Regular Weekly Service of New Issues

OUR New Issue Department receives a prompt supply of practically every new Colonial Stamp that is issued, including varieties of shade, perforation, paper, watermark, etc. (also many foreign new issues). About once a week (the day depends on the arrival of the mails) these are distributed amongst clients according to the requirements they have filed. Collectors wishing to take part in our weekly distribution (the promptest, cheapest and *most reliable* in the world) should open a deposit account. Send particulars as to what is required.

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

STANLEY GIBBONS' NEW CATALOGUE OF COLONIALS,

Ewen's Colonial Stamp Market, Ltd., NORWOOD, LONDON, S.E.

Unused Foreign Stamps in Sets.

So many applications have been made to the Colonial Stamp Market, asking that the various continental and foreign sets of stamps might be quoted, that we have decided in future to establish a Foreign Department. Despite the extra risk and cost of importing (postage being 2½ times as much), we are offering the majority at the same cheap rate as those of the Colonial series.

What to Collect.

NOW-A-DAYS, when Stamps have a considerable value, and no collection can be formed under a cost of some £50 with any pretentions to representativeness, no Collector can afford to disregard the financial aspect of stamp collecting. Perhaps the bulk of Collectors do not collect for the sake of profit, but at the same time, they do not want to lose any capital they may invest. On the other hand, when even Consols fall 25% in three or four years, how can anyone expect stamp prices to remain stable? The special feature of our Christmas Number this year is an attempt to show how the Collector may safely invest in stamps. It may perhaps be appropriate here, on our front page, to summarize the results.

1.—**"New Issues."** By far, the safest stamps, in fact, really the only safe stamps, are current unused Colonials, so long as they are bought in easily-realizable quantities. It is very rare indeed that a Colonial stamp is not worth face value, and the Colonial Stamp Market rarely if ever has to refuse to re-purchase any at face value which have previously been bought from it. In addition, to this, statistics show that stamps have an average life of four years and when obsolete, increase in value until ten years afterwards they are on an average quoted five times face value. A twentieth century collection is an excellent idea in every way, but it must of necessity be a general collection.

2.—**"Old Issues." (General Collections).** Perhaps the form of collection which most responds to the collecting instinct is the general collection shorn of specialist varieties. So far as the "upper ten" of Philately is concerned, however, it is out of fashion, although it still holds sway amongst the juniors. Filling up spaces in an album without stopping to study this or that stamp is the purest form of collecting and gives great pleasure, but is not satisfying. After the first novelty has worn off and difficulty in filling the spaces begins to increase, interest drops, and soon the collection is on the way to the auction room. This is a pity, as the collection would be an excellent basis or framework on which to make small specialized collections, picking out here and there single stamps to study. Besides, such a general collection, unless kept at least ten years, almost invariably sells at considerable loss.

3.—**"Old Issues." (Specialized Collections).** Specialized collections rarely sell at a profit, unless they are fairly complete, and Collectors seldom reach that stage because they attempt too much. Specialize a single stamp or issue and persevere off and on for four or five years and there is every prospect that the collection will be saleable at a profit, especially if one chooses an issue which is rarely priced in the catalogues (such as Australians before 1880, unused). The more difficulty in forming the collection, the greater the profit; perseverance and work mean money in stamp collecting as in other things.

4.—**Pioneer Collections** should only be undertaken by those who thoroughly understand stamp collecting, have unlimited courage, energy and perseverance, and can afford to wait till an appreciative purchaser puts in an appearance. The profits are usually not less than £200 or £300 for every £100 invested, but such collections always carry with them a great risk (a forced sale invariably means heavy loss) and one may have to spend considerable sums in writing books, etc., to make one's speciality known. Still, we firmly believe Pioneer Collectors get the most pleasure and in nine cases out of ten, ultimately the most profit. It is now too late to make pioneer collections of almost all British Colonial stamps, but there are many other stamp-fields to explore.

✻ REMEMBER ✻

Current unused Colonials for greatest safety.

Pioneer Collections for greatest profit.

General Collections for greatest pleasure, but with a certainty of loss (more or less).

Specialized Collections (only when the best of their kind—more or less) for a fair average of all these qualities.

☛ THE ABOVE IS OUR ADVICE TO STAMP-COLLECTORS.

Ewen's Colonial Stamp Market, Ltd.,

Unused Foreign Stamps in Sets.

So many applications have been made to the Colonial Stamp Market, asking that the various continental and foreign sets of stamps might be quoted, that we have decided in future to establish a Foreign Department. Despite the extra risk and cost of importing (postage being 2½ times as much), we are offering the majority at the same cheap rate as those of the Colonial series.

HAT TO OLLECT.

NOW-A-DAYS, when Stamps have a considerable value, and no collection can be formed under a cost of some £50 with any pretentions to representativeness, no Collector can afford to disregard the financial aspect of stamp collecting. Perhaps the bulk of Collectors do not collect for the sake of profit, but at the same time, they do not want to lose any capital they may invest. On the other hand, when even Consols fall 25% in three or four years, how can anyone expect stamp prices to remain stable? The special feature of our Christmas Number this year is an attempt to show how the Collector may safely invest in stamps. It may perhaps be appropriate here, on our front page, to summarize the results.

1.—**"New Issues."** By far, the safest stamps, in fact, really the only safe stamps, are current unused Colonials, so long as they are bought in easily-realizable quantities. It is very rare indeed that a Colonial stamp is not worth face value, and the Colonial Stamp Market rarely if ever has to refuse to re-purchase any at face value which have previously been bought from it. In addition, to this, statistics show that stamps have an average life of four years and when obsolete, increase in value until ten years afterwards they are on an average quoted five times face value. A twentieth century collection is an excellent idea in every way, but it must of necessity be a general collection.

2.—**"Old Issues." (General Collections).** Perhaps the form of collection which most responds to the collecting instinct is the general collection shorn of specialist varieties. So far as the "upper ten" of Philately is concerned, however, it is out of fashion, although it still holds sway amongst the juniors. Filling up spaces in an album without stopping to study this or that stamp is the purest form of collecting and gives great pleasure, but is not satisfying. After the first novelty has worn off and difficulty in filling the spaces begins to increase, interest drops, and soon the collection is on the way to the auction room. This is a pity, as the collection would be an excellent basis or framework on which to make small specialized collections, picking out here and there single stamps to study. Besides, such a general collection, unless kept at least ten years, almost invariably sells at considerable loss.

3.—**"Old Issues." (Specialized Collections).** Specialized collections rarely sell at a profit, unless they are fairly complete, and Collectors seldom reach that stage because they attempt too much. Specialize a single stamp or issue and persevere off and on for four or five years and there is every prospect that the collection will be saleable at a profit, especially if one chooses an issue which is rarely priced in the catalogues (such as Australians before 1880, unused). The more difficulty in forming the collection, the greater the profit; perseverance and work mean money in stamp collecting as in other things.

4.—**Pioneer Collections** should only be undertaken by those who thoroughly understand stamp collecting, have unlimited courage, energy and perseverance, and can afford to wait till an appreciative purchaser puts in an appearance. The profits are usually not less than £200 or £300 for every £100 invested, but such collections always carry with them a great risk (a forced sale invariably means heavy loss) and one may have to spend considerable sums in writing books, etc., to make one's speciality known. Still, we firmly believe Pioneer Collectors get the most pleasure and in nine cases out of ten, ultimately the most profit. It is now too late to make pioneer collections of almost all British Colonial stamps, but there are many other stamp-fields to explore.

✻ REMEMBER ✻

Current unused Colonials for greatest safety.

Pioneer Collections for greatest profit.

General Collections for greatest pleasure, but with a certainty of loss (more or less).

Specialized Collections (only when the best of their kind—more or less) for a fair average of all these qualities.

Regular Weekly Service of New Issues

OUR New Issue Department receives a prompt supply of practically every new Colonial Stamp that is issued, including varieties of shade, perforation, paper, watermark, etc. (also many foreign new issues). About once a week (the day depends on the arrival of the mails) these are distributed amongst clients according to the requirements they have filed. Collectors wishing to take part in our weekly distribution (the promptest, cheapest and *most reliable* in the world) should open a deposit account. Send particulars as to what is required.

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

The King's Head set is expected early this year and clients wishing to purchase the Queen's Head set are strongly urged not to delay. We do not expect to receive any further supplies of the Queen's Heads, and when our present supply is gone, we hope we shall not find that clients disregarded our warning, as many did in the case of the Queen's Head Northern Nigeria (of which we had a large stock up to within a few weeks of their being suddenly withdrawn).

UNUSED BRITISH COLONIAL STAMPS.

A GOLDEN RULE FOR STAMP INVESTORS, BUY IN COMPLETE SETS RATHER THAN ODDMENTS.

IN making an investment of Stamps, it is necessary above all not to buy too many of any one Stamp. If a large quantity of one kind are acquired, they will be difficult to realise, owing to the necessity of finding a large number of buyers. If on the other hand, a small quantity of a number of different stamps are put by, they can be realized without difficulty on even a small market. The best way to make money out of Colonial stamps at present is to consider oneself the advance agent of a future generation of Collectors, and to put by as many collections of current issues as can be obtained nearly complete. They must be complete, or nearly so, or you will perhaps miss just the stamps which have gone up in price most. It is safe to say that a collector five years hence would cheerfully pay £100 to have the opportunities that are free to everyone to-day.

Ewen's Colonial Stamp Market, Ltd., NORWOOD, LONDON, S.E.

Unused Foreign Stamps in Sets.

So many applications have been made to the Colonial Stamp Market, asking that the various continental and foreign sets of stamps might be quoted, that we have decided in future to establish a Foreign Department. Despite the extra risk and cost of importing (postage being 2½ times as much), we are offering the majority at the same cheap rate as those of the Colonial series.

Booked orders are not returnable unless charged at a higher rate than that at which they were booked.

To obviate the necessity of frequent small remittances clients are recommended to open a current account with us, paying in periodically even sums of £1, £2, or so, as required. Balance will be returned at any time, on demand. A small account is sent out with every invoice when clients have deposit accounts, thus enabling them to see how their balance stands after each transaction.

XII. Commission Department. We are willing to sell stamps on behalf of clients, at a small commission.

Regular Weekly Service of New Issues

OUR New Issue Department receives a prompt supply of practically every new Colonial Stamp that is issued, including varieties of shade, perforation, paper, watermark, etc. (also many foreign new issues). About once a week (the day depends on the arrival of the mails) these are distributed amongst clients according to the requirements they have filed. Collectors wishing to take part in our weekly distribution (the promptest, cheapest and *most reliable* in the world) should open a deposit account. Send particulars as to what is required.

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

UNUSED BRITISH COLONIAL STAMPS.

A GOLDEN RULE FOR STAMP INVESTORS, BUY IN COMPLETE SETS RATHER THAN ODDMENTS.

IN making an investment of Stamps, it is necessary above all not to buy too many of any one Stamp. If a large quantity of one kind are acquired, they will be difficult to realise, owing to the necessity of finding a large number of buyers. If on the other hand, a small quantity of a number of different stamps are put by, they can be realized without difficulty on even a small market. The best way to make money out of Colonial stamps at present is to consider oneself the advance agent of a future generation of Collectors, and to put by as many collections of current issues as can be obtained nearly complete. They must be complete, or nearly so, or you will perhaps miss just the stamps which have gone up in price most. It is safe to say that a collector five years hence would cheerfully pay £100 to have the opportunities that are free to everyone to-day.

Ewen's Colonial Stamp Market, Ltd., NORWOOD, LONDON, S.E.

Unused Foreign Stamps in Sets.

So many applications have been made to the Colonial Stamp Market, asking that the various continental and foreign sets of stamps might be quoted, that we have decided in future to establish a Foreign Department. Despite the extra risk and cost of importing (postage being 2½ times as much), we are offering the majority at the same cheap rate as those of the Colonial series.

VI. Order Department. All orders for stamps advertised in *E.W.S.N.* executed promptly, if accompanied by cash or prepaid.

VII. New Issue Department. This Department obtains new stamps immediately they appear (including new shades, varieties, provisionals, etc.) and supplies them at once to clients who have given a general order for everything new. See full instructions below.

VIII. Booked Order Department. Clients who wish to ensure receiving anything directly we get it, can book the order. No money need be deposited as a notice of arrival will be sent. If however payment is not made within seven days the stamps will not be reserved any longer but will be returned to stock.

IX. Returns Department. Stamps sent out by our Order Department are not returnable, but will be exchanged if defective. Booked orders are not returnable unless charged at a higher rate than that at which they were booked.

X. Accounts Department. To obviate the necessity of frequent small remittances clients are recommended to open a current account with us, paying in periodically even sums of £1, £2, or so, as required. Balance will be returned at any time, on demand. A small account is sent out with every invoice when clients have deposit accounts, thus enabling them to see how their balance stands after each transaction.

XII. Commission Department. We are willing to sell stamps on behalf of clients, at a small commission.

Regular Weekly Service of New Issues

OUR New Issue Department receives a prompt supply of practically every new Colonial Stamp that is issued, including varieties of shade, perforation, paper, watermark, etc. (also many foreign new issues). About once a week (the day depends on the arrival of the mails) these are distributed amongst clients according to the requirements they have filed. Collectors wishing to take part in our weekly distribution (the promptest, cheapest and *most reliable* in the world) should open a deposit account. Send particulars as to what is required.

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

FALKLAND ISLANDS.

The King's Head set is expected early this year and clients wishing to purchase the Queen's Head set are strongly urged not to delay. We do not expect to receive any further supplies of the Queen's Heads, and when our present supply is gone, we hope we shall not find that clients disregarded our warning, as many did in the case of the Queen's Head Northern Nigeria (of which we had a large stock up to within a few weeks of their being suddenly withdrawn).

UNUSED BRITISH COLONIAL STAMPS.

A GOLDEN RULE FOR STAMP INVESTORS, BUY IN COMPLETE SETS RATHER THAN ODDMENTS.

IN making an investment of Stamps, it is necessary above all not to buy too many of any one Stamp. If a large quantity of one kind are acquired, they will be difficult to realise, owing to the necessity of finding a large number of buyers. If on the other hand, a small quantity of a number of different stamps are put by, they can be realized without difficulty on even a small market. The best way to make money out of Colonial stamps at present is to consider oneself the advance agent of a future generation of Collectors, and to put by as many collections of current issues as can be obtained nearly complete. They must be complete, or nearly so, or you will perhaps miss just the stamps which have gone up in price most. It is safe to say that a collector five years hence would cheerfully pay £100 to have the opportunities that are free to everyone to-day.

Ewen's Colonial Stamp Market, Ltd., NORWOOD, LONDON, S.E.

Unused Foreign Stamps in Sets.

So many applications have been made to the Colonial Stamp Market, asking that the various continental and foreign sets of stamps might be quoted, that we have decided in future to establish a Foreign Department. Despite the extra risk and cost of importing (postage being 2½ times as much), we are offering the majority at the same cheap rate as those of the Colonial series.

Booked orders are not returnable unless charged at a higher rate than that at which they were booked.

X. Accounts Department. To obviate the necessity of frequent small remittances clients are recommended to open a current account with us, paying in periodically even sums of £1, £2, or so, as required. Balance will be returned at any time, on demand. A small account is sent out with every invoice when clients have deposit accounts, thus enabling them to see how their balance stands after each transaction.

