## SUBSCRIPTION STAMP COLLECTING.

Have you subscribed yet? Many leading collectors join.

WHATEVER your system of collecting and however many other institutions you subscribe to, it will pay you quite independently to register your name at once as a subscriber to Subscription Stamp Collecting, even if it is only £1 is., whilst if you prefer to rely on us solely, you will find our system cannot be bettered. Beyond paying the small subscription, you have absolutely no responsibilities or liabilities and you can buy much or little as you please. The more you buy, the more you reduce the percentage over face.

In the near future we propose to stock all the stamps sold at the French, German, Italian, Portuguese and Austrian Colonial Offices in Paris, Berlin, Rome, Lisbon and Vienna respectively, and these also will be supplied to subscribers at face value only. Should Kedah or the other recently added Malay States change their mind and issue special stamps, we have made arrangements to ensure a large supply so that all subscribers may have the stamps at face value. We shall be extremely grateful to any of our readers who may be meeting stamp-collecting friends this Christmas-time if they would bring our New System to their notice. Sample copies of E.W.S.N. for distribution will be supplied free with the greatest pleasure.

# Ewen's Quotations for Current Postage Stamps

Annual Subscribers can have stamps marked \* or † at face value only.

# Subscription Stamp Collecting.

(MR. EWEN'S LATEST INVENTION).

**CURRENT & NEW ISSUES AT FACE VALUE ONLY!**

Also many Old and Recent Issues, including Rarities and Provisionals.

## INAUGURATION OF A NEW SYSTEM.

*Warning.—This system is copyright.*

WE offer so many bargains and supply New Issues so cheaply, that dealers often find it profitable to buy up our entire supply of stamps, and monopolize for themselves profits which we would much rather were shared by those of our clients who are bona-fide collectors. We have therefore decided to reserve a portion of all our importations in future for the **benefit of annual subscribers** purchasing for their own collections. In return for a small annual sum, subscribers will be given access to a reserved stock containing a great many rarities and choice varieties, which will vary from time to time and be added to weekly. Only one specimen of each variety will be supplied in respect of each subscription, but subscribers who want pairs or blocks may take up two or more subscriptions. **Stamps will be supplied at face value, regardless of catalogue value!** provided that they are marked in our list with \* or ‡ (but not †, which means "importation not yet to hand"). If more orders are received than stamps are on hand, precedence will follow the amount of annual subscription.

# Subscription Stamp Collecting.

(MR. EWEN'S LATEST INVENTION).

**CURRENT & NEW ISSUES AT FACE VALUE ONLY!**

Also many Old and Recent Issues, including Rarities and Provisionals.

## INAUGURATION OF A NEW SYSTEM.

*Warning.—This system is copyright.*

We offer so many bargains and supply New Issues so cheaply, that dealers often find it profitable to buy up our entire supply of stamps, and monopolize for themselves profits which we would much rather were shared by those of our clients who are bona-fide collectors. We have therefore decided to reserve a portion of all our importations in future for the **benefit of annual subscribers** purchasing for their own collections. In return for a small annual sum, subscribers will be given access to a reserved stock containing a great many rarities and choice varieties, which will vary from time to time and be added to weekly. Only one specimen of each variety will be supplied in respect of each subscription, but subscribers who want pairs or blocks may take up two or more subscriptions. **Stamps will be supplied at face value, regardless of catalogue value!** provided that they are marked in our list with \* or ‡ (but not †, which means "importation not yet to hand"). If more orders are received than stamps are on hand, precedence will follow the amount of annual subscription.

## SUBSCRIPTION STAMP COLLECTING.

Have you subscribed yet? Many leading collectors join.

WHATEVER your system of collecting and however many other institutions you subscribe to, it will pay you quite independently to register your name at once as a subscriber to Subscription Stamp Collecting, even if it is only £1 is., whilst if you prefer to rely on us solely, you will find our system cannot be bettered. Beyond paying the small subscription, you have absolutely no responsibilities or liabilities and you can buy much or little as you please. The more you buy, the more you reduce the percentage over face.

In the near future we propose to stock all the stamps sold at the French, German, Italian, Portuguese and Austrian Colonial Offices in Paris, Berlin, Rome, Lisbon and Vienna respectively, and these also will be supplied to subscribers at face value only. Should Kedah or the other recently added Malay States change their mind and issue special stamps, we have made arrangements to ensure a large supply so that all subscribers may have the stamps at face value. We shall be extremely grateful to any of our readers who may be meeting stamp-collecting friends if they would bring our New System to their notice. Sample copies of *E.W.S.N.* for distribution will be supplied free with the greatest pleasure.

