

PHILATELIC SECTION.

Bibliotheca Indonesiana

Strawford 2191

THE STAMPMAN

BY AND FOR D. W. OSGOOD.

VOL. I.

PUEBLO, COLORADO, DECEMBER 1896.

NO. 1

ORIGINAL GUM

This is not a stamp paper, or even a philatelic paper but simply and solely a trade circular. So being forewarned you can sheer off without reading it if you want to miss some good things in stamps.

Since the old, old days when we assisted in the monthly production of "The Stamp" in the capital (of Colorado) there have been changes galore in stampdom. Plenty of new names and new papers now struggle for the public favor and many old ones too. But there are several blanks which we have not become reconciled to. Where is Bradt—he of Grand Crossing? Where is Wanderer—some called him T. J. Mitchell, we believe? Is Gadsden still with us? And—and—but what's the use! Perhaps all these old friends would not thank me for drawing attention to the holes they are industriously engaged in pulling in after them.

Don't cry down speculation and then help it as much as you can by hustling for the stamps "marked for a rise."

When we first saw the letters "S. S. S. S" we supposed they stood for "Society for Socking it to the Sinful Seebeck," but we missed our guess.

The wise collector eschews temporarily fashionable stamps and buys temporarily unfashionable ones. Then he's sure he is not paying for water.

Every collector should make it a point

to spend a few cents or a few dollars every week for stamps. As the weeks and months roll around the collection grows in size and value and the outlay is not felt.

A determined effort is being made to attract the attention of collectors to the many beauties in South Americans. Likewise many are pushing U. S. match and medicine to the front and there is a ground swell in favor of certain European countries. Presently the tide will be running strong in favor of the most sensible idea of all—general collecting.

We hope that collectors will ever bear in mind that the 10 cent stamp of today may be the \$10.00 stamp of tomorrow. We do not wish to encourage speculation in the least but no sane American can entirely overlook the fact that he is handling precious things when he collects stamps.

The suspension of the Daily Stamp Item leaves a widening circle of desolation. It is quite a come down to a weekly when one is accustomed to news fresh daily. It was a hot thing and we hope to live long enough to see its resurrection.

Most of us are inclined to dismiss French stamps, which are so numerous and such a bore in cheap packets, with little ceremony. But a little study of this country yields many fine points and not all of the French stamps are easy to pick up for the average collector.

THE STAMPMAN.

BY AND FOR D. W. OSGOOD.

If you want it regularly send postage, and it will be furnished as long as your stamps last.

Our customers are invited to insert exchange notices. A fee of 25 cents will be exacted for 30 words or less, three insertions

PUEBLO, COLO., DEC. 1896.

Trade Notes.

Many of our bargains afford an opportunity to buy at retail for less than wholesale prices. Surely no stronger incentive can be given to the canny collector.

We hope and trust that the Advance Agent of Prosperity's train won't be ditched. All look for a decided revival in general as well as stamp circles after the new year gets fairly in the saddle.

"Rah for the boys!" We do not see how they can resist the blandishments of our large dealers. Yesterday it was "No boy trade wanted." Now it is "Will you walk into my parlor?"

We would like to figure on your duplicates if you want to sell at a reasonable figure. All we ask is a chance to make a living profit.

We give close personal attention to every order and inquiry and aim to give you the best for the least money.

Let us send you a selection of foreign at 40 per cent. Not so good at 50 per cent off. Better at 33 1/3 per cent. Society number or good reference.

All offers advertised in this circular are subject to withdrawal without notice. If any particular line is exhausted your money will be returned. No return postage is required unless specifically stated in the advertisement.

It is a fact worthy of remark once more that the philatelic public generally evinces special interest in any country that may happen to be in the general public's eye.

Plate number collecting has evidently come to stay, although we fancy most of us thought it was a mere passing fad. It is a good thing too for the reason (among others) that it induces such a close watch on the emissions of Uncle Sam's bureau of engraving and printing.

△ **TRADERS** △

Most small collectors often feel the need of duplicates, for trading is one of the best ways of increasing the collection. To meet this want we have prepared the following packets:

Trader No. 1.

100 different stamps, catalogued from 2 cents to 10 cents, all good copies. Post free

77 cts.

Trader No. 2.

50 different stamps, catalogued from 5 cents to 15 cents, all good copies. Post free

\$1.27.

Money order

No two packets are just alike, so collectors can buy again and again and still find excellent variety.

15 varieties of Venezuela, including some of the surcharged issues, catalogued over 40 cents, only

15 cts.

A Bargain.

Anent Auctions.

There is one thing about auction sales that is peculiarly depressing to out of town bidders and that is the fact that the undesirable and defective lots always fall to the share of the absentees. This is natural and unavoidable but it goes to show that even the most thorough cataloging fails to give the outsider an equal chance with the man on the ground. Words, printed or spoken, never convey exactly the same impression to two different people. There are shades of meaning that are as puzzling as the innumerable color gradations of the catalog. But that does not say we disapprove of auctions--some auctions. On the contrary they are great fun and sometimes we get our money's worth. On with the dance, brethren--but remember there is such a thing as a surfeit of goodies.

Mr. J. M. Andreini in describing the methods and ideas of a collecting friend emphasizes a great truth in regard to our hobby. It is that the delight lies not so much in the possession as in the getting and arranging.

Thousands of dollars worth of stamps go the rounds every year in the sales departments of the large societies and so far as we have been able to observe the average sales are 30 per cent. This is satisfactory enough we judge, but to effect it requires from six months to a year. No ingenuity of sales managers has been able to overcome this waste of time which renders the scheme totally profitless from a strictly business standpoint.

Five cent green New Brunswick unused cataloged at 5 cents for 15 cents per 10. Six for 10 cents. Buy now.

Four varieties of Brazil newspaper stamps for 7 cents. Hurry up and get some.

Omaha is hollering loudly for the national conventions of 1898 and a big stamp exhibition. It is a big contract but the

rest of us ought to be willing to let the Nebraska boys try it.

A set of Alsace and Lorraine reprints with inverted network, for 20 cents will fill a line of obstinate spaces at a nominal cost. Try it.

A SNAP.

15 different Porto Rico, cataloging over 30 cents, only

15 cts.

Approved sheets and books to please the moderate collectors. Fill up a few gaps every week and you will be surprised to find how soon your collection is assuming satisfactory proportions. You will find many bargains on our 40 and 50 per cent. discount books and sheets.

CUBA.

Some day Cuba will be a part of the U. S., and Cuban stamps will be scarce. TRY OUR CUBA PACKET. 20 different stamps, cataloged over 50 cents, for

15 cts.

USPOD.

Unused Mint state, never had hinge on them. Cheap at

1 cent, - - 15 c.
6 cent, - - 18 c.

Also fine copy of 10 cent, unused, \$1.35, cataloged \$2.00.

Exchanges.**

Neat Sheets and Books of Moderate Stamps at Forty and Fifty
Per Cent. Off Catalog.

YOU WILL FIND MANY

. . . . BARGAINS ON MY SHEETS.

If you have some good duplicates that you want to get rid of, make me a price, or let me figure on them. I can use almost any good stamps from 5 cents up, but as I sell at 40 and 50 per cent. off, I of course must buy so as to leave me a profit. Don't expect to realize catalogue prices when you sell. For anything I can use I will give good exchange.

GIVE ME A TRIAL.

THE STAMPMAN

BY AND FOR D. W. OSGOOD.

VOL. I.

PUEBLO, COLORADO, JANUARY 1897

NO. 2.

ORIGINAL GUM

The reception of the first performance of our little "house organ" was so cordial that repetitions of the same will cost five cents each. Only a small edition was printed and most of these were sent out as circulars. The subsequent demand for copies was so great that we now have only a few left and those who desire a complete file should hasten to order No. 1.

The Weekly Era, the Weekly News and the Rocky Mountain Stamp all had most pleasing things to say of The Stampman. Thanks, brethren, thanks.

A recent article noted the practice of hinging stamps on the side instead of at the top. We can add our testimony to the good effect of this plan as our collection is so mounted and we also mount stamps in approval books the same way. We got the idea from J. W. Scott's "Best" album, an old edition of which once fell into our hands.

During all this pother about speculative issues we have marveled that more stress has not been laid upon the expedient of collecting such stamps only in a used condition. This is a remedy entirely in the hands of collectors themselves and is apparently the only entirely logical way out of the difficulty. To be sure the "canceled to order" fraud will raise its horrid front but that is a minor drawback in comparison with the evils we escape and means will not be wanting to prevent general resort to it.

We add our mite of congratulation to Mr. S. B. Hopkins on the occasion of his marriage. May the new family live long and prosper! We are not personally acquainted with Mr. Hopkins but his writings have a sane quality which prepossesses him in our favor.

At The Collector's Club.

H-p-k-n-s:—"Gentlemen, I beg that you will excuse me, but the fact is—"

Chorus:—"Why, it's only nine o'clock!"

Andr-n:—"Well, friends, and did your honeymoons wane so soon?"

A brief silence during which the Benedict makes his escape.

B-g-r-t:—"We were greatly pleased with our 411th sale—netted nineteen hundred cold."

S-v-r-n:—"And yet they prate of the decline in interest—bottom falling out—demnition bow wows right ahead—and all that."

K-l-b-n:—"Still would it not be well if these sales were—ah—a little less frequent. Does it not look now as tho' there was a rush to sell?"

M-k-l:—"No more rush to sell perhaps but only rushing in another direction. I agree with you however that auctions are too frequent. Let's get up a Society for the Suppression of Auctions."

All—"Hear! Hear!"

Sc-tt:—"Gentlemen, congratulate me—turnips are cheaper."

All—"Ha! Ha!"

Albr-cht:—"Coming your way, as the boys say, eh!"

M-k-l:—"But, joking aside—"

Z-h-n: (bursting in) "Say, have you heard the news?"

All—"What news?"

Z-h-n:—"Seebecks are coming in again!"

All—"Hooray!"

Curtain.

We have been much pleased with the volume of business accorded us and have every reason to be satisfied with our launch into the dealer's ranks. Many of our customers have expressed themselves as being greatly pleased with the neat appearance of our approval books and the low prices. Our stock is not large and we have few way up stamps but we do send out some very nice lots.

THE STAMPMAN.

BY AND FOR D. W. OSGOOD.

Box 50.

PUEBLO, COLORADO.

If you want it regularly send postage, and it will be furnished as long as your stamps last.

Our customers are invited to insert exchange notices. A fee of 25 cents will be exacted for 30 words or less, three insertions.

PUEBLO, COLO., JAN. 1897.

TRADE NOTES.

The rush for the Venezuela packet exhausted several of the varieties and we were compelled to disappoint some of the late comers. That offer is withdrawn for the present as is also the Porto Rico packet.

Collectors of U. S. envelopes are informed that we have a few copies of the 2c green with capped 2 at 25c for unused entire and 12c for used entire. Order soon as there are only a few.

We have a beautiful set of 1864 envelopes and wrappers, all values and most sizes, 26 pieces. Correspondence regarding these invited.

One of the most interesting of the government's experiments with its stamps was the use of double paper on the 3ct. green. Several hundred thousand of these were issued and used but only a few are now in existence and those are unused necessarily, as wetting separates the two papers. This is one of the great rarities in U. S. and specialists are invited to address us on the subject. We have two or three fine copies for sale.

One of Uncle Sam's few errors consists in the misspelling of the word "Specimen" on certain department stamps. We have a 1c State surcharged "Sepcimen" for \$15.00. This is unique so far as known.

We are willing to buy as well as sell and invite tenders of good stamps.

Trade generally is looking up in stamp circles and every one has concluded that he is more frightened than hurt.

We would like to figure on your duplicates if you want to sell at a reasonable figure. All we ask is a chance to make a living profit.

All offers advertised in this circular are subject to withdrawal without notice. If any particular line is exhausted your money will be returned. No return postage is required unless specifically stated in the advertisement.

Five cent green New Brunswick unused cataloged at 5 cents for 15 cents per 10. Six for 10 cents. Buy now.

A FABLE.

And it came to pass in the fulness of time the speculators had all things moving over against them in a wheeled vehicle clept a carriage. They smiled, yea they chortled in glee, and danced much and said, Lo, the earth is now ours; let us amble in and possess it. And it was so. But ye collector and all of his tribe were sad and sat in their tents and made a sorrowful noise. For why? The speculators and makers of prices had performed overmuch on one string and the thing it was overdone. But presently the collector rose up and putting off his sackcloth and likewise dusting the ashes from his beard, girded up his loins and said Lo, they would do me dirt! Behold I will sell my collection to these speculators and pile up a heavy load on them. And he did as he had spoken and his fellows also and then did the boomers commence to absorb wisdom thro' the fat on their heads and they straightway became busy taking a tumble.

And the wise collector seeing all these things begins anew and urges his children but the end is not yet.

Testimonials.

Our greatest packet duly warranted to cure bad dreams and all forms of philatelic nightmare is catching on in great shape. Read what a few of our friends have to say of it.

E. H. Pierce:—"I have been much troubled by nightmare in which Bryan seemed to be president but since taking your greatest packet my sleep has been peaceful and when I dream it is of McKinley and the Denver postoffice."

S. B. Hopkins:—"I stay at home now all the time and have no more troubles."

C. E. Severn:—"Since trying your greatest packet I am able to grind out 'Idle Items' with great facility and still sleep sound."

W. W. Jewett:—"Greatest thing out! Have only taken one but now I dream every night that Mekeels Weekly News has suspended."

J. L. Kilbon:—"Whereas before I used to lay awake nights worrying about the printer's bill, now after only one dose of your greatest packet I sleep and dream that the Stamp Book has one million circulation."

And so on, and so on. The finest thing out. 50 varieties unused, no See-bex cataloging over \$3 for only \$1 net. Try it.

A set of Alsace and Lorraine reprints with inverted network, for 20 cents will fill a line of obstinate spaces at a nominal cost. Try it.

Approval sheets and books to please the moderate collectors. Fill up a few gaps every week and you will be surprised to find how soon your collection is assuming satisfactory proportions. You will find many bargains on our 40 and 50 per cent. discount books and sheets.

PUEBLO, COLORADO, FEBRUARY 1897.

NO. 2

ORIGINAL GUM

Go forth little pamphlet,
Bearing your owner's name;
'Till everywhere that you have went
They're glad that you have came.
(With apologies to the late Bill Nye.)

"English as she is spoke" is a fearful thing oftentimes but not so terrible as when "she is writ" by some well meaning but misguided souls. For instance the rules printed on one of the blanks accompanying a recent exchange packet of one of the large societies could not have been worse expressed or less clearly "composed" if the writer had deliberately set out to violate every principle of prose composition. Why such things are sent out is a mystery indeed. Also one or two of the stampic editors can be charged with ignorance of his craft and one especially expresses himself in language that although not strictly ungrammatical, is amateurish and ludicrous to put it mildly.