XI. Post Office Department. Correspondence is sealed and despatched by this Department and all changes of address should be at once notified to it.

XII. Commission Department. We are willing to sell stamps on behalf of clients, at a small commission.

Regular Weekly Service of New Issues

OUR New Issue Department receives a prompt supply of practically every new Colonial Stamp that is issued, including varieties of shade, perforation, paper, watermark, etc. (also many foreign new issues). About once a week (the day depends on the arrival of the mails) these are distributed amongst clients according to the requirements they have filed. Collectors wishing to take part in our weekly distribution (the promptest, cheapest and *most reliable* in the world) should open a deposit account. Send particulars as to what is required.

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

UNUSED BRITISH COLONIAL STAMPS.

A GOLDEN RULE FOR STAMP INVESTORS, BUY IN COMPLETE SETS RATHER THAN ODDMENTS.

IN making an investment of Stamps, it is necessary above all not to buy too many of any one Stamp. If a large quantity of one kind are acquired, they will be difficult to realise, owing to the necessity of finding a large number of buyers. If on the other hand, a small quantity of a number of different stamps are put by, they can be realized without difficulty on even a small market. The best way to make money out of Colonial stamps at present is to consider oneself the advance agent of a future generation of Collectors, and to put by as many collections of current issues as can be obtained nearly complete. They must be complete, or nearly so, or you will perhaps miss just the stamps which have gone up in price most. It is safe to say that a collector five years hence would cheerfully pay £100 to have the opportunities that are free to everyone to-day.

Ewen's Colonial Stamp Market, Ltd., NORWOOD, LONDON, S.E.

Unused Foreign Stamps in Sets.

So many applications have been made to the Colonial Stamp Market, asking that the various continental and foreign sets of stamps might be quoted, that we have decided in future to establish a Foreign Department. Despite the extra risk and cost of importing (postage being 2½ times as much), we are offering the majority at the same cheap rate as those of the Colonial series.

II. Cashier's Office. Foreign bank-notes accepted as follows:—French, 50fr. = 39/6; German, 20 mk. = 19/6; U.S.A., $1 = 4/-. Rupee = 1/4; silver dollar, at rate of exchange.

III. Editorial Department. The Editor welcomes correspondence from readers, especially early information of new issues.

IV. Publishing Department. Publication of *E.W.S.N.*, Albums, Catalogues, etc. See back page of *E.W.S.N.*

V. Approval Department. Books of stamps sent on approval to select from. This stock does not include the stamps advertised in *E.W.S.N.* which cannot be sent on approval. See back page of *E.W.S.N.*

VI. Order Department. All orders for stamps advertised in *E.W.S.N.* executed promptly, if accompanied by cash or prepaid.

VII. New Issue Department. This Department obtains new stamps immediately they appear (including new shades, varieties, provisionals, etc.) and supplies them at once to clients who have given a general order for everything new. See full instructions below.

VIII. Booked Order Department. Clients who wish to ensure receiving anything directly we get it, can book the order. No money need be deposited as a notice of arrival will be sent. If however payment is not made within seven days the stamps will not be reserved any longer but will be returned to stock.

IX. Returns Department. Stamps sent out by our Order Department are not returnable, but will be exchanged if defective. Stamps sent out by our New Issue Department are also not returnable, unless specially marked "on approval," or charged above our usual rate of 1/1 per 1/-, or sent in error. Booked orders are not returnable unless charged at a higher rate than that at which they were booked.

X. Accounts Department. To obviate the necessity of frequent small remittances clients are recommended to open a current account with us, paying in periodically even sums of £1, £2, or so, as required. Balance will be returned at any time, on demand. A small account is sent out with every invoice when clients have deposit accounts, thus enabling them to see how their balance stands after each transaction.

XI. Post Office Department. Correspondence is sealed and despatched by this Department and all changes of address should be at once notified to it.

XII. Commission Department. We are willing to sell stamps on behalf of clients, at a small commission.

*The so-called errors are due to small pieces of irregular gauge occurring in two parts of an otherwise irregular perf. 14 machine. The irregularities gauge 12 to 12¾ in one spot and 13½ in another; we have:

4c. (each variety 6d.), perf. 12½, 12½×14, 13×12½.
50c. (., 2'-), perf. 12½, 12½×14, 14×12½, 14×13½, 12×13½.

The latter variations, although interesting, are hardly essential to the completeness of a collection. We are open to purchase varieties not quoted in the above table.

Regular Weekly Service of New Issues

OUR New Issue Department receives a prompt supply of practically every new Colonial Stamp that is issued, including varieties of shade, perforation, paper, watermark, etc. (also many foreign new issues). About once a week (the day depends on the arrival of the mails) these are distributed amongst clients according to the requirements they have filed. Collectors wishing to take part in our weekly distribution (the promptest, cheapest and *most reliable* in the world) should open a deposit account. Send particulars as to what is required.

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

UNUSED BRITISH COLONIAL STAMPS.

A GOLDEN RULE FOR STAMP INVESTORS, BUY IN COMPLETE SETS RATHER THAN ODDMENTS.

IN making an investment of Stamps, it is necessary above all not to buy too many of any one Stamp. If a large quantity of one kind are acquired, they will be difficult to realise, owing to the necessity of finding a large number of buyers. If on the other hand, a small quantity of a number of different stamps are put by, they can be realized without difficulty on even a small market. The best way to make money out of Colonial stamps at present is to consider oneself the advance agent of a future generation of Collectors, and to put by as many collections of current issues as can be obtained nearly complete. They must be complete, or nearly so, or you will perhaps miss just the stamps which have gone up in price most. It is safe to say that a collector five years hence would cheerfully pay £100 to have the opportunities that are free to everyone to-day.

Ewen's Colonial Stamp Market, Ltd., NORWOOD, LONDON, S.E.

Unused Foreign Stamps in Sets.

So many applications have been made to the Colonial Stamp Market, asking that the various continental and foreign sets of stamps might be quoted, that we have decided in future to establish a Foreign Department. Despite the extra risk and cost of importing (postage being 2½ times as much), we are offering the majority at the same cheap rate as those of the Colonial series.

VI. Order Department. All orders for stamps advertised in *E.W.S.N.* executed promptly, if accompanied by cash or prepaid.

VII. New Issue Department. This Department obtains new stamps immediately they appear (including new shades, varieties, provisionals, etc.) and supplies them at once to clients who have given a general order for everything new. See full instructions below.

VIII. Booked Order Department. Clients who wish to ensure receiving anything directly we get it, can book the order. No money need be deposited as a notice of arrival will be sent. If however payment is not made within seven days the stamps will not be reserved any longer but will be returned to stock.

IX. Returns Department. Stamps sent out by our Order Department are not returnable, but will be exchanged if defective. Stamps sent out by our New Issue Department are also not returnable, unless specially marked "on approval," or charged above our usual rate of 1/1 per 1/-, or sent in error. Booked orders are not returnable unless charged at a higher rate than that at which they were booked.

X. Accounts Department. To obviate the necessity of frequent small remittances clients are recommended to open a current account with us, paying in periodically even sums of £1, £2, or so, as required. Balance will be returned at any time, on demand. A small account is sent out with every invoice when clients have deposit accounts, thus enabling them to see how their balance stands after each transaction.

XI. Post Office Department. Correspondence is sealed and despatched by this Department and all changes of address should be at once notified to it.

XII. Commission Department. We are willing to sell stamps on behalf of clients, at a small commission.

Regular Weekly Service of New Issues

OUR New Issue Department receives a prompt supply of practically every new Colonial Stamp that is issued, including varieties of shade, perforation, paper, watermark, etc. (also many foreign new issues). About once a week (the day depends on the arrival of the mails) these are distributed amongst clients according to the requirements they have filed. Collectors wishing to take part in our weekly distribution (the promptest, cheapest and *most reliable* in the world) should open a deposit account. Send particulars as to what is required.

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

*The so-called errors are due to small pieces of irregular gauge occurring in two parts of an otherwise irregular perf. 14 machine. The irregularities gauge 12 to 12¾ in one spot and 13½ in another; we have:

4c. (each variety 6d.), perf. 12½, 12½×14, 13×12½.
50c. (,, 2/-), perf. 12½, 12½×14, 14×12½, 14×13½, 12×13½.

The latter variations, although interesting, are hardly essential to the completeness of a collection. We are open to purchase varieties not quoted in the above table.

UNUSED BRITISH COLONIAL STAMPS.

A GOLDEN RULE FOR STAMP INVESTORS, BUY IN COMPLETE SETS RATHER THAN ODDMENTS.

IN making an investment of Stamps, it is necessary above all not to buy too many of any one Stamp. If a large quantity of one kind are acquired, they will be difficult to realise, owing to the necessity of finding a large number of buyers. If on the other hand, a small quantity of a number of different stamps are put by, they can be realized without difficulty on even a small market. The best way to make money out of Colonial stamps at present is to consider oneself the advance agent of a future generation of Collectors, and to put by as many collections of current issues as can be obtained nearly complete. They must be complete, or nearly so, or you will perhaps miss just the stamps which have gone up in price most. It is safe to say that a collector five years hence would cheerfully pay £100 to have the opportunities that are free to everyone to-day.

Ewen's Colonial Stamp Market, Ltd., NORWOOD, LONDON, S.E.

Unused Foreign Stamps in Sets.

So many applications have been made to the Colonial Stamp Market, asking that the various continental and foreign sets of stamps might be quoted, that we have decided in future to establish a Foreign Department. Despite the extra risk and cost of importing (postage being 2½ times as much), we are offering the majority at the same cheap rate as those of the Colonial series.

Balance will be returned at any time, on demand. A small account is sent out with every invoice when clients have deposit accounts, thus enabling them to see how their balance stands after each transaction.

XII. Commission Department. We are willing to sell stamps on behalf of clients, at a small commission.

NOTE.—The 1 peso value is exceedingly scarce. Very few Panama stamps are issued, as the population of Panama is under 20,000, and that of Colon, under 5000, and we strongly recommend collectors to take the present opportunity of getting the provisional issue reasonably. The stamps are not in the least degree speculative, and the Postmaster refuses to supply anyone with more than a few, as the stock is running short and there is no reserve on hand which could be utilized for a fresh surcharged issue. Panama has already had a remarkably clean record, the issues being strictly limited to business requirements, as may be seen from any catalogue.

Regular Weekly Service of New Issues

OUR New Issue Department receives a prompt supply of practically every new Colonial Stamp that is issued, including varieties of shade, perforation, paper, watermark, etc. (also many foreign new issues). About once a week (the day depends on the arrival of the mails) these are distributed amongst clients according to the requirements they have filed. Collectors wishing to take part in our weekly distribution (the promptest, cheapest and *most reliable* in the world) should open a deposit account. Send particulars as to what is required.

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

*The so-called errors are due to small pieces of irregular gauge occurring in two parts of an otherwise irregular perf. 14 machine. The irregularities gauge 12 to 12¾ in one spot and 13½ in another; we have:

4c. (each variety 6d.), perf. 12½, 12½ × 14, 13 × 12½, 14 × 13½, 12 × 13½.
50c. (" 2/-), perf. 12½, 12½ × 14, 14 × 12½,

The latter variations, although interesting, are hardly essential to the completeness of a collection. We are open to purchase varieties not quoted in the above table.

UNUSED BRITISH COLONIAL STAMPS.

A GOLDEN RULE FOR STAMP INVESTORS, BUY IN COMPLETE SETS RATHER THAN ODDMENTS.

IN making an investment of Stamps, it is necessary above all not to buy too many of any one Stamp. If a large quantity of one kind are acquired, they will be difficult to realise, owing to the necessity of finding a large number of buyers. If on the other hand, a small quantity of a number of different stamps are put by, they can be realized without difficulty on even a small market. The best way to make money out of Colonial stamps at present is to consider oneself the advance agent of a future generation of Collectors, and to put by as many collections of current issues as can be obtained nearly complete. They must be complete, or nearly so, or you will perhaps miss just the stamps which have gone up in price most. It is safe to say that a collector five years hence would cheerfully pay £100 to have the opportunities that are free to everyone to-day.

Ewen's Colonial Stamp Market, Ltd., NORWOOD, LONDON, S.E.

Unused Foreign Stamps in Sets.

So many applications have been made to the Colonial Stamp Market, asking that the various continental and foreign sets of stamps might be quoted, that we have decided in future to establish a Foreign Department. Despite the extra risk and cost of importing (postage being 2½ times as much), we are offering the majority at the same cheap rate as those of the Colonial series.

Regular Weekly Service of New Issues

OUR New Issue Department receives a prompt supply of practically every new Colonial Stamp that is issued, including varieties of shade, perforation, paper, watermark, etc. (also many foreign new issues). About once a week (the day depends on the arrival of the mails) these are distributed amongst clients according to the requirements they have filed. Collectors wishing to take part in our weekly distribution (the promptest, cheapest and *most reliable* in the world) should open a deposit account. Send particulars as to what is required.

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

Greased copies, 1c., for 1d. only.
„ „ 1p., for 3/9 only.

NOTE.—The 1 peso value is exceedingly scarce. Very few Panama stamps are issued, as the population of Panama is under 20,000, and that of Colon, under 5000, and we strongly recommend collectors to take the present opportunity of getting the provisional issue reasonably. The stamps are not in the least degree speculative, and the Postmaster refuses to supply anyone with more than a few, as the stock is running short and there is no reserve on hand which could be utilized for a fresh surcharged issue. Panama has already had a remarkably clean record, the issues being strictly limited to business requirements, as may be seen from any catalogue.

UNUSED BRITISH COLONIAL STAMPS.

A GOLDEN RULE FOR STAMP INVESTORS, BUY IN COMPLETE SETS RATHER THAN ODDMENTS.

IN making an investment of Stamps, it is necessary above all not to buy too many of any one Stamp. If a large quantity of one kind are acquired, they will be difficult to realise, owing to the necessity of finding a large number of buyers. If on the other hand, a small quantity of a number of different stamps are put by, they can be realized without difficulty on even a small market. The best way to make money out of Colonial stamps at present is to consider oneself the advance agent of a future generation of Collectors, and to put by as many collections of current issues as can be obtained nearly complete. They must be complete, or nearly so, or you will perhaps miss just the stamps which have gone up in price most. It is safe to say that a collector five years hence would cheerfully pay £100 to have the opportunities that are free to everyone to-day.

Ewen's Colonial Stamp Market, Ltd., NORWOOD, LONDON, S.E.

Unused Foreign Stamps in Sets.

So many applications have been made to the Colonial Stamp Market, asking that the various continental and foreign sets of stamps might be quoted, that we have decided in future to establish a Foreign Department. Despite the extra risk and cost of importing (postage being 2½ times as much), we are offering the majority at the same cheap rate as those of the Colonial series.

It may be recalled that the first issue surcharged on Queen's Head Indian stamps appeared on 1.6.03, whilst the first of the second series, surcharged on King's Head Indian stamps (the ½ anna) was issued about 1.9.03, followed by the 1 anna on 8.10.03 and the other values on 2.11.03. There were 48,000 each of the Queen's Head ½ and 1 anna, and 96,000 each of the same values. King's Head on India. The former are already worth over 100% premium. We still (for a short time) quote the two surcharged issues in sets at a low premium, both used and unused.

