as much), we are offering the majority at the same cheap rate as those of the Colonial series.

PRICE LIST, NO. 110. JANUARY, 17, 1903. [SUPPLEMENT TO "E.W.S.N." No 173.

OUR 1903 QUOTATIONS.

ON and after January 1st, 1903, our General Rate for Unused Current Colonial Stamps and New Issues will be 1/1 per 1/- face value (only 8¼% commission). Special contracts with wholesale buyers can be entered into at from 5% to 7½%; particulars on application, and from time to time we shall make special offers of stamps at face value only. At these remarkably low rates there cannot be the slightest doubt that current unused Colonials are by far the safest and most remunerative investment a Stamp Collector can make. Please note that

WE GUARANTEE OUR RATES LOWER THAN THOSE OF ANY OTHER FIRM.

NOTE.—To obviate the necessity of frequent small remittances clients are recommended to open a current account with us, paying in periodically even sums of £1, £2, or so, as required. Balance will be returned at any time, on demand. Callers at 32 Palace Square can only be seen by appointment; we have no shop and cannot show stamps under any circumstances, as we do not allow our stock to be handled till sold. All stamps are *guaranteed* mint, well centred and unmounted.

Debenture Holders in Ewen's Colonial Stamp Market, Ltd. have special privileges; particulars on application.

Colonial Clients are requested to remit by means of unused sets and high values, and especially provisionals or quite new issues. Rupee = 1/4; American dollar = 4/-. Foreign bank notes accepted as follows: French, 50fr. = 39/6; German, 20mk. = 19/6; U.S.A., $1 = 4/-.

OUR CONDITIONS OF BUSINESS FOR 1903.

TO FACILITATE PROMPT AND ACCURATE EXECUTION OF ORDERS.

N.B.—It is of the utmost importance that the following very reasonable conditions be observed when ordering stamps, etc., so that orders may be *promptly* and *accurately* executed.

1.—Name and address of sender should both be clearly written at the top of every order, together with such formula as "Please send the following, as advertised in *E.W.S.N.* No.....; remittance.....enclosed [if any]."

2.—If it is desired to ask any questions or make any complaint, such should be written on the left side of a separate sheet of paper, also headed with name and address. The replies will be written opposite and the sheet returned. Each question should be numbered, and if sent independently of an order, stamp for reply must be enclosed.

3.—Communications for our New Issue, Approval and Editorial Departments should be written on separate slips of paper and will receive independent attention.

4.—In making out an order for stamps *it is essential* to state (*a*) the index number (if any); (*b*) name of colony or other particulars; (*c*) quantity required; (*d*) price at which advertised, and each item should be in a separate line. Printed order forms will be supplied free on application.

5.—If stamps are out of stock orders are booked for execution immediately our next supplies arrive. Stamps once ordered cannot be accepted back, but will be exchanged if in any way not according to description.

6.—Clients who are not on our regular service list for new issues, and who wish to make sure of any new issue as soon as it comes out, can have their orders booked in advance, and such orders will be executed in priority to all others, after our regular new issue service has been completed. Especially in the case of New Australian Stamps is it desirable to book in advance, as we anticipate a great run on them. Communications for our "booked order" department should be on a separate slip of paper.

7.—No money need be sent when orders are required to be booked. When the stamps arrive, we expect prompt payment after delivery.

Special Offers of Unused Colonials

FOR INVESTMENT PURPOSES.

IN making an investment of Stamps, it is necessary above all not to buy too many of any one Stamp. If a large quantity of one kind are acquired, they will be difficult to realise, owing to the necessity of finding a large number of buyers. If on the other hand, a small quantity of a number of different stamps are put by, they can be realized without difficulty on even a small market. The best way to make money out of Colonial stamps at present is to consider oneself the advance agent of a future generation of Collectors, and to put by as many collections of current issues as can be obtained nearly complete. They must be complete, or nearly so, or you will perhaps miss just the stamps which have gone up in price most. Most of the sets now current must soon become obsolete. Such a change is absolutely unprecedented in the History of Philately and being on so large a scale, it will be more difficulty than ever before for dealers to adequately stock the old sets. Collectors consequently have a better opportunity of catching the market short and making big profits. Speculators who have bought up one or two kinds largely may cause a slump in such, but collectors who follow this advice and spread their investment over the whole of the Colonies have nothing to fear. Experience leads us to recommend complete collections of the stamps now current in blocks of four, supplemented gradually by new issues as they appear. New issues of Colonial stamps may be grouped into the following five classes:—

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

NEW ZEALAND.

Local prints on watermarked paper, perf. 11.

The 4d. and 1/- are now just issued (Dec. 4, 1902).

½d., 1d., offered in any quantity at face value.
3d., nett 4d.; block, 1/2; dozen, 3/3.

Set, ½d., 1d., 3d., 4d., 6d., 1/-, nett 2/6; blocks, 9/10.

NOTE.—We strongly recommend collectors to lay aside a few of the above, as further printings on the wmk. paper may quite possibly have the new perforation 14. In any case, shades are constantly changing, and some at least are likely to become valuable. The advertisement of N.Z. stamps on watermarked paper in *E.W.S.N.* No. 171 was premature and inaccurate, as only the above six values are as yet issued. We still have the following on the *unwatermarked* paper, perf. 11.

Last offer of local prints on unwatermarked paper, perf. 11. Execution of orders guaranteed in full if received within seven days.

We can also offer the following on Waterlow paper, watermarked with double-lined N.Z. and Star.

1½d. bistre, block, 7d.; dozen, 1/8; entire sheet of 120, with consecutive sheet number in black, 16/3 only.

All the above are likely to be obsolete shortly, as the stamps will in future be printed on Cowan paper, watermark single-lined N.Z. and Star. For other offers of New Zealand stamps see pages ii. and iii.

LATEST ARRIVALS

From Australia and Oceania.

THE stamps of Australasia—especially those of New Zealand and the Islands of Polynesia—form an ideal field for a specialist collection. No finer or more interesting stamps than those of New Zealand have ever been issued. The first issue is among the handsomest of the Perkins-Bacon designs and the current issue easily stands first amongst modern issues. The issues of Australia are equally interesting but have one great drawback—their rarity. It is literally impossible to make a good collection of them unused. It behoves collectors therefore to see that the issues now current are more readily obtainable in the future. To lay aside blocks of 4, 8 or 12 of the present sets is not only a duty owing to a future generation of collectors but to do so will certainly prove a profitable investment.

SELANGOR.

SPECIAL OFFER.

We have secured a small lot of these interesting stamps and as long as same lasts offer at the following very low rates:—

2, 5, 8, 10, 25, 50c. set of six, cat. 6/6, nett, 4/3.
$1, mint, cat. 6/-, nett 3/-, block, 12/-.

$10, mint, cat. 75/-, nett 37/6, pair 75/-.
(of this stamp we have in stock a block of four, with plate No., price 150/-.

NOTE.—The stamps of the Federated Malay States—Pahang, Perak, Negri Sembilan, Sungei Ujong and Selangor—form an ideal group for the specialist, if the preliminary issues surcharged on Straits Settlements be ignored. The omission of the latter does not really interfere with the interest attaching to a collection, and renders an almost complete series of sets obtainable at comparatively little cost. Most of the issues of these States are now on the up-grade.

SELANGOR AND PERAK, $25.

Two very scarce stamps are the $25 Selangor and the $25 Perak, the latter not even being mentioned in Gibbons' catalogue. We can offer a few at the following rates:—

Selangor, $25, mint, cat. £5, nett 70/-; pair, 140/-; block, £14.
Perak, $25, very little gum, otherwise fine. 95/-. Only a few singles are in stock.

For prices of the $1, $5 and $10 Selangor, see above. Orders should be sent in early, as we do not expect being able to repeat this offer for many weeks; if sent in at once prompt execution is assured. We have also about thirty copies of the scarce $3 of Perak, fine but without gum, and offer as follows.

Perak, $3, green and olive-yellow, no gum but fine, 8/6; block, 34/-.

A few of the low value Perak and Selangor are also in stock; see the obsolete sets on page vi.

These stamps are amongst the handsomest ever produced by Messrs. Waterlow & Sons, the colouring of the higher values being especially fine. We strongly recommend them to every collector who shows his albums to non-philatelic friends, as they are far more likely to be admired than the dingy issues of olden days and may bring recruits into the ranks of philately. It should be distinctly understood that we supply these stamps in mint unused condition only and do not touch the cancelled-to-order rubbish at any price.

Ewen's Colonial Stamp Market, Ltd., NORWOOD, LONDON, S.E.

Unused Foreign Stamps in Sets.

So many applications have been made to the Colonial Stamp Market, asking that the various continental and foreign sets of stamps might be quoted, that we have decided in future to establish a Foreign Department. Despite the extra risk and cost of importing (postage being 2½ times as much), we are offering the majority at the same cheap rate as those of the Colonial series.

PRICE LIST, NO. 111. JANUARY, 24, 1903. [SUPPLEMENT TO "E.W.S.N." No 174.

OUR 1903 QUOTATIONS.

ON and after January 1st, 1903, our General Rate for Unused Current Colonial Stamps and New Issues will be 1/1 per 1/- face value (only 8½% commission). Special contracts with wholesale buyers can be entered into at from 5% to 7½%; particulars on application, and from time to time we shall make special offers of stamps at face value only. At these remarkably low rates there cannot be the slightest doubt that current unused Colonials are by far the safest and most remunerative investment a Stamp Collector can make. Please note that

WE GUARANTEE OUR RATES LOWER THAN THOSE OF ANY OTHER FIRM.

NOTE.—To obviate the necessity of frequent small remittances clients are recommended to open a current account with us, paying in periodically even sums of £1, £2, or so, as required. Balance will be returned at any time, on demand. Callers at 32 Palace Square can only be seen by appointment; we have no shop and cannot show stamps under any circumstances, as we do not allow our stock to be handled till sold. All stamps are *guaranteed* mint, well centred and unmounted.

Debenture Holders in Ewen's Colonial Stamp Market, Ltd. have special privileges; particulars on application.

OUR CONDITIONS OF BUSINESS FOR 1903.

TO FACILITATE PROMPT AND ACCURATE EXECUTION OF ORDERS.

N.B.—It is of the utmost importance that the following very reasonable conditions be observed when ordering stamps, etc., so that orders may be *promptly* and *accurately* executed.

1.—Name and address of sender should both be clearly written at the top of every order, together with such formula as "Please send the following, as advertised in *E.W.S.N.* No.....; remittance.....enclosed [if any]."

2.—If it is desired to ask any questions or make any complaint, such should be written on the left side of a separate sheet of paper, also headed with name and address. The replies will be written opposite and the sheet returned. Each question should be numbered, and if sent independently of an order, stamp for reply must be enclosed.

3.—Communications for our New Issue, Approval and Editorial Departments should be written on separate slips of paper and will receive independent attention.

4.—In making out an order for stamps *it is es ential* to state (*a*) the index number (if any); (*b*) name of colony or other particulars; (*c*) quantity required; (*d*) price at which advertised, and each item should be in a separate line. Printed order forms will be supplied free on application.

5.—If stamps are out of stock orders are booked for execution immediately our next supplies arrive. Stamps once ordered cannot be accepted back, but will be exchanged if in any way not according to description.

6.—Clients who are not on our regular service list for new issues, and who wish to make sure of any new issue as soon as it comes out, can have their orders booked in advance, and such orders will be executed in priority to all others, after our regular new issue service has been completed. Especially in the case of New Australian Stamps is it desirable to book in advance, as we anticipate a great run on them. Communications for our "booked order" department should be on a separate slip of paper.

7.—No money need be sent when orders are required to be booked. When the stamps arrive, we expect prompt payment after delivery.

Special Offers of Unused Colonials

FOR INVESTMENT PURPOSES.

IN making an investment of Stamps, it is necessary above all not to buy too many of any one Stamp. If a large quantity of one kind are acquired, they will be difficult to realise, owing to the necessity of finding a large number of buyers. If on the other hand, a small quantity of a number of different stamps are put by, they can be realized without difficulty on even a small market. The best way to make money out of Colonial stamps at present is to consider oneself the advance agent of a future generation of Collectors, and to put by as many collections of current issues as can be obtained nearly complete. They must be complete, or nearly so, or you will perhaps miss just the stamps which have gone up in price most. Most of the sets now current must soon become obsolete. Such a change is absolutely unprecedented in the History of Philately and being on so large a scale, it will be more difficulty than ever before for dealers to adequately stock the old sets. Collectors consequently have a better opportunity of catching the market short and making big profits. Speculators who have bought up one or two kinds largely may cause a slump in such, but collectors who follow this advice and spread their investment over the whole of the Colonies have nothing to fear. Experience leads us to recommend complete collections of the stamps now current in blocks of four, supplemented gradually by new issues as they appear. New issues of Colonial stamps may be grouped into the following five classes:—

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

Set, ½d., 1d., 3d., 4d., 6d., 1/-, nett 2/6; blocks, 9/10.

NOTE.—We strongly recommend collectors to lay aside a few of the above, as further printings on the wmk. paper may quite possibly have the new perforation 14. In any case, shades are constantly changing, and some at least are likely to become valuable. The advertisement of N.Z. stamps on watermarked paper in *E.W.S.N.* No. 171 was premature and inaccurate, as only the above six values are as yet issued. We still have the following on the *unwatermarked* paper, perf. 11.

Last offer of local prints on unwatermarked paper, perf. 11. Execution of orders guaranteed in full if received within seven days.

2½d. blue, block, 11d.; dozen. 2/8½; entire sheet of 120, 27/1 (face value 25/-).

9d. lilac, block, 3/3; dozen, 9/9; entire sheet of 120, 97/6 (face value, 90/-).

We can also offer the following on Waterlow paper, watermarked with double-lined N.Z. and Star.

1½d. bistre, block, 7d.; dozen, 1/8; entire sheet of 120, with consecutive sheet number in black, 16/3 only.
2d. violet, block 9d.; dozen, 2/2; entire sheet of 240, with consecutive sheet number in black, and showing shading, pale to dark, from right to left of sheet, 43/4 only (face value 40/-).

All the above are likely to be obsolete shortly, as the stamps will in future be printed on Cowan paper, watermark single-lined N.Z. and Star. For other offers of New Zealand stamps see pages ii. and iii.

LATEST ARRIVALS

From Australia and Oceania.

THE stamps of Australasia—especially those of New Zealand and the Islands of Polynesia—form an ideal field for a specialist collection. No finer or more interesting stamps than those of New Zealand have ever been issued. The first issue is among the handsomest of the Perkins-Bacon designs and the current issue easily stands first amongst modern issues. The issues of Australia are equally interesting but have one great drawback—their rarity. It is literally impossible to make a good collection of them unused. It behoves collectors therefore to see that the issues now current are more readily obtainable in the future. To lay aside blocks of 4, 8 or 12 of the present sets is not only a duty owing to a future generation of collectors but to do so will certainly prove a profitable investment.

VARIETIES OF SURCHARGE.

The following varieties can also be supplied. Each is in a pair with the normal variety. It should be stated that all these varieties are of an absolutely bona-fide nature and are not in the least degree "made for collectors."

FEDERATED MALAY STATES ON PERAK.

The scarce surcharged issue of 1900.

For a few weeks, we can offer the following in mint unused condition:

$1 green, cat. 4/-, nett 3/-; block, 12/-; dozen, 35/-.
$2 green and carmine, cat. 15/-; nett 7/6; block, 30/-; dozen, 90/-.

We have also a very few of the low values left, particulars of which will be published in an early number.

SELANGOR.

SPECIAL OFFER.

We have secured a small lot of these interesting stamps and as long as same lasts offer at the following very low rates:—

2, 5, 8, 10, 25, 50c. set of six, cat. 6/6, nett, 4/3.
$1, mint, cat. 6/-, nett 3/-, block, 12/-.
$5, mint, cat. 25/-, nett 15/-, block 60/-.
$10, mint, cat. 75/-, nett 37/6, pair 75/-.
(of this stamp we have in stock a block of four, with plate No., price 150/-.

NOTE.—The stamps of the Federated Malay States—Pahang, Perak, Negri Sembilan, Sungei Ujong and Selangor—form an ideal group for the specialist, if the preliminary issues surcharged on Straits Settlements be ignored. The omission of the latter does not really interfere with the interest attaching to a collection, and renders an almost complete series of sets obtainable at comparatively little cost. Most of the issues of these States are now on the up-grade.

SELANGOR AND PERAK, $25.

Two very scarce stamps are the $25 Selangor and the $25 Perak, the latter not even being mentioned in Gibbons' catalogue. We can offer a few at the following rates:—

Selangor, $25, mint, cat. £5, nett 70/-; pair, 140/-; block, £14.
Perak, $25, very little gum, otherwise fine, 95/-. Only a few singles are in stock.

For prices of the $1, $5 and $10 Selangor, see above. Orders should be sent in early, as we do not expect being able to repeat this offer for many weeks; if sent in at once prompt execution is assured. We have also about thirty copies of the scarce $3 of Perak, fine but without gum, and offer as follows.

Perak, $3, green and olive-yellow, no gum but fine, 8/6; block, 34/-.

A few of the low value Perak and Selangor are also in stock; see the obsolete sets on page vi.

These stamps are amongst the handsomest ever produced by Messrs. Waterlow & Sons, the colouring of the higher values being especially fine. We strongly recommend them to every collector who shows his albums to non-philatelic friends, as they are far more likely to be admired than the dingy issues of olden days and may bring recruits into the ranks of philately. It should be distinctly understood that we supply these stamps in mint unused condition only and do not touch the cancelled-to-order rubbish at any price.

Stamps can only be sent for payment on delivery to clients having current accounts with us, but such must not remain overdrawn longer than 10 days. Ewen's Colonial Stamp Market, Ltd., NORWOOD, LONDON, S.E.

Unused Foreign Stamps in Sets.

So many applications have been made to the Colonial Stamp Market, asking that the various continental and foreign sets of stamps might be quoted, that we have decided in future to establish a Foreign Department. Despite the extra risk and cost of importing (postage being 2½ times as much), we are offering the majority at the same cheap rate as those of the Colonial series.

PRICE LIST, NO. 112 JANUARY, 31, 1903. [SUPPLEMENT TO "E.W.S.N." No. 175.

OUR 1903 QUOTATIONS.

ON and after January 1st, 1903, our General Rate for Unused Current Colonial Stamps and New Issues will be 1/1 per 1/- face value (only 8⅓% commission). Special contracts with wholesale buyers can be entered into at from 5% to 7½%; particulars on application, and from time to time we shall make special offers of stamps at face value only. At these remarkably low rates there cannot be the slightest doubt that current unused Colonials are by far the safest and most remunerative investment a Stamp Collector can make. Please note that

WE GUARANTEE OUR RATES LOWER THAN THOSE OF ANY OTHER FIRM.

NOTE.—To obviate the necessity of frequent small remittances clients are recommended to open a current account with us, paying in periodically even sums of £1, £2, or so, as required. Balance will be returned at any time, on demand. Callers at 32 Palace Square can only be seen by appointment; we have no shop and cannot show stamps under any circumstances, as we do not allow our stock to be handled till sold. All stamps are *guaranteed* mint, well centred and unmounted.

Debenture Holders in Ewen's Colonial Stamp Market, Ltd. have special privileges; particulars on application.

Colonial Clients are requested to remit by means of unused sets and high values, and especially provisionals or quite new issues. Rupee=1/4; American dollar=4/-. Foreign bank notes accepted as follows:—French, 50fr.=39/6; German, 20mk.=19/6; U.S.A., $1=4/-.

OUR CONDITIONS OF BUSINESS FOR 1903.

TO FACILITATE PROMPT AND ACCURATE EXECUTION OF ORDERS.

N.B.—It is of the utmost importance that the following very reasonable conditions be observed when ordering stamps, etc., so that orders may be *promptly* and *accurately* executed.

1.—Name and address of sender should both be clearly written at the top of every order, together with such formula as "Please send the following, as advertised in *E.W.S.N.* No.....; remittance.....enclosed [if any]."

2.—If it is desired to ask any questions or make any complaint, such should be written on the left side of a separate sheet of paper, also headed with name and address. The replies will be written opposite and the sheet returned. Each question should be numbered, and if sent independently of an order, stamp for reply must be enclosed.

3.—Communications for our New Issue, Approval and Editorial Departments should be written on separate slips of paper and will receive independent attention.

4.—In making out an order for stamps *it is essential* to state (*a*) the index number (if any); (*b*) name of colony or other particulars; (*c*) quantity required; (*d*) price at which advertised, and each item should be in a separate line. Printed order forms will be supplied free on application.

5.—If stamps are out of stock orders are booked for execution immediately our next supplies arrive. Stamps once ordered cannot be accepted back, but will be exchanged if in any way not according to description.

6.—Clients who are not on our regular service list for new issues, and who wish to make sure of any new issue as soon as it comes out, can have their orders booked in advance, and such orders will be executed in priority to all others, after our regular new issue service has been completed. Especially in the case of New Australian Stamps is it desirable to book in advance, as we anticipate a great run on them. Communications for our "booked order" department should be on a separate slip of paper.

7.—No money need be sent when orders are required to be booked. When the stamps arrive, we expect prompt payment after delivery.

Special Offers of Unused Colonials

FOR INVESTMENT PURPOSES.

IN making an investment of Stamps, it is necessary above all not to buy too many of any one Stamp. If a large quantity of one kind are acquired, they will be difficult to realise, owing to the necessity of finding a large number of buyers. If on the other hand, a small quantity of a number of different stamps are put by, they can be realized without difficulty on even a small market. The best way to make money out of Colonial stamps at present is to consider oneself the advance agent of a future generation of Collectors, and to put by as many collections of current issues as can be obtained nearly complete. They must be complete, or nearly so, or you will perhaps miss just the stamps which have gone up in price most. Most of the sets now current must soon become obsolete. Such a change is absolutely unprecedented in the History of Philately and being on so large a scale, it will be more difficulty than ever before for dealers to adequately stock the old sets. Collectors consequently have a better opportunity of catching the market short and making big profits. Speculators who have bought up one or two kinds largely may cause a slum in such, but collectors who follow this advice and spread their investment over the whole of the Colonies have nothing to fear. Experience leads us to recommend complete collections of the stamps now current in blocks of four, supplemented gradually by new issues as they appear. New issues of Colonial stamps may be grouped into the following five classes:—

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

NOTE.—We strongly recommend collectors to lay aside a few of the above, as further printings on the wmk. paper may quite possibly have the new perforation 14. In any case, shades are constantly changing, and some at least are likely to become valuable. The advertisement of N.Z. stamps on watermarked paper in *E.W.S.N.* No. 171 was premature and inaccurate, as only the above six values are as yet issued. We still have the following on the *unwatermarked* paper, perf. 11.

Last offer of local prints on unwatermarked paper, perf. 11. Execution of orders guaranteed in full if received within seven days.

2½d. blue, block, 11d.; dozen, 2/8½; entire sheet of 120, 27/1 (face value 25/-).

9d. lilac, block, 3/3; dozen, 9/9; entire sheet of 120, 97/6 (face value, 90/-).

We can also offer the following on Waterlow paper, watermarked with double-lined N.Z. and Star.

1½d. bistre, block, 7d.; dozen, 1/8; entire sheet of 120, with consecutive sheet number in black, 16/3 only.
2d. violet, block 9d.; dozen, 2/2; entire sheet of 240, with consecutive sheet number in black, and showing shading, pale to dark, from right to left of sheet, 43/4 only (face value 40/-).

All the above are likely to be obsolete shortly, as the stamps will in future be printed on Cowan paper, watermark single-lined N.Z. and Star. For other offers of New Zealand stamps see pages ii. and iii.

LATEST ARRIVALS

From Australia and Oceania.