Mr. Crawford Capen, (may his shadow never grow less) in an essay in the *Eastern Philatelist* clamors for a permanent literary quality in philatelic writings. Now really Mr. Capen this is unkind. Aren't we all sweating blood to achieve that impalpable essence known as "literary flavor"? Ye gods! Must we buckle on our armor and strive further? We thought we all had it in its most virulent form. Can Mr. Capen possibly have overlooked Mr. Moise's lucubrations in that almost perfect literary journal hailing from Texas? And there are others too.

But speaking less seriously, we do not think Mr. Capen's conclusions at all convincing. We do not believe it possible for philately to produce a work that will appeal to non-philatelic literary men if work (English mostly) already in existence has failed.

The Law and the Gospel

About Ben Boycollector (may his tribe increase)
Awoke one night from a deep dream of peace.
And saw within the moonlight in his room,
Making it rich and like a lily in bloom,
An angel writing in a book of gold:—
Exceeding peace had made Ben Boycollector bold,
And to the presence in the room he said,
"What writest thou?" The vision raised its head
And with a look answered, "I will tell thee—
These are the names of those who love Philately,"
"And is mine one?" said About. "Nay, not so,"
Replied the angel. About spoke more low,
But cheerily still; and said, "I pray thee, then,
Write me as one that loves his fellow-stampmen."
The angel wrote and vanished. The next night
It came again with a great wakening light,
And showed the names whom Philately had blest
And lo, Ben Boycollector's name led all the rest.

(With profuse apologies to Leigh Hunt.)

England easily bears away the palm in philatelic journalism, when one considers interest and abiding worth. This is no reflection on America because we have almost no students who write, comparatively speaking and the sentence is written merely to give greater emphasis to praise of the "Philatelists' Supplement to the Bazaar." This unique publication possesses great interest and we can truthfully say that we read it all through from beginning to end and were sorry that it had an end.

In emitting the third squeak from our house organ we are minded to thank those who have gone out of their way apparently to say an appreciative word about our music. We also desire to reiterate that THE STAMPMAN is not a paper in the ordinary sense of the term—we have not applied for second class rates nor do we intend to. The little sheet will continue to appear so long as it seems to serve its purpose, which bluntly stated is "an advertisement." It is only fair to say however that in addition to its strictly utilitarian character we are loading it with some few expressions of opinion on topics in general, which we hope will appeal to those who preserve philatelic printed matter.

THE STAMPMAN.

BY AND FOR D. W. OSGOOD,

Box 50.

PUEBLO, COLORADO.

If you want it regularly send postage, and it will be furnished as long as your stamps last.

Back Numbers.

We have kept a few copies of the previous issues to provide for the procrastinators. No. 1 is 5c., and No. 2 is 3c.

PUEBLO, COLO., FEB. 1897.

TRADE NOTES.

Collectors of U. S. envelopes are informed that we have a few copies of the 2c green with capped 2 at 25c for unused entire and 12c for used entire. Order soon as there are only a few.

One of the most interesting of the government's experiments with its stamps was the use of double paper on the 3ct. green. Several hundred thousand of these were issued and used but only a few are now in existence and those are unused necessarily, as wetting separates the two papers. This is one of the great rarities in U. S. and specialists are invited to address us on the subject. We have two or three fine copies for sale.

One of Uncle Sam's few errors consists in the misspelling of the word "Specimen" on certain department stamps. We have a 1c State surcharged "Sepcimen" for \$15.00. This is unique so far as known.

We can furnish the 25c yellow on straw French Colonies (cat. No. 53) at wholesale for 25c per 10. This is a desirable stamp at the price as it jumped to 8c in the 57th.

Four varieties of the 25c blue Mexico catalog Nos. 170, 166, 202 and 216 for 10c. These catalog 31 cents.

Three varieties of the 10c yellow Mexico, catalog Nos. 105, 201 and 215 for 7c. These catalog 22 cents.

One shilling black New South Wales (cat. No. 118, price 10c) at wholesale for 35 cents per ten.

We are willing to buy as well as sell and invite tenders of good stamps.

We would like to figure on your duplicates if you want to sell at a reasonable figure. All we ask is a chance to make a living profit.

All offers advertised in this circular are subject to withdrawal without notice. If any particular line is exhausted your money will be returned. No return postage is required unless specifically stated in the advertisement.

Touching a Nice Point.

A correspondent in placing his order for future issues of THE STAMPMAN refers to them as "Stampmans," at the same time putting in his claim of originality for this plural. We acknowledge his claim but are not so willing to admit its correctness. Considered from one point of view our friend is doubtless justified—allowing that the STAMPMAN is a *thing*. But is he a thing? We have wrought in vain if we have failed to endow him with a pronounced individuality. He is ourself, and does our friend desire to insinuate that we are a thing? Perish the thought! At the same time we cannot bring ourself to assert that the proper plural is "Stampmen". Even granting that the paper is ourself could we say our plural is "men" when we know there can be no other like unto us? Nay, we incline to take the stand that there is no plural for the STAMPMAN. He is unique. He occupies a pinnacle that cannot afford footing for two, and besides no man knoweth whether or not there will ever be another issue.

We note with concern that the editor of the Columbian Philatelist, which by the way seems to be coming to the front, is accustomed to labor at his editorial desk clear into the wee, small hours. The first effect of this exertion is the need of stimulants and ye editor flies at once to malted milk. The other effects are not so apparent but doubtless will be discovered as we examine the paper more closely.

We notice from time to time in various papers, articles by Mr. S. B. Hopkins, familiarly known as "Hop" and the spirit moves us to inquire why the Messrs McKeel do not make use of his talents in that direction. The *News* could be improved by more original articles on stamps, reprint however good not being so satisfactory to the subscriber.

A set of Alsace and Lorraine reprints with inverted network, for 20 cents will fill a line of obstinate spaces at a nominal cost. Try it.

One of the scarce revenues that is attracting considerable attention of late is the 2c impressed on the check. Used copies are plentiful but the fact that when the law was repealed most of the unused stamped checks were redeemed makes the stamp scarce in this condition. We have a few which we are offering for \$1.50. These were recently extensively advertised at \$2.00 by a leading firm. Comment is superfluous.

THE STAMPMAN

BY AND FOR D. W. OSGOOD.

VOL. I.

PUEBLO, COLORADO, MARCH 1897

NO. 4.

THE EAVESDROPPER.

The other night we projected our astral self over against New Jersey, and while sitting meditatively on a fog bank and admiring the effect produced by the twinkling lights of Flemington, we overheard Mr. H. E. Deats, whom the philatelic gods love, thinking. He was in his den arranging papers, etc., assisted by his secretary, and though the conversation lagged, both minds were busy. Mr. Deats took up the current papers and soliloquized thus: "Um—um—so friend Tiffany has gone. Too bad, too bad. A fine man, and interested in philatelic literature, too—wonder what will become of his library—oh, yes; Mekeel's says it is likely to go to some public institution and be preserved intact—well, that's the best thing that could happen—had some things I would like to possess, though—Dead! who would have thought it?—makes one think one is liable to go at any moment—um—um—so the authorities intend investigating the Colman business further—well, it needs it—very shady transaction, that—but the government's methods need reforming worse than anything else—um-m-m—ah, yes, the *Stamp Book* takes my view of the case exactly—very neat paper—hope Kilbon is making something out of it—um—what's this? oh, yes, THE STAMPMAN—nothing but a circular, it says—well, it's a sight more interesting than some of the more pretentious sheets—guess I'll get my money's worth for once, if it don't suspend—um—um—*Pennsylvania Philatelist*!—on time! well, well—nothing much in it this time, except Kissinger—some of 'em say the boy is too fresh, but he seems to be getting there—um, um—what's that green thing—oh yes, the *Advocate*, from Canada—well, I'm glad philately does not have to depend

on this for advocacy—might be worse, though—still scrapping about their societies up there—too bad!—never will amount to a hill of beans, either one, if they don't stop quarreling—um—um—I do wish the Scott people would bestir themselves about the American Journal of Philately—any quantity of ability and philatelic knowledge there going to waste and America needs a really first-class stamp magazine the worst way—*Columbian Philatelist*! high sounding title—pretty fair—another of the so-called independents—well, they mean well, but it sounds chestnutty to men like me who have seen so many of 'em—goodness! another little feller—*Perforator*—where did he get that idea? oh, yes, he was struck with it on reading an article on perforations—well it's easy reading and snappy if it is largely reprint—hope he'll complete a volume—hate to have one or two numbers to care for and find suitable company for binding—several Eras on hand I see—I mustn't get so behind with them—all notes as usual but mostly pertinent—a good article now and then would improve the sheet—ho! the *Philatelic West* is still coming is it? Pretty fair too, but they will mail it rolled—its annoying when papers won't stay flat—here's the hoary *Eastern Philatelist* like the poor, always with us—nothing startling this month though—let's see, where is the philatelic beauty with its Rocky Mountain scenery—oh, here we are—the boys keep up their lick all right—let's see, isn't this about all—

At this point our bank dissolved in rain, and we came home to get dry.

The counterfeits that we most frequently "meet up" with are those of the 1870 issue of the South African Republic. We find them in exchange books, wholesale lots and on collector's exchange sheets and the country seems to be alive with 'em. The catalog provides a simple test, viz. the flagstaff at the right of the eagle. It should be one thick line instead of two thin ones. Look at the next ones you see and it is dollars to doughnuts that the staff will be double.

THE STAMPMAN.

BY AND FOR D. W. OSGOOD.

Box 50. PUEBLO, COLORADO.

If you want it regularly send postage, and it will be furnished as long as your stamps last.

Back Numbers.

We have kept a few copies of the previous issues to provide for the procrastinators. No. 1 is 5c., and No. 2 is 3c. No. 3 is 3 cts

PUEBLO, COLO., MAR. 1897.

TRADE NOTES.

We are willing to buy as well as sell and invite tenders of good stamps.

One shilling black New South Wales (cat. No. 118, price 10c) at wholesale for 35 cents per ten.

Three varieties of the 10c yellow Mexico, catalog Nos- 195, 201 and 215 for 7c. These catalog 22 cents.

Four varieties of the 25c blue Mexico catalog Nos. 170, 196, 202 and 216 for 10c. These catalog 31 cents.

Five cent green New Brunswick unused cataloged at 5 cents for 15 cents per 10. Six for 10 cents. Buy now.

We would like to figure on your duplicates if you want to sell at a reasonable figure. All we ask is a chance to make a living profit.

We can furnish the 25c yellow on straw French Colonies (cat. No. 53) at wholesale for 25c per 10. This is a desirable stamp at the price as it jumped to 8c in the 57th.

Collectors of U. S. envelopes are informed that we have a few copies of the 2c green with capped 2 at 25c for unused entire and 12c for used entire. Order soon as there are only a few.

One of Uncle Sam's few errors consists in the misspelling of the word "Specimen" on certain department stamps.

We have a 1c State surcharged "Specimen" for \$15.00. This is unique so far as known.

All offers advertised in this circular are subject to withdrawal without notice. If any particular line is exhausted your money will be returned. No return postage is required unless specifically stated in the advertisement.

One of the most interesting of the government's experiments with its stamps was the use of double paper on the 3ct. green. Several hundred thousand of these were issued and used but only a few are now in existence and those are unused necessarily, as wetting separates the two papers. This is one of the great rarities in U. S. and specialists are invited to address us on the subject. We have two or three fine copies for sale.

HOT SPECIALS.

Order early for they won't last long at these prices.

There is much in common among collectors of stamps, of books and of pictures. It often seems to us that a true lover of stamps must also feel an itching to possess when he sees a good picture or a fine or old book. Gladstone recently wrote that a book collector should possess six qualifications: appetite, leisure, wealth, knowledge, discrimination, perseverance. These will apply almost equally well as qualifications for a collector of stamps, although wealth is not so immediately necessary in the latter case. Of the six requisites of the true collector it is hard to say which one we should consider as of first importance, but it is easy to see that the last three overtop the first.

We were startled to hear of the death of Mr. J. K. Tiffany, of St. Louis, one of our leading philatelists. It is a real loss to philately in general and to the guild in the United States in particular. We had the honor of voting for Mr. Tiffany at his first and second elections as president of the American Philatelic Association, and would have kept on voting for him but for the severance of our connection with the society. We had a letter from him in reference to THE STAMPMAN, which he desired for his library, only a short time before he passed beyond the veil.

Editor Kilbon, of the Boston *Stamp Book* recently stated that he could get along very nicely if all the stamp papers save two American and four British, were consigned to oblivion. Several of the slighted editors, without perceiving the humor of the situation, promptly took exceptions to his statement and urged their own claims to be considered indispensable. The aggrieved parties apparently overlooked the fact that Mr. Kilbon's grounds were very high ones indeed, and he did not include his own journal among the elect—which was not only in good taste, but showed that he was trying to give an impartial judgment. Most close

students will agree with his estimate, although we would not like to have to get along without some of the second raters.

A set of Alsace and Lorraine reprints with inverted network, for 20 cents will fill a line of obstinate spaces at a nominal cost. Try it.

One of the scarce revenues that is attracting considerable attention of late is the 2c impressed on the check. Used copies are plentiful but the fact that when the law was repealed most of the unused stamped checks were redeemed makes the stamp scarce in this condition. We have a few which we are offering for 50c. These were recently extensively advertised at \$2.00 by a leading firm. Comment is superfluous.

Neat Sheets and Books of Moderate Stamps at Forty and Fifty
Per Cent Off Catalog.

YOU WILL FIND MANY

. . . . BARGAINS ON MY SHEETS.

If you have some good duplicates that you want to get rid of, make me a price, or let me figure on them. I can use almost any good stamps from 5 cents up, but as I sell at 40 and 50 per cent. off, I of course must buy so as to leave me a profit. Don't expect to realize catalogue prices when you sell. For anything I can use I will give good exchange.

GIVE ME A TRIAL.

THE STAMPMAN

BY AND FOR D. W. OSGOOD.

VOL. I.

PUEBLO, COLORADO, MAY 1897.

NO. 5.

TAPPING A THINK TANK.

The recent opening of the new Trans-continental Telepathic Association route gave us an opportunity for which we have yearned for lo, these many days. Mr. J. M. Andreini, the secretary of the Collectors' Club of New York, has always seemed to us to loom out of the mists which ever enshroud the gloomy precincts of the metropolis like a rock in a weary land or a shot tower in Harlem. We have, therefore, burned to interview him, the which we have now done and here record the chunks of wisdom which one of the elect of Philately has fashioned.