Regular Weekly Service of New Issues

OUR New Issue Department receives a prompt supply of practically every new Colonial Stamp that is issued, including varieties of shade, perforation, paper, watermark, etc. (also many foreign new issues). About once a week (the day depends on the arrival of the mails) these are distributed amongst clients according to the requirements they have filed. Collectors wishing to take part in our weekly distribution (the promptest, cheapest and *most reliable* in the world) should open a deposit account. Send particulars as to what is required.

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

Greased copies, 1p., for 3/9 only.

NOTE.—The 1 peso value is exceedingly scarce. Very few Panama stamps are issued, as the population of Panama is under 20,000, and that of Colon, under 5000, and we strongly recommend collectors to take the present opportunity of getting the provisional issue reasonably. The stamps are not in the least degree speculative, and the Postmaster refuses to supply anyone with more than a few, as the stock is running short and there is no reserve on hand which could be utilized for a fresh surcharged issue. Panama has already had a remarkably clean record, the issues being strictly limited to business requirements, as may be seen from any catalogue.

UNUSED BRITISH COLONIAL STAMPS.

A GOLDEN RULE FOR STAMP INVESTORS, BUY IN COMPLETE SETS RATHER THAN ODDMENTS.

IN making an investment of Stamps, it is necessary above all not to buy too many of any one Stamp. If a large quantity of one kind are acquired, they will be difficult to realise, owing to the necessity of finding a large number of buyers. If on the other hand, a small quantity of a number of different stamps are put by, they can be realized without difficulty on even a small market. The best way to make money out of Colonial stamps at present is to consider oneself the advance agent of a future generation of Collectors, and to put by as many collections of current issues as can be obtained nearly complete. They must be complete, or nearly so, or you will perhaps miss just the stamps which have gone up in price most. It is safe to say that a collector five years hence would cheerfully pay £100 to have the opportunities that are free to everyone to-day.

Ewen's Colonial Stamp Market, Ltd., NORWOOD, LONDON, S.E.

Unused Foreign Stamps in Sets.

So many applications have been made to the Colonial Stamp Market, asking that the various continental and foreign sets of stamps might be quoted, that we have decided in future to establish a Foreign Department. Despite the extra risk and cost of importing (postage being 2½ times as much), we are offering the majority at the same cheap rate as those of the Colonial series.

Regular Weekly Service of New Issues

OUR New Issue Department receives a prompt supply of practically every new Colonial Stamp that is issued, including varieties of shade, perforation, paper, watermark, etc. (also many foreign new issues). About once a week (the day depends on the arrival of the mails) these are distributed amongst clients according to the requirements they have filed. Collectors wishing to take part in our weekly distribution (the promptest, cheapest and *most reliable* in the world) should open a deposit account. Send particulars as to what is required.

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

NOTE.—The above was issued 15.2.04. or earlier. It may be recalled that the first issue surcharged on Queen's Head Indian stamps appeared on 1.6.03, whilst the first of the second series, surcharged on King's Head Indian stamps (the ½ anna) was issued about 1.9.03, followed by the 1 anna on 8.10.03 and the other values on 2.11.03. There were 48,000 each of the Queen's Head ½ and 1 anna, and 96,000 each of the same values. King's Head on India. The former are already worth over 100% premium. We still (for a short time) quote the two surcharged issues in sets at a low premium, both used and unused.

*The so-called errors are due to small pieces of irregular gauge occurring in two parts of an otherwise irregular perf. 14 machine. The irregularities gauge 12 to 12¾ in one spot and 13½ in another; we have:

UNUSED BRITISH COLONIAL STAMPS.

A GOLDEN RULE FOR STAMP INVESTORS, BUY IN COMPLETE SETS RATHER THAN ODDMENTS.

IN making an investment of Stamps, it is necessary above all not to buy too many of any one Stamp. If a large quantity of one kind are acquired, they will be difficult to realise, owing to the necessity of finding a large number of buyers. If on the other hand, a small quantity of a number of different stamps are put by, they can be realized without difficulty on even a small market. The best way to make money out of Colonial stamps at present is to consider oneself the advance agent of a future generation of Collectors, and to put by as many collections of current issues as can be obtained nearly complete. They must be complete, or nearly so, or you will perhaps miss just the stamps which have gone up in price most. It is safe to say that a collector five years hence would cheerfully pay £100 to have the opportunities that are free to everyone to-day.

Ewen's Colonial Stamp Market, Ltd., NORWOOD, LONDON, S.E.

Unused Foreign Stamps in Sets.

So many applications have been made to the Colonial Stamp Market, asking that the various continental and foreign sets of stamps might be quoted, that we have decided in future to establish a Foreign Department. Despite the extra risk and cost of importing (postage being 2½ times as much), we are offering the majority at the same cheap rate as those of the Colonial series.

VI. Order Department. All orders for stamps advertised in *E.W.S.N.* executed promptly, if accompanied by cash or prepaid.

VII. New Issue Department. This Department obtains new stamps immediately they appear (including new shades, varieties, provisionals, etc.) and supplies them at once to clients who have given a general order for everything new. See full instructions below.

VIII. Booked Order Department. Clients who wish to ensure receiving anything directly we get it, can book the order. No money need be deposited as a notice of arrival will be sent. If however payment is not made within seven days the stamps will not be reserved any longer but will be returned to stock.

IX. Returns Department. Stamps sent out by our Order Department are not returnable, but will be exchanged if defective. Stamps sent out by our New Issue Department are also not returnable, unless specially marked "on approval," or charged above our usual rate of 1/1 per 1/-, or sent in error. Booked orders are not returnable unless charged at a higher rate than that at which they were booked.

X. Accounts Department. To obviate the necessity of frequent small remittances clients are recommended to open a current account with us, paying in periodically even sums of £1, £2, or so, as required. Balance will be returned at any time, on demand. A small account is sent out with every invoice when clients have deposit accounts, thus enabling them to see how their balance stands after each transaction.

XI. Post Office Department. Correspondence is sealed and despatched by this Department and all changes of address should be at once notified to it.

XII. Commission Department. We are willing to sell stamps on behalf of clients, at a small commission.

XIII. Purchasing Department. We are willing to buy unused stamps at good prices.

Regular Weekly Service of New Issues

OUR New Issue Department receives a prompt supply of practically every new Colonial Stamp that is issued, including varieties of shade, perforation, paper, watermark, etc. (also many foreign new issues). About once a week (the day depends on the arrival of the mails) these are distributed amongst clients according to the requirements they have filed. Collectors wishing to take part in our weekly distribution (the promptest, cheapest and *most reliable* in the world) should open a deposit account. Send particulars as to what is required.

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

It may be recalled that the first issue surcharged on Queen's Head Indian stamps appeared on 1.6.03, whilst the first of the second series, surcharged on King's Head Indian stamps (the ½ anna) was issued about 1.9.03, followed by the 1 anna on 8.10.03 and the other values on 2.11.03. There were 48,000 each of the Queen's Head ½ and 1 anna, and 96,000 each of the same values. King's Head on India. The former are already worth over 100% premium. We still (for a short time) quote the two surcharged issues in sets at a low premium, both used and unused.

*The so-called errors are due to small pieces of irregular gauge occurring in two parts of an otherwise irregular perf. 14 machine. The irregularities gauge 12 to 12¾ in one spot and 13½ in another; we have:

4c. (each variety 6d.), perf. 12½, 12½×14, 13×12½.

UNUSED BRITISH COLONIAL STAMPS.

A GOLDEN RULE FOR STAMP INVESTORS, BUY IN COMPLETE SETS RATHER THAN ODDMENTS.

IN making an investment of Stamps, it is necessary above all not to buy too many of any one Stamp. If a large quantity of one kind are acquired, they will be difficult to realise, owing to the necessity of finding a large number of buyers. If on the other hand, a small quantity of a number of different stamps are put by, they can be realized without difficulty on even a small market. The best way to make money out of Colonial stamps at present is to consider oneself the advance agent of a future generation of Collectors, and to put by as many collections of current issues as can be obtained nearly complete. They must be complete, or nearly so, or you will perhaps miss just the stamps which have gone up in price most. It is safe to say that a collector five years hence would cheerfully pay £100 to have the opportunities that are free to everyone to-day.

Ewen's Colonial Stamp Market, Ltd., NORWOOD, LONDON, S.E.

Unused Foreign Stamps in Sets.

So many applications have been made to the Colonial Stamp Market, asking that the various continental and foreign sets of stamps might be quoted, that we have decided in future to establish a Foreign Department. Despite the extra risk and cost of importing (postage being 2½ times as much), we are offering the majority at the same cheap rate as those of the Colonial series.

Regular Weekly Service of New Issues

OUR New Issue Department receives a prompt supply of practically every new Colonial Stamp that is issued, including varieties of shade, perforation, paper, watermark, etc. (also many foreign new issues). About once a week (the day depends on the arrival of the mails) these are distributed amongst clients according to the requirements they have filed. Collectors wishing to take part in our weekly distribution (the promptest, cheapest and *most reliable* in the world) should open a deposit account. Send particulars as to what is required.

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

UNUSED BRITISH COLONIAL STAMPS.

A GOLDEN RULE FOR STAMP INVESTORS, BUY IN COMPLETE SETS RATHER THAN ODDMENTS.

IN making an investment of Stamps, it is necessary above all not to buy too many of any one Stamp. If a large quantity of one kind are acquired, they will be difficult to realise, owing to the necessity of finding a large number of buyers. If on the other hand, a small quantity of a number of different stamps are put by, they can be realized without difficulty on even a small market. The best way to make money out of Colonial stamps at present is to consider oneself the advance agent of a future generation of Collectors, and to put by as many collections of current issues as can be obtained nearly complete. They must be complete, or nearly so, or you will perhaps miss just the stamps which have gone up in price most. It is safe to say that a collector five years hence would cheerfully pay £100 to have the opportunities that are free to everyone to-day.

Unused Foreign Stamps in Sets.

So many applications have been made to the Colonial Stamp Market, asking that the various continental and foreign sets of stamps might be quoted, that we have decided in future to establish a Foreign Department. Despite the extra risk and cost of importing (postage being 2½ times as much), we are offering the majority at the same cheap rate as those of the Colonial series.

Regular Weekly Service of New Issues

OUR New Issue Department receives a prompt supply of practically every new Colonial Stamp that is issued, including varieties of shade, perforation, paper, watermark, etc. (also many foreign new issues). About once a week (the day depends on the arrival of the mails) these are distributed amongst clients according to the requirements they have filed. Collectors wishing to take part in our weekly distribution (the promptest, cheapest and *most reliable* in the world) should open a deposit account. Send particulars as to what is required.

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs, or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

Current Postage Stamps in Unused Sets.

INCLUDING ALL VALUES UP TO 1/- OR EQUIVALENT IN LOCAL CURRENCY.

THESE Sets are indisputably the best foundation for a collection, and at the same time the safest of investments. Their quality is the highest possible and their price a marvel of cheapness. What more can one possibly require? Nothing! (Unless it be the "High Values" on the following page!)

Regular Weekly Service of New Issues

OUR New Issue Department receives a prompt supply of practically every new Colonial Stamp that is issued, including varieties of shade, perforation, paper, watermark, etc. (also many foreign new issues). About once a week (the day depends on the arrival of the mails) these are distributed amongst clients according to the requirements they have filed. Collectors wishing to take part in our weekly distribution (the promptest, cheapest and *most reliable* in the world) should open a deposit account. Send particulars as to what is required.

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs, or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

Current Postage Stamps in Unused Sets.

INCLUDING ALL VALUES UP TO 1- OR EQUIVALENT IN LOCAL CURRENCY.

THESE Sets are indisputably the best foundation for a collection, and at the same time the safest of investments. Their quality is the highest possible and their price a marvel of cheapness. What more can one possibly require? Nothing! (Unless it be the "High Values" on the following page!)

Regular Weekly Service of New Issues

OUR New Issue Department receives a prompt supply of practically every new Colonial Stamp that is issued, including varieties of shade, perforation, paper, watermark, etc. (also many foreign new issues). About once a week (the day depends on the arrival of the mails) these are distributed amongst clients according to the requirements they have filed. Collectors wishing to take part in our weekly distribution (the promptest, cheapest and *most reliable* in the world) should open a deposit account. Send particulars as to what is required.

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs, or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

Current Postage Stamps in Unused Sets.

INCLUDING ALL VALUES UP TO 1/- OR EQUIVALENT IN LOCAL CURRENCY.

THESE Sets are indisputably the best foundation for a collection, and at the same time the safest of investments. Their quality is the highest possible and their price a marvel of cheapness. What more can one possibly require? Nothing! (Unless it be the "High Values" on the following page!)

PANAMA.

IMPORTANT TO COLLECTORS.—An American collector who has specialized the stamps of Panama writes us as follows:—"By strong representations and protests, both from a philatelic as from a business point of view, I have succeeded in getting the President of Panama to decide to have the Government itself continue to order its own stamps and to abandon the idea of selling any remainders to any successful bidder for the new issue. The Panama Government placed its order with the American Bank Note Company during March, stamps to be delivered within 60 days, but only to be issued to the public as the surcharged ones become exhausted." In explanation of this letter, it may be mentioned that Panama was seeking a stamp contract *à la* Seebeck, but this danger is now averted. We believe all the varieties known, except three, were issued during November and December 1903, so that this year, at all events, Panama has borne an exemplary character.

Clients are requested to kindly note that in supplying Colonial stamps at the phenomenally low premium of 1d. per 1/- face value, we find it essential to insist on cash in advance, in order that we may take steps to replace stamps immediately they are sold. In order that we may not be accused of favoritism, we make no exception from this rule to anyone, except in a few special cases where clients have agreed to pay 10% extra for the privilege. Whether paid for or not, we accept stamps back if damaged or not as described, but every care is taken to see that only finest copies are sent out.

We still want to buy stamps in small or large quantities. Every collector is recommended to send us a trial selection from his duplicates. Roughly, we pay half-catalogue for unused stamps, third-catalogue for used adhesives, and quarter-catalogue for stationery-stamps (cut square). Cheques written daily, so there is not long to wait for the money.

The Editor of *E.W.S.N.* also *particularly* requires unused envelope stamps of Europe, cut square, in addition to the firm's requirements.

Regular Weekly Service of New Issues

OUR New Issue Department receives a prompt supply of practically every new Colonial Stamp that is issued, including varieties of shade, perforation, paper, watermark, etc. (also many foreign new issues). About once a week (the day depends on the arrival of the mails) these are distributed amongst clients according to the requirements they have filed. Collectors wishing to take part in our weekly distribution (the promptest, cheapest and *most reliable* in the world) should open a deposit account. Send particulars as to what is required.

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs, or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

Current Postage Stamps in Unused Sets.

INCLUDING ALL VALUES UP TO 1- OR EQUIVALENT IN LOCAL CURRENCY.

THESE Sets are indisputably the best foundation for a collection, and at the same time the safest of investments. Their quality is the highest possible and their price a marvel of cheapness. What more can one possibly require? Nothing! (Unless it be the "High Values" on the following page!)

PANAMA.

IMPORTANT TO COLLECTORS.—An American collector who has specialized the stamps of Panama writes us as follows:—"By strong representations and protests, both from a philatelic as from a business point of view, I have succeeded in getting the President of Panama to decide to have the Government itself continue to order its own stamps and to abandon the idea of selling any remainders to any successful bidder for the new issue. The Panama Government placed its order with the American Bank Note Company during March, stamps to be delivered within 60 days, but only to be issued to the public as the surcharged ones become exhausted." In explanation of this letter, it may be mentioned that Panama was seeking a stamp contract *à la* Seebeck, but this danger is now averted. We believe all the varieties known, except three, were issued during November and December 1903, so that this year, at all events, Panama has borne an exemplary character.

