A REMARKABLE FIND!

BRITISH SOUTH AFRICA, £2 WATERLOW PRINT.

THE stamps of the British South Africa Company were successively printed by Messrs. Bradbury, Wilkinson & Co. (1890), Perkins, Bacon & Co. (1895), and Waterlow & Sons (since 1896). So far as has hitherto been known Messrs. Waterlow & Sons made use of new plates of their own manufacture, but it has just been made known that they printed in 1896 a small supply of £2 stamps from Messrs. Bradbury, Wilkinson & Co.'s plate. The discovery of a fiscally used copy lead to enquiries and a search, which has resulted in the further discovery of a small quantity of mint unused specimens, needless to say, all of which we promptly acquired (except one, which was sold for £7).

The newly-discovered issue is much handsomer in appearance, being brighter red, on thick paper, and perf 15 instead of 14. It is remarkable that no less than nine years should have elapsed without its being remarked by any stamp collector.

Most of the copies we obtained have already been sold, but we can still offer a few at 85/- each, absolutely mint, well-centred. Block of four, £17 (subject to being unsold). With marginal paper, 1/- extra.

Southern Nigeria, 1/- multiple wmk., 1/2; block, 4/8.

LATEST ARRIVALS.

GIBRALTAR.

"KING SINGLE" ONCE MORE.

We thought the high values were obsolete but we find that up to last Wednesday when our latest news from Gibraltar arrived, only the 2/- was out with multiple watermark. We are therefore able still to offer the following high values with single watermark.

4/- King single, 5/-; block, 20/-
8/- " 9/4; block, 37/4.
20/- " 23/4; block, 93/4.

By the bye, it is only three weeks ago we were selling the 2/- with single wmk. at 2/4; please note that to-day we are offering to pay 5/- each for them. The fact that the 2/- is already on the scene with multiple watermark shows that the supply of high values is running short.

"SINGLE WATERMARKS."

QUOTATIONS WEEK BY WEEK.—WATCH BACK PAGE OF "E.W.S.N."

It is not yet too late to start collecting! Of the 415 varieties listed this week with single watermark, only 82 have yet appeared with the new watermark, and the majority of them are the common ½d. and 1d. values. There are still 333 to be had at old prices, but any day news may come that some are superseded.

We are open to buy at the prices quoted and pay prompt cash (see conditions), or sell on the same basis, with 4d. in the 1/- commission on stamps quoted 1/- or under, and with 3d. in the 1/- on stamps quoted over 1/-.

If you wish to make a collection of current stamps with single watermark, your best plan is to send us our list marked with a circle round the price of all stamps you desire, together with a request that we shall send all we have in stock (either at once or at the rate of so much per week) and the rest as quickly as they arrive. We shall keep your list on a special file and send you everything, that has come in, once a week.

A deposit account should be opened (if not already) with a sum of not less than £1, or more if high values are required. By this means you will be saved the trouble of constantly sending orders and making out lists, and will know that we are doing our best to complete your collection.

Of course, in some cases it is cheaper to order from the Colonial Stamp Market's Order Dept., as the stamps can then be obtained at 1/2, or even 1/1, per 1/-; the above offer is chiefly for the benefit of those collectors who prefer used stamps, or who have the sets of low values, unused, already partly complete.

Colonial readers are invited to send us approval selections of current stamps, used. We do not buy cheap stamps by the thousand, as we only cater for the wealthier class of collectors. But we welcome every selection which contains higher values in lots of 1 to 50 of each variety. Cheques drawn with real pleasure!

EWEN'S COLONIAL STAMP MARKET, Ltd., 32, Palace Square, Norwood, S.E.

Australia, long 6d.; Timor (registered letter); Gibraltar, King's Head 2d. red registration envelope; Gibraltar King; Hong Kong, 2c. SOUTHERN NIGERIA.

WHICH WILL THEY BE?

On the 2nd February, we cabled at 5/- a word!) to our Southern Nigerian agent to send us sixty each of the current ½d., 1d., 2d., 2½d., 4d., 6d., 1/-, 2/6, 5/-, 10/- and £1 stamps. Will they come by the next mail, due in London on 3rd March? Will they have single or multiple watermark? We are prepared to book orders at the following rates:—

Value.	If Single.	If Multiple.
½d.	—	1d.
1d.	—	1½d.
2d.	—	2½d.
2½d.	3d.	3d.
4d.	5d.	4½d.
6d.	—	7d.
1/-	—	1/2
2/6	3/0	2/10
5/-	6/3	5/6
10/-	11/8	11/-
£1	25/-	22/-

We also ordered a large supply by post on the same date and these are expected in April. We may be able to do them something cheaper as we had no cable charges in connection with them. Even at the above rates, if the stamps come with single watermark, we only get £20 gross profit, a mere nothing compared with what we might make by locking the stamps away in our safe. If they come multiple, we shall make only £7. However, we are generous people! It is a fact that had we put away our last consignment of Northern Nigerian Queen's Head stamps received in July, 1902, we could have sold them to-day at a profit of between £150 and £200. But we continued to sell them at our ordinary rate of 1/2 per 1/- until gone, and consequently the £50 worth face value realized only £58 6s. 8d. We took £8 profit, our clients £150! We are now offering £119 face value of Southern Nigeria for only £145; who knows but that in two years they may be worth £500?

WANTED—RAILWAY LETTER STAMPS.

The Editor is rearranging his collection of the
above in fine new interchangeable albums,
slightly larger than any hitherto made.

Similar albums can be supplied by the Colonial
Stamp Market at 35/- each, carriage extra.
They are fitted with expanding lock and a stand
up case is provided so that the albums may
stand on shelves without risk of injury or of
becoming dusty.

The subjects for this and next week are the
stamps of the London and South Western,
London, Brighton and South Coast, and London,
Chatham and Dover Railways. High prices
given. Almost any stamps used before 1898 are
rare and many after. The Editor buys stamps
in damaged condition if he can't get them
otherwise. *Even if you have only a single specimen
of any of these Companies, please submit it.* Name
price, to save time. Return postage willingly
paid, if no purchase result.

NEXT WEEK

The Editor of E.W.S.N. will reply to the criti-
cism of our Quotations System which recently
appeared in a monthly journal under the heading
"When is a Variety not a Variety?"

"SINGLE WATERMARKS."

QUOTATIONS WEEK BY WEEK.—WATCH BACK PAGE OF "E.W.S.N."

IT is not yet too late to start collecting! Of the 415 varieties listed this week with single watermark, only 94 have yet appeared with the new watermark, and the majority of them are the common 1/2d. and 1d. values. There are still 321 to be had at old prices, but any day news may come that some are superseded.

We are open to buy at the prices quoted and pay prompt cash (see conditions), or sell on the same basis, with 4d. in the 1/- commission on stamps quoted 1/- or under, and with 3d. in the 1/- on stamps quoted over 1/-.

If you wish to make a collection of current stamps with single watermark, your best plan is to send us our list marked with a circle round the price of all stamps you desire, together with a request that we shall send all we have in stock (either at once or at the rate of so much per week) and the rest as quickly as they arrive. We shall keep your list on a special file and send you everything, that has come in, once a week.

A deposit account should be opened (if not already) with a sum of not less than £1, or more if high values are required. By this means you will be saved the trouble of constantly sending orders and making out lists, and will know that we are doing our best to complete your collection.

Of course, in some cases it is cheaper to order from the Colonial Stamp Market's Order Dept., as the stamps can then be obtained at 1/2, or even 1/1, per 1/-; the above offer is chiefly for the benefit of those collectors who prefer used stamps, or who have the sets of low values, unused, already partly complete.

Colonial readers are invited to send us approval selections of current stamps, used. We do not buy cheap stamps by the thousand, as we only cater for the wealthier class of collectors. But we welcome every selection which contains higher values in lots of 1 to 50 of each variety. Cheques drawn with real pleasure!