THE stamps of Australasia—especially those of New Zealand and the Islands of Polynesia—form an ideal field for a specialist collection. No finer or more interesting stamps than those of New Zealand have ever been issued. The first issue is among the handsomest of the Perkins-Bacon designs and the current issue easily stands first amongst modern issues. The issues of Australia are equally interesting but have one great drawback—their rarity. It is literally impossible to make a good collection of them unused. It behoves collectors therefore to see that the issues now current are more readily obtainable in the future. To lay aside blocks of 4, 8 or 12 of the present sets is not only a duty owing to a future generation of collectors but to do so will certainly prove a profitable investment.

FEDERATED MALAY STATES ON PERAK.

The scarce surcharged issue of 1900.

For a few weeks, we can offer the following in mint unused condition:

$1 green, cat. 4/-, nett 3/-; block, 12/-; dozen, 35/-.
$2 green and carmine, cat. 15/-; nett 7/6; block, 30/-; dozen, 90/-.

We have also a very few of the low values left, particulars of which will be published in an early number.

SELANGOR.

SPECIAL OFFER.

We have secured a small lot of these interesting stamps and as long as same lasts offer at the following very low rates:—

2, 5, 8, 10, 25, 50c. set of six, cat. 6/6, nett. 4/3.
$1, mint, cat. 6/-, nett 3/-, block, 12/-.
$5, mint, cat. 25/-, nett 15/-, block 60/-.
$10, mint, cat. 75/-, nett 37/6, pair 75/-.
(of this stamp we have in stock a block of four, with plate No., price 150/-.

NOTE.—The stamps of the Federated Malay States—Pahang, Perak, Negri Sembilan, Sungei Ujong and Selangor—form an ideal group for the specialist, if the preliminary issues surcharged on Straits Settlements be ignored. The omission of the latter does not really interfere with the interest attaching to a collection, and renders an almost complete series of sets obtainable at comparatively little cost. Most of the issues of these States are now on the up-grade.

SELANGOR AND PERAK, $25.

Two very scarce stamps are the $25 Selangor and the $25 Perak, the latter not even being mentioned in Gibbons' catalogue. We can offer a few at the following rates:—

Selangor, $25, mint, cat. £5, nett 70/-; pair, 140/-; block, £14.
Perak, $25, very little gum, otherwise fine, 95/-. Only a few singles are in stock.

For prices of the $1, $5 and $10 Selangor, see above. Orders should be sent in early, as we do not expect being able to repeat this offer for many weeks; if sent in at once prompt execution is assured. We have also about thirty copies of the scarce $3 of Perak, fine but without gum, and offer as follows.

Perak, $3, green and olive-yellow, no gum but fine, 8/6; block, 34/-.

A few of the low value Perak and Selangor are also in stock; see the obsolete sets on page vi.

The Finest Possible Investment. The Best Stamps to Buy.

Unused British Colonial Stamps are at the present moment one of the finest investments that anyone, whether collector or not, could wish to make, provided of course that they are purchased judiciously. It is safe to say that a collector five years hence would cheerfully pay £100 to have the opportunities that are free to everyone to-day.

All sets marked with an asterisk and still quoted are temporarily out of stock, but clients who have deposit accounts with the Colonial Stamp Market can book same, for delivery immediately further supplies arrive. Stamps can only be sent for payment on delivery to clients having current accounts with us, but such must not remain overdrawn longer than 10 days. Under no circumstances (except by special arrangement) can more than 10 days' credit be given. Orders for stamps, when made out on the Colonial Stamp Market's printed order forms, may be sent through the post in an open envelope for ½d.

Ewen's Colonial Stamp Market, Ltd., NORWOOD, LONDON, S.E.

Unused Foreign Stamps in Sets.

So many applications have been made to the Colonial Stamp Market, asking that the various continental and foreign sets of stamps might be quoted, that we have decided in future to establish a Foreign Department. Despite the extra risk and cost of importing (postage being 2½ times as much), we are offering the majority at the same cheap rate as those of the Colonial series.

PRICE LIST, NO. 113. FEBRUARY, 7, 1903. [SUPPLEMENT TO "E.W.S.N." No 176.

OUR 1903 QUOTATIONS.

ON and after January 1st, 1903, our General Rate for Unused Current Colonial Stamps and New Issues will be 1/1 per 1/- face value (only 8⅓% commission). Special contracts with wholesale buyers can be entered into at from 5% to 7½% ; particulars on application, and from time to time we shall make special offers of stamps at face value only. At these remarkably low rates there cannot be the slightest doubt that current unused Colonials are by far the safest and most remunerative investment a Stamp Collector can make. Please note that

WE GUARANTEE OUR RATES LOWER THAN THOSE OF ANY OTHER FIRM.

NOTE.—To obviate the necessity of frequent small remittances clients are recommended to open a current account with us, paying in periodically even sums of £1, £2, or so, as required. Balance will be returned at any time, on demand. Callers at 32 Palace Square can only be seen by appointment ; we have no shop and cannot show stamps under any circumstances, as we do not allow our stock to be handled till sold. All stamps are *guaranteed* mint, well centred and unmounted.

Debenture Holders in Ewen's Colonial Stamp Market, Ltd. have special privileges ; particulars on application.

Colonial Clients are requested to remit by means of unused sets and high values, and especially provisionals or quite new issues. Rupee = 1/4 ; American dollar = 4/-. Foreign bank notes accepted as follows :—French, 50fr. = 39/6 ; German, 20mk. = 19/6 ; U.S.A., $1 = 4/-.

OUR CONDITIONS OF BUSINESS FOR 1903.

TO FACILITATE PROMPT AND ACCURATE EXECUTION OF ORDERS.

N.B.—It is of the utmost importance that the following very reasonable conditions be observed when ordering stamps, etc., so that orders may be *promptly* and *accurately* executed.

1.—Name and address of sender should both be clearly written at the top of every order, together with such formula as "Please send the following, as advertised in *E.W.S.N.* No.....; remittance.....enclosed [if any]."

2.—If it is desired to ask any questions or make any complaint, such should be written on the left side of a separate sheet of paper, also headed with name and address. The replies will be written opposite and the sheet returned. Each question should be numbered, and if sent independently of an order, stamp for reply must be enclosed.

3.—Communications for our New Issue, Approval and Editorial Departments should be written on separate slips of paper and will receive independent attention.

4.—In making out an order for stamps *it is essential* to state (*a*) the index number (if any) ; (*b*) name of colony or other particulars ; (*c*) quantity required ; (*d*) price at which advertised, and each item should be in a separate line. Printed order forms will be supplied free on application.

5.—If stamps are out of stock orders are booked for execution immediately our next supplies arrive. Stamps once ordered cannot be accepted back, but will be exchanged if in any way not according to description.

6.—Clients who are not on our regular service list for new issues, and who wish to make sure of any new issue as soon as it comes out, can have their orders booked in advance, and such orders will be executed in priority to all others, after our regular new issue service has been completed. Especially in the case of New Australian Stamps is it desirable to book in advance, as we anticipate a great run on them. Communications for our "booked order" department should be on a separate slip of paper.

7.—No money need be sent when orders are required to be booked. When the stamps arrive, we expect prompt payment after delivery.

Special Offers of Unused Colonials

FOR INVESTMENT PURPOSES.

IN making an investment of Stamps, it is necessary above all not to buy too many of any one Stamp. If a large quantity of one kind are acquired, they will be difficult to realise, owing to the necessity of finding a large number of buyers. If on the other hand, a small quantity of a number of different stamps are put by, they can be realized without difficulty on even a small market. The best way to make money out of Colonial stamps at present is to consider oneself the advance agent of a future generation of Collectors, and to put by as many collections of current issues as can be obtained nearly complete. They must be complete, or nearly so, or you will perhaps miss just the stamps which have gone up in price most. Most of the sets now current must soon become obsolete. Such a change is absolutely unprecedented in the History of Philately and being on so large a scale, it will be more difficulty than ever before for dealers to adequately stock the old sets. Collectors consequently have a better opportunity of catching the market short and making big profits. Speculators who have bought up one or two kinds largely may cause a slump in such, but collectors who follow this advice and spread their investment over the whole of the Colonies have nothing to fear. Experience leads us to recommend complete collections of the stamps now current in blocks of four, supplemented gradually by new issues as they appear. New issues of Colonial stamps may be grouped into the following five classes :—

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

LATEST ARRIVALS

From Australia and Oceania.

THE stamps of Australasia—especially those of New Zealand and the Islands of Polynesia—form an ideal field for a specialist collection. No finer or more interesting stamps than those of New Zealand have ever been issued. The first issue is among the handsomest of the Perkins-Bacon designs and the current issue easily stands first amongst modern issues. The issues of Australia are equally interesting but have one great drawback—their rarity. It is literally impossible to make a good collection of them unused. It behoves collectors therefore to see that the issues now current are more readily obtainable in the future. To lay aside blocks of 4, 8 or 12 of the present sets is not only a duty owing to a future generation of collectors but to do so will certainly prove a profitable investment.

FEDERATED MALAY STATES ON PERAK.

The scarce surcharged issue of 1900.

For a few weeks, we can offer the following in mint unused condition :

$2 green and carmine, cat. 15/-; nett 7/6; block, 30/-; dozen, 90/-.

We have also a very few of the low values left, particulars of which will be published in an early number.

SELANGOR.

SPECIAL OFFER.

We have secured a small lot of these interesting stamps and as long as same lasts offer at the following very low rates :—

2, 5, 8, 10, 25, 50c. set of six, cat. 6/6, nett, 4/3.
$1, mint, cat. 6/-. nett 3/-, block, 12/-.
$5, mint, cat. 25/-, nett 15/-. block 60/-.
$10, mint, cat. 75/-, nett 37/6, pair 75/-.
(of this stamp we have in stock a block of four, with plate No., price 150/-.

NOTE.—The stamps of the Federated Malay States —Pahang, Perak, Negri Sembilan, Sungei Ujong and Selangor—form an ideal group for the specialist, if the preliminary issues surcharged on Straits Settlements be ignored. The omission of the latter does not really interfere with the interest attaching to a collection, and renders an almost complete series of sets obtainable at comparatively little cost. Most of the issues of these States are now on the up-grade.

SELANGOR AND PERAK, $25.

Two very scarce stamps are the $25 Selangor and the $25 Perak, the latter not even being mentioned in Gibbons' catalogue. We can offer a few at the following rates :—

Selangor, $25, mint. cat. £5, nett 70/-; pair, 140/-; block, £14.
Perak, $25, very little gum, otherwise fine, 95/-. Only a few singles are in stock.

For prices of the $1, $5 and $10 Selangor, see above. Orders should be sent in early, as we do not expect being able to repeat this offer for many weeks; if sent in at once prompt execution is assured. We have also about thirty copies of the scarce $3 of Perak, fine but without gum, and offer as follows.

Perak, $3, green and olive-yellow, no gum but fine, 8/6; block, 34/-.

A few of the low value Perak and Selangor are also in stock; see the obsolete sets on page vi.

These stamps are amongst the handsomest ever produced by Messrs. Waterlow & Sons, the colouring of the higher values being especially fine. We strongly recommend them to every collector who shows his albums to non-philatelic friends, as they are far more likely to be admired than the dingy issues of olden days and may bring recruits into the ranks of philately. It should be distinctly understood that we supply these stamps in mint unused condition only and do not touch the cancelled-to-order rubbish at any price.

UNUSED BRITISH COLONIAL STAMPS.

The Finest Possible Investment. The Best Stamps to Buy.

Unused British Colonial Stamps are at the present moment one of the finest investments that anyone, whether collector or not, could wish to make, provided of course that they are purchased judiciously. It is safe to say that a collector five years hence would cheerfully pay £100 to have the opportunities that are free to everyone to-day.

All sets marked with an asterisk and still quoted are temporarily out of stock, but clients who have deposit accounts with the Colonial Stamp Market can book same, for delivery immediately further supplies arrive. Stamps can only be sent for payment on delivery to clients having current accounts with us, but such must not remain overdrawn longer than 10 days. Under no circumstances (except by special arrangement) can more than 10 days' credit be given. Orders for stamps, when made out on the Colonial Stamp Market's printed order forms, may be sent through the post in an open envelope for ½d.

Ewen's Colonial Stamp Market, Ltd., NORWOOD, LONDON, S.E.

Unused Foreign Stamps in Sets.

So many applications have been made to the Colonial Stamp Market, asking that the various continental and foreign sets of stamps might be quoted, that we have decided in future to establish a Foreign Department. Despite the extra risk and cost of importing (postage being 2½ times as much), we are offering the majority at the same cheap rate as those of the Colonial series.

PRICE LIST, NO. 114. FEBRUARY, 14, 1903. [SUPPLEMENT TO "E.W.S.N." No 177.

OUR 1903 QUOTATIONS.

ON and after January 1st, 1903, our General Rate for Unused Current Colonial Stamps and New Issues will be 1/1 per 1/- face value (only 8½% commission). Special contracts with wholesale buyers can be entered into at from 5% to 7½%; particulars on application, and from time to time we shall make special offers of stamps at face value only. At these remarkably low rates there cannot be the slightest doubt that current unused Colonials are by far the safest and most remunerative investment a Stamp Collector can make. Please note that

WE GUARANTEE OUR RATES LOWER THAN THOSE OF ANY OTHER FIRM.

NOTE.—To obviate the necessity of frequent small remittances clients are recommended to open a current account with us, paying in periodically even sums of £1, £2, or so, as required. Balance will be returned at any time, on demand. Callers at 32 Palace Square can only be seen by appointment; we have no shop and cannot show stamps under any circumstances, as we do not allow our stock to be handled till sold. All stamps are *guaranteed* mint, well centred and unmounted.

Debenture Holders in Ewen's Colonial Stamp Market, Ltd. have special privileges; particulars on application.

Colonial Clients are requested to remit by means of unused sets and high values, and especially provisionals or quite new issues. Rupee=1/4; American dollar=4/-. Foreign bank notes accepted as follows:—French, 50fr.=39/6; German, 20mk.=19/6; U.S.A., $1=4/-.

OUR CONDITIONS OF BUSINESS FOR 1903.

TO FACILITATE PROMPT AND ACCURATE EXECUTION OF ORDERS.

N.B.—It is of the utmost importance that the following very reasonable conditions be observed when ordering stamps, etc., so that orders may be *promptly* and *accurately* executed.

1.—Name and address of sender should both be clearly written at the top of every order, together with such formula as "Please send the following, as advertised in *E.W.S.N.* No.....; remittance.....enclosed [if any]."

2.—If it is desired to ask any questions or make any complaint, such should be written on the left side of a separate sheet of paper, also headed with name and address. The replies will be written opposite and the sheet returned. Each question should be numbered, and if sent independently of an order, stamp for reply must be enclosed.

3.—Communications for our New Issue, Approval and Editorial Departments should be written on separate slips of paper and will receive independent attention.

4.—In making out an order for stamps *it is essential* to state (*a*) the index number (if any); (*b*) name of colony or other particulars; (*c*) quantity required; (*d*) price at which advertised, and each item should be in a separate line. Printed order forms will be supplied free on application.

5.—If stamps are out of stock orders are booked for execution immediately our next supplies arrive. Stamps once ordered cannot be accepted back, but will be exchanged if in any way not according to description.

6.—Clients who are not on our regular service list for new issues, and who wish to make sure of any new issue as soon as it comes out, can have their orders booked in advance, and such orders will be executed in priority to all others, after our regular new issue service has been completed. Especially in the case of New Australian Stamps is it desirable to book in advance, as we anticipate a great run on them. Communications for our "booked order" department should be on a separate slip of paper.

7.—No money need be sent when orders are required to be booked. When the stamps arrive, we expect prompt payment after delivery.

Special Offers of Unused Colonials

FOR INVESTMENT PURPOSES.

IN making an investment of Stamps, it is necessary above all not to buy too many of any one Stamp. If a large quantity of one kind are acquired, they will be difficult to realise, owing to the necessity of finding a large number of buyers. If on the other hand, a small quantity of a number of different stamps are put by, they can be realized without difficulty on even a small market. The best way to make money out of Colonial stamps at present is to consider oneself the advance agent of a future generation of Collectors, and to put by as many collections of current issues as can be obtained nearly complete. They must be complete, or nearly so, or you will perhaps miss just the stamps which have gone up in price most. Most of the sets now current must soon become obsolete. Such a change is absolutely unprecedented in the History of Philately and being on so large a scale, it will be more difficulty than ever before for dealers to adequately stock the old sets. Collectors consequently have a better opportunity of catching the market short and making big profits. Speculators who have bought up one or two kinds largely may cause a slump in such, but collectors who follow this advice and spread their investment over the whole of the Colonies have nothing to fear. Experience leads us to recommend complete collections of the stamps now current in blocks of four, supplemented gradually by new issues as they appear. New issues of Colonial stamps may be grouped into the following five classes:—

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

LATEST ARRIVALS

From Australia and Oceania.

THE stamps of Australasia—especially those of New Zealand and the Islands of Polynesia—form an ideal field for a specialist collection. No finer or more interesting stamps than those of New Zealand have ever been issued. The first issue is among the handsomest of the Perkins-Bacon designs and the current issue easily stands first amongst modern issues. The issues of Australia are equally interesting but have one great drawback—their rarity. It is literally impossible to make a good collection of them unused. It behoves collectors therefore to see that the issues now current are more readily obtainable in the future. To lay aside blocks of 4, 8 or 12 of the present sets is not only a duty owing to a future generation of collectors but to do so will certainly prove a profitable investment.

FEDERATED MALAY STATES ON PERAK.

The scarce surcharged issue of 1900.

For a few weeks, we can offer the following in mint unused condition:

$1 green, cat. 4/-, nett 3/-; block, 12/-; dozen, 35/-.
$2 green and carmine, cat. 15/-; nett 7/6; block, 30/-; dozen, 90/-.

We have also a very few of the low values left, particulars of which will be published in an early number.

SELANGOR.

SPECIAL OFFER.

We have secured a small lot of these interesting stamps and as long as same lasts offer at the following very low rates:—

2, 5, 8, 10, 25, 50c. set of six, cat. 6/6, nett, 4/3.
$1, mint, cat. 6/-, nett 3/-, block, 12/-.
$5, mint, cat. 25/-, nett 15/-, block 60/-.
$10, mint, cat. 75/-, nett 37/6, pair 75/-.
(of this stamp we have in stock a block of four, with plate No., price 150/-.

NOTE.—The stamps of the Federated Malay States—Pahang, Perak, Negri Sembilan, Sungei Ujong and Selangor—form an ideal group for the specialist, if the preliminary issues surcharged on Straits Settlements be ignored. The omission of the latter does not really interfere with the interest attaching to a collection, and renders an almost complete series of sets obtainable at comparatively little cost. Most of the issues of these States are now on the up-grade.

SELANGOR AND PERAK, $25.

Two very scarce stamps are the $25 Selangor and the $25 Perak, the latter not even being mentioned in Gibbons' catalogue. We can offer a few at the following rates:—

Selangor, $25, mint, cat. £5, nett 70/-; pair, 140/-; block, £14.
Perak, $25, very little gum, otherwise fine, 95/-. Only a few singles are in stock.

For prices of the $1, $5 and $10 Selangor, see above. Orders should be sent in early, as we do not expect being able to repeat this offer for many weeks; if sent in at once prompt execution is assured. We have also about thirty copies of the scarce $3 of Perak, fine but without gum, and offer as follows.

Perak, $3, green and olive-yellow, no gum but fine, 8/6; block, 34/-.

A few of the low value Perak and Selangor are also in stock; see the obsolete sets on page vi.

UNUSED BRITISH COLONIAL STAMPS.

The Finest Possible Investment. The Best Stamps to Buy.

Unused British Colonial Stamps are at the present moment one of the finest investments that anyone, whether collector or not, could wish to make, provided of course that they are purchased judiciously. It is safe to say that a collector five years hence would cheerfully pay £100 to have the opportunities that are free to everyone to-day.

All sets marked with an asterisk and still quoted are temporarily out of stock, but clients who have deposit accounts with the Colonial Stamp Market can book same, for delivery immediately further supplies arrive. Stamps can only be sent for payment on delivery to clients having current accounts with us, but such must not remain overdrawn longer than 10 days. Under no circumstances (except by special arrangement) can more than 10 days' credit be given. Orders for stamps, when made out on the Colonial Stamp Market's printed order forms, may be sent through the post in an open envelope for ½d.

Ewen's Colonial Stamp Market, Ltd., NORWOOD, LONDON, S.E.

Unused Foreign Stamps in Sets.

So many applications have been made to the Colonial Stamp Market, asking that the various continental and foreign sets of stamps might be quoted, that we have decided in future to establish a Foreign Department. Despite the extra risk and cost of importing (postage being 2½ times as much), we are offering the majority at the same cheap rate as those of the Colonial series.

PRICE LIST, NO. 115. FEBRUARY, 21, 1903. [SUPPLEMENT TO "E.W.S.N." No 178.

OUR 1903 QUOTATIONS.

ON and after January 1st, 1903, our General Rate for Unused Current Colonial Stamps and New Issues will be 1/1 per 1/- face value (only 8½% commission). Special contracts with wholesale buyers can be entered into at from 5% to 7½%; particulars on application, and from time to time we shall make special offers of stamps at face value only. At these remarkably low rates there cannot be the slightest doubt that current unused Colonials are by far the safest and most remunerative investment a Stamp Collector can make. Please note that

WE GUARANTEE OUR RATES LOWER THAN THOSE OF ANY OTHER FIRM.

NOTE.—To obviate the necessity of frequent small remittances clients are recommended to open a current account with us, paying in periodically even sums of £1, £2, or so, as required. Balance will be returned at any time, on demand. Callers at 32 Palace Square can only be seen by appointment; we have no shop and cannot show stamps under any circumstances, as we do not allow our stock to be handled till sold. All stamps are *guaranteed* mint, well centred and unmounted.

Debenture Holders in Ewen's Colonial Stamp Market, Ltd. have special privileges; particulars on application.

Colonial Clients are requested to remit by means of unused sets and high values, and especially provisionals or quite new issues. Rupee = 1/4; American dollar = 4/-. Foreign bank notes accepted as follows:— French, 50fr. = 39/6; German, 20mk. = 19/6; U.S.A., $1 = 4/-.

OUR CONDITIONS OF BUSINESS FOR 1903.

TO FACILITATE PROMPT AND ACCURATE EXECUTION OF ORDERS.

N.B.—It is of the utmost importance that the following very reasonable conditions be observed when ordering stamps, etc., so that orders may be *promptly* and *accurately* executed.

1.—Name and address of sender should both be clearly written at the top of every order, together with such formula as "Please send the following, as advertised in *E.W.S.N.* No.....; remittance.....enclosed [if any]."

2.—If it is desired to ask any questions or make any complaint, such should be written on the left side of a separate sheet of paper, also headed with name and address. The replies will be written opposite and the sheet returned. Each question should be numbered, and if sent independently of an order, stamp for reply must be enclosed.

3.—Communications for our New Issue, Approval and Editorial Departments should be written on separate slips of paper and will receive independent attention.

4.—In making out an order for stamps *it is es ential* to state (*a*) the index number (if any); (*b*) name of colony or other particulars; (*c*) quantity required; (*d*) price at which advertised, and each item should be in a separate line. Printed order forms will be supplied free on application.

5.—If stamps are out of stock orders are booked for execution immediately our next supplies arrive. Stamps once ordered cannot be accepted back, but will be exchanged if in any way not according to description.

6.—Clients who are not on our regular service list for new issues, and who wish to make sure of any new issue as soon as it comes out, can have their orders booked in advance, and such orders will be executed in priority to all others, after our regular new issue service has been completed. Especially in the case of New Australian Stamps is it desirable to book in advance, as we anticipate a great run on them. Communications for our "booked order" department should be on a separate slip of paper.