We have a very fine stock of the rarer varieties issued recently by by British Somaliland, Panamá, Indian Native States, etc., and to meet clients' wishes, are prepared to exchange them for good foreign or colonial stamps. We also buy the latter for cash.

Clients are requested to kindly note that in supplying Colonial stamps at the phenomenally low premium of 1d. per 1/- face value, we find it essential to insist on cash in advance, in order that we may take steps to replace stamps immediately they are sold. In order that we may not be accused of favoritism, we make no exception from this rule to anyone, except in a few special cases where clients have agreed to pay 10% extra for the privilege. Whether paid for or not, we accept stamps back if damaged or not as described, but every care is taken to see that only finest copies are sent out.

We still want to buy stamps in small or large quantities. Every collector is recommended to send us a trial selection from his duplicates. Roughly, we pay half-catalogue for unused stamps, third-catalogue for used adhesives, and quarter-catalogue for stationery-stamps (cut square). Cheques written daily, so there is not long to wait for the money.

The Editor of *E.W.S.N.* also *particularly* requires unused envelope stamps of Europe, cut square, in addition to the firm's requirements.

Regular Weekly Service of New Issues

OUR New Issue Department receives a prompt supply of practically every new Colonial Stamp that is issued, including varieties of shade, perforation, paper, watermark, etc. (also many foreign new issues). About once a week (the day depends on the arrival of the mails) these are distributed amongst clients according to the requirements they have filed. Collectors wishing to take part in our weekly distribution (the promptest, cheapest and *most reliable* in the world) should open a deposit account. Send particulars as to what is required.

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs, or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

Current Postage Stamps in Unused Sets.

INCLUDING ALL VALUES UP TO 1- OR EQUIVALENT IN LOCAL CURRENCY.

THESE Sets are indisputably the best foundation for a collection, and at the same time the safest of investments. Their quality is the highest possible and their price a marvel of cheapness. What more can one possibly require? Nothing! (Unless it be the "High Values" on the following page!)

NOTICE!

WE have pleasure in announcing that we have Sold our Entire Stock of British stamps to a Collector in the South of England.

The stock included not only our used and unused postage adhesives, but also envelope stamps, railway letter stamps, etc., etc.

Further particulars will be published next week.

The stock did not include the Managing Director's private collection of Railway Letter stamps, which is for sale separately at £2250 (cat. nearly £5000).

Until further notice, the only English stamps we shall sell will be those for which quotations are made on another page.

Our principal attention for the next year or two will be given to unused and used Foreign and Colonial stamps (standard varieties only), especially current and new issues, of which we already hold by far the largest stock in the world.

We have now decided to buy the older issues largely also, and invite both collectors and dealers to send us approval selections; common and medium unused at half catalogue price (mint only); ditto used (third catalogue); for rare stamps we pay up to three-quarter catalogue or more.

Regular Weekly Service of New Issues

OUR New Issue Department receives a prompt supply of practically every new Colonial Stamp that is issued, including varieties of shade, perforation, paper, watermark, etc. (also many foreign new issues). About once a week (the day depends on the arrival of the mails) these are distributed amongst clients according to the requirements they have filed. Collectors wishing to take part in our weekly distribution (the promptest, cheapest and *most reliable* in the world) should open a deposit account. Send particulars as to what is required.

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs, or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

Current Postage Stamps in Unused Sets.

INCLUDING ALL VALUES UP TO 1/- OR EQUIVALENT IN LOCAL CURRENCY.

THESE Sets are indisputably the best foundation for a collection, and at the same time the safest of investments. Their quality is the highest possible and their price a marvel of cheapness. What more can one possibly require? Nothing! (Unless it be the "High Values" on the following page!)

VIII. Booked Order Department. Clients who wish to ensure receiving anything directly we get it, can book the order. No money need be deposited as a notice of arrival will be sent. If however payment is not made within seven days the stamps will not be reserved any longer but will be returned to stock.

IX. Returns Department. Stamps sent out by our Order Department are not returnable, but will be exchanged if defective. Stamps sent out by our New Issue Department are also not returnable, unless specially marked "on approval," or charged above our usual rate of 1/1 per 1/-, or sent in error. Booked orders are not returnable unless charged at a higher rate than that at which they were booked.

X. Accounts Department. To obviate the necessity of frequent small remittances clients are recommended to open a current account with us, paying in periodically even sums of £1, £2, or so, as required. Balance will be returned at any time, on demand. A small account is sent out with every invoice when clients have deposit accounts, thus enabling them to see how their balance stands after each transaction.

XI. Post Office Department. Correspondence is sealed and despatched by this Department and all changes of address should be at once notified to it.

XII. Commission Department. We are willing to sell stamps on behalf of clients, at a small commission.

XIII. Purchasing Department. We are willing to buy unused stamps at good prices.

NOTICE!

WE have pleasure this week in informing our readers that the Collector who has purchased our Stock of English Stamps is Mrs. Badgley, Mansfield, Exmouth, who will be pleased to exchange with other Collectors duplicates she does not require.

The Colonial Stamp Market is still calling for Selections of Foreign and Colonial Stamps on approval and replies promptly always. Cheques are being written out almost every minute of the day. Both common and rare stamps are purchased.

Regular Weekly Service of New Issues

OUR New Issue Department receives a prompt supply of practically every new Colonial Stamp that is issued, including varieties of shade, perforation, paper, watermark, etc. (also many foreign new issues). About once a week (the day depends on the arrival of the mails) these are distributed amongst clients according to the requirements they have filed. Collectors wishing to take part in our weekly distribution (the promptest, cheapest and *most reliable* in the world) should open a deposit account. Send particulars as to what is required.

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs, or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

Current Postage Stamps in Unused Sets.

INCLUDING ALL VALUES UP TO 1/- OR EQUIVALENT IN LOCAL CURRENCY.

THESE Sets are indisputably the best foundation for a collection, and at the same time the safest of investments. Their quality is the highest possible and their price a marvel of cheapness. What more can one possibly require? Nothing! (Unless it be the "High Values" on the following page!)

Regular Weekly Service of New Issues

OUR New Issue Department receives a prompt supply of practically every new Colonial Stamp that is issued, including varieties of shade, perforation, paper, watermark, etc. (also many foreign new issues). About once a week (the day depends on the arrival of the mails) these are distributed amongst clients according to the requirements they have filed. Collectors wishing to take part in our weekly distribution (the promptest, cheapest and *most reliable* in the world) should open a deposit account. Send particulars as to what is required.

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs, or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

VI. Order Department. All orders for stamps advertised in *E.W.S.N.* executed promptly, if accompanied by cash or prepaid.

VII. New Issue Department. This Department obtains new stamps immediately they appear (including new shades, varieties, provisionals, etc.) and supplies them at once to clients who have given a general order for everything new. See full instructions below.

VIII. Booked Order Department. Clients who wish to ensure receiving anything directly we get it, can book the order. No money need be deposited as a notice of arrival will be sent. If however payment is not made within seven days the stamps will not be reserved any longer but will be returned to stock.

IX. Returns Department. Stamps sent out by our Order Department are not returnable, but will be exchanged if defective. Stamps sent out by our New Issue Department are also not returnable, unless specially marked "on approval," or charged above our usual rate of 1/1 per 1/-, or sent in error. Booked orders are not returnable unless charged at a higher rate than that at which they were booked.

X. Accounts Department. To obviate the necessity of frequent small remittances clients are recommended to open a current account with us, paying in periodically even sums of £1, £2, or so, as required. Balance will be returned at any time, on demand. A small account is sent out with every invoice when clients have deposit accounts, thus enabling them to see how their balance stands after each transaction.

XII. Commission Department. We are willing to sell stamps on behalf of clients, at a small commission.

XIII. Purchasing Department. We are willing to buy unused stamps at good prices.

Regular Weekly Service of New Issues

OUR New Issue Department receives a prompt supply of practically every new Colonial Stamp that is issued, including varieties of shade, perforation, paper, watermark, etc. (also many foreign new issues). About once a week (the day depends on the arrival of the mails) these are distributed amongst clients according to the requirements they have filed. Collectors wishing to take part in our weekly distribution (the promptest, cheapest and *most reliable* in the world) should open a deposit account. Send particulars as to what is required.

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs, or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

Current Postage Stamps in Unused Sets.

INCLUDING ALL VALUES UP TO 1/- OR EQUIVALENT IN LOCAL CURRENCY.

THESE Sets are indisputably the best foundation for a collection, and at the same time the safest of investments. Their quality is the highest possible and their price a marvel of cheapness. What more can one possibly require? Nothing! (Unless it be the "High Values" on the following page!)

Regular Weekly Service of New Issues

OUR New Issue Department receives a prompt supply of practically every new Colonial Stamp that is issued, including varieties of shade, perforation, paper, watermark, etc. (also many foreign new issues). About once a week (the day depends on the arrival of the mails) these are distributed amongst clients according to the requirements they have filed. Collectors wishing to take part in our weekly distribution (the promptest, cheapest and *most reliable* in the world) should open a deposit account. Send particulars as to what is required.

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs, or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

Current Postage Stamps in Unused Sets.

INCLUDING ALL VALUES UP TO 1/- OR EQUIVALENT IN LOCAL CURRENCY.

THESE Sets are indisputably the best foundation for a collection, and at the same time the safest of investments. Their quality is the highest possible and their price a marvel of cheapness. What more can one possibly require? Nothing! (Unless it be the "High Values" on the following page!)

IX. Returns Department. Stamps sent out by our Order Department are not returnable, but will be exchanged if defective. Stamps sent out by our New Issue Department are also not returnable, unless specially marked "on approval," or charged above our usual rate of 1/1 per 1/-, or sent in error. Booked orders are not returnable unless charged at a higher rate than that at which they were booked.

Balance will be returned at any time, on demand. A small account is sent out with every invoice when clients have deposit accounts, thus enabling them to see how their balance stands after each transaction.

XII. Commission Department. We are willing to sell stamps on behalf of clients, at a small commission.

Regular Weekly Service of New Issues

OUR New Issue Department receives a prompt supply of practically every new Colonial Stamp that is issued, including varieties of shade, perforation, paper, watermark, etc. (also many foreign new issues). About once a week (the day depends on the arrival of the mails) these are distributed amongst clients according to the requirements they have filed. Collectors wishing to take part in our weekly distribution (the promptest, cheapest and *most reliable* in the world) should open a deposit account. Send particulars as to what is required.

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs, or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

Current Postage Stamps in Unused Sets.

INCLUDING ALL VALUES UP TO 1/- OR EQUIVALENT IN LOCAL CURRENCY.

THESE Sets are indisputably the best foundation for a collection, and at the same time the safest of investments. Their quality is the highest possible and their price a marvel of cheapness. What more can one possibly require? Nothing! (Unless it be the "High Values" on the following page!)

Regular Weekly Service of New Issues

OUR New Issue Department receives a prompt supply of practically every new Colonial Stamp that is issued, including varieties of shade, perforation, paper, watermark, etc. (also many foreign new issues). About once a week (the day depends on the arrival of the mails) these are distributed amongst clients according to the requirements they have filed. Collectors wishing to take part in our weekly distribution (the promptest, cheapest and *most reliable* in the world) should open a deposit account. Send particulars as to what is required.

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs, or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

Current Postage Stamps in Unused Sets.

INCLUDING ALL VALUES UP TO 1/- OR EQUIVALENT IN LOCAL CURRENCY.

THESE Sets are indisputably the best foundation for a collection, and at the same time the safest of investments. Their quality is the highest possible and their price a marvel of cheapness. What more can one possibly require? Nothing! (Unless it be the "High Values" on the following page!)

Orange River Colony, 2½d. on Cape, half sheet of 120 with dotless variety, 30/-.

Sudan, 5 mill. on 5 pias., used, 4d.

Chamba, King.
- 4 annas, 5d.; per dozen, 4/8.
- 8 annas, 9½d.; ,, 9/4.

Cyprus, 18 piastres, single watermark, 2/2. There was a most astonishing demand for this stamp last week, London dealers ordering them by the dozen and entire sheet. On the other hand, there were few provincial orders. We declined all large orders, or only partially executed them, in order to give everyone a chance but have only 10 copies left out of several hundred at the time of going to press (Wednesday, 5 p.m.) Under these circumstances we must ask clients who have delayed ordering not to blame us if they now have to go without. Cyprus sets and low values are also running short.

The first stamps to have the watermark changed will be the low values, especially ½d. and 1d. or equivalents, which are largely used and which in the case of most Colonies are printed every few months. We would therefore draw special attention to our wholesale list which has been reinstated this week.

Attention is directed to the announcement on page iii. All orders received after Wednesday, 5 p.m., June 29th, will be held over till the following Monday.

Regular Weekly Service of New Issues

OUR New Issue Department receives a prompt supply of practically every new Colonial Stamp that is issued, including varieties of shade, perforation, paper, watermark, etc. (also many foreign new issues). About once a week (the day depends on the arrival of the mails) these are distributed amongst clients according to the requirements they have filed. Collectors wishing to take part in our weekly distribution (the promptest, cheapest and *most reliable* in the world) should open a deposit account. Send particulars as to what is required.

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs, or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

Current Postage Stamps in Unused Sets.

INCLUDING ALL VALUES UP TO 1/- OR EQUIVALENT IN LOCAL CURRENCY.

THESE Sets are indisputably the best foundation for a collection, and at the same time the safest of investments. Their quality is the highest possible and their price a marvel of cheapness. What more can one possibly require? Nothing! (Unless it be the "High Values" on the following page!)

Regular Weekly Service of New Issues.

OUR New Issue Department receives a prompt supply of practically every new Colonial Stamp that is issued, including varieties of shade, perforation, paper, watermark, etc. (also many foreign new issues). About once a week (the day depends on the arrival of the mails) these are distributed amongst clients according to the requirements they have filed. Collectors wishing to take part in our weekly distribution (the promptest, cheapest and *most reliable* in the world) should open a deposit account. Send particulars as to what is required.

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

Regular Weekly Service of New Issues.

OUR New Issue Department receives a prompt supply of practically every new Colonial Stamp that is issued, including varieties of shade, perforation, paper, watermark, etc. (also many foreign new issues). About once a week (the day depends on the arrival of the mails) these are distributed amongst clients according to the requirements they have filed. Collectors wishing to take part in our weekly distribution (the promptest, cheapest and *most reliable* in the world) should open a deposit account. Send particulars as to what is required.

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

IX. Returns Department. Stamps sent out by our Order Department are not returnable, but will be exchanged if defective. Regular Weekly Service of New Issues

OUR New Issue Department receives a prompt supply of practically every new Colonial Stamp that is issued, including varieties of shade, perforation, paper, watermark, etc. (also many foreign new issues). About once a week (the day depends on the arrival of the mails) these are distributed amongst clients according to the requirements they have filed. Collectors wishing to take part in our weekly distribution (the promptest, cheapest and *most reliable* in the world) should open a deposit account. Send particulars as to what is required.

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs, or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

Current Postage Stamps in Unused Sets.

INCLUDING ALL VALUES UP TO 1/- OR EQUIVALENT IN LOCAL CURRENCY.

