**Postman's Knock.**

The present issue is the first of a new series and embodies both the "Philatelic Chronicle" and "The Advertiser of Wants and Offers." Besides the actual amalgamation of the two papers, there are innovations which your POSTMAN—your same old POSTMAN—trusts will be acceptable to all.

\* \*

As was frankly announced in the December issue the change is made for economical

reasons. There never was an English philatelic paper which brought any appreciable direct profit, and, although the proprietors have nothing to grumble at with regard to "The Advertiser." "The Chronicle" was a comparative dead weight which neutralized any advantages gained by the sister paper.

\* \*

Of course the losing factor in publishing a philatelic magazine is the cost of distribution. The extortionate postal charges—abominable in comparison with those of other countries—which compel an outlay of one halfpenny on every copy, even if it only weigh the quarter of an ounce, mean—to put the matter generally—doubling the cost of the first thousand copies and quadrupling the cost of all subsequent ones.

\* \*

It is a noteworthy fact in these days of Imperial issues to find that publishers in Canada can send their magazines all over the United States at the nominal price of about 2d. per pound, irrespective of quantity. More, they can send them to this country and Mexico at the same rate.

\* \*

Thus, supposing the *Philatelic Chronicle* weighed half an ounce, it would cost 4 1/8 per 1,000 to post in England, and about 5/2 per 1,000 to post in Canada. It is a bit aggravating to think that a Montreal or Quebec paper could be posted to 1,000 philatelists in London for the same money that 124 copies could be posted to some of the same people at a post office in the city itself.

\* \*

Yet out of evil cometh good. The advertisers in both papers should reap a substantial benefit—especially those who used the "Chronicle" whose announcements will now be seen by about a thousand more readers.

\* \*

The recently discovered Mauritius stamp was sold by Messrs. Puttick and Simpson, on January 13th, for £1,450. Rather a nice little present to come unexpectedly. It is stated that the stamp will find a resting place in the collection of H.R.H. The Prince of Wales.

We send to all the world by registered post the following stamps:—

100 stamps of Benadir, diff., 3/9; 100 stamps of Abissinia, diff., 5/-; 100 stamps of Eritrea, 2/6; 100 stamps of S. Marino, 3/-; 100 Monaco, 2/9.

### New Italian Postage Stamps.

Designs of the painter Francesco Paolo Michetti,  
by L. SCHUMACHER.

The *Giornale di Venezia* published the other day an article regarding the new designs for Italian postage stamps which have lately been submitted to His Royal Highness the King of Italy, by the well-known Abruzzian painter, Francesco Paolo Michetti. It is said that the King was greatly pleased with the same.

The 1 cent. stamp represents a huge rock with a cascade in whose sparkling waves a wheel is seen, symbolising the beginning of the new industries in Italy. In the dark background sparkles a crown, the luminous points of which represent the Electric rays. This stamp is dedicated to Alessandre Volta the discoverer of this wonderful force.

The 2 cent. stamp shows a view in the celestial heavens, where the electric current is seen, beating through the starry firmament, while from a telegraph pole the torn wires are falling down. Stamp dedicated to Marconi.

The 5 cent. stamp shows us a flock of swallows on the terrestrial sphere, which latter is standing out in bold relief from the background and is furrowed by the Zodiack. Above this we see Italy's coat of arms.

On the 10 cent. stamp appears the King's head shown nearly in full face, his crown being formed by a circle of mountains (the Alps).

The 15 cent. stamp will be for the future the national stamp "par excellence" being substituted for the 20 cents stamp, and will serve for inland letters. It represents the sea, losing itself in the far background and reflecting the figure of King Vittorio.

On the 25 cent. stamp we have the King interrupting the view of the World's arch, on which the Italian frontier extends itself, expressing thus the international purpose of this stamp.

The 40 cent. stamp represents His Majesty very nearly in full face, and behind the royal coat of arms shines the Italian star.

Lastly, the 1 lira stamp has in the middle the King's portrait, showing his left profile, on his left the royal eagle, and on the right the ruins of an old castle.

It seems that in these stamps, the likeness to the latest portraits of King Vittorio III is quite surprising. There is consequently every probability that these designs will be accepted in the very near future. However it is to be hoped that the paper of these stamps will be of better quality than is the case at the present. The perforation of the current stamps is miserably done, and great care is required in separating them to prevent tearing them to pieces.

No doubt in the new issues these defects will be rectified.

### New Issues.

Among the most interesting of the new issues supplied to us by Messrs. Whitfield, King and Co., Ipswich, are the King's head Indian surcharged British Somaliland and the rupee values, Queen's head, with the same surcharge. Korea has issued a set of large oblong stamps. In addition to Russia, Germany and Austria, there is now another claimant to the inheritance of the eagle ensign of Imperial Rome, for Corea now sports an eagle bearing a sword and an orb in either claw. It almost stamps the labels as being "made in Germany"—or is it owing to a Russian desire to familiarize the Coreans—and others—with the emblem of their sovereignty. Another interesting set is a plain but striking set of "Unpaid" stamps, issued for Hungary, while the 30 centavos Chili has been overprinted with a very quaint surcharge to alter its value to 10 centavos.

THE following curious odd values appear amongst obsolete and current British colonial stamps:—4d. Bermudas and Barbados;  $4\frac{1}{2}$ d. Malta;  $6\frac{1}{2}$ d. Newfoundland; 7d. Virgin and Leeward Islands;  $7\frac{1}{2}$ d. New South Wales, New Zealand, etc; 10d. Great Britain, New South Wales, etc; 12d. Canada;  $12\frac{1}{2}$ d. New South Wales.

**CARDS**, in medallions, will be inserted at the rate  
3s. for 12, or 1/6 for 6 insertions.

## A Protean Stamp Exchanger.

In our May and July issues of last year we called attention to a party who was advertising in various papers for exchange, and possessing many designations and domiciles. We gave a list of such names known to us as follows:

- A. Antonescu, Bucarest.
- Dr. Ang. Anthonès, Victoria, Cameroons.
- Dr. Angel, Antigua.
- A. P. Ancheel, Professor, Tobago.
- Antoonesco, Lawyer, Akkra, Gold Coast.
- C. Matescu, Bucarest.
- Maria Antonescu, Georgetown, Br. Guiana.
- Augh. Anthony, Registrar, Canea, Crete.
- Enghel Anton, Bishop, Gibraltar.
- A. Anchel, Judge, Monaco.
- Fil. Anthon, Free Town, Liberia.
- Miss J. Niculescu, Bucarest.
- Enghel Ant. Missionary, Virgin Islands.
- An. Anthony, Learned, St. Christopher.
- P. Filipache, Saigon, Indo-China.
- P. F. Anton, Kilona, Dutch E. Africa.
- A. Phylipson, Malindi, Br. E. Africa.
- P. Philipp, Port of Spain, Trinidad.
- Hilij, Physician, Charlottetown, P.E.I.
- Dr. Anghelus, German, S.W. Africa.

We hear from one or two friends that letters addressed to some of these designations are lying unclaimed at the post offices, so readers who have sent stamps might have a chance of recovering the same by application to the various Postmasters.

Mr. Allison, of Cape Colony, sends us an envelope addressed to Anghel Ant, Esq., Missionary, Virgin Isles, which has been returned to him through the post endorsed "Advertised and Unclaimed." The same gentleman advised us also a few weeks later that he had discovered that a number of letters were lying unclaimed at East London, addressed to Enghel Ant

On October 20, 1903—23 letters.

On November 20, 1903—16 letters.  
also one to L. E. Enghel.

Another correspondent in Melbourne, Victoria, sent a registered letter to Dr Angel, Antigua, which was returned through the Post Office intact.

## Philatelic Publications and Literature.

By the POSTMAN.

A very old friend comes to us in a new guise this month. *The Philatelic Journal of Great Britain*, has indulged in a new and exceedingly tasteful cover. *The Stamp Collector's Fortnightly*, gives an excellent portrait of one of the most deservedly popular philatelists we have—Mr. F. A. Wickhart, philatelist, journalist, printer and gentleman.

Messrs. Nissen and Co., have published the promised "Stamp Collector's Annual," and a most genuinely creditable production it is. It consists of some 140 pages, replete with useful information and embellished with portraits of all the better known dealers. The price is one shilling, and it may be ordered through the Philatelic Publishing Co., or direct from Messrs. Nissen, High Holborn, W.C.

*The Philatelic Almanac* for 1904 is equally good as its predecessors, and should be in the possession of every collector and dealer. The publishers are Messrs. Endle and Co., Boscombe, or it may be ordered from the Philatelic Publishing Co., price 5d., post free.

The January supplement to Messrs. Whitfield King's Universal Standard Catalogue, is ready, price 3d.

I have to acknowledge with thanks Auction catalogues from Messrs. Puttick & Simpson, Ventom, Bull and Cooper, W. Hadlow, Glendinning & Co. and Martin, Ray & Co. Also Price lists from H. J. Shelton (Dunedin, N.Z.), J. Cansino (Manchester), The William Stamp Co., E. Lodge (Newfoundland), Bright & Son, Fred. Hagen (Sydney, N.S.W.), Joseph Monge (Barcelona), Gebroder Senf (Leipzig) and The Empire Stamp Co. (Horsmonden).

THE King's chief hobby is numismatics, and not even the cares of kingship have made him give it up. His collection is one of the finest in the world, though it is limited to the coins of his own country only. Beginning with the rude coins of the Gothic invaders, and ranging from the earliest Papal coins down to the money now in use throughout the Kingdom, it includes examples from all the 200 odd mints of the country, containing in all some 50,000 specimens.

THE post-office at Emden, Germany, has a history unique among post-offices. It changed its nationality seven times in sixty-four years. In 1806 it was Dutch; in 1810 it became French; in 1813 it was Prussian; in 1815 it belonged to Great Britain and Hanover; in 1837 it became Hanoverian only William IV being the last English elector of Hanover; in 1866 it became again Prussian; in 1868 it belonged to the North German confederacy; and in 1871 it became finally an office of the German Empire.

A group of figures or initials is counted as one word. Three insertions at price of two; 6 at price of 4; 12 at price of 8; &c.  
 Six consecutive copies are sent to each advertiser post free.

Unused *mini* postage stamps of any country are accepted in payment. We prefer higher values of Foreign and Colonial, but English halfpenny stamps are the most useful.

REFERENCE.—Advertisers, from whom we have received reliable references, are entitled to put an asterisk (\*) after their advertisements. To entitle an advertiser to this privilege, and to registration in our reference book, the names of at least two substantial references, and a fee of 1/-, available for twelve-months, must be sent. The publishers of *The Advertiser* reserve the right to refuse any offer of references without giving any reason for refusal. *Important*—Business will be conducted much more readily between strangers when good references, such as our system ensures, are forthcoming.

## "The Proof of the Pudding"

### UNSOLICITED LETTERS FROM ADVERTISERS. One for Each Month.

Not what WE say about the "The Advertiser," but what THEY Say: We don't ask for praise—there is no necessity—it comes without.

August 6th, 1902. My Advt. has paid splendidly, and I have had many customers repeat their orders several times over.—H. A. Peters, Winnipeg, Canada.

September, 1st, 1902. I am very pleased with results of last six months advt., and shall certainly continue same.—E. R. Sturgess, Australia.

October, 18th, 1902. During the last four years I have advertised in many stamp Journals in England, the Continent and America, but always find "The Advertiser" gives the best results.—T. Greaves, Lee, Kent.

November 5th, 1902. My last advertisement shows how your paper is distributed, as I have had answers from every part of the globe for the last six months and still continue to get them.—C. B. Morden, Toronto, Canada.

December 1st, 1902. My last advertisement brought me answers from all parts of the world, and I am very surprised at the large circulation of "The Advertiser."—G. Z. Garabedian, Bagtchejk, Turkey.

January 3rd, 1903. Your "Advertiser" is the only paper for reaching collectors in all parts of the world.—Appelles Manglis, Smyrna.

February 10th, 1903. Herewith payment for three more insertions in your paper. I have had numerous replies from the previous insertions.—A. Wilkinson, Lincoln.

March 1st, 1903. Every passing day I am receiving letters from all the corners of the Globe.—G. Bussutill, M.D., Malta.

April 15th, 1903. I must say that the "Advertiser" is the best advertising medium I have tried, and it is marvellous how you produce it so cheaply.—B. A. Meadows, Wellingborough.

May 5th, 1903. I hope it will be as successful as the last, which brought me replies from all over the world.—L. A. Bardsley, Manchester.

June 5th, 1903. Your paper is the best.—G. Newton and Co., Banbury.

July 1st, 1903. I am well pleased with the results of my three advertisements in your paper, I have received many letters.—J. K. Winter, Rotterdam.

The above extracts—one for each month—record the continued success of "The Advertiser" throughout the year. We have received hundreds of complimentary letters besides these. The addresses of the writers of above can be found by searching the columns of the "The Advertiser" just previous to the date of letter.

Every day advertisers in our papers send us unsolicited testimonials.

The above are selected at random to show One Year's appreciation.

# CAN IT BE POSSIBLE?

A BEAUTIFUL SET OF

# English Penny Plate Numbers

71 TO 224.

FIRST ISSUED 1864.—THE SET CONTAINS 150 STAMPS.

---

The stamps are selected specimens, neatly mounted on Lithograph cards, with a space for each stamp and plate number above, elegantly made up in folding book form and bound. All for the nominal sum of

**5/-**       **FIVE SHILLINGS.**            **5/-**  
POST FREE, GREAT BRITAIN.      ABROAD, 3d. EXTRA.

*The Catalogue price of these stamps a little time ago was over £3, this year the 29 scarce numbers are not priced, if they were it is very probable one of the stamps would cost quite as much as the whole 150 specimens in the set now offered for the small sum of 5/-.*

*If you do not make a study of Plate numbers, they are worth buying as an investment and for exchange purposes,—especially in the Colonies and Foreign countries they afford a profitable and satisfactory transaction, for this purpose they were originally intended.*

---

**THE LATE MR. W. A. S. WESTOBY, THE KING OF ENGLISH STAMP COLLECTORS.**

Once saw some of the sets, and was so pleased with them, that he desired some might be sent him; when replying he said—"I cannot acknowledge the receipt of the Plate numbers without at the same time saying a word as to the exceedingly neat way in which they are arranged, I never saw anything more neatly or better done."

## A Present for Christmas and New Year.

You cannot please your Philatelic friends better than treat them to something Philatelic,—to send one of these sets would cost you little or no more than a fancy ornamental card, pleasing to the eye but only claiming the attention of the hour. A set of Plate numbers would not only prove useful and interesting, but of value and be a lasting remembrance of friendship. The sets will be sent direct to friends if desired with the card of the donor enclosed. All for the modest sum of 5/-.

If you want to secure sets do not wait till they are all sold and then send, if you do you may feel disappointed. Several sets reserved for collectors abroad. Send at once to—

MISS C. COOPER, "Adrina," Lower Breck Road, Richmond Park, Liverpool.

# YOUR WANTS CAN BE SUPPLIED.

The following useful Philatelic articles were specially designed and lithographed for private use, and have never been offered for sale. I am giving up Philately and shall be pleased to supply the wants of those interested in the study, it will afford a great saving to purchasers, as the cost of producing the small quantities now offered would be very considerable.

All the prices named below, include packing and carriage paid to any part of the United Kingdom. Orders from the Colonies and Foreign Countries must be accompanied with extra Parcel postage (weights below) according to the rate charged to the country where purchaser resides.