7.—No money need be sent when orders are required to be booked. When the stamps arrive, we expect prompt payment after delivery.

Special Offers of Unused Colonials

FOR INVESTMENT PURPOSES.

IN making an investment of Stamps, it is necessary above all not to buy too many of any one Stamp. If a large quantity of one kind are acquired, they will be difficult to realise, owing to the necessity of finding a large number of buyers. If on the other hand, a small quantity of a number of different stamps are put by, they can be realized without difficulty on even a small market. The best way to make money out of Colonial stamps at present is to consider oneself the advance agent of a future generation of Collectors, and to put by as many collections of current issues as can be obtained nearly complete. They must be complete, or nearly so, or you will perhaps miss just the stamps which have gone up in price most. Most of the sets now current must soon become obsolete. Such a change is absolutely unprecedented in the History of Philately and being on so large a scale, it will be more difficulty than ever before for dealers to adequately stock the old sets. Collectors consequently have a better opportunity of catching the market short and making big profits. Speculators who have bought up one or two kinds largely may cause a slump in such, but collectors who follow this advice and spread their investment over the whole of the Colonies have nothing to fear. Experience leads us to recommend complete collections of the stamps now current in blocks of four, supplemented gradually by new issues as they appear. New issues of Colonial stamps may be grouped into the following five classes:—

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

LATEST ARRIVALS

From Australia and Oceania.

THE stamps of Australasia—especially those of New Zealand and the Islands of Polynesia—form an ideal field for a specialist collection. No finer or more interesting stamps than those of New Zealand have ever been issued. The first issue is among the handsomest of the Perkins-Bacon designs and the current issue easily stands first amongst modern issues. The issues of Australia are equally interesting but have one great drawback—their rarity. It is literally impossible to make a good collection of them unused. It behoves collectors therefore to see that the issues now current are more readily obtainable in the future. To lay aside blocks of 4, 8 or 12 of the present sets is not only a duty owing to a future generation of collectors but to do so will certainly prove a profitable investment.

VARIETIES OF SURCHARGE.

The following varieties can also be supplied. Each is in a pair with the normal variety. It should be stated that all these varieties are of an absolutely bona-fide nature and are not in the least degree "made for collectors."

	(*a*) wide space between *u* and *e*	7d.
1642	Niue, 1d. rose.

FEDERATED MALAY STATES ON PERAK.

The scarce surcharged issue of 1900.

For a few weeks, we can offer the following in mint unused condition:

$1 green, cat. 4/-, nett 3/-; block, 12/-; dozen, 35/-.
$2 green and carmine, cat. 15/-; nett 7/6; block, 30/-; dozen, 90/-.

We have also a very few of the low values left, particulars of which will be published in an early number.

SELANGOR.

SPECIAL OFFER.

We have secured a small lot of these interesting stamps and as long as same lasts offer at the following very low rates:—

2, 5, 8, 10, 25, 50c. set of six, cat. 6/6, nett, 4/3.
$1, mint, cat. 6/-, nett 3/-, block, 12/-.
$5, mint, cat. 25/-, nett 15/-, block 60/-.
$10, mint, cat. 75/-, nett 37/6, pair 75/-.
(of this stamp we have in stock a block of four, with plate No., price 150/-.

NOTE.—The stamps of the Federated Malay States—Pahang, Perak, Negri Sembilan, Sungei Ujong and Selangor—form an ideal group for the specialist, if the preliminary issues surcharged on Straits Settlements be ignored. The omission of the latter does not really interfere with the interest attaching to a collection, and renders an almost complete series of sets obtainable at comparatively little cost. Most of the issues of these States are now on the up-grade.

SELANGOR AND PERAK, $25.

Two very scarce stamps are the $25 Selangor and the $25 Perak, the latter not even being mentioned in Gibbons' catalogue. We can offer a few at the following rates:—

Selangor, $25, mint, cat. £5, nett 70/-; pair, 140/-; block, £14.
Perak, $25, very little gum, otherwise fine, 95/-. Only a few singles are in stock.

For prices of the $1, $5 and $10 Selangor, see above. Orders should be sent in early, as we do not expect being able to repeat this offer for many weeks; if sent in at once prompt execution is assured. We have also about thirty copies of the scarce $3 of Perak, fine but without gum, and offer as follows.

Perak, $3, green and olive-yellow, no gum but fine, 8/6; block, 34/-.

A few of the low value Perak and Selangor are also in stock; see the obsolete sets on page vi.

Surcharged a Crown in black (1901).

We are now able to make quotations for this stamp as follows:—

1d. brown, surcharged a Crown in black, mint with full gum, 15/-; block of 4, 60/-.
1d. brown, very fine but no gum, 8/6; block, 34/-; (the majority were issued without gum, owing to the stock having stuck together).
1d. brown, fine, postmarked Rarotonga, 8/6; block of four, 34/-.
1d. brown, errors, with surcharge inverted or sideways can be sent on approval to probable purchasers.

NOTE.—Only 2400 of the above were ever made, and the Crown overprint was chiefly applied to stock on hand at the smaller post offices which was in many cases in somewhat bad condition and generally without gum. The issue was made late in 1901 and was followed almost at once by the issue of the 1d. rose unsurcharged.

These stamps are amongst the handsomest ever produced by Messrs. Waterlow & Sons, the colouring of the higher values being especially fine. We strongly recommend them to every collector who shows his albums to non-philatelic friends, as they are far more likely to be admired than the dingy issues of olden days and may bring recruits into the ranks of philately. It should be distinctly understood that we supply these stamps in mint unused condition only and do not touch the cancelled-to-order rubbish at any price.

UNUSED BRITISH COLONIAL STAMPS.

The Finest Possible Investment. The Best Stamps to Buy.

Unused British Colonial Stamps are at the present moment one of the finest investments that anyone, whether collector or not, could wish to make, provided of course that they are purchased judiciously. It is safe to say that a collector five years hence would cheerfully pay £100 to have the opportunities that are free to everyone to-day.

All sets marked with an asterisk and still quoted are temporarily out of stock, but clients who have deposit accounts with the Colonial Stamp Market can book same, for delivery immediately further supplies arrive. Stamps can only be sent for payment on delivery to clients having current accounts with us, but such must not remain overdrawn longer than 10 days. Under no circumstances (except by special arrangement) can more than 10 days' credit be given. Orders for stamps, when made out on the Colonial Stamp Market's printed order forms, may be sent through the post in an open envelope for ½d.

Ewen's Colonial Stamp Market, Ltd., NORWOOD, LONDON, S.E.

Unused Foreign Stamps in Sets.

So many applications have been made to the Colonial Stamp Market, asking that the various continental and foreign sets of stamps might be quoted, that we have decided in future to establish a Foreign Department. Despite the extra risk and cost of importing (postage being 2½ times as much), we are offering the majority at the same cheap rate as those of the Colonial series.

PRICE LIST, NO. 116 FEBRUARY, 28, 1903. [SUPPLEMENT TO "E.W.S.N." No 179.

OUR 1903 QUOTATIONS.

ON and after January 1st, 1903, our General Rate for Unused Current Colonial Stamps and New Issues will be 1/1 per 1/- face value (only 8½% commission). Special contracts with wholesale buyers can be entered into at from 5% to 7½%; particulars on application, and from time to time we shall make special offers of stamps at face value only. At these remarkably low rates there cannot be the slightest doubt that current unused Colonials are by far the safest and most remunerative investment a Stamp Collector can make. Please note that

WE GUARANTEE OUR RATES LOWER THAN THOSE OF ANY OTHER FIRM.

NOTE.—To obviate the necessity of frequent small remittances clients are recommended to open a current account with us, paying in periodically even sums of £1, £2, or so, as required. Balance will be returned at any time, on demand. Callers at 32 Palace Square can only be seen by appointment; we have no shop and cannot show stamps under any circumstances, as we do not allow our stock to be handled till sold. All stamps are *guaranteed* mint, well centred and unmounted.

Debenture Holders in Ewen's Colonial Stamp Market, Ltd. have special privileges; particulars on application.

Colonial Clients are requested to remit by means of unused sets and high values, and especially provisionals or quite new issues. Rupee = 1/4; American dollar = 4/-. Foreign bank notes accepted as follows:—French, 50fr. = 39/6; German, 20mk. = 19/6; U.S.A., $1 = 4/-.

OUR CONDITIONS OF BUSINESS FOR 1903.

TO FACILITATE PROMPT AND ACCURATE EXECUTION OF ORDERS.

N.B.—It is of the utmost importance that the following very reasonable conditions be observed when ordering stamps, etc., so that orders may be *promptly* and *accurately* executed.

1.—Name and address of sender should both be clearly written at the top of every order, together with such formula as "Please send the following, as advertised in *E.W.S.N.* No.....; remittance.....enclosed [if any]."

2.—If it is desired to ask any questions or make any complaint, such should be written on the left side of a separate sheet of paper, also headed with name and address. The replies will be written opposite and the sheet returned. Each question should be numbered, and if sent independently of an order, stamp for reply must be enclosed.

3.—Communications for our New Issue, Approval and Editorial Departments should be written on separate slips of paper and will receive independent attention.

4.—In making out an order for stamps *it is essential* to state (*a*) the index number (if any); (*b*) name of colony or other particulars; (*c*) quantity required; (*d*) price at which advertised, and each item should be in a separate line. Printed order forms will be supplied free on application.

5.—If stamps are out of stock orders are booked for execution immediately our next supplies arrive. Stamps once ordered cannot be accepted back, but will be exchanged if in any way not according to description.

6.—Clients who are not on our regular service list for new issues, and who wish to make sure of any new issue as soon as it comes out, can have their orders booked in advance, and such orders will be executed in priority to all others, after our regular new issue service has been completed. Especially in the case of New Australian Stamps is it desirable to book in advance, as we anticipate a great run on them. Communications for our "booked order" department should be on a separate slip of paper.

7.—No money need be sent when orders are required to be booked. When the stamps arrive, we expect prompt payment after delivery.

Special Offers of Unused Colonials

FOR INVESTMENT PURPOSES.

IN making an investment of Stamps, it is necessary above all not to buy too many of any one Stamp. If a large quantity of one kind are acquired, they will be difficult to realise, owing to the necessity of finding a large number of buyers. If on the other hand, a small quantity of a number of different stamps are put by, they can be realized without difficulty on even a small market. The best way to make money out of Colonial stamps at present is to consider oneself the advance agent of a future generation of Collectors, and to put by as many collections of current issues as can be obtained nearly complete. They must be complete, or nearly so, or you will perhaps miss just the stamps which have gone up in price most. Most of the sets now current must soon become obsolete. Such a change is absolutely unprecedented in the History of Philately and being on so large a scale, it will be more difficulty than ever before for dealers to adequately stock the old sets. Collectors consequently have a better opportunity of catching the market short and making big profits. Speculators who have bought up one or two kinds largely may cause a slum in such, but collectors who follow this advice and spread their investment over the whole of the Colonies have nothing to fear. Experience leads us to recommend complete collections of the stamps now current in blocks of four, supplemented gradually by new issues as they appear. New issues of Colonial stamps may be grouped into the following five classes:—

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

SELANGOR.

SPECIAL OFFER.

We have secured a small lot of these interesting stamps and as long as same lasts offer at the following very low rates :—

2, 5, 8, 10, 25, 50c. set of six, cat. 6/6, nett, 4/3.
$1, mint, cat. 6/-, nett 3/-, block, 12/-.

(of this stamp we have in stock a block of four, with plate No., price 150/-.

NOTE.—The stamps of the Federated Malay States—Pahang, Perak, Negri Sembilan, Sungei Ujong and Selangor—form an ideal group for the specialist, if the preliminary issues surcharged on Straits Settlements be ignored. The omission of the latter does not really interfere with the interest attaching to a collection, and renders an almost complete series of sets obtainable at comparatively little cost. Most of the issues of these States are now on the up-grade.

SELANGOR AND PERAK, $25.

Two very scarce stamps are the $25 Selangor and the $25 Perak, the latter not even being mentioned in Gibbons' catalogue. We can offer a few at the following rates :—

Selangor, $25, mint, cat. £5. nett 70/-; pair, 140/-; block, £14.

Perak, $25. very little gum, otherwise fine, 95/-. Only a few singles are in stock.

For prices of the $1, $5 and $10 Selangor, see above. Orders should be sent in early, as we do not expect being able to repeat this offer for many weeks; if sent in at once prompt execution is assured. We have also about thirty copies of the scarce $3 of Perak, fine but without gum, and offer as follows.

Perak, $3, green and olive-yellow, no gum but fine, 8/6; block, 34/-.

A few of the low value Perak and Selangor are also in stock; see the obsolete sets on page vi.

COOK ISLANDS.

Surcharged a Crown in black (1901).

We are now able to make quotations for this stamp as follows:—

1d. brown, surcharged a Crown in black, mint with full gum, 15/-; block of 4, 60/-.

1d. brown, very fine but no gum, 8/6; block, 34/-; (the majority were issued without gum, owing to the stock having stuck together).

1d. brown, fine, postmarked Rarotonga, 8/6; block of four, 34/-.

1d. brown, errors, with surcharge inverted or sideways can be sent on approval to probable purchasers.

NOTE.—Only 2400 of the above were ever made, and the Crown overprint was chiefly applied to stock on hand at the smaller post offices which was in many cases in somewhat bad condition and generally without gum. The issue was made late in 1901 and was followed almost at once by the issue of the 1d. rose unsurcharged.

These stamps are amongst the handsomest ever produced by Messrs. Waterlow & Sons, the colouring of the higher values being especially fine. We strongly recommend them to every collector who shows his albums to non-philatelic friends, as they are far more likely to be admired than the dingy issues of olden days and may bring recruits into the ranks of philately. It should be distinctly understood that we supply these stamps in mint unused condition only and do not touch the cancelled-to-order rubbish at any price.

UNUSED BRITISH COLONIAL STAMPS.

The Finest Possible Investment. The Best Stamps to Buy.

Unused British Colonial Stamps are at the present moment one of the finest investments that anyone, whether collector or not, could wish to make, provided of course that they are purchased judiciously. It is safe to say that a collector five years hence would cheerfully pay £100 to have the opportunities that are free to everyone to-day.

All sets marked with an asterisk and still quoted are temporarily out of stock, but clients who have deposit accounts with the Colonial Stamp Market can book same, for delivery immediately further supplies arrive. Stamps can only be sent for payment on delivery to clients having current accounts with us, but such must not remain overdrawn longer than 10 days. Under no circumstances (except by special arrangement) can more than 10 days' credit be given. Orders for stamps, when made out on the Colonial Stamp Market's printed order forms, may be sent through the post in an open envelope for ½d.

Ewen's Colonial Stamp Market, Ltd., NORWOOD, LONDON, S.E.

Unused Foreign Stamps in Sets.

So many applications have been made to the Colonial Stamp Market, asking that the various continental and foreign sets of stamps might be quoted, that we have decided in future to establish a Foreign Department. Despite the extra risk and cost of importing (postage being 2½ times as much), we are offering the majority at the same cheap rate as those of the Colonial series.

PRICE LIST, NO. 117. MARCH 7, 1903 [SUPPLEMENT TO "E.W.S.N." No 180.

OUR 1903 QUOTATIONS.

ON and after January 1st, 1903, our General Rate for Unused Current Colonial Stamps and New Issues will be 1/1 per 1/- face value (only 8⅓% commission). Special contracts with wholesale buyers can be entered into at from 5% to 7½%; particulars on application, and from time to time we shall make special offers of stamps at face value only. At these remarkably low rates there cannot be the slightest doubt that current unused Colonials are by far the safest and most remunerative investment a Stamp Collector can make. Please note that

WE GUARANTEE OUR RATES LOWER THAN THOSE OF ANY OTHER FIRM.

NOTE.—To obviate the necessity of frequent small remittances clients are recommended to open a current account with us, paying in periodically even sums of £1, £2, or so, as required. Balance will be returned at any time, on demand. Callers at 32 Palace Square can only be seen by appointment; we have no shop and cannot show stamps under any circumstances, as we do not allow our stock to be handled till sold. All stamps are *guaranteed* mint, well centred and unmounted.

Debenture Holders in Ewen's Colonial Stamp Market, Ltd. have special privileges; particulars on application.

Colonial Clients are requested to remit by means of unused sets and high values, and especially provisionals or quite new issues. Rupee = 1/4; American dollar = 4/-. Foreign bank notes accepted as follows:— French, 50fr. = 39/6; German, 20mk. = 19/6; U.S.A., $1 = 4/-.

OUR CONDITIONS OF BUSINESS FOR 1903.

TO FACILITATE PROMPT AND ACCURATE EXECUTION OF ORDERS.

N.B.—It is of the utmost importance that the following very reasonable conditions be observed when ordering stamps, etc., so that orders may be *promptly* and *accurately* executed.

1.—Name and address of sender should both be clearly written at the top of every order, together with such formula as "Please send the following, as advertised in *E.W.S.N.* No.....; remittance.....enclosed [if any]."

2.—If it is desired to ask any questions or make any complaint, such should be written on the left side of a separate sheet of paper, also headed with name and address. The replies will be written opposite and the sheet returned. Each question should be numbered, and if sent independently of an order, stamp for reply must be enclosed.

3.—Communications for our New Issue, Approval and Editorial Departments should be written on separate slips of paper and will receive independent attention.

4.—In making out an order for stamps *it is es ential* to state (*a*) the index number (if any); (*b*) name of colony or other particulars; (*c*) quantity required; (*d*) price at which advertised, and each item should be in a separate line. Printed order forms will be supplied free on application.

5.—If stamps are out of stock orders are booked for execution immediately our next supplies arrive. Stamps once ordered cannot be accepted back, but will be exchanged if in any way not according to description.

6.—Clients who are not on our regular service list for new issues, and who wish to make sure of any new issue as soon as it comes out, can have their orders booked in advance, and such orders will be executed in priority to all others, after our regular new issue service has been completed. Especially in the case of New Australian Stamps is it desirable to book in advance, as we anticipate a great run on them. Communications for our "booked order" department should be on a separate slip of paper.

7.—No money need be sent when orders are required to be booked. When the stamps arrive, we expect prompt payment after delivery.

Special Offers of Unused Colonials

FOR INVESTMENT PURPOSES.

IN making an investment of Stamps, it is necessary above all not to buy too many of any one Stamp. If a large quantity of one kind are acquired, they will be difficult to realise, owing to the necessity of finding a large number of buyers. If on the other hand, a small quantity of a number of different stamps are put by, they can be realized without difficulty on even a small market. The best way to make money out of Colonial stamps at present is to consider oneself the advance agent of a future generation of Collectors, and to put by as many collections of current issues as can be obtained nearly complete. They must be complete, or nearly so, or you will perhaps miss just the stamps which have gone up in price most. Most of the sets now current must soon become obsolete. Such a change is absolutely unprecedented in the History of Philately and being on so large a scale, it will be more difficulty than ever before for dealers to adequately stock the old sets. Collectors consequently have a better opportunity of catching the market short and making big profits. Speculators who have bought up one or two kinds largely may cause a slump in such, but collectors who follow this advice and spread their investment over the whole of the Colonies have nothing to fear. Experience leads us to recommend complete collections of the stamps now current in blocks of four, supplemented gradually by new issues as they appear. New issues of Colonial stamps may be grouped into the following five classes:—

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

FEDERATED MALAY STATES ON PERAK.

The scarce surcharged issue of 1900.

For a few weeks, we can offer the following in mint unused condition:

$1 green, cat. 4/-, nett 3/-; block, 12/-; dozen, 35/-.
$2 green and carmine, cat. 15/-; nett 7/6; block, 30/-; dozen, 90/-.

We have also a very few of the low values left, particulars of which will be published in an early number.

SELANGOR.

SPECIAL OFFER.

We have secured a small lot of these interesting stamps and as long as same lasts offer at the following very low rates:—

$1, mint, cat. 6/-, nett 3/-, block, 12/-.
$5, mint, cat. 25/-, nett 15/-, block 60/-.
$10, mint, cat. 75/-, nett 37/6, pair 75/-.
(of this stamp we have in stock a block of four, with plate No., price 150/-.

NOTE.—The stamps of the Federated Malay States—Pahang, Perak, Negri Sembilan, Sungei Ujong and Selangor—form an ideal group for the specialist, if the preliminary issues surcharged on Straits Settlements be ignored. The omission of the latter does not really interfere with the interest attaching to a collection, and renders an almost complete series of sets obtainable at comparatively little cost. Most of the issues of these States are now on the up-grade.

SELANGOR AND PERAK, $25.

Two very scarce stamps are the $25 Selangor and the $25 Perak, the latter not even being mentioned in Gibbons' catalogue. We can offer a few at the following rates:—

Selangor, $25, mint, cat. £5. nett 70/-; pair, 140/-; block, £14.

Perak, $25, very little gum, otherwise fine, 95/-. Only a few singles are in stock.

For prices of the $1, $5 and $10 Selangor, see above. Orders should be sent in early, as we do not expect being able to repeat this offer for many weeks; if sent in at once prompt execution is assured. We have also about thirty copies of the scarce $3 of Perak, fine but without gum, and offer as follows.

Perak, $3, green and olive-yellow, no gum but fine, 8/6; block, 34/-.

A few of the low value Perak and Selangor are also in stock; see the obsolete sets on page vi.

Surcharged a Crown in black (1901).

We are now able to make quotations for this stamp as follows:—

1d. brown, surcharged a Crown in black, mint with full gum, 15/-; block of 4, 60/-.

1d. brown, very fine but no gum, 8/6; block, 34/-; (the majority were issued without gum, owing to the stock having stuck together).

1d. brown, fine, postmarked Rarotonga, 8/6; block of four, 34/-.

1d. brown, errors, with surcharge inverted or sideways can be sent on approval to probable purchasers.

NOTE.—Only 2400 of the above were ever made, and the Crown overprint was chiefly applied to stock on hand at the smaller post offices which was in many cases in somewhat bad condition and generally without gum. The issue was made late in 1901 and was followed almost at once by the issue of the 1d. rose unsurcharged.

These stamps are amongst the handsomest ever produced by Messrs. Waterlow & Sons, the colouring of the higher values being especially fine. We strongly recommend them to every collector who shows his albums to non-philatelic friends, as they are far more likely to be admired than the dingy issues of olden days and may bring recruits into the ranks of philately. It should be distinctly understood that we supply these stamps in mint unused condition only and do not touch the cancelled-to-order rubbish at any price.

The Finest Possible Investment. The Best Stamps to Buy.

Unused British Colonial Stamps are at the present moment one of the finest investments that anyone, whether collector or not, could wish to make, provided of course that they are purchased judiciously. It is safe to say that a collector five years hence would cheerfully pay £100 to have the opportunities that are free to everyone to-day.

All sets marked with an asterisk and still quoted are temporarily out of stock, but clients who have deposit accounts with the Colonial Stamp Market can book same, for delivery immediately further supplies arrive. Stamps can only be sent for payment on delivery to clients having current accounts with us, but such must not remain overdrawn longer than 10 days. Under no circumstances (except by special arrangement) can more than 10 days' credit be given. Orders for stamps, when made out on the Colonial Stamp Market's printed order forms, may be sent through the post in an open envelope for ½d.

Ewen's Colonial Stamp Market, Ltd., NORWOOD, LONDON, S.E.

Unused Foreign Stamps in Sets.

So many applications have been made to the Colonial Stamp Market, asking that the various continental and foreign sets of stamps might be quoted, that we have decided in future to establish a Foreign Department. Despite the extra risk and cost of importing (postage being 2½ times as much), we are offering the majority at the same cheap rate as those of the Colonial series.