THESE Sets are indisputably the best foundation for a collection, and at the same time the safest of investments. Their quality is the highest possible and their price a marvel of cheapness. What more can one possibly require? Nothing! (Unless it be the "High Values" on the following page!)

Regular Weekly Service of New Issues

OUR New Issue Department receives a prompt supply of practically every new Colonial Stamp that is issued, including varieties of shade, perforation, paper, watermark, etc. (also many foreign new issues). About once a week (the day depends on the arrival of the mails) these are distributed amongst clients according to the requirements they have filed. Collectors wishing to take part in our weekly distribution (the promptest, cheapest and *most reliable* in the world) should open a deposit account. Send particulars as to what is required.

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs, or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

Notice

OUR EXCHANGE QUOTATIONS ARE NOW

Cash Quotations.

We find that so many collectors want to buy but have no duplicates to offer in exchange and on the other hand many collectors wish to sell without being obliged to reinvest immediately, that we have decided to see what can be done in the way of making cash quotations. Our complete list costs 4d. only.

Current Postage Stamps in Unused Sets.

INCLUDING ALL VALUES UP TO 1/- OR EQUIVALENT IN LOCAL CURRENCY.

THESE Sets are indisputably the best foundation for a collection, and at the same time the safest of investments. Their quality is the highest possible and their price a marvel of cheapness. What more can one possibly require? Nothing! (Unless it be the "High Values" on the following page!)

CONDITIONS.

1.—Our Exchange List is divided into three groups, each arranged alphabetically:—(i) Great Britain and Colonies; (ii) Europe and Colonies; (iii) United States and Colonies and the independent countries of Asia, Africa, and South and Central America. All stamps must be submitted for our approval arranged in this order, neatly mounted and priced separately according to our *current* quotations.

2.—Our standard of condition is high; no damaged stamps will be accepted at any price whatsoever. Unused stamps must be well-centred with original gum (except in such cases where they were issued without it).

3.—We reserve the right of refusing any stamps without assigning a reason, but will do our best to avoid disappointing.

4.—We agree to pay return postage of all stamps not accepted by us.

5.—All stamps sent us must be guaranteed genuine.

6.—Clients who send us stamps need not specify at the time the exchange desired, but may order from our lists at leisure.

7.—We are willing to pay cash for stamps which have been been previously purchased from us, thus enabling clients to realise their general collections with ease, should they wish to specialise or are unfortunately compelled to relinquish interest in the hobby. If the stamps were not obtained from us, we can only purchase them for cash by special arrangement.

EWEN'S STAMP QUOTATIONS.

THE following is a complete Catalogue of the world's postage stamps (eliminating all varieties of watermark, perforation, etc., and all surcharged stamps), together with the prices at which we are willing to purchase them for prompt cash, provided we are not overstocked.

Only Address (we have no Agents)—EWEN'S COLONIAL STAMP MARKET, Ltd., 32, Palace Square, Norwood, S.E.

No. 1. LONDON, SATURDAY, 2nd JULY, 1904. Price 4d., Post Free.

CONDITIONS.

1.—This is a list of the Cash Prices we offer for the Postage Stamps of the World, provided we are not overstocked.

2.—The List is divided into three groups, each arranged alphabetically:—(i) Great Britain and Colonies; (ii) Europe and Colonies; (iii) United States and Colonies and the independent countries of Asia, Africa, and South and Central America. All stamps must be submitted for our approval arranged in this order, neatly mounted and priced separately according to our *current* quotations.

3.—We reserve the right of refusing any stamps without assigning a reason, but will do our best to avoid disappointing.

4.—We agree to pay return postage of all stamps not accepted by us.

5.—All stamps sent us must be guaranteed genuine..

6.—Our standard of condition is high; no damaged stamps will be accepted at any price whatsoever. Unused stamps must be well-centred with original gum (except in such cases where they were issued without it).

7.—Unless clients specially request that a cheque be remitted, the amount of our purchases will be placed to the credit of their deposit account.

8.—Clients are recommended, when sending a selection, to name lowest cash price for it entire.

9.—Of stamps marked with an asterisk we have sufficient.

Regular Weekly Service of New Issues

OUR New Issue Department receives a prompt supply of practically every new Colonial Stamp that is issued, including varieties of shade, perforation, paper, watermark, etc. (also many foreign new issues). About once a week (the day depends on the arrival of the mails) these are distributed amongst clients according to the requirements they have filed. Collectors wishing to take part in our weekly distribution (the promptest, cheapest and *most reliable* in the world) should open a deposit account. Send particulars as to what is required.

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs, or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

Notice

OUR EXCHANGE QUOTATIONS ARE NOW

Cash Quotations.

We find that so many collectors want to buy but have no duplicates to offer in exchange and on the other hand many collectors wish to sell without being obliged to reinvest immediately, that we have decided to see what can be done in the way of making cash quotations. Our complete list costs 4d. only, post free on application.

Current Postage Stamps in Unused Sets.

INCLUDING ALL VALUES UP TO 1/- OR EQUIVALENT IN LOCAL CURRENCY.

THESE Sets are indisputably the best foundation for a collection, and at the same time the safest of investments. Their quality is the highest possible and their price a marvel of cheapness. What more can one possibly require? Nothing! (Unless it be the "High Values" on the following page!)

Regular Weekly Service of New Issues

OUR New Issue Department receives a prompt supply of practically every new Colonial Stamp that is issued, including varieties of shade, perforation, paper, watermark, etc. (also many foreign new issues). About once a week (the day depends on the arrival of the mails) these are distributed amongst clients according to the requirements they have filed. Collectors wishing to take part in our weekly distribution (the promptest, cheapest and *most reliable* in the world) should open a deposit account. Send particulars as to what is required.

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs, or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

Notice

OUR EXCHANGE QUOTATIONS ARE NOW

Cash Quotations.

We find that so many collectors want to buy but have no duplicates to offer in exchange and on the other hand many collectors wish to sell without being obliged to reinvest immediately, that we have decided to see what can be done in the way of making cash quotations. Our complete list costs 4d. only, post free on application.

Current Postage Stamps in Unused Sets.

INCLUDING ALL VALUES UP TO 1/- OR EQUIVALENT IN LOCAL CURRENCY.

THESE Sets are indisputably the best foundation for a collection, and at the same time the safest of investments. Their quality is the highest possible and their price a marvel of cheapness. What more can one possibly require? Nothing! (Unless it be the "High Values" on the following page!)

Booked orders are not returnable unless charged at a higher rate than that at which they were booked.

Regular Weekly Service of New Issues

OUR New Issue Department receives a prompt supply of practically every new Colonial Stamp that is issued, including varieties of shade, perforation, paper, watermark, etc. (also many foreign new issues). About once a week (the day depends on the arrival of the mails) these are distributed amongst clients according to the requirements they have filed. Collectors wishing to take part in our weekly distribution (the promptest, cheapest and *most reliable* in the world) should open a deposit account. Send particulars as to what is required.

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs, or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

Prices we Pay.

Complete List costs 4d. only, post free on application.

VII. Booked Order Department. Clients who wish to ensure receiving anything directly we get it, can book the order. No money need be deposited as a notice of arrival will be sent. If however payment is not made within seven days the stamps will not be reserved any longer but will be returned to stock.

VIII. Returns Department. Stamps sent out by our Order Department are not returnable, but will be exchanged if defective. Stamps sent out by our New Issue Department are also not returnable, unless specially marked "on approval," or charged above our usual rate of 1/1 per 1/-, or sent in error. Booked orders are not returnable unless charged at a higher rate than that at which they were booked.

Buying quotations. We are prepared to sell at 4d. in 1/- premium on these quotations, but clients are advised to send supplementary lists of wants, as only some 4,000 out of the 10,000 stamps for which we quote have as yet been sent in to us. Since the quotations were started on 2.7.04, about 80 have fallen, owing to more of such stamps being sent us than we were asked for, whilst about 20 have been advanced. In some hundreds of cases in which no specimens at all have been sent in, we have received one or two orders, but we did not consider the transactions large enough to turn the scale in favour of a rise, but it is probable that when we have had a little more experience it will be found necessary to raise at least 200 of the quotations, chiefly in the used Colonial section, issues 1890 to date. The quotations are an interesting experiment which every collector should follow closely. It is worthy of note that several continental collectors have sent us in rare perforation and watermark varieties at the price of common ones, as for example, the Great Britain 5/- plate 4 wmk. anchor, at the price of the 5/- cross and a fine lot of the 1/- plate numbers at the price of the common plate 4 and 12. On the other hand, in the 80 cases where prices have fallen, our sale price now works out at under our buying quotation of a week ago, which we actually paid for our present stock.

Regular Weekly Service of New Issues

OUR New Issue Department receives a prompt supply of practically every new Colonial Stamp that is issued, including varieties of shade, perforation, paper, watermark, etc. (also many foreign new issues). About once a week (the day depends on the arrival of the mails) these are distributed amongst clients according to the requirements they have filed. Collectors wishing to take part in our weekly distribution (the promptest, cheapest and *most reliable* in the world) should open a deposit account. Send particulars as to what is required.

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs, or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

PRICES WE PAY.

Complete List costs 4d. only, post free on application.

Ewen's Stamp Quotations.

We think it advisable to point out to many collectors that our quotations are not fixtures. We distinctly stated that they would move upwards if demand exceeded supply and downwards if the reverse occurred.

Clients who wish to send us stamps to purchase must therefore remember that if they send us more of a stamp than we have a current demand for, supply will exceed demand and the quotation go down. We represent on the stamp market what the broker is on the Stock Exchange; we are not "jobbers," although for the sake of facilitating operations we endeavour to keep five to ten copies of each stamp always on hand.

Those collectors who buy and sell with us one stamp of each kind are those who find our scheme work most satisfactorily. Later on, when the Quotations have had time to become known everywhere, we may be able to buy and sell more extensively.

Even selling *one* stamp of each sort weekly, means handling 20,000 stamps singly, or a million per annum, a small item to the wholesale dealer in Continentals, but a considerable number to deal with separately.

We are prepared to buy any stamp at our quotations, subject to the advertised conditions, or we will sell them, if we have them, at 4d. in the 1/- premium. Any client who wishes to make out an order is requested to ask for a list (which will be sent for this purpose free) and to put a circle round all the stamps desired; that is to say, round the price, either unused or used, whichever is preferred.

PRICES WE PAY.

Complete List costs 4d. only, post free on application.

REVISED LIST (No. 2) NOW READY.

Regular Weekly Service of New Issues

OUR New Issue Department receives a prompt supply of practically every new Colonial Stamp that is issued, including varieties of shade, perforation, paper, watermark, etc. (also many foreign new issues). About once a week (the day depends on the arrival of the mails) these are distributed amongst clients according to the requirements they have filed. Collectors wishing to take part in our weekly distribution (the promptest, cheapest and *most reliable* in the world) should open a deposit account. Send particulars as to what is required.

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs, or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

Current Postage Stamps in Unused Sets.

INCLUDING ALL VALUES UP TO 1/- OR EQUIVALENT IN LOCAL CURRENCY.

THESE Sets are indisputably the best foundation for a collection, and at the same time the safest of investments. Their quality is the highest possible and their price a marvel of cheapness. What more can one possibly require? Nothing! (Unless it be the "High Values" on the following page!)

VIII. Returns Department. Stamps sent out by our Order Department are not returnable, but will be exchanged if defective. Booked orders are not returnable unless charged at a higher rate than that at which they were booked.

Regular Weekly Service of New Issues

OUR New Issue Department receives a prompt supply of practically every new Colonial Stamp that is issued, including varieties of shade, perforation, paper, watermark, etc. (also many foreign new issues). About once a week (the day depends on the arrival of the mails) these are distributed amongst clients according to the requirements they have filed. Collectors wishing to take part in our weekly distribution (the promptest, cheapest and *most reliable* in the world) should open a deposit account. Send particulars as to what is required.

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs, or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

PRICES WE PAY.

Complete List costs 4d. only, post free on application.

Ewen's Stamp Quotations.

We think it advisable to point out to many collectors that our quotations are not fixtures. We distinctly stated that they would move upwards if demand exceeded supply and downwards if the reverse occurred.

Clients who wish to send us stamps to purchase must therefore remember that if they send us more of a stamp than we have a current demand for, supply will exceed demand and the quotation go down. We represent on the stamp market what the broker is on the Stock Exchange; we are not "jobbers," although for the sake of facilitating operations we endeavour to keep five to ten copies of each stamp always on hand.

Those collectors who buy and sell with us one stamp of each kind are those who find our scheme work most satisfactorily. Later on, when the Quotations have had time to become known everywhere, we may be able to buy and sell more extensively.

Even selling *one* stamp of each sort weekly, means handling 20,000 stamps singly, or a million per annum, a small item to the wholesale dealer in Continentals, but a considerable number to deal with separately.

We are prepared to buy any stamp at our quotations, subject to the advertised conditions, or we will sell them, if we have them, at 4d. in the 1/- premium. Any client who wishes to make out an order is requested to ask for a list (which will be sent for this purpose free) and to put a circle round all the stamps desired; that is to say, round the price, either unused or used, whichever is preferred.

To obviate the necessity of frequent small remittances clients are recommended to open a current account with us, paying in periodically even sums of £1, £2, or so, as required. Balance will be returned at any time, on demand. A small account is sent out with every invoice when clients have deposit accounts, thus enabling them to see how their balance stands after each transaction.

Regular Weekly Service of New Issues

OUR New Issue Department receives a prompt supply of practically every new Colonial Stamp that is issued, including varieties of shade, perforation, paper, watermark, etc. (also many foreign new issues). About once a week (the day depends on the arrival of the mails) these are distributed amongst clients according to the requirements they have filed. Collectors wishing to take part in our weekly distribution (the promptest, cheapest and *most reliable* in the world) should open a deposit account. Send particulars as to what is required.

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs, or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

PRICES WE PAY.

Complete List costs 4d. only, post free on application.

Ewen's Stamp Quotations.

We think it advisable to point out to many collectors that our quotations are not fixtures. We distinctly stated that they would move upwards if demand exceeded supply and downwards if the reverse occurred.

Clients who wish to send us stamps to purchase must therefore remember that if they send us more of a stamp than we have a current demand for, supply will exceed demand and the quotation go down. We represent on the stamp market what the broker is on the Stock Exchange; we are not "jobbers," although for the sake of facilitating operations we endeavour to keep five to ten copies of each stamp always on hand.

Those collectors who buy and sell with us one stamp of each kind are those who find our scheme work most satisfactorily. Later on, when the Quotations have had time to become known everywhere, we may be able to buy and sell more extensively.

Even selling *one* stamp of each sort weekly, means handling 20,000 stamps singly, or a million per annum, a small item to the wholesale dealer in Continentals, but a considerable number to deal with separately.

We are prepared to buy any stamp at our quotations, subject to the advertised conditions, or we will sell them, if we have them, at 4d. in the 1/- premium. Any client who wishes to make out an order is requested to ask for a list (which will be sent for this purpose free) and to put a circle round all the stamps desired; that is to say, round the price, either unused or used, whichever is preferred.

No. 3 NOW READY.

Regular Weekly Service of New Issues

OUR New Issue Department receives a prompt supply of practically every new Colonial Stamp that is issued, including varieties of shade, perforation, paper, watermark, etc. (also many foreign new issues). About once a week (the day depends on the arrival of the mails) these are distributed amongst clients according to the requirements they have filed. Collectors wishing to take part in our weekly distribution (the promptest, cheapest and *most reliable* in the world) should open a deposit account. Send particulars as to what is required.