A REMARKABLE FIND!

BRITISH SOUTH AFRICA, £2 WATERLOW PRINT.

THE stamps of the British South Africa Company were successively printed by Messrs. Bradbury, Wilkinson & Co. (1890), Perkins, Bacon & Co. (1895), and Waterlow & Sons (since 1896). So far as has hitherto been known Messrs. Waterlow & Sons made use of new plates of their own manufacture, but it has just been made known that they printed in 1896 a small supply of £2 stamps from Messrs. Bradbury, Wilkinson & Co.'s plate. The discovery of a fiscally used copy lead to enquiries and a search, which has resulted in the further discovery of a small quantity of mint unused specimens, needless to say, all of which we promptly acquired (except one, which was sold for £7).

The newly-discovered issue is much handsomer in appearance, being brighter red, on thick paper, and perf 15 instead of 14. It is remarkable that no less than nine years should have elapsed without its being remarked by any stamp collector.

Most of the copies we obtained have already been sold, but we can still offer a few at 85/- each, absolutely mint, well-centred. Block of four, £17 (subject to being unsold). With marginal paper, 1/- extra.

"SINGLE WATERMARKS."

63 QUOTATIONS ADVANCE THIS WEEK, WHILST FOUR ONLY HAVE FALLEN.
Watch Back Page of "E.W.S.N." Week by Week.

It is not yet too late to start collecting! Of the 415 varieties listed this week with single watermark, only 95 have yet appeared with the new watermark, and the majority of them are the common ½d. and 1d. values. There are still 320 to be had at old prices, but any day news may come that some are superseded.

We are open to buy at the prices quoted and pay prompt cash (see conditions), or sell on the same basis, with 4d. in the 1/- commission on stamps quoted 1/- or under, and with 3d. in the 1/- on stamps quoted over 1/-.

If you wish to make a collection of current stamps with single watermark, your best plan is to send us our list marked with a circle round the price of all stamps you desire, together with a request that we shall send all we have in stock (either at once or at the rate of so much per week) and the rest as quickly as they arrive. We shall keep your list on a special file and send you everything, that has come in, once a week.

Colonial readers are invited to send us approval selections of current stamps, used. We do not buy cheap stamps by the thousand, as we only cater for the wealthier class of collectors. But we welcome every selection which contains higher values in lots of 1 to 50 of each variety. Cheques drawn with real pleasure!

A REMARKABLE FIND!

BRITISH SOUTH AFRICA, £2 WATERLOW PRINT.

THE stamps of the British South Africa Company were successively printed by Messrs. Bradbury, Wilkinson & Co. (1890), Perkins, Bacon & Co. (1895), and Waterlow & Sons (since 1896). So far as has hitherto been known Messrs. Waterlow & Sons made use of new plates of their own manufacture, but it has just been made known that they printed in 1896 a small supply of £2 stamps from Messrs. Bradbury, Wilkinson & Co.'s plate. The discovery of a fiscally used copy lead to enquiries and a search, which has resulted in the further discovery of a small quantity of mint unused specimens, needless to say, all of which we promptly acquired (except one, which was sold for £7).

The newly-discovered issue is much handsomer in appearance, being brighter red, on thick paper, and perf 15 instead of 14. It is remarkable that no less than nine years should have elapsed without its being remarked by any stamp collector.

Most of the copies we obtained have already been sold, but we can still offer a few at 85/- each, absolutely mint, well-centred. Block of four, £17 (subject to being unsold). With marginal paper, 1/- extra.

"SINGLE WATERMARKS."

58 QUOTATIONS ADVANCE THIS WEEK, WHILST SEVEN ONLY HAVE FALLEN.
Watch Back Page of "E.W.S.N." Week by Week.

It is not yet too late to start collecting! Of the 415 varieties listed this week with single watermark, only 97 have yet appeared with the new watermark, and the majority of them are the common 1/4d. and 1d. values. There are still 318 to be had at old prices, but any day news may come that some are superseded.

We are open to buy at the prices quoted and pay prompt cash (see conditions), or sell on the same basis, with 4d. in the 1/- commission.

If you wish to make a collection of current stamps with single watermark, your best plan is to send us our list marked with a circle round the price of all stamps you desire, together with a request that we shall send all we have in stock (either at once or at the rate of so much per week) and the rest as quickly as they arrive. We shall keep your list on a special file and send you everything, that has come in, once a week.

Colonial readers are invited to send us approval selections of current stamps, used. We do not buy cheap stamps by the thousand, as we only cater for the wealthier class of collectors. But we welcome every selection which contains higher values in lots of 1 to 50 of each variety. Cheques drawn with real pleasure!

A REMARKABLE FIND!

BRITISH SOUTH AFRICA, £2 WATERLOW PRINT.

THE stamps of the British South Africa Company were successively printed by Messrs. Bradbury, Wilkinson & Co. (1890), Perkins, Bacon & Co. (1895), and Waterlow & Sons (since 1896). So far as has hitherto been known Messrs. Waterlow & Sons made use of new plates of their own manufacture, but it has just been made known that they printed in 1896 a small supply of £2 stamps from Messrs. Bradbury, Wilkinson & Co.'s plate. The discovery of a fiscally used copy lead to enquiries and a search, which has resulted in the further discovery of a small quantity of mint unused specimens, needless to say, all of which we promptly acquired (except one, which was sold for £7).

The newly-discovered issue is much handsomer in appearance, being brighter red, on thick paper, and perf 15 instead of 14. It is remarkable that no less than nine years should have elapsed without its being remarked by any stamp collector.

Most of the copies we obtained have already been sold, but we can still offer a few at 85/- each, absolutely mint, well-centred. Block of four, £17 (subject to being unsold). With marginal paper, 1/- extra.

No fewer than 156 advances have required to be made in three weeks, which is remarkable when it is considered that only about 100 of the 500 stamps listed are yet obsolete.

Of the 430 varieties listed, no fewer than 335 are still quoted at face value.

A REMARKABLE FIND!

BRITISH SOUTH AFRICA, £2 WATERLOW PRINT.

THE stamps of the British South Africa Company were successively printed by Messrs. Bradbury, Wilkinson & Co. (1890), Perkins, Bacon & Co. (1895), and Waterlow & Sons (since 1896). So far as has hitherto been known Messrs. Waterlow & Sons made use of new plates of their own manufacture, but it has just been made known that they printed in 1896 a small supply of £2 stamps from Messrs. Bradbury, Wilkinson & Co.'s plate. The discovery of a fiscally used copy lead to enquiries and a search, which has resulted in the further discovery of a small quantity of mint unused specimens, needless to say, all of which we promptly acquired (except one which was sold for £7).

The newly-discovered issue is much handsomer in appearance, being brighter red, on thick paper, and perf 15 instead of 14. It is remarkable that no less than nine years should have elapsed without its being remarked by any stamp collector.

Most of the copies we obtained have already been sold, but we can still offer a few at 85/- each, absolutely mint, well-centred. Block of four, £17 (subject to being unsold). With marginal paper, 1/- extra.

ARE Prices going up or down? After glancing at the following table, we think Collectors will have no difficulty in deciding that they are going up.

No fewer than 156 advances have required to be made in three weeks, which is remarkable when it is considered that only about 100 of the 500 stamps listed are yet obsolete.

Of the 430 varieties listed, no fewer than 334 are still quoted at face value.

The value of a set of which. face value 14/11 only, is now 80/- to 100/-.

QUOTATIONS, No. 10.

The publication of Quotations No. 10 will be delayed, as we have to consider the effect on the market of the falls and advances in the new Gibbons' Catalogue.

Orders on the basis of Quotations No. 9 can still be executed, but selections for our purchasing dept. should be held over for two or three weeks, as we are also taking the opportunity of re-arranging our stock.

Malta, sets again in stock (1d., 3d., 4d. still single wmk).