## LITHOGRAPHED RECONSTRUCTED PLATE MOUNTS, 25 in. by 15 in.

These mounts have been designed with the greatest care and are prepared to receive 240 stamps, arranged the exact size and form of the original sheets, the spaces are accurate in detail, affording every assistance for correct and neat plating. A large margin is allowed all round for framing or binding; various values and colours have been plated which have been greatly admired. As a set for pictures they are really magnificent.

*Price : 6 Mounts, 2/6 ; 12 Mounts, 4/6 ; Packed and carriage paid ( Weight 5 oz. each )*

## LETTERED RECONSTRUCTING CARDS, 20 in. by 12 in.

The Cards are extremely useful for preparing and shading the Plates accurately, each space is lettered showing the correct position of the 240 stamps, which greatly assists in properly completing the sheets before permanently transferring to the mounts, only a few remain.

*Price : 1/6 each. If sent with Mounts, 1/2 each only ( Weight, 5 oz. each ).*

## SHADING OR ALBUM MOUNTS, 12½ in. by 10 in.

These mounts are very neatly lithographed in blue, with heading spaces—Issue, Value, Colour, Watermark, Perforation, Plate number, Die number, &c. Each mount provides spaces for 96 stamps. For shading they are very useful, as many countries print their stamps in a great variety of shades for which no ordinary album could provide space. An album of shades is very pretty and often well repays the time spent upon it. The mounts may either be bound or cased.

*Price : 12 Mounts, 2/6 ; 24 Mounts, 4/6. Packed and Carriage paid ( Weight 2 oz. each ).*

## GILT EDGED MOUNTS 12 in. by 9½ in., FOR RARE STAMPS, ENVELOPES AND POST CARDS.

The mounts are valuable for preserving the condition of special rarities, as they do not bend like the leaves in an album; they are made of the finest material, tinted pale pea green with blue ruling, giving a rich and beautiful appearance to the stamps, &c. The mounts hold 60 stamps each with heading space over every stamp for details. Only a few remain. Envelope and Post Card Mounts are plain.

*Price : 6 Mounts, 2/- ; 12 Mounts, 3/6. Packed and Carriage paid ( Weight 3 oz. each ).*

## COLONIAL AND FOREIGN COLLECTION.

*I am disposing of my collection which contains many rare and beautiful specimens, and shall be pleased to send selections on receipt of references or deposit.*

FIRST ISSUED 1864.—THE SET CONTAINS 150 STAMPS.

POST FREE, GREAT BRITAIN. ABROAD, 3d. EXTRA.

*The Catalogue price of these stamps a little time ago was over £3, this year the 29 scarce numbers are not priced, if they were it is very probable one of the stamps would cost quite as much as the whole 150 specimens in the set now offered for the small sum of 5 -.*

*If you do not make a study of Plate numbers, they are worth buying as an investment and for exchange purposes,—especially in the Colonies and Foreign countries they afford a profitable and satisfactory transaction, for this purpose they were originally intended.*

---

**THE LATE MR. W. A. S. WESTOBY, THE KING OF ENGLISH STAMP COLLECTORS.**

Once saw some of the sets, and was so pleased with them, that he desired some might be sent him; when replying he said—"I cannot acknowledge the receipt of the Plate numbers without at the same time saying a word as to the exceedingly neat way in which they are arranged, I never saw anything more neatly or better done."

## A Present for Christmas and New Year.

You cannot please your Philatelic friends better than treat them to something Philatelic,—to send one of these sets would cost you little or no more than a fancy ornamental card, pleasing to the eye but only claiming the attention of the hour. A set of Plate numbers would not only prove useful and interesting, but of value and be a lasting remembrance of friendship. The sets will be sent direct to friends if desired with the card of the donor enclosed. All for the modest sum of 5/-.

If you want to secure sets do not wait till they are all sold and then send, if you do you may feel disappointed. Several sets reserved for collectors abroad. Send at once to—

# YOUR WANTS CAN BE SUPPLIED.

The following useful Philatelic articles were specially designed and lithographed for private use, and have never been offered for sale. I am giving up Philately and shall be pleased to supply the wants of those interested in the study, it will afford a great saving to purchasers, as the cost of producing the small quantities now offered would be very considerable.

All the prices named below, include packing and carriage paid to any part of the United Kingdom. Orders from the Colonies and Foreign Countries must be accompanied with extra Parcel postage (weights below) according to the rate charged to the country where purchaser resides.

## LITHOGRAPHED RECONSTRUCTED PLATE MOUNTS, 25 in. by 15 in.

These mounts have been designed with the greatest care and are prepared to receive 240 stamps, arranged the exact size and form of the original sheets, the spaces are accurate in detail, affording every assistance for correct and neat plating. A large margin is allowed all round for framing or binding; various values and colours have been plated which have been greatly admired. As a set for pictures they are really magnificent.

*Price : 6 Mounts, 2/6 ; 12 Mounts, 4/6 ; Packed and carriage paid ( Weight 5 oz. each )*

## LETTERED RECONSTRUCTING CARDS, 20 in. by 12 in.

The Cards are extremely useful for preparing and shading the Plates accurately, each space is lettered showing the correct position of the 240 stamps, which greatly assists in properly completing the sheets before permanently transferring to the mounts, only a few remain.

*Price : 1/6 each. If sent with Mounts, 1/2 each only ( Weight, 5 oz. each ).*

## SHADING OR ALBUM MOUNTS, 12½ in. by 10 in.

These mounts are very neatly lithographed in blue, with heading spaces—Issue, Value, Colour, Watermark, Perforation, Plate number, Die number, &c. Each mount provides spaces for 96 stamps. For shading they are very useful, as many countries print their stamps in a great variety of shades for which no ordinary album could provide space. An album of shades is very pretty and often well repays the time spent upon it. The mounts may either be bound or cased.

*Price : 12 Mounts, 2/6 ; 24 Mounts, 4/6. Packed and Carriage paid ( Weight 2 oz. each ).*

## GILT EDGED MOUNTS 12 in. by 9½ in., FOR RARE STAMPS, ENVELOPES AND POST CARDS.

The mounts are valuable for preserving the condition of special rarities, as they do not bend like the leaves in an album; they are made of the finest material, tinted pale pea green with blue ruling, giving a rich and beautiful appearance to the stamps, &c. The mounts hold 60 stamps each with heading space over every stamp for details. Only a few remain. Envelope and Post Card Mounts are plain.

*Price : 6 Mounts, 2/- ; 12 Mounts, 3/6. Packed and Carriage paid ( Weight 3 oz. each ).*

## COLONIAL AND FOREIGN COLLECTION.

*I am disposing of my collection which contains many rare and beautiful specimens, and shall be pleased to send selections on receipt of references or deposit.*

*The Advertiser of Wants & Offers  
Is an advertising medium superior  
to any other philatelic publication.*

Practical people know that a publication carries more advertising space than its contemporaries simply because it has a larger circulation and produces better returns. It enjoys a large advertising patronage because to advertise therein is profitable.

## "The Proof of the Pudding"

### UNSOLICITED LETTERS FROM ADVERTISERS. One for Each Month.

Not what WE say about the "The Advertiser," but what THEY say: We don't ask for praise—there is no necessity—it comes without.

August 6th, 1902. My Advt. has paid splendidly, and I have had many customers repeat their orders several times over.—H. A. Peters, Winnipeg, Canada.

October, 18th, 1902. During the last four years I have advertised in many stamp Journals in England, the Continent and America, but always find "The Advertiser" gives the best results.—T. Greaves, Lee, Kent.

November 5th, 1902. My last advertisement shows how your paper is distributed, as I have had answers from every part of the globe for the last six months and still continue to get them.—C. B. Morden, Toronto, Canada.

December 1st, 1902. My last advertisement brought me answers from all parts of the world, and I am very surprised at the large circulation of "The Advertiser."—G. Z. Garabedian, Bag-tchejik, Turkey.

January 3rd, 1903. Your "Advertiser" is the only paper for reaching collectors in all parts of the world.—Appelles Manglis, Smyrna.

February 10th, 1903. Herewith payment for three more insertions in your paper. I have had numerous replies from the previous insertions.—A. Wilkinson, Lincoln.

March 1st, 1903. Every passing day I am receiving letters from all the corners of the Globe.—G. Busutill, M.D., Malta.

April 16th, 1903. I must say that the "Advertiser" is the best advertising medium I have tried, and it is marvellous how you produce it so cheaply.—B. A. Meadows, Wellingborough.

May 5th, 1903. I hope it will be as successful as the last, which brought me replies from all over the world.—L. A. Bardsley, Manchester.

June 5th, 1903. Your paper is the best.—G. Newton and Co., Banbury.

July 1st, 1903. I am well pleased with the results of my three advertisements in your paper, I have received many letters.—J. K. Winter, Rotterdam.

The above extracts—one for each month—record the continued success of "The Advertiser" throughout the year. We have received hundreds of complimentary letters besides these. The addresses of the writers of above can be found by searching the columns of the "The Advertiser" just previous to the date of letter.

Every day advertisers in our papers send us unsolicited testimonials.

The above are selected at random to show One Year's appreciation.

## CIGARS FOR STAMPS.

Everyone who has been over in Belgium or Holland will tell you that our cigars are really of first quality. For the first time I now offer to send boxes of 50 or 100 cigars in exchange for stamps on approval. Naturally the quantity and quality depends on the stamps you send me: you just state how many cigars you want and I will guarantee full satisfaction. I will pay the carriage of the cigars to any country, but then expect to receive only good medium and rare stamps used or unused. **ROBERT E. JONCKHEERE,** Philatelist, Contich, Belgium.\* 68

## Postman's Knock.

When it was decided to reduce the annual cost of *The Philatelic Chronicle and Advertiser* to one shilling, there was no time to advise new and renewing subscribers, and so many sent the one shilling and sixpence for 1904.

It was impossible to maintain the old rate as *The Advertiser* subscribers would naturally object to pay 1/6, even though they got extra value for their money, and consequently the reduction was decided upon at the last minute. As it would be unfair to accept 1/6 from one, and 1/- for the same article from another, the subscriptions of all subscribers at 1/6 will be continued a further few months in proportion as they have paid at the larger rate during any portion of 1904.

The January issue was very late on account of the alteration, and this February number is also behind time, but your *POSTMAN* trusts that future issues will be more punctual.

A Philatelic Exhibition will be held at Berlin, from August 25th to September 4th, 1904. For prospectus and all information my readers must apply to Dr. Lux, Hauffstrasse 8, Berlin-Friedenan, Germany.

Mr. O. Ebeian sent me a View card of Ismidt, Turkey-in-Asia, with New Year's congratulations. I beg to reciprocate Mr. Ebeian's kind wishes.

A correspondent in British Central Africa, has raised a question of considerable interest to philatelists. His letter will be found in another column, and I shall be grateful for information on the subject.

Mr. Thomas Hinton very kindly sent me tickets for the Lantern Display, of the International Philatelic Union, on February 10th, I was unable to be present but I understand the proceedings were most successful and enjoyable.

I deeply regret to hear of the death of an old and valued correspondent, Mr. A. Campbell, better known under his trade name of A. Cameron & Co. As the widow and children have removed to France, it is requested that no books or price lists be sent to the Jersey address.

Although rather late in the day, I have to thank my good friend Mr. H. J. Atkins, Marlton, South Devon, for a specimen of the handsome newly issued revenue stamps of the States of Guernsey.

## Philatelic Publications & Literature.

By the *POSTMAN*.

In reply to one or two correspondents I would say that *The Canada Stamp Sheet* is dead to the best of my belief. I heard that the place of business was burned down, and that the paper was taken over by someone else, but, although I have written the "someone else" I can hear nothing about it.

**H. LESER,**

**JOHANNESBURG, TRANSVAAL.**

I have received the seventh number of *The Stirling Monthly*, the first (I believe) stamp paper published in New Zealand, and the new-comer presents the healthy appearance of one who has "come to stay." I hope to receive the first six issues also, to complete the file. By-the-way the philatelic paper of New Zealand at present is our *Philatelic Chronicle and Advertiser* which found so many good friends out there to help it, that the philatelic and picture postcard exchangers of New Zealand now depends almost entirely upon the *P. C. & A.*

Messrs. J. M. Bartels announce a new work, "The Postage Stamps of the Philippines," by J. M. Bartels, Capt. F. L. Palmer and F. A. Foster. The same firm is also issuing the third edition of "Bartels' U.S. Envelope catalogue."

The newest arrival from the Continent is the *Revue de la Federation Philatelique de France* a high-class journal published in Paris with the New Year.

The Colonial Stamp Co., Chicago, have issued a Postage Stamp Album exclusively for British Colonial stamps. It is claimed that it is the finest album made and is practically permanent, while it has been very well mentioned by the U.S. philatelic press.

Mr. J. Thorne, Haarlem, Holland, announces as forthcoming "The Card, Stamp and Curio Collector's Directory," which promises to be a very comprehensive work.

The International Directory of Philatelic Literature Collectors, Dealers and Publishers, edited and published by Mr. Victor Marsh has reached me. The title describes the book effectually and the objects attempted have been treated in a very full and complete manner. The lists are comprehensive and the articles on philatelic literature are very useful.

I have received Auction Catalogues from D. Ostara, Puttick & Simpson, G endinging & Co, W Hadlow, Ventom, Bull & Cooper, Jaggard & Taylor, Birmingham Philatelic Society, Messrs. J. M. Bartels & Co. and Martin, Ray & Co; also Price Lists from Gebruder Senf (Leipzig), Philipp Kosack (Berlin), Alb. L. Godoy (Guatemala), Century Stamp Co. (Montreal), P. L. Pemberton & Co., who send their new and comprehensive price list of British and British Colonial Stamps, and Whitfield King & Co., Ipswich, who send the supplement to the fourth edition of their Universal Catalogue.

## Picture Postcards.

By E. M.

The popularity of the *Advertiser* as a means of connecting post card exchangers the whole world over is not likely to be affected by its amalgamation with the *Chronicle*, and occasionally a few notes on the subject may be crowded into the somewhat limited space for literary matter. I see there were no less than eighty-four advertisements for picture post card exchange, &c., in the January issue. Supposing 20 per cent send advertisements this implies that there are 420 readers who are interested in picture postcards.

At the same time every admirer of picture postcards should see, at least occasional copies of the splendid magazine devoted to the hobby—Mr. Richardson's paper *The Picture Postcard*.

Mr. Karl Lewis, Yokohama, Japan, writes as follows:—"I am going in extensively for advertising postcards, as I am the only photographer in Japan who is not a Japanese. In the three years I have been in business in Japan, I find that even to-day there is no one who has made a speciality of photographing the types and general characteristics of the Japanese people. This particular line is my field, and I travel far to get a particular type and for more than two years I have been working hard at it in my spare time or whenever an opportunity offered, so that I can truly say now, that I have the best collection

### The Barcelona Forgers and Others.

In our issues of October 1902 and March 1903 we fully exposed the methods of the Barcelona manipulators with their various aliases and methods. We see they are again actively at work, and we would warn exchangers all the world over to be careful about dealing with any persons advertising from that city under the following names: Zanini, Gallart, E. Collin, Tello and Garcia. These people make a speciality of scarce stamps well calculated to deceive the unwary.

Regarding Schneiders, of Riga, his activity has somewhat diminished, but a little while ago we heard from Herr. A. Haase, Bremen, concerning him. His newest address seems to be W. Schneiders, Majorenhof, Livland.

In our "Protean Exchanger," Mr. Allison writes us further about Mr. Angelus, &c., as also does Signor Oscar Guller, but these must be left over to the next issue.

The name of A. Weiss, London, is given in the warnings of the *Korrespondenz-blatt* of February. He was also referred to in that paper for 1901, pages 36, 75, 148.