Having attracted the gentleman's attention by a particularly intense thought which we directed to the possible loss of one of his suspende; buttons, he thought: "Oh, its you, is it?" We mentally assented to the soft impeachment and thought we would like to know if he was satisfied with the present status of the Colman case. He opined that he was, except that he would much like to know how that perforating was done. Continuing our friend cogitated thus: "Some of us here feel downhearted over the dullness of the stamp trade but many who are in position to know what is what are taking advantage of this opportunity to buy. I think myself that if a man has money he is a chump to hold off. I am socking in every cent I can spare and only wish I had twice as much. I have lately enjoyed the thrill that comes with the addition of several long desired specimens to my collection. What about the recent movements in the A. P. A. management? Well I hardly know what to think except that I feel that affairs are in good hands and can safely be left there—though of course I would like to know a little more of the 'inside'. Yes, I may exhibit something in the London show but I haven't fully decided. I should like very much to run over and see it. The club? Oh, that is a pleasant subject for thought. We feel much pleased at its success and that we appreciate it is amply shown by the use that is made of its conveniences. Bro Luff's vaudeville entertainment the other night was really most amusing although the attendance could have been larger—that is if we had had more room. No I

haven't seen THE STAMPMAN and am not overly anxious to, tho' I'll promise to look it over if you send it. Which do I advise, general or special collecting? It depends altogether on the person I am advising—by the way, giving advice in this business is usually a thankless affair and your victim generally lives to regret it if he follows what you give him—let's see, where was I? Oh, yes! You see if I am advising a youngster I generally advocate general collecting for the reason among others that specialism if logically followed leads one to considerable expense and certainly entails more study and research, while a boy can amass a very respectable and satisfying collection of all countries for a small sum. 'Completeness' is something that no one with any knowledge at all aims at now-days, unless he be a specialist. Of course a general collector can 'complete' certain countries, but after all it isn't so much the number and completeness that should be considered as it is the fact that one collects understandingly and gets the full pleasure and benefit from our gentle pursuit. Certainly, plate number collecting is all right. I have learned as much through that branch as through any other one 'fad' as you call it. Did you notice that even abroad philatelists are looking into the plate numbers on their stamps and sheets and already much interesting and valuable knowledge has been added to the common stock? English plate numbers which appear on the stamps themselves have never been questioned among specialists as legitimate objects of study and my only wonder is that we didn't catch onto the scheme sooner over here. No, I can't say I think much of our stamp papers, though doubtless each has a mission and does some good. But many are entirely lacking in literary qualities and most have nothing new to impart. Perhaps if more collectors who really study their collections would write up knowledge they acquire the results would redound to the advantage both of the papers and the collectors. House organs? Oh, I don't object to them if properly conducted—so far they have proved our main reliance."

Here Central broke in and diverted the thought waves into other channels and we lost the opportunity of asking several leading questions.

PUEBLO, COLO., MAY 1897.

ORIGINAL GUM.

On orders from our lists in this issue we will allow 10 per cent discount when the amount is over \$1.00. This will be like finding stamps.

Mr. Wm. R. Adams of 9½ Adelaide St. East, Toronto, Can., has produced a neat catalogue of Canadian revenues, which is well worth the 25 cents asked for it. Canadian revenues are being much sought for just now and a reliable price list is essential.

The failure of the Mekeel S. & P. Co. seems not to have surprised the wise-ones, but it is nevertheless to be regretted. Coming as it does at a time when many weak brethren are letting go in order to croak about the future of Philately, it has had more or less effect on the market. But with the coming of better times in general business, stamps will pick up so fast that the heads of the croakers will swim.

Speaking of the future of Philately we are minded to exclaim against the constant use of that term. The only concern we have with the future of Philately is to see to it that its present is the better for our being interested in it. If we take care of the present the future will take care of itself. There is altogether too much of the commercial spirit in stamp collecting now-a-days. We fancy, although we were not there, that the first collectors thought more of the pleasure of collecting, arranging and studying their acquisitions than they did of their cash value either present or prospective.

What matters it if a stamp that we paid \$1.00 for last year is quoted now at 50 cents? We wanted the stamp to complete a set or to study and we have the enjoyment of it still and it will remain with us. What sense is there in immediately rushing to the auction mart and selling out for fear our stamp will go to 25 cents? The philatelist does not think more of the financial side than he does of the stamps themselves.

One of our Chicago friends, Mr. F. J. Lefever, recently while taking a nip of his favorite spring medicine noticed that the bottle bore three 10c 1871 Proprietaries on violet paper and one 6c violet 1878, a total value of \$31.50. This isn't the only find Mr. L. has made, for Proprietary stamps seem to come his way as naturally as the 2c blue 5th issue comes to ordinary mortals. Just how he does it is not known but it is supposed that he purchases a drug store if it looks promising and if Lewis Robie hasn't been there before he proceeds to get the purchase price back from a few old bottles.

Dealers who do much in the approval sheet line are brought into relations with some despicable characters among collectors and probably the lowest of these is the substituter. Lacking the nerve to steal outright he imagines that a few inferior stamps carefully stuck in the places of coveted specimens will pass unnoticed by the dealer in the hurry of business. It is hardly necessary to say that those who descend to such petty meanness rarely have the ability to accomplish their thieving undetected. In our own experience we have had several of these pirates to deal with and among them are H. Dayton, of Fargo, N. D., and F. E. Crissey of Windsor, Mo. Dealers are advised to steer clear of these gentlemen. The most flagrant case of all is that of a young fellow in Pasadena, Calif., and we will give his name next month unless he makes restitution. Besides these worthies we have a number on our list who have stolen books bodily and we intend to show them up for the benefit of others.

THE STAMPMAN.

INFERTINENT PERSONALS.

Our old friend Mr. Oney K. Carstarphen of Denver has resolved to enter the holy state of matrimony. Our blessing meets him at the frontier and we hasten to asserverate that he is O. K.

In the reorganization of the Rocky Mountain *Stamp* force Mr. Davis becomes associate editor and Mr. Pierce head devil. Both positions are ably filled.

Mr. C. H. Mekeel has started in the stamp business on his own hook, which we understand is well baited. This is not the first time C. H. has started and he generally arrives.

THE STAMPMAN

BY AND FOR D. W. OSGOOD.

VOL. I.

PUEBLO, COLORADO, JULY and AUGUST 1897.

NO. 6.

CANADA'S FALL.

Canada has, up to the present, enjoyed an unsullied reputation from The Stampman's point of view, but there are features of this Jubilee issue which will go far to obliterate the record. To begin with we were heartily in favor of a Jubilee or at least a new issue for Canada. The regular designs have been so long in use as to become a weariness to the flesh. Also a Jubilee issue from a country of standing in the philatelic estimation could not fail to have a marked effect upon collecting and give our gentle pursuit a much needed impetus. But what do we find? An issue of one rather conventional design but including at least four values for which there is no postal excuse whatever, and an issue limited as to certain values. Besides this there is an inexcusable similarity of colors in certain stamps and it is already stated that the 8 cent has been withdrawn because it is too near the color of the 10 cent. Now, therefore, we content that it is reasonable to believe:

1st.—The \$2, \$3, \$4, and \$5, values were too evidently merely issued for the profit of the Canadian treasury and the glorification of Queen Victoria was a bad second in the consideration of these speculative labels.

2nd.—There is no reasonable explanation of the decision to limit the numbers of $\frac{1}{2}$ cent and 6 cent stamps printed to such grossly inadequate totals except the patent one that the Canadian post office officials have stooped to help someone create a corner. We believe when the truth is known that it will be found that a virtual prior sale to some person or persons of these values took place in spite of the loud protestations that all stamps of all values were impartially divided amongst the various offices.

3rd.—Any postal official with any foresight could have arranged contrasting colors that could by no means conflict

with each other. Therefore we are entitled to believe that the various similarities of shade are not accidental but are a cunning device to afford excuse for withdrawing one or more stamps and thus enormously increasing the value of those copies that do get out.

All this may be far from the real truth but we submit it to any candid mind and feel sure that all such will conclude with us that there is a very dusky African in the Canada Jubilee wood-pile.

Way back in Connecticut there is published a stamp paper, the presiding genius of which is an stray from newspaperdom. This is worth noting because most stampic editors are strays from the nursery—but let that pass. The paper in question (*The Perforator*) is dazzling all by its meteoric career, having leaped from nothing to an 8-page and cover magazine in four bounds, as Minerva sprang full panoplied from Jove's head. But that isn't just what we started in to say. The last jump Bro. Chapman made landed him on our back and he promptly dug in his spurs by grumbling because we were not so funny in May as we had been in March. This is calumny. Our humor at best is not robust though we occasionally descend to the bludgeon style in order to reach people who are not educated up to the appreciation of the delicacy we prefer to use. In our May number we put ourselves out to be particularly fine haired and had laid the flattering unction to our soul that Bro. Chapman at least would be stirred to transports of intellectual delight. Alas and Alack and likewise Well a day! We must burn the midnight oil over Bill Nye and gather to ourselves some fun less liable to cruel *Perforation*.

We can deny authoritatively the rumor that Pierce and Zahn have entered a convent. They are summering at a water-tank on the D. & R. G. called Denver, and besides their wives wouldn't let 'em within a mile of a convent.

THE STAMPMAN.

BY AND FOR D. W. OSGOOD.

Box 50. PUEBLO, COLORADO.

If you want it regularly send postage, and it will be furnished as long as your stamps last.

Back Numbers.

We have kept a few copies of the previous issues to provide for the procrastinators. No. 1 is 5c., and No. 2 is 3c. No. 3 is 3 cts. No. 4 is 3c. No. 5 is 5c.

PUEBLO, COLO., JULY and AUGUST 1897.

ORIGINAL GUM.

Owing to the general call for No. 5 of the *Stampman*, we have but a small reserve stock and the price hereafter for this number is 5c. A complete file therefore costs you 19c.

In the *American Journal of Philately* we find illustrations of a varied and gorgeous Jubilee set for Newfoundland. This set if the engraving is up to the mark ought to surpass our own Columbians in interest.

The Postal Card Society of America issues a monthly bulletin which should serve to perpetuate and possibly create interest in that neglected branch of Philately. Our old friend Mr. W. C. Stone is the guiding light of this publication.

The 1897 convention of the American Philatelic Association, is to be held during August in Boston, if the heat permits. So far as an impartial observer can conclude from the evidence now at hand it is to be largely devoted to driving the remnants of the Mekeel influence into the ground and fitting a plug into the hole.

In re "*Ideal Philatelic Magazine*" which is just now engaging the attention of thoughtful stampmen, we would suggest that the *American Journal of Philately*, the *Post Office* and the *Boston Stamp Book* combine their capital and brains and produce the *Ideal* at once.

Re Periodicals.

Uncle Sam, of late years, has taken a violent dislike to a large section of his nephews and nieces, and loses no opportunity to make life a burden for them. As a loyal nephew we kick—if we were a niece we would clench our little fists and say "Goodness Gracious!!" We hope Miss Amy Swift has already done this much—but to return to our muttons. The government in a very high handed and despotic fashion has confiscated certain periodical stamps which had been offered for sale by the W. S. Scott Co. They have followed this utterly senseless and exasperating act by commencing a suit against the above firm for the sum of 6 cents damages. Other dealers and collectors are raising a fund to fight this suit to the bitter end and if possible bring Uncle Sammy to his senses. This is proper and wise, but we submit that it can be profitably reinforced by a united onslaught upon Congress. Surely there is influence available to cause Congress to interfere and we suggest that someone prepare a bill to cover the case, get a congressman to introduce it and then that the rest of us write to our representatives urging them to support it.

We have decided not to go to Europe this year for various reasons one of which is that so many of our competitors are going, it will keep us very busy attending to the stamp business in this country.

Some of the elect of Ft. Atkinson, Wis. have recently banded themselves together and now rejoice in the possession of a full fledged philatelic society. Mr. Will Stanhope is exchange manager.

We note with pain that many collectors drop collecting so suddenly and completely with the advent of hot weather that they neglect to return stamps that happen to be in their possession on approval when the hot wave strikes. Verily the human animal is a curious critter.

THE STAMPMAN.

Our young friend Mr. Severn (whose misfortune not fault condemns him to Chicago) is a rising luminary in the sky of advertising literature. Mr. S. seems to be a particularly good example of modern journalistic methods grafted upon the somewhat amateurish fabric of philatelic paperdom.

The Bartels catalogue seems to be in a fair way to become the standard of U. S. envelope prices. It is also comparatively simple in arrangement and may be understood of all men—if they have a search warrant and a Philadelphia lawyer. U. S. envelopes are a weariness to the flesh and a vexation to the spirit. Man that is born of woman goes heavily and his soul faints within him when he gets over against U. S. entires.

No man could have suspected the literary possibilities which lurk in the rising generation of philatelists and which *Stamps* is bringing to light by dint of clever pumping. This little magazine seems to have found the true path and is hitting the road at a spanking gait.

The Stampman

BY AND FOR D. W. OSGOOD.

VOL. II. NO. 1.

PUEBLO, COLO., SEPT. AND OCT. 1897.

WHOLE NO. 7

A Retrospect and an Appreciation.

WAY, way back in the golden days when the present dollar stamps were going begging for dimes, we foregathered with a few other collectors in Denver and formed the Centennial State Philatelic Society. Every now and then our vagrant thoughts wander back to that halcyon period and we remember with pleasure such associates as John C. Feldwisch, our first president, his brother Fred, Harry Babb, Frank Carstarphen, elder brother to the late president of the P. S. of A., John T. Drysdale, Bing Gorton and others. More than any of us John Feldwisch held up the philatelic honor of the society. His collection was the largest and grew most rapidly, and its owner was more deeply versed in the gentle mysteries of the pursuit. Later he was the leading spirit in the publication of the *Stamp*, a file of which is one of our cherished possessions. The *Stamp* was published for three years or so by the Feldwisches and ourself, and was altogether a most enjoyable if not profitable experience for all of us. John afterwards gradually lost his interest in stamps and in due time sold a very fine collection, turning his attention to books and pictures—a natural transition. He however keeps more or less in touch with stamp matters and still lives in Denver, heart whole and fancy free, we may believe, so far as the other sex is concerned. Staid old Fred, perhaps the solidest character in the lot, never shone much so far as his collection was concerned, but he had one and mayhap has it yet, though pressure of an active business life has relegated it to the rear. He was the business manager of the *Stamp* and could rarely be prevailed to pen any-

thing for publication save terse business notices, while John and ourself fairly reveled in ink, and often found the columns all too short for our lucubrations. Fred is a worker, and his career since '86 is mostly of success in high positions in the business departments of the *Times* and *Sun*, of both of which he was business manager at various times, and now assistant business manager of the *Rocky Mountain News*, which is Colorado's leading daily. We have often bemoaned Fred's diffidence where the ladies were concerned, esteeming it a shame that such excellent raw material for a husband should go uncultivated, but a little bird brings glad news that possibly our prayers are not in vain after all.