# Ewen's Quotations for Current Postage Stamps

The dagger † signifies that the distribution by Ewen's New Issue Service is not yet finished; the dash — that stamps are temporarily out of stock; and the asterisk \* indicates current stamps which can be ordered at face value plus 8% (cash in advance), or 10% (cash on delivery). Annual Subscribers can have stamps marked \* or † at face value only.

MINT UNUSED STAMPS ONLY; EVERY STAMP PRICED IN STOCK AT TIME OF GOING TO PRESS.

# Subscription Stamp Collecting.

(MR. EWEN'S LATEST INVENTION).

**CURRENT & NEW ISSUES AT FACE VALUE ONLY!**

Also many Old and Recent Issues, including Rarities and Provisionals.

## INAUGURATION OF A NEW SYSTEM.

*Warning.—This system is copyright.*

We offer so many bargains and supply New Issues so cheaply, that dealers often find it profitable to buy up our entire supply of stamps, and monopolize for themselves profits which we would much rather were shared by those of our clients who are bona-fide collectors. We have therefore decided to reserve a portion of all our importations in future for the **benefit of annual subscribers** purchasing for their own collections. In return for a small annual sum, subscribers will be given access to a reserved stock containing a great many rarities and choice varieties, which will vary from time to time and be added to weekly. Only one specimen of each variety will be supplied in respect of each subscription, but subscribers who want pairs or blocks may take up two or more subscriptions. **Stamps will be supplied at face value, regardless of catalogue value!** provided that they are marked in our list with \* or ‡ (but not †, which means "importation not yet to hand"). If more orders are received than stamps are on hand, precedence will follow the amount of annual subscription.

# Subscription Stamp Collecting.

(MR. EWEN'S LATEST INVENTION).

**CURRENT & NEW ISSUES AT FACE VALUE ONLY!**

Also many Old and Recent Issues, including Rarities and Provisionals.

## INAUGURATION OF A NEW SYSTEM.

*Warning.—This system is copyright.*

WE offer so many bargains and supply New Issues so cheaply, that dealers often find it profitable to buy up our entire supply of stamps, and monopolize for themselves profits which we would much rather were shared by those of our clients who are bona-fide collectors. We have therefore decided to reserve a portion of all our importations in future for the **benefit of annual subscribers** purchasing for their own collections. In return for a small annual sum, subscribers will be given access to a reserved stock containing a great many rarities and choice varieties, which will vary from time to time and be added to weekly. Only one specimen of each variety will be supplied in respect of each subscription, but subscribers who want pairs or blocks may take up two or more subscriptions. **Stamps will be supplied at face value, regardless of catalogue value!** provided that they are marked in our list with \* or ‡ (but not †, which means "importation not yet to hand"). If more orders are received than stamps are on hand, precedence will follow the amount of annual subscription.

In the ordinary course, a subscriber would have to pay a £3 3s. subscription to get a single copy of this stamp at face value and four such subscriptions to get a block of four. The ‡‡ means this time that £1 is. subscribers can get a single copy, and £5 is. subscribers the block. Clients who do not understand this explanation may treat the double cross as if it were ‡ only.

In the ordinary course, a subscriber would have to pay a £3 3s. subscription to get a single copy of this stamp at face value and four such subscriptions to get a block of four. The ‡‡ means this time that £1 1s. subscribers can get a single copy, and £5 5s. subscribers the block. In the ordinary course, a subscriber would have to pay a £3 3s. subscription to get a single copy of this stamp at face value and four such subscriptions to get a block of four. The ‡‡ means this time that £1 1s. subscribers can get a single copy, and £5 5s. subscribers the block. ### THE MISSING LINK!

18c. green and black, unsurcharged, mint, 4/-; block, 16/-.

This stamp is missing in almost every collection throughout the world. We have been fortunate enough to secure a small supply and can offer as above for the present. Having had ourselves to pay a high price, running into three figures in the £ column, we regret that on this occasion we cannot offer to Annual Subscribers at face value. To dealers we send on sale or return with a small commission.

## Papua. (‡)

### IS IT A RARITY?

2/6 brown and black, wmk. Crown A, sideways, perf. 11, mint, 3/6; block, 14/-.

This stamp has the name "Papua" in large type similar to the ½d. value, and the watermark of this first consignment is sideways, a variation that we have not noticed before on any value.