We have received complaints of, and written to without result, Messrs. F. Walters & Co., 11, Miller Street, London, N.W.

### New Issues.

Messrs. Whitfield King & Co., Ipswich, send us the new issues to middle of February. The new type of Jamaica bearing the arms and motto of the island is very striking, the  $\frac{1}{2}$ d. green, and  $\frac{2}{3}$ d. blue being before us. A new set for "Chine" and two surcharged "Indo-Chine" comprise the French Colonial contribution. Provisionals of 10, 15 and 20 cents, boldly overprinted, have been issued by Liberia, and there are also some varieties

of the new Panama surcharges. The four new "Postage Due" stamps of Paraguay are, we are informed, printed on the same sheet, which is divided by blanks into four panes of 25 stamps, each pane consisting of a different denomination. Messrs. Ewen send us a new set, ugly but interesting, of French Madagascar. The design consists principally of a buffalo in a state of rumination and a monkey, or some other four-handed bird, swimming about in the trees. They also send the very handsome rupee values of the King's head Indian stamps and the somewhat commonplace issue made for Lagos.

---

SOME of the stories the local newspaper men write about stamps and philatelic matters are really amusing. The newspaper men have acquired a smattering of philatelic lore, just enough so that in treating a news story they frequently get beyond their depth. The following story from a local paper illustrates the point:

"Stamp collectors and money hobbyists are making a great scramble at present to secure certain stamps of St. Kitts and others of the Danish West Indies, which certainly, have a place in the stamp history of the United States. When the United States decided to purchase these islands from Denmark, the Danish Government felt so sure that the deal would be clinched that it neglected to issue a fresh lot of stamps for the little islands, thinking that in another six months they would belong to Uncle Sam. The Dutch Parliament voted against any such action, however, and so the treaty was killed. In the meantime, while the diplomats were at work the supply of stamps in the Danish West Indies ran short.

First, the 1-pfennig stamps disappeared, then the 2-pfennig kind vanished, and nothing was left but the 4's, 5's and 6's. When this happened the people took to buying 4-pfennig stamps and cutting them in twain diagonally using the parts in lieu of 2-cent stamps.

The unique stamps are scarce, as only a limited number were so divided with knife and shears. The Danish Government sent out a new issue just about the time the natives of their West Indian colonies had run short of 4's, and were beginning to cut the 6's in three parts."

There seems a vague sort of something wanting here besides philatelic knowledge!

MIDLAND COUNTIES STAMP EXCHANGE.—  
The packets are very good at present, several colonial sellers sending nice sheets. A few good buyers will be welcomed and would find the exchange useful. References are necessary from intending members. Rules free. Secretary, Mr. W. G. Walton, Fentham Road, Aston, Birmingham.

Correspondence.

To the Editor, Philatelic Chronicle and  
Advertiser, Birmingham.

SIR,

I shall feel obliged if you or any of your readers will kindly enlighten me on the following points:—

(1) Whether unused stamps of a particular British Colony (whether ordinary or surcharged), the issue of which has been stopped some years ago, can now be used in that particular Colony in payment of postage on letters, parcels, &c.

(2) Whether stamps, as described above and out of issue for some years, and now either used postally or got defaced on a piece of paper from a post office in that particular Colony, are recognised as genuine used stamps in the philatelic sense of the word "used."

(3) And if these (now used) stamps are recognised as genuine used stamps, whether they fetch the same price as the stamps used before the issue was stopped.

My enquiry is particularly concerned to B.C.A. old stamps, but as I think that what applies to one particular British Colony is as well applicable to all the other British Colonies I have made a common cause of all the Colonies. If, however, there are different procedures in vogue as regards certain Colonies, I myself as also other collectors would welcome all such varied information on the above points.

Yours truly,  
AN ENQUIRER.

A group of figures or initials is counted as one word. Three insertions at price of two; 6 at price of 4; 12 at price of 8; &c.

Six consecutive copies are sent to each advertiser post free. Unused *mint* postage stamps of any country are accepted in payment. We prefer higher values of Foreign and Colonial, but English halfpenny stamps are the most useful.

**REFERENCE.**—Advertisers, from whom we have received reliable references, are entitled to put an asterisk (\*) after their advertisements. To entitle an advertiser to this privilege, and to registration in our reference book, the names of at least two substantial references, and a fee of 1/-, available for twelve-months, must be sent. The publishers of *The Advertiser* reserve the right to refuse any offer of references without giving any reason for refusal. **Important**—Business will be conducted much more readily between strangers when good references, such as our system ensures, are forthcoming.

for and by advertisements and the reading matter is given in.

The title of this paper is *not* "*The Philatelic Chronicle*."

There are to be obtained papers which provide abundant philatelic reading. Their subscription price is from 2/6 to 6/-.

Every year we have had a big American and a big Colonial issue of *The Advertiser*. And your POSTMAN assures you that equally big issues will be published this year. The aim is to reach every known active collector with a view to obtaining subscribers and advertisers and thus to reap a substantial benefit. Such has been the effect before and I trust such will be the effect now. The big American issue will be on May 14th, and the big Colonial issue on June 18th.

Dealers and advertisers generally who wish to reach collectors in the United States or Canada must not forget to send their advertisements by May 7th, while those who wish to get at the other English speaking countries must remember June 11th.

These special big issues are independent of the ordinary nominal circulation which is not affected at all, and your POSTMAN hopes for a big support in these the first big issues under his sole direction, and he promises a circulation commensurate with the support received.

Most especially does he ask American and Colonial dealers to give the *The Philatelic Chronicle* a trial.

I have not received any information regarding the point raised by our Central African correspondent in the last issue. I should like to publish a good reply.

Among the postage stamps disposed of the other day at a sale in the Temple Hotel, Arundel Street, was one of the Western Australian first issue, 4d. blue, with the swan inverted, one of the rarest stamps known, only seven other specimens existing. It went for £400. The Prince of Wales was the purchaser of a "Post-Paid" 2d. blue unused

**A MERRY EASTER!**

Christmas is the time usually associated with "Merry," but Christmas was such a fraud, from a weather point of view, as to deserve no such jovial designation. Easter is at hand, and the weather has settled down to something a little less damp than that with which we have been inflicted for the best part of two years. Hence "A Merry Easter!"

Out of the many who have commented upon the change in our appearance, some have deprecated the mixing up of reading matter with advertisements. To those I would respectfully reply that the paper exists

We send to all the world by registered post the following stamps :—

100 stamps of Benadir, diff., 3/9; 100 stamps of Abissinia, diff., 5/-; 100 stamps of Eritrea, 2/6; 100 stamps of S. Marino, 3/-; 100 Monaco, 2/9.

100 beautiful Italian View Cards of Rome, Naples, Sardinia, Palermo, Turin, Venice and Milan, all with stamps and addressed, by registered parcel, 8/-.

## Publications and Literature.

By the **POSTMAN.**

Quite a crop of new publications have reached me this month. Two of them are British *The West End Philatelist* (D. Field, London), and *The Collectors' Budget*, issued by Petty and Co., Bradford. One is German *Die Stempelmarke* (Ed. Susemihl, Munster), and another No. 1 is the *New Zealand Philatelist*, being *The Stirling Monthly*, to which I alluded last month, under a new name. *Poole's Monthly Philatelist* has ceased to exist being incorporated in *The West End Philatelist*. I have also received the first number of Vol. IV. of *The Exchange News*, a United States publication devoted to View Cards.

Since writing of the Royal Postage Stamp Album last month, I have received a copy and find that it is an excellently produced book intended to simplify the collection of British Empire Stamps by omitting all surcharged stamps and all details of perforation. Spaces are ruled neatly in various arrangements and illustrations are omitted. Descriptions have been made as brief as possible but are such as will instantly show the stamp which belongs to any space. Each issue and design has been arranged in sets, as far as practicable. Altogether the album should be of the utmost use to collectors who desire a general collection of the legitimate postage stamps of the British Empire and do not wish to collect the expensive varieties and eccentricities so dear to the specialist.

Mr. Victor Marsh has produced another useful book for the collector of philatelic literature being a "Philatelic Press List," with names and addresses of all contemporary publications.

I have received price list No. 4 from **The Century Stamp Co.**, Montreal, Canada, **Messrs Whitfield King and Co.'s** annual

## New Issues.

Messrs. Whitfield King and Co., have sent us the new Italian Express Delivery Stamp, an oblong label printed in red, also a new surcharge for Johore being 50 cents on 2 dollars, and a belated Queen's head stamp for Tasmania, the 1/- printed in red and green, and watermarked V and Crown. Besides the 50 cents on 2 dollars of Johore mentioned above, the same stamp has been surcharged one dollar. In addition to these the same firm send a new 5c for Nicaragua, a most degenerate stamp considered in relation to the beautiful first issues of this republic, and a new French Morocco 20 centimos.

Messrs Ewen, Norwood, London, have sent us the newest issue for the new little republic of Panama being the map stamp of Colombia surcharged Republica Panama in a kind of script italics. The new and brilliant blue 2½a Indian, King's head, the sombre blue Trinidad 2½ with Britannia and the permanent King's head Somaliland are also among those sent.

## Picture Postcards.

By E. M.

A most interesting series of View cards has been prepared by Mr. W. C. Proudfoot, St Vincent. They are illustrative of West Indian life and give interesting views in connection with the recent volcanic catastrophe.

The set consists of the following :

Native Canoes; Eruption of Soufriere; Richmond Estate House after eruption; Wahibou District (showing Estate and Sugar works destroyed by eruption); Interior of Crater (steaming freely); Botanic Gardens; Centre walk Botanic Gardens; Government House; Native Laundry; Market Day, Kingstown; Kingstown from the West; Kingstown Harbour.—One shilling and three-pence is the price per set of 12, including postage abroad per Registered Book Post, and the cards can be posted to any address on payment of one shilling extra per set of 12

Mr. Karl Lewis, Yokohama, has sent a quite up-to-date card, representing the engagement between the Japanese and Russian warships outside Port Arthur, on February 9th. The card is nicely tinted and apparently is a photograph.

Mr. J. W. Tickel, writes:—*Apropos* the collecting of Picture Postcards will you permit me to draw the attention of collectors in foreign countries especially that it is against the postal regulations to place the stamps on the view-side of the cards.

A few days ago I received two cards from Havre, stamped on the view-side, and was called upon to pay fourpence on each card.

I am informed by the Postmaster General to whom I wrote for an explanation, that the charge is correct, being double the letter rate in consequence of the stamps not being on the address side.

At this rate postcard collecting is likely to be an expensive hobby.

## The Protean Stamp Exchanger.

Mr. Oscar Guller, Intra, has sent us particulars of a number of registered letters sent to Mr. Anghel under his various names, and it

would seem that Mr. Guller has been considerably victimized by the party in question. The list is interesting, and keeps fresh the various aliases, and, by the consistency with which the letters have been detained, is corroborative evidence that the names belong to one and the same party.

List of the letters:—

April 16—	P. Philipp	...	" 43/7

\*Those letters have been returned.

Mr. Allison writes as follows :

Woodstock, Cape Colony,

20/1/04

The Editor Philatelic Chronicle.

DEAR SIR,

With further reference to the Protean Stamp Collector, I now enclose an envelope addressed to A. P. Anghelus, Dr. of Physic, Swakopmund, G.S.W.A., which has been returned to me undelivered. You will notice that in the first place the letter was redirected to "42, Caba Mosilar, Bucarest, Rumanie," this exactly coincides with a theory I expressed some time ago that Mme. Marie Antonesen, 42, Calea (Cabo?) Mosilor, Bucarest, Roumania was probably another of Mr. Enghel Ant's aliases, presumably his headquarters. I should be glad to have the envelope back again, as I keep all such like things "for future use." I also wrote you a few weeks ago *re* the missionary, and I am now only waiting for news from Dr. Ang. Anthones, Victoria, Cameroon, of which I will advise you in due course.

I remain, &c.,

JOHN ALLISON.

## Trade Notes.

By E. M.

The time between the end of March and the end of June is generally the best for philatelic business in Great Britain, and it behoves all who wish to do trade to keep themselves well before the public during that time. The Big Issues of the *Chronicle* are timed for May 14th and June 18th, and dealers should not neglect the opportunities offered.

It is useless to disguise the fact that philatelic business has been wretched lately, most especially have dealers with expensive shops to maintain felt the pinch. Some businesses have been closed and some disposed of, and altogether money has been very tight. One incident has come to our knowledge where a firm whose name is philatelically historical has allowed an account of less than two pounds to run on for over a year and have neglected to reply to the last six or eight reminders. Such incidents as these are really pathetic, but let us hope that the silver lining will now be seen.

We have received a copy of Wm. Bradbury's wholesale list for this month, and on going through it were surprised to find how many of the older issues he can still supply at very reasonable rates. The explanation of course, is that he has been continuously buying since 1883 (over 20 years since he started business), and he has a stock of the "good old" issues, such as the new firms have no chance of obtaining. We would advise all our readers who have not got this list to write for it immediately to his new address, Cliff Grange, Ipswich.

## Society News.

MIDLAND COUNTIES STAMP EXCHANGE.—The packets are very good at present, several colonial sellers sending nice sheets. A few good buyers will be welcomed and would find the exchange useful. ## Postman's Knock.

Was it Tennyson or Milton who wrote that pathetic little ballad of which the refrain runs something like this? "The existence of a police-constable is not a life of pleasure!" Whoever the poet may be, I can paraphrase the expressiou and say that "A POSTMAN'S life is not a happy one"—when he has to direct a stamp journal, as your own pet POSTMAN does.

There is such a lot of thinking required as to how to please everybody—and thinking never did agree with me! Yet, it has to be done!

Still, I have the consolation of knowing that whatever I do is benevolently criticised

by all the numerous friends for whom I write and who all seem to have a warm corner in their hearts for an impulsive erring old POSTMAN.

"To return to our muttons," as we used to say in France. I have been thinking! The result of my profound cogitation is that I might just as well follow the example of my betters, and make useful to myself the many kind philatelic friends aforesaid—and so may it be! I presume upon their help, knowing that it will be freely given, if possible.

This is what I propose. Each month for a time, I shall take certain picked names among the subscribers, and send to these an extra copy of the "Chronicle" which I request they will send to a philatelic friend, and, I sincerely trust, will not resent the liberty I take.

Many can help one, and if all to whom I send can secure one new subscriber, they will greatly help the *Ch onicle* and their obedient friend THE POSTMAN.

I request each one not to waste the copy I send him or her, and I profer my hearty thanks in anticipation.

There are some people who take a lot of persuading, but it has to be done—so here goes! I told all and sundry last month about the big—shall I say huge—American issue of next month and the special Colonial issue of June 18th. I am collecting and checking the available live collectors in America and Canada, and I calculate that some two] to three thousand philatelic Americans will see the *May Chronicle*. Dear dealer and collector—have you nothing to bring before them? Have you no stamps or picture postcards to exchange? Do you want to buy anything? Hurry up, please! and oblige your old POSTMAN with a bumping issue. Make it weigh half-a-pound and he'll pay the extra postage. Joking apart, you will not get another chance like it this year, and the Colonial issue will be quite as good in its way.

The question has been asked me more than once, "If this is genuine, how can it pay you?" Of course it does not pay! It cannot! But the after effects pay when the

subscriptions and advertisements come in. But never mind what it is going to cost us, you try it! Be selfish, and let your POSTMAN pay for a big advertisement for you! "He don't care," as the poet sings.

Please note that your POSTMAN is not speaking the foregoing to the world generally and nobody in particular, but, in all friendliness, to YOU—

And he will look as carefully after a little sixpenny exchange advertisement as he will after a two page contract.