PRICE LIST, NO. 118 MARCH 14, 1903 [SUPPLEMENT TO "E.W.S.N." No 181.

OUR 1903 QUOTATIONS.

ON and after January 1st, 1903, our General Rate for Unused Current Colonial Stamps and New Issues will be 1/1 per 1/- face value (only 8⅓% commission). Special contracts with wholesale buyers can be entered into at from 5% to 7½%; particulars on application, and from time to time we shall make special offers of stamps at face value only. At these remarkably low rates there cannot be the slightest doubt that current unused Colonials are by far the safest and most remunerative investment a Stamp Collector can make. Please note that

WE GUARANTEE OUR RATES LOWER THAN THOSE OF ANY OTHER FIRM.

NOTE.—To obviate the necessity of frequent small remittances clients are recommended to open a current account with us, paying in periodically even sums of £1, £2, or so, as required. Balance will be returned at any time, on demand. Callers at 32 Palace Square can only be seen by appointment; we have no shop and cannot show stamps under any circumstances, as we do not allow our stock to be handled till sold. All stamps are *guaranteed* mint, well centred and unmounted.

Debenture Holders in Ewen's Colonial Stamp Market, Ltd. have special privileges; particulars on application.

Colonial Clients are requested to remit by means of unused sets and high values, and especially provisionals or quite new issues. Rupee = 1/4; American dollar = 4/-. Foreign bank notes accepted as follows: French, 50fr. = 39/6; German, 20mk. = 19/6; U.S.A., $1 = 4/-.

OUR CONDITIONS OF BUSINESS FOR 1903.

TO FACILITATE PROMPT AND ACCURATE EXECUTION OF ORDERS.

N.B.—It is of the utmost importance that the following very reasonable conditions be observed when ordering stamps, etc., so that orders may be *promptly* and *accurately* executed.

1.—Name and address of sender should both be clearly written at the top of every order, together with such formula as "Please send the following, as advertised in *E.W.S.N.* No.....; remittance.....enclosed [if any]."

2.—If it is desired to ask any questions or make any complaint, such should be written on the left side of a separate sheet of paper, also headed with name and address. The replies will be written opposite and the sheet returned. Each question should be numbered, and if sent independently of an order, stamp for reply must be enclosed.

3.—Communications for our New Issue, Approval and Editorial Departments should be written on separate slips of paper and will receive independent attention.

4.—In making out an order for stamps *it is essential* to state (*a*) the index number (if any); (*b*) name of colony or other particulars; (*c*) quantity required; (*d*) price at which advertised, and each item should be in a separate line. Printed order forms will be supplied free on application.

5.—If stamps are out of stock orders are booked for execution immediately our next supplies arrive. Stamps once ordered cannot be accepted back, but will be exchanged if in any way not according to description.

6.—Clients who are not on our regular service list for new issues, and who wish to make sure of any new issue as soon as it comes out, can have their orders booked in advance, and such orders will be executed in priority to all others, after our regular new issue service has been completed. Especially in the case of New Australian Stamps is it desirable to book in advance, as we anticipate a great run on them. Communications for our "booked order" department should be on a separate slip of paper.

7.—No money need be sent when orders are required to be booked. When the stamps arrive, we expect prompt payment after delivery.

Special Offers of Unused Colonials

FOR INVESTMENT PURPOSES.

IN making an investment of Stamps, it is necessary above all not to buy too many of any one Stamp. If a large quantity of one kind are acquired, they will be difficult to realise, owing to the necessity of finding a large number of buyers. If on the other hand, a small quantity of a number of different stamps are put by, they can be realized without difficulty on even a small market. The best way to make money out of Colonial stamps at present is to consider oneself the advance agent of a future generation of Collectors, and to put by as many collections of current issues as can be obtained nearly complete. They must be complete, or nearly so, or you will perhaps miss just the stamps which have gone up in price most. Most of the sets now current must soon become obsolete. Such a change is absolutely unprecedented in the History of Philately and being on so large a scale, it will be more difficulty than ever before for dealers to adequately stock the old sets. Collectors consequently have a better opportunity of catching the market short and making big profits. Speculators who have bought up one or two kinds largely may cause a slump in such, but collectors who follow this advice and spread their investment over the whole of the Colonies have nothing to fear. Experience leads us to recommend complete collections of the stamps now current in blocks of four, supplemented gradually by new issues as they appear. New issues of Colonial stamps may be grouped into the following five classes:—

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

COOK ISLANDS.

Surcharged a Crown in black (1901).

We are now able to make quotations for this stamp as follows:—

1d. brown, surcharged a Crown in black, mint with full gum, 15/-; block of 4, 60/-.

1d. brown, very fine but no gum, 8/6; block, 34/-; (the majority were issued without gum, owing to the stock having stuck together).

1d. brown, fine, postmarked Rarotonga, 8/6; block of four, 34/-.

1d. brown, errors, with surcharge inverted or sideways can be sent on approval to probable purchasers.

NOTE.—Only 2400 of the above were ever made, and the Crown overprint was chiefly applied to stock on hand at the smaller post offices which was in many cases in somewhat bad condition and generally without gum. The issue was made late in 1901 and was followed almost at once by the issue of the 1d. rose unsurcharged.

We strongly recommend them to every collector who shows his albums to non-philatelic friends, as they are far more likely to be admired than the dingy issues of olden days and may bring recruits into the ranks of philately. UNUSED BRITISH COLONIAL STAMPS.

The Finest Possible Investment. The Best Stamps to Buy.

Unused British Colonial Stamps are at the present moment one of the finest investments that anyone, whether collector or not, could wish to make, provided of course that they are purchased judiciously. It is safe to say that a collector five years hence would cheerfully pay £100 to have the opportunities that are free to everyone to-day.

All sets marked with an asterisk and still quoted are temporarily out of stock, but clients who have deposit accounts with the Colonial Stamp Market can book same, for delivery immediately further supplies arrive. Stamps can only be sent for payment on delivery to clients having current accounts with us, but such must not remain overdrawn longer than 10 days. Under no circumstances (except by special arrangement) can more than 10 days' credit be given. Orders for stamps, when made out on the Colonial Stamp Market's printed order forms, may be sent through the post in an open envelope for ½d.

Ewen's Colonial Stamp Market, Ltd., NORWOOD, LONDON, S.E.

Unused Foreign Stamps in Sets.

So many applications have been made to the Colonial Stamp Market, asking that the various continental and foreign sets of stamps might be quoted, that we have decided in future to establish a Foreign Department. Despite the extra risk and cost of importing (postage being 2½ times as much), we are offering the majority at the same cheap rate as those of the Colonial series.

PRICE LIST, NO. 119. MARCH 21, 1903. [SUPPLEMENT TO "E.W.S.N." No 182.

OUR 1903 QUOTATIONS.

ON and after January 1st, 1903, our General Rate for Unused Current Colonial Stamps and New Issues will be 1/1 per 1/- face value (only 8½% commission). Special contracts with wholesale buyers can be entered into at from 5% to 7½%; particulars on application, and from time to time we shall make special offers of stamps at face value only. At these remarkably low rates there cannot be the slightest doubt that current unused Colonials are by far the safest and most remunerative investment a Stamp Collector can make. Please note that

WE GUARANTEE OUR RATES LOWER THAN THOSE OF ANY OTHER FIRM.

NOTE.—To obviate the necessity of frequent small remittances clients are recommended to open a current account with us, paying in periodically even sums of £1, £2, or so, as required. Balance will be returned at any time, on demand. Callers at 32 Palace Square can only be seen by appointment; we have no shop and cannot show stamps under any circumstances, as we do not allow our stock to be handled till sold. All stamps are *guaranteed* mint, well centred and unmounted.

Debenture Holders in Ewen's Colonial Stamp Market, Ltd. have special privileges; particulars on application.

Colonial Clients are requested to remit by means of unused sets and high values, and especially provisionals or quite new issues. Rupee = 1/4; American dollar = 4/-. Foreign bank notes accepted as follows:—French, 50fr. = 39/6; German, 20mk. = 19/6; U.S.A., $1 = 4/-.

OUR CONDITIONS OF BUSINESS FOR 1903.

TO FACILITATE PROMPT AND ACCURATE EXECUTION OF ORDERS.

N.B.—It is of the utmost importance that the following very reasonable conditions be observed when ordering stamps, etc., so that orders may be *promptly* and *accurately* executed.

1.—Name and address of sender should both be clearly written at the top of every order, together with such formula as "Please send the following, as advertised in *E.W.S.N.* No.....; remittance.....enclosed [if any]."

2.—If it is desired to ask any questions or make any complaint, such should be written on the left side of a separate sheet of paper, also headed with name and address. The replies will be written opposite and the sheet returned. Each question should be numbered, and if sent independently of an order, stamp for reply must be enclosed.

3.—Communications for our New Issue, Approval and Editorial Departments should be written on separate slips of paper and will receive independent attention.

4.—In making out an order for stamps *it is essential* to state (*a*) the index number (if any); (*b*) name of colony or other particulars; (*c*) quantity required; (*d*) price at which advertised, and each item should be in a separate line. Printed order forms will be supplied free on application.

5.—If stamps are out of stock orders are booked for execution immediately our next supplies arrive. Stamps once ordered cannot be accepted back, but will be exchanged if in any way not according to description.

6.—Clients who are not on our regular service list for new issues, and who wish to make sure of any new issue as soon as it comes out, can have their orders booked in advance, and such orders will be executed in priority to all others, after our regular new issue service has been completed. Especially in the case of New Australian Stamps is it desirable to book in advance, as we anticipate a great run on them. Communications for our "booked order" department should be on a separate slip of paper.

7.—No money need be sent when orders are required to be booked. When the stamps arrive, we expect prompt payment after delivery.

Special Offers of Unused Colonials

FOR INVESTMENT PURPOSES.

IN making an investment of Stamps, it is necessary above all not to buy too many of any one Stamp. If a large quantity of one kind are acquired, they will be difficult to realise, owing to the necessity of finding a large number of buyers. If on the other hand, a small quantity of a number of different stamps are put by, they can be realized without difficulty on even a small market. The best way to make money out of Colonial stamps at present is to consider oneself the advance agent of a future generation of Collectors, and to put by as many collections of current issues as can be obtained nearly complete. They must be complete, or nearly so, or you will perhaps miss just the stamps which have gone up in price most. Most of the sets now current must soon become obsolete. Such a change is absolutely unprecedented in the History of Philately and being on so large a scale, it will be more difficulty than ever before for dealers to adequately stock the old sets. Collectors consequently have a better opportunity of catching the market short and making big profits. Speculators who have bought up one or two kinds largely may cause a slump in such, but collectors who follow this advice and spread their investment over the whole of the Colonies have nothing to fear. Experience leads us to recommend complete collections of the stamps now current in blocks of four, supplemented gradually by new issues as they appear. New issues of Colonial stamps may be grouped into the following five classes:—

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

SELANGOR.

Special Offer.

We have secured a small lot of these interesting stamps and as long as same lasts offer at the following very low rates:—

$1, mint, cat. 6/-, nett 3/-, block, 12/-.
$5, mint, cat. 25/-, nett 15/-, block 60/-.
$10, mint, cat. 75/-, nett 37/6, pair 75/-.
(of this stamp we have in stock a block of four, with plate No., price 150/-.

Note.—The stamps of the Federated Malay States Pahang, Perak, Negri Sembilan, Sungei Ujong and Selangor—form an ideal group for the specialist, if the preliminary issues surcharged on Straits Settlements be ignored. The omission of the latter does not really interfere with the interest attaching to a collection, and renders an almost complete series of sets obtainable at comparatively little cost. Most of the issues of these States are now on the up-grade.

SELANGOR AND PERAK, $25.

Two very scarce stamps are the $25 Selangor and the $25 Perak, the latter not even being mentioned in Gibbons' catalogue. We can offer a few at the following rates:—

Selangor, $25, mint, cat. £5, nett 70/-; pair, 140/-; block, £14.

Perak, $25, very little gum, otherwise fine, 95/-. Only a few singles are in stock.

For prices of the $1, $5 and $10 Selangor, see above. Orders should be sent in early, as we do not expect being able to repeat this offer for many weeks; if sent in at once prompt execution is assured. We have also about thirty copies of the scarce $3 of Perak, fine but without gum, and offer as follows.

Perak, $3, green and olive-yellow, no gum but fine, 8/6; block, 34/-.

A few of the low value Perak and Selangor are also in stock; see the obsolete sets on page vi.

The issue was made late in 1901 and was followed almost at once by the issue of the 1d. rose unsurcharged.

UNUSED BRITISH COLONIAL STAMPS.

The Finest Possible Investment. The Best Stamps to Buy.

Unused British Colonial Stamps are at the present moment one of the finest investments that anyone, whether collector or not, could wish to make, provided of course that they are purchased judiciously. It is safe to say that a collector five years hence would cheerfully pay £100 to have the opportunities that are free to everyone to-day.

All sets marked with an asterisk and still quoted are temporarily out of stock, but clients who have deposit accounts with the Colonial Stamp Market can book same, for delivery immediately further supplies arrive. Stamps can only be sent for payment on delivery to clients having current accounts with us, but such must not remain overdrawn longer than 10 days. Under no circumstances (except by special arrangement) can more than 10 days' credit be given. Orders for stamps, when made out on the Colonial Stamp Market's printed order forms, may be sent through the post in an open envelope for ½d.

Ewen's Colonial Stamp Market, Ltd., NORWOOD, LONDON, S.E.

Unused Foreign Stamps in Sets.

So many applications have been made to the Colonial Stamp Market, asking that the various continental and foreign sets of stamps might be quoted, that we have decided in future to establish a Foreign Department. Despite the extra risk and cost of importing (postage being 2½ times as much), we are offering the majority at the same cheap rate as those of the Colonial series.

PRICE LIST, No. 120 MARCH 28, 1903 [SUPPLEMENT TO "E.W.S.N." No 183.

OUR 1903 QUOTATIONS.

ON and after January 1st, 1903, our General Rate for Unused Current Colonial Stamps and New Issues will be 1/1 per 1/- face value (only 8¼% commission). Special contracts with wholesale buyers can be entered into at from 5% to 7½%; particulars on application, and from time to time we shall make special offers of stamps at face value only. At these remarkably low rates there cannot be the slightest doubt that current unused Colonials are by far the safest and most remunerative investment a Stamp Collector can make. Please note that

WE GUARANTEE OUR RATES LOWER THAN THOSE OF ANY OTHER FIRM.

NOTE.—To obviate the necessity of frequent small remittances clients are recommended to open a current account with us, paying in periodically even sums of £1, £2, or so, as required. Balance will be returned at any time, on demand. Callers at 32 Palace Square can only be seen by appointment; we have no shop and cannot show stamps under any circumstances, as we do not allow our stock to be handled till sold. All stamps are *guaranteed* mint, well centred and unmounted.

Debenture Holders in Ewen's Colonial Stamp Market, Ltd. have special privileges; particulars on application.

Colonial Clients are requested to remit by means of unused sets and high values, and especially provisionals or quite new issues. Rupee = 1/4; American dollar = 4/-. Foreign bank notes accepted as follows: French, 50fr. = 39/6; German, 20mk. = 19/6; U.S.A., $1 = 4/-.

OUR CONDITIONS OF BUSINESS FOR 1903.

TO FACILITATE PROMPT AND ACCURATE EXECUTION OF ORDERS.

N.B.—It is of the utmost importance that the following very reasonable conditions be observed when ordering stamps, etc., so that orders may be *promptly* and *accurately* executed.

1.—Name and address of sender should both be clearly written at the top of every order, together with such formula as "Please send the following, as advertised in *E.W.S.N.* No.....; remittance.....enclosed if any]."

2.—If it is desired to ask any questions or make any complaint, such should be written on the left side of a separate sheet of paper, also headed with name and address. The replies will be written opposite and the sheet returned. Each question should be numbered, and if sent independently of an order, stamp for reply must be enclosed.

3.—Communications for our New Issue, Approval and Editorial Departments should be written on separate slips of paper and will receive independent attention.

4.—In making out an order for stamps *it is es entia l* to state (*a*) the index number (if any); (*b*) name of colony or other particulars; (*c*) quantity required; (*d*) price at which advertised, and each item should be in a separate line. Printed order forms will be supplied free on application.

5.—If stamps are out of stock orders are booked for execution immediately our next supplies arrive. Stamps once ordered cannot be accepted back, but will be exchanged if in any way not according to description.

6.—Clients who are not on our regular service list for new issues, and who wish to make sure of any new issue as soon as it comes out, can have their orders booked in advance, and such orders will be executed in priority to all others, after our regular new issue service has been completed. Especially in the case of New Australian Stamps is it desirable to book in advance, as we anticipate a great run on them. Communications for our "booked order" department should be on a separate slip of paper.

7.—No money need be sent when orders are required to be booked. When the stamps arrive, we expect prompt payment after delivery.

Special Offers of Unused Colonials

FOR INVESTMENT PURPOSES.

IN making an investment of Stamps, it is necessary above all not to buy too many of any one Stamp. If a large quantity of one kind are acquired, they will be difficult to realise, owing to the necessity of finding a large number of buyers. If on the other hand, a small quantity of a number of different stamps are put by, they can be realized without difficulty on even a small market. The best way to make money out of Colonial stamps at present is to consider oneself the advance agent of a future generation of Collectors, and to put by as many collections of current issues as can be obtained nearly complete. They must be complete, or nearly so, or you will perhaps miss just the stamps which have gone up in price most. Most of the sets now current must soon become obsolete. Such a change is absolutely unprecedented in the History of Philately and being on so large a scale, it will be more difficulty than ever before for dealers to adequately stock the old sets. Collectors consequently have a better opportunity of catching the market short and making big profits. Speculators who have bought up one or two kinds largely may cause a slump in such, but collectors who follow this advice and spread their investment over the whole of the Colonies have nothing to fear. Experience leads us to recommend complete collections of the stamps now current in blocks of four, supplemented gradually by new issues as they appear. New issues of Colonial stamps may be grouped into the following five classes:—

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

SPECIAL NOTICE.

Some misconception seems to have arisen through our system of denoting sets and high values out of stock with an asterisk. It occasionally happens that the asterisk remains unaltered for months together, but this does not mean that we have given up importing. We are consequently receiving large parcels from all parts of the world but in many cases the supplies are found to have been fully booked beforehand.

Collectors are strongly urged to send complete lists of their requirements, whether same are marked out of stock or not. They need not be accompanied by a full remittance, but a small deposit of 10/- to £5 (according to the extent of the list) is usual. The stamps will then be despatched immediately they arrive. Collectors in want of special new issues need not necessarily wait till the stamps desired are quoted in *E.W.S.N.* but may book their orders at any time and so obtain the stamps much more quickly. In any such cases, if our prices exceed 1/1 per 1/- face value, the return of the stamps is optional.

COOK ISLANDS.

Surcharged a Crown in black (1901).

We are now able to make quotations for this stamp as follows:—

1d. brown, surcharged a Crown in black, mint with full gum, 15/-; block of 4, 60/-.

1d. brown, very fine but no gum, 8/6; block, 34/-; (the majority were issued without gum, owing to the stock having stuck together).

1d. brown, fine, postmarked Rarotonga, 8/6; block of four, 34/-.

1d. brown, errors, with surcharge inverted or sideways can be sent on approval to probable purchasers.

NOTE.—Only 2400 of the above were ever made, and the Crown overprint was chiefly applied to stock on hand at the smaller post offices which was in many cases in somewhat bad condition and generally without gum. The issue was made late in 1901 and was followed almost at once by the issue of the 1d. rose unsurcharged.

These stamps are amongst the handsomest ever produced by Messrs. Waterlow & Sons, the colouring of the higher values being especially fine. We strongly recommend them to every collector who shows his albums to non-philatelic friends, as they are far more likely to be admired than the dingy issues of olden days and may bring recruits into the ranks of philately. It should be distinctly understood that we supply these stamps in mint unused condition only and do not touch the cancelled-to-order rubbish at any price.

UNUSED BRITISH COLONIAL STAMPS.

The Finest Possible Investment. The Best Stamps to Buy.

Unused British Colonial Stamps are at the present moment one of the finest investments that anyone, whether collector or not, could wish to make, provided of course that they are purchased judiciously. It is safe to say that a collector five years hence would cheerfully pay £100 to have the opportunities that are free to everyone to-day.

All sets marked with an asterisk and still quoted are temporarily out of stock, but clients who have deposit accounts with the Colonial Stamp Market can book same, for delivery immediately further supplies arrive. Stamps can only be sent for payment on delivery to clients having current accounts with us, but such must not remain overdrawn longer than 10 days. Under no circumstances (except by special arrangement) can more than 10 days' credit be given. Orders for stamps, when made out on the Colonial Stamp Market's printed order forms, may be sent through the post in an open envelope for ½d.

Ewen's Colonial Stamp Market, Ltd., NORWOOD, LONDON, S.E.

Unused Foreign Stamps in Sets.

So many applications have been made to the Colonial Stamp Market, asking that the various continental and foreign sets of stamps might be quoted, that we have decided in future to establish a Foreign Department. Despite the extra risk and cost of importing (postage being 2½ times as much), we are offering the majority at the same cheap rate as those of the Colonial series.

PRICE LIST, NO. 121. APRIL 4, 1903. [SUPPLEMENT TO "E.W.S.N." No. 184.

OUR 1903 QUOTATIONS.

ON and after January 1st, 1903, our General Rate for Unused Current Colonial Stamps and New Issues will be 1/1 per 1/- face value (only 8⅓% commission). Special contracts with wholesale buyers can be entered into at from 5% to 7½%; particulars on application, and from time to time we shall make special offers of stamps at face value only. At these remarkably low rates there cannot be the slightest doubt that current unused Colonials are by far the safest and most remunerative investment a Stamp Collector can make. Please note that

WE GUARANTEE OUR RATES LOWER THAN THOSE OF ANY OTHER FIRM.

NOTE.—To obviate the necessity of frequent small remittances clients are recommended to open a current account with us, paying in periodically even sums of £1, £2, or so, as required. Balance will be returned at any time, on demand. Callers at 32 Palace Square can only be seen by appointment; we have no shop and cannot show stamps under any circumstances, as we do not allow our stock to be handled till sold. All stamps are *guaranteed* mint, well centred and unmounted.

Debenture Holders in Ewen's Colonial Stamp Market, Ltd. have special privileges; particulars on application.

Colonial Clients are requested to remit by means of unused sets and high values, and especially provisionals or quite new issues. Rupee = 1/4; American dollar = 4/-. Foreign bank notes accepted as follows:—French, 50fr. = 39/6; German, 20mk. = 19/6; U.S.A., $1 = 4/-.

OUR CONDITIONS OF BUSINESS FOR 1903.

TO FACILITATE PROMPT AND ACCURATE EXECUTION OF ORDERS.

N.B.—It is of the utmost importance that the following very reasonable conditions be observed when ordering stamps, etc., so that orders may be *promptly* and *accurately* executed.

1.—Name and address of sender should both be clearly written at the top of every order, together with such formula as "Please send the following, as advertised in *E.W.S.N.* No.....; remittance.....enclosed [if any]."

2.—If it is desired to ask any questions or make any complaint, such should be written on the left side of a separate sheet of paper, also headed with name and address. The replies will be written opposite and the sheet returned. Each question should be numbered, and if sent independently of an order, stamp for reply must be enclosed.

3.—Communications for our New Issue, Approval and Editorial Departments should be written on separate slips of paper and will receive independent attention.

4.—In making out an order for stamps *it is essential* to state (*a*) the index number (if any); (*b*) name of colony or other particulars; (*c*) quantity required; (*d*) price at which advertised, and each item should be in a separate line. Printed order forms will be supplied free on application.