A REMARKABLE FIND!**BRITISH SOUTH AFRICA, £2 WATERLOW PRINT.**

THE stamps of the British South Africa Company were successively printed by Messrs. Bradbury, Wilkinson & Co. (1890), Perkins, Bacon & Co. (1895), and Waterlow & Sons (since 1896). So far as has hitherto been known Messrs. Waterlow & Sons made use of new plates of their own manufacture, but it has just been made known that they printed in 1896 a small supply of £2 stamps from Messrs. Bradbury, Wilkinson & Co.'s plate. The discovery of a fiscally used copy lead to enquiries and a search, which has resulted in the further discovery of a small quantity of mint unused specimens, needless to say, all of which we promptly acquired (except one which was sold for £7).

The newly-discovered issue is much handsomer in appearance, being brighter red, on thick paper, and perf 15 instead of 14. It is remarkable that no less than nine years should have elapsed without its being remarked by any stamp collector.

Most of the copies we obtained have already been sold, but we can still offer a few at 85/- each, absolutely mint, well-centred. Block of four, £17 (subject to being unsold). With marginal paper, 1/- extra.

A REMARKABLE FIND!**BRITISH SOUTH AFRICA, £2 WATERLOW PRINT.**

THE stamps of the British South Africa Company were successively printed by Messrs. Bradbury, Wilkinson & Co. (1890), Perkins, Bacon & Co. (1895), and Waterlow & Sons (since 1896). So far as has hitherto been known Messrs. Waterlow & Sons made use of new plates of their own manufacture, but it has just been made known that they printed in 1896 a small supply of £2 stamps from Messrs. Bradbury, Wilkinson & Co.'s plate. The discovery of a fiscally used copy lead to enquiries and a search, which has resulted in the further discovery of a small quantity of mint unused specimens, needless to say, all of which we promptly acquired (except one which was sold for £7).

The newly-discovered issue is much handsomer in appearance, being brighter red, on thick paper, and perf 15 instead of 14. It is remarkable that no less than nine years should have elapsed without its being remarked by any stamp collector.

Most of the copies we obtained have already been sold, but we can still offer a few at 85/- each, absolutely mint, well-centred. Block of four, £17 (subject to being unsold). With marginal paper, 1/- extra.

As will be seen from this table, an average of 50 advances have to be made every week, which is remarkable when it is considered that only about 100 of the 500 stamps listed are yet obsolete.

Of the 430 varieties listed, no fewer than 324 are still quoted at face value.

As will be seen from this table, an average of 50 advances have to be made every week, which is remarkable when it is considered that only about 100 of the 500 stamps listed are yet obsolete.

Of the 430 varieties listed, no fewer than 324 are still quoted at face value.

ARE Prices going up or down? After glancing at the following table, we think Collectors will have no difficulty in deciding that they are going up.

	Weekly average.	3.05.	4.05.	Week ending.
Number of Quotations Advanced ...	52	49	21	6.5.05.
" " Reduced ...	7	9	5	

As will be seen from this table, an average of 50 advances have to be made every week, which is remarkable when it is considered that only about 100 of the 500 stamps listed are yet obsolete. Of the 430 varieties listed, no fewer than 324 are still quoted at face value.

"SINGLE WATERMARKS."

Watch Back Page of "E.W.S.N." Week by Week.

ARE Prices going up or down? After glancing at the following table, we think Collectors will have no difficulty in deciding that they are going up.

Number of Quotations	Advanced ...	Weekly average.		Week ending.	
		3.05.	4.05.	6.5.05.	13.5.05.
"	Reduced ...	52	49	21	8
"	"	7	9	5	1

As will be seen from this table, an average of 50 advances have to be made every week, which is remarkable when it is considered that only about 100 of the 500 stamps listed are yet obsolete.

Of the 430 varieties listed, no fewer than 324 are still quoted at face value.

NOTICE!

ANNUAL STOCK-TAKING SALE.

Before counting up our profits for the financial year ending 30th June, 1905, we propose to thoroughly re-arrange, classify and value our stock.

During the coming year our Quotations Department will deal in all stamps listed in its Quotations regardless of perforations, watermarks and other trifles, except in the case of the enormously popular King's Head stamps, for the single watermark varieties of which special quotations will continue to be made on the back page of *E.W.S.N.*

Our order department will, as nearly as possible, stock nothing but current British Colonial sets (½d. to 1/-) and high values (above 1/- to the highest issued). By this department, no low values will be stocked, nor any foreign stamps.

Our new issue department will endeavour to import every new issue throughout the world, both foreign and colonial, and, as heretofore, any supplies that are left over after supplying clients on our regular list, will be advertised in *E.W.S.N.*

All other classes of stamps we propose to clear out before our annual stock-taking, at the end of June, and particulars will be published in the next five numbers of *E.W.S.N.* Needless to say, in order to do so quickly, we shall have to sell very cheap, and every collector would do well to watch our lists carefully.

The list we gave last week of various oddments, lots 1001 to 1131, was very popular, 51 of the 131 lots being sold out within three days.

423 various on entire envelopes, including Ceylon King; West Australia 2/- pair; Somaliland; Jamaica Arms, three values; Transvaal King, pair, each 2½d., 3d. and others; Malta 3d. King with the new Maltese Cross postmark; Montserrat ½d. pair; Servia King Peter, 25p., and two 50 para; Seychelles 1r. 50c. Queen, slightly rubbed, used on envelope with block of four 2c., fine; Virgin Islands, Virgin type; China 30c.; Falkland Islands King; Seychelles, 6c. Queen, very fine strip of four and others; Mauritius, "Postage & Revenue" 4, 6, 15, 25c., very fine; Mauritius, 6c. deep rose King's Head envelope, entire, fine; one of the largest lots of envelopes we have offered, 17/6.

ARE Prices going up or down? After glancing at the following table, we think Collectors will have no difficulty in deciding that they are going up.

	Weekly average.		Week ending.		
	3.05.	4.05.	6.5.05.	13.5.05	20.5.05.
Number of Quotations Advanced ...	52	49	21	8	20
" " Reduced ...	7	9	5	1	3

As will be seen from this table, an average of 50 advances have to be made every week, which is remarkable when it is considered that only about 100 of the 500 stamps listed are yet obsolete. Of the 430 varieties listed, no fewer than 324 are still quoted at face value.

ARE Prices going up or down? After glancing at the following table, we think Collectors will have no difficulty in deciding that they are going up.

	Weekly average.		Week ending.			
	3.05.	4.05.	6.5.05.	13.5.05.	20.5.05.	27.5.05.
Number of Quotations Advanced ...	52	49	21	8	20	31
" " Reduced ...	7	9	5	1	3	3

As will be seen from this table, an average of 50 advances have to be made every week, which is remarkable when it is considered that only about 100 of the 500 stamps listed are yet obsolete.

Of the 430 varieties listed, no fewer than 324 are still quoted at face value.

"SINGLE WATERMARKS."

Watch Back Page of "E.W.S.N." Week by Week.

ARE Prices going up or down? After glancing at the following table, we think Collectors will have no difficulty in deciding that they are going up.

	Weekly average.			Week ending.
	3.05.	4.05.	5.05.	3.6.05.
Number of Quotations Advanced ...	52	49	20	5
" " Reduced ...	7	9	3	1

As will be seen from this table, an average of 50 advances have to be made every week, which is remarkable when it is considered that only about 100 of the 500 stamps listed are yet obsolete.

Of the 430 varieties listed, no fewer than 324 are still quoted at face value.

ARE Prices going up or down? After glancing at the following table, we think Collectors will have no difficulty in deciding that they are going up.

	Weekly average.			Week ending.	
	3.05.	4.05.	5.05.	3.6.05.	10.6.05.
Number of Quotations Advanced ...	52	49	20	5	13
" " Reduced ...	7	9	3	1	2

As will be seen from this table, an average of 50 advances have to be made every week, which is remarkable when it is considered that only about 100 of the 500 stamps listed are yet obsolete.