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs, or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further explanation sent on receipt of 1d. postage.

Current Postage Stamps in Unused Sets.

INCLUDING ALL VALUES UP TO 1/- OR EQUIVALENT IN LOCAL CURRENCY.

THESE Sets are indisputably the best foundation for a collection, and at the same time the safest of investments. Their quality is the highest possible and their price a marvel of cheapness. What more can one possibly require? Nothing! (Unless it be the "High Values" on the following page!)

Ewen's Stamp Quotations.

We think it advisable to point out to many collectors that our quotations are not fixtures. We distinctly stated that they would move upwards if demand exceeded supply and downwards if the reverse occurred.

Clients who wish to send us stamps to purchase must therefore remember that if they send us more of a stamp than we have a current demand for, supply will exceed demand and the quotation go down. We represent on the stamp market what the broker is on the Stock Exchange; we are not "jobbers," although for the sake of facilitating operations we endeavour to keep five to ten copies of each stamp always on hand.

Those collectors who buy and sell with us one stamp of each kind are those who find our scheme work most satisfactorily. Later on, when the Quotations have had time to become known everywhere, we may be able to buy and sell more extensively.

Even selling *one* stamp of each sort weekly, means handling 20,000 stamps singly, or a million per annum, a small item to the wholesale dealer in Continentals, but a considerable number to deal with separately.

We are prepared to buy any stamp at our quotations, subject to the advertised conditions, or we will sell them, if we have them, at 4d. in the 1/- premium. Any client who wishes to make out an order is requested to ask for a list (which will be sent for this purpose free) and to put a circle round all the stamps desired; that is to say, round the price, either unused or used, whichever is preferred.

Senf's new 1905 Catalogue can be obtained from the Colonial Stamp Market. The price was wrongly advertised last week as 2/6. It should be:—

Adhesives only,	3/o.	Postage,	6d.
Stationery only,	1/6.	,,	3d.
Both in one volume,	4/o.	,,	7d.

Kohl's 1905 Catalogue, adhesives only, will also be supplied at 3/-, plus 6d. postage, as soon as published.

No. 4 of Ewen's Stamp Quotations may be expected in about a week. We find that the numerous fractions, ¼d., ½d., ¾d., ⅓d., are very bewildering, especially to foreigners. We have therefore decided to adopt the decimal system to a certain extent; that is to say, all fractions will be given in 'tenths.' Instead of ½d. we shall put '$\frac{5}{10}$d.'; instead of ¼d., '$\frac{2}{10}$d.' (in this case losing the difference between ¼d. and $\frac{2}{10}$d., *i.e.*, $\frac{1}{20}$d. on several thousand stamps which we have already purchased at ¼d. and had hoped to sell at one-third above that sum). Instead of '*a*' we shall put '$\frac{1}{10}$d.,' and stamps priced at this figure we shall not buy. It is almost a question whether it pays us to buy stamps singly when priced even $\frac{2}{10}$d. Every stamp has to be carefully examined for possible defects and our *gross* profit on each such stamp is only $\frac{1}{15}$d.!

* * *

The plan we are adopting in order that the quotations may develop into a really reliable guide to market values is as follows: Whenever we cannot execute an order for a stamp, we put a mark against the stamp and if up to the time of sending the next list to press, no specimens have been received, we put up the quotation one-tenth.

* * *

On the other hand, if stamps are sent us to buy, and we already have 2 or 3 copies in stock, we endeavour in every possible way to find some excuse for not buying (we do not refuse stamps without a good reason), as for instance, a slight tear, heavy cancellation, non-observance of conditions, etc. If the would-be vendor has so baited his trap that we cannot get out of it on any such grounds, we either buy the stamp or mark the quotation down one-tenth. In this latter case, we have to make a dead loss of 10% on all the copies we already have in stock.

* * *

Our clients will thus appreciate one of our principal difficulties. If we only advance stamps when we fail to execute orders, it obviously follows that fluctuations upwards never give us a halfpenny of profit. It is the collectors who have bought us out who alone gain. On the other hand every fall represents a certain loss to us.

* * *

Another difficulty is 'arbitraging.' Our Stock Exchange Glossary defines "arbitrage" as "a term applied to stock and share transactions between markets in two or more countries in securities common to these markets. Simply put, it is buying in the cheaper and selling in the dearer market . . . etc." Much the same difficulty occurs with stamps. Such a stamp as the 9d. 1865 of Great Britain (we mention a variety not listed in our quotations), is difficult to be found in this country. Demand has so far exceeded supply that Gibbons have put it up to 17/6. But go to Russia and supply will be found to exceed demand. The postal rate from England to Russia, was 9d. in 1865, and this stamp frequently turns up on old correspondence. Some few years ago we even had a parcel of several hundred of this scarce stamp offered us from one source alone. Similarly in certain countries there is a greater demand than in England. For instance, "Inter-Island" Hawaiians will sell at higher prices in the United States than anywhere else. These transactions do not exactly mean the same as the Stock Exchange "arbitrage," but are sufficiently near for comparison.

In order that our Quotations may represent the exact market values, we have to go all over the world and find the cheapest place to buy and the dearest places to sell. But if the difference exceeds 33⅓%, we have to buy dearer than we need or sell cheaper than we need!

* * *

Whatever may be the result to us, there is no doubt that collectors generally will benefit very considerably if these quotations can be worked on a sufficient scale, and we trust therefore to receive their regular support, not only by dealing with us themselves but by recommending their friends.

* * *

The Rev. E. Heath, writes:—

"I am glad to have this means of obtaining stamps I wish at once to have, but shall be glad to know whether you intend keeping any note of those you cannot at the time provide, *for a time*, or whether one has to mark again, with the next application, those one failed to get before, if one still desires them? Your plan, however, seems to provide no means of obtaining the often more valuable stamps, wmk. CC. when there has been a much more recent issue in same colour wmk. CA. for example."

* * *

In reply to this letter, we would state that we cannot undertake to book orders for stamps given on the basis of our Quotations. The order should be repeated every three weeks as each succeeding list appears. Perseverance will no doubt be rewarded in the end.

* * *

Neither can we go into the difference of watermarks and perforations. Our list would be swelled to such an extent that we could not afford to print it and even if we could it would cost double-postage. Secondly, all the work of buying and selling is done by employees who do not understand or who have a very slight knowledge of watermarks and perforations. Mistakes would occur, specimens with perfs. clipped would be bought as imperf. and so on. Think of the chaos in such departments as Australia! The work would never get done if we had to examine watermarks and perforations.

* * *

Collectors should note the fact carefully that many bargains in the way of minor varieties may be had. For instance, we happen to have noticed that our Jamaica 6d. lilac, used, are mixed wmk. pineapple, cat. 2/- and wmk. Crown CC., cat. 6d. As our quotation is 2d., we sell at 2¾d., at which price either (and especially the pineapple variety) is cheap. We noticed this because a client returned a specimen wmk. pineapple alleging that it was faded! Of course, the colour in that issue is never so bright.

* * *

Another customer writes that he ordered six 2d. blue, Great Britain, 1841, at 1¾d. each, and our employees sent him four ordinary, one with Maltese Cross and No. 1 postmark, and a 2d., S.C., perf. 16 (this last is according to our standard equally "2d. 1841" with the imperforate variety).

* * *

To-day a client sent us in a 6d. grey-green, plate 17, with wmk. inverted, at 1d.! It was quite by chance we noticed the peculiarity, when turning it over for possible defects, and needless to say it was rescued from a 1¾d. fate! But once the stamps get into our stock-books they are sold to whoever first asks for them.

* * *

Curiously, no one entered for our competition last week! Ten shillings and other prizes literally going a-begging.

* * *

A client in the United States, writes:—"You have in general sent me such a magnificent lot of stamps that I wish to have everything as perfect as possible. I may say that owing to your care I believe I have one of the most perfect Collections of 20th century British Colonial stamps in existence as far as condition is concerned, all except a few New Zealand, being practically perfect as regards centering, &c. So if I appear to be a little too particular at times you may know that I am only trying to maintain the high standard so far attained."

Ewen's Stamp Quotations.

We think it advisable to point out to many collectors that our quotations are not fixtures. We distinctly stated that they would move upwards if demand exceeded supply and downwards if the reverse occurred.

Clients who wish to send us stamps to purchase must therefore remember that if they send us more of a stamp than we have a current demand for, supply will exceed demand and the quotation go down. We represent on the stamp market what the broker is on the Stock Exchange; we are not "jobbers," although for the sake of facilitating operations we endeavour to keep five to ten copies of each stamp always on hand.

Those collectors who buy and sell with us one stamp of each kind are those who find our scheme work most satisfactorily. Later on, when the Quotations have had time to become known everywhere, we may be able to buy and sell more extensively.

Even selling *one* stamp of each sort weekly, means handling 20,000 stamps singly, or a million per annum, a small item to the wholesale dealer in Continentals, but a considerable number to deal with separately.

We are prepared to buy any stamp at our quotations, subject to the advertised conditions, or we will sell them, if we have them, at 4d. in the 1/- premium. Any client who wishes to make out an order is requested to ask for a list (which will be sent for this purpose free) and to put a circle round all the stamps desired; that is to say, round the price, either unused or used, whichever is preferred.

A CORRESPONDENT writes: "Northern Nigeria, Queen's Head, 2/6 green, your quotation 6/- unused; I will take up to 20 of them at 33⅓% profit, cash in advance, if you notify you can supply."

We don't know whether our correspondent is a holder of the 2/6 N. Nigeria or not, but his order is in itself sufficient to defeat the object with which it is ostensibly sent. So large a demand much exceeds the supply, with the result that the moment it is received our quotation automatically moves up and prevents our supplying a single copy. As a matter of fact we have no 2/6 N. Nigeria in stock, and no one has offered to sell us any at 6/-, so that in any case the quotation has to be advanced. But the moral may be noted by collectors who really wish to buy:—"Don't order more copies than you think we are likely to have in stock, or you will cause our quotation to move up and so get none at all."

Similarly, no one should send us more copies than they think we are likely to have a demand for, or the quotation will *instantly* fall and we shall be prevented from buying any at all. Take the Cape 5/- orange, "Hope Seated," for instance. Our quotation started at 4d., and as we sold rather more than we bought we advanced it to 4½d. On this basis, however, we sold none at all, so that in the ordinary course the quotation would have fallen again to 4d. But a South African client, who had only seen our 4d. quotation, has just sent us 320 at that rate! We cannot imagine what he thinks we should do with them, notwithstanding that they are fine lightly cancelled copies and mostly in blocks of four and eight. The only result is to force our quotation down to 3$\frac{31}{40}$d., and this happening we cannot buy a single one of his copies at 4d. As these stamps are catalogued 1/- by Gibbons and 1/3 by Senf, they ought surely to be worth 5½d., but our demand is only about four or five copies weekly. Were we to advertise them specially, or send them out on approval, we should certainly sell large quantities, but we are far too busy to take the latter course.

Two testimonials we have just received:—(1) from Berlin:—"Ich bestelle lieber bei Ihnen, da ich Alles dort besser und viel billiger erhalte." (2) From West Australia:—"It's a pity I did not send my subscription earlier, a five shilling pity in fact; any way enclosed you will find 10/- for annual subscription and back numbers 217 to 248 inclusive; kindly name price for Nos. 1 to 162." *E.W.S.N.* up to the end of 1903 costs 47/6 post free. By the way, in a fortnight *E.W.S.N.* will be five years old!

It has rather surprised us that we have been unable to maintain our quotations for mint unused Seychelles. This Colony, owing to the absence of watermark and perforation varieties, is one of the most popular amongst stamp collectors. Yet although our prices are extremely low, supply has nevertheless exceeded the demand. Take for instance the following three scarce stamps.

	Gibbons cat.	Senf cat.	Our prices. Purchase.	Sale.
36c. brown and rose	10/0	10/0	3/6	4/8
48c. yellow and green	4/6	5/0	2/3	3/0
96c. lilac and rose	17/6	15/0	7/6	10/0

Surely these stamps should be worth the latter prices? Still, since supply exceeds demand, we have no alternative but to reduce our quotation, even though doing so involves us in a certain loss on our existing stock.

When reading an article in an American journal entitled "Weaknesses of British Business Methods," we came across the following paragraph:—

> The lack of fixed and standard prices is another feature of English business methods that comes as a surprise to the American and works great harm to the British merchant. This applies to the retail as well as the wholesale trade. A man goes into a London store, let us say, to buy a steamer rug. While he is making his selection he overhears the conversation between an English customer and a clerk—which consists of a gradual diminishing of the price asked and a corresponding increase of the price offered, until a bargain is finally struck. Then the American tries this process of "dickering"—with the result that he finally secures the rug at a much less price than was originally asked for it. He may have bought the article below its real market value, but he is not at all sure of it and he is harassed with suspicion that probably he has paid altogether too dearly.

The article was an attack on British business methods in general, and the writer did not mention any particular trade. The above remarks seem however peculiarly applicable to the stamp trade, scarcely a single member of which (throughout the world as well as in Britain) has fixed prices, although the fluctuations are generally disguised under the name of discount. Where the poor man gets 10% or nothing, the rich man gets 20%, that is, if he knows his way about! The Colonial Stamp Market stands probably alone in going to the other extreme. Not only are prices fixed but the buyer who spends £1000 pays exactly the same prices as his poorer confrère who spends 1/-. Collectors who conform to our condition concerning "cash in advance" know that what they are buying *they could not get the least fraction cheaper.* We recommend these remarks to the notice of collectors who have not yet done business with us. The only drawback in dealing with us is perhaps that our rules are strict and we prefer to lose a customer rather than make all sorts of quixotic exceptions to them.

Our No. 4 Quotations are expected to be ready to-day or Monday. No. 3 were sold out about ten days ago, hence the delay in replying to enquiries. All fractions of a penny are given in the new Quotations as "¼d.," "½d." and "¾d." as before, the "⅓d." and "⅔d.," etc., have been entirely eliminated. We decided not to make the change to tenths just yet, because we are not yet in a position to buy or sell more than 2 or 3 copies of each stamp at a time. We get ½th of a penny profit on each stamp quoted at ¼d., and when only one of each kind is dealt in and the order is spread over the whole 12-page catalogue, we are apt to find that our employee's time executing the order costs us more than the entire profit on the transaction. Were we to make our minimum quotation ⅒d., we should be selling stamps at only ⅕oth of a penny over cost! Such depths of cheapness are impossible.

* * *

Were we to admit quotations such as ⅒th, we should have to make it a condition that the average value of the stamps came to at least ¼d. or even 1d. In fact, even as matters are, we should be greatly obliged by clients if they would endeavour to make their orders average at least 1d. per stamp. These remarks are, of course, intended to apply to the junior collector who usually prefers quantity to rarity for his 2/6 or 5/-.

* * *

We offer to send any stamps ordered according to our quotations *on approval*, but we are afraid several clients did not understand that this referred to condition only. We cannot make up orders merely for clients to compare shades, etc. For instance, one client who ordered the "6d. lilac, 1st issue, Bahamas," actually wished to reject it because it was not (in his opinion) lilac but violet. This sort of thing is unfair to us, as it must be obvious to anyone that we use lilac as a generic term for all shades of lilac, purple, violet, mauve, etc., and not as a special name for one particular shade. Similarly "red" includes rose, lake, carmine, vermilion, etc., although we sometimes make use of "rose" also.