5.—If stamps are out of stock orders are booked for execution immediately our next supplies arrive. Stamps once ordered cannot be accepted back, but will be exchanged if in any way not according to description.

6.—Clients who are not on our regular service list for new issues, and who wish to make sure of any new issue as soon as it comes out, can have their orders booked in advance, and such orders will be executed in priority to all others, after our regular new issue service has been completed. Especially in the case of New Australian Stamps is it desirable to book in advance, as we anticipate a great run on them. Communications for our "booked order" department should be on a separate slip of paper.

7.—No money need be sent when orders are required to be booked. When the stamps arrive, we expect prompt payment after delivery.

Special Offers of Unused Colonials

FOR INVESTMENT PURPOSES.

IN making an investment of Stamps, it is necessary above all not to buy too many of any one Stamp. If a large quantity of one kind are acquired, they will be difficult to realise, owing to the necessity of finding a large number of buyers. If on the other hand, a small quantity of a number of different stamps are put by, they can be realized without difficulty on even a small market. The best way to make money out of Colonial stamps at present is to consider oneself the advance agent of a future generation of Collectors, and to put by as many collections of current issues as can be obtained nearly complete. They must be complete, or nearly so, or you will perhaps miss just the stamps which have gone up in price most. Most of the sets now current must soon become obsolete. Such a change is absolutely unprecedented in the History of Philately and being on so large a scale, it will be more difficulty than ever before for dealers to adequately stock the old sets. Collectors consequently have a better opportunity of catching the market short and making big profits. Speculators who have bought up one or two kinds largely may cause a slump in such, but collectors who follow this advice and spread their investment over the whole of the Colonies have nothing to fear. Experience leads us to recommend complete collections of the stamps now current in blocks of four, supplemented gradually by new issues as they appear. New issues of Colonial stamps may be grouped into the following five classes:—

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

SPECIAL NOTICE.

Some misconception seems to have arisen through our system of denoting sets and high values out of stock with an asterisk. It occasionally happens that the asterisk remains unaltered for months together, but this does not mean that we have given up importing. We are frequently receiving large parcels from all parts of the world but in many cases the supplies are found to have been fully booked beforehand.

Collectors are strongly urged to send complete lists of their requirements, whether same are marked out of stock or not. They need not be accompanied by a full remittance, but a small deposit of 10/- to £5 is usual. The stamps will then be despatched immediately they arrive. Collectors in want of special new issues need not necessarily wait till the stamps are quoted in *E.W.S.N.* but may book their orders at any time and so obtain the stamps much more quickly. In any such cases, if our prices exceed 1/1 per 1/- face value, the return of the stamps is optional.

Arrivals, March 25th to April 1st.—St. Lucia, Bermuda, Cayman Islands, Gambia, Malta (King), Trinidad, Virgin Islands, Seychelles, Iceland, Gwalior State, Falkland Islands, Zanzibar, British East Africa, Uganda, Montenegro, Ceylon, Sierra Leone.

Consignments overdue.—Cyprus, Gold Coast, British Honduras, South Australia, Western Australia (high values four weeks overdue), Mauritius (first consignment of high values went astray, second overdue), San Marino, Southern Nigeria.

Surcharged a Crown in black (1901).

We are now able to make quotations for this stamp as follows:—

1d. brown, very fine but no gum, 8/6; block, 34/-: (the majority were issued without gum, owing to the stock having stuck together).

1d. brown, errors, with surcharge inverted or sideways can be sent on approval to probable purchasers.

NOTE.—Only 2400 of the above were ever made, and the Crown overprint was chiefly applied to stock on hand at the smaller post offices which was in many cases in somewhat bad condition and generally without gum. The issue was made late in 1901 and was followed almost at once by the issue of the 1d. rose unsurcharged.

These stamps are amongst the handsomest ever produced by Messrs. Waterlow & Sons, the colouring of the higher values being especially fine. We strongly recommend them to every collector who shows his albums to non-philatelic friends, as they are far more likely to be admired than the dingy issues of olden days and may bring recruits into the ranks of philately. It should be distinctly understood that we supply these stamps in mint unused condition only and do not touch the cancelled-to-order rubbish at any price.

UNUSED BRITISH COLONIAL STAMPS.

The Finest Possible Investment. The Best Stamps to Buy.

Unused British Colonial Stamps are at the present moment one of the finest investments that anyone, whether collector or not, could wish to make, provided of course that they are purchased judiciously. It is safe to say that a collector five years hence would cheerfully pay £100 to have the opportunities that are free to everyone to-day.

All sets marked with an asterisk and still quoted are temporarily out of stock, but clients who have deposit accounts with the Colonial Stamp Market can book same, for delivery immediately further supplies arrive. Stamps can only be sent for payment on delivery to clients having current accounts with us, but such must not remain overdrawn longer than 10 days. Under no circumstances (except by special arrangement) can more than 10 days' credit be given. Orders for stamps, when made out on the Colonial Stamp Market's printed order forms, may be sent through the post in an open envelope for ½d.

Ewen's Colonial Stamp Market, Ltd., NORWOOD, LONDON, S.E.

UNUSED BRITISH COLONIAL STAMPS.

The Finest Possible Investment. The Best Stamps to Buy.

Unused British Colonial Stamps are at the present moment one of the finest investments that anyone, whether collector or not, could wish to make, provided of course that they are purchased judiciously. It is safe to say that a collector five years hence would cheerfully pay £100 to have the opportunities that are free to everyone to-day.

All sets marked with an asterisk and still quoted are temporarily out of stock, but clients who have deposit accounts with the Colonial Stamp Market can book same, for delivery immediately further supplies arrive. Stamps can only be sent for payment on delivery to clients having current accounts with us, but such must not remain overdrawn longer than 10 days. Under no circumstances (except by special arrangement) can more than 10 days' credit be given. Orders for stamps, when made out on the Colonial Stamp Market's printed order forms, may be sent through the post in an open envelope for ½d.

Ewen's Colonial Stamp Market, Ltd., NORWOOD, LONDON, S.E.

Unused Foreign Stamps in Sets.

So many applications have been made to the Colonial Stamp Market, asking that the various continental and foreign sets of stamps might be quoted, that we have decided in future to establish a Foreign Department. Despite the extra risk and cost of importing (postage being 2½ times as much), we are offering the majority at the same cheap rate as those of the Colonial series.

PRICE LIST, NO. 122 APRIL 11, 1903. [SUPPLEMENT TO "E.W.S.N." No. 185.

OUR 1903 QUOTATIONS.

ON and after January 1st, 1903, our General Rate for Unused Current Colonial Stamps and New Issues will be 1/1 per 1/- face value (only 8½% commission). Special contracts with wholesale buyers can be entered into at from 5% to 7½%; particulars on application, and from time to time we shall make special offers of stamps at face value only. At these remarkably low rates there cannot be the slightest doubt that current unused Colonials are by far the safest and most remunerative investment a Stamp Collector can make. Please note that

WE GUARANTEE OUR RATES LOWER THAN THOSE OF ANY OTHER FIRM.

NOTE.—To obviate the necessity of frequent small remittances clients are recommended to open a current account with us, paying in periodically even sums of £1, £2, or so, as required. Balance will be returned at any time, on demand. Callers at 32 Palace Square can only be seen by appointment; we have no shop and cannot show stamps under any circumstances, as we do not allow our stock to be handled till sold. All stamps are *guaranteed* mint, well centred and unmounted.

Debenture Holders in Ewen's Colonial Stamp Market, Ltd. have special privileges; particulars on application.

Colonial Clients are requested to remit by means of unused sets and high values, and especially provisionals or quite new issues. Rupee = 1/4; American dollar = 4/-. Foreign bank notes accepted as follows:—French, 50fr. = 39/6; German, 20mk. = 19/6; U.S.A., $1 = 4/-.

OUR CONDITIONS OF BUSINESS FOR 1903.

TO FACILITATE PROMPT AND ACCURATE EXECUTION OF ORDERS.

N.B.—It is of the utmost importance that the following very reasonable conditions be observed when ordering stamps, etc., so that orders may be *promptly* and *accurately* executed.

1.—Name and address of sender should both be clearly written at the top of every order, together with such formula as "Please send the following, as advertised in *E.W.S.N.* No.....; remittance.....enclosed [if any]."

2.—If it is desired to ask any questions or make any complaint, such should be written on the left side of a separate sheet of paper, also headed with name and address. The replies will be written opposite and the sheet returned. Each question should be numbered, and if sent independently of an order, stamp for reply must be enclosed.

3.—Communications for our New Issue, Approval and Editorial Departments should be written on separate slips of paper and will receive independent attention.

4.—In making out an order for stamps *it is essential* to state (*a*) the index number (if any); (*b*) name of colony or other particulars; (*c*) quantity required; (*d*) price at which advertised, and each item should be in a separate line. Printed order forms will be supplied free on application.

5.—If stamps are out of stock orders are booked for execution immediately our next supplies arrive. Stamps once ordered cannot be accepted back, but will be exchanged if in any way not according to description.

6.—Clients who are not on our regular service list for new issues, and who wish to make sure of any new issue as soon as it comes out, can have their orders booked in advance, and such orders will be executed in priority to all others, after our regular new issue service has been completed. Especially in the case of New Australian Stamps is it desirable to book in advance, as we anticipate a great run on them. Communications for our "booked order" department should be on a separate slip of paper.

7.—No money need be sent when orders are required to be booked. When the stamps arrive, we expect prompt payment after delivery.

Special Offers of Unused Colonials

FOR INVESTMENT PURPOSES.

IN making an investment of Stamps, it is necessary above all not to buy too many of any one Stamp. If a large quantity of one kind are acquired, they will be difficult to realise, owing to the necessity of finding a large number of buyers. If on the other hand, a small quantity of a number of different stamps are put by, they can be realized without difficulty on even a small market. The best way to make money out of Colonial stamps at present is to consider oneself the advance agent of a future generation of Collectors, and to put by as many collections of current issues as can be obtained nearly complete. They must be complete, or nearly so, or you will perhaps miss just the stamps which have gone up in price most. Most of the sets now current must soon become obsolete. Such a change is absolutely unprecedented in the History of Philately and being on so large a scale, it will be more difficulty than ever before for dealers to adequately stock the old sets. Collectors consequently have a better opportunity of catching the market short and making big profits. Speculators who have bought up one or two kinds largely may cause a slum in such, but collectors who follow this advice and spread their investment over the whole of the Colonies have nothing to fear. Experience leads us to recommend complete collections of the stamps now current in blocks of four, supplemented gradually by new issues as they appear. New issues of Colonial stamps may be grouped into the following five classes:—

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

SPECIAL NOTICE.

Some misconception seems to have arisen through our system of denoting sets and high values out of stock with an asterisk. It occasionally happens that the asterisk remains unaltered for months together, but this does not mean that we have given up importing. We are frequently receiving large parcels from all parts of the world but in many cases the supplies are found to have been fully booked beforehand.

Collectors are strongly urged to send complete lists of their requirements, whether same are marked out of stock or not. They need not be accompanied by a full remittance, but a small deposit of 10/- to £5 is usual. The stamps will then be despatched immediately they arrive. Collectors in want of special new issues need not necessarily wait till the stamps are quoted in *E.W.S.N.* but may book their orders at any time and so obtain the stamps much more quickly. In any such cases, if our prices exceed 1/1 per 1/- face value, the return of the stamps is optional.

Arrivals, April 1st to April 8th.—Sudan, South Australia (£1 only), Straits Settlements ($5 only), Turks Islands, Grenada, British Honduras, German Colonies, France, Niue, Penrhyn Island.

Consignments overdue.—Cyprus, Gold Coast, South Australia, Western Australia (high values five weeks overdue), Mauritius (first consignment of high values went astray, second over due), San Marino, Southern Nigeria.

COOK ISLANDS.

Surcharged a Crown in black (1901).

We are now able to make quotations for this stamp as follows:—

1d. brown, surcharged a Crown in black, mint with full gum, 15/-; block of 4, 60/-.
1d. brown, very fine but no gum, 8/6; block, 34/-; (the majority were issued without gum, owing to the stock having stuck together).
1d. brown, fine, postmarked Rarotonga, 8/6; block of four, 34/-.
1d. brown, errors, with surcharge inverted or sideways can be sent on approval to probable purchasers.

NOTE.—Only 2400 of the above were ever made, and the Crown overprint was chiefly applied to stock on hand at the smaller post offices which was in many cases in somewhat bad condition and generally without gum. The issue was made late in 1901 and was followed almost at once by the issue of the 1d. rose unsurcharged.

NOTE.—We are willing to supply $20 worth or more (values in any desired proportion) at the rate of 2/- per $; and $50 worth at 1/11 per $ (100 cents equals $1). These stamps are amongst the handsomest ever produced by Messrs. Waterlow & Sons, the colouring of the higher values being especially fine. We strongly recommend them to every collector who shows his albums to non-philatelic friends, as they are far more likely to be admired than the dingy issues of olden days and may bring recruits into the ranks of philately. It should be distinctly understood that we supply these stamps in mint unused condition only and do not touch the cancelled-to-order rubbish at any price.

¼, ½, 1 anna, per set, 2d.; blocks, 8d.; per 12 sets, 1/11.

Varieties.—It is somewhat curious that at each corner of the sheet the stamps show peculiarities:—N.W., the "W" of "Gwalior" has no serifs and the "O" is thick; N.E., the word "Gwalior" is misplaced to the right; S.W., variety with long R in "Gwalior"; S.E. (except on the ¼a.), Hindi "R" misplaced. We have torn from each corner of several sheets corner strips of three showing these peculiarities, and when placed together they form an interesting miniature sheet.

¼ anna, set of 4 strips, 2/-.
½ ,, ,, ,, 3/-. (Few left).

UNUSED BRITISH COLONIAL STAMPS.

The Finest Possible Investment. The Best Stamps to Buy.

Unused British Colonial Stamps are at the present moment one of the finest investments that anyone, whether collector or not, could wish to make, provided of course that they are purchased judiciously. It is safe to say that a collector five years hence would cheerfully pay £100 to have the opportunities that are free to everyone to-day.

All sets marked with an asterisk and still quoted are temporarily out of stock, but clients who have deposit accounts with the Colonial Stamp Market can book same, for delivery immediately further supplies arrive. Stamps can only be sent for payment on delivery to clients having current accounts with us, but such must not remain overdrawn longer than 10 days. Under no circumstances (except by special arrangement) can more than 10 days' credit be given. Orders for stamps, when made out on the Colonial Stamp Market's printed order forms, may be sent through the post in an open envelope for ½d.

Ewen's Colonial Stamp Market, Ltd., NORWOOD, LONDON, S.E.

Unused Foreign Stamps in Sets.

So many applications have been made to the Colonial Stamp Market, asking that the various continental and foreign sets of stamps might be quoted, that we have decided in future to establish a Foreign Department. Despite the extra risk and cost of importing (postage being 2½ times as much), we are offering the majority at the same cheap rate as those of the Colonial series.

PRICE LIST, NO. 123. APRIL 18, 1903. [SUPPLEMENT TO "E.W.S.N." No. 186.

OUR 1903 QUOTATIONS.

ON and after January 1st, 1903, our General Rate for Unused Current Colonial Stamps and New Issues will be 1/1 per 1/- face value (only 8½% commission). Special contracts with wholesale buyers can be entered into at from 5% to 7½%; particulars on application, and from time to time we shall make special offers of stamps at face value only. At these remarkably low rates there cannot be the slightest doubt that current unused Colonials are by far the safest and most remunerative investment a Stamp Collector can make. Please note that

WE GUARANTEE OUR RATES LOWER THAN THOSE OF ANY OTHER FIRM.

NOTE.—To obviate the necessity of frequent small remittances clients are recommended to open a current account with us, paying in periodically even sums of £1, £2, or so, as required. Balance will be returned at any time, on demand. Callers at 32 Palace Square can only be seen by appointment; we have no shop and cannot show stamps under any circumstances, as we do not allow our stock to be handled till sold. All stamps are *guaranteed* mint, well centred and unmounted.

Debenture Holders in Ewen's Colonial Stamp Market, Ltd. have special privileges; particulars on application.

Colonial Clients are requested to remit by means of unused sets and high values, and especially provisionals or quite new issues. Rupee = 1/4; American dollar = 4/-. Foreign bank notes accepted as follows:—French, 50fr. = 39/6; German, 20mk. = 19/6; U.S.A., $1 = 4/-.

OUR CONDITIONS OF BUSINESS FOR 1903.

TO FACILITATE PROMPT AND ACCURATE EXECUTION OF ORDERS.

N.B.—It is of the utmost importance that the following very reasonable conditions be observed when ordering stamps, etc., so that orders may be *promptly* and *accurately* executed.

1.—Name and address of sender should both be clearly written at the top of every order, together with such formula as "Please send the following, as advertised in *E.W.S.N.* No.....; remittance.....enclosed [if any]."

2.—If it is desired to ask any questions or make any complaint, such should be written on the left side of a separate sheet of paper, also headed with name and address. The replies will be written opposite and the sheet returned. Each question should be numbered, and if sent independently of an order, stamp for reply must be enclosed.

3.—Communications for our New Issue, Approval and Editorial Departments should be written on separate slips of paper and will receive independent attention.

4.—In making out an order for stamps *it is essential* to state (*a*) the index number (if any); (*b*) name of colony or other particulars; (*c*) quantity required; (*d*) price at which advertised, and each item should be in a separate line. Printed order forms will be supplied free on application.

5.—If stamps are out of stock orders are booked for execution immediately our next supplies arrive. Stamps once ordered cannot be accepted back, but will be exchanged if in any way not according to description.

6.—Clients who are not on our regular service list for new issues, and who wish to make sure of any new issue as soon as it comes out, can have their orders booked in advance, and such orders will be executed in priority to all others, after our regular new issue service has been completed. Especially in the case of New Australian Stamps is it desirable to book in advance, as we anticipate a great run on them. Communications for our "booked order" department should be on a separate slip of paper.

7.—No money need be sent when orders are required to be booked. When the stamps arrive, we expect prompt payment after delivery.

Special Offers of Unused Colonials

FOR INVESTMENT PURPOSES.

IN making an investment of Stamps, it is necessary above all not to buy too many of any one Stamp. If a large quantity of one kind are acquired, they will be difficult to realise, owing to the necessity of finding a large number of buyers. If on the other hand, a small quantity of a number of different stamps are put by, they can be realized without difficulty on even a small market. The best way to make money out of Colonial stamps at present is to consider oneself the advance agent of a future generation of Collectors, and to put by as many collections of current issues as can be obtained nearly complete. They must be complete, or nearly so, or you will perhaps miss just the stamps which have gone up in price most. Most of the sets now current must soon become obsolete. Such a change is absolutely unprecedented in the History of Philately and being on so large a scale, it will be more difficulty than ever before for dealers to adequately stock the old sets. Collectors consequently have a better opportunity of catching the market short and making big profits. Speculators who have bought up one or two kinds largely may cause a slump in such, but collectors who follow this advice and spread their investment over the whole of the Colonies have nothing to fear. Experience leads us to recommend complete collections of the stamps now current in blocks of four, supplemented gradually by new issues as they appear. New issues of Colonial stamps may be grouped into the following five classes:—

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

SPECIAL NOTICE.

Some misconception seems to have arisen through our system of denoting sets and high values out of stock with an asterisk. It occasionally happens that the asterisk remains unaltered for months together, but this does not mean that we have given up importing. We are frequently receiving large parcels from all parts of the world but in many cases the supplies are found to have been fully booked beforehand.

Collectors are strongly urged to send complete lists of their requirements, whether same are marked out of stock or not. They need not be accompanied by a full remittance, but a small deposit of 10/- to £5 is usual. The stamps will then be despatched immediately they arrive. Collectors in want of special new issues need not necessarily wait till the stamps are quoted in *E.W.S.N.* but may book their orders at any time and so obtain the stamps much more quickly. In any such cases, if our prices exceed 1/1 per 1/- face value, the return of the stamps is optional.

"*Arrivals, April 8th to April 15th.*—British P.O. Levant, Bechuanaland, Trinidad, Southern Nigeria, Transvaal, Virgin Islands, Malta, Hong Kong, Ceylon, Sarawak, German Colonies.

Consignments overdue.—Cyprus, Gold Coast, South Australia, Western Australia (high values six weeks overdue), Mauritius (first consignment of high values went astray, second overdue), San Marino, Southern Nigeria, Victoria, New South Wales, Transvaal.

Unused Foreign Stamps in Sets.

So many applications have been made to the Colonial Stamp Market, asking that the various continental and foreign sets of stamps might be quoted, that we have decided in future to establish a Foreign Department. Despite the extra risk and cost of importing (postage being 2½ times as much), we are offering the majority at the same cheap rate as those of the Colonial series.

PRICE LIST, NO. 123 APRIL 18, 1903. [SUPPLEMENT TO "E.W.S.N." No. 186.

OUR 1903 QUOTATIONS.

ON and after January 1st, 1903, our General Rate for Unused Current Colonial Stamps and New Issues will be 1/1 per 1/- face value (only 8⅓% commission). Special contracts with wholesale buyers can be entered into at from 5% to 7½%; particulars on application, and from time to time we shall make special offers of stamps at face value only. At these remarkably low rates there cannot be the slightest doubt that current unused Colonials are by far the safest and most remunerative investment a Stamp Collector can make. Please note that

WE GUARANTEE OUR RATES LOWER THAN THOSE OF ANY OTHER FIRM.

NOTE.—To obviate the necessity of frequent small remittances clients are recommended to open a current account with us, paying in periodically even sums of £1, £2, or so, as required. Balance will be returned at any time, on demand. Callers at 32 Palace Square can only be seen by appointment; we have no shop and cannot show stamps under any circumstances, as we do not allow our stock to be handled till sold. All stamps are *guaranteed* mint, well centred and unmounted.

Debenture Holders in Ewen's Colonial Stamp Market, Ltd. have special privileges; particulars on application.

Colonial Clients are requested to remit by means of unused sets and high values, and especially provisionals or quite new issues. Rupee = 1/4; American dollar = 4/-. Foreign bank notes accepted as follows: French, 50fr. = 39/6; German, 20mk. = 19/6; U.S.A., $1 = 4/-.

OUR CONDITIONS OF BUSINESS FOR 1903.

TO FACILITATE PROMPT AND ACCURATE EXECUTION OF ORDERS.

N.B.—It is of the utmost importance that the following very reasonable conditions be observed when ordering stamps, etc., so that orders may be *promptly* and *accurately* executed.

1.—Name and address of sender should both be clearly written at the top of every order, together with such formula as "Please send the following, as advertised in *E.W.S.N.* No.....; remittance.....enclosed [if any]."

2.—If it is desired to ask any questions or make any complaint, such should be written on the left side of a separate sheet of paper, also headed with name and address. The replies will be written opposite and the sheet returned. Each question should be numbered, and if sent independently of an order, stamp for reply must be enclosed.

3.—Communications for our New Issue, Approval and Editorial Departments should be written on separate slips of paper and will receive independent attention.

4.—In making out an order for stamps *it is essential* to state (*a*) the index number (if any); (*b*) name of colony or other particulars; (*c*) quantity required; (*d*) price at which advertised, and each item should be in a separate line. Printed order forms will be supplied free on application.

5.—If stamps are out of stock orders are booked for execution immediately our next supplies arrive. Stamps once ordered cannot be accepted back, but will be exchanged if in any way not according to description.

6.—Clients who are not on our regular service list for new issues, and who wish to make sure of any new issue as soon as it comes out, can have their orders booked in advance, and such orders will be executed in priority to all others, after our regular new issue service has been completed. Especially in the case of New Australian Stamps is it desirable to book in advance, as we anticipate a great run on them. Communications for our "booked order" department should be on a separate slip of paper.