Of the 430 varieties listed, no fewer than 324 are still quoted at face value.

LATEST ARRIVALS.

OUR STOCK-TAKING SALE A GREAT SUCCESS!

Only three days more.

Up to Wednesday morning, over a third of the "Miscellaneous offers" had been sold and orders were still coming in fast. Even for Australians and New Zealanders there were many enquiries, especially for New Zealanders.

WE INVITE OFFERS.

In order to make the utmost clearance possible before Thursday, on which day (with Friday and Saturday) our offices are closed for general stock-taking and balancing of accounts, we will *consider offers* on Tuesday and Wednesday for any lots not sold up to 9 a.m. on Tuesday morning.

WE DO NOT WANT THE MONEY

at once, if it is more convenient to our clients to pay in July or August. For this occasion only, we are prepared to break through our rigid rule that stamps can only be delivered against cash in advance. This concession only applies to the Miscellaneous offers and other stamps and goods not being unused British Colonial stamps quoted at 1/1 or 1/2 per 1/- face value.

WRITE, TELEGRAPH or 'PHONE US

before 5 p.m. on Wednesday.

After Wednesday all special offers will cease to be valid, and such few as may remain undisposed of will, in any case, *not be advertised again* in their present form.

We regret to record the rather sudden death last week of the very gifted young lady who managed our Quotations Department, and beg our clients to excuse any interruption or delay that may occur through the difficulty of filling this responsible position.

LATEST ARRIVALS.

NEW QUOTATIONS.

Attention is drawn to the new lists of quotations on page 3 of E.W.S.N. Multiple watermarks are now quoted for, as well as other kinds of King's Heads.

If you want to send us an order, you simply have to put a circle round the price of each stamp you require, tear off the page and send it to us. We will advise you per return how much we can supply or if your credit balance is sufficient to cover it, the stamps will be sent at once.

Marking our lists with circles in this way saves a lot of writing and ensures our knowing exactly what stamps are required.

QUOTATIONS No. 13.

Owing to the introduction of a new system we are obliged to postpone publication of Quotations No. 13 until about the 1st August.

MISCELLANEOUS OFFERS.

Our third list is not yet quite complete, but will we hope be ready for publication next week.

The 1c. British Guiana, S.G. No. 9, advertised last week for 8d. was, as readers doubtless surmised, priced in error for £8.

381 various, on entires, including Jamaica, 3d. Queen multiple, pair and single; E. Africa, King reg. env.; Norway, 1kr. Head of Ex-King Oscar; Gibraltar, K.; Turks Is.; Tasmania, 1½d. on 5d. single; ditto, 2 envelopes each with five; Ceylon, 4c. King, strip 4; St. Lucia, 1d. K., strip 3; St. Lucia, 2d.; St. Kitts; Cayman, 1d., etc., the lot for 6/6.

Amongst latest arrivals in Quotations Dept. are two fine pairs 2d. G.B. no lines, one with red postmark and one with black. They can only be obtained by marking quotation list in ordinary way. Great Britain generally is however nearly completely sold out. The £1 green, Queen, is represented unused as well as used but the first type 10/- and £1 are rarely sent in.

NEW QUOTATIONS.

Attention is drawn to the new lists of quotations on page 3 of E.W.S.N. Multiple watermarks are now quoted for, as well as other kinds of King's Heads.

If you want to send us an order, you simply have to put a circle round the price of each stamp you require, tear off the page and send it to us. We will advise you per return how much we can supply or if your credit balance is sufficient to cover it, the stamps will be sent at once.

Marking our lists with circles in this way saves a lot of writing and ensures our knowing exactly what stamps are required.

QUOTATION FOR KING SINGLES.

In consequence of the large demand for these, our stock is getting low and in some cases has become exhausted. In order that collectors may avoid as far as possible stamps which are out of stock, we have inserted asterisks before the quotations on the back page of *E.W.S.N.* in the case of all stamps out of stock.

Nearly thirty lists were received last month without name or address attached and in about a third of the cases the senders could not be traced. Will collectors kindly note rule 6 carefully! Letters need not be sent, as only the printed quotation lists are sent up to our Quotation staff.

We are rather surprised that many collectors preferred to order the Gambia 1/6, 2/6 and 3/- set from our Order Department at 10/6. Our quotations came to only 7/9 which with 4d. in the 1/- or 2/7 added makes 10/4. About 60 collectors preferred to pay the higher price and we are consequently 10/- richer than we expected to be! Our Quotations Department will still supply at the lower rate, but this week makes the condition that applicants shall order at least an equal amount of other stamps.

GAMBIA.

Single Watermark.

Order Department is now sold out of the 1/6, 2/6 and 3/- but Quotations Department still has a fair supply. We hope intending purchasers will not find rule 6 too difficult to understand.

QUOTATION FOR KING SINGLES.

In consequence of the large demand for these, our stock is getting low and in some cases has become exhausted. In order that collectors may avoid as far as possible stamps which are out of stock, we have inserted asterisks before the quotations on the back page of *E.W.S.N.* in the case of all stamps out of stock.

Nearly thirty lists were received last month without name or address attached and in about a third of the cases the senders could not be traced. Will collectors kindly note rule 6 carefully! Letters need not be sent, as only the printed quotation lists are sent up to our Quotation staff.

QUOTATIONS No. 13.

Quotations No. 13 is now in preparation, and will we hope be ready by 1st September. We have decided in future to mark with an asterisk all stamps out of stock at the time of going to press, but this need not deter clients from ordering those stamps, as if they send in their order about a week after publication, it is probable we shall have refilled our stock-books. Dealers and others who find business slack are recommended to watch for our list, as they may be able to fill up some of our wants, and we always pay prompt cash.

As a sample of the new list, we give the first page on page 2 of E.W.S.N. this week.

QUOTATION FOR KING SINGLES.

In consequence of the large demand for these, our stock is getting low and in some cases has become exhausted. In order that collectors may avoid as far as possible stamps which are out of stock, we have inserted asterisks before the quotations on the back page of E.W.S.N. in the case of all stamps out of stock.

Nearly thirty lists were received last month without name or address attached and in about a third of the cases the senders could not be traced. Will collectors kindly note rule 6 carefully! Letters need not be sent, as only the printed quotation lists are sent up to our Quotation staff.

MOROCCO AGENCIES

50c. King, single wmk.

We regret to say that the authorities responsible for the issue of the above stamps to post offices (we exonerate the postal officials from any blame) are acting in connection with it in a very unusual manner. Our agent was only permitted to purchase 30 copies and we believe these to be almost the only copies yet issued: they were certainly the only copies which had been sold up to the time of our agent's purchase. No 50c. stamps with single wmk. have been issued at the Morocco Agencies and at the time we made our application it was admitted that none had been disposed of. Why, then, refuse our application? We have asked the Under-Secretary of State for an enquiry into the circumstances and in the meantime must ask our client to excuse us from distributing this stamp through the medium of our New Issue Service. We are open to receive offers for the 30 copies we obtained. Two of them have marginal plate-number "1".

ACCESSORIES.

NEW ISSUES.

The majority of collectors wish to keep their collection up-to-date, and to meet the wishes of those who desire to do so in unused condition, we established in 1902 our world-famed New Issue Service, through which nearly 1000 collectors in all parts of the world receive weekly (in a few cases monthly), a packet of all the new stamps just issued.

Every week our clients receive something new for their collection, without any trouble of receiving or answering correspondence.

We require a cash deposit, which must be renewed when exhausted, and with every consignment of stamps we send a statement of account. The credit balance is at any time returnable on demand.

A limited subscription to our New Issue Service requires a deposit of 10/-, and costs about 2/6 per week; and we most strongly recommend every stamp collector to spare this small sum and keep his collection up-to-date.