The current stamps of N.S.W. are perforated O.S. and O.S. N.S.W. The B.P. asked Mr. A. G. Kelson, to make enquiries as to the use of two sets being in use at the same time and the officials inform him that stamps perforated O.S., N.S.W. are intended for "Offices of State," those perforated O.S. for "Military Forces," and G.R. for "Government Railways." The official stamps of Victoria are perforated with a much larger O.S., and those of Tasmania with T.

## Publications and Literature.

By the POSTMAN.

Mr. H. C. Beardsley, St. Joseph, Mo., U.S.A., has published a most useful list of dealers, entitled "The Stamp Dealers Directory and Stamp Buyers Guide," the price is only 10 cents, and the list embodies dealers all over the world, in addition to those of the United States and Canada.

Among new papers announced is yet another from New Zealand. Mr. S. J. Howard, of Rangitikei, publishes, or is about to publish, "Oceania" monthly. Mr. E. T. Parker, the well-known American dealer of Bethlehem, Pennsylvania, contemplates publishing a new weekly stamp newspaper.

Up to recently there were two (if not more) weekly stamp papers published in the United States, but now the *Weekly Philatelic Era* after publishing 566 numbers has been incorporated in *Mekeel's Weekly Stamp News*.

I have received auction catalogues from Messrs. Glendinning & Co., Puttick & Simpson, Ventom, Bull & Cooper, W.

Hadlow, D. Ostara (Manchester), Martin, Ray & Co., Jaggard & Co. (Liverpool). I have to thank, also, Messrs. Howard Davis (Melbourne), and Bright & Son for price lists.

## New Issues.

Messrs. Whitfield King & Co., Ipswich, favour us with the following information.

COLOMBIA. We have 10c. stamps of the same type on buff, rose and salmon paper respectively. These were provisionals issued at Barranquilla.

We have just received a letter from one of our correspondents in this Republic informing us that paper money is no longer accepted in payment of postage stamps, which necessitates another new issue, as the value of the Colombian peso has gone down to about 1d. : three new stamps have therefore been issued of the value of 2, 5 and 10 centavos, colours blue, rose and mauve respectively. These are printed on very thin paper and are sold at the same rate as the American gold dollar, so they are equivalent to about 4/2 per peso.

EAST AFRICA & UGANDA. — We now have all values up to 8 annas. The additional values are 1/4 anna green, 2 1/2 annas ultramarine, 3 annas green and chocolate, 4 annas black and green, 5 annas orange-brown and grey black, 8 annas pale blue and grey-black, in each case the centre is in the second colour named.

**ST. HELENA.**—We are officially notified that all Queen's head postage stamps were withdrawn from circulation on the 31st March. We are not, however, informed what is to be done with the remainders, but we presume they will be (or perhaps have been) destroyed. These remainders consist of the 5/- C.C., the 2d., 2½d., 3d., 4d., 6d. and 1/- C.A. of the old type, the 1½d., 2d., 2½d., 5d. and 10d. of the small Queen's head (De La Rue) type. The ½d., 1d. and 2d. of the surcharged type, and the ½d. and 1d. of the 1896 issue were exhausted some time ago. As regards the ½d. and 1d. small King's head type issued in 1902, no more of these are to be printed after the present stock is exhausted, so that the only stamps now current are the pictorial set of 1903.

### Picture Postcards.

Japs, and things Japanese, loom large in the public eye at the moment, Japanese Picture Postcards are therefore sought after and welcomed by the enthusiastic collector. Two sets reach us this month of more than usual interest, being of Japanese make. (1) A set of six coloured Views, per "E. T., B.," (Edward Taylor, Beverley), depicting "The Mikado" on a white charger; "View of Port Arthur"; "A Jinrikisha"; "Japanese Temple"; "A Toilet Room," and "A Visiting Ceremonial." The first two are from drawings by a Japanese artist, and bear the true native style, the other four are taken from Photographs and are well executed. (2) The

second set (Scott and Wilson, Leeds), embrace 24 different scenes of "Japanese Life," also in colours more vivid than the first named, being hand-painted, if only for their novelty they are worth a place in every collectors album.

The fiat has gone forth, that in the Dominions of the Sultan, no picture postcards depicting (1) any Mosques or other sacred buildings of the Moslems; (2) or any photographs of Turkish women, shall be allowed to leave the country, and their entire suppression will shortly be enforced. Collectors! see to your albums, these cards will increase in value.

The well-known firm of Perrin Bros, have taken up the importation of Continental Postcards, in addition to their world-renowned Continental stamp business.

Now-a-days, every "Hobby" or pastime has its handbook, its counsellor and guide, even the popular pastime of the day, Postcard collecting possesses an up-to-date work devoted to its interests, entitled "*All about Postcards*," a name aptly chosen. The book itself is a neat well got up little volume of over 100 pages, well illustrated with plate and other engravings, published at one shilling. The author, Mr. W. J. Scott, has treated of the postcard and its collectors of both the "Official" and "Pictorial" cult, in a broad and catholic spirit, his one aim seems to be to interest and assist the novice, as well as the ardent specialist and general collector.

There are chapters on the "History of the Postcard"; "On Collecting and Collectors"; "The Postcards of Greater Britain"; "The Pictorial Postcard—its History and Development"; "Official Pictorials"; "Commemoratives"; "Hints to Collectors," and many other interesting articles and paragraphs, at the end of book is to be found a "Price Catalogue," giving the market values of all varieties of English and Foreign Cards by the aid of which an Official Card collector can determine the actual value of his collection.

We cordially invite all our readers who are interested in this growing branch of Philately, and who have not already done so to send for a copy. The frontispiece a design for "Ocean Penny Postage" dated 1850, is alone worth the money charged for the book. To be had from our publishers, or the Author, 4, Reginald Mount, Leeds, post free 1/2.

**On Washing Stamps.**

It is a very general thing among stamp collectors, especially beginners, to soak the stamps in water in order to remove them from letters or other adhesive matter. This is a great mistake, as in many cases it completely changes the colour, not to say the value of the stamp. Nearly all the stamps of Great Britain are more or less effected by this process. For the benefit of beginners, here is a fairly complete list of those stamps that are liable to deteriorate by the washing process:—

- Afghanistan, current types.
- Belgium, the recent issues.
- Bhor.

Cashmere, the  $\frac{1}{2}$  anna, brown on yellow, and all the early issues.

Russia, most of the earlier stamps.

Soruth, the first stamp.

Tasmania, several values of the current stamps.

As before mentioned, all the stamps of Great Britain are liable to damage from being washed. Some of the official surcharges will also wash off the Deccan stamps.

In addition to the above, no stamps of which any part is embossed should be put in water.

**MIDLAND COUNTIES STAMP EXCHANGE.—**

The packets are very good at present, several colonial sellers sending nice sheets. A few good buyers will be welcomed and would find the exchange useful. References are necessary from intending members. Rules free. Secretary, Mr. W. G. Walton, Fentham Road, Aston, Birmingham.

**BIRMINGHAM PHILATELIC SOCIETY.—**

On February 26th a very successful auction was held. Mr. J. H. Telfer (of the firm of Plumridge and Co.) very kindly officiating as auctioneer. On March 24th, Messrs. W. S. Vaughton and C. A. Stephenson showed their fine collections of the stamps of Ceylon, the display being still further supplemented by fine contribution from Messrs. W. Pimm, and T. W. Peck.

*Not what WE say about "The Advertiser," but what THEY say. We don't ask for praise—there is no necessity—it comes without.*

**Postman's Knock.**

It is too early yet to judge the effect of those extra copies I caused to be sent to a number of readers last month. Every extra copy sent for distribution went to one whom I considered likely to feel disposed to assist me in making the *Chronicle* known to all philatelists, and I sincerely trust that every one of my friends made good use of his or her extra copy. I have evidence of one or two cases where the extra distribution was successful, and I am sanguine that my friends will all make an effort and back up their old POSTMAN's efforts.

I am sending other extra copies out this month, in some instances to those who received them before, and I earnestly request that you will hand them or send them to some

collector likely to find them of use. Most especially am I anxious to get a much larger British subscription list, and hope that all who can will send to friends in these Islands. A word in season does an immense amount of good and if any friend who reads this would put the matter to a practical test, let him send a current or back issue of the *Chronicle* to some collecting friend or acquaintance with the necessary little word of recommendation and he may have done a great amount of service all round.

"Great oaks from little acorns grow."

The Big Colonial Issue of June 25th, offers a splendid opportunity for new subscribers and advertisers. That issue will be sent to all the most out-of-the-way Colonies of the British Empire and collectors who want exchange in stamps or postcards will find the chance they seek in this issue.

The July issue will be sent primarily to British collectors and the August one to Continental collectors, so that anyone sending an advertisement for three insertions will be assured of good value for his money. You have your POSTMAN's assurance that no possible expense will be spared in making the *Chronicle's* world-wide reputation even more extended. This paper is a commercial undertaking and your POSTMAN fully realizes the truth of Shakespeare's famous couplet:

"You, who in business wish to rise,  
Must either "bust" or advertise."

I have received from abroad some forgeries of English "Admiralty Officials" which emanated from this country. Collectors must 'ware these. If you come across a copy of this issue in which the overprint seems a trifle blurred avoid it as you would the fiscal policy. In the stamps I inspected the type was not precisely the same as the original—though the difference was infinitesimal—and thus the words of the legend were the least bit longer. Another point I noticed was that the distance between "Admiralty" and "Official" was some 11½ millimetres instead of just over 12. The forgeries are quite good enough to deceive the unwary, so it is advisable to exercise caution.

The French Colonies of New Caledonia and the other islands in the Pacific are, since the Anglo-French Agreement, to be known

as "Australasie," and, in honour of the event, are to have new stamps. The labels, which are very artistic, have now been finally chosen, and it is decided that the lower values are to have an emu as their symbol, the intermediate stamps a view of the bay and town of Noumea, and the most expensive stamps a crocodile. Lastly, the Inland Revenue stamps are to be adorned with the figure of a Kanaka leaning on a trident. The postal authorities in Paris evidently intend to introduce local colour.

### New Issues.

Messrs. Whitfield King & Co., Ipswich, send us the following information :

**CEYLON.**—The new King's head stamps Rs. 1.50 grey and Rs. 2.25 brown, the latter with value in green, these are of the same size and design as the 30c stamp.

**CHAMBA AND JHIND.**—The 3 pies stamp, King's head, has been surcharged for JHIND STATE, as also has the Queen's head  $\frac{1}{2}$  anna. The 3 pies Queen of similar type has been surcharged for use in CHAMBA STATE, both for ordinary postage and "Service."

Besides the above, the King's head ordinary stamps 2, 4, 8 annas and 1 rupee, service stamps,  $\frac{1}{2}$ , 1 and 2 annas, have been issued.

**EAST AFRICA AND UGANDA.**—We have now received all the rupee values, the colours of which are as follows:—1 rupee green, 2 rupees mauve and purple, 3 rupees black and green, 4 rupees emerald, 5 rupees carmine, 10 rupees ultramarine, 20 rupees grey and 50 rupees red-brown, the last five values have the portrait in centre in grey-black.

**KISHENGARH.**—This somewhat homely issue is being perforated, and the perforation is as crude as the printing. Apparently the post office has secured the service of a row of pins with which a perforation gauge of about  $17\frac{3}{4}$  has been secured.

**JHIND.**—King's head  $\frac{1}{2}$ , 1, 2, 3, 4 and 8 annas. The 3 annas with double overprint, both quite clear, is also reported.

**MAURITIUS.**—The provisional "Express Delivery" stamps surcharged on the 15c. Labourdonnais stamp have all been called in for the purpose of having the word "Inland" added to the surcharge, of these the total number issued was 5002, but as they were speedily exhausted a further issue was made with the same surcharge all printed at one time on the same kind of stamp, but in the second issue the space between the word "Delivery" and "15c" is wider to admit of more room for the word "Inland," of this second issue 16,000 were made.

**SEYCHELLES.**—The 2 cent, green and orange-brown appears in a new shade. The older issue was in chestnut. Type, King's head, "Postage" both sides.

**UGANDA.**—We are informed that the stock on hand of the Queen's head stamps has been destroyed, and the British East Africa and Uganda King's head stamps are the only ones now employed in both Protectorates.

**UNITED STATES.**—Mr. W. H. Leckie has sent us the set of St. Louis Commemoration stamps. They are of similar size to the Columbus and Omaha issues, and are

## Picture Postcards.

By W. J. SCOTT.

It speaks well for the Picture Postcards, when these very interesting emissions, can, practically, make and ensure the success of an Exhibition—International in every sense of the word. I refer of course to the one just closed, that has been held in the Agricultural Hall, Islington, N. True, it was not styled a postcard Exhibition—its full title being given as "The International Printing, Stationery, and Allied Trades Exhibition" but, when one entered and took even a cursory glance round, what was it that met the eye on every side? Machinery for printing was there, specimens of printing in all its varied stages was there. Paper for printing upon, of all grades was there; types, blocks and all the numerous and necessary accessories of the up-to-date printing house were there, but it was the popular picture postcard that overshadowed almost everything else, displayed for the public pleasure.—If one may judge by the attractive power of the stands on which such a wealth of these beautiful productions were displayed and the crowds which were always to be seen around them, we have but one answer to give to the query, as to which was the most popular feature in the whole building? and that is the Pictorial Postcard first, and the appliances for their production a good second, exhibits not connected in any way with these—were in point of popularity—nowhere.

Views of Japan, whether of native production—or continental printed—continue to be the most popular cards. In addition to those two sets described in this column last month several firms have brought out some interesting sets; Messrs. Tuck & Sons have just issued a set of six, entitled the "Japanese at Home" series, well produced in colours, illustrating the manners and customs of this surprising race of people. Another series by

the Photobrom Co, "Scenes in Sunny Japan" are still more domestic in character exquisitely produced in colotype, and sold at one penny each, a similar series, hand-colored are sold retail at twopence. A further set placed on the market, by Mr. Chas. Voisey, of the City Road, E.C., styled "The Far East," are somewhat crude in their production; in comparison with many black and white cards now on sale, but are interesting if only for the pictures they give—scenes around and about Port Arthur, Nagasaki, &c., &c. For the sum of one penny we can be in possession of a correct "War Map" of the Seat of the Russo-Japanese War, two firms, Messrs. Tuck & Sons and Messrs. John Walker & Co., have introduced capital coloured maps on postcards, showing parts of Manchuria and China, the whole of Korea and the greater part of Japan. They do not show however, to the Russians, the way out of Port Arthur.

Some more peaceful emissions of the month are:—a new range of Actresses by Messrs. The Rotary Co. the mention of whose name is a guarantee of their excellence—a set printed in Matt-Bromide, entitled—"Distinguished Theatrical Couples"—two photos on one card are very good and will be welcomed by collectors. Another set are a decided novelty, being brown-toned and highly glazed they have the exact appearance of a carte-de-visite, these include a set of twelve of that always popular actress Miss Marie Studholme, who is without doubt the most photographed of any on The Stage.

Mr. H. G. Schuddebeurs, Rotterdam, has sent us an interesting series of photographic cards illustrating the late visit of H.M. the Queen-Mother of the Netherlands to Rotterdam, on April 27th. Mr. Schuddebeurs advertises this very interesting series on another page.

It will be interesting to the collectors of picture postcards to learn that the French Government is negotiating with a view to the acceptance for international use of the new type of card which permits the sender to write something more than the address in a space provided for the purpose on the face. Twelve countries have acceded to the proposition: Russia, Italy, Switzerland, Portugal, Luxemburg, Bulgaria, Roumania, Montenegro, Siam, Canada, Mexico and Costa Rica. With other States negotiations are pending.