7.—No money need be sent when orders are required to be booked. When the stamps arrive, we expect prompt payment after delivery.

Special Offers of Unused Colonials

FOR INVESTMENT PURPOSES.

IN making an investment of Stamps, it is necessary above all not to buy too many of any one Stamp. If a large quantity of one kind are acquired, they will be difficult to realise, owing to the necessity of finding a large number of buyers. If on the other hand, a small quantity of a number of different stamps are put by, they can be realized without difficulty on even a small market. The best way to make money out of Colonial stamps at present is to consider oneself the advance agent of a future generation of Collectors, and to put by as many collections of current issues as can be obtained nearly complete. They must be complete, or nearly so, or you will perhaps miss just the stamps which have gone up in price most. Most of the sets now current must soon become obsolete. Such a change is absolutely unprecedented in the History of Philately and being on so large a scale, it will be more difficulty than ever before for dealers to adequately stock the old sets. Collectors consequently have a better opportunity of catching the market short and making big profits. Speculators who have bought up one or two kinds largely may cause a slump in such, but collectors who follow this advice and spread their investment over the whole of the Colonies have nothing to fear. Experience leads us to recommend complete collections of the stamps now current in blocks of four, supplemented gradually by new issues as they appear. New issues of Colonial stamps may be grouped into the following five classes:—

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

SPECIAL NOTICE.

Some misconception seems to have arisen through our system of denoting sets and high values out of stock with an asterisk. It occasionally happens that the asterisk remains unaltered for months together, but this does not mean that we have given up importing. We are frequently receiving large parcels from all parts of the world but in many cases the supplies are found to have been fully booked beforehand.

Collectors are strongly urged to send complete lists of their requirements, whether same are marked out of stock or not. They need not be accompanied by a full remittance, but a small deposit of 10/- to £5 is usual. The stamps will then be despatched immediately they arrive. Collectors in want of special new issues need not necessarily wait till the stamps are quoted in *E.W.S.N.* but may book their orders at any time and so obtain the stamps much more quickly. In any such cases, if our prices exceed 1/1 per 1/- face value, the return of the stamps is optional.

"*Arrivals, April 8th to April 15th.*—British P.O. Levant, Bechuanaland, Trinidad, Southern Nigeria, Transvaal, Virgin Islands, Malta, Hong Kong, Ceylon, Sarawak, German Colonies.

COOK ISLANDS.

Surcharged a Crown in black (1901).

We are now able to make quotations for this stamp as follows:—

1d. brown, surcharged a Crown in black, mint with full gum, 15/-; block of 4, 60/-.
1d. brown, very fine but no gum, 8/6; block, 34/-; (the majority were issued without gum, owing to the stock having stuck together).
1d. brown, fine, postmarked Rarotonga, 8/6; block of four, 34/-.
1d. brown, errors, with surcharge inverted or sideways can be sent on approval to probable purchasers.

NOTE.—Only 2400 of the above were ever made, and the Crown overprint was chiefly applied to stock on hand at the smaller post offices which was in many cases in somewhat bad condition and generally without gum. The issue was made late in 1901 and was followed almost at once by the issue of the 1d. rose unsurcharged.

These stamps are amongst the handsomest ever produced by Messrs. Waterlow & Sons, the colouring of the higher values being especially fine. We strongly recommend them to every collector who shows his albums to non-philatelic friends, as they are far more likely to be admired than the dingy issues of olden days and may bring recruits into the ranks of philately. It should be distinctly understood that we supply these stamps in mint unused condition only and do not touch the cancelled-to-order rubbish at any price.

Varieties.—It is somewhat curious that at each corner of the sheet the stamps show peculiarities:—N.W., the "W" of "Gwalior" has no serifs and the "O" is thick; N.E., the word "Gwalior" is misplaced to the right; S.W., variety with long R in "Gwalior"; S.E. (except on the ¼a.), Hindi "R" misplaced. We have torn from each corner of several sheets corner strips of three showing these peculiarities, and when placed together they form an interesting miniature sheet.

UNUSED BRITISH COLONIAL STAMPS.

The Finest Possible Investment. The Best Stamps to Buy.

Unused British Colonial Stamps are at the present moment one of the finest investments that anyone, whether collector or not, could wish to make, provided of course that they are purchased judiciously. It is safe to say that a collector five years hence would cheerfully pay £100 to have the opportunities that are free to everyone to-day.

All sets marked with an asterisk and still quoted are temporarily out of stock, but clients who have deposit accounts with the Colonial Stamp Market can book same, for delivery immediately further supplies arrive. Stamps can only be sent for payment on delivery to clients having current accounts with us, but such must not remain overdrawn longer than 10 days. Under no circumstances (except by special arrangement) can more than 10 days' credit be given. Orders for stamps, when made out on the Colonial Stamp Market's printed order forms, may be sent through the post in an open envelope for ½d.

Ewen's Colonial Stamp Market, Ltd., NORWOOD, LONDON, S.E.

Unused Foreign Stamps in Sets.

So many applications have been made to the Colonial Stamp Market, asking that the various continental and foreign sets of stamps might be quoted, that we have decided in future to establish a Foreign Department. Despite the extra risk and cost of importing (postage being 2½ times as much), we are offering the majority at the same cheap rate as those of the Colonial series.

PRICE LIST, NO. 124 APRIL 25, 1903. [SUPPLEMENT TO "E.W.S.N." No. 187.

OUR 1903 QUOTATIONS.

ON and after January 1st, 1903, our General Rate for Unused Current Colonial Stamps and New Issues will be 1/1 per 1/- face value (only 8½% commission). Special contracts with wholesale buyers can be entered into at from 5% to 7½%; particulars on application, and from time to time we shall make special offers of stamps at face value only. At these remarkably low rates there cannot be the slightest doubt that current unused Colonials are by far the safest and most remunerative investment a Stamp Collector can make. Please note that

WE GUARANTEE OUR RATES LOWER THAN THOSE OF ANY OTHER FIRM.

NOTE.—To obviate the necessity of frequent small remittances clients are recommended to open a current account with us, paying in periodically even sums of £1, £2, or so, as required. Balance will be returned at any time, on demand. Callers at 32 Palace Square can only be seen by appointment; we have no shop and cannot show stamps under any circumstances, as we do not allow our stock to be handled till sold. All stamps are *guaranteed* mint, well centred and unmounted.

Debenture Holders in Ewen's Colonial Stamp Market, Ltd. have special privileges; particulars on application.

Colonial Clients are requested to remit by means of unused sets and high values, and especially provisionals or quite new issues. Rupee=1/4; American dollar=4/-. Foreign bank notes accepted as follows:—French, 50fr.=39/6; German, 20mk.=19/6; U.S.A., $1=4/-.

OUR CONDITIONS OF BUSINESS FOR 1903.

TO FACILITATE PROMPT AND ACCURATE EXECUTION OF ORDERS.

N.B.—It is of the utmost importance that the following very reasonable conditions be observed when ordering stamps, etc., so that orders may be *promptly* and *accurately* executed.

1.—Name and address of sender should both be clearly written at the top of every order, together with such formula as "Please send the following, as advertised in *E.W.S.N.* No.....; remittance.....enclosed [if any]."

2.—If it is desired to ask any questions or make any complaint, such should be written on the left side of a separate sheet of paper, also headed with name and address. The replies will be written opposite and the sheet returned. Each question should be numbered, and if sent independently of an order, stamp for reply must be enclosed.

3.—Communications for our New Issue, Approval and Editorial Departments should be written on separate slips of paper and will receive independent attention.

4.—In making out an order for stamps *it is essential* to state (*a*) the index number (if any); (*b*) name of colony or other particulars; (*c*) quantity required; (*d*) price at which advertised, and each item should be in a separate line. Printed order forms will be supplied free on application.

5.—If stamps are out of stock orders are booked for execution immediately our next supplies arrive. Stamps once ordered cannot be accepted back, but will be exchanged if in any way not according to description.

6.—Clients who are not on our regular service list for new issues, and who wish to make sure of any new issue as soon as it comes out, can have their orders booked in advance, and such orders will be executed in priority to all others, after our regular new issue service has been completed. Especially in the case of New Australian Stamps is it desirable to book in advance, as we anticipate a great run on them. Communications for our "booked order" department should be on a separate slip of paper.

7.—No money need be sent when orders are required to be booked. When the stamps arrive, we expect prompt payment after delivery.

Special Offers of Unused Colonials

FOR INVESTMENT PURPOSES.

IN making an investment of Stamps, it is necessary above all not to buy too many of any one Stamp. If a large quantity of one kind are acquired, they will be difficult to realise, owing to the necessity of finding a large number of buyers. If on the other hand, a small quantity of a number of different stamps are put by, they can be realized without difficulty on even a small market. The best way to make money out of Colonial stamps at present is to consider oneself the advance agent of a future generation of Collectors, and to put by as many collections of current issues as can be obtained nearly complete. They must be complete, or nearly so, or you will perhaps miss just the stamps which have gone up in price most. Most of the sets now current must soon become obsolete. Such a change is absolutely unprecedented in the History of Philately and being on so large a scale, it will be more difficulty than ever before for dealers to adequately stock the old sets. Collectors consequently have a better opportunity of catching the market short and making big profits. Speculators who have bought up one or two kinds largely may cause a slum in such, but collectors who follow this advice and spread their investment over the whole of the Colonies have nothing to fear. Experience leads us to recommend complete collections of the stamps now current in blocks of four, supplemented gradually by new issues as they appear. New issues of Colonial stamps may be grouped into the following five classes:—

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

SPECIAL NOTICE.

Some misconception seems to have arisen through our system of denoting sets and high values out of stock with an asterisk. It occasionally happens that the asterisk remains unaltered for months together, but this does not mean that we have given up importing. We are frequently receiving large parcels from all parts of the world but in many cases the supplies are found to have been fully booked beforehand.

Collectors are strongly urged to send complete lists of their requirements, whether same are marked out of stock or not. They need not be accompanied by a full remittance, but a small deposit of 10/- to £5 is usual. The stamps will then be despatched immediately they arrive. Collectors in want of special new issues need not necessarily wait till the stamps are quoted in *E.W.S.N.* but may book their orders at any time and so obtain the stamps much more quickly. In any such cases, if our prices exceed 1/1 per 1/- face value, the return of the stamps is optional.

COOK ISLANDS.

Surcharged a Crown in black (1901).

We are now able to make quotations for this stamp as follows:—

1d. brown, surcharged a Crown in black, mint with full gum, 15/-; block of 4, 60/-.
1d. brown, very fine but no gum, 8/6; block, 34/-; (the majority were issued without gum, owing to the stock having stuck together).
1d. brown, fine, postmarked Rarotonga, 8/6; block of four, 34/-.
1d. brown, errors, with surcharge inverted or sideways can be sent on approval to probable purchasers.

NOTE.—Only 2400 of the above were ever made, and the Crown overprint was chiefly applied to stock on hand at the smaller post offices which was in many cases in somewhat bad condition and generally without gum. The issue was made late in 1901 and was followed almost at once by the issue of the 1d. rose unsurcharged.

These stamps are amongst the handsomest ever produced by Messrs. Waterlow & Sons, the colouring of the higher values being especially fine. We strongly recommend them to every collector who shows his albums to non-philatelic friends, as they are far more likely to be admired than the dingy issues of olden days and may bring recruits into the ranks of philately. It should be distinctly understood that we supply these stamps in mint unused condition only and do not touch the cancelled-to-order rubbish at any price.

Varieties.—It is somewhat curious that at each corner of the sheet the stamps show peculiarities:—N.W., the "W" of "Gwalior" has no serifs and the "O" is thick; N.E., the word "Gwalior" is misplaced to the right; S.W., variety with long R in "Gwalior"; S.E. (except on the ¼a.), Hindi "R" misplaced. We have torn from each corner of several sheets corner strips of three showing these peculiarities, and when placed together they form an interesting miniature sheet.

Ewen's Colonial Stamp Market, Ltd., NORWOOD, LONDON, S.E.

Unused Foreign Stamps in Sets.

So many applications have been made to the Colonial Stamp Market, asking that the various continental and foreign sets of stamps might be quoted, that we have decided in future to establish a Foreign Department. Despite the extra risk and cost of importing (postage being 2½ times as much), we are offering the majority at the same cheap rate as those of the Colonial series.

PRICE LIST, NO. 125 MAY 2, 1903 [SUPPLEMENT TO "E.W.S.N." No. 188.

OUR 1903 QUOTATIONS.

ON and after January 1st, 1903, our General Rate for Unused Current Colonial Stamps and New Issues will be 1/1 per 1/- face value (only 8½% commission). Special contracts with wholesale buyers can be entered into at from 5% to 7½%; particulars on application, and from time to time we shall make special offers of stamps at face value only. At these remarkably low rates there cannot be the slightest doubt that current unused Colonials are by far the safest and most remunerative investment a Stamp Collector can make. Please note that

WE GUARANTEE OUR RATES LOWER THAN THOSE OF ANY OTHER FIRM.

NOTE.—To obviate the necessity of frequent small remittances clients are recommended to open a current account with us, paying in periodically even sums of £1, £2, or so, as required. Balance will be returned at any time, on demand. Callers at 32 Palace Square can only be seen by appointment; we have no shop and cannot show stamps under any circumstances, as we do not allow our stock to be handled till sold. All stamps are *guaranteed* mint, well centred and unmounted.

Debenture Holders in Ewen's Colonial Stamp Market, Ltd. have special privileges; particulars on application.

Colonial Clients are requested to remit by means of unused sets and high values, and especially provisionals or quite new issues. Rupee = 1/4; American dollar = 4/-. Foreign bank notes accepted as follows:—French, 50fr. = 39/6; German, 20mk. = 19/6; U.S.A., $1 = 4/-.

OUR CONDITIONS OF BUSINESS FOR 1903.

TO FACILITATE PROMPT AND ACCURATE EXECUTION OF ORDERS.

N.B.—It is of the utmost importance that the following very reasonable conditions be observed when ordering stamps, etc., so that orders may be *promptly* and *accurately* executed.

1.—Name and address of sender should both be clearly written at the top of every order, together with such formula as "Please send the following, as advertised in *E.W.S.N.* No.....; remittance.....enclosed [if any]."

2.—If it is desired to ask any questions or make any complaint, such should be written on the left side of a separate sheet of paper, also headed with name and address. The replies will be written opposite and the sheet returned. Each question should be numbered, and if sent independently of an order, stamp for reply must be enclosed.

3.—Communications for our New Issue, Approval and Editorial Departments should be written on separate slips of paper and will receive independent attention.

4.—In making out an order for stamps *it is essential* to state (*a*) the index number (if any); (*b*) name of colony or other particulars; (*c*) quantity required; (*d*) price at which advertised, and each item should be in a separate line. Printed order forms will be supplied free on application.

5.—If stamps are out of stock orders are booked for execution immediately our next supplies arrive. Stamps once ordered cannot be accepted back, but will be exchanged if in any way not according to description.

6.—Clients who are not on our regular service list for new issues, and who wish to make sure of any new issue as soon as it comes out, can have their orders booked in advance, and such orders will be executed in priority to all others, after our regular new issue service has been completed. Especially in the case of New Australian Stamps is it desirable to book in advance, as we anticipate a great run on them. Communications for our "booked order" department should be on a separate slip of paper.

7.—No money need be sent when orders are required to be booked. When the stamps arrive, we expect prompt payment after delivery.

Special Offers of Unused Colonials

FOR INVESTMENT PURPOSES.

IN making an investment of Stamps, it is necessary above all not to buy too many of any one Stamp. If a large quantity of one kind are acquired, they will be difficult to realise, owing to the necessity of finding a large number of buyers. If on the other hand, a small quantity of a number of different stamps are put by, they can be realized without difficulty on even a small market. The best way to make money out of Colonial stamps at present is to consider oneself the advance agent of a future generation of Collectors, and to put by as many collections of current issues as can be obtained nearly complete. They must be complete, or nearly so, or you will perhaps miss just the stamps which have gone up in price most. Most of the sets now current must soon become obsolete. Such a change is absolutely unprecedented in the History of Philately and being on so large a scale, it will be more difficulty than ever before for dealers to adequately stock the old sets. Collectors consequently have a better opportunity of catching the market short and making big profits. Speculators who have bought up one or two kinds largely may cause a slum in such, but collectors who follow this advice and spread their investment over the whole of the Colonies have nothing to fear. Experience leads us to recommend complete collections of the stamps now current in blocks of four, supplemented gradually by new issues as they appear. New issues of Colonial stamps may be grouped into the following five classes:—

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

COOK ISLANDS.

Surcharged a Crown in black (1901).

We are now able to make quotations for this stamp as follows:—

1d. brown, surcharged a Crown in black, mint with full gum, 15/-; block of 4, 60/-.
1d. brown, very fine but no gum, 8/6; block, 34/-; (the majority were issued without gum, owing to the stock having stuck together).
1d. brown, fine, postmarked Rarotonga, 8/6; block of four, 34/-.
1d. brown, errors, with surcharge inverted or sideways can be sent on approval to probable purchasers.

NOTE.—Only 2400 of the above were ever made, and the Crown overprint was chiefly applied to stock on hand at the smaller post offices which was in many cases in somewhat bad condition and generally without gum. The issue was made late in 1901 and was followed almost at once by the issue of the 1d. rose unsurcharged.

NOTE.—We are willing to supply $20 worth or more (values in any desired proportion) at the rate of 2/- per $; and $50 worth at 1/11 per $ (100 cents equals $1). These stamps are amongst the handsomest ever produced by Messrs. Waterlow & Sons, the colouring of the higher values being especially fine. We strongly recommend them to every collector who shows his albums to non-philatelic friends, as they are far more likely to be admired than the dingy issues of olden days and may bring recruits into the ranks of philately. It should be distinctly understood that we supply these stamps in mint unused condition only and do not touch the cancelled-to-order rubbish at any price.

Varieties.—It is somewhat curious that at each corner of the sheet the stamps show peculiarities:—N.W., the "W" of "Gwalior" has no serifs and the "O" is thick; N.E., the word "Gwalior" is misplaced to the right; S.W., variety with long R in "Gwalior"; S.E. (except on the ¼a.), Hindi "R" misplaced. We have torn from each corner of several sheets corner strips of three showing these peculiarities, and when placed together they form an interesting miniature sheet.

Unused Foreign Stamps in Sets.

So many applications have been made to the Colonial Stamp Market, asking that the various continental and foreign sets of stamps might be quoted, that we have decided in future to establish a Foreign Department. Despite the extra risk and cost of importing (postage being 2½ times as much), we are offering the majority at the same cheap rate as those of the Colonial series.

PRICE LIST, NO. 126 MAY 9, 1903 [SUPPLEMENT TO "E.W.S.N." No. 189

OUR 1903 QUOTATIONS.

ON and after January 1st, 1903, our General Rate for Unused Current Colonial Stamps and New Issues will be 1/1 per 1/- face value (only 8½% commission). Special contracts with wholesale buyers can be entered into at from 5% to 7½%; particulars on application, and from time to time we shall make special offers of stamps at face value only. At these remarkably low rates there cannot be the slightest doubt that current unused Colonials are by far the safest and most remunerative investment a Stamp Collector can make. Please note that

WE GUARANTEE OUR RATES LOWER THAN THOSE OF ANY OTHER FIRM.

NOTE.—To obviate the necessity of frequent small remittances clients are recommended to open a current account with us, paying in periodically even sums of £1, £2, or so, as required. Balance will be returned at any time, on demand. Callers at 32 Palace Square can only be seen by appointment; we have no shop and cannot show stamps under any circumstances, as we do not allow our stock to be handled till sold. All stamps are *guaranteed* mint, well centred and unmounted.

Debenture Holders in Ewen's Colonial Stamp Market, Ltd. have special privileges; particulars on application.

Colonial Clients are requested to remit by means of unused sets and high values, and especially provisionals or quite new issues. Rupee = 1/4; American dollar = 4/-. Foreign bank notes accepted as follows:—French, 50fr. = 39/6; German, 20mk. = 19/6; U.S.A., $1 = 4/-.

OUR CONDITIONS OF BUSINESS FOR 1903.

TO FACILITATE PROMPT AND ACCURATE EXECUTION OF ORDERS.

N.B.—It is of the utmost importance that the following very reasonable conditions be observed when ordering stamps, etc., so that orders may be *promptly* and *accurately* executed.

1.—Name and address of sender should both be clearly written at the top of every order, together with such formula as "Please send the following, as advertised in *E.W.S.N.* No.....; remittance.....enclosed [if any]."

2.—If it is desired to ask any questions or make any complaint, such should be written on the left side of a separate sheet of paper, also headed with name and address. The replies will be written opposite and the sheet returned. Each question should be numbered, and if sent independently of an order, stamp for reply must be enclosed.

3.—Communications for our New Issue, Approval and Editorial Departments should be written on separate slips of paper and will receive independent attention.

4.—In making out an order for stamps *it is es ential* to state (*a*) the index number (if any); (*b*) name of colony or other particulars; (*c*) quantity required; (*d*) price at which advertised, and each item should be in a separate line. Printed order forms will be supplied free on application.

5.—If stamps are out of stock orders are booked for execution immediately our next supplies arrive. Stamps once ordered cannot be accepted back, but will be exchanged if in any way not according to description.

6.—Clients who are not on our regular service list for new issues, and who wish to make sure of any new issue as soon as it comes out, can have their orders booked in advance, and such orders will be executed in priority to all others, after our regular new issue service has been completed. Especially in the case of New Australian Stamps is it desirable to book in advance, as we anticipate a great run on them. Communications for our "booked order" department should be on a separate slip of paper.

7.—No money need be sent when orders are required to be booked. When the stamps arrive, we expect prompt payment after delivery.

Special Offers of Unused Colonials

FOR INVESTMENT PURPOSES.

IN making an investment of Stamps, it is necessary above all not to buy too many of any one Stamp. If a large quantity of one kind are acquired, they will be difficult to realise, owing to the necessity of finding a large number of buyers. If on the other hand, a small quantity of a number of different stamps are put by, they can be realized without difficulty on even a small market. The best way to make money out of Colonial stamps at present is to consider oneself the advance agent of a future generation of Collectors, and to put by as many collections of current issues as can be obtained nearly complete. They must be complete, or nearly so, or you will perhaps miss just the stamps which have gone up in price most. Most of the sets now current must soon become obsolete. Such a change is absolutely unprecedented in the History of Philately and being on so large a scale, it will be more difficulty than ever before for dealers to adequately stock the old sets. Collectors consequently have a better opportunity of catching the market short and making big profits. Speculators who have bought up one or two kinds largely may cause a slump in such, but collectors who follow this advice and spread their investment over the whole of the Colonies have nothing to fear. Experience leads us to recommend complete collections of the stamps now current in blocks of four, supplemented gradually by new issues as they appear. New issues of Colonial stamps may be grouped into the following five classes:—

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

COOK ISLANDS.

Surcharged a Crown in black (1901).

We are now able to make quotations for this stamp as follows:—

1d. brown, surcharged a Crown in black, mint with full gum, 15/-; block of 4, 60/-.
1d. brown, very fine but no gum, 8/6; block, 34/-; (the majority were issued without gum, owing to the stock having stuck together).
1d. brown, fine, postmarked Rarotonga, 8/6; block of four, 34/-.
1d. brown, errors, with surcharge inverted or sideways can be sent on approval to probable purchasers.

Note.—Only 2400 of the above were ever made, and the Crown overprint was chiefly applied to stock on hand at the smaller post offices which was in many cases in somewhat bad condition and generally without gum. The issue was made late in 1901 and was followed almost at once by the issue of the 1d. rose unsurcharged.

¼ anna, block, 1½d.; dozen, 4d.; per 100, 2/4.
½ anna, block, 2½d.; dozen, 7d.; per 100, 4/7.
¼, ½, 1 anna, per set, 2d.; blocks, 8d.; per 12 sets, 1/11.

