EDITORIAL.

In presenting you with the *Califon Philatelist*, we desire to say that we have not the slightest inclination to be a leader of philatelic literature.

Philately seems to be on the boom here judging from the number of collectors.

EDITORIAL NOTES.

Well here we are again. Have you sent your little nickel? If not, you must expect the *Califon Philatelist* very often.

We wish to say that we do not consider the C.P. a representative of Philatelic journalism.

Another fraud. This time it is John J. Morgan of Camden, N. J.

The *Prohibitionists* have made their nominations for the Fall election. We can point with pride to such noble men as General John Bidwell, of California, and Rev. James B. Cranfill of Texas.