## Subscription Stamp Collecting.

### SUBSCRIBERS GET MANY BARGAINS.

Two subscribers last week secured the exceedingly rare complete set of "Mont Atho" errors, price £13 10s., and our stock is now exhausted. In accordance with our undertaking they were debited *face value only*, namely 13½ piasres or 2s. 4d.!

Almost every Subscriber so far has had the ½d. on 5/- Cayman, value 10/- for ½d. This offer is also withdrawn.

We have also given our Subscribers about 100 of the rare 1 piasres 3 paras brown and green Levant and even more of the same stamp in orange, which some say is withdrawn from use and equally scarce; only 3½d. each was debited for them. This offer is also withdrawn.

Besides the above there have been many other advantageous offers and even the earliest subscribers have still ten months of their subscription to run, so that Subscription Stamp Collecting should prove a splendid investment.

Although some of our offers have now come to an end (our stock cannot last for ever), subscribers who send in their subscription will get just as good value, as there is every prospect of more good things to come, and a subscription started now will remain in force till February, 1911. A subscription covers 52 weeks, so that the actual weekly amount of the more popular subscriptions ranges from only fivepence (!) to two shillings. Although the highest subscription, 20 guineas, may seem a large sum, it is less than 10/- a week considerably.

Subscribers are asked to remember that they are only entitled to obtain stamps *for their private collections*, and they must not oblige friends. Of course, as soon as a client ceases to be a subscriber, he is at liberty to do what he likes with the stamps.

The more subscribers we get, the more advantageous the offers we shall be able to make, and therefore it is to a subscriber's advantage to introduce friends. If we can get a sufficient number of subscribers, we will place everything on the face value list, although we should not always have enough to go round. For the present, however, we are limiting *face value* orders by means of the following signs:

\* Stamps marked with an asterisk will be supplied in future at 10% over face, either retail or wholesale, and to both subscribers and non-subscribers. Subscribers may however have single copies at face.

† Subscribers may have single copies at face.

‡ or \*\* In advertisements marked thus a block or entire sheet may be ordered in preference to a single copy, provided the price of such block or sheet does not exceed the limit allowed by the client's subscription.

## Transvaal (♯).

In view of the South African Union, coming into force on June 1st, this stamp may be scarce. £1 violet and green, multiple chalky, just issued, 22/-, block, 88/-.

## North Borneo.

THE MISSING LINK!

18c. green and black, unsurcharged, mint, 4/-; block, 16/-.

This stamp is missing in almost every collection throughout the world. We have been fortunate enough to secure a small supply and can offer as above for the present. Having had ourselves to pay a high price, running into three figures in the £ column, we regret that on this occasion we cannot offer to Annual Subscribers at face value.

## Papua.

IS IT A RARITY ?

2/6 brown and black, wmk. Crown A, sideways, perf. 11, mint, 4/6; block, 18/-.

This stamp has the name "Papua" in large type similar to the ½d. value, and the watermark of this first consignment is sideways.

## Subscription Stamp Collecting.

SUBSCRIBERS GET MANY BARGAINS.

Although some of our offers have now come to an end (our stock cannot last for ever), subscribers who send in their subscription will get just as good value, as there is every prospect of more good things to come, and a subscription started now will remain in force till February, 1911. A subscription covers 52 weeks, so that the actual weekly amount of the more popular subscriptions ranges from only fivepence (!) to two shillings. Although the highest subscription, 20 guineas, may seem a large sum, it is less than 10/- a week considerably.

Subscribers are asked to remember that they are only entitled to obtain stamps for their private collections, and they must not oblige friends. Of course, as soon as a client ceases to be a subscriber, he is at liberty to do what he likes with the stamps.

The more subscribers we get, the more advantageous the offers we shall be able to make, and therefore it is to a subscriber's advantage to introduce friends. If we can get a sufficient number of subscribers, we will place everything on the face value list, although we should not always have enough to go round. For the present, however, we are limiting face value orders by means of the following signs:

\* Stamps marked with an asterisk will be supplied in future at 10% over face, either retail or wholesale, and to both subscribers and non-subscribers. Subscribers may however have single copies at face.

† Subscribers may have single copies at face.

‡ or \*\* In advertisements marked thus a block or entire sheet may be ordered in preference to a single copy, provided the price of such block or sheet does not exceed the limit allowed by the client's subscription.

## Papua.

SHOWING ALL THE TYPES AND MINOR VARIETIES.

The ½d. and 1d. are perf. 14 × 15; the 2d., 3d., 4d. and 5d. perf. 14 × 14½; the 5d., 6d., 8d., 1/- perf. 14. It seems very probable that new printings, which are certain to be required in the course of a few months, will show changes. The perf. 14 × 13½ machine is as yet unrepresented in the set.