* * *

A catalogue of postage stamps printed entirely in Russian has just come into our possession, although apparently published in 1901. The 'Senf' and 'Kohl' catalogues of Germany, the 'Scott' of the United States, the 'Galvez' of Spain, the *Catalogue Officiel* of France, are standard catalogues well-known to us, but we must confess to never having before heard of the Catalogue Sokol (or Adelheim?). It is published at Kiev, by Mr. A. Sokol, and contains 547 pages with 2,000 illustrations. The system of arrangement is similar to that of Senf., and all varieties of watermark, perforation, shades, etc., are omitted. When a Russian wishes to say "perf. 14," for instance, he is compelled to remark "s'tchetürnatsatümi zubtsikami," which perhaps accounts for the unpopularity of perforation collecting! Surcharged stamps cannot be described in an easier manner than "vspomogatelhnüya marki," whilst 'watermark' transforms itself into 'vodyanoy znak,' which is not so bad. Joking apart, though, the Russian language is an excellent one for anyone to learn. Collecting the words in one's memory is an excellent substitute for stamp-collecting, as one can buy a dictionary large enough to last a life-time for a few shillings!

* * *

Some one recently addressed us "The Ewen Colonial Stamp Works." Did the writer (who was in no way a stamp-collector) imagine it was the custom for dealers to make their stamps? Or perhaps he had never heard of stamp-dealers and supposed we were Government contractors like Messrs. De la Rue & Co. or Waterlow & Sons.

* * *

Mr. Chas. Rule writes:—"I have received stamps safe, and am very pleased with same. They are the cheapest lot I have ever purchased. I should be very pleased if you would send me your No. 4 list as soon as it is published, and I shall send you a further list of wants."

* * *

Wanted.—We should be extremely obliged to any and all readers who would give us the names and addresses of reliable stationers having shops in good positions in their respective native towns. For every name and address which, after enquiry proves to be suitable for our purpose, we will give a mint unused set of Aitutaki, face value 2/1.

* * *

The new set of King's Head Somaliland stamps is expected very shortly. We have already received the ½ and 1 anna and a few of the other values.

Market Notes.

That the 1904-05 philatelic season is likely to be a good one is evidenced by the large amount of business that is already offering. Our mail last Monday (the day these lines were written), was almost a record. It took an hour and three quarters to simply open the letters received by the first post and take the money out. No time to read one of them! The money is removed by the managing director, and the letters are then sent to another office to be sorted, unless marked 'private.'

* * *

When we started our Quotations we found more sellers than buyers, but the reverse is now the case. Few collectors in this country seem to have good duplicates, or else they do not care to part with them. Consequently we are running out of stock of many things. One client who sent a £12 order, obtained only 20/- worth! As a general rule, though, we execute about 50% of stamps applied for. This coming month we are giving the Quotations a wide circulation on the Continent and hope to fill up our wants.

* * *

Later.—We have just had a fine collection sent us, which has enabled us to fill up many of our blanks, so that there is more hope for orders received during the coming week. We take the opportunity of circulating the first four pages of our Quotation List with this number of *E.W.S.N.* We are fairly strong in unused Colonials, in irreproachable mint condition, and invite our readers to send a trial order. The conditions should be carefully noted.

* * *

The Editor is still buying Railway Letter stamps. Last week's purchases included a selection amounting to £201 from the approval books of Mr. Walter Morley, the Catford dealer. Collectors who have even only a few odd copies put away, would be well advised to send them up for inspection. They may be rarities.

* * *

What are Great Britain 1d. venetian red of 1880 worth unused? Our quotation is face value but no one seems to want the stamp at 1½d., although it is catalogued 4d. We have used up about 50 on our correspondence lately.

* * *

We can offer the following at special rates this week.

Great Britain, 1884, Queen's Head, 2/6 lilac, mint, 3/4; 5/- rose, mint, 6/8; 10/- blue, mint, 13/4.

* * *

The result of our remarks last week concerning the 96c. Seychelles has been an overwhelming number of enquiries for this stamp and consequently nearly everyone had to go without. Why not have ordered it a few weeks ago? There are many other bargains offered in the present Quotations, but we dare not mention them as we should get far more orders than we could supply.

* * *

Several collectors have expressed their disappointment that they do not get all they ask for, but this is unavoidable at present. It is only three months since the Quotations were started. We would point out that stamps which are frequently out of stock are the stamps *which other people are buying* and which are likely to be going up in price. On the other hand, when a dealer practically says he will guarantee execution of orders in full, it means either that he expects a small sale or that his supply is almost unlimited, in either of which cases no advance may be immediately expected. We would therefore advise collectors who fail to get stamps to repeat their orders every three or four weeks, as such stamps are the ones most likely to be a good investment.

* * *

A correspondent writes:—"I have not been able to get last Saturday's *Stamp News* through my news-agent in the usual way. One misses it now very much, being used to having it so regularly."

We suppose our wholesale agents must have sold out; with the beginning of the season there is generally an increased demand.

Wanted.—We should be extremely obliged to any and all readers who would give us the names and addresses of reliable stationers having shops in good positions in their respective native towns. For every name and address which, after enquiry proves to be suitable for our purpose, we will give a mint unused set of Aitutaki, face value 2/1.

£100 cash order for 1/-.
£200 ,, ,, ,, 2/-.

For 1/- (to cover the value of our employee's time marking one of our quotation lists with circles round stamps wanted) we will send anyone a *definite* £100 cash order for stamps, none of which are quoted over £5. If the stamps are delivered to us in fine condition within two days *we will bind ourselves to keep them*, but not more than one specimen of each sort must be sent and our conditions concerning mounting must be observed.

* * *

If any collector or dealer possessing a good stock of duplicates, would care to receive a £100 order at the prices of our Quotations (No. 4), let him send along his shilling and either the same or the following day we will go through our stock and mark a Quotation list with our wants. These will not necessarily be rare stamps; there are a large number of quite common stamps we require. For two days we will hold ourselves ready to purchase such stamps and pay *nett cash by return of post.*

* * *

Similarly for a fee of 2/- we will give a definite £200 order for stamps. Foreign countries as well as British Colonies will be included in our want list.

* * *

For 6d. we will send a copy of our Quotations with our wants in any particular country marked, the same conditions attaching.

* * *

Of course, it must be clearly understood that we only buy undamaged, unfaded, well-centred copies, postmarked if used; mint with gum if unused. It is utterly useless to send any others, even at half or quarter prices.

* * *

The above are only a portion of our wants; the want-list of a single client in fact. In many cases we have no doubt we could use half-a-dozen copies or more. We have plenty of cash; where are the collectors with stamps to sell?

* * *

If any reader should meet with a 4d. envelope stamp of Great Britain, similar to that described in this issue of *E.W.S.N.*, the Editor will give £3 for it. The sum of £1 is still on offer for a mint cut square copy of 1/- die 8. Many other varieties wanted, especially ½d., 1d. and 6d. values.

Collectors who don't want to sell any stamps may perhaps be getting tired of reading about our wants, so we will proceed to enumerate a few special items we have for sale.

Market Notes.

If any collector or dealer possessing a good stock of duplicates, would care to receive a £100 order at the prices of our Quotations (No. 4), let him send along one shilling and either the same or the following day we will go through our stock and mark a Quotation list with our wants. These will not necessarily be rare stamps; there are a large number of quite common stamps we require. For three days we will hold ourselves ready to purchase such stamps and pay *nett cash by return of post.*

* * *

Of course, it must be clearly understood that we only buy undamaged, unfaded, well-centred copies, postmarked if used; mint with gum if unused. It is utterly useless to send any others, even at half or quarter prices.

PRICE LIST. NO. 148. OCTOBER 22, 1904 [SUPPLEMENT TO "E.W.S.N." No. 265.

Market Notes.

If any collector or dealer possessing a good stock of duplicates, would care to receive a £100 order at the prices of our Quotations (No. 4), let him send along one shilling and either the same or the following day we will go through our stock and mark a Quotation list with our wants. These will not necessarily be rare stamps; there are a large number of quite common stamps we require. For three days we will hold ourselves ready to purchase such stamps and pay *nett cash by return of post.*

* * *

Of course, it must be clearly understood that we only buy undamaged, unfaded, well-centred copies, postmarked if used; mint with gum if unused. It is utterly useless to send any others, even at half or quarter prices.

CHEQUES PAYABLE TO EWEN'S COLONIAL STAMP MARKET, LIMITED; POSTAL AND MONEY ORDERS PAYABLE AT "ANERLEY ROAD," LONDON, S.E.

PRICE LIST, NO. 149. OCTOBER 29, 1904 [SUPPLEMENT TO "E.W.S.N." No. 266.

Market Notes.

If any collector or dealer possessing a good stock of duplicates, would care to receive a £100 order at the prices of our Quotations (No. 4), let him send along one shilling and either the same or the following day we will go through our stock and mark a Quotation list with our wants. These will not necessarily be rare stamps; there are a large number of quite common stamps we require. For three days we will hold ourselves ready to purchase such stamps and pay *nett cash by return of post.*

Of course, it must be clearly understood that we only buy undamaged, unfaded, well-centred copies, postmarked if used; mint with gum if unused. It is utterly useless to send any others, even at half or quarter prices.

* * *

Quotations No. 5.—As it is now five weeks since our last list was published, we are now preparing No. 5. A very great many stamps will have to be advanced, as demand exceeds supply. Since 24th September, the date on which No. 4 list was published, we have kept a careful record of the stamps asked for and not supplied owing to being out of stock, and we find that no fewer than 1,100 different kinds were asked for under such disappointing conditions! In accordance with the principles on which we run the Quotations, every one of these 1,100 stamps will be advanced in price $\frac{1}{10}$th or more in the new list.

* * *

For some stamps we received almost daily demands and some of the orders were for as many as 1,000 copies. Such stamps are evidently marked too low and must be advanced $\frac{1}{4}$th or more.

* * *

During the same period, about 200 different kinds were sent to us in larger quantities than we consider it advisable to stock, and in accordance with our fixed principles, each of these 200 stamps will be reduced in price, notwithstanding that we shall make a loss on what we have in stock.

* * *

We shall continue to reduce quotations if supply exceeds demand and raise quotations if demand exceeds supply. By these means we believe our Quotations will become in time a better guide to values than any list compiled under other systems could be. But it is impossible to attain anything approaching perfection at once.

* * *

We are exceedingly obliged to those Collectors who persevere with their orders, notwithstanding that only about half or a third is executed. As time goes on and our Quotations find the true level regardless of catalogue prices, we shall hope to execute orders more nearly in full. In the meantime, however, it is just as disappointing to us to execute only half an order, as it is to the collector to receive such. Last week, for instance, a continental collector sent us a £41 order and deposited the whole of the money, but we could only supply £21 of the stamps. This meant a loss of £20 worth of business, which would have represented £5 of profit (without counting expenses, of course.)

* * *

Collectors who wish to give us an order on the basis of the Quotations can have a copy sent post free.

Railway Letter Stamps. This catalogue, No. 2, 1904, is now in the press, and will be ready about the end of next week. Orders can now be booked, 3/6 post free.

Ewen's Colonial Stamp Market, Ltd.

Dealers in unused Colonial Stamps in singles, sets and sheets. New Issues of all countries. Largest stock in the world of current Colonial Stamps (outside Government stores).

All Correspondence should be addressed to Ewen's Colonial Stamp Market, Limited, Norwood, London, S.E. Telephone, 579 Sydenham.

CHEQUES PAYABLE TO EWEN'S COLONIAL STAMP MARKET, LIMITED; POSTAL AND MONEY ORDERS PAYABLE AT "ANERLEY ROAD," LONDON, S.E.

PRICE LIST, NO. 150. NOVEMBER 5, 1904 [SUPPLEMENT TO "E.W.S.N." No. 267.

Market Notes.

Quotations No. 5 are now ready and will be sent post free anywhere for 4d. To clients who wish to send us orders, we will have pleasure in sending it free of charge.

* * *

We have bought heavily the last few weeks and now have a more complete stock than at any previous time.

* * *

It would mutually save a lot of time and trouble if clients would observe our condition No. 3. It is absolutely and utterly useless to send us damaged copies; the slightest defect in a stamp brands it as damaged. We do not accept torn, thinned, or perf.-missing-at-corner stamps at any price whatever, nor no-gum unused and heavily-cancelled used specimens. All specimens must have genuine postal cancellations and well-centred; if imperforate, they must have good margins.

* * *

Provided this and our other conditions regarding arrangement are observed, we are open to buy practically everything that is sent and will remit prompt cash for it. If more than 10 copies of a stamp are sent us, a fall in our Quotation will result unless we have a correspondingly large demand, so that when sending quantities, it is advisable to make a reduction.

* * *

Except in rare cases, we do not care to dispose of more than three copies of any one stamp to a client, and very much prefer orders in which only one stamp of each kind is asked for.

* * *

It is not necessary, when ordering, to return us the whole Quotation list. If, for instance, the stamps of New South Wales and New Zealand are being ordered, this page (or even column) may be cut out and sent us by itself.

* * *

Railway Letter Stamps, No. 2.—This catalogue has been slightly delayed through difficulties with the blocks for the illustrations, but we expect to receive a first supply from the printers early next week. The Edition will be limited to 250 copies.

* * *

We are considering the possibility of compiling and publishing an illustrated price-catalogue of Railway Parcel and Newspaper Stamps (first issued in 1855), and should be glad to hear from Collectors interested in such a project. The great difficulty lies in the fact that no official records are forthcoming and there must have been issued a large number of varieties which are now entirely unknown to Collectors. At best, therefore, the Catalogue would be a list of varieties known to the principal half-dozen Collectors.

* * *

Remittances are preferred by cheque payable to "Ewen's Colonial Stamp Market, Ltd." or by postal orders payable to "H. L. Ewen" uncrossed; name of Post Office left blank.

Market Notes.

Quotations No. 5 are now ready and will be sent post free anywhere for 4d. To clients who wish to send us orders, we will have pleasure in sending it free of charge.

* * *

It would mutually save a lot of time and trouble if clients would observe our condition No. 3. It is absolutely and utterly useless to send us damaged copies; the slightest defect in a stamp brands it as damaged. We do not accept torn, thinned, or perf.-missing-at-corner stamps at any price whatever, nor no-gum unused and heavily-cancelled used specimens. All specimens must have genuine postal cancellations and well-centred; if imperforate, they must have good margins.

* * *

Provided this and our other conditions regarding arrangement are observed, we are open to buy practically everything that is sent and will remit prompt cash for it. If more than 10 copies of a stamp are sent us, a fall in our Quotation will result unless we have a correspondingly large demand, so that when sending quantities, it is advisable to make a reduction.

* * *

Remittances are preferred by cheque payable to "Ewen's Colonial Stamp Market, Ltd." or by postal orders payable to "H. L. Ewen" uncrossed; name of Post Office left blank.

Market Notes.

Quotations No. 5 are now ready and will be sent post free anywhere for 4d. To clients who wish to send us orders, we will have pleasure in sending it free of charge.