## Tooting Your Own Horn.

By ED. C. BARROLL.

If you toot your little tooter and then lay aside your horn,  
In ten short days there's not a soul will know that you were born;  
The man who gathers goodly crops is one who ploughs all day,  
And the man who keeps a-humping is the man who makes it pay.

The man who advertises with a short and sudden jerk  
Is the man who blames the editor because it didn't work;  
The man who gets the business has a long and steady pull,  
And in his "Advertiser" keeps his ads. without a lull.

If he can't write good copy, he employs a man who can,  
And the other fellow in his line is classed as "also ran."  
You can't fool people always—they've been a long time born,  
And most folks know the man is slow who tooteth not his horn.

The Moral of all which is: Do not fail to have an advertisement in the **BIG COLONIAL ISSUE** of the "ADVERTISER" and send your copy by June 18th.

## Society News.

**MIDLAND COUNTIES STAMP EXCHANGE.**—The packets are very good at present, several colonial sellers sending nice sheets. A few good buyers will be welcomed and would find the exchange useful. References are necessary from intending members. Rules free. Secretary, Mr. W. G. Walton, Fentham Road, Aston, Birmingham.

**B.P.S.**—On April 21st, Mr. W. Pimm gave a display of the Stamps of West Indies with Notes on them. The display included the collection of St. Lucia, which was awarded the silver medal at Manchester, and also the medal itself. All the other Colonies were equally well represented. The early issues of all the Colonies were especially numerous.

**FORTH STAMP EXCHANGE CLUB.**—The April and May Packets of this Club (which was founded in 1902) have been much in advance of any previously sent out. The sales are never less than 20% of total value of packets. Further particulars and Rules can be obtained from the Secretary (who is a member of the Stamp Exchange Protection Society) Frank T. Varley, Orchard Street, Falkirk, Scotland.

## Postman's Knock.

I must confess to a feeling of disappointment at the result, so far, of my scheme for making the paper better known. Perhaps it is too early to judge, but I fear that many to whom I confidently sent an extra copy have not given it away judiciously—if at all. I know many have, and I thank them sincerely. I assure them that good results are following. To those who have received an extra copy and kept it by them, I would address a request that they, will even, now give or send it away to some fellow philatelist who may be glad to get it. If anyone thinks his old POSTMAN is asking too much, I will promise not to wilfully offend again if he will notify me, but, in the present case, I earnestly request that he will stretch a point and greatly oblige his well-wishing, if importunate, friend,  
THE POSTMAN.

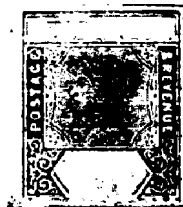

The secret is out at last. For months everyone has been vainly enquiring what the mission, or expedition, or invasion, or whatever it is, of, or into, Thibet was all about. It now appears that G. Lindsay Johnson, Esq., B.S., M.D., F.R.C.S., has given a copy of a Thibet stamp to Mr. D. Field, the well-known London dealer. The "stamp" consisting of a bit of red sealing wax, according to the description Mr. Field gravely supplies in *The West-End Philatelist*. Anyhow the rumour of this rarity reached the Indian Army, many of whose high officers are philatelists, and the necessity of an expedition into the mystic land was seen to be urgent, ere the London dealers organised one "on their own." At the same time I think there was little necessity for haste. Anyone can make a Thibet stamp with the aid of the flat end of a lead pencil and bit of coloured wax.

Your POSTMAN, however, thinks the gentleman with the alphabetical caudal appendage to his name has been having a little joke with Mr. Field! Fie! fie! Mr. G. Lindsay Johnson, Esq., B.S., M.D., F.R.C.S., to thus trifle with the simple faith of a poor unsophisticated London dealer!

Yet Mr. Field does not suffer alone. Years ago Lord Brassey was once accredited with the possession of a Thibet stamp of startling rarity, being absolutely unique. This was in 1892 and I well remember our poor old poet's effusion in the *September Chronicle* of that year, concluding with:

"Then perish all ambition, and power and place  
begone,  
I resign them all without the least regret;  
Though wealth and title leave me, do not, do not  
bereave me  
Of my treasure from that sacred land—  
Thibet!"

## New Issues.

BRITISH HONDURAS—Messrs. Whitfield King & Co. have sent us two new values for this possession. The stamps are the same type as illustration but, of course, bear the King's head.

1c. green, 20c. mauve.

Roland Road, Handsworth, Birmingham.

**GREAT BRITAIN.**—The withdrawal from use of all surcharged official stamps was very sudden and some of the King's head issues will be uncommon. The proceeding was no doubt an outcome of the recent trials. Mr. Geo. Davis, of Leeds, calls our attention to the  $\frac{1}{2}$ d. O.W. Official with a very narrow  $\bar{0}$  in Official. The same peculiarity has been noticed in the  $\frac{1}{2}$ d. and 1d. Army Official.

**HAYTI.**—A large and handsome set of 6 stamps has been issued, values 1, 2, 5, 10, 20 and 30 centimes.

**JAMAICA.**—The 1d. red and 5d. yellow, new arms type have been issued. The vignette is in black in each case.

**MAURITIUS.**—A 3 cents, printed in red and green, upon yellow paper is the latest effort of this little island.

**STRAITS SETTLEMENTS.**—The King's head stamp of 4c. printed on orange paper is to hand. The design bears the simple legend: STRAITS SETTLEMENTS only, with no mention of postage or revenue. Is the design left simple to allow more room for subsequent surcharges?

### Publications and Literature.

By the POSTMAN.

*The Collector's Budget*, Bradford, and *The Stamp Mount* have failed to reach me during the last few months and I fear they have gone over to the majority. Another paper has loomed on the philatelic horizon—*The Collectors' Medium*—which was published by Alex. M. Charlier, London, N., in May. Up to the time of writing the second issue has not appeared. The death of *The Virginia Philatelist*, an old and deserving American publication is to be regretted. Nothing has been heard of it since the latter part of last year.

A high-class work is promised in the near future, by the Rev. Hayman Cummings, on the college stamps of Oxford and Cambridge, comprising their history and use from 1870 to 1886, when they performed the happy despatch at the instigation of the postal authorities whose monopoly was being disregarded.

A Catalogue of the stamps of the 20th century has been issued by M. Th. Lemaire,

Paris, and is equally thorough with all his other works. It lists and illustrates every stamp issued since 1900. It may be ordered from the Philatelic Publishing Co., Fentham Road, Birmingham, or M. Th. Lemaire, 16 Avenue de l'opera, Paris, price 6d., post free. The work is in French.

Messrs. Arthur Monteith & Co., have still further improved and enlarged their well-known Approval Book (envelope size), and it now holds 132 stamps. This is the tenth edition.

All those who desire a simplified catalogue, wherein minor varieties are disregarded, should have Whitfield King's Standard Catalogue, 38 pages and 2,693 illustrations. The first supplement bringing the catalogue up-to-date is now ready. Catalogue and supplement can be obtained from The Philatelic Publishing Co. (see Philatelic Literature List).

MR. KARL LEWIS has sent us specimens of the beautiful Japanese Postcards which he supplies, and some fine tinted photographic views of Japan, one of which he sends to those applying for his catalogue and sending twopence for postage.

MENTION was made some time ago of the West Indian View Cards of Mr. W. S. Proudfoot, St. Vincent, and now another fine series has come to hand illustrating interesting scenes and events connected with the island.

## Picture Postcards.

By W. J. SCOTT.

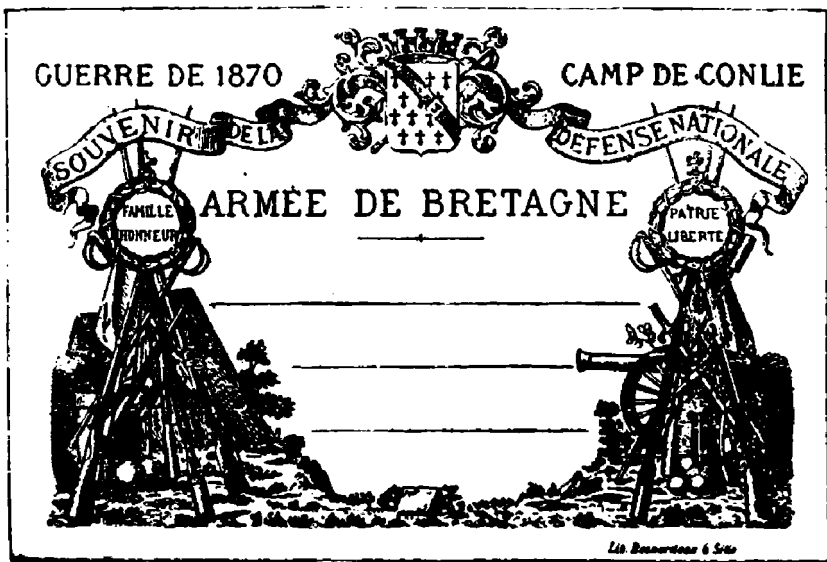

Two of the most interesting Picture Postcards that have ever been issued, are here described, and for the benefit of the many collectors who have not as yet seen them, I am enabled—(by the kindness of the Editor who has afforded me extra space)—to illustrate both specimens

The first, and decidedly "warlike" type, is claimed to be the very first pictorial postcard ever published. It came into existence during the Franco-German War of 1870, the story is as follows:—"The idea originated with a Mons. Besnardeau, who was, at the time a stationer at Lille-le-Guillaume, in France. The French to the number of 40,000 were encamped at Conlie in that neighbourhood, and were for the most part simple men without much education, from Brittany and Marne provinces, who were not voluminous letter writers. M. Besnardeau came to their assistance in the matter and made it possible to simplify their correspondence, by selling them cards—in- stead of letter paper and envelopes—these cards were in keeping with the occasion by being decorated with a military device of cannons, shells, and also patriotic emblems. This first issue was such a success, that a second was speedily forth-

coming. The ornamentation was somewhat similar, but a new feature was included in the design, the drawing of shells were in outline only, the idea being that the correspondent should write inside the outlined cartridge, the name of some engagement in which he had taken part. Many cards were sold to, and used in this manner, by both officers and men at the time

Our other illustration depicts a card, the history of which will be fresh in the minds of nearly everyone old enough to follow the tedious events of the late South African War. It is known as the "Ladysmith Seige Postcard," and, like the first illustrated, is of a commemorative character. At the present time it is a scarce card for the collector to meet with, and will eventually be what stamp collectors would describe as a "rarity," only a very limited number were issued, and not many were like the one here shown actually used. The small drawing in the upper left corner is supposed to represent the famous Long Tom on Mount Bulwana. One remarkable feature in connection with it, is the fact that whilst it bears the Royal Arms, it cannot exactly be called an "Official" issue, and had to be franked like ordinary printed matter with an adhesive stamps.

A SERIES of handsomely painted Indian cards has come from Mr. Herman J. Funk, Chicago, being faithful and beautiful illustrations of well-known Indian Chiefs, and interesting types of Indian personalities.

A copy will go in an ordinary letter as it is so little weight.

**Postman's Knock.**

July is not the ideal month for philately, but this present July of this year of grace one thousand nine hundred and four, simply "bangs Banagher" as our old contributor Mr. The O'Jones would have said. As a veracious POSTMAN and an authority, I assure you there is less stamp business this July than in any July during the past ten years. My children, throw philately aside and seek the heaving billow or the bosky greenwood, and take with you an old, ancient and moss-grown POSTMAN's blessing!

If any of you have a spare copy of "The Chronicle" will you do me the great favour of sending it to some fellow collector. Kindly do this and oblige me.

An anniversary occurred last month which should not be altogether forgotten by philate-

lists—that of the death of "humble Allen," but for whose efforts general cheap postage might never have become popular, and the penny post yet be a thing of the future. My children note this:

29th June, 1764.—In the year 1720, the delivery of letters was greatly facilitated by the institution of "cross-posts," a system introduced by Mr. Ralph Allen, who died on the above date, and whose services in this respect are immortalized by Pope in these lines:—

"Let humble Allen, with an awkward shame,  
Do good by stealth, and blush to find it fame."

Mr. English calls attention to a real grievance. Often people send to advertisers stamps and other articles utterly unsuitable, and the recipient is either taxed with return postage, or runs the risk of being considered a dishonest person. He writes me:

DEAR POSTMAN,

Would you mind stating (to save your readers unnecessary trouble) that I cannot exchange illustrated post cards, and I do not require French Colonial stamps, as offered by two of your readers. I wish to state that while I am always willing to oblige any correspondent as far as possible, it is hardly to be expected that any advertiser should pay postage in replying to correspondents who do not take the trouble to read his advertisements, such correspondents ask for postcards that have never been offered, &c.

HENRY E. ENGLISH,  
8, St. Mark's Street,  
Peterborough.

Although the manager of this paper is always willing to accept unused *mint* (*mint!* MINT!! MINT!!!) stamps as payment for advertisements and subscriptions, he certainly prefers *money* in any form. Bank notes or post office orders are convenient means of remitting. And now that the system of cheap postal orders is extended to the Colonies it is more convenient and safer to remit in these, rather than in stamps. Only a day or two ago the manager received the first of these from New Zealand—a postal order for four shillings, which cost the remitter only 2½d. to obtain, and could be cashed at this end in a moment. Foreign readers might send for some of the unused stamps offered by the Manager in this issue.

PHILATELIC PUBLISHING CO.,  
FENTHAM ROAD,  
BIRMINGHAM.

W. GEORGE,  
Roland Road, Handsworth, Birmingham.

Mr. F. J. Melville has sent me a copy of his excellent book "The A.B.C. of Stamp Collecting." The thirty-one chapters of the book can be read with interest and pleasure for they tell us philately in the shape of an attractive tale. While carefully avoiding the ridiculous pedantic style of the philatelic specialist Mr. Melville does not descend to slangy vulgarities such as the English correspondent to an American journal seems impelled to adopt. Altogether it is a most readable book, well bound, well illustrated and well-considered in its construction.

### New Issues.

Messrs. Whitfield King & Co., Ipswich, send us specimens of new issues of postage stamps as follows:—

**BOLIVAR.**—Three values of a new type, very crude and ugly.

**CAPE OF GOOD HOPE.**—The 2½d. stamp of the King's head design. There now only remains the 2d. stamp to be issued to complete the set

**CYPRUS.**—The 9 piastre stamp of the King's head type. We also have received the 18 piastres of the same design but printed in black with the name and value in brown. It will be observed that these stamps are printed on new a paper in which the watermarks C.A. and Crown instead of appearing one on each stamp are now placed close together, so that two or more watermarks show on each stamp.

**DAHOMEY.**—Of the usual French Colonial type the following additional values have appeared: 2, 4, 20, 30, 40, 75c., 1, 2 and 5l., the colours are the same as those for other French Colonies.

**FRENCH INDO CHINA.**—Of the ugly new type the following additional values have been issued: 1, 2, 4, 5, 20c. and 1 franc.

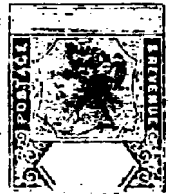

**HOLKAR.**—Of the same type as the ½a. stamp chronicled in May there have been issued a 3 annas stamp in lilac and 4 annas blue.

**JOHORE.**—The \$5 stamp has been overprinted 50c.

**MARTINIQUE.**—A new value, 2 francs violet, of the same type as the other values of the current set, has been issued.

**PHILIPPINES.**—The following values of the 1903 issue of United States have been overprinted for this colony: 1, 2, 5, 13, 15, 50c. and \$1; in each case the overprint is in black, except the \$1 which is surcharged in red.