Collectors who would like to try our New Issue Service, can subscribe for it for only a few weeks or as long as they like.

EWEN'S WEEKLY STAMP NEWS.

Subscription Rates (to commence

NEW ISSUES.

The majority of collectors wish to keep their collection up-to-date, and to meet the wishes of those who desire to do so in unused condition, we established in 1902 our world-famed New Issue Service, through which nearly 1000 collectors in all parts of the world receive weekly (in a few cases monthly), a packet of all the new stamps just issued.

Every week our clients receive something new for their collection, without any trouble of receiving or answering correspondence.

We require a cash deposit, which must be renewed when exhausted, and with every consignment of stamps we send a statement of account. The credit balance is at any time returnable on demand.

A limited subscription to our New Issue Service requires a deposit of 10/-, and costs about 2/6 per week; and we most strongly recommend every stamp collector to spare this small sum and keep his collection up-to-date.

Collectors who would like to try our New Issue Service, can subscribe for it for only a few weeks or as long as they like.

EWEN'S WEEKLY STAMP NEWS.

Subscription Rates (to

NEW ISSUES.

The majority of collectors wish to keep their collection up-to-date, and to meet the wishes of those who desire to do so in unused condition, we established in 1902 our world-famed New Issue Service, through which nearly 1000 collectors in all parts of the world receive weekly (in a few cases monthly), a packet of all the new stamps just issued.

Every week our clients receive something new for their collection, without any trouble of receiving or answering correspondence.

We require a cash deposit, which must be renewed when exhausted, and with every consignment of stamps we send a statement of account. The credit balance is at any time returnable on demand.

A limited subscription to our New Issue Service requires a deposit of 10/-, and costs about 2/6 per week; and we most strongly recommend every stamp collector to spare this small sum and keep his collection up-to-date.

Collectors who would like to try our New Issue Service, can subscribe for it for only a few weeks or as long as they like.

Notes.

We are introducing several innovations which we hope will be appreciated by our world-wide circle of readers. Our Quotations Department "conditions" are now printed in English, French, German and at an early date will be obtainable in other languages also.

* * *

Numerous collectors who have subscribed lately for our New Issue service are in doubt as to which of the multiple varieties we have already distributed and consequently as to which they should order separately, that we have marked with an † all the multiples of which our New Issue distribution has not yet been completed. All clients subscribing now for our New Issue service will receive the stamps marked † and as soon as same is completed, any surplus supplies will be advertised in *E.W.S.N.*

* * *

In describing stamps, a lot of time and space is wasted in writing King's Head, single wmk., multiple wmk., new multiple wmk., etc., in full, that we have adopted the initials KS, KM, KN, etc. We find, too, that the initials are better understood by foreign clients who are not versed in the intricacies of the English language.

* * *

Subscribers to *E.W.S.N.* occasionally write and ask when their subscription ends; we therefore take the opportunity of pointing out that the addresses of postal subscribers are printed on small gummed labels, which bear in the lower left hand corner the number of *E.W.S.N.* with which the subscription expires. Any reader can therefore see at any time how much longer his subscription has to run.

* * *

Clients would greatly oblige by keeping on separate sheets of paper their communications for (1) The Editor of *E.W.S.N.*, (2) The Quotations Dept., (3) Subscriptions to Publications Dept., (4) New Issue Dept., (5) General Order Dept., (6) The Managing Director. Several communications may, of course, be enclosed in the same envelope; the advantage of keeping them separate is that they can all be dealt with on the same day instead of on consecutive days.

* * *

We hope that our Quotations Dept. will be in full working order by 1st October. Until lately, owing to the difficulty of increasing our staff, we were constantly three or four days behind in the execution of orders and the Managing Director has himself frequently been at work till midnight doing the buying. Almost all stamps—especially used Europeans and South Americans of face value over the equivalent of 2½d.—are wanted and the new system of asterisks, indicating which stamps are out of stock, has encouraged many friends to send us fine selections. Prompt cash for everything bought.

GIBBONS' CATALOGUE

Part 1., 2/9 Post Free.

(Obtainable from Colonial Stamp Market).

Notice.

For the sake of brevity and for the benefit of our wide circle of foreign clients we are adopting the following system of describing stamps.

EXAMPLE "KS 14."

The first capital letter represents the design of the stamp:—

K King's Head; Königskopf; Tête du Roi.

Q Queen's Head; Königin; Reine.

A Arms; Wappen; Armes.

P Pictorial; mit verschiedenen Darstellungen; Sujets divers.

The second capital letter represents the watermark:—

A Crown over A, the new Commonwealth watermark.

M Multiple watermark, first paper; mehrfaches Wasserzeichen, erstes Papier; filigrane multiple, première édition.

N New chalky paper, whether Crown CA or not; Kreidepapier, mit oder ohne "Crown CA" oder anderen Wzn.; papier crayeux, avec n'importe quel filigrane.

O Old paper with any watermark other than above; andere Wasserzeichen; Tous les filigranes dont il n'y a pas de mention au-dessus.

S Single Crown CC or CA watermark; einfaches Wasserzeichen; filigrane simple.

The figures denote the perforation but will not be inserted unless necessary. In the instance given, KS is sufficient; everyone knows the perforation is 14.

NEW ISSUES.

The majority of collectors wish to keep their collection up-to-date, and to meet the wishes of those who desire to do so in unused condition, we established in 1902 our world-famed New Issue Service, through which nearly 1000 collectors in all parts of the world receive weekly (in a few cases monthly), a packet of all the new stamps just issued.

Every week our clients receive something new for their collection, without any trouble of receiving or answering correspondence.

We require a cash deposit, which must be renewed when exhausted, and with every consignment of stamps we send a statement of account. The credit balance is at any time returnable on demand.

A limited subscription to our New Issue Service requires a deposit of 10/-, and costs about 2/6 per week; and we most strongly recommend every stamp collector to spare this small sum and keep his collection up-to-date.

Collectors who would like to try our New Issue Service, can subscribe for it for only a few weeks or as long as they like.

PRICE LIST, NO. 249

OCTOBER 7, 1905.

[SUPPLEMENT TO "E.W.S.N." No. 315

Notes.

Clients would greatly oblige by keeping on separate sheets of paper their communications for (1) The Editor of *E.W.S.N.*, (2) The Quotations Dept., (3) Subscriptions to Publications Dept., (4) New Issue Dept., (5) General Order Dept., (6) The Managing Director. Several communications may, of course, be enclosed in the same envelope; the advantage of keeping them separate is that they can all be dealt with on the same day instead of on consecutive days.

Quotations No. 14 was published on Friday. (2d. post free).

* * *

Some record prices were realized at Messrs. Puttick & Simpson's auction a fortnight ago. The £1 Southern Nigeria, King's Head, single watermark, mint, sold for £6 10/-! The 10/- Lagos, King, single, went also to a record figure, £5 5/-. In our opinion it is worth much more than the £1 Southern Nigeria, but it is so rare that no one has any to sell, and it is to no one's interest to see it advance in price. The 2/6 and 5/- Lagos, sold in one lot, completely eclipsed previous records by selling for 72/6 or 12/6, more than the amount for which they could have been bought the same day from the Colonial Stamp Market!

LATEST ARRIVALS.

We have received a cable from this Colony that a large quantity of King multiples was despatched to us by the mail leaving 30th September. QUOTATIONS DEPT. ALTERATION OF TERMS.

Our rate of 4d. per 1/- premium on our quotations will be altered as follows from 7th October, 1905.

If the average value of the stamps supplied exceeds 1/-, only 3d. per 1/- will be charged, and if the average exceeds £1, only 2d. per 1/- need be added to our buying prices. On the other hand, if the average selling price is under 1d. per stamp, we find it necessary to charge 6d. per 1/- on account of the large amount of work necessary.

These new terms apply to our ordinary list and to the special quotations in *E.W.S.N.*

NEW ISSUES.