We do not believe that Harry Babb retains much of his old love for stamps or for society politics, but in those days he was an active exponent of both and a jolly good fellow besides. His lines too have fallen in newspaper places, and he has been largely associated with Fred in the business departments of the *Times* and *Sun*. His forte was advertising, and we believe that he is now enjoying a fine billet as an advertising man somewhere in the effete east.

Frank Carstarphen, whom the gods and the girls loved, and love yet doubtless, was a particular favorite of ours. Perhaps we should say we were his since he overtopped all his fellows by something less than a foot of brain and brawn. Frank was young and gay and debonaire, but what the girls did not get in the way of ice cream soda went into stamps, and he had a real collection despite distractions. With Harry Babb our subject published for a long time the *Collector's*

Review, which, if it did not attain the size and dignity of the *Stamp* was always readable and frequently able. Frank went in for the law, in which he is now learned, and his eloquent tongue and the blarney of him have materially contributed to a very respectable success in his profession. He is not married, altho' no doubt he would like to be!

Of John Drysdale we have seen less of late years than of the others, and do not know how much interest in the stampic art he retains. During all the years of our pleasant association he was an employe of the Colorado News Co., and we have heard rumors that his present position is a responsible and lucrative department headship. At all events John was the first to follow our excellent example and become a Benedict. We have heard that

he is a father, too, and if so, trust that he will bring up his children in the ways of the stamp collector.

Of Bing Gorton we have heard still less, but we presume he is yet where he was then, with the D. & R. G. R. R. Gorton was a companionable boy and we know has made a good man, efficient in his sphere of work, and a support and friend to his remaining parent.

To these old friends others were added from time to time, whom we recall with kindly feelings, but the original "crowd" collectively and individually, forms one of the happiest recollections we have. The association was mutually helpful and not one of them has failed to make his mark in his sphere of work.

Long may they wave!

The Southern Philatelic Association.

THIS is a semi-national society having Mr. E. W. Heusinger, San Antonio, Texas, for president, Roy B. Bradley, Abilene, Texas, for secretary, and the *Low Star State Philatelist* published "last June" for official organ. The association has recently been reorganized, and the present officers are apparently trying to put things on a business basis. That they will meet with much success until some effort is made to straighten out the affairs and settle up the losses of members through the mal-administration of the Exchange Department by A. M. Rareshide and later by C. N. Davis, of Tuscaloosa, Ala., we do not believe. Mr. Rareshide has declined to pay for what has been stolen either by him or those receiving packets, and has been expelled from the society. We do not learn, however, that the association proposes to make any effort to square itself. Up to date we have read nothing which would indicate that any steps had been taken to fumigate Mr. Davis, altho' we have taken the trouble to write a letter detailing

our disastrous experience with that gentleman, to the secretary. This was many weeks ago, but so far Mr. Bradley has not deigned to reply. Mr. Davis has received from us 13 sheets of stamps, valued at about \$30 net, for which he has failed to account to us or to his successor in office. This may be all right for business as conducted in the sunny south, but we don't like it.

Gentlemen, wake up!

The late Canada Jubilee issue cannot be too severely condemned. One would think that the Dominion postal authorities had taken a leaf out of little Portugal's unsavory book.

There is no doubt in our minds but what the stamp business is all right. People will buy good stamps at moderate prices—it is only a question of getting the proper grade of stamps to supply their demands.

• The Stampman •

By and for D. W. Osgood.

Box 50-Pueblo, Colorado.

An occasional publication for the gratification of the curi us

Subscription, 20 cents a Volume of Six Numbers.

Current number is sent gratis to customers and applicants. All other individual numbers 5 cents each.

Vol. I complete, 20 cents, post free. Any one number 5 cents.

Pueblo, Colo., Sept. and Oct., 1897.

Original Sum.

READERS who have followed the devious course of the editorial "we" through the first volume of this remarkable publication will doubtless note a change of dress and form with which to signalize the commencement of Vol. II. We are aware that some who habitually bind all stamp literature that comes their way will growl at any change of size, tho' it be an improvement. But we can't help it. To the STAMPMAN subscribers are an unnecessary adjunct, and we do not feel bound to curb our wayward fancies to please them. Having no advertisers we never restrain the thoughts which bubble up in the STAMPMAN'S columns, for fear of offence in that quarter. In short, a hog on ice is not so independent as we.

With this "apology" we make our second bow.

IT may be inferred from the London *Philatelist*, which is very high authority, don't you know, that specialists only can be "philatelists." No one, who with broad sympathy and great catholicity of taste gathers discriminatingly the issues of the whole world can be considered a "philatelist." He is a stamp collector only. Friends, weep with us! We

have been cast forth into outer darkness and with the host of philistines must we eat our bitter bread.

THE sight of the September *Perforator* sent anticipatory thrills careering up and down our spinal column—and the inside was quite as pleasantly thrilling as the anticipation. Not only did we find the speaking countenance of Bro. Chapman mirrored forth, but—wonder of wonders!—the face of a lady philatelist as well. A good share of the contents is also the work of the fair sex, and altogether the *Perforator's* claim to be the champion of Woman in Philately is well sustained.

IN a recent article in the *News* Mr. Severn took occasion to say some flattering things about an advertisement of ours, and to remark further that as a general thing our announcements savored of "smartness." This is legitimate criticism, and is taken in good part, but we are not altogether sure that injustice has not been done us. We have not tried to be "smart" in the objectionable sense, but in casting about for a distinctive style that would characterize our adv'ts we have perhaps printed things that might be termed flippant. These however are mostly references to the STAMPMAN, which is in the nature of a joke, and it is therefore legitimate to advertise it in a light and airy fashion. Besides our ads have paid.

EVERY collector who keeps his brains in occasional use can be a whole S. S. S. S. unto himself. The advantage of being one's own guardian are many and obvious, but not the least is the facility with which decrees of an individual S. S. S. S. may be reversed if subsequent events justify such action.

U. S. Revenues.

Fair average copies. Any not satisfactory may be returned
and money will be refunded.

Impertinent Personals.

Mr. Henri Collin has retired from the Scott Stamp & Coin Co. and returned to his old home in Belgium. Failing health is the cause of this step.

Mr. H. A. Chapman, of the *Perforator*, wires us that he is not an "estrays from newspaperdom" as reported in our last. It seems that he hasn't escaped yet.

Mr. E. H. Pierce, of Denver, is reported to be busily engaged in preparing an elaborate memoir entitled "Great Philatelists That I Have Taken In." The portion

devoted to the editor of THE STAMPMAN will cover several chapters.

Oscar T. Hartman, of Denver, is the new Exchange Superintendent of the Q. C. P. S., succeeding the Hon. J. S. Davis. The department is now being run upon the plan of the Stamp Exchange, of St. Louis.

Ernest R. Aldrich, of Benson, Mich., has assumed the purple and other insignia of the office of President of the P. S. of A. Mr. Aldrich has the sympathy of a wide circle of friends.

THE Messrs. Mekeel were conspicuous by their absence from the 12th annual convention of the A. P. A. The "eastern crowd" have it all their own way, and we look to see many signs and wonders during the next year.

OH, mamma! Look at the new Tonga stamps! No matter about Tonga itself so long as its postal emissions are abreast of those of the Canada - Portugal - Seebeck coterie.

THE Virginia *Philatelist* is perhaps the most interesting event of the day. Its contents are above the average and its get up is exceptional. The cover design is exceedingly tasteful and effective, while the various head-pieces are neat and pretty. Good for the Old Dominion!

BRIEFLY the result of the A. P. A. convention in Boston is the election of F. F. Olney, president, J. F. Beard, secretary, H. G. Smith, treasurer, G. R. Tuttle, sales superintendent, and the

Weekly Era official organ. Next convention New York City. We hope now that things will be smoother than grease and harmony be thicker than molasses.

A SHORT time prior to the appearance of the Canada Jubilee fakes we sent, at the request of two prominent local collectors, money to the Weston Stamp Co., 31 King street, E. Toronto, for sets up to \$1.00. In a few days the Weston Stamp Co. wrote back to say that the money sent was insufficient and so much more must be forwarded. Our friends grumbled a little but they put up the additional money and it was duly sent. Since then the Weston Stamp Co. seems to have vanished into thin air. They have not sent the stamp nor have they returned the money although repeatedly requested to do so. They do not even answer letters. The advertisement which attracted the attention of our friends appeared in *Mekeel's News*, and as Mr. Mekeel claims to investigate the reliability of intending advertisers, we wonder what he found out in regard to this outfit.

Rules of the House of Osgood.

No approval lots sent unsolicited under any circumstances.

Anything ordered from lists or advertisements may be returned if not satisfactory and money will be cheerfully refunded.

We fill want lists so far as our stock will enable us to at 50 per cent. of catalog.

Remittances may be made in unused stamps (ones and twos preferred) or in money order, currency, check or draft. Do not send coin in a letter.

Valuable letters should always be registered—otherwise we cannot be responsible for them.

Failure to return or account for approval lots after a reasonable time will result in the matter being placed in the hands of the Merchant's Collecting Agency.

When

The country recovers from the present "prosperity" stamps will be out of sight, literally and figuratively. Better buy while things are at the bottom. My 50 per cent. approval books are full of splendid bargains.

The STAMPMAN is marching with the band. Have one with us?

D. W. Osgood, Box 50, Pueblo.
[From *Era*.]

E. A. S. Co.

A set of 5 unused Central Am. Steamship Co. stamps, cataloging 70c., for 25c., post free.

The best grade of stamps at 50 per cent. in the market.

The STAMPMAN is liable to make you laugh, but not unless you send for it. Free.

D. W. Osgood, Box 50, Pueblo, Colo.
[From *Era*.]

I Haven't

A complete stock, nor a very big stock, but I have some nice stamps on my approval books. Others allow only 25 or 33 $\frac{1}{3}$ per cent. discount on such goods, but *everything* goes with me at 50 per cent., and as a result my customers only complain because I cannot send them big enough selections.

Wouldn't you like to try a straight deal where you can get *good* stamps at half catalog?

D. W. Osgood, Box 50, Pueblo.

The Stampman

BY AND FOR D. W. OSGOOD.

VOL. II, NO. 2.

PUEBLO, COLO., NOVEMBER, 1897.

WHOLE NO. 8.

Third Annual Convention of Q. C. P. S.

DENVER, COLO., Oct. 21, 97.

The convention was called to order by Pres. Hayward promptly at 8 o'clock. The chair appointed the following committee on credentials to take charge of all ballots and reports: Fred. Haberl, Leo V. Martinitz, and Charles Partridge Adams. After a short recess the committee reported the following named gentlemen elected to their respective offices for the ensuing year:

President, Charles A. Nast.
 Vice-Pres't, Edward H. Hall.
 Treasurer, George Evanson.
 Secretary, Jos. S. Davis.
 Exchange Manager, O. T. Hartmann.

Counterfeit Detector, R. M. Gottesleben.

Librarian, John W. Thoreau.
 For Trustees, T. A. Hayward, D. W. Osgood, J. E. Zahn and P. J. Gauff, and reported a tie in the three following names: O. K. Carstarphen, Frank Brown and Capt. C. A. Coolidge.

The report was accepted and the committee discharged.

Mr. T. A. Hayward declined to serve, and a motion prevailed to elect two out of the three names that were tied. The result of a ballot taken by the convention showed Oney K. Carstarphen and Capt. C. A. Coolidge to be elected Trustees for the ensuing year.

J. W. THOREAU, Treasurer.

The Trustees rendered the following report:

Mr. President and Members of Q. C. P. S.:

The Trustees have had but few matters to deal with the past year, but the few they have had, and one especially which is about to be settled from present indications, namely, the Littlejohn matter, were very important. The case of E. S. Engel was settled by expulsion. The case of R. J. Lemert was referred back to the society. The case of E. S. Stigeler no action (the matter is in the courts) and the case of A. J. Littlejohn still pending. Few meetings have been held owing to business engagements of members and distance of residences,

and would respectfully recommend that in future all Trustees should be residents of Denver. We regard the Trustees as the most important officers.

Respectfully submitted,
FRED. HABERL, Chairman.

OSCAR T. HAETMANN,
Sales Sup't.

Exchange Manager's Report.

Queen City P. S. Gentlemen:

The report of the newly created department for the exchange of adhesive stamps, postal cards, U. S. plate numbers and entire envelopes is necessarily small. It has not been quite so satisfactory as could have been expected. The great fault lies in not having an official organ to begin with, and only a very little advertising was done.

So far the general condition and class of stamps put into the exchange could be improved.

Nobody cares to wear second

hand or worn out clothing. The same can be applied to stamps, etc. Let every member do his little share and the result will be a great success.

Amount of books received 45, value \$76.29; retired, 36 books value \$479.03; balance 9 books on hand \$87.26; average value of book \$12.80. The exchange of stamps is 31 per cent. of the amount put in. Yours truly,

OSCAR T. HARTMANN,

Exchange Manager pro tem.

The reports were ordered received and referred to an auditing committee composed of Messrs. C. B. Bovier, Leo Martinitz and Fred. Haberl. Their report was as follows:

Your committee appointed to audit the reports of Secretary, Treasurer, Sales Superintendent and Exchange Manager, report that the same are apparently correct, but we have no books from which to verify the same.

The report was adopted.

The president appointed the following committees: Official Organ: Messrs. Zahn, Davis and Adams; Laws: Messrs. Carstarphen, Thoreau and Leach.

Letters were read from J. F. Dodge and D. W. Osgood proposing their respective papers as official organ. The President made some verbal suggestions to the committee on Laws and a recess was taken. On reassembling the following was handed in:

Mr. President and Members:

Your committee on official organ respectfully submits the following report: We recommend that Mr. D. W. Osgood's proposition to furnish the members with monthly reports in THE STAMPMAN be accepted. This is proposition No. 2 in his letter. J. E. Zahn, Jos. S. Davis and C. P. Adams, Committee.

The resignation of H. D. Wheeler was read and accepted. Also that of D. M. Averill. The application of Sverre Bergh of Lund Sweden, was read and ordered posted.

A letter from Mrs. M. V. Russell demanding the return of her books which were in the Little-

john packet was read and referred to the Trustees.

A bill for \$3.92 from Pierce & Zahn account of printing, was read and referred to the Trustees.

Permission was given the secretary to place into the minute book the report of Sales Manager Davis submitted in May 1897.