**VIRGIN ISLANDS.**—A complete new set of the type represented, but with King's head has just been issued, the old stamps having been withdrawn from use. The values and colours of the new set are as follows: ½d. lilac and green, 1d. lilac and scarlet, 2d. lilac and bistre, 2½d. lilac and blue, 3d. lilac and black, 6d. lilac and brown, 1/- green and scarlet, 2/6 green and black, and 5/- green and blue. In each case the name at the top and the value in a tablet at foot are in the second colour; in the case of the ½d., 1d., 2½d., 6d. and 5/- stamps this tablet is in solid colour with the figures of value in white; in the other denominations the values are in colour on a white ground; it will also be observed that these stamps have the multiple C.A. and Crown watermark as described above in Cyprus.

## Picture Postcards.

By W. J. SCOTT.

It is announced that the Postmaster-General of the Australian Commonwealth has invited competitive designs for cards, which his department proposes to print and issue to the public, each state of the Commonwealth is to have its own set of twelve pictorial cards, ready stamped and quite an official issue. The decision to recognise the claims of the separate States is obviously a wise one. Between, say, Queensland and Western Australia there is but little affinity, and a pictorial representation which might do ample justice to the sugar plantations of the former would not necessarily appeal to the gold miners of the latter.

The inference therefore, is that these official cards are contemplated for State rather than for Federal consumption, and that they are more especially designed for foreign use. In a word, it is probably sought by their means to make an effective and instructive appeal to intending emigrants.

View Cards, and especially British are much on evidence just now, Messrs. The Photochrom Co., of Hosier Lane, E.C., have added a further series in black and white, to which they have given the name of "The Century Series." The set before me consists of 12 remarkably clear views of the city of Leeds, and when one considers the excellent work and the super cardboard on which they are printed, it is wonderful good value, 12 cards for 6d.

The name "Cynicus" is best known in connection with some of the most humorous drawings of the present day, therefore, it is an event worthy of special notice to find the publishing firm of which he is the titular head, producing some charming sets of View cards, two quaint series of which are now before me entitled "Old London Houses," and "Old London Churches," these are hand-painted from original water-colour drawings on a

brownish background, two fine sets and worth framing, a fuller and perhaps illustrated description will be given next month.

The Russo-Jap War still continues to attract the attention of both publisher and public alike, in addition to the series recently reviewed on this page, a further set of 12 Views of actual events are now to be had, the publishers are Messrs. Horle & Co., of St. John's Lane, E.C., the series include warlike scenes on both sea and land, such "warm corners" as Port Arthur, Talien-Wan. Chemulpo, &c., &c., are depicted, the cards are dated, therefore distinctly commemorative.

A new set of portraits of Royalty, comprising medallion relief-bust portraits of the King

(see illustration) and Queen, the Prince and Princess of Wales, Princess Mary and Prince Edward of Wales, the work of Messrs. Delittle Fenwick & Co., of York, are decidedly original and effective, printed in gold and bright blue setting, selling at sixpence the set of six, are remarkable good value.

A new album—Messrs. Scott and Wilson, of Leeds, have brought out a decided novelty in albums. "The Ideal Album," so arranged as to hold postcards, stamps, newscuttings, engravings, photos, autographs, &c., &c. One very great advantage this album possesses over all others, is that, as regards postcards, it will hold all classes irrespective of size, every variety can be neatly and securely arranged, the leaves are of good size, and made of various styles of cardboard, the best suitable for the purpose. In addition there are five large pockets at the end for the reception of any valuable pictures, &c., one wishes to keep more secure still and to be easily removed for examination. The binding is strong and in the popular present day style, art linen, and is really the best value yet offered for so useful a volume, the price is five shillings and sixpence, carriage eightpence (see advertisement).

A copy will go in an ordinary letter as it is so little weight.

## "The Proof of the Pudding"

### UNSOLICITED LETTERS FROM ADVERTISERS. One for Each Month.

Not what WE say about the "The Advertiser," but what THEY say: We don't ask for praise—there is no necessity—it comes without.

August 6th, 1902. My Advt. has paid splendidly, and I have had many customers repeat their orders several times over.—H. A. Peters, Winnipeg, Canada.

September 1st, 1902. I am very pleased with results of last six months advt., and shall certainly continue same.—E. R. Stargess, Australia.

October, 18th, 1902. During the last four years I have advertised in many stamp Journals in England, the Continent and America, but always find "The Advertiser" gives the best results.—T. Greaves, Lee, Kent.

November 5th, 1902. My last advertisement shows how your paper is distributed, as I have had answers from every part of the globe for the last six months and still continue to get them.—C. B. Morden, Toronto, Canada.

December 1st, 1902. My last advertisement brought me answers from all parts of the world, and I am very surprised at the large circulation of "The Advertiser."—G. Z. Garabedian, Bagtchejik, Turkey.

January 3rd, 1903. Your "Advertiser" is the only paper for reaching collectors in all parts of the world.—Appelles Manglis, Smyrna.

February 10th, 1903. Herewith payment for three more insertions in your paper. I have had numerous replies from the previous insertions.—A. Wilkinson, Lincoln.

March 1st, 1903. Every passing day I am receiving letters from all the corners of the Globe.—G. Busuttil, M.D., Malta.

April 16th, 1903. I must say that the "Advertiser" is the best advertising medium I have tried, and it is marvellous how you produce it so cheaply.—B. A. Meadows, Wellingborough.

May 5th, 1903. I hope it will be as successful as the last, which brought me replies from all over the world.—L. A. Bardsley, Manchester.

June 5th, 1903. Your paper is the best.—G. Newton and Co., Banbury.

July 1st, 1903. I am well pleased with the results of my three advertisements in your paper, I have received many letters.—J. K. Winter, Rotterdam.

The above extracts—one for each month—record the continued success of "The Advertiser" throughout the year. We have received hundreds of complimentary letters besides these. The addresses of the writers of above can be found by searching the columns of the "The Advertiser" just previous to the date of letter.

Every day advertisers in our papers send us unsolicited testimonials.

The above are selected at random to show One Year's appreciation.

## Postman's Knock.

Your POSTMAN would warn all exchangers to exercise care in sending stamps to the Baltic Shores of Russia. The swindler Schneiders is working from one or two places thereabouts, and is again giving fictitious references to responsible philatelists and publications. Only a few days ago an American collector was referred to *The Philatelic Chronicle* by this party.

Mr. Otto Zander asks me to warn philatelists about a certain F. Luvenburg, or E. Feinmann, of Constantinople, who, he says, are the same person.

I am very pleased to be able to announce that *The Virginia Philatelist* is not dead, but has been hibernating through the summer. This information needless to say, comes from Mr. The O'Jones.

The name of Mr. W. Winkelmann, of Rotterdam, appeared in the Enquiry List last month. The information gathered by me would make this gentleman rather offended against than otherwise, as the stamps sent to him for exchange were not worth postage. It is very annoying to have parcels of worthless stamps sent to one, and readers should avoid doing so unless such are asked for.

Although it is not generally known a man may be sent by mail in London. If he is unfamiliar with the way to the part of the city he wishes to visit, he may call at a branch post office, and a postal messenger boy will accompany him at a fee of threepence a mile. The boy is provided with a printed slip, on which, under the heading, "Article to be delivered," is written a description of his charge and the destination.

## New Issues.

Messrs. Whitfield King & Co., have sent us a number of new issues. The Crown and C.A. watermark multiplied all over the sheet and of stamps is entirely superseding the older single watermark, and no doubt the latter will have a distinctly higher value than the former ere long. The new United States surcharged for the Canal Zone, 1, 2, 5, 8 and 10 cents, and the new issue for Zanzibar, ½ cent to 8 annas are noteworthy.

In addition to these new issues are the following:—

IVORY COAST.—Three provisional stamps, 5c on 30c, 10c on 75c, and 15c on 1 franc.

ITALY.—We are informed that the proposed new issue has been abandoned for the present.

NEW ZEALAND.—The 1/- stamp in the new orange-brown shade overprinted for Aitutaki, Niue and Penrhyn Island.

RUSSIAN CHINA.—The 20, 50 kopecs and 1 rouble Russian stamps with the usual overprint for China in dark blue.

ZANZIBAR.—1 rupee, blue and red; 2r., green and red; 3r., violet and red; 4r., purple and red; 5r., sepia and red, all of the same design as the lower values enclosed but of larger size.

The following stamps have been received with the new multiple C.A. and Crown water-

Panama, our agent at Panama has sent us a specimen of the 5c Panama stamp surcharged "PANAMA" in red vertically on both sides, with a red bar through the word "COLOMBIA," and with an additional horizontal surcharge of the words "CANAL ZONE" in capitals, evidently done with a rubber stamp; he informs us that the Panama Post Office supplied these stamps to the Isthmian Canal Commission in the following quantities:—2,500 of 2c, 8,000 of 5c and 4,500 of 10c, no 1c stamps were issued and no one was allowed to buy more than \$2 worth at a time.

These stamps are already obsolete as on July 18th United States stamps of the values of 1c, 2c, 5c, 8c and 10c overprinted with the words "CANAL ZONE, PANAMA," were issued, and these stamps are now in use.

### Special Album and Catalogue for the King's (Edward VII) Stamps.

THE EDITOR,

*Philatelic Chronicle and Advertiser,*  
Birmingham.

Dear Sir,—I send you below a copy of the suggestion I have this day made to Mr. Luecke, Leipzig, re the publication of a

special Album for the above stamps, which speaks for itself. I shall be glad to have your own views as also those of your numerous subscribers, regarding my suggestion and the usefulness it aims at.

I have also another suggestion for the publishers of stamp catalogues, viz; Messrs. Stanley Gibbons & Co., Whitfield King & Co., Bright & Son, Senf and others. It is about issuing a small and altogether separate catalogue for these stamps, priced about 6d or so, so as to meet ready and wide sale. If a separate catalogue for King's head stamps alone is considered as making their usual catalogues incomplete—or if they (the publishers of catalogues) think it undesirable to split the catalogue into two separate volumes—then I would suggest that the better plan would be to catalogue all the King's head stamps at the end of the book, so as to avoid the trouble (to those specially interested in the collection of King's head stamps alone) of turning up the pages of each and every colony they (the collectors) want to refer to. Even if such an arrangement is made in the catalogue, the publication of a few copies at 6d. or so (as suggested above) would surely be worth the trouble taken as an experimental sale of such separate catalogue.

Yours truly,

A. PHILATELIST.

## Picture Postcards.

By W. J. SCOTT.

The popularity of the Pictorial Postcard goes on unabated and so far from being a passing fancy, merely, is giving daily, greater proof of its usefulness as well as its artistic merit.

The force of this has been grasped by the advertising fraternity, who, ever on the look out for something that will catch the public eye, have with that wisdom born of experience not been slow to recognise the potentialities in this direction of the P.P.P. (Popular Picture Postcard).

In connection with this matter it is interesting to note that the Railway Co.'s were amongst the first to take them up, three of the main lines, the Great Northern, North Eastern and Midland, have for sometime issued Postcards giving views in miniature of some of the pretty places through which their line passes or is adjacent to.

The latest series just issued by the Midland Company, in response to the ever growing demand for these attractive souvenirs, artistically combine both pictorial and map features.

Some show in clear and striking fashion the trunk lines and many ramifications of the Company's system, and others indicate the circular tours arranged by the Company in the Peak of Derbyshire and the Wharfedale district, while each one is embellished with well printed illustrations.

In connection with the enterprise of the Australian Commonwealth, and their intention to issue pictorial postcards of their own, a brief reference to which was made in this page last month, I have now before me the full text of their announcement thereto, which if only to show the patriotic sentiment and the desire for native worth it is good reading, and the only addition one could suggest to make it *en regle* would be "no Foreigners need apply."

Melbourne, June 12th, 1904.

"The Postal Department has decided to call for new designs for pictorial postcards, and skilled artists, resident in any of the States of the Commonwealth, are invited to submit designs in colours, suitable for reproduction on postcards of regulation size, viz:

5½ in. × 3½ in. The designs, when reproduced should not cover the whole of the card, as space is needed on the same side to enable the sender to write a brief communication.

In order to secure an effective production, the designs submitted should be three or four times the size of the picture required. The subjects must be Australian, representing striking and readily-identifiable places and objects. Premiums of £5 are offered for each of the best designs (not exceeding four) for each state.

Those designs for which premiums may be awarded shall become the property of the Postmaster-General, and they must not be reproduced or copied by the designer, or by anyone else with his consent.

The cost of returning the designs not accepted by the P.M.G. must be borne by the competitors.

No crude, inartistic, or obviously unsuitable design need be submitted.

Designs addressed to the Secretary, Postmaster-General's Department, Melbourne, and endorsed "Designs for Pictorial Post Cards" will be received up to noon on September 1st, 1904."

It needs no underlining on my part to point out the very salient features of this remarkable document.

It seems strange after all the definite instructions that have appeared from time to time respecting the difference between the postage on "Post cards" and "Printed Matter," that one should find it necessary to write a letter to the press, yet the following appeared in a London daily, of August 9th:—

"Sir,—A large number of English people and a great proportion of English post offices appear to be unaware that pictorial post cards having the word "post card" struck through and bearing only the date of despatch and the name and address of the recipient and of the sender are eligible for international circulation at the rate of postage applicable to printed matter.

(Signed) TRAVELLER.

New cards still keep coming, and to use a Crosland-ish expression keep the "perspiring reviewer busy.

## Postman's Knock.

I was talking to an American friend the other day, and he made the extraordinary assertion that the English stamp-dealers, almost without exception, are absolutely dead to the advantages of advertising. He backed up his assertion by instancing the American dealers who are only too glad to find a means of making themselves known, and, consequently, freely patronise the philatelic journals of their country, although philatelic advertising in the United States is much more expensive than it is here. Consequently, said he, even dealers whose age is quite juvenile, and whose stock is strictly limited, make dealing pay by carefully nursing the customers brought to them by their attractive little advertisements here and there.

He said, further, that even the larger dealers, who have often house organs of their

own, do not hesitate to take good space in the most ephemeral stamp papers, knowing that even if they secure only a few new clients, these can eventually be made very remunerative.

There is certainly more than a grain of truth in my friend's arguments, but your old *POSTMAN* could not allow that the American dealers monopolised all philatelic business acumen, and he has arranged to send to his American friend the October Big Issue of the *Philatelic Chronicle* (October 28th), to show that English dealers are not so lost to business methods as our friends on the other side seem to think.

As most of the collectors and dealers know the periodical Big Issues of the *Chronicle* during the season have for years been well patronised, and I hope, for the credit of the old country, the one issued next month will constitute a practical denial to the suggestion of business apathy on this side.

The "Chronicle" itself believes in advertising. All the big journals, especially the cosmopolitan advertisers of Germany, carried the "Chronicle" advertisement last season with marked results, and this year much more advertising will be indulged in—BECAUSE IT PAYS. Since about February last over 500 new subscribers and advertisers have been enlisted, principally by means of continental advertising.

A word to the wise is enough. The October Big Issue will be sent to practically all active British collectors and many hundred Colonial and Foreign. What can be wanted more!

## Picture Postcards.

By W. J. SCOTT.

Readers of this page will be well advised if they refrain from sending through the post any of the latest style of photographic postcards of actresses, now shown in the windows, ornamented to represent jewellery, &c., with a bright metallic adherent.