The majority of collectors wish to keep their collection up-to-date, and to meet the wishes of those who desire to do so in unused condition, we established in 1902 our world-famed New Issue Service, through which nearly 1000 collectors in all parts of the world receive weekly (in a few cases monthly), a packet of all the new stamps just issued.

Every week our clients receive something new for their collection, without any trouble of receiving or answering correspondence.

We require a cash deposit, which must be renewed when exhausted, and with every consignment of stamps we send a statement of account. The credit balance is at any time returnable on demand.

A limited subscription to our New Issue Service requires a deposit of 10/-, and costs about 2/6 per week; and we most strongly recommend every stamp collector to spare this small sum and keep his collection up-to-date.

Collectors who would like to try our New Issue Service, can subscribe for it for only a few weeks or as long as they like.

NEW ISSUES.

The majority of collectors wish to keep their collection up-to-date, and to meet the wishes of those who desire to do so in unused condition, we established in 1902 our world-famed New Issue Service, through which nearly 1000 collectors in all parts of the world receive weekly (in a few cases monthly), a packet of all the new stamps just issued.

Every week our clients receive something new for their collection, without any trouble of receiving or answering correspondence.

We require a cash deposit, which must be renewed when exhausted, and with every consignment of stamps we send a statement of account. The credit balance is at any time returnable on demand.

A limited subscription to our New Issue Service requires a deposit of 10/-, and costs about 2/6 per week; and we most strongly recommend every stamp collector to spare this small sum and keep his collection up-to-date.

Collectors who would like to try our New Issue Service, can subscribe for it for only a few weeks or as long as they like.

TRANSVAAL, C.S.A.R.

From various sources during the past fortnight or so we have been offered unused sets of these stamps, but in all cases the overprints were forged. We therefore warn our readers to be extremely careful in purchasing any of these stamps. The forgeries have even been offered at auction. We shall be pleased to give an opinion on any of these stamps at 1d. each, minimum charge 6d.

We believe that the Cretan revolutionary issue is of a doubtful nature, and do not propose to deal in them unless their bona-fides can be more substantially established than up to the present.

NEW ISSUES.

The majority of collectors wish to keep their collection up-to-date, and to meet the wishes of those who desire to do so in unused condition, we established in 1902 our world-famed New Issue Service, through which nearly 1000 collectors in all parts of the world receive weekly (in a few cases monthly), a packet of all the new stamps just issued.

Every week our clients receive something new for their collection, without any trouble of receiving or answering correspondence.

We require a cash deposit, which must be renewed when exhausted, and with every consignment of stamps we send a statement of account. The credit balance is at any time returnable on demand.

A limited subscription to our New Issue Service requires a deposit of 10/-, and costs about 2/6 per week; and we most strongly recommend every stamp collector to spare this small sum and keep his collection up-to-date.

Collectors who would like to try our New Issue Service, can subscribe for it for only a few weeks or as long as they like.

NOUVELLES ÉMISSIONS.

La majorité des collectionneurs desirent que leur collection contienne les nouveaux timbres au fur et à mesure que ceux-ci paraissent, aussi dans le but de faciliter cette réalisation, à ceux qui desirent le faire avec des timbres neufs, nous avons établi en 1902 notre Service de Nouvelle Émission, qui est universellement connu, à l'aide duquel près de 1000 collectionneurs dans toutes les parties du monde reçoivent chaque semaine (dans quelques cas, chaque mois), un paquet de tous les nouveaux timbres qui viennent de paraître.

Chaque semaine nos clients reçoivent quelque chose de nouveau pour leur collection, sans qu'ils aient l'ennui de recevoir une correspondance et d'y répondre.

Nous exigeons le dépôt d'une certaine somme qui doit être renouvelée lorsqu'elle est épuisée, et avec chaque expédition de timbres nous envoyons un compte à cet effet. La balance au crédit est retournable à n'importe quel moment, sur demande.

Une souscription limitée à notre service de nouvelle émission requiert un dépôt de 12frs. 50 (10/-) et coûte environ 3frs. (2/6) par semaine; nous engageons fortement tout collectionneur de timbres à réserver cette petite somme et à tenir sa collection complète de nouveaux timbres.

Les collectionneurs qui aimeraient à faire l'essai de Notre Service de Nouvelle Émission, peuvent y souscrire pour quelques semaines seulement, ou aussi longtemps qu'il leur convient.

CONDITIONS.

1fr. 45 par 1fr. 25 de valeur.

(Le prix le plus bas possible compatible avec le meilleur résultat). (Voir condition 2B).

NEW ISSUES.

The majority of collectors wish to keep their collection up-to-date, and to meet the wishes of those who desire to do so in unused condition, we established in 1902 our world-famed New Issue Service, through which nearly 1000 collectors in all parts of the world receive weekly (in a few cases monthly), a packet of all the new stamps just issued.

Every week our clients receive something new for their collection, without any trouble of receiving or answering correspondence.

We require a cash deposit, which must be renewed when exhausted, and with every consignment of stamps we send a statement of account. The credit balance is at any time returnable on demand.

A limited subscription to our New Issue Service requires a deposit of 10/-, and costs about 2/6 per week; and we most strongly recommend every stamp collector to spare this small sum and keep his collection up-to-date.

Collectors who would like to try our New Issue Service, can subscribe for it for only a few weeks or as long as they like.

NOTICE RE "E.W.S.N."

In reply to various enquiries, we would point out that E.W.S.N., being on Messrs. W. H. Smith & Son's sale or return list, may be kept in stock at any of their railway bookstalls; but it will only be stocked at those places where local collectors purchase it; in many towns of Great Britain there are no stamp collectors and it would be no use sending it to such. It therefore rests with local collectors to use their influence.

NORTHERN NIGERIA

Multiples came Wednesday evening! ½d., 1d., 2d., 2½d., 5d., 6d., 1/-, the mint set 2/10; blocks, 11/4.

How about singles?

If you have put off buying the unused set, we cannot now help you; ours are all gone. Of the high values we have a few left but we are not going to sell the 2/6 at the old price; it is still cheap however at 3/9, or a mint block for 15/-.

As a special reward to you for subscribing to E.W.S.N. we will give you one more chance to get the 10/- at the old price of 11/8, or a block for 46/8 but the order must reach us within a week.

2/6 KS, mint, 3/9; block, 15/-.

10/- KS., mint, 11/8; block, 46/8.

The multiple consignment reached us so late that we were unable to alter Quotations on back page of E.W.S.N. and Quotations Dept. must therefore continue to sell on the old rates for another week. But if you want Northern Nigerias used at these old rates, don't wait till to-morrow before ordering! Lots of other people will be writing for them on Saturday.

NEW ISSUES.

The majority of collectors wish to keep their collection up-to-date, and to meet the wishes of those who desire to do so in unused condition, we established in 1902 our world-famed New Issue Service, through which nearly 1000 collectors in all parts of the world receive weekly (in a few cases monthly), a packet of all the new stamps just issued.

Every week our clients receive something new for their collection, without any trouble of receiving or answering correspondence.

We require a cash deposit, which must be renewed when exhausted, and with every consignment of stamps we send a statement of account. The credit balance is at any time returnable on demand.

A limited subscription to our New Issue Service requires a deposit of 10/-, and costs about 2/6 per week; and we most strongly recommend every stamp collector to spare this small sum and keep his collection up-to-date.

Collectors who would like to try our New Issue Service, can subscribe for it for only a few weeks or as long as they like.

NOTICE RE "E.W.S.N."

In reply to various enquiries, we would point out that E.W.S.N., being on Messrs. W. H. Smith & Son's sale or return list, may be kept in stock at any of their railway bookstalls; but it will only be stocked at those places where local collectors purchase it; in many towns of Great Britain there are no stamp collectors and it would be no use sending it to such. It therefore rests with local collectors to use their influence.