The committee on Laws now made their report:

Gentlemen. Your committee beg to recommend the following changes in our Laws: 1. That the name of this Society be changed to that of "The Colorado Philatelic Society." 2. That the meeting nights read first and third Thursdays of each month. 3. That the annual conventions shall hereafter be held in Denver. 4. That the president shall designate the date of such convention not less than 60 days prior thereto. 5. That the board of Trustees shall all be residents of Denver, Colo. 6. That wherever the words Exchange Superintendent occur, the term Sales Manager be used. (This has been changed by the organization of the Exchange Manager's Department). 7. That one per cent. be deducted from all books in the exchange to create an insurance fund.

The report was accepted and committee discharged.

The President reported that in the matter of complaint made by J. F. Beard against a member, the matter had been settled by party's paying the bill.

The following resolution offered by Mr. C. Bovier was unanimously adopted:

"Resolved, by the Colorado Philatelists in convention assembled at Denver, Oct. 21, 1897. That it is the wish and desire of this meeting that the Government in its new issue of stamps soon to be contracted for, place the bust of William E. Seward on the one cent stamp and the likeness of Ex-President Monroe on the five cent stamp; and resolved further that a copy of this resolution be forwarded to the Postmaster General at Washington."

President Hayward now arose to vacate the chair. He said he would make no speech. Had the

Littlejohn matter reached a happy conclusion he might have felt like making some extended remarks. He introduced the new President. Mr. Nast made a few remarks in which he encouraged all to renewed effort to make the society a success the coming year. He mentioned plate numbers as an exciting and exhilarating pastime, and encouraged all to go in for these labels.

An informal auction was then held, the bidding being very spirited. The gross result was the selling of \$23.00 worth of various stamps of which the society gets 10 per cent. Mr. Hartmann officiated as auctioneer.

The convention then closed. The next meeting will be held at the rooms corner of Sixteenth and Curtis sts., November 4th, at 8 o'clock.

C. NAST, Secretary.

Queen City Philatelic Society

ORGANIZED SEPT. 16, 1894.

Meets 1st and 3d Thursday of each month.

OFFICERS:

- Chas. A. Nast, President.
- Edw. H. Hall, Vice-Pres't.
- Geo. Evanson, Treasurer.
- Jos. S. Davis, Secretary, 1640 Pearl st., Denver.
- Ex-Manager, O. T. Hartmann, 1313 California st., Denver.
- Counterfeit Detector, R. M. Gottesleben.

- Capt. C. A. Coolidge, P. J. Gauff,
- O. K. Carstarphen and D. W. Osgood.

DEAD.

In Denver, October 25, 1897, of tuberculosis, George Fownes.

Membership Roll. — Admitted Oct. 15, 1897, No. 222, I. W. Goonewarden, Wellawatta, Ceylon.

Applications. — Sverre Bergh, Lund, Sweden. Reference, T. A. Hayward No. 63.

Resignations accepted—No. 42 D. M. Averill, 148 Sixth st., Portland, Oregon. No. 204 Dr. Henry A. Wheeler, King's Ferry, N. Y.

N. B.—The recommendations of the committee on Laws (see

report) were laid over two months before final action as per the constitution. C. NAST, Secy.

TRUSTEES.

On Oct. 29th, the new board of Trustees met and organized by electing J. E. Zahn chairman. Routine business was despatched and among other matters taken up was the case of Littlejohn, which it was determined to push. Either Mr. L. will be compelled to pay up or serve a term in jail. E. A. Stigeler was cited to appear before the Trustees on Thursday Nov. 5 to show cause why he should not be expelled.

J. E. ZAHN, Chairman.

Where are your Duplicates?

You are invited to give the Exchange Department of the Queen City Philatelic Society a fair trial and we are sure you will be satisfied with the result. The only way to increase your collection at minimum cost is by exchanging your duplicates of adhesive stamps, U. S. plate numbers, entire postal cards and entire U. S. envelopes; the Q. C. P. S. will do this for you. Why not take advantage by joining the Q. C. P. S. and benefit thereby?

RULES.

1. Exchange books are 5 cents (7 for 25c).
2. 1 per cent. in stamps, etc., will be charged on gross value for insurance on books, etc., received for the Exchange.
3. A uniform rate of 10 per cent. in stamps will be charged on all effected exchanges.
4. No stamp less than 3c or card or envelope less than 5c accepted.
5. Each book must not catalogue less than \$4.00.
7. Cut square postal cards, clipped or badly torn, dirty or heavy cancelled specimens are not wanted.

45 books received, value \$576.

List of members participating in the Exchange: 1. Geo. Evanson; 2. Frank Brown; 4. T. A. Hayward; 5. Louis Mayer; 6. R. M. Gottesleben; 7. John B. Gladwin; 8. Nic Keller; 9. T. M. Robinson; 10. Charles Nast; 11. Jos. S. Davis; 12. M. V. Russell; 13. W. Clayton Simmons.

• • The Stampman • •

By and for D. W. Osgood.

Box 50—Pueblo, Colorado.

An occasional publication for the gratification of the curious.

Subscription, 20 cents a Volume of Six Numbers.

Current number is sent gratis to customers and applicants. All other individual numbers 5 cents each.

Vol. I complete, 20 cents, post free
Any one number 5 cents.

Pueblo, Colo., Nov. 1897.

Original Sum.

With this issue we assume the official organship of the Q. C. P. S.—an honor much appreciated if not altogether deserved. More space than will be usual is given up to official matter in this issue owing to the convention report. Hereafter THE STAMPMAN will appear on the 5th of each month.

Mekeel's Weekly Stamp News is now owned by Mr. I. A. Mekeel, who has purchased it from the receiver of the late Mekeel S. & P. Co. The *News* is now expected to spread itself.

Mr. J. F. Dodge, of New Oxford, Pa., the journalistic Pooh Bah, has added the *Rocky Mountain Stamp* to his stud and will trot it a few heats this winter. Denver is now without a stamp paper, and Colorado and the boundless middle west generally is represented by the only STAMPMAN. If we only had time—but No! It cannot be!

Mr. Georges Carion, of San Francisco, seems to have so much trouble to maintain his standing in the philatelic world that a thoughtful person cannot help but wonder if the man is a victim of circumstances or just a plain fakir. Just now Mr. Carion has the San Francisco collectors backing him up on the Cochinchina question and the enemy is beating a grumbling retreat.

Mr. Henry Gremmel, a well known New York dealer and publisher of the *Post Office*, died of Bright's disease September 1st, last. Mr. Gremmel was a square dealer and enjoyed a large trade. His business has been taken over by the American Collector's Co., of which concern Mr. Crawford Capen is manager.

In our last number we relieved our feelings by a few remarks regarding the unbusinesslike administration of the Southern Philatelic Association, and especially calling attention to the fact that the late Exchange Supt. Chas. N. Davis, of Tuscaloosa, Ala., had failed to account for 13 sheets of our stamps. Since the publication of our wail Secretary Bradley has bustled around and shown us the condition of affairs, and Mr. Davis has sent in the sheets, explaining the delay by saying that members have held them overtime. Mr. Davis scrupulously makes good all stamps removed by members and has made many sacrifices to square up his office. The trouble has all along rested with thieving members, and it is to be hoped that all such have been eliminated from the ranks by the reorganization. We take pleasure in publishing these facts.

Impertinent Personals.

We have an exceedingly bony bone to pick with President Chas. Nast of the Q. C. P. S. He spent a week or two not long ago within two blocks of our office, and only acquainted us with the fact after he had returned to his home in Denver.

Mr. J. Lisle Warren, a Q. C. P. S. member from Colo. Springs, blew in on us last month. It is seldom that we can corner a traveling stampman, and when we do we usually talk an arm off him. Mr. Warren had the best of surgical care after we finished our conversation.

It is literally true that O. K. Carstarphen is always "looking for newspaper notoriety"—he is now advertising man for the *Denver Evening Post*.

RULES OF THE HOUSE OF OSGOOD.

No approval lots sent unsolicited under any circumstances.

Anything ordered from lists or advertisements may be returned if not satisfactory and money will be cheerfully refunded.

We will want lists so far as our stock will enable us to at 50 per cent. of catalog.

Remittances may be made in unused stamps (ones and twos preferred) or in money order, currency, check or draft. Do not send coin in a letter.

Valuable letters should always be registered—otherwise we cannot be responsible for them.

Failure to return or account for approval lots after a reasonable time will result in the matter being placed in the hands of the Merchant's Collecting Agency.

The Stampman

BY AND FOR D. W. OSGOOD

VOL. II. NO. 3.

PUEBLO, COLO., DECEMBER, 1897.

WHOLE NO. 9.

Guide for Young Philatelists.

Never give references when applying for approval sheets. It puts the dealer to the trouble of writing to them.

Always ask for high priced stamps, and when you get them send them back and say you wanted nothing over 5 cents.

Always take off a stamp for return postage even if your purchase is only 4 cents. All dealers are rich and postage is no object to them.

If you want to tickle a dealer to death, write for a selection, and after inspecting it, take off return postage and say you never sent for it.

When addressing a letter of inquiry to a dealer never by any chance enclose return postage. The poor man would fall in a faint if you did.

When you want to buy any stamps send requests to all the dealers in the United States and Canada. If you leave out any they will feel hurt.

It is not absolutely necessary to remove paper, old hinges, etc., etc., from the back of a stamp. It is some trouble to soak a specimen, and besides you might tear it.

When fixing up your want list use 76th catalog numbers but never divulge the fact. When you receive the list filled by the 77th you can send the stamps all back as not being what you ordered.

When you see anyone advertising for good duplicates pick out a few continentals and send them to him with a request for half catalogue price by return mail. A dealer has plenty of time to devote to correspondence.

If you want a stamp on a sheet and haven't got the money to pay for it, take it off, stick on a common continental, and send the sheet back. A dealer is always glad to exchange 25c stamps for others worth 15c a thousand.

When you send unused stamps to pay for your purchases never bother to put them in oiled paper or take any other precautions. Dealers like to receive stamps stuck together and to the envelope. It's lots of fun soaking 'em off.

When you want to stop receiving sheets never tell the dealer so in plain English. Just write him that you are about to go out of town for a few weeks, or that you have taken up a new study at school and haven't time to devote to stamps.

Insist upon having immaculate specimens. If the centering is defective by so much as a hair's breadth throw the stamp aside. If the canceling can be seen by the naked eye the stamp is terribly disfigured and unworthy the attention of a philatelist.

Attach a hinge on any unoccupied spot on the back of the stamp and dab the whole thing in the space provided for it in the album—that is in or near the space. Most collectors are satisfied if they get a stamp on the right page. Never mind if the row of stamps looks like a worm fence. Exactness is liable to be stiffness, and stiffness is inartistic.

THE QUEEN CITY PHILATELIC SOCIETY.

ORGANIZED SEPT. 18, 1894.

Meets 1st and 3d Thursdays of each month in Denver.

OFFICERS:

President—Chas. A. Nast, 16th and Curtis, Denver.

Vice-President—Edw. H. Hall, Ft. Collins.

Treasurer—Geo. Evanson, Denver.

Secretary—Jos. S. Davis, 1460 Pearl St., Denver.

Exchange Manager—Oscar T. Hartmann, 1513 California Street, Denver.

Counterfeit Detector—R. M. Gottesleben, Box 571, Denver.

Librarian—John W. Thoreau, 891 15th St., Denver.

Trustees—J. E. Zahn, Chairman, 829 17th St., Denver; Capt. C. A. Coolidge, P. J. Gauff, O. K. Carstarphen, D. W. Osgood.

MEMBERSHIP ROLL:

Admitted—No. 223, Sverre Bergh, Lund, Sweden.

Resigned—No. 23, H. E. Deats, Flemington, N. J.

Expelled—No. 188, Emil A. Stigeler.

The following amendments have been regularly presented and read before the Q. C. P. S., and in accordance with the By-Laws are herewith published.

It is hereby proposed to amend the first law of the society to read as follows: The name of this society shall be the Colorado Philatelic Society. It is constituted to promote the best interests of its members in all matters philatelic.

It is hereby proposed to amend the fourth law to read as follows: "Sixty days" where at present it reads "three months," in the fifth line.

It is hereby proposed to amend the sixth law to read "Exchange Manager" where at present it reads "Sales Manager."

It is hereby proposed to amend the eleventh law to read as follows: The Exchange Manager shall have charge of all business relating to the exchange department, and shall act as auction manager and have charge of auction sheets. He shall retain 10 per cent. of all sales to defray the expenses of his office, and an additional 1 per cent. of the gross value of all stamps put in the Exchange to create an insurance fund. He may require any member under the age of 21 years who wishes to receive exchange books to give responsible guarantee for correct returns being made, and shall perform such other duties as may be required by the society or these laws.

And it is further hereby proposed to amend the sixteenth law to read as follows: The initiation fee shall be ten cents.

The annual dues shall be 50 cents for members residing in Colorado, and 25 cents for members not residents thereof, and shall be assessed and payable on January 1st of each year for the ensuing twelve months. Members residing in Colorado, admitted between January 1st and July 1st shall pay 50 cents dues for the current year. If admitted between July 1st and December 31st they shall pay 25 cents dues for the current year. Members not residents of Colorado, admitted between January 1st and July 1st shall pay 25 cents dues for the current year, and if admitted be-

tween July 1st and December 31st, shall pay 15 cents as dues for the current year. Dues must be paid to the secretary, who shall receipt for same upon face of membership card.

Members in arrears for six months dues, or more, shall not be entitled to vote, and may be suspended for nonpayment of dues by the board of trustees.

The preceding amendments were signed and presented by Joseph S. Davis and J. E. Zahn.

Jos. S. DAVIS, Secretary.

EXCHANGE DEPARTMENT.

You are invited to give the Exchange department of the Queen City Philatelic Society a fair trial and we are sure you will be satisfied with the result. The only way to increase your collection at minimum cost is by exchanging your duplicates of adhesive stamps, U. S. plate numbers, entire postal cards and entire U. S. envelopes; the Q. C. P. S. will do this for you. Why not take advantage by joining the Q. C. P. S. and benefit thereby?

RULES.