Varieties.—It is somewhat curious that at each corner of the sheet the stamps show peculiarities:—N.W., the "W" of "Gwalior" has no serifs and the "O" is thick; N.E., the word "Gwalior" is misplaced to the right; S.W., variety with long R in "Gwalior"; S.E. (except on the ¼a.), Hindi "R" misplaced. We have torn from each corner of several sheets corner strips of three showing these peculiarities, and when placed together they form an interesting miniature sheet.

These stamps are amongst the handsomest ever produced by Messrs. Waterlow & Sons, the colouring of the higher values being especially fine. We strongly recommend them to every collector who shows his albums to non-philatelic friends, as they are far more likely to be admired than the dingy issues of olden days and may bring recruits into the ranks of philately. It should be distinctly understood that we supply these stamps in mint unused condition only and do not touch the cancelled-to-order rubbish at any price.

Ewen's Colonial Stamp Market, Ltd., NORWOOD, LONDON, S.E.

Unused Foreign Stamps in Sets.

So many applications have been made to the Colonial Stamp Market, asking that the various continental and foreign sets of stamps might be quoted, that we have decided in future to establish a Foreign Department. Despite the extra risk and cost of importing (postage being 2½ times as much), we are offering the majority at the same cheap rate as those of the Colonial series.

PRICE LIST, NO. 127. MAY 16, 1903 [SUPPLEMENT TO "E.W.S.N." No. 190.

OUR 1903 QUOTATIONS.

ON and after January 1st, 1903, our General Rate for Unused Current Colonial Stamps and New Issues will be 1/1 per 1/- face value (only 8⅓% commission). Special contracts with wholesale buyers can be entered into at from 5% to 7½%; particulars on application, and from time to time we shall make special offers of stamps at face value only. At these remarkably low rates there cannot be the slightest doubt that current unused Colonials are by far the safest and most remunerative investment a Stamp Collector can make. Please note that

WE GUARANTEE OUR RATES LOWER THAN THOSE OF ANY OTHER FIRM.

NOTE.—To obviate the necessity of frequent small remittances clients are recommended to open a current account with us, paying in periodically even sums of £1, £2, or so, as required. Balance will be returned at any time, on demand. Callers at 32 Palace Square can only be seen by appointment; we have no shop and cannot show stamps under any circumstances, as we do not allow our stock to be handled till sold. All stamps are *guaranteed* mint, well centred and unmounted.

Debenture Holders in Ewen's Colonial Stamp Market, Ltd. have special privileges; particulars on application.

Colonial Clients are requested to remit by means of unused sets and high values, and especially provisionals or quite new issues. Rupee = 1/4; American dollar = 4/-. Foreign bank notes accepted as follows:—French, 50fr. = 39/6; German, 20mk. = 19/6; U.S.A., $1 = 4/-.

Terms of Business.

CASH WITH ORDER; POSTAGE EXTRA.

All letters requiring an answer should be accompanied by a stamp for reply, and should be addressed to Ewen's Colonial Stamp Market Ltd., Norwood, London, S.E. Correspondence in English, French, German, Spanish, etc. If stamps are desired for payment on delivery permission should be obtained from the Managing Director.

DEPARTMENTS OF OUR BUSINESS.

All business is conducted by post. We have no shop. Separate staff in each Department.

I. Managing Director's Office, where correspondence is received and sorted. Importation Department; Stores Department.

II. Cashier's Office. Foreign bank-notes accepted as follows:—French, 50fr. = 39/6; German, 20 mk. = 19/6; U.S.A., $1 = 4/-. Colonial clients are requested to remit by means of complete unused sets and high values and especially provisionals or quite new issues. Rupee = 1/4; silver dollar, at rate of exchange.

III. Editorial Department. The Editor welcomes correspondence from readers, especially early information of new issues.

IV. Publishing Department. Publication of *E.W.S.N.*, Albums, Catalogues, etc. See back page of *E.W.S.N.*

V. Approval Department. Books of stamps sent on approval to select from. This stock does not include the stamps advertised in *E.W.S.N.* which cannot be sent on approval. See back page of *E.W.S.N.*

VI. Order Department. All orders for stamps advertised in *E.W.S.N.* executed promptly, if accompanied by cash or prepaid. Stamps not advertised are rarely in stock, as they are then handed to the Approval Department.

VII. New Issue Department. This Department obtains new stamps immediately they appear (including new shades, varieties, provisionals, etc.) and supplies them at once to clients who have given a general order for everything new. See full instructions below.

VIII. Booked Order Department. Clients who wish to ensure receiving anything directly we get it, can book the order. No money need be deposited as a notice of arrival will be sent. If however payment is not made within seven days the stamps will not be reserved any longer but will be returned to stock.

IX. Returns Department. Stamps sent out by our Order Department are not returnable, but will be exchanged if defective. Stamps sent out by our New Issue Department are also not returnable, unless specially marked "on approval," or charged above our usual rate of 1/1 per 1/-, or sent in error. Booked orders are not returnable unless charged at a higher rate than that at which they were booked.

X. Accounts Department. A small account is sent out with every invoice when clients have deposit accounts, thus enabling them to see how their balance stands after each transaction.

XI. Post Office Department. Correspondence is sealed and despatched by this Department and all changes of address should be at once notified to it.

N.B.—As far as possible communications for these departments should be kept distinct, and if possible written on separate sheets of paper, although enclosed in the same envelope. They can then be dealt with simultaneously instead of seriatim, thus avoiding delay.

Regular Weekly Service of New Issues

OUR New Issue Department receives a prompt supply of practically every new Colonial Stamp that is issued, including varieties of shade, perforation, paper, watermark, etc. (also many foreign new issues). About once a week (the day depends on the arrival of the mails) these are distributed amongst clients according to the requirements they have filed. Collectors wishing to take part in our weekly distribution (the promptest, cheapest and *most reliable* in the world) should open a deposit account. Send particulars as to what is required.

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

Arrivals, May 6th to May 13th.—Gibraltar (2 consignments), Malta, St. Vincent, Orange River, Tasmania, Eritrea, Transvaal, Chamba, Barbados, New South Wales, Queensland, German Colonies, Fiji Islands, Federated Malay States.

COOK ISLANDS.

Surcharged a Crown in black (1901).

We are now able to make quotations for this stamp as follows:—

1d. brown, surcharged a Crown in black, mint with full gum, 15/-; block of 4, 60/-.
1d. brown, very fine but no gum, 8/6; block, 34/-; (the majority were issued without gum, owing to the stock having stuck together).
1d. brown, fine, postmarked Rarotonga, 8/6; block of four, 34/-.
1d. brown, errors, with surcharge inverted or sideways can be sent on approval to probable purchasers.

Note.—Only 2400 of the above were ever made, and the Crown overprint was chiefly applied to stock on hand at the smaller post offices which was in many cases in somewhat bad condition and generally without gum. The issue was made late in 1901 and was followed almost at once by the issue of the 1d. rose unsurcharged.

⅛, ½, 1 anna, per set, 2d.; blocks, 8d.; per 12 sets, 1/11.

Varieties.—It is somewhat curious that at each corner of the sheet the stamps show peculiarities:—N.W., the "W" of "Gwalior" has no serifs and the "O" is thick; N.E., the word "Gwalior" is misplaced to the right; S.W., variety with long R in "Gwalior"; S.E. (except on the ¼a.). Hindi "R" misplaced. We have torn from each corner of several sheets corner strips of three showing these peculiarities, and when placed together they form an interesting miniature sheet.

These stamps are amongst the handsomest ever produced by Messrs. Waterlow & Sons, the colouring of the higher values being especially fine. We strongly recommend them to every collector who shows his albums to non-philatelic friends, as they are far more likely to be admired than the dingy issues of olden days and may bring recruits into the ranks of philately. It should be distinctly understood that we supply these stamps in mint unused condition only and do not touch the cancelled-to-order rubbish at any price.

WHOLESALE PRICE LIST.

Any quantity not less than 4 and not greater than 1000 can be supplied at the rate per 12 quoted below. The majority of the stamps quoted below are printed in panes of 60. UNUSED BRITISH COLONIAL STAMPS.

A GOLDEN RULE FOR STAMP INVESTORS, BUY IN COMPLETE SETS RATHER THAN ODDMENTS.

IN making an investment of Stamps, it is necessary above all not to buy too many of any one Stamp. If a large quantity of one kind are acquired, they will be difficult to realise, owing to the necessity of finding a large number of buyers. If on the other hand, a small quantity of a number of different stamps are put by, they can be realized without difficulty on even a small market. The best way to make money out of Colonial stamps at present is to consider oneself the advance agent of a future generation of Collectors, and to put by as many collections of current issues as can be obtained nearly complete. They must be complete, or nearly so, or you will perhaps miss just the stamps which have gone up in price most. It is safe to say that a collector five years hence would cheerfully pay £100 to have the opportunities that are free to everyone to-day.

Ewen's Colonial Stamp Market, Ltd., NORWOOD, LONDON, S.E.

Unused Foreign Stamps in Sets.

So many applications have been made to the Colonial Stamp Market, asking that the various continental and foreign sets of stamps might be quoted, that we have decided in future to establish a Foreign Department. Despite the extra risk and cost of importing (postage being 2½ times as much), we are offering the majority at the same cheap rate as those of the Colonial series.

PRICE LIST, No. 128 MAY 23, 1903 [SUPPLEMENT TO "E.W.S.N." No. 191

OUR 1903 QUOTATIONS.

ON and after January 1st, 1903, our General Rate for Unused Current Colonial Stamps and New Issues will be 1/1 per 1/- face value (only 8½% commission). Special contracts with wholesale buyers can be entered into at from 5% to 7½%; particulars on application, and from time to time we shall make special offers of stamps at face value only. At these remarkably low rates there cannot be the slightest doubt that current unused Colonials are by far the safest and most remunerative investment a Stamp Collector can make. Please note that

WE GUARANTEE OUR RATES LOWER THAN THOSE OF ANY OTHER FIRM.

NOTE.—To obviate the necessity of frequent small remittances clients are recommended to open a current account with us, paying in periodically even sums of £1, £2, or so, as required. Balance will be returned at any time, on demand. Callers at 32 Palace Square can only be seen by appointment; we have no shop and cannot show stamps under any circumstances, as we do not allow our stock to be handled till sold. All stamps are *guaranteed* mint, well centred and unmounted.

Debenture Holders in Ewen's Colonial Stamp Market, Ltd. have special privileges; particulars on application.

Colonial Clients are requested to remit by means of unused sets and high values, and especially provisionals or quite new issues. Rupee = 1/4; American dollar = 4/-. Foreign bank notes accepted as follows:—French, 50fr. = 39/6; German, 20mk. = 19/6; U.S.A., $1 = 4/-.

Terms of Business.

CASH WITH ORDER; POSTAGE EXTRA.

All letters requiring an answer should be accompanied by a stamp for reply, and should be addressed to Ewen's Colonial Stamp Market Ltd., Norwood, London, S.E. Correspondence in English, French, German, Spanish, etc. If stamps are desired for payment on delivery permission should be obtained from the Managing Director.

DEPARTMENTS OF OUR BUSINESS.

All business is conducted by post. We have no shop. Separate staff in each Department.

I. Managing Director's Office, where correspondence is received and sorted. Importation Department; Stores Department.

II. Cashier's Office. Foreign bank-notes accepted as follows:—French, 50fr. = 39/6; German, 20 mk. = 19/6; U.S.A., $1 = 4/-. Colonial clients are requested to remit by means of complete unused sets and high values and especially provisionals or quite new issues. Rupee = 1/4; silver dollar, at rate of exchange.

III. Editorial Department. The Editor welcomes correspondence from readers, especially early information of new issues.

IV. Publishing Department. Publication of *E.W.S.N.*, Albums, Catalogues, etc. See back page of *E.W.S.N.*

V. Approval Department. Books of stamps sent on approval to select from. This stock does not include the stamps advertised in *E.W.S.N.* which cannot be sent on approval. See back page of *E.W.S.N.*

VI. Order Department. All orders for stamps advertised in *E.W.S.N.* executed promptly, if accompanied by cash or prepaid. Stamps not advertised are rarely in stock, as they are then handed to the Approval Department.

VII. New Issue Department. This Department obtains new stamps immediately they appear (including new shades, varieties, provisionals, etc.) and supplies them at once to clients who have given a general order for everything new. See full instructions below.

VIII. Booked Order Department. Clients who wish to ensure receiving anything directly we get it, can book the order. No money need be deposited as a notice of arrival will be sent. If however payment is not made within seven days the stamps will not be reserved any longer but will be returned to stock.

IX. Returns Department. Stamps sent out by our Order Department are not returnable, but will be exchanged if defective. Stamps sent out by our New Issue Department are also not returnable, unless specially marked "on approval," or charged above our usual rate of 1/1 per 1/-, or sent in error. Booked orders are not returnable unless charged at a higher rate than that at which they were booked.

X. Accounts Department. A small account is sent out with every invoice when clients have deposit accounts, thus enabling them to see how their balance stands after each transaction.

XI. Post Office Department. Correspondence is sealed and despatched by this Department and all changes of address should be at once notified to it.

N.B.—As far as possible communications for these departments should be kept distinct, and if possible written on separate sheets of paper, although enclosed in the same envelope. They can then be dealt with simultaneously instead of seriatim, thus avoiding delay.

Regular Weekly Service of New Issues

OUR New Issue Department receives a prompt supply of practically every new Colonial Stamp that is issued, including varieties of shade, perforation, paper, watermark, etc. (also many foreign new issues). About once a week (the day depends on the arrival of the mails) these are distributed amongst clients according to the requirements they have filed. Collectors wishing to take part in our weekly distribution (the promptest, cheapest and *most reliable* in the world) should open a deposit account. Send particulars as to what is required.

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

Varieties.—It is somewhat curious that at each corner of the sheet the stamps show peculiarities;—N.W., the "W" of "Gwalior" has no serifs and the "O" is thick; N.E., the word "Gwalior" is misplaced to the right; S.W., variety with long R in "Gwalior"; S.E. (except on the ¼a.), Hindi "R" misplaced. We have torn from each corner of several sheets corner strips of three showing these peculiarities, and when placed together they form an interesting miniature sheet.

NOTE.—These stamps are amongst the handsomest ever produced by Messrs. Waterlow & Sons, the colouring of the higher values being especially fine. We strongly recommend them to every collector who shows his albums to non-philatelic friends, as they are far more likely to be admired than the dingy issues of olden days and may bring recruits into the ranks of philately.

How to become a millionaire by investing in Current Colonial Stamps!

A close examination of our Purchasing Department's list show that it is most profitable to purchase Unused Colonial Stamps when they are current and to sell them when they have been obsolete for four years. We have averaged out the table and find that the complete set of stamps quoted therein (the abnormal varieties yielding 1000%, and over being omitted), if bought at face value when first issued, would have yielded an average 35% per annum (not compound). That is to say, a collector buying a complete series of current Colonial sets in 1901 may reasonably expect to sell them in 1905 for two and a half times what he paid. But supposing that he only gets just double and that he continues every fourth year to sell his collection at double what he paid and to buy another at or about face value, what result will he get?

It is a simple matter of arithmetic for us to ascertain that, if he started in 1901 with £100, he will sell his first collection for £200 in 1905, his second in 1909 for £400, third in 1913 for £800, fourth in 1917 for £1600, fifth in 1921 for £3200, sixth in 1925 for £6400, seventh in 1929 for £12,800, eighth in 1933 for £25,600, ninth in 1937 for £51,200, tenth in 1941 for £102,400, eleventh in 1945 for £204,800, twelfth in 1949 for £409,600, thirteenth in 1953 for £819,200 and somewhere about 1955 his fourteenth for £1,000,000.

Of course he will have to be a young man, if he starts with only £100, but he can save a good many years by making his initial outlay £1000 or £2000. Investors are however requested to note that we do *not* throw out applications under £2000.

It is of the utmost importance to buy only what will be readily saleable and consequently a necessity to buy in large variety. The collector who invests solely in a single issue or attempts a 'corner' almost invariably comes to grief.

COOK ISLANDS.

Surcharged a Crown in black (1901).

We are now able to make quotations for this stamp as follows:—

1d. brown, surcharged a Crown in black, mint with full gum, 15/-; block of 4, 60/-.

1d. brown, very fine but no gum, 8/6; block, 34/-; (the majority were issued without gum, owing to the stock having stuck together).

1d. brown, fine, postmarked Rarotonga, 8/6; block of four, 34/-.

1d. brown, errors, with surcharge inverted or sideways can be sent on approval to probable purchasers.

NOTE.—Only 2400 of the above were ever made, and the Crown overprint was chiefly applied to stock on hand at the smaller post offices which was in many cases in somewhat bad condition and generally without gum. The issue was made late in 1901 and was followed almost at once by the issue of the 1d. rose unsurcharged.

Varieties.—It is somewhat curious that at each corner of the sheet the stamps show peculiarities:—N.W., the "W" of "Gwalior" has no serifs and the "O" is thick; N.E., the word "Gwalior" is misplaced to the right; S.W., variety with long R in "Gwalior"; S.E. (except on the ¼a.), Hindi "R" misplaced. We have torn from each corner of several sheets corner strips of three showing these peculiarities, and when placed together they form an interesting miniature sheet.

NOTE.—These stamps are amongst the handsomest ever produced by Messrs. Waterlow & Sons, the colouring of the higher values being especially fine. We strongly recommend them to every collector who shows his albums to non-philatelic friends, as they are far more likely to be admired than the dingy issues of olden days and may bring recruits into the ranks of philately.

How to become a millionaire by investing in Current Colonial Stamps!

A close examination of our Purchasing Department's list show that it is most profitable to purchase Unused Colonial Stamps when they are current and to sell them when they have been obsolete for four years. We have averaged out the table and find that the complete set of stamps quoted therein (the abnormal varieties yielding 1000% and over being omitted), if bought at face value when first issued, would have yielded an average 35% per annum (not compound). That is to say, a collector buying a complete series of current Colonial sets in 1901 may reasonably expect to sell them in 1905 for two and a half times what he paid. But supposing that he only gets just double and that he continues every fourth year to sell his collection at double what he paid and to buy another at or about face value, what result will he get?

It is a simple matter of arithmetic for us to ascertain that, if he started in 1901 with £100, he will sell his first collection for £200 in 1905, his second in 1909 for £400, third in 1913 for £800, fourth in 1917 for £1600, fifth in 1921 for £3200, sixth in 1925 for £6400, seventh in 1929 for £12,800, eighth in 1933 for £25,600, ninth in 1937 for £51,200, tenth in 1941 for £102,400, eleventh in 1945 for £204,800, twelfth in 1949 for £409,600, thirteenth in 1953 for £819,200 and somewhere about 1955 his fourteenth for £1,000,000.

Of course he will have to be a young man, if he starts with only £100, but he can save a good many years by making his initial outlay £1000 or £2000. Investors are however requested to note that we do *not* throw out applications under £2000.

It is of the utmost importance to buy only what will be readily saleable and consequently a necessity to buy in large variety. The collector who invests solely in a single issue or attempts a 'corner' almost invariably comes to grief.

COOK ISLANDS.

Surcharged a Crown in black (1901).

We are now able to make quotations for this stamp as follows:—

1d. brown, surcharged a Crown in black, mint with full gum, 15/-; block of 4, 60/-.

1d. brown, very fine but no gum, 8/6; block, 34/-; (the majority were issued without gum, owing to the stock having stuck together).

1d. brown, fine, postmarked Rarotonga, 8/6; block of four, 34/-.

1d. brown, errors, with surcharge inverted or sideways can be sent on approval to probable purchasers.

NOTE.—Only 2400 of the above were ever made, and the Crown overprint was chiefly applied to stock on hand at the smaller post offices which was in many cases in somewhat bad condition and generally without gum. The issue was made late in 1901 and was followed almost at once by the issue of the 1d. rose unsurcharged.

MADAGASCAR.

BRITISH INLAND MAIL, 1st Issue, type-set, roul. Postmarked Antananarivo, March or April, 1895. 1d., 4d., 6d., 8d., 1/-, 2/-, 4/-, complete set of seven; the price of our few remaining sets of this interesting series is advanced to 7/6; blocks of four, 28/6.

Of the tête-bêche pairs, two sets alone are left in stock.

WANTED.

RAILWAY LETTER STAMPS.

The Editor is desirous of adding to his collection and is willing to invest £200 immediately, out of his profits from putting by "Current Unused Colonials." The following are a few prices he is paying.

Any Issues of 1891 to 1897.

Ballycastle, Belfast and County Down, Belfast and Northern Counties, Sligo, Leitrim and Northern Counties, 2/6 to £1 each. Used and unused, singles or blocks.

London, Chatham and Dover, 2/6 each or more offered.

London and South Western, 1/- to 10/- each offered.

Metropolitan, 4/- each offered for unused of any issues down to 1902.

UNUSED BRITISH COLONIAL STAMPS.

A GOLDEN RULE FOR STAMP INVESTORS, BUY IN COMPLETE SETS RATHER THAN ODDMENTS.

IN making an investment of Stamps, it is necessary above all not to buy too many of any one Stamp. If a large quantity of one kind are acquired, they will be difficult to realise, owing to the necessity of finding a large number of buyers. If on the other hand, a small quantity of a number of different stamps are put by, they can be realized without difficulty on even a small market. The best way to make money out of Colonial stamps at present is to consider oneself the advance agent of a future generation of Collectors, and to put by as many collections of current issues as can be obtained nearly complete. They must be complete, or nearly so, or you will perhaps miss just the stamps which have gone up in price most. It is safe to say that a collector five years hence would cheerfully pay £100 to have the opportunities that are free to everyone to-day.

Ewen's Colonial Stamp Market, Ltd., NORWOOD, LONDON, S.E.

Unused Foreign Stamps in Sets.

So many applications have been made to the Colonial Stamp Market, asking that the various continental and foreign sets of stamps might be quoted, that we have decided in future to establish a Foreign Department. Despite the extra risk and cost of importing (postage being 2½ times as much), we are offering the majority at the same cheap rate as those of the Colonial series.

PRICE LIST, NO. 129 MAY 30, 1903 [SUPPLEMENT TO "E.W.S.N." No. 192

OUR 1903 QUOTATIONS.

ON and after January 1st, 1903, our General Rate for Unused Current Colonial Stamps and New Issues will be 1/1 per 1/- face value (only 8⅓% commission). Special contracts with wholesale buyers can be entered into at from 5% to 7½%; particulars on application, and from time to time we shall make special offers of stamps at face value only. At these remarkably low rates there cannot be the slightest doubt that current unused Colonials are by far the safest and most remunerative investment a Stamp Collector can make. Please note that

WE GUARANTEE OUR RATES LOWER THAN THOSE OF ANY OTHER FIRM.

NOTE.—To obviate the necessity of frequent small remittances clients are recommended to open a current account with us, paying in periodically even sums of £1, £2, or so, as required. Balance will be returned at any time, on demand. Callers at 32 Palace Square can only be seen by appointment; we have no shop and cannot show stamps under any circumstances, as we do not allow our stock to be handled till sold. All stamps are *guaranteed* mint, well centred and unmounted.

Debenture Holders in Ewen's Colonial Stamp Market, Ltd. have special privileges; particulars on application.

Colonial Clients are requested to remit by means of unused sets and high values, and especially provisionals or quite new issues. Rupee = 1/4; American dollar = 4/-. Foreign bank notes accepted as follows:—French, 50fr. = 39/6; German, 20mk. = 19/6; U.S.A., $1 = 4/-.

Terms of Business.

CASH WITH ORDER; POSTAGE EXTRA.