It appears that as postcards they are "contrary to regulations," several recipients of them have, according to the papers, been mulcted to a surcharge of 2d. on each card. Also it is pointed out in official circles, that, when sent as postcards, not under cover, they are very dangerous to the hands of the sorters and other P.O. employees who have to handle them.

This point, in post office rules, touches upon another important item in connection with the pursuit of our hobby, viz: when does a missive bearing the word *postcard* on the one side, and having the other ornamented in addition to a picture of some kind, with samples of "real" hair, "real" feathers, and anything else that may happen to be "real" cease to be a postcard in the true definition of the term?

As the limits of this is becoming one of the "vexed questions" of both the collector and publisher of picture postcards, I purpose dealing with the matter more in detail next month and would welcome the opinions of any reader addressed to me c/o Editor

English collectors should not write on the address side of the cards they send to the United States as this is a violation of the United States Postal Rules, and such cards are always delivered surcharged 6 cents (3d.) which is hardly ever the value of the card

A striking novelty in picture postcards is about to be placed on the market by a French syndicate.

To an ordinary pictorial card is affixed a very thin transparent gelatine disc on which is impressed a gramophone musical record.

A hole is pierced through the centre of the disc, and the postcard can be placed on an ordinary talking machine and played in the usual way.

The musical postcard opens up an entirely new feature, as the craze for photographs of great singers and composers will be accompanied by extracts from their works; pictures

of national flags by the anthems of the different countries; and so on, in endless variety.

Candidates for political honours instead of sending merely their photographs to constituents, will be able to accompany it with the phonographic record of an election address.

*If my adv. re union cards & stamps have not already run out by time you receive this, will you please take them out as I have no more correspondence than I can attend to & it will take me some time to get it on hand = your circulation of the "Advertiser" is world wide as I have received letters & cards from everywhere*

THE EARLIEST AUSTRALIAN  
NATIONAL POSTCARD.

It is believed that as private greeting cards the new *cartes postales* will have an enormous sale.

Instead of wishing their friends "A Merry Xmas," &c., in cold print, Mr. & Mrs. Smith will be able to send a spoken message broadcast through the post.

The additional cost as compared with ordinary cards is very slight, and the disc being perfectly transparent does not in any way interfere with the picture beneath.

As a novel advertising medium, the new cards are certain to be popular.

## Special Offers.

U.S.A.

### BUSINESS TERMS

All previous Lists are hereby cancelled. Offered subject to being unsold. Orders, no matter how small, are accepted.

When returning this List to me, please put your name and address on it.

You are specially requested to put my full name and address on Money Orders, etc., and make them payable at 156, London Road, Croydon, as several have gone astray lately through simply being made payable to J. Bolton, Croydon, which is insufficient.

Money orders, notes, postal orders, and cheques are accepted in payment but unused postage-stamps except English (old values preferred are NOT accepted).

Stamps of which only one to three are in stock will be sold to the first applicant, and all orders are executed strictly in rotation.

**NEW FEATURE.** In order to encourage my clients to apply promptly, I shall with every List make a few very Special Offers. These will be made in a frame, and will only be available until a new List is sent out, when prices will in every case be raised considerably, as all will be offered much below the market value, and only when I have a good stock. For instance, with this List I offer B.S.A. Special as I have purchased a few copies of the 1s. at a very advantageous price. When these are sold, the price will be raised.

**IMPORTANT. Pricing of Selections.** Several of my clients have pointed out to me that some of my stamps are priced over Cat., and think this due to the unique and huge discount I allow. This is not so, for taken as a general rule, prices should be strictly Cat. or less, and if priced over Cat. is due to an error of pricing. There are, of course, a few instances (Colonial current issues, cat. 25% over face, for instance) which are marked over Cat. to allow of my huge discounts, but they are marked o.c. (over Cat.) above the stamp, and though I do not allow my prices to be altered, when a stamp is marked over Cat. and has not o.c. marked above it, on application the price will be reduced to Catalogue (S.G.).

**SPECIALITIES.** My Specialities are Cape, Ceylon, and U.S.A.

**APPROVAL SELECTION.**—A fine series of books is now ready, and consists of two classes: A, Colonials, and B, Foreign. These books may be had on five days' approval at the huge discounts of: A books, 60% (7d in the 1/- discount), B books, 66% discount (8d in 1/-). (A special class of A book, containing only very fine unused stamps—with

the exception of a few very rare used stamps—may be had at 50% discount. These are well worth perusal, as all common stamps, except in mint state, are omitted, and the few used stamps there are, are only those which may be termed very hard stamps to get: stamps such as CA 1d blue Montserrat, and that kind of stamp. All the stamps are nice clean specimens).

**Pricing and Arrangement of Selections.** A selection of any country will be sent on request at my huge discount. The prices are nearly in every case S.G.'s latest Cat. prices, or less, and books are left quite blank, as a large number of my clients sometimes sell again at a smaller discount. Unless direct instructions are received to the contrary, on return of one selection a further one will be sent.

A special series of Approval Selections, containing such stamps as it is quite impossible to sell at 90% off Cat., such as mint Colonials at face-value, Gold Coast 2d, Queen's head, Northern Nigeria, English Officials, etc., may be had at either 50% discount, 60% or nett, as may be preferred, prices being exactly the same in every case, viz. a 5d. mint Colonial at face-value will be marked (1) nett 5d., (2) 50% (3d. nett), (3) 60% (1/- (5d. nett), discount being quite immaterial, selections priced to allow discounts only being done for the benefit of those who have an approval book at 8d. in the 1/-, and send it out again at 6d. in the 1/- discount. Books should be returned within 3 days, but may be had for a longer period by arrangement.

**Exchange.** I am desirous of acquiring any rare Colonial stamps, particularly unused, and all my full Catalogue exchange in other stamps (1/- to 40/-) for stamps of my requirement, Cat. 1/1 to 1/20, and shall be pleased to have anything submitted. No Foreign required or given (unless especially requested).

**Purchase.** I am anxious to purchase anything useful in the way of Cape or Ceylon stamps, especially unused rarities of these countries.

**Supply and Demand.** It often happens that there is a great run on a particularly desirable stamp, and many clients are disappointed. Of stamps marked I hold a fair stock, and unless something very exceptional happens, clients may count on having their orders filled, even if for blocks of 4.

**CASH IN ADVANCE.**—Whilst all stamps can be had on approval, preference will always be given to cash accompanied orders.

# J. T. BOLTON, 5, Elmwood Road, CROYDON.

Also at New York City,

**LIST No. 5.**

**Special Offers.**

**U.S.A.**

## BUSINESS TERMS.

All previous Lists are hereby cancelled.

Offered subject to being unsold.

Orders, no matter how small, are accepted.

When returning this List to me, please put your name and address on it.

You are specially requested to put my full name and address on Money Orders, etc., and make them payable at 156, London Road, Croydon, as several have gone astray lately through simply being made payable to J. BOLTON, Croydon, which is insufficient.

Money orders, notes, postal orders, and cheques are accepted in payment, but unused postage-stamps except English (3d. values preferred) are NOT accepted.

Stamps of which only one to three are in stock, will be sold to the first applicant, and all orders are executed strictly in rotation.

**NEW FEATURE** - In order to encourage my clients to apply promptly, I shall with every List make a few very Special Offers. These will be made in a frame, and will only be available until a new List is sent out, when prices will in every case be raised considerably, as all will be offered much below the market value, and only when I have a good stock. For instance, with this List I offer B.S.A. special, as I have purchased a few copies of the 1s. at a very advantageous price. When these are sold, the price will be raised.

## IMPORTANT.—Pricing of Selections.

Several of my clients have pointed out to me that some of my stamps are priced over Cat., and think this due to the unique and huge discount I allow. This is not so, for taken as a general rule, prices should be strictly Cat. or less, and if priced over Cat. is due to an error of pricing. There are, of course, a few instances (Colonial current issues, cat. 25% over face, for instance) which are marked over Cat. to allow of my huge discounts, but they are marked o.c. (over Cat.) above the Stamp, and though I do not allow my prices to be altered, when a stamp is marked over Cat. and has not o.c. marked above it, on application the price will be reduced to Catalogue (S.G.).

**SPECIALITIES**—My Specialities are Cape, Ceylon, and U.S.A.

**APPROVAL SELECTION.**—A fine series of books is now ready, and consists of two classes: A. Colonials, and B. Foreign. These books may be had on five days' approval at the huge discounts of: A books, 60% (7d in the 1/- discount), B books, 66% discount (8d in 1/-). (A special class of A book, containing only very fine unused stamps—with

the exception of a few very rare used stamps—may be had at 50% discount. These are well worth perusal, as all common stamps, except in mint state, are omitted, and the few used stamps there are, are only those which may be termed very hard stamps to get: stamps such as CA 4d blue Montserrat, and that kind of stamp. All the stamps are nice clean specimens).

**Pricing and Arrangement of Selections.**—A selection of any country will be sent on request at my huge discount. The prices are nearly in every case S.G.'s latest Cat. prices, or less, and books are left quite blank, as a large number of my clients sometimes sell again at a smaller discount. Unless direct instructions are received to the contrary, on return of one selection a further one will be sent.

A special series of Approval Selections, containing such stamps as it is quite impossible to sell at 60% off Cat., such as mint Colonials at face-value, Gold Coast 2d. Queen's head, Northern Nigeria, English Officials, etc., may be had at either 50% discount, 60% or nett, as may be preferred, prices being exactly the same in every case, viz. a 5d. mint Colonial at face-value will be marked (1) nett 5d., (2) 50% rod. (5d. nett), (3) 60% 1/- (5d. nett), discount being quite immaterial, selections priced to allow discounts only being done for the benefit of those who have an approval book at 8d. in the 1/-, and send it out again at 6d. in the 1/- discount. Books should be returned within 3 days, but may be had for a longer period by arrangement.

**Exchange.**—I am desirous of acquiring any rare Colonial stamps, particularly unused, and allow full Catalogue exchange in other stamps (1/- to 40/-) for stamps of my requirement, Cat. £1 to £20, and shall be pleased to have anything submitted. No Foreign required or given (unless especially requested).

**Purchase.**—I am anxious to purchase anything useful in the way of Cape or Ceylon stamps, especially unused rarities of these countries.

**Supply and Demand.**—It often happens that there is a great run on a particularly desirable stamp, and many clients are disappointed. Of stamps marked † I hold a fair stock, and unless something very exceptional happens, clients may count on having their orders filled, even if for blocks of 4.

## BRIGHT'S STAMP MARKET

For the purchase and exchange of

COLLECTORS' DUPLICATES.

We are open to purchase any Stamps of which we may be short of, or requiring to make up Sets, etc., at **HALF OUR CATALOGUE PRICES**, providing the following rules are observed.

1. All stamps to be mounted on sheets, etc., the stamps of each country to be together, and if possible in alphabetical order, and grouped in continents.
2. Above each stamp our catalogue number and the catalogue price must be marked.
3. All stamps must be in good condition, and if unused, with gum, unless issued otherwise. Current or lately current stamps will be accepted at face value.
4. Postage for return and registration if necessary must accompany the selection, or same will be deducted from remittance.

N.B.—All selections will be returned within one week of receipt, with remittance for stamps retained. *Strict attention to above rules will increase purchases.*

As, in many cases, Collectors will prefer to purchase other stamps from us, so as to increase their collection, rather than receive cash for their duplicates, we are prepared in these cases to credit them with an increase of ten per cent. upon the net amount we retain from their selections. In this case a list of wants should be sent, giving our Catalogue numbers.

The above offer takes effect from the publication of our 6th Edition Catalogue.

**SPECIAL NOTICE.**—Attention is drawn to the fact that we are not instituting this new departure in anticipation of receiving rare varieties at the price of ordinary issues. We take all varieties of watermark, perforation, shade, type, paper, etc., as listed in our catalogue.

**WANT LISTS SOLICITED.** Early supplies of all New Issues wanted from every country. Liberal Commission.

**Postman's Knock.**

I am very glad to see that the enterprise of British dealers is not yet defunct. This month the advertising space so much encroaches, that literary matter is well-nigh crowded out.

At the same time the *Philatelic Chronicle* is published to pay its way, and literary matter does not do that. The philatelic public does not take the *Chronicle* for its literary information. That can be obtained in the *London Philatelist* and other papers by paying for. The *Chronicle* neither gives it nor charges for it.

The *Philatelic Chronicle* goes to the body catholic of philately. It is not theoretical but practical, and only practical collectors take it—that is to say the living body of Philately the world over.

The subscription is 1/- for a year, which entitles to one 24 word advertisement, or, 1/- for six months, when the advertisement can be repeated three times.

It will readily be understood that I have not written the above for amusement. It is written in order to obtain advertisements and subscriptions from all who see it.

The advertisement rates are cheap but not "cheap and nasty." They are cheap because the paper is not dead-weighted with many pages of unprofitable matter, and in order to induce support everywhere. Every penny the *Chronicle* brings in is spent in advertising and extending it.

There have been two very useful works issued just lately which I have not space to criticize. "Stamps worth Finding," by B. C. Hardy, tells its tale by its title, as does "The Postage Stamps of Great Britain," an up-to-date work by Fred. J. Melville. Both books are well-illustrated and well printed, cost 1/1 post free, and may be obtained from their publishers, or the Philatelic Publishing Co., Handsworth, Birmingham.

Messrs. C. Nissen are improving the 1905 edition of the Stamp Collectors Annual—excellent as the 1904 edition was. It may be ordered from the Philatelic Publishing Co., Handsworth, Birmingham, price 1/1 post free.

I have received two useful publications from the United States, both connected with the collection of Picture Postcards. They are "The Post Card," a periodical directory from the Globe Stamp Co., Stamford, Conn., and the American Postcard Bulletin, 147, 39th Street, New York.

A party is writing from Reval, Russia, under the name of J. Strehl, and is endeavouring to get dealers to trust him with approval selections. The man is most probably the arch-swindler Schneiders. Anyhow collectors and dealers are warned not to have dealings with him.

I hear of a new exchange club in process of formation. It is called "The Primrose Stamp Exchange Society," and the rules can be obtained from Mr. C. H. Greenwood, 49, Perseverance Street, Huddersfield.

The Forth Stamp Exchange Club, Secretary, Mr. F. Varley, Orchard Street, Falkirk, progresses very satisfactorily. Like other clubs the demand is for members who can send good sheets.

In reply to a friend's letter I would recommend Mr. F. Phillips, 55, Bassett Street, London, as a maker of reliable and cheap transparent envelopes.

I have not space to do justice to the Annual Report of the Enterprise Philatelic Society, but a copy will be, no doubt, sent on application to the energetic secretary, Mr. A. H.

Send your duplicates in exchange for better stamps of South America, Pacific countries, Eastern Countries, &c., unused particularly desired. Exchange by sheets preferred. Coins, Curios, Fiscals, &c.

## THE EMPIRE STAMP EXCHANGE MEDIUM.

7, Richmond Terrace, Cork,

Ireland, October 15th, 1904.