1. Exchange books are 5 cents (7 for 25c.)
2. 1 per cent. in stamps, etc., will be charged on gross value for insurance on books, etc., received for the Exchange.
3. A uniform rate of 10 per cent. in stamps will be charged on all effected exchanges.
4. No stamp less than 3c or card or envelope less than 5c accepted.
5. Each book must not catalogue less than \$1.00.
7. Cut square postal cards, clipped or badly torn, dirty or heavy cancelled specimens are not wanted.
8. Scott's postage stamp and postal card catalogues are adopted for adhesive stamps and entire postal cards.
9. J. M. Bartel's catalogue for U. S. envelopes and U. S. plate numbers.
10. Stamps, etc., should be priced according to catalogue, or less, *but never more*.
11. Upon the receipt of a book, etc., the exchange manager will estimate the preliminary credit and notify owner thereof. This credit will be then immediately available.
12. The exchange will circulate one way all books, etc., at its own expense.
13. Stamps, etc., taken above preliminary credit must be paid in cash at 50 per cent. discount on all books, etc., containing a mixed class.
14. Books containing a special class or country are subject to a different discount.
15. Members in good standing can receive stamps, etc., for selection and buy the same for cash under the rules 13 and 14; providing the stock of books, etc., is above the requirements of the participating members of the Exchange Department.

New members: D. W. Osgood.

In the Exchange: Books, \$693.25; U. S. Envelopes, \$19.46; Postal cards, \$5.71.

Scott's Catalogue is out and no excuse to wait. Send in your books and keep the ball rolling.

• • The Stampman • •

By and for D. W. Osgood, Box 50, Pueblo, Colo. A monthly publication for the gratification of the curious. Subscription, 20 cents a volume of six numbers. Current number is sent gratis to customers and applicants. All other individual numbers 5 cents each. Vol. 1 complete, 20 cents, post free. Any one number 5 cents.

Pueblo, Colorado, December, 1897.

Original Sum.

It is perhaps a little early, but anyway we wish you a Merry Christmas and a Happy New Year.

The catalog numbers in the lists in this number refer to Scott's 57th. They will be made to conform to the 58th in the January issue. While on the subject of prices let us impress upon you the fact that we are sending out *good stamps* (U. S., British Colonies, etc.) at 50 per cent. discount from catalog.

Mr. Joe F. Beard, of Muscatine, Ia., the despair of the ladies at all A. P. A. conventions, and general dispenser of smiles and jests, has warmed the cockles of our heart with the following:

"Dear Sir:—Allow me to congratulate you upon the neat appearance of THE STAMPMAN, Vol. II, No. 1, just received. It is a daisy, and I must confess I like the appearance of it better than Vol. I. Do not drop my two subscriptions, but at any time there is anything due send me a bill and I will remit."

Immediately upon reading this we extended Mr. Beard's subscriptions like an accordion.

Not long ago the receipt of a postal card compelled THE STAMPMAN to relax his stern features and indulge in a little cachinnatory exercise. In an unguarded moment we inserted the following in one of our advertisements. "Come out of your hole and send for THE STAMPMAN." A great multitude responded, but it was left to Mr. T. L. Hazzard, of Allegheny, Pa., to produce the masterpiece. Mr. H., judging by his spirited drawing, only came out of his hole long enough to write his request and lean the card against a convenient tree. The picture represents him crawling swiftly back into a cavernous opening—which we hope he will not also pull in.

Impertinent Personals.

Thos. L. Green, of Kentucky, a prominent collector and dealer, and exchange superintendent of the P. S. of A., is dead.

Chas. Nast, of Denver, president of the Q. C. P. S., has been severely bitten by the plate number fad. When Mr. Nast's case comes before the Trustees we hope they will remember that the gentleman has heretofore led a blameless life.

Emil A. Stigeler, of Denver, has been acquitted of the charge of stealing \$500 worth of stamps from the A. P. A. We congratulate Mr. Stigeler and trust that his fiendish persecutors have made ample amends. Seriously, though, we wish judicial mercy could sometimes be tempered with a little justice.

Societies.

We have long been convinced that our societies for the most part fall short of filling their mission. We were helping to edit a stamp paper when the agitation which culminated in the formation of the American Philatelic Association, was at its height. We recall that all were profuse in the predictions of the good things a national society could and would perform, but we claim that only a tithe of these roseate prophecies have been justified by events. We are far from maintaining that the A. P. A. has done Philately no good or that it has not justified the labors which brought it forth. The point we wish to make is that it has not taken advantage of its opportunities, and the same is true in a degree of all other American societies, national or local.

In union and association we have derived much benefit from societies, which is offset to some extent by the demoralization attendant upon society politics as they have been in the past. The exchange department, and in a less degree, the purchasing department also, has been a good thing in spite of its drawbacks. There are other ways also that add to the credit side, but the sum total is pitifully inadequate to the opportunity and the dignity of the representative American society.

Why is it not within the province of the A. P. A. to consider and formulate a plan to protect collecting from mercenary governments and individuals?

Why cannot the A. P. A. or any other national society produce a philatelic magazine worthy of the name?

Why cannot the A. P. A. or any other society, produce scientific works on the plan of the great London society?

Why has not the A. P. A. or any other society, sufficient weight and dignity to command respectful attention on the part of the post-office department?

Why—why are we wasting space on societies that are mostly sounding brass and tinkling cymbals?

An Echo of the Fever Scare.

The following is part of a letter accompanying an order for some stamps. It was from New Orleans.

"Owing to insanæ quarantine restrictions on everything out of this burg by surrounding points, this letter may go to you perf., part perf. or imperf. It will all depend on the shot gun man, who selects the method he most likes. In any case should the quarantine gun machine hit any of the enclosed stamps please advise and I will replace what may be spoiled in the fumigation operations. Our P. O. is stacked up with mail for all points, hence I register my kick now in case of any delay."

The envelope and letter were deeply pitted but not damaged by the "shot gun."

Attention Q. C. P. S.!

All members of the society are requested to pay their dues for the current year, if they have not already done so, as on Jan. 1st I will begin publishing names of delinquents, and will drop such members from our rolls. Members who can attend the meetings should do so, as hardly a meeting passes without an auction or some other feature of interest. Come and bring your friends. Meetings are held 1st and 3d Thursday evenings at Mr. Nast's rooms, over Scholtz's, 16th and Curtis sts.

JOS. S. DAVIS, Secretary.

RULES OF THE HOUSE OF OSGOOD.

No approval lots sent unsolicited under any circumstances.

Anything ordered from lists or advertisements may be returned if not satisfactory and money will be cheerfully refunded.

We fill want lists so far as our stock will enable us to at 50 per cent. of catalog.

Remittances may be made in unused stamps (ones and twos preferred) or in money order, currency, check or draft. Do not send coin in a letter.

Valuable letters should always be registered—otherwise we cannot be responsible for them.

Failure to return or account for approval lots after a reasonable time will result in the matter being placed in the hands of the Merchant's Collecting Agency.

The Stampman

BY AND FOR D. W. OSGOOD.

VOL. II, NO. 4.

PUEBLO, COLO., JANUARY, 1898.

WHOLE NO. 10.

Eminent Men Who Have Never Met Us.

II.

It is a matter of congratulation that unlike the Preacher in Politics, the Clergyman in Philately is not a target for adverse criticism. We owe much to him both here and abroad and only wish he were multiplied exceedingly. Prominent in the philatelic eye just now are the Rev. Messrs. Donehoo, Weaver, Clark and Kilbon, and it is the latter that we rise to eulogise in this brief paper.

John Luther Kilbon is of Boston, but no one blames him for that. It is like having a cock eye or a cork leg, and is an affliction which must be borne, and which if any one thinks of at all it is with strengthened admiration for a man who rises superior to his environment or physical imperfections. We do not know whether Mr. Kilbon was born in the Hub or not but we give him the benefit of the doubt and fondly believe that he was not. Also we do not know when he first saw light, but that does not matter since we are convinced that he has arrived at years of discretion. He is a denominational minister, Presbyterian or Congregational, we believe, and is connected with a book concern or some similar church publishing house. When Messrs. A. L. Cassino & Co. started the *Boston Stamp Book*, than which Boston has done nothing better, Mr. Kilbon was made editor and later he assumed the ownership. He has made the *Stamp Book* an interesting and valuable periodical, one that it is a pleasure to read, both for its contents and its mechanical perfections. His editorials are characteristic of his profession, in that they show a certain broadness and freedom from dogmatism which is unhappily too scarce in philatelic papers. We cannot be too severe upon the narrow spirit which some editors display when they revile a contemporary because, forsooth, he has criticised them or else ignored them altogether. When Mr. Kilbon discusses a subject he is able to see a portion at least of both sides and one feels that here is a man who is conscious that other and diverse views may have legs to stand on as well as the pet opinions of the editor. Mr. Kilbon's utterances upon the S. S. S. S. may give one the impression that the writer is not quite sure where he is at himself, but his expressions are readable and probably most of us are similarly at sea. Upon all burning questions the *Stamp Book* touches and always decently and readably. Mr. Kilbon himself is a collector who collects and who studies the fine points, as his brilliant serial "A List of Type and Die Varieties" amply attests. He is one of the Board of Vice-Presidents of the A. P. A., which is a very august tribunal indeed. We conceive him to be a man rather plump as to figure, medium stature, smooth shaven, blue eyed and good humored. If some of these details do not fit it is not material, the main point which we started out to make is that we hope the editor of the *Stamp Book* will be as sorry when he sees this that he has not met us as we are that we have never had the privilege of sitting at his feet.

RULES OF THE HOUSE OF OSGOOD.

No approval lots sent unsolicited under any circumstances. Anything ordered from lists or advertisements may be returned if not satisfactory and money will be cheerfully refunded.

We fill want lists so far as our stock will enable us to at 50 per cent. of catalog.

Remittances may be made in unused stamps (ones and twos preferred) or in money order, currency, check or draft. Do not send coin in a letter.

Valuable letters should always be registered—otherwise we cannot be responsible for them.

Failure to return or account for approval lots after a reasonable time will result in the matter being placed in the hands of the Merchant's Collecting Agency.

The Stampman

BY AND FOR D. W. OSGOOD.

VOL. 11. NO. 4.

PUEBLO, COLO., JANUARY, 1898.

WHOLE NO. 10.

Eminent Men Who Have Never Met Us.

II.

It is a matter of congratulation that unlike the Preacher in Politics, the Clergyman in Philately is not a target for adverse criticism. We owe much to him both here and abroad and only wish he were multiplied exceedingly. Prominent in the philatelic eye just now are the Rev. Messrs. Donehoo, Weaver, Clark and Kilbon, and it is the latter that we rise to eulogise in this brief paper.

John Luther Kilbon is of Boston, but no one blames him for that. It is like having a cock eye or a cork leg, and is an affliction which must be borne, and which if any one thinks of at all it is with strengthened admiration for a man who rises superior to his environment or physical imperfections. We do not know whether Mr. Kilbon was born in the Hub or not but we give him the benefit of the doubt and fondly believe that he was not. Also we do not know when he first saw light, but that does not matter since we are convinced that he has arrived at years of discretion. He is a denominational minister, Presbyterian or Congregational, we believe, and is connected with a book concern or some similar church publishing house. When Messrs. A. L. Cassino & Co. started the Boston *Stamp Book*, than which Boston has done nothing better, Mr. Kilbon was made editor and later he assumed the ownership. He has made the *Stamp Book* an interesting and valuable periodical, one that it is a pleasure to read, both for its contents and its mechanical perfections. His editorials are characteristic of his profession, in that they show a certain broadness and freedom from dogmatism which is unhappily too scarce in philatelic papers. We cannot be too severe upon the narrow spirit which some editors display when they revile a contemporary because, forsooth, he has criticised them or else ignored them altogether. When Mr. Kilbon discusses a subject he is able to see a portion at least of both sides and one feels that here is a man who is conscious that other and diverse views may have legs to stand on as well as the pet opinions of the editor. Mr. Kilbon's utterances upon the S. S. S. S. may give one the impression that the writer is not quite sure where he is at himself, but his expressions are readable and probably most of us are similarly at sea. Upon all burning questions the *Stamp Book* touches and always decently and readably. Mr. Kilbon himself is a collector who collects and who studies the fine points, as his brilliant serial "A List of Type and Die Varieties" amply attests. He is one of the Board of Vice-Presidents of the A. P. A., which is a very august tribunal indeed. We conceive him to be a man rather plump as to figure, medium stature, smooth shaven, blue eyed and good humored. If some of these details do not fit it is not material, the main point which we started out to make is that we hope the editor of the *Stamp Book* will be as sorry when he sees this that he has not met us as we are that we have never had the privilege of sitting at his feet.

THE COLORADO PHILATELIC SOCIETY.

ORGANIZED SEPT. 15, 1894.

Meets 1st and 3d Thursdays of each month in Denver.

OFFICERS:

President—Chas. A. Nast, 16th and Curtis, Denver.

Vice-President—Edw. H. Hall, Ft. Collins.

Treasurer—Geo. Evanson, Denver.

Secretary—Jos. S. Davis, 1460 Pearl St., Denver.

Exchange Manager—Oscar T. Hartmann, 1513 California Street, Denver.

Counterfeit Detector—R. M. Gottesleben, Box 571, Denver.

Librarian—John W. Thoreau, 801 15th St., Denver.

Trustees—J. E. Zahn, Chairman, 829 17th St., Denver; Capt. C. A. Coolidge, P. J. Gauff, O. K. Carstarphen, D. W. Osgood.

MEMBERSHIP ROLL.

Application—Roy Taggart, Lovelock, Nev., age 17; student. Reference, Mrs. D. H. Miller and D. W. Osgood.

Resignation—No. 4, C. C. Harrington, Denver, Colo.

SECRETARY'S REPORT.

Elsewhere in this issue of the **STAMPMAN** will be found a list of suspended members. If your name is in the list it is hoped that you will pay your back dues and be reinstated.

The membership list has been revised, and commencing with the next **STAMPMAN** the members in good standing will be published, giving their new numbers in the Colorado Philatelic Society.

The dues for 1898 are now due, and upon receipt of same the Secretary will forward one of the new membership cards.

The dues are fifty cents for members in Colorado and twenty-five cents for all others.

We start the new year with over eighty members in good standing. Do all you can to get more, but don't lose sight of the fact that we place *quality* above *quantity*. By adhering to this rule we will build up our society and progress, but let quantity replace quality and we retrogress.

Remember the Q. C. P. S. is no more, and we are now the Colorado Philatelic Society.

Jos. S. DAVIS, Secretary.

SUSPENDED.

The following members have defaulted in the payment of the dues for 1897 and are therefore herewith suspended from the society. By paying arrearages any of the members suspended may be reinstated, and entitled to the privileges of the Colorado Philatelic Society: No. 11 Wm. J. Stephens; 12 Harold R. Foster; 16 Chas. F. Musgrove; 25 F. A. Olsson; 27 Walter D. Burnham; 34 A. A. Woodbury; 40 R. F. Albrecht; 43 A. Rensch; 49 E. M. Douglas; 56 J. H. Wilson; 57 R. C. Stephenson; 60 G. F. Ingraham; 61 W. K. Starbird; 65 F. G. Clark; 69 J. M. Pendery; 72 B. Keyes; 89 C. B. Warner; 91 Ed. C. Althen; 93 Every Paget; 96 Lisle Warren; 101 P. H. Leese; 102 E. E. Churchill; 107 W. A. Dickens; 113 D. E. Hazen; 121 Frank H. Drown; 128 H. D. Ruelman; 130 Chas. de Cordova; 132 Chas. Steigewalt; 141 Clarence Thurston; 153 M. E. Whitehead; 156 J. H. Makins; 158 Carlos E. Smith; 161 Geo. L. Banks; 162 Chas. W. Friend; 165 Alfred L. Becker; 166 A. B. Young; 167 A. J. Fischer; 168 Fred H. Pitman.