NEUE AUSGABEN.

This description of our New Issue Service will appear in English again next week.

Ein Wunsch der Mehrzahl der Sammler ist, in ihren Sammlungen die neuesten Marken zu besitzen, und um denjenigen entgegenzukommen, die solche Marken in ungebrauchtem Zustande wünschen, haben wir im Jahre 1902 unseren weltberühmten "Neuen Ausgaben Dienst" errichtet, durch welchen beinahe 1000 Sammler in allen Teilen der Welt wöchentlich (in einigen Fällen auch monatlich) ein Packet der neuesten Ausgaben aller Marken erhalten.

Jede Woche erhalten unsere Kunden etwas neues für ihre Sammlungen, ohne die Mühe zu haben, Korrespondenz zu erhalten oder zu beantworten.

Ein Deposit in baar ist zu hinterlegen, der erneuert werden muss, sobald er erschöpft ist; mit jeder Markensendung senden wir Rechnungs-aufstellung. Sobald verlangt wird das Guthaben des Kunden sofort eingesandt.

Um ungefähr für Mk. 2.50 (2/6) per Woche Marken zu erhalten, müssen 10/- hinterlegt werden; und wir empfehlen allen Markensammlern angelegentlichst diese kleine Summe auszugeben und so ihre Sammlungen immer auf dem laufenden zu erhalten.

Sammler, die unseren "Neuen Ausgaben Dienst" versuchen wollen, können für nur ein paar Wochen oder so lange sie wünschen, subscribiren.

BEDINGUNGEN.

Mk. 1.18 (1/2 st.) für 1/- (20 Mk.=19/6) wirklichen Wert der Marke.

(Dies ist der niedrigste mit guter Ausfubrung zu vereinbare Preis). (Siehe Bedingungen 2B).

LATEST ARRIVALS.

Please note that KS=King, single; KM=King, multiple; KN=King, new multiple (chalky).

MOROCCO AGENCIES.

Up to Wednesday evening, our supply had not come to hand, being then 48 hours overdue. We expect them any day, however. We are certain to have at least some with single watermark.

TRANSVAAL.

Several interesting arrivals this week. See New Issues list.

Seychelles, sets and high values.
Barbados, ditto.
Ceylon, ditto.

THE PRICE OF SILVER,

AND ITS EFFECT ON STAMP MARKETS.

Silver is advancing and collectors would do well to hurry up and fill up blanks in the silver dollar countries. The Hongkong dollar was 1/11 odd a month ago, then it reached 2/-, last week it was 2/0 3/4, and now at time of going to press 2/1 1/4. This means that sale rates have advanced from 2/4 to 2/5 per dollar and will very likely move again shortly. Matters are still worse in the Straits Settlements and Malay States where the dollar is much higher than even at Hongkong. At Shanghai the dollar is moving up to 3/-.

BARGAINS.

We have about £200 worth of oddments, which are not eligible for either our current sets or our Quotation Dept., and as we do no approval trade, they are at present lying idle. There are many good stamps amongst them and the lot would well repay a little time and attention, neither of which we can spare. Would any of our readers care to see the parcel with a view to making an offer?

MOROCCO AGENCIES.

Since writing the other paragraph relating to these stamps, we have telegraphed enquiries to Gibraltar and Tangiers and learn that supplies of stamps were despatched from both places on Monday and will therefore arrive on Thursday or Friday. In the latter case, the stamps may be too late for this week's New Issue Service.

HONG KONG.

(NOTE.—Exchange rate is at present very high and the face value of a \$1 stamp at the time of writing these lines is 2/0 3/4 or practically 2/1, consequently we have had to quote a penny per dollar higher than in former years.)

We still have left a few of the single wmk. sets imported in July, 1903, price 2/9 per set, blocks 11/- (all from plate 1).

ACCESSORIES.

NEUE AUSGABEN.

This description of our New Issue Service will appear in English again next week.

Ein Wunsch der Mehrzahl der Sammler ist, in ihren Sammlungen die neuesten Marken zu besitzen, und um denjenigen entgegenzukommen, die solche Marken in ungebrauchtem Zustande wünschen, haben wir im Jahre 1902 unseren weltberühmten "Neuen Ausgaben Dienst" errichtet, durch welchen beinahe 1000 Sammler in allen Teilen der Welt wöchentlich (in einigen Fällen auch monatlich) ein Packet der neuesten Ausgaben aller Marken erhalten.

Jede Woche erhalten unsere Kunden etwas neues für ihre Sammlungen, ohne die Mühe zu haben, Korrespondenz zu erhalten oder zu beantworten.

Ein Deposit in baar ist zu hinterlegen, der erneuert werden muss, sobald er erschöpft ist; mit jeder Markensendung senden wir Rechnungs-aufstellung. Sobald verlangt wird das Guthaben des Kunden sofort eingesandt.

Um ungefähr für Mk. 2.50 (2/6) per Woche Marken zu erhalten, müssen 10/- hinterlegt werden; und wir empfehlen allen Markensammlern angelegentlichst diese kleine Summe auszugeben und so ihre Sammlungen immer auf dem laufenden zu erhalten.

Sammler, die unseren "Neuen Ausgaben Dienst" versuchen wollen, können für nur ein paar Wochen oder so lange sie wünschen, subscribiren.

BEDINGUNGEN.

Mk. 1.18 (1/2 st.) für 1/- (20 Mk.=19/6) wirklichen Wert der Marke.

(Dies ist der niedrigste mit guter Ausfuhrung zu vereinbare Preis). (Siehe Bedingungen 2B).

MOROCCO AGENCIES.

King's Head, single watermark.

We regret to have to report that as yet we have only secured sufficient 1 peseta "KS" to about half finish our New Issue Service and cannot therefore make any offer to other clients this week. This is not our fault, as special instructions have been given to postal authorities that they are not to discriminate between watermarks and that if anyone wishes to buy, say, 100 1 peseta stamps at a post office, they are to be given the first that come to hand without right to inspect them beforehand or return or exchange them afterwards! Why this extremely discourteous and unnecessarily hostile attitude to collectors we cannot say. We deposited a large sum of money a year ago and were surely entitled to be served from the first supply printed—the only supply printed in fact at the time we deposited the money—yet when the date of issue arrived, we were requested to say whether we wished our money back or whether we would agree to take whatever was given us! We took the chance and got a few 1 peseta with the single watermark, but the whole of our 2 pesetas were multiple chalkies. We are still buying 1 and 2 pesetas stamps in the hope of getting a few more singles amongst them, and we are purchasing several small lots that speculators and others succeeded in securing; in fact we are taking every step that appears to give any chance of securing supplies of these two stamps, but of course they will cost us much more than face value.

The current quotation for the 1 peseta single watermark is 5/-, with indications that it may soon be higher, whilst the 2 pesetas is not quoted at all.

We hope to report next week results of various enquiries we are making, and in the meantime are prepared to book orders for the 1 peseta KS at 5/-, block 20/-, on the chance of securing them. We have no idea what the price of the 2 pesetas will be, and we shall consider ourselves remarkably lucky if we ever get enough to finish our New Issue Service; at present we will willingly give 5/- each for them ourselves.

NEW ISSUE SERVICE.

These stamps form a fine packet and are accompanied by the original invoices. British Colonials only, up to 10/- face value.

NEW ISSUES.

The majority of collectors wish to keep their collection up-to-date, and to meet the wishes of those who desire to do so in unused condition, we established in 1902 our world-famed New Issue Service, through which nearly 1000 collectors in all parts of the world receive weekly (in a few cases monthly), a packet of all the new stamps just issued.

Every week our clients receive something new for their collection, without any trouble of receiving or answering correspondence.

We require a cash deposit, which must be renewed when exhausted, and with every consignment of stamps we send a statement of account. The credit balance is at any time returnable on demand.