Dear Sir (or Madam),

Permit me to introduce to your notice, "The Empire Stamp Exchange Medium," of which the 1st and 2d Editions have already been published, and of which it is proposed to publish a 3rd Edition in January next, this useful publication has met with great appreciation from collectors both at home and abroad, and a glance at the list of names will show at once the world wide circulation that it receives. If you have not already seen it, I beg to explain that it is in brief a Directory of reliable Stamp Collectors, who possessing duplicate stamps, are anxious to meet with trustworthy correspondents for the purpose of exchanging these stamps for others, new to their collections; the full name and address and full particulars of Wants and Offers are given in the "Empire Stamp Exchange Medium." The great care taken in the compilation of this Exchange "Medium," and the discrimination used in the insertion of names renders this publication of more than average interest, and of peculiar value to those seeking for reliable correspondents, whilst the unusual facilities possessed by the publisher for testing the bona fides of subscribers, adds enormously to the trustworthy nature of the information given—no other publication offers the same amount of reliable information of the nature required, at such a low price. The publisher is naturally desirous of extending the usefulness of the "Medium," and in order to introduce it to a wider circle of readers, and its so hoped subscribers, the following very liberal premiums are now offered:—

The subscription price to the 3rd Edition will be 1/- prepaid, this will entitle the subscriber to the insertion of name and address—Wants (4 words), Offers (4 words), and a copy of the 3rd Edition post free. In addition, every subscriber will be entitled to a year's subscription to the "City Philatelist" (specimen post free on application), a quarterly magazine devoted to Philately and Philatelic Literature. To encourage the introduction of friends 4 subscribers at the price of 3.

A Grand Premium of the value of One Guinea will be given to the person sending the longest list of subscribers. Every subscriber to the 3rd Edition (before the 1st December) will receive at once and post free a copy of the 1st Edition, and a copy of the 2nd Edition will also be included if 3d. extra be added to the remittance.

It is intended to publish the 3rd Edition early in January 1905.

Soliciting the favor of your early command.

I am, Dear Sir or Madam,

Respectfully,

**S. F. BICKERS.**

## BRIGHT'S STAMP MARKET

For the purchase and exchange of  
COLLECTORS' DUPLICATES.

We are open to purchase any Stamps of which we may be short of, or requiring to make up Sets, etc., at **HALF OUR CATALOGUE PRICES**, providing the following rules are observed.

1. All stamps to be mounted on sheets, etc., the stamps of each country to be together, and if possible in alphabetical order, and grouped in continents.
2. Above each stamp our catalogue number and the catalogue price must be marked.
3. All stamps must be in good condition, and if unused, with gum, unless issued otherwise. Current or lately current stamps will be accepted at face value.
4. Postage for return and registration if necessary must accompany the selection, or same will be deducted from remittance.

N.B.—All selections will be returned within one week of receipt, with remittance for stamps retained. *Strict attention to above rules will increase purchases.*

In this case a list of wants should be sent, giving our Catalogue numbers.

The above offer takes effect from the publication of our 6th Edition Catalogue.

### Postman's Knock.

As I shall not be able to address my words of paternal wisdom to you again this side Christmas, I take opportunity of giving you all and every one an ancient, old, moth-eaten POSTMAN's blessing, coupled with his most sincere wishes for

A MERRY CHRISTMAS AND

A HAPPY NEW YEAR.

This is for the fourteenth time of asking!

I have long held the theory that holiday times and the times preceding holidays are of no use to philately—people have other things to consider—hence I am departing from the course held during the last thirteen years and am publishing the *Chronicle* for the New Year instead of just before Christmas.

By December 31st we shall all have partially settled down and have time to seek our philatelic lore. Then shall we scan right

merrily the advertisements of those much-wise dealers and collectors who take advantage of the December Issue of the *Philatelic Chronicle*.

Mr. Howard Davis, of Melbourne, Australia, is rapidly taking a foremost place among Antipodean dealers. Mr. Davis was a Birmingham man and your POSTMAN is in a position to recommend the utmost confidence in him. You POSTMAN has seen some of the packets advertised in this issue and can vouch for their quality and cheapness.

You will have seen Messrs. Bright & Son's page announcement of the Sixth Edition "A B C" Catalogue. The book is on sale and is quite an improvement on the excellent previous editions. The catalogue may be obtained, also, containing lists of adhesive stamps only, at 1/9 post free. Either edition may be ordered through the Philatelic Publishing Co.

Messrs Bright's new idea "The Stamp Market" will interest many collectors with duplicates to dispose of. Full particulars will be found in the advertisement pages.

The Stamp Collectors' Annual, just published for the second year, is a really valuable book of 114 pages. It contains nothing but useful and interesting articles principally upon English stamps, profusely illustrated. The price is 1/1, post free, from the publishers or The Philatelic Publishing Co.

Another "hardy annual" is the 20th century catalogue of Messrs. Endle & Co., brought up-to-date and sold for 7d. post free.

Your old POSTMAN hopes to receive many picture cards to cheer his lonely Christmas. He will endeavour to reciprocate in every case with his own portrait as he appeared many Christmas Days past, before Mrs. Postman the Fourth pulled out the last surviving locks of his once luxuriant hirsute covering. (If this description is incorrect, it is the fault of the Hair Restorer advertisements.)

The POSTMAN has already received a fine and handsome lot of Christmas Cards—but all in one lot, being specimens of the beautiful work that Mr. H. G. Schuddebeurs is

HANDSWORTH,

**BIRMINGHAM.**

providing for use this year. I beg to thank Mr. Schuddebeurs very heartily.

Mr. T. Knudtson, Kristiania, has also sent some very nice cards illustrating Ulleberg, Norway.

The arch-swindler Schneider or Schneiders, of Riga, is blossoming forth under many names and denominations. Since we exposed him the continental press has blacklisted him under various aliases continuously. Some of his designations are put together in the "Enquiry List."

I would call the attention of all advertisers to the big issue of December 31st. Distributed all over Great Britain and Europe during the first week of the new year, and over America and the Colonies by the end of the month it will be a most advantageous opportunity to make announcements. If the support warrants it, I intend to beat all previous records for circulation. It will be as good as the best anyway!

Kindly support this Big Issue. It will mutually benefit advertisers and proprietors. Advertisements should reach this office by December 24th, but earlier if possible.

## THE EMPIRE STAMP EXCHANGE MEDIUM.

7, Richmond Terrace, Cork,

Ireland, October 15th, 1904.

Dear Sir (or Madam),

Permit me to introduce to your notice, "The Empire Stamp Exchange Medium," of which the 1st and 2nd Editions have already been published, and of which it is proposed to publish a 3rd Edition in January next, this useful publication has met with great appreciation from collectors both at home and abroad, and a glance at the list of names will show at once the world wide circulation that it receives. If you have not already seen it, I beg to explain that it is in brief a Directory of reliable Stamp Collectors, who possessing duplicate stamps, are anxious to meet with trustworthy correspondents for the purpose of exchanging these stamps for others, new to their collections; the full name and address and full particulars of Wants and Offers are given in the "Empire Stamp Exchange Medium." The great care taken in the compilation of this Exchange "Medium," and the discrimination used in the insertion of names renders this publication of more than average interest, and of peculiar value to those seeking for reliable correspondents, whilst the unusual facilities possessed by the publisher for testing the bona fides of subscribers, adds enormously to the trustworthy nature of the information given—no other publication offers the same amount of reliable information of the nature required, at such a low price. The publisher is naturally desirous of extending the usefulness of the "Medium," and in order to introduce it to a wider circle of readers, and its so hoped subscribers, the following very liberal premiums are now offered:—

The subscription price to the 3rd Edition will be 1/- prepaid, this will entitle the subscriber to the insertion of name and address—Wants (4 words), Offers (4 words), and a copy of the 3rd Edition post free. In addition, every subscriber will be entitled to a year's subscription to the "City Philatelist" (specimen post free on application), a quarterly magazine devoted to Philately and Philatelic Literature. To encourage the introduction of friends 4 subscribers at the price of 3.

A Grand Premium of the value of One Guinea will be given to the person sending the longest list of subscribers. Every subscriber to the 3rd Edition (before the 1st December) will receive at once and post free a copy of the 1st Edition, and a copy of the 2nd Edition will also be included if 3d. extra be added to the remittance.

It is intended to publish the 3rd Edition early in January 1905.

Soliciting the favor of your early command.

I am, Dear Sir or Madam,  
Respectfully,

**S. F. BICKERS.**

For the purchase and exchange of

COLLECTORS' DUPLICATES.

We are open to purchase any Stamps of which we may be short of, or providing to make up Sets, etc., at **HALF OUR CATALOGUE PRICES**, providing the following rules are observed.

1. All stamps to be mounted on sheets, etc., the stamps of each country to be together, and if possible in alphabetical order, and grouped in continents.
2. Above each stamp our catalogue number and the catalogue price must be marked.
3. All stamps must be in good condition, and if unused, with gum, unless issued otherwise. Current or lately current stamps will be accepted at face value.
4. Postage for return and registration if necessary must accompany the selection, or same will be deducted from remittance.

N.B.—All selections will be returned within one week of receipt, with remittance for stamps retained. *Strict attention to above rules will increase purchases.*

In this case a list of wants should be sent, giving our Catalogue numbers.

The above offer takes effect from the publication of our 6th Edition Catalogue.

## Postman's Knock.

There is a good old proverb my uncle used to tell me many years ago. Its words are few but to the point: "Let sleeping dogs lie!"

In one or more of our recent issues appeared the advertisement of a notorious Swiss forger—an unobtrusive little notice of a few words only—obviously inserted by inadvertence, as the unprejudiced mind would unhesitatingly know.

This sin of inadvertence provoked the just wrath of our respected contemporary *The Stamp Collectors' Fortnightly*, which never makes mistakes, and our esteemed contemporary in its Christmas issue, administers to us a severe verbal castigation—only too justly deserved.

I cry "*Peccavi!*" and humbly beg the pardon of all and sundry for the offence. If a poor old *POSTMAN*'s head on a postcard will have a mollifying effect, it is quite at the service of any applicant who feels aggrieved.

Unfortunately, the *S.C.F.*, after certain more or less legitimate comments on the matter, introduces the names of all our most prominent advertisers, and suggests that their advertisements are out of place in *The Philatelic Chronicle and Advertiser*.

Although this is undoubtedly a matter which concerns our respected contemporary rather than the advertisers themselves, it obviously tends to the grave injury of our paper, and is far beyond the bounds of legitimate comment. If meant in an aggressive spirit it would be a gratuitous and unprovoked attempt to damage *The Chronicle*.

It is difficult, however—nay, impossible—to believe that any sane responsible person connected with our esteemed contemporary could be such a blackguard as to make so deliberate and dastardly an attempt to injure a rival. Let us rather suppose that some budding journalist of the staff—whose moral stamina and knowledge of journalistic etiquette have alike yet to develop—took Christmas all too soon, and, under the influence of an extra lemonade, imagined he was leading a life of vice as a kind of philatelic literary pirate, who must slash out right and left in order to establish a reputation for gore!

Well, it is Christmas time. Boys will be boys, and your *POSTMAN* was young and foolish himself once, so he sends his fatherly blessing to the neophyte who penned these silly paragraphs, recommending strict abstinence for the future—especially from journalistic effort, for which he is totally unfitted both morally and mentally.

An old Spanish proverb runs thus: "Always provide a silver bridge for a flying foe!"

I think of writing a revised edition of Dr. Watts' "*Songs for Children*." How would the following amalgamation of the dear old doctor's "*Against Quarrelling and Fighting*" and "*Against Idleness and Mischief*" do, for a start? dedicated to some philatelic journalist who shall be nameless:

How doth the budding journalist  
 Delight to bark and bite—  
 To bang around him right and left  
 With adolescent might!  
 How skilfully he plants his blows,  
 How neat he spreads his whacks,  
 And lands upon his rival's nose  
 His hard resounding cracks!

If anyone feels hurt about anything I have written anywhere in the preceding I humbly apologise. Your POSTMAN is old and feeble now, and because he is unable to take his own

part and speak up for himself, the world sits upon him with impunity. *Sic Vita est!*

The Century Stamp Co., Montreal, have sent me a beautiful large engraving of the Toboggan Slide, Montreal.

Numerous friends sent you poor old POSTMAN Christmas cards, and to these he has addressed his own picture-postcard with greetings. He hopes to receive many more yet, and will send back to all. If you have no Christmas or Picture cards, send a signed photograph.

If you will distribute them we will send you a few CHRONICLES.

Will my readers please direct all their Christmas and View cards to

THE POSTMAN,

Philatelic Chronicle and Advertiser,  
Handsworth, Birmingham.

Please never include "Fentham Road" when writing to the *Chronicle* as it causes delay.

Among the first card I received was a "Giant" one of Tewkesbury,  $12 \times 8\frac{1}{2}$  inches, from Mr. Coleman. An excellent view of the High Street, taken, I believe, by Mr. Coleman himself.

The Postmaster-General announces that after the first of January, 1905, embossed or impressed stamps, cut out of envelopes, post-

cards, or other postal form may be used as adhesives in payment of postage. This departure would seem to rehabilitate stamped postal stationery as a collectable part of philately.

I received a communication the other day concerning the B.O.E.S.E. Long time I wondered what mystic and awful thing these fearsome initials might portend. Curiosity led to research and I discovered that the B.O.E.S.E. symbolizes the Boys of Our Empire Stamp Exchange, a worthy attempt to weld together junior philatelists in all parts of Greater Britain. The Secretary is Mr. Langton, Hayes, Uxbridge.

E.R.I. TRANSVAAL. E.R.I., mint unused,  $\frac{1}{2}$ d. green, 1d., 3d. and 4d. (cat. 2/1), per set 1/-, postage extra. HENRY E. ENGLISH, 8, St. Marks Street, PETERBOROUGH. 74

SIX TRANSVAAL E.R.I., complete,  $\frac{1}{2}$ d.,  $\frac{1}{2}$ d., 1d., 3d., 4d. and 2/6, mint unused, per set 4/-, postage extra. HENRY E. ENGLISH, 8, St. Marks Street, PETERBOROUGH. 75

## THE EMPIRE STAMP EXCHANGE MEDIUM.

7, Richmond Terrace, Cork,

Ireland, October 15th, 1904.

Dear Sir (or Madam),

Permit me to introduce to your notice, "The Empire Stamp Exchange Medium," of which the 1st and 2nd Editions have already been published, and of which it is proposed to publish a 3rd Edition in January next, this useful publication has met with great appreciation from collectors both at home and abroad, and a glance at the list of names will show at once the world wide circulation that it receives. If you have not already seen it, I beg to explain that it is in brief a Directory of reliable Stamp Collectors, who possessing duplicate stamps, are anxious to meet with trustworthy correspondents for the purpose of exchanging these stamps for others, new to their collections; the full name and address and full particulars of Wants and Offers are given in the "Empire Stamp Exchange Medium." The great care taken in the compilation of this Exchange "Medium," and the discrimination used in the insertion of names renders this publication of more than average interest, and of peculiar value to those seeking for reliable correspondents, whilst the unusual facilities possessed by the publisher for testing the bona fides of subscribers, adds enormously to the trustworthy nature of the information given—no other publication offers the same amount of reliable information of the nature required, at such a low price. The publisher is naturally desirous of extending the usefulness of the "Medium," and in order to introduce it to a wider circle of readers, and its so hoped subscribers, the following very liberal premiums are now offered:—

The subscription price to the 3rd Edition will be 1/- prepaid, this will entitle the subscriber to the insertion of name and address—Wants (4 words), Offers (4 words), and a copy of the 3rd Edition post free. In addition, every subscriber will be entitled to a year's subscription to the "City Philatelist" (specimen post free on application), a quarterly magazine devoted to Philately and Philatelic Literature. To encourage the introduction of friends 4 subscribers at the price of 3.

A Grand Premium of the value of One Guinea will be given to the person sending the longest list of subscribers. Every subscriber to the 3rd Edition (before the 1st December) will receive at once and post free a copy of the 1st Edition, and a copy of the 2nd Edition will also be included if 3d. extra be added to the remittance.

It is intended to publish the 3rd Edition early in January 1905.

Soliciting the favor of your early command.

I am, Dear Sir or Madam,

Respectfully,

**S. F. BICKERS.**