169 Walter W. Breck; 170 Benj. A. Frye; 172 J. M. Chappell; 173 R. F. Hardy; 174 C. A. Atkinson; 175 Chas. Zaruba; 176 W. L. Eastman; 177 E. T. Pardee; 180 T. M. Shallenburger; 182 W. L. Davids; 183 C. W. Grevening; 185 Dan D. Doolittle; 189 Wm. E. Pratt; 192 Chas. E. Osborn; 194 R. M. Miller; 195 Clinton J. Rickerson; 196 S. B. Hopkins; 200 J. W. M. Schmidt; 201 John Castberg; 202 Knox W. Henry; 203 Harry S. Swenson; 207 Adolph Steipanus; 210 John Bauman; 213 C. L. Hannington; 214 Leopold Beringer 215 Ben L. Morris. Jos. S. DAVIS, Secretary.

Approved by J. E. Zahn, Chairman of Board of Trustees.

EXCHANGE DEPARTMENT.

You are invited to give the Exchange department of the Colorado Philatelic Society a fair trial and we are sure you will be satisfied with the result. The only way to increase your collection at minimum cost is by exchanging your duplicates of adhesive stamps, U. S. plate numbers, entire postal cards and entire U. S. envelopes; the C. P. S. will do this for you. Why not take advantage by joining the C. P. S. and benefit thereby?

RULES.

1. Exchange books are 5 cents (7 for 25c.)
2. 1 per cent. in stamps, etc., will be charged on gross value for insurance on books, etc., received for the Exchange.
3. A uniform rate of 10 per cent. in stamps will be charged on all effected exchanges.
4. No stamp less than 3c or card or envelope less than 5c accepted.
5. Each book must not catalogue less than \$3.00.
6. Cut square postal cards, clipped or badly torn, dirty or heavy cancelled specimens are not wanted.
7. Scott's postage stamp and postal card catalogues are adopted for adhesive stamps and entire postal cards.
8. J. M. Bartel's catalogue for U. S. envelopes and U. S. plate numbers.
9. Stamps, etc., should be priced according to catalogue, or less, but never more.
10. Upon the receipt of a book, etc., the exchange manager will estimate the preliminary credit and notify owner thereof. This credit will be then immediately available.
11. The exchange will circulate one way all books, etc., at its own expense.
12. Stamps, etc., taken above preliminary credit must be paid in cash at 50 per cent. discount on all books, etc., containing a mixed class.
13. Books containing a special class or country are subject to a different discount.
14. Members in good standing can receive stamps, etc., for selection and buy the same for cash under the rules 13 and 14; providing the stock of books, etc., is above the requirements of the participating members of the Exchange Department.

In the Exchange: Stamps, \$919.03; entire envelopes, \$46.18; postal cards, \$14.09; plate numbers, \$16.66.

PLEASE TO REMEMBER. Scott's Catalogue for 1898 is out and excuse to wait to send in your stamps, etc. Do not hinge your entire U. S. envelopes or postal cards; it spoils their value. Half reply cards are not wanted. Damaged stamps have very little value. Each class of stamps, etc., will be exchanged for the same class, except to make special arrangement with manager to exchange for another class.

OSCAR T. HARTMANN,
 Exchange Manager.

• • The Stampman • •

By and for D. W. Osgood, Box 50, Pueblo, Colo. A monthly publication for the gratification of the curious. Subscription, 20 cents a volume of six numbers. Current number is sent gratis to customers and applicants. All other individual numbers 5 cents each. Vol. 1 complete, 20 cents, post free. Any one number 5 cents.

Pueblo, Colorado, January, 1898.

Original Sum.

WE wish you a Happy New Year, with trimmings to suit.

WE are still admiring the cover which adorns the *Virginia Philatelist*, and which continues to enfold a good paper.

THE catalog numbers in the price lists in this paper refer to Scott's 58th, and the prices are one half or less than standard quotations.

THE *Philatelic Rambler*, by Jas A. Anderzen, Loomis, Neb., is obviously an improvement on the STAMPMAN. Miniature house organs are quite the thing in the rushing west.

THE *Perforator* for December has penetrated to the presence and we pass judgment that it is the best number yet. The bailiff will clear the court while we finish reading it at our leisure.

WE have been a year in the stamp business and feel that we have made friends of most of those who have come in contact with us. To one and all who have patronized the House of Osgood we return thanks again.

OUR British cousins have been prospecting in the mortuary department and have resurrected the S. S. S. S. of dubious memory. We are curious to see if the New York committee formerly affiliated with this society will tear off its winding sheet and once more take the field.

IN spite of our uncontrollable disposition to make remarks about the S. S. S. S. (as if there weren't 25 other letters they might have used for variety) we are still in sympathy with the object it seeks to attain. And we are not sure that its present plan will not prove far more successful than the former.

WE delight nine out of ten of our customers, and the rule is once the customer of the House of Osgood always a customer. We endeavor to give you what you want, served up in a neat and attractive manner at the uniform price of 50 per cent. of catalog. Have you ever mingled your glance with one of our approval books?

WE have had an opportunity to observe some of the work of the new exchange superintendent of the Southern Philatelic Association, Mr. Chas. Waring, and can assure all who wish to buy of

all through this medium that it is conducted on a thoroughly business like basis and is a success. The lots we have seen were good and the purchases from them were generous. It's a good society to join now. Let us hear from you.

Laurel Wreaths.

We are the blushing recipient of honors galore. Words fail us to properly paint the emotions which swelled within our bosom when our eye beheld the paragraph in which Bro. Hopkins, familiarly known as "Hop," coupled the STAMPMAN with Alfred Smith, *Son's Monthly* and points to the two as a bright and shining mark for Mr. Anderzen of the just launched *Rambler* to aim at! True, we have never seen the *Monthly* but we have too much confidence in Hop to think for a moment that he is giving us a throw down, and our swelling emotions swell on unembarrassed.

Then Miss Amy Swift (may Philatelia be good to her) says we are "cute." So we are, so we are!

Also the president of the Southern Philatelic Association (not knowing us from Adam's off ox, and all unbeknownst to us) has appointed us Colorado Vice-President of that society. Our appreciation of this action is keen—we feel that we are sagging under our load of honors.

We hope if any more of our friends are considering the bestowal of laurel wreaths or sich they will hold off until our head subsides so that we can wear what we have.

Impertinent Personals.

Mr. C. Alvin Baird, of Eureka, Cal., reports the loss by fire of his collection of stamps which aggregated 5000. Mr. B. has pluckily started another collection.

It is a matter for general regret that the severe labor of preparing his "confessions" has told so upon the health of E. H. Torce that his physician has ordered him to confine himself to a diet of Ralston crackers and grist mill coffee.

Dr. T. L. Hazzard, a collector of standing in Allegheny, Pa., writes us that he has been confined to the house by sickness. We were duly sympathetic until we noticed that he had just been reading the STAMPMAN, and now we think there may be some reference to allusion in his letter.

PLEASE NOTE.

Gentle reader, you are reminded, that after all the great purchase of the STAMPMAN is to impress upon you the fact that we are selling GOOD stamps at half catalog. We make the same reduction on all classes—U. S., Br. Colonial and general—and put our goods in neat and attractive form so that it is a pleasure to handle them. 50 per cent. of catalogue is very easy to figure and easy to do.

D. W. OSGOOD, Box 50, Pueblo.

WANTED.

Used and unused late issues of Canada and Newfoundland. What have you to offer cheap? I also buy collections and general issues when the prices are right.

D. W. OSGOOD, Box 50, Pueblo.

ARGENTINE REPUBLIC.

The Stampman

BY AND FOR D. W. OSGOOD.

NO. 5.

PUEBLO, COLO., FEBRUARY, 1898.

WHOLE NO. 11.

The "Cabot" Issue of Newfoundland.

Some four hundred years ago, Col. John Cabot set sail from England in search of a northwest passage to India, and to fame and fortune. Cabot was an Italian, a dago, as we would call him now if he were still alive and pulling pots in a smeltery. Also he was not looking for Newfoundland—didn't know anything about it and cared less. Therefore when it hove in sight, rearing up out of the dreary waste of water directly in his fancied short cut to India, Cabot ripped out a few Italian oaths and tore out a few handfuls of whiskers. It is said that his English crew took exception to such conduct on discovering a loyal British colony and promptly smashed Cabot's stovepipe down on his head and nearly drove his skull down into his lungs. All of these details are evidenced by the picture of the old gentleman, evidently caught with a kodak on the spot, and now published on the 2-cent stamp in the set under consideration. In spite of Col. Cabot's evident dislike the Newfoundlandians hailed him as their discoverer and have been liking him better every year since he died. Last year on the 400th anniversary of his "discovery" they issued a set of stamps to commemorate the achievement, and being of a frugal mind they also made the stamps do duty as a Jubilee ebullition in honor of the 60th year of the reign of Queen Victoria.

The set of stamps is one of considerable interest and beauty, although damned by the S. S. S. S. no American collector is likely to give them the go by any more than he is the Canada Jubilee set of fragrant memory. On the 1 cent we have Queen Victoria and on the 2 cent an unhappy looking individual in a dinky outfit labeled "Cabot." The 3-cent gives a picture of Cape Bonavista where Cabot did his little discovering act. The 4-cent is a picture of a man, name not given, caught in the act of fracturing the game. The 5-cent might be taken as depicting a scene in Klondike, it is probably intended to represent coal mining. The 6-cent stamp is to be entitled "Woodman, spare that tree!"—but it isn't. The 8-cent has them drawing in the nets—the men look as though they were codding—but they may be serious. And so on and so on to the 60-cent. The stamps are printed in sheets of 100, every stamp perforated all round (an example we wish our own government would follow) and bear the imprint of the American Bank Note Company under each stamp. There are no visible plate numbers. The 1 and 2-cent values are the hardest of the lot to get and are much more valuable in proportion to their face than any of the others. It may also be stated that the plates have been destroyed so that the stock of stamps now in existence cannot be filled by reprints.

S. B.—This is an ad. We have some of these stamps for sale.

THE COLORADO PHILATELIC SOCIETY.

ORGANIZED SEPT. 19, 1894.

Meets 1st and 3d Thursdays of each month in Denver.

OFFICERS:

- President*—Chas. A. Nast, 18th and Curtis, Denver.
Vice-President—Edw. H. Hall, Ft. Collins.
Treasurer—Geo. Evanson, Denver.
Secretary—Jos. S. Davis, 1460 Pearl St., Denver.
Exchange Manager—Oscar T. Hartmann, 1513 California Street, Denver.
Counterfeit Detector—R. M. Gottesleben, Box 571, Denver.
Librarian—John W. Thoreau, 801 15th St., Denver.
Trustees—J. E. Zahn, Chairman, 829 17th St., Denver; Capt. C. Coolidge, P. J. Gauff, O. K. Carstarphen, D. W. Osgood.

MEMBERSHIP ROLL.

- Admitted*—No. 82 Roy Taggart, Lovelock, Nev.
Reinstated—No. 32 J. Lisle Warren, Colorado Springs, Colo.
Application—John W. Arthurs, Kenton, Delaware; age 17; student. Reference, Jos. S. Davis.

REPORT OF SECRETARY.

Below will be found a complete list of the members of the Society whose dues are paid up to Jan. 1st of the present year. Some have paid their dues for the current year, but most of them are still unpaid. Please see to it that your dues are paid at once, as we have running expenses to meet. Dues of Colorado members are 50 cents, all others 25 cents.

Probably most of the members have noticed in the stamp papers that a representative of one of the large eastern stamp stores will pass through Denver and Colorado Springs at an early date, with two very fine collections, from which he is selling stamps to buyers. Whether the members wish to buy or not, it will be well for them to see these collections. The purchase price of one of the collections alone was \$200,000. These stamps will be exhibited in Denver probably sometime between Feb. 5th and 15th, so he has posted on his movements. I have written him asking for the date of his arrival in Denver.

At the last meeting of the Society the resignation of Mr. John W. Thoreau as Librarian, was accepted with regrets. Mr. Thoreau could not spare the time to give the library the attention he thought it deserved. Although Mr. Thoreau's successor has not yet been appointed, it is understood that Mr. T. A. Hayward will fill his place. Mr. Hayward is an enthusiastic literature collector and can make our library of much benefit to the society, as he has many valuable papers, priced auction catalogues, etc.

Fraternally yours,

JOSEPH S. DAVIS, Secretary.

Members of the Colorado Philatelic Society, and their numbers in said Society: 1 John E. Zahn; 2 Ed H. Hall; 3 Oney K. Carstarphen; 4 R. M. Gottesleben; 5 E. H. Pierce; 6 John W. Thoreau; 7 Chas. B. Bovier; 8 Louis Meyer; 9 Nicholas Keller; 10 W. Peck; 11 Joseph S. Davis; 12 Louis R. Strauss; 13 Geo. W. Caldwell; 14 W. Kelsey Hall; 15 Geo. Evanson; 16 David M. Averill; 17 J. B. Gladwin; 18 Chas. E. Severn; 19 Ed F. Welles; 20 T. A. Hayward; 21 A. F. Cooke; 22 T. M. Robinson; 23 W. Sellschopp; 24 Chas. A. Coolidge; 25 Chas. J. Leimer; 26 E. M. Blanchard; 27 N. Sanford; 28 P. Jacob Gauff; 29 E. F. VanGorder; 30 G. W. Crittenton; 31 C. F. Leach; 32 J. Lisle Warren; 33 Arch. Fern; 34 Chas. Partridge Adams; 36 N. H. Withee; 36 Mrs. Violet H.; 37 D. W. Osgood; 38 H. L. Wilbur; 39 Julius F. Schmidt; 40 S. Caldwell; 41 F. O. Hanson; 42 Chas. G. Hart; 43 Andrew Kin

Fred Haberl; 45 Marguerite V. Russell; 46 Rachel S. Bovier; 47 M. Lots; 48 Chas. Beamish; 49 Joe F. Beard; 50 Chas. A. Stokes; 51 Leo V. Martinitz; 52 John C. Feldwisch; 53 J. K. Boughty; 54 J. D. Hale; 55 Geo. W. Hancock; 56 H. F. Behne-
man; 57 Louis Rojot; 58 Oscar T. Hartmann; 59 Hugo G. Hess; 60 Marion Price; 61 Howard H. Elliott; 62 Chas. Nast; 63 Frank W. Reid; 64 Albert Perrin; 65 Geo. Carion; 66 Henry D. Wheeler; 67 Wm. H. Carr, Jr.; 68 Adolph Lohmeier; 69 A. H. Alverson; 70 Ernest E. Ford; 71 Alpheus A. Keen; 72 B. J. Bishop; 73 Frank Brown; 74 Wm. J. Jerrems; 75 Dr. Sam J. Gittleston; 76 E. H. Wolcott; 77 Carl Krug; 78 W. Clayton Simmonds; 79 I. W. Gonsworden; 80 H. A. Yanert; 81 Sverre Bergh; 82 Roy Taggart.