NOTE.—A reserve of all the above is on hand for annual subscribers. In this case each quotation counts as unity; for instance, an annual subscriber entitled to order single stamps quoted 4/6 may also order the sheet of 100 2s. on 1s. as one stamp and will get it moreover at only face.

## Transvaal (\*\*).

In view of the South African Union, coming into force on June 1st, this stamp may be scarce. £1 violet and green, multiple chalky, just issued, 22/-, block, 88/-.

## North Borneo.

### THE MISSING LINK!

18c. green and black, unsurcharged, mint, 4/-; block, 16/-.

This stamp is missing in almost every collection throughout the world. We have been fortunate enough to secure a small supply and can offer as above for the present. Having had ourselves to pay a high price, running into three figures in the £ column, we regret that on this occasion we cannot offer to Annual Subscribers at face value.

## Papua.

### IS IT A RARITY?

2/6 brown and black, wmk. Crown A, sideways, perf. 11, mint, 5/6; block, 22/-.  
£3 This stamp has the name "Papua" in large type similar to the ½d. value, and the watermark of this first consignment is sideways.

## Papua.

### SHOWING ALL THE TYPES AND MINOR VARIETIES.

½d. perf. 11, mint sheet of 30 with full margins, 2/6.  
1d. " " " " " 7/6.

## New Zealand. (♁♁)

### THE NEW SET INSCRIBED "DOMINION."

#### ALL KING'S HEADS EXCEPT 1d. SOME MAY BECOME RARE.

½d., 1d., 2d., 3d., 4d., 5d., 6d., 8d., 1/- first printings and shades, mint set 4/0¼; blocks, 16/2; per dozen sets, 48/5.

The ½d. and 1d. are perf. 14×15; the 2d., 3d., 4d. and 5d. perf. 14×14½; the 5d., 6d., 8d., 1/- perf. 14. It seems very probable that new printings, which are certain to be required in the course of a few months, will show changes. The perf. 14×13½ machine is as yet unrepresented in the set.

### JUST OBSOLETE.

1d. Universal, the re-engraved die which was only in use a short time, 2d.; block, 6d.; block of twelve, 1/6; dozen, in singles and pairs, 1/4.

NOTE.—A reserve of all the above is on hand for annual subscribers. In this case each quotation counts as unity; for instance, an annual subscriber entitled to order single stamps quoted 4/6 may also order the sheet of 100 2s. on 1s. as one stamp and will get it moreover at only face.

## Three Systems of Buying Stamps.

### PRICE DEPT.

Stamps are sold at the Prices Quoted in E.W.S.N. This is the simplest method.

### PER-CENTAGE DEPT.

Stamps marked \* in Advertisement or List in E.W.S.N. may be ordered at face value plus 10%.

### SUBSCRIPTION DEPT.

Instead of paying a percentage, clients may pay an Annual Subscription and then have the right to order at face value stamps marked \* or †

Instead of waiting till Stamps are advertised in E.W.S.N., many Collectors prefer to give a standing order for every New Issue to be sent them as soon as we receive it. This can be done under any of the above three systems.

Reference List is again revised, and attention is drawn to altered rules. Annual subscribers may now have at face value only any stamp priced, provided price is not within brackets. This also applies to Colonies marked "‡" after the name in our Quotations Supplement, and will shortly apply to all, when the sign ‡ will disappear except perhaps from our display advertisements.

Through our New Issue Service we propose in future to import all countries, and the large number of "‡" at present adorning South American and certain other countries in our Reference List will also shortly disappear. New Issue Subscribers (whether on the price, percentage, or annual subscription system) are recommended to check their collections with this new Reference List, and the ‡ will show what is to be expected in the near future. If stamps priced or marked "—" are still required, they should be ordered as they will not be sent out again with the New Issue Service.

# NEW ISSUE SERVICE.

**CAN CHANGE ANY TIME; NO WAITING.**

New Issues of Stamps are imported from every stamp-issuing country and colony throughout the world in mint unused condition and when unobtainable at post-offices are purchased from the next best available sources. If we are unable to secure enough to complete the distribution to all Subscribers, preference is given to clients whose limit of face value is highest and whose deposit account has been least often overdrawn, but in most cases incomplete distributions are subsequently completed.

**TERMS** 1/2 per 1/- face value. The completest Service is the World.  
 10% over face value. Equal to any other 10% Service.