All letters requiring an answer should be accompanied by a stamp for reply, and should be addressed to Ewen's Colonial Stamp Market Ltd., Norwood, London, S.E. Correspondence in English, French, German, Spanish, etc. If stamps are desired for payment on delivery permission should be obtained from the Managing Director.

DEPARTMENTS OF OUR BUSINESS.

All business is conducted by post. We have no shop. Separate staff in each Department.

I. Managing Director's Office, where correspondence is received and sorted. Importation Department; Stores Department.

II. Cashier's Office. Foreign bank-notes accepted as follows:—French, 50fr. = 39/6; German, 20 mk. = 19/6; U.S.A., $1 = 4/-. Colonial clients are requested to remit by means of complete unused sets and high values and especially provisionals or quite new issues. Rupee = 1/4; silver dollar, at rate of exchange.

III. Editorial Department. The Editor welcomes correspondence from readers, especially early information of new issues.

IV. Publishing Department. Publication of *E.W.S.N.*, Albums, Catalogues, etc. See back page of *E.W.S.N.*

V. Approval Department. Books of stamps sent on approval to select from. This stock does not include the stamps advertised in *E.W.S.N.* which cannot be sent on approval. See back page of *E.W.S.N.*

VI. Order Department. All orders for stamps advertised in *E.W.S.N.* executed promptly, if accompanied by cash or prepaid. Stamps not advertised are rarely in stock, as they are then handed to the Approval Department.

VII. New Issue Department. This Department obtains new stamps immediately they appear (including new shades, varieties, provisionals, etc.) and supplies them at once to clients who have given a general order for everything new. See full instructions below.

VIII. Booked Order Department. Clients who wish to ensure receiving anything directly we get it, can book the order. No money need be deposited as a notice of arrival will be sent. If however payment is not made within seven days the stamps will not be reserved any longer but will be returned to stock.

IX. Returns Department. Stamps sent out by our Order Department are not returnable, but will be exchanged if defective. Stamps sent out by our New Issue Department are also not returnable, unless specially marked "on approval," or charged above our usual rate of 1/1 per 1/-, or sent in error. Booked orders are not returnable unless charged at a higher rate than that at which they were booked.

X. Accounts Department. A small account is sent out with every invoice when clients have deposit accounts, thus enabling them to see how their balance stands after each transaction.

XI. Post Office Department. Correspondence is sealed and despatched by this Department and all changes of address should be at once notified to it.

N.B.—As far as possible communications for these departments should be kept distinct, and if possible written on separate sheets of paper, although enclosed in the same envelope. They can then be dealt with simultaneously instead of seriatim, thus avoiding delay.

Regular Weekly Service of New Issues

OUR New Issue Department receives a prompt supply of practically every new Colonial Stamp that is issued, including varieties of shade, perforation, paper, watermark, etc. (also many foreign new issues). About once a week (the day depends on the arrival of the mails) these are distributed amongst clients according to the requirements they have filed. Collectors wishing to take part in our weekly distribution (the promptest, cheapest and *most reliable* in the world) should open a deposit account. Send particulars as to what is required.

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

Arrivals, May 20th to May 27th.—Seychelles, Mauritius, Natal, New South Wales, Bermuda, Falkland Islands, China, Hong Kong, New Hebrides, Gibraltar, South Australia, Fiji Islands.

Consignments overdue.—San Marino, Victoria, Niue, Penrhyn Islands, New Zealand, Cyprus.

Varieties.—It is somewhat curious that at each corner of the sheet the stamps show peculiarities:—N.W., the "W" of "Gwalior" has no serifs and the "O" is thick; N.E., the word "Gwalior" is misplaced to the right; S.W., variety with long R in "Gwalior"; S.E. (except on the ¼a.). Hindi "R" misplaced. We have torn from each corner of several sheets corner strips of three showing these peculiarities, and when placed together they form an interesting miniature sheet.

NOTE.—These stamps are amongst the handsomest ever produced by Messrs. Waterlow & Sons, the colouring of the higher values being especially fine. We strongly recommend them to every collector who shows his albums to non-philatelic friends, as they are far more likely to be admired than the dingy issues of olden days and may bring recruits into the ranks of philately.

How to become a millionaire by investing in Current Colonial Stamps!

A close examination of our Purchasing Department's list show that it is most profitable to purchase Unused Colonial Stamps when they are current and to sell them when they have been obsolete for four years. We have averaged out the table and find that the complete set of stamps quoted therein (the abnormal varieties yielding 1000% and over being omitted), if bought at face value when first issued, would have yielded an average 35% per annum (not compound). That is to say, a collector buying a complete series of current Colonial sets in 1901 may reasonably expect to sell them in 1905 for two and a half times what he paid. But supposing that he only gets just double and that he continues every fourth year to sell his collection at double what he paid and to buy another at or about face value, what result will he get?

It is a simple matter of arithmetic for us to ascertain that, if he started in 1901 with £100, he will sell his first collection for £200 in 1905, his second in 1909 for £400, third in 1913 for £800, fourth in 1917 for £1600, fifth in 1921 for £3200, sixth in 1925 for £6400, seventh in 1929 for £12,800, eighth in 1933 for £25,600, ninth in 1937 for £51,200, tenth in 1941 for £102,400, eleventh in 1945 for £204,800, twelfth in 1949 for £409,600, thirteenth in 1953 for £819,200 and somewhere about 1955 his fourteenth for £1,000,000.

Of course he will have to be a young man, if he starts with only £100, but he can save a good many years by making his initial outlay £1000 or £2000. Investors are however requested to note that we do *not* throw out applications under £2000.

It is of the utmost importance to buy only what will be readily saleable and consequently a necessity to buy in large variety. The collector who invests solely in a single issue or attempts a 'corner' almost invariably comes to grief.

COOK ISLANDS.

Surcharged a Crown in black (1901).

We are now able to make quotations for this stamp as follows:—

1d. brown, surcharged a Crown in black, mint with full gum, 15/-; block of 4, 60/-.

1d. brown, very fine but no gum, 8/6; block, 34/-: (the majority were issued without gum, owing to the stock having stuck together).

1d. brown, fine, postmarked Rarotonga, 8/6; block of four, 34/-.

1d. brown, errors, with surcharge inverted or sideways can be sent on approval to probable purchasers.

NOTE.—Only 2400 of the above were ever made, and the Crown overprint was chiefly applied to stock on hand at the smaller post offices which was in many cases in somewhat bad condition and generally without gum. The issue was made late in 1901 and was followed almost at once by the issue of the 1d. rose unsurcharged.

London, Chatham and Dover, 2/6 each or more offered.

London and South Western, 1/- to 10/- each offered.

Metropolitan, 4/- each offered for unused of any issues down to 1902.

UNUSED BRITISH COLONIAL STAMPS.

A GOLDEN RULE FOR STAMP INVESTORS, BUY IN COMPLETE SETS RATHER THAN ODDMENTS.

IN making an investment of Stamps, it is necessary above all not to buy too many of any one Stamp. If a large quantity of one kind are acquired, they will be difficult to realise, owing to the necessity of finding a large number of buyers. If on the other hand, a small quantity of a number of different stamps are put by, they can be realized without difficulty on even a small market. The best way to make money out of Colonial stamps at present is to consider oneself the advance agent of a future generation of Collectors, and to put by as many collections of current issues as can be obtained nearly complete. They must be complete, or nearly so, or you will perhaps miss just the stamps which have gone up in price most. It is safe to say that a collector five years hence would cheerfully pay £100 to have the opportunities that are free to everyone to-day.

Ewen's Colonial Stamp Market, Ltd., NORWOOD, LONDON, S.E.

Unused Foreign Stamps in Sets.

So many applications have been made to the Colonial Stamp Market, asking that the various continental and foreign sets of stamps might be quoted, that we have decided in future to establish a Foreign Department. Despite the extra risk and cost of importing (postage being 2½ times as much), we are offering the majority at the same cheap rate as those of the Colonial series.

PRICE LIST, NO. 130. JUNE 6, 1903. [SUPPLEMENT TO "E.W.S.N." No. 193

OUR 1903 QUOTATIONS.

ON and after January 1st, 1903, our General Rate for Unused Current Colonial Stamps and New Issues will be 1/1 per 1/- face value (only 8½% commission). Special contracts with wholesale buyers can be entered into at from 5% to 7½%; particulars on application, and from time to time we shall make special offers of stamps at face value only. At these remarkably low rates there cannot be the slightest doubt that current unused Colonials are by far the safest and most remunerative investment a Stamp Collector can make. Please note that

WE GUARANTEE OUR RATES LOWER THAN THOSE OF ANY OTHER FIRM.

NOTE.—To obviate the necessity of frequent small remittances clients are recommended to open a current account with us, paying in periodically even sums of £1, £2, or so, as required. Balance will be returned at any time, on demand. Callers at 32 Palace Square can only be seen by appointment; we have no shop and cannot show stamps under any circumstances, as we do not allow our stock to be handled till sold. All stamps are *guaranteed* mint, well centred and unmounted.

Debenture Holders in Ewen's Colonial Stamp Market, Ltd. have special privileges; particulars on application.

Colonial Clients are requested to remit by means of unused sets and high values, and especially provisionals or quite new issues. Rupee = 1/4; American dollar = 4/-. Foreign bank notes accepted as follows:—French, 50fr. = 39/6; German, 20mk. = 19/6; U.S.A., $1 = 4/-.

Terms of Business.

CASH WITH ORDER; POSTAGE EXTRA.

All letters requiring an answer should be accompanied by a stamp for reply, and should be addressed to Ewen's Colonial Stamp Market Ltd., Norwood, London, S.E. Correspondence in English, French, German, Spanish, etc. If stamps are desired for payment on delivery permission should be obtained from the Managing Director.

DEPARTMENTS OF OUR BUSINESS.

All business is conducted by post. We have no shop. Separate staff in each Department.

I. Managing Director's Office, where correspondence is received and sorted. Importation Department; Stores Department.

II. Cashier's Office. Foreign bank-notes accepted as follows:—French, 50fr. = 39/6; German, 20 mk. = 19/6; U.S.A., $1 4/-. Colonial clients are requested to remit by means of complete unused sets and high values and especially provisionals or quite new issues. Rupee = 1/4; silver dollar, at rate of exchange.

III. Editorial Department. The Editor welcomes correspondence from readers, especially early information of new issues.

IV. Publishing Department. Publication of *E.W.S.N.*, Albums, Catalogues, etc. See back page of *E.W.S.N.*

V. Approval Department. Books of stamps sent on approval to select from. This stock does not include the stamps advertised in *E.W.S.N.* which cannot be sent on approval. See back page of *E.W.S.N.*

VI. Order Department. All orders for stamps advertised in *E.W.S.N.* executed promptly, if accompanied by cash or prepaid. Stamps not advertised are rarely in stock, as they are then handed to the Approval Department.

VII. New Issue Department. This Department obtains new stamps immediately they appear (including new shades, varieties, provisionals, etc.) and supplies them at once to clients who have given a general order for everything new. See full instructions below.

VIII. Booked Order Department. Clients who wish to ensure receiving anything directly we get it, can book the order. No money need be deposited as a notice of arrival will be sent. If however payment is not made within seven days the stamps will not be reserved any longer but will be returned to stock.

IX. Returns Department. Stamps sent out by our Order Department are not returnable, but will be exchanged if defective. Stamps sent out by our New Issue Department are also not returnable, unless specially marked "on approval," or charged above our usual rate of 1/1 per 1/-, or sent in error. Booked orders are not returnable unless charged at a higher rate than that at which they were booked.

X. Accounts Department. A small account is sent out with every invoice when clients have deposit accounts, thus enabling them to see how their balance stands after each transaction.

XI. Post Office Department. Correspondence is sealed and despatched by this Department and all changes of address should be at once notified to it.

N.B.—As far as possible communications for these departments should be kept distinct, and if possible written on separate sheets of paper, although enclosed in the same envelope. They can then be dealt with simultaneously instead of seriatim, thus avoiding delay.

Regular Weekly Service of New Issues

OUR New Issue Department receives a prompt supply of practically every new Colonial Stamp that is issued, including varieties of shade, perforation, paper, watermark, etc. (also many foreign new issues). About once a week (the day depends on the arrival of the mails) these are distributed amongst clients according to the requirements they have filed. Collectors wishing to take part in our weekly distribution (the promptest, cheapest and *most reliable* in the world) should open a deposit account. Send particulars as to what is required.

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

Varieties.—It is somewhat curious that at each corner of the sheet the stamps show peculiarities:—N.W., the "W" of "Gwalior" has no serifs and the "O" is thick; N.E., the word "Gwalior" is misplaced to the right; S.W., variety with long R in "Gwalior"; S.E. (except on the ¼a.), Hindi "R" misplaced. We have torn from each corner of several sheets corner strips of three showing these peculiarities, and when placed together they form an interesting miniature sheet.

NOTE.—These stamps are amongst the handsomest ever produced by Messrs. Waterlow & Sons, the colouring of the higher values being especially fine. We strongly recommend them to every collector who shows his albums to non-philatelic friends, as they are far more likely to be admired than the dingy issues of olden days and may bring recruits into the ranks of philately.

How to become a millionaire by investing in Current Colonial Stamps!

A close examination of our Purchasing Department's list show that it is most profitable to purchase Unused Colonial Stamps when they are current and to sell them when they have been obsolete for four years. We have averaged out the table and find that the complete set of stamps quoted therein (the abnormal varieties yielding 1000% and over being omitted), if bought at face value when first issued, would have yielded an average 35% per annum (not compound). That is to say, a collector buying a complete series of current Colonial sets in 1901 may reasonably expect to sell them in 1905 for two and a half times what he paid. But supposing that he only gets just double and that he continues every fourth year to sell his collection at double what he paid and to buy another at or about face value, what result will he get?

It is a simple matter of arithmetic for us to ascertain that, if he started in 1901 with £100, he will sell his first collection for £200 in 1905, his second in 1909 for £400, third in 1913 for £800, fourth in 1917 for £1600, fifth in 1921 for £3200, sixth in 1925 for £6400, seventh in 1929 for £12,800, eighth in 1933 for £25,600, ninth in 1937 for £51,200, tenth in 1941 for £102,400, eleventh in 1945 for £204,800, twelfth in 1949 for £409,600, thirteenth in 1953 for £819,200 and somewhere about 1955 his fourteenth for £1,000,000.

Of course he will have to be a young man, if he starts with only £100, but he can save a good many years by making his initial outlay £1000 or £2000. Investors are however requested to note that we do *not* throw out applications under £2000.

It is of the utmost importance to buy only what will be readily saleable and consequently a necessity to buy in large variety. The collector who invests solely in a single issue or attempts a 'corner' almost invariably comes to grief.

COOK ISLANDS.

Surcharged a Crown in black (1901).

We are now able to make quotations for this stamp as follows:—

1d. brown, surcharged a Crown in black, mint with full gum, 15/-; block of 4, 60/-.

1d. brown, very fine but no gum, 8/6; block, 34/-; (the majority were issued without gum, owing to the stock having stuck together).

1d. brown, fine, postmarked Rarotonga, 8/6; block of four, 34/-.

1d. brown, errors, with surcharge inverted or sideways can be sent on approval to probable purchasers.

NOTE.—Only 2400 of the above were ever made, and the Crown overprint was chiefly applied to stock on hand at the smaller post offices which was in many cases in somewhat bad condition and generally without gum. The issue was made late in 1901 and was followed almost at once by the issue of the 1d. rose unsurcharged.

UNUSED BRITISH COLONIAL STAMPS.

A GOLDEN RULE FOR STAMP INVESTORS, BUY IN COMPLETE SETS RATHER THAN ODDMENTS.

IN making an investment of Stamps, it is necessary above all not to buy too many of any one Stamp. If a large quantity of one kind are acquired, they will be difficult to realise, owing to the necessity of finding a large number of buyers. If on the other hand, a small quantity of a number of different stamps are put by, they can be realized without difficulty on even a small market. The best way to make money out of Colonial stamps at present is to consider oneself the advance agent of a future generation of Collectors, and to put by as many collections of current issues as can be obtained nearly complete. They must be complete, or nearly so, or you will perhaps miss just the stamps which have gone up in price most. It is safe to say that a collector five years hence would cheerfully pay £100 to have the opportunities that are free to everyone to-day.

Ewen's Colonial Stamp Market, Ltd., NORWOOD, LONDON, S.E.

Unused Foreign Stamps in Sets.

So many applications have been made to the Colonial Stamp Market, asking that the various continental and foreign sets of stamps might be quoted, that we have decided in future to establish a Foreign Department. Despite the extra risk and cost of importing (postage being 2½ times as much), we are offering the majority at the same cheap rate as those of the Colonial series.

PRICE LIST, NO. 131. JUNE 13, 1903 [SUPPLEMENT TO "E.W.S.N." No. 194

OUR 1903 QUOTATIONS.

ON and after January 1st, 1903, our General Rate for Unused Current Colonial Stamps and New Issues will be 1/1 per 1/- face value (only 8½% commission). Special contracts with wholesale buyers can be entered into at from 5% to 7½%; particulars on application, and from time to time we shall make special offers of stamps at face value only. At these remarkably low rates there cannot be the slightest doubt that current unused Colonials are by far the safest and most remunerative investment a Stamp Collector can make. Please note that

WE GUARANTEE OUR RATES LOWER THAN THOSE OF ANY OTHER FIRM.

NOTE.—To obviate the necessity of frequent small remittances clients are recommended to open a current account with us, paying in periodically even sums of £1, £2, or so, as required. Balance will be returned at any time, on demand. Callers at 32 Palace Square can only be seen by appointment; we have no shop and cannot show stamps under any circumstances, as we do not allow our stock to be handled till sold. All stamps are *guaranteed* mint, well centred and unmounted.

Debenture Holders in Ewen's Colonial Stamp Market, Ltd. have special privileges; particulars on application.

Colonial Clients are requested to remit by means of unused sets and high values, and especially provisionals or quite new issues. Rupee = 1/4; American dollar = 4/-. Foreign bank notes accepted as follows:—French, 50fr. = 39/6; German, 20mk. = 19/6; U.S.A., $1 = 4/-.

Terms of Business.

CASH WITH ORDER; POSTAGE EXTRA.

All letters requiring an answer should be accompanied by a stamp for reply, and should be addressed to Ewen's Colonial Stamp Market Ltd., Norwood, London, S.E. Correspondence in English, French, German, Spanish, etc. If stamps are desired for payment on delivery permission should be obtained from the Managing Director.

DEPARTMENTS OF OUR BUSINESS.

All business is conducted by post. We have no shop. Separate staff in each Department.

I. Managing Director's Office, where correspondence is received and sorted. Importation Department; Stores Department.

II. Cashier's Office. Foreign bank-notes accepted as follows:—French, 50fr. = 39/6; German, 20 mk. = 19/6; U.S.A., $1 = 4/-. Colonial clients are requested to remit by means of complete unused sets and high values and especially provisionals or quite new issues. Rupee = 1/4; silver dollar, at rate of exchange.

III. Editorial Department. The Editor welcomes correspondence from readers, especially early information of new issues.

IV. Publishing Department. Publication of *E.W.S.N.*, Albums, Catalogues, etc. See back page of *E.W.S.N.*

V. Approval Department. Books of stamps sent on approval to select from. This stock does not include the stamps advertised in *E.W.S.N.* which cannot be sent on approval. See back page of *E.W.S.N.*

VI. Order Department. All orders for stamps advertised in *E.W.S.N.* executed promptly, if accompanied by cash or prepaid. Stamps not advertised are rarely in stock, as they are then handed to the Approval Department.

VII. New Issue Department. This Department obtains new stamps immediately they appear (including new shades, varieties, provisionals, etc.) and supplies them at once to clients who have given a general order for everything new. See full instructions below.

VIII. Booked Order Department. Clients who wish to ensure receiving anything directly we get it, can book the order. No money need be deposited as a notice of arrival will be sent. If however payment is not made within seven days the stamps will not be reserved any longer but will be returned to stock.

IX. Returns Department. Stamps sent out by our Order Department are not returnable, but will be exchanged if defective. Stamps sent out by our New Issue Department are also not returnable, unless specially marked "on approval," or charged above our usual rate of 1/1 per 1/-, or sent in error. Booked orders are not returnable unless charged at a higher rate than that at which they were booked.

X. Accounts Department. A small account is sent out with every invoice when clients have deposit accounts, thus enabling them to see how their balance stands after each transaction.

XI. Post Office Department. Correspondence is sealed and despatched by this Department and all changes of address should be at once notified to it.

N.B.—As far as possible communications for these departments should be kept distinct, and if possible written on separate sheets of paper, although enclosed in the same envelope. They can then be dealt with simultaneously instead of seriatim, thus avoiding delay.

Regular Weekly Service of New Issues

OUR New Issue Department receives a prompt supply of practically every new Colonial Stamp that is issued, including varieties of shade, perforation, paper, watermark, etc. (also many foreign new issues). About once a week (the day depends on the arrival of the mails) these are distributed amongst clients according to the requirements they have filed. Collectors wishing to take part in our weekly distribution (the promptest, cheapest and *most reliable* in the world) should open a deposit account. Send particulars as to what is required.

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

GWALIOR STATE (King).

½ anna, block, 2½d.; dozen, 7d.; per 100, 4/7.
¼, ½, 1 anna, per set, 2d.; blocks, 8d.; per 12 sets, 1/11.

Varieties.—It is somewhat curious that at each corner of the sheet the stamps show peculiarities:—N.W., the "W" of "Gwalior" has no serifs and the "O" is thick; N.E., the word "Gwalior" is misplaced to the right; S.W., variety with long R in "Gwalior"; S.E. (except on the ¼a.), Hindi "R" misplaced. We have torn from each corner of several sheets corner strips of three showing these peculiarities, and when placed together they form an interesting miniature sheet.

¼ anna, set of 4 strips, 2/-.
½ " " " 3/-. (Few left).

NOTE.—These stamps are amongst the handsomest ever produced by Messrs. Waterlow & Sons, the colouring of the higher values being especially fine. We strongly recommend them to every collector who shows his albums to non-philatelic friends, as they are far more likely to be admired than the dingy issues of olden days and may bring recruits into the ranks of philately.

How to become a millionaire by investing in Current Colonial Stamps!

A close examination of our Purchasing Department's list show that it is most profitable to purchase Unused Colonial Stamps when they are current and to sell them when they have been obsolete for four years. We have averaged out the table and find that the complete set of stamps quoted therein (the abnormal varieties yielding 1000% and over being omitted), if bought at face value when first issued, would have yielded an average 35% per annum (not compound). That is to say, a collector buying a complete series of current Colonial sets in 1901 may reasonably expect to sell them in 1905 for two and a half times what he paid. But supposing that he only gets just double and that he continues every fourth year to sell his collection at double what he paid and to buy another at or about face value, what result will he get?

It is a simple matter of arithmetic for us to ascertain that, if he started in 1901 with £100, he will sell his first collection for £200 in 1905, his second in 1909 for £400, third in 1913 for £800, fourth in 1917 for £1600, fifth in 1921 for £3200, sixth in 1925 for £6400, seventh in 1929 for £12,800, eighth in 1933 for £25,600, ninth in 1937 for £51,200, tenth in 1941 for £102,400, eleventh in 1945 for £204,800, twelfth in 1949 for £409,600, thirteenth in 1953 for £819,200 and somewhere about 1955 his fourteenth for £1,000,000.

Of course he will have to be a young man, if he starts with only £100, but he can save a good many years by making his initial outlay £1000 or £2000. Investors are however requested to note that we do *not* throw out applications under £2000.

It is of the utmost importance to buy only what will be readily saleable and consequently a necessity to buy in large variety. The collector who invests solely in a single issue or attempts a 'corner' almost invariably comes to grief.