A limited subscription to our New Issue Service requires a deposit of 10/-, and costs about 2/6 per week; and we most strongly recommend every stamp collector to spare this small sum and keep his collection up-to-date.

Collectors who would like to try our New Issue Service, can subscribe for it for only a few weeks or as long as they like.

NEW ISSUES.

The majority of collectors wish to keep their collection up-to-date, and to meet the wishes of those who desire to do so in unused condition, we established in 1902 our world-famed New Issue Service, through which nearly 1000 collectors in all parts of the world receive weekly (in a few cases monthly), a packet of all the new stamps just issued.

Every week our clients receive something new for their collection, without any trouble of receiving or answering correspondence.

We require a cash deposit, which must be renewed when exhausted, and with every consignment of stamps we send a statement of account. The credit balance is at any time returnable on demand.

A limited subscription to our New Issue Service requires a deposit of 10/-, and costs about 2/6 per week; and we most strongly recommend every stamp collector to spare this small sum and keep his collection up-to-date.

Collectors who would like to try our New Issue Service, can subscribe for it for only a few weeks or as long as they like.

Ewen's Quotations for Current Postage Stamps.

THE SPECIAL FEATURE of "Ewen's Weekly Stamp News" during 1906 will be a list of all stamps ever issued in British Colonies in designs still current, excepting those designs, originating before the 20th Century, which bear the portrait of Queen Victoria. These exceptions are limited to a very few colonies, such as Bechuanaland, British Honduras, Jamaica and the Australian States.

We think that anyone who will make the experiment, will find that these stamps make a very fine collection by themselves, and now-a-days when there are so many different kinds of stamps to collect, it is not always easy to know where to draw the line.

If our list meets with the success which we have no doubt it will do, we shall continue to add to it new issues as they appear, but to provide space for the new comers issues when superseded will have to be removed.

We have had very little time to experiment with styles of printing and do not know if the six column page will prove practicable. The type must necessarily be small or the list would become too unwieldy to transmit backwards and forwards through the post. The list is not like a catalogue intended to be used as a work of reference, but our hope is that collectors will use it as an order form in sending their orders. Few collectors have any idea how enormously the execution of an order is facilitated if it is marked out on one of these printed lists.

To Collectors desirous of doing business with us we have decided as an experiment to send this list free of any charge either for the list itself or for postage and hope collectors will appreciate this offer. We should esteem it as a kindness if clients would show the list to friends who may not have seen it, and should they care to receive it, they may do so by filling in the form which will be found on another page. This new quotation list will be presented free to all subscribers to *Ewen's Weekly Stamp News*, who need not therefore apply for it specially.

We have separated the two kinds of multiple watermarks, which we consider demand the attention of all serious collectors, and we have little doubt that the various catalogue publishers will find it incumbent upon them to do likewise. Collectors will not do amiss to take the chalk-surfaced varieties now; if they wait for the next catalogues, they will quite probably find they have waited for high prices.

With regard to our ordinary Quotations, we have had very little time to devote to this department lately. It is the fashion now-a-days to neglect anything but "King's Heads" and we must to a great extent follow the fashion. But we shall return to this department when we have completed the reorganization of our Current and New Issue systems.

Our Advice to Stamp Collectors.

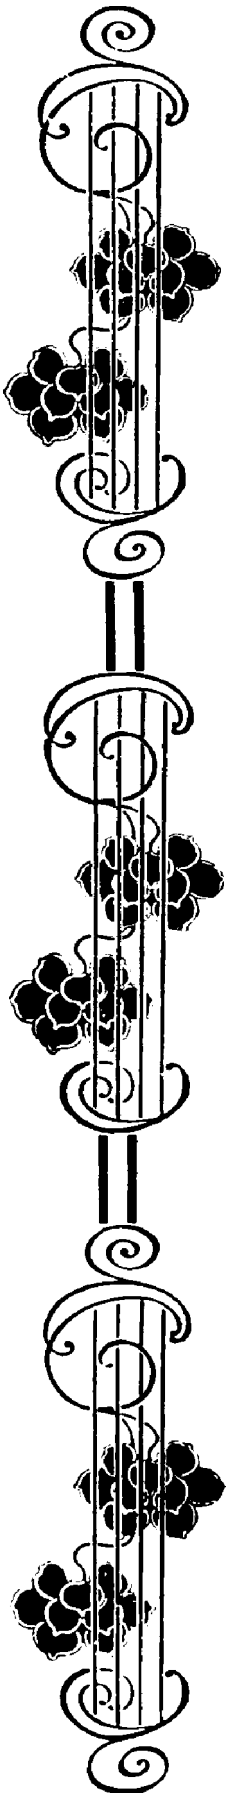

THIS ADVICE is only offered to those who ask for it and collectors who consider themselves sufficiently experienced to decide the important questions of philately for themselves may pass this over, or if they like to read it and write us what they think of our system of collecting, we shall be pleased to publish their opinions, whether favourable or otherwise. We believe the following systems of stamp collecting to be the best and recommend them at least to the consideration of stamp collectors who are not satisfied at present or who are just beginning and don't know exactly how to set to work.

- 1.—Collect issues of the 19th Century on the basis of *Ewen's Monthly Stamp Quotations*. No exceptions whatever. If you want your collection to be expensive, collect unused instead of used.
- 2.—Collect 20th Century stamps on the basis of *Printings*, with *Ewen's Weekly Stamp News* as your guide, if you like research; if you are a collector rather than philatelist, follow *Ewen's Quotations for Current Postage Stamps*, the first number of which will appear early in January.
- 3.—If your ardour is still unsatiated and your purse still unexhausted, take any particular issues (not necessarily whole countries)—just those you specially fancy—in collection 1, and specialize them in the style of collection 2.

If you specialize, be original; follow your own ideas and not the catalogue. You will then have a philatelic cemetery in Album No. 1, and the living world in No. 2!

Collectors may ask what is the use of the capital letters before every stamp in our new list. These are chiefly for the guidance of our employees in executing orders, but will we believe, be found of considerable use to collectors who want to limit themselves say to "King's Heads," or "Pictorials," or "Multiple Watermarks." The letter "K" or "P" or "M" catches the eye much more quickly than the longer description, and it is a comparatively easy matter by glancing down the lists to get a rough idea of the size of a collection comprising any of these classes.

NEW ISSUES.

The majority of collectors wish to keep their collection up-to-date, and to meet the wishes of those who desire to do so in unused condition, we established in 1902 our world-famed New Issue Service, through which nearly 1000 collectors in all parts of the world receive weekly (in a few cases monthly), a packet of all the new stamps just issued.

Every week our clients receive something new for their collection, without any trouble of receiving or answering correspondence.

We require a cash deposit, which must be renewed when exhausted, and with every consignment of stamps we send a statement of account. The credit balance is at any time returnable on demand.

A limited subscription to our New Issue Service requires a deposit of 10/-, and costs about 2/6 per week; and we most strongly recommend every stamp collector to spare this small sum and keep his collection up-to-date.

Collectors who would like to try our New Issue Service, can subscribe for it for only a few weeks or as long as they like.

NEW ISSUES.

The majority of collectors wish to keep their collection up-to-date, and to meet the wishes of those who desire to do so in unused condition, we established in 1902 our world-famed New Issue Service, through which nearly 1000 collectors in all parts of the world receive weekly (in a few cases monthly), a packet of all the new stamps just issued.

Every week our clients receive something new for their collection, without any trouble of receiving or answering correspondence.

We require a cash deposit, which must be renewed when exhausted, and with every consignment of stamps we send a statement of account. The credit balance is at any time returnable on demand.

A limited subscription to our New Issue Service requires a deposit of 10/-, and costs about 2/6 per week; and we most strongly recommend every stamp collector to spare this small sum and keep his collection up-to-date.

Collectors who would like to try our New Issue Service, can subscribe for it for only a few weeks or as long as they like.