* * *

It would mutually save a lot of time and trouble if clients would observe our condition No. 3. It is absolutely and utterly useless to send us damaged copies; the slightest defect in a stamp brands it as damaged. We do not accept torn, thinned, or perf.-missing-at-corner stamps at any price whatever, nor no-gum unused and heavily-cancelled used specimens. All specimens must have genuine postal cancellations and well-centred; if imperforate, they must have good margins.

* * *

Provided this and our other conditions regarding arrangement are observed, we are open to buy practically everything that is sent and will remit prompt cash for it. If more than 10 copies of a stamp are sent us, a fall in our Quotation will result unless we have a correspondingly large demand, so that when sending quantities, it is advisable to make a reduction.

* * *

Remittances are preferred by cheque payable to "Ewen's Colonial Stamp Market, Ltd." or by postal orders payable to "H. L. Ewen" uncrossed; name of Post Office left blank.

All Correspondence should be addressed to Ewen's Colonial Stamp Market, Limited, Norwood, London, S.E. Telephone, 579 Sydenham.

CHEQUES PAYABLE TO EWEN'S COLONIAL STAMP MARKET, LIMITED; POSTAL AND MONEY ORDERS PAYABLE AT "ANERLEY ROAD," LONDON, S.E.

PRICE LIST, NO. 153. NOVEMBER 26, 1904 [SUPPLEMENT TO "E.W.S.N." No. 270.

Market Notes.

Our sets list on page ii. has been revised this week and considerably extended. The recently obsolete sets now included are not likely to be offered again when our present supply is exhausted, as we have no means of obtaining further unmounted supplies. Clients are requested to note that the index numbers of the sets have been altered throughout.

* * *

A sign of the great popularity of current unused Colonial stamps is the large number of asterisks now figuring in our lists. We cannot import the stamps quick enough, the demand is so keen. During the last six weeks however we have made larger remittances than usual to the Colonies and hope to have the majority of stamps in stock again during December. In order to make sure of getting the stamps, it would be advisable to book the orders in good time.

* * *

We have for disposal the following specialized collections.

Panama, several thousand stamps including sheets, cat. about £400, price, £150 net.

Cook Islands, arranged according to the descriptive list in *E.W.S.N.* No. 270, price, £85 nett.

They can be sent on approval.

* * *

Quotations No. 5 are now ready and will be sent post free anywhere for 4d. To clients who wish to send us orders, we will have pleasure in sending it free of charge.

* * *

It would mutually save a lot of time and trouble if clients would observe our condition No. 3. It is absolutely and utterly useless to send us damaged copies; the slightest defect in a stamp brands it as damaged. We do not accept torn, thinned, or perf.-missing-at-corner stamps at any price whatever, nor no-gum unused and heavily-cancelled used specimens. All specimens must have genuine postal cancellations and well-centred; if imperforate, they must have good margins.

* * *

Provided this and our other conditions regarding arrangement are observed, we are open to buy practically everything that is sent and will remit prompt cash for it. If more than 10 copies of a stamp are sent us, a fall in our Quotation will result unless we have a correspondingly large demand, so that when sending quantities, it is advisable to make a reduction.

* * *

Remittances are preferred by cheque payable to "Ewen's Colonial Stamp Market, Ltd." or by postal orders payable to "H. L. Ewen" uncrossed; name of Post Office left blank.

Ewen's Colonial Stamp Market, Ltd.

Dealers in unused Colonial Stamps in singles, sets and sheets. New Issues of all countries. Largest stock in the world of current Colonial Stamps (outside Government stores).

All Correspondence should be addressed to Ewen's Colonial Stamp Market, Limited, Norwood, London, S.E. Telephone, 579 Sydenham.

CHEQUES PAYABLE TO EWEN'S COLONIAL STAMP MARKET, LIMITED; POSTAL AND MONEY ORDERS PAYABLE AT "ANERLEY ROAD," LONDON, S.E.

PRICE LIST, NO. 154. DECEMBER 3, 1904 [SUPPLEMENT TO "E.W.S.N." No. 271.

Market Notes.

We have for disposal the following specialized collections.

Panama, several thousand stamps including sheets, cat. about £400, price, £150 net.

Cook Islands, arranged according to the descriptive list in *E.W.S.N.* No. 270, price, £85 nett.

They can be sent on approval.

* * *

Quotations No. 5 are now ready and will be sent post free anywhere for 4d. To clients who wish to send us orders, we will have pleasure in sending it free of charge.

* * *

It would mutually save a lot of time and trouble if clients would observe our condition No. 3. It is absolutely and utterly useless to send us damaged copies; the slightest defect in a stamp brands it as damaged. We do not accept torn, thinned, or perf.-missing-at-corner stamps at any price whatever, nor no-gum unused and heavily-cancelled used specimens. All specimens must have genuine postal cancellations and well-centred; if imperforate, they must have good margins.

* * *

Provided this and our other conditions regarding arrangement are observed, we are open to buy practically everything that is sent and will remit prompt cash for it. If more than 10 copies of a stamp are sent us, a fall in our Quotation will result unless we have a correspondingly large demand, so that when sending quantities, it is advisable to make a reduction.

* * *

Remittances are preferred by cheque payable to "Ewen's Colonial Stamp Market, Ltd." or by postal orders payable to "H. L. Ewen" uncrossed; name of Post Office left blank.

Control Letters and Marks of British Stamps.

We should be greatly obliged to collectors who will send any of these they may meet with for inspection. We require the whole bottom row of margin, with or without stamps attached. We shall publish the result of our further researches in our Christmas Number, which goes to press on Saturday, 17th December.

PRICE LIST, NO. 155. DECEMBER 10, 1904 [SUPPLEMENT TO "E.W.S.N." No. 272.

Market Notes.

What are Queen's Head Northern Nigeria Stamps worth? The price we asked last week for complete unused sets—80/—seemed to us fairly high but in the result we had to refuse orders for two single sets, and one set in blocks of four. If any collector would care to sell, we are now paying 65/- per set.

* * *

During the six months just before these stamps became obsolete, we sold 75 sets up to and including the 10/- but previously we must have had several hundred sets through our hands. Where have they all got to?

* * *

Where do the collectors come from who are willing now to pay so high for these stamps? Why did they not take the opportunities of buying the stamps cheap when they were current (1900 to June 1902)? Every week we used to say "buy stamps whilst they are current and cheap." Yet, it seems, many collectors preferred to listen to the dealer who said:—"Buy my nice old issues on which I get cent per cent profit; current issues are cheap and nasty!" But note the change in two or three years time! Then the dealer brings out his stock of erstwhile current stamps (which, by the way, he put in his safe when they were current) and the deluded collector is invited to buy them at five times face value, which strange to say, he often does eagerly. But it is a mystery why.

* * *

Our advice is the same as it always has been; buy stamps whilst they are current. If you keep them less than five years, you are not likely to lose anything when you come to sell; keep them over five years, and you will almost inevitably make a profit. But in either case, it is a first principle to buy no more of one stamp than another and only in sets, preferably up to the £1 value.

* * *

Don't buy a lot of one or two stamps and above all don't take the advice of casual friends. If a friend tells you such and such a stamp is going to be rare, try and sell him what you have at a profit; you will probably find he is trying to sell you his!

* * *

The Northern Nigeria Queen's Head set is by no means an isolated example of a series recently current now being rare. The collector who regularly subscribes to our new issue service gets many bargains from time to time. We supplied everyone, for instance, with the Cyprus 18 piastres, King, single wmk. at 2/4; the 9 piastres was unfortunately only supplied to those collectors (debenture-holders) at the head of our list, the price charged being 1/2 each! We supplied all clients on our new issue list, too, with the 2d. Queen's Head Gold Coast at only 8d. each. On the other hand, some stamps may fail to advance but no loss occurs, as any current set, even if sold at auction, will realize, after deducting commission, very close on face value. Current sets frequently fetch more at auction than the prices at which we sell them!

* * *

A client writes with regard to this same subject of Queen's Head Northern Nigeria:—"I had only a sheet of 60 of each [only!—ED.] and don't know why I didn't buy more, except that I was not buying freely at the time. I sold a good lot at £3 7s. 6d. a set some time ago and I have sold the 10/- singly at 40/- to 45/- each. I think they will go up, principally because I can't find out that they are to be had in quantity. The German Catalogue put them up to £6 a set."

* * *

Our No. 6 Quotations will shortly be ready. For full particulars, see *E.W.S.N.* this week. They will be sent anywhere for 2d. post free, or 2/- per annum, prepaid (with right to change address, 2/6).

* * *

If any collectors would consent to show or send copies of these Quotations to friends (and there should be many opportunities this Christmas time), we should be pleased to send them, (free of charge) back numbers on receiving a postcard stating how many can be advantageously disposed of. We believe there are remainders of No. 5 only, and not more than 400 of them, so we should be glad to have an early request.

* * *

We have for disposal the following specialized collections.

Panama, several thousand stamps including sheets, cat. about £400, price, £150 net.

Cook Islands, arranged according to the descriptive list in *E.W.S.N.* No. 270, price, £85 nett.

ENVELOPE STAMPS.

As elsewhere stated, envelope stamps cut square will become available for use as adhesive stamps on 1st January, 1905. For the benefit of foreign clients we are prepared to accept such envelope stamps at face value provided no prohibition as regards old issues is made by the Post Office. In many cases we can already buy them at face value for collecting purposes.

QUOTATIONS No. 6.

Our new Quotations take up 15 pages instead of 12 and list every known standard variety of postage stamp. A number of interesting Competitions are open in connection with them, particulars of which will be found on page xvi. of the Quotations. The price will remain as heretofore 4d. post free or 2/- per annum (twelve numbers). The Quotations will also be obtainable through newsagents. We hope that every collector will help us to put stamp quotations on a firm basis by sparing this small subscription and by bringing our list under the notice of his friends.

No. 274. (Vol. XIII.) (Whole Number, 360). LONDON, SATURDAY, DECEMBER 24, 1904 [Price One Penny. Post Free 1½d. 4/4 per annum.

Ewen's Stamp Quotations.

HAVE you sent your subscription yet? We shall be greatly disappointed if you cannot spare us the small sum of 2/-. For this we send you, post free, on the first day of each month for a whole year a complete catalogue of stamps with up-to-date market quotation, and a chronicle of new issues and various notes of interest. You also have an opportunity of entering for many Competitions with valuable prizes.

The object of these Quotations is to render general collecting once more possible; collectors who like to specialize can do so with the issues of the 20th Century, nearly all of which are still to be had fairly cheaply, and at the same time they can keep in touch with the 19th Century without too great a strain on either their time, eyesight, or financial resources.

We most strongly urge collectors to adopt this new system. The best method is to procure a set of blank albums, transfer to them one example of each stamp listed in our Quotations, or if not possessed, then to leave a blank space for it. All other stamps of the 19th Century should be exchanged, or sent to auction, in order to fill up blanks amongst the standard stamps. Between each country one or more blank pages may be left on which to specialize the issues of the 20th Century.

We recommend this method because those who have already started to adopt it find a great increase in the pleasure of collecting.

In order that we may give our undivided attention to developing this new system of collecting, we shall in future make a special feature of supplying new issues in every possible variety, but the issues of the 19th Century we shall only stock on the basis of our Quotations. If we get rare perforations and watermarks they will be sold at the price of the common varieties. Our existing stock of surcharged stamps and other varieties we are now selling off at low clearance prices.

Remember our specialities for 1905—Stamp Quotations and New Issues. *Ewen's Weekly Stamp News* (4/4 per annum, post free) will cater for collectors of the latter, and *Ewen's Monthly Stamp Quotations* (2/- per annum, post free) for the general collector.

Regular Weekly Service of New Issues

OUR New Issue Department receives a prompt supply of practically every new Colonial Stamp that is issued, including varieties of shade, perforation, paper, watermark, etc. (also many foreign new issues). About once a week (the day depends on the arrival of the mails) these are distributed amongst clients according to the requirements they have filed. Collectors wishing to take part in our weekly distribution (the promptest, cheapest and *most reliable* in the world) should open a deposit account. Send particulars as to what is required.

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs, or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further particulars sent post free on application.

Ewen's Stamp Quotations.

HAVE you sent your subscription yet? We shall be greatly disappointed if you cannot spare us the small sum of 2/-. For this we send you, post free, on the first day of each month for a whole year a complete catalogue of stamps with up-to-date market quotation, and a chronicle of new issues and various notes of interest. You also have an opportunity of entering for many Competitions with valuable prizes.

The object of these Quotations is to render general collecting once more possible; collectors who like to specialize can do so with the issues of the 20th Century, nearly all of which are still to be had fairly cheaply, and at the same time they can keep in touch with the 19th Century without too great a strain on either their time, eyesight, or financial resources.

We most strongly urge collectors to adopt this new system. The best method is to procure a set of blank albums, transfer to them one example of each stamp listed in our Quotations, or if not possessed, then to leave a blank space for it. All other stamps of the 19th Century should be exchanged, or sent to auction, in order to fill up blanks amongst the standard stamps. Between each country one or more blank pages may be left on which to specialize the issues of the 20th Century.

We recommend this method because those who have already started to adopt it find a great increase in the pleasure of collecting.

In order that we may give our undivided attention to developing this new system of collecting, we shall in future make a special feature of supplying new issues in every possible variety, but the issues of the 19th Century we shall only stock on the basis of our Quotations. If we get rare perforations and watermarks they will be sold at the price of the common varieties. Our existing stock of surcharged stamps and other varieties we are now selling off at low clearance prices.

Remember our specialities for 1905—Stamp Quotations and New Issues. *Ewen's Weekly Stamp News* (4/4 per annum, post free) will cater for collectors of the latter, and *Ewen's Monthly Stamp Quotations* (2/- per annum, post free) for the general collector.

Regular Weekly Service of New Issues

OUR New Issue Department receives a prompt supply of practically every new Colonial Stamp that is issued, including varieties of shade, perforation, paper, watermark, etc. (also many foreign new issues). About once a week (the day depends on the arrival of the mails) these are distributed amongst clients according to the requirements they have filed. Collectors wishing to take part in our weekly distribution (the promptest, cheapest and *most reliable* in the world) should open a deposit account. Send particulars as to what is required.

I.—New Issues of King Edward stamps or "King's Heads." Likely to advance considerably in price where they become obsolete on account of their short life, but in many cases no prospect of an early change. Currency troubles in the East may cause alterations.

II.—New Issues of Queen Victoria Stamps or "Queen's Heads" will have of necessity a very short life, but are being largely bought. Chiefly expected from Australia.

III.—New Issues of Pictorial Stamps add considerably to the interest of a Collection, especially in the eyes of unphilatelic friends. Regardless of adverse comment in the Philatelic Press, we strongly recommend them.

IV.—New Issues of Surcharged Stamps or "Provisionals" have a very short life as a rule, but are the especial prey of speculators, often being bought up very largely, consequently more to be recommended as a speculation than an investment.

V.—New Issues of Varieties of paper, watermark, perforation, shade, etc., are probably the best investment of all especially if taken in blocks of four, and purchased at moderate prices. They are by far the most difficult of new issues to collect thoroughly.

Through the medium of our regular weekly service of New Issues, we are prepared to send collectors immediately on issue new Colonial Stamps in any or all of the above groups, in singles, pairs, or blocks of four, up to limits of 1/-, 5/- or £1 face value, at lowest possible rates, in most cases 1/1 per 1/- face value. If requested, we supply marginal copies free of extra charge. Further particulars sent post free on application.