If stamps cost over face value, prices are advanced, but the stamps are then on approval. In lieu of the above terms, clients may have stamps at face value only, but are required to pay an annual entrance fee.

## APPLICATION FORM.

# Ewen's New Issue Service.

CAN COMMENCE ANY WEEK; NO WAITING.

New Issues of Stamps are imported from every stamp-issuing country and colony throughout the world in mint unused condition, and when unobtainable at post-offices are purchased from the next best available sources. If we are unable to secure enough to complete the distribution to all Subscribers, preference is given to those whose limit of face value is highest and whose deposit account has been least often overdrawn, but in most cases incomplete distributions are subsequently completed.

**TERMS** 1/2 per 1/- face value. The completest Service in the World.  
10% over face value. Equal to any other 10% Service.

If stamps cost over face value, prices are advanced, but the stamps are then on approval. In lieu of the above terms, clients may have stamps at face value only, but are required to pay an annual entrance fee.

## APPLICATION FORM.

## Current Stamps.

AT FACE VALUE.

Under the above title our Reference List has been published in book form (98 pages).  
Price 7d. post free to any part of the world.

Stamps may be ordered at the prices quoted in this list but we *most strongly* urge  
all serious collectors to become subscribers to our Subscription Stamp Collecting, which  
we feel sure will be the most popular, as well as the cheapest, method of collecting  
new issues in the future.

Take the case of a collector who has friends abroad. If he asks them to buy stamps  
for him at the Post Office it would be only fair to send them the return postage and  
registration, 3d. Add the postage 1d. and the cost of a postal order 1d. and there is a  
total loss of 5d. Through "Ewen's Subscription Stamp Collecting," a collector can have  
the stamps of 120 British Dominions and Colonies and of 230 Foreign Countries and  
Colonies. Even to import from the British Colonies direct would cost 120 times 5d. or  
50/- yet for a £2 2/- subscription you have the right to purchase at face value a set of the  
current stamps of *all the countries of the world* up to the catalogue value of 5/- and also (a  
very important "also") all new issues that may come out during the twelve months'  
currency of your subscription as well as a certain number of obsolete stamps.

Our object in putting this subscription so low is to make it worth while every  
collector joining and we hope before many weeks are out to increase our membership  
to over 1000.

A supply of the Trinidad Official ¼d. and 1d. has been reserved for new subscribers  
entering this month.

## Subscription Stamp Collecting.

Subscribers at £2 2s. can have Trinidad Official, ¼d. and 1d.; Australasian New  
Hebrides, 1d. and 2d.; Gibraltar, 2d. grey; Russia, 1 rouble, wove paper; Transvaal,  
2d. all purple; Newfoundland, Royal Family, set; Turks, King's Head, set; French  
Gaboon, 1c., pale shade; Belgium, Charity set, 1, 2, 5, 10c.; Brazil, 200 reis, Pan-  
American; Argentine, San Martin set, etc., etc.

## Current Stamps

AT FACE VALUE.

Under the above title our Reference List has been published in book form (98 pages).  
Price 7d. post free to any part of the world.

Stamps may be ordered at the prices quoted in this list but we *most strongly* urge  
all serious collectors to become subscribers to our Subscription Stamp Collecting, which  
we feel sure will be the most popular, as well as the cheapest, method of collecting  
new issues in the future.

Take the case of a collector who has friends abroad. If he asks them to buy stamps  
for him at the Post Office it would be only fair to send them the return postage and  
registration, 3d. Add the postage 1d. and the cost of a postal order 1d. and there is a  
total loss of 5d. Through "Ewen's Subscription Stamp Collecting," a collector can have  
the stamps of 120 British Dominions and Colonies and of 230 Foreign Countries and  
Colonies. Even to import from the British Colonies direct would cost 120 times 5d. or  
50/- yet for a £2 2/- subscription you have the right to purchase at face value a set of the  
current stamps of *all the countries of the world* up to the catalogue value of 5/- and also (a  
very important "also") all new issues that may come out during the twelve months'  
currency of your subscription as well as a certain number of obsolete stamps.

Our object in putting this subscription so low is to make it worth while every  
collector joining and we hope before many weeks are out to increase our membership  
to over 1000.

A supply of the Trinidad Official  $\frac{1}{4}$ d. and 1d. has been reserved for new subscribers  
entering this month.

N.B.—This List also serves as an ordinary Retail and Wholesale Price List  
and stamps may be ordered by everyone at the prices quoted.

The Entrance Fee only becomes payable if the stamps are required at face value.
