"Speedy" Stylo. Pen. / /

WITH SPRING NEEDLE.

Pen is very similar to the "Suit-all" shown on other side, with one important viz. : that it has a spring action needle. This enables it to be used at any angle, nearly upright, as in the case of a fixed needle. It also greatly assists the flow of ink.

These pens may be favourably compared with any high priced Stylos. on the market, as they combine all the advantages of the best makes, and make writing a perfect pleasure as they glide over the paper.

Nothing like them has ever been produced at the price. No one who has never used a spring needle Stylo can realise how easily and pleasantly they write. The guarantee named on other side applies also to this pattern, viz. : to exchange any pen that does not work satisfactorily (breakages excepted) any time within one month from date of purchase.

the "Suit-all" Stylo. Pen. / /

Best class Stylo. pen for ONE AND NINEPENCE. Neat in size, simple in principle,
ertain in action. Made of same materials and with the same care as the highest priced pens.
English Manufacture.

Price = -

1/9

A few years ago pens similar to this were selling at just double the price, but the manufacturers have been able to effect great savings in the various processes owing to the largely increased quantities they are making, and have given the public the benefit by reducing the price to this astonishingly low figure.

Every pen is complete in a neat box with a filler and cleaner, and holds enough ink to write 8,000 words. They can be carried in the pocket in any position, and will wear for many years if used with reasonable care.

The manufacturers stand behind these pens with a definite guarantee to exchange any pen that does not work satisfactorily (breakages excepted) any time within one month from date of purchase.

THE BEST OF ALL.

Ne Plus Ultra Postage Stamp Album.

100 interchangeable leaves in patent binder
\$5.....\$5.50 postfree.

Single pages per 100.....\$3.50 postage extra.
Single pages each.....5 cts

The Album has NONE of the bad points of the others in the Market and is the BEST in every detail and up to date.

Size of page $11\frac{1}{4} \times 8$ inches oblong or $8\frac{1}{2} \times 11\frac{1}{4}$ inches upright shape.

Please state in your order which style you prefer
The Merits of the Book are:

1st—The sheets are interchangeable.

2nd—Rubbing of stamps is avoided.

3rd—The binder is the simplest and easiest to handle, no strings, screws or complicated mechanism.

4th—The sheets are of the best Ivory Bristol Board and have ground work printed in fine quadrilla lines, each leaf is linen hinged.

5th—You can bind 10 to 125 sheets in the Binder and will be like a solid bound book, very handy if you want to show one or two countries in the Stamp Society.

6th—The pages always open flat.

7th—The Album is the cheapest in the Market and I guarantee satisfaction.

Ne Plus Ultra Stock Book.

Almost every Dealer and many Collectors use Stock Books, but the greatest drawback of all is that the pages are not interchangeable, and after the pockets are well filled the binding bursts on the back, the book is then of no use and all stamps have to be removed to a new Book which is a very tedious job and takes much valuable time and beside the pages don't open flat.

The Ne Plus Ultra Stock Book overcomes all these objectionable points.

The Ne Plus Ultra Stock Book is bound on the same principles as the N. P. U. Album, each leaf is linen bound and every page lies flat, is interchangeable, you can insert a page for new issues whenever necessary without the least trouble.

Size No. 2 9×10 inches 10 pockets to the page @ leaves \$2.00, postfree \$2.25