EXCHANGE DEPARTMENT.

You are invited to give the Exchange department of the Colorado Philatelic Society a fair trial and we are sure you will be satisfied with the result. The only way to increase your collection at minimum cost is by exchanging your duplicates of adhesive stamps, U. S. plate numbers, entire postal cards and entire U. S. envelopes; the C. P. S. will do this for you. Why not take advantage by joining the C. P. S. and benefit thereby?

RULES.

1. Exchange books are 5 cents (7 for 25c.)
2. 1 per cent. in stamps, etc., will be charged on gross value for insurance on books, etc., received for the Exchange.
3. A uniform rate of 10 per cent. in stamps will be charged on all effected exchanges.
4. No stamp less than 3c or card or envelope less than 5c accepted.
5. Each book must not catalogue less than \$4.00.
7. Cut square postal cards, clipped or badly torn, dirty or heavy cancelled specimens are not wanted.
8. Scott's postage stamp and postal card catalogues are adopted for adhesive stamps and entire postal cards.
9. J. M. Bartel's catalogue for U. S. envelopes and U. S. plate numbers.
10. Stamps, etc., should be priced according to catalogue, or less, but never more.
11. Upon the receipt of a book, etc., the exchange manager will estimate the preliminary credit and notify owner thereof. This credit will be then immediately available.
12. The exchange will circulate one way all books, etc., at its own expense.
13. Stamps, etc., taken above preliminary credit must be paid in cash at 50 per cent. discount on all books, etc., containing a mixed class.
14. Books containing a special class or country are subject to a different discount.
15. Members in good standing can receive stamps, etc., for selection and buy the same for cash under the rules 13 and 14; providing the stock of books, etc., is above the requirements of the participating members of the Exchange Department.

In the Exchange: Books, \$1,016.65; U. S. envelopes, \$69.55; postal cards, \$24.24; U. S. plate numbers, \$19.66.

PLEASE TO REMEMBER. Scott's Catalogue for 1898 is out and no excuse to wait to send in your stamps, etc. Do not hinge your entire U. S. envelopes or postal cards; it spoils their value. Half of reply cards are not wanted. Damaged stamps have very little value. Each class of stamps, etc., will be exchanged for the same class, except to make special arrangement with manager to exchange for another class.

OSCAR T. HARTMANN,
Exchange Manager.

The Stampman

By and for D. W. Ogden, Box 30, Pueblo, Colo. A monthly publication for the gratification of the curious. Subscription, 20 cents a volume of six numbers. Current number is sent gratis to customers and applicants. All other individual numbers 5 cents each. Vol. 1 complete, 20 cents, post free. Any one number 5 cents.

Pueblo, Colorado, February, 1898.

Original Gum.

If you don't see what you want ask for it. If we have it in stock you can get it for 50 per cent of catalog.

THERE seems to be some weakening amongst the holders of Canada Jubilees, and prices are more reasonable. This is to be expected in these modern days.

ON January 31 we received our first specimens of the 1-cent current type printed in green. The stamp looks very pretty and is refreshing for variety's sake if for nothing else. It came from Penn Yan, N. Y.

THE new issue of Canada is with us in its entirety. The set is attractive for its bright colors if not for its design. The wiseacres are already predicting its early withdrawal on account of the absence of numerals of value.

PEOPLE who like to have their approvals put up in neat and attractive style and who like to get good stamps at half catalog are invited to try me. I can recommend myself highly—so can others, but they might not like to have their names published.

THE unenlightened government of these United States has determined to issue a set of stamps to help boom the Omaha exposition. This is very properly exciting the ire of American philatelists, and the derision of Canadian dittos. After this we cannot say much about Canada Jubilees, Newfoundland Cabots, etc., etc. without having a similar brick flung at our glass house.

WE recently had the sad pleasure of gazing upon the pallid features of the erstwhile shining *Rocky Mountain Stamp* as it appears since it was transplanted from the sunny, wind swept plains to the low lying regions of far off Pennsylvania. There was a resemblance, but, oh, how changed! Tears came unbidden to our eyes and we swallowed a large lump in our throat.

AT the time of the prevalence of the Columbian issue, Senator Wolcott, of Colorado, who is chairman of the senate committee on post offices and post roads attacked those stamps savagely on account of their size. As the proposed Omaha stamps are to be big fellows too, we have directed the doughty Senator's attention to the labels and have sicked him onto the P. O. Department. Whether he embraces the opportunity for a scrap, or not, remains to be seen.

RECENTLY we advertised extensively the 1861 one-cent wrapper entire and fine (No. 1702) for 60c. We sold a great many before it occurred to us to get some expert advice as to the exact identity of the wrapper. We submitted one to the Scott Stamp & Coin Co.

ed., and they pronounced it a "variety of No. 1701 which is catalogued at \$15.01. By "variety" they meant "shade" as the article is of the full orange. However the fact remains that the purchasers of these wrappers at 60c. corralled a bargain. Unfortunately we have only a few left—which we are *not* asking \$15 for by the way.

Impertinent Personals.

Hon. W. J. Elmendorf favored us with a sight of his speaking countenance recently while passing through this burg.

The younger generation of collectors in Pueblo have started a club which has so far no particular name. It is very lively and has bright prospects for a long and useful career. Edw. Hart is secretary.

Mr. A. W. Batchelder of the New England Stamp Co., who is touring the country with a couple of fine collections is billed to exhibit at Denver Feb. 7, and at Colorado Springs Feb. 8. This is the gentleman referred to in the C. P. S. reports on another page, and he is running the greatest stamp show on earth.

ONE LETTER OUT OF MANY WHICH HAVE MADE US FEEL OUR OATS.

"You are the promptest man I ever dealt with, and stamps are good and clean; your books models of neatness and the prices right. I am well satisfied with my business with you and shall not want to leave you for *any* other."

Gentle reader, stick a pin here!

WANTED—STAMPS.

Bye and bye when you have good duplicates to sell do not pass your buyer by. We are open to offers and can use plenty of good stuff if your prices are right. D. W. OSGOOD, Box 50, Pueblo.

Cabot Issue—Newfoundland.

All unused, well centered, mint condition.

PLEASE NOTE.

Gentle reader, you are reminded, that after all the great purpose of the STAMPMAN is to impress upon you the fact that we are selling GOOD stamps at half catalog. We make the same reduction to all classes—U. S., Br. Colonial and general—and put our goods up in neat and attractive form so that it is a pleasure to handle them. 50 per cent. of catalogue is very easy to figure and easy to pay.

D. W. OSGOOD, Box 50, Pueblo.

RULES OF THE HOUSE OF OSGOOD.

No approval lots sent unsolicited under any circumstances.

Anything ordered from lists or advertisements may be returned if not satisfactory and money will be cheerfully refunded.

We fill want lists so far as our stock will enable us to at 50 per cent. of catalog.

Remittances may be made in unused stamps (ones and twos preferred) or in money order, currency, check or draft. Do not send coin in a letter.

Valuable letters should always be registered—otherwise we cannot be responsible for them.

Failure to return or account for approval lots after a reasonable time will result in the matter being placed in the hands of the Merchant's Collecting Agency.

COLOMBIA.

The Stampman

BY AND FOR D. W. OSGOOD.

II. NO. 8.

PUEBLO, COLO., MARCH, 1898.

WHOLE NO. 12.

Eminent Men Who Have Never Met Us.

III.

It is one of our trials that we have never happened to meet up with Mr. Lewis Robie of Chicago, Squeedunk and way stations. However he has never intimated that he was losing sleep on that account, so we restrain ourself sufficiently to conduct business and dangle with our regular three meals per diem. Mr. Robie, "Bud" was then, was born in Waldoboro, Maine, so long ago that it would be merely giving him pain to specify the date. Maine is a good state to be born in, as we know by personal experience, and it is so a good state to emigrate from as soon as circumstances and a good natured freight crew will permit. Of course we do not want to insinuate that Mr. Robie, or we should say Bud, came out of Maine on the bumpers—he may have walked. By close study and application Mr. Robie has risen to his present eminent station in the stamp and stamp worlds, and he has by constant frugality accumulated a fine line of whiskers and match and medicine stamps. His zealous advertising of the latter has contributed much to the popularity these labels are enjoying, and he is now endeavoring to promote Canadian revenues in a similar manner. Besides the stamp business Mr. Robie is a traveling salesman for a large drug house, and this fact has enabled him to make many finds of revenues in drug stores which he visits. If Mr. Robie has any enemies they can be content, sure of a chance now to get back at him. Wasn't it Job who exclaimed "Oh, that mine enemy would write a book!"? Mr. Robie is reported to be writing a book on finds that he has made, and when it is published it will be probably the most noteworthy literary happening in the stamp world to date. Personally, Mr. Robie is of very engaging manners (though he never seems to get married), the most prominent features being a well developed wind teaser, and a frame of match and medicine stamps which he carries in his hand. He is 7 feet 3 inches tall, weighs 258 pounds, and we hope he wont be mad when he sees this.

Woe Is Us!

"Osgood's STAMPMAN is the recognized humorist of the philatelic press."—*International Philatelist*.

How curious it is that so few understand the deadly earnestness of THE STAMPMAN. Our pen is dipped in brine and sweat beads on our forehead as we iterate and reiterate that THE STAMPMAN is strictly business. We leave the funny business, the quips and puns, and such like to frivolous papers of the calibre of the *American Journal of Philately*, *The Post Office*, etc., etc. We have twice refused the crown of philato-humorist laureate and have no desire to stand in Lewis Robie's light.

We extend thanks for a copy of "Robie's Vest Pocket Catalog of Canadian Revenue Stamps" published by P. M. Wolsieffer, Chicago, price 10c. This is a very neat and indispensable publication.

THE COLORADO PHILATELIC SOCIETY.

ORGANIZED SEPT. 18, 1904.

Meets 1st and 3d Thursdays of each month in Denver.

OFFICERS:

President—Chas. A. Nast, 16th and Curtis, Denver.

Vice-President—Edw. H. Hall, Ft. Collins.

Treasurer—Geo. Evanson, Denver.

Secretary—Jos. S. Davis, 1460 Pearl St., Denver.

Exchange Manager—Oscar T. Hartmann, 1513 California Street, Denver.

Counterfeit Detector—R. M. Gottesleben, Box 571, Denver.

Librarian—John W. Thoreau, 801 15th St., Denver.

Trustees—J. E. Zahn, Chairman, 829 17th St., Denver; Capt. C. Coolidge, P. J. Gauff, O. K. Carstarphen, D. W. Osgood.

MEMBERSHIP ROLL.

Admitted—No. 83, John W. Arthurs, Kenton, Del.; No. 84, C. Place, Saco, Maine.

Resignations accepted—No. 29, E. F. VanGorder; No. 40, S. Caldwell.

REPORT OF SECRETARY.

I haven't very much of a report to make this month, but what I do report I wish to be read with a great deal of emphasis, I want to talk about dues. Dues is the word I wish to have particularly emphasized for the reason that some dues are due to the society, and as it is the duty of the Secretary to see that the dues are paid when due, I do hereby proclaim that the dues of some Colorado Philatelic Society members are due and unpaid, and have been due since Jan. 1st. As I have said before, dues are 50 cents for Colorado members, and 25 cents for all others.

JOS. S. DAVIS, Secretary

EXCHANGE DEPARTMENT.

You are invited to give the Exchange department of the Colorado Philatelic Society a fair trial and we are sure you will be satisfied with the result. The only way to increase your collection at minimum cost is by exchanging your duplicates of adhesive stamps, U. S. plate numbers, entire postal cards and entire U. S. envelopes; the C. P. S. will do this for you. Why not take advantage by joining the C. P. S. and benefit thereby?

RULES.

1. Exchange books are 5 cents (7 for 25c.)
2. 1 per cent. in stamps, etc., will be charged on gross value for insurance on books, etc., received for the Exchange.
3. A uniform rate of 10 per cent. in stamps will be charged on all effected exchanges.
4. No stamp less than 3c or card or envelope less than 5c accepted.
5. Each book must not catalogue less than \$4.00.
6. 7. Cut square postal cards, clipped or badly torn, dirty or heavy cancelled specimens are not wanted.

8. Scott's postage stamp and postal card catalogues are printed for adhesive stamps and entire postal cards.

9. J. M. Bartel's catalogue for U. S. envelopes and U. S. plate numbers.

10. Stamps, etc., should be priced according to catalogue, or *but never more.*

11. Upon the receipt of a book, etc., the exchange manager will estimate the preliminary credit and notify owner thereof. His credit will be then immediately available.

12. The exchange will circulate one way all books, etc., at its own expense.

13. Stamps, etc., taken above preliminary credit must be paid cash at 50 per cent. discount on all books, etc., containing a special class.

14. Books containing a special class or country are subject to different discount.

15. Members in good standing can receive stamps, etc., for section and buy the same for cash under the rules 13 and 14; providing the stock of books, etc., is above the requirements of the participating members of the Exchange Department.

In the Exchange: Books, \$1,266.64; U. S. envelopes, \$86.67; postal cards, \$28.48; U. S. plate numbers, \$19.66.

Special attention is called to rule 7. Hereafter no damaged or cancelled stamps will be accepted, no matter their value. Stamps, Mexico and U. S. trash (this means even stamps to 15c value) have very little exchange value. Do not expect good stamps for your poor ones. Entire U. S. envelopes or postal cards should be hinged, it spoils their value. Half of reply cards are not wanted.

OSCAR T. HARTMANN, Exchange Manager.

THURN AND TAXIS.

Set of 10 varieties, unused, cataloging 49c, only 22c

ORDER TO-DAY.

THE LETTER OUT OF MANY WHICH HAVE MADE US FEEL OUR OATS.

"You are the promptest man I ever dealt with, and stamps are neat and clean; your books models of neatness and the prices right. I am well satisfied with my business with you and shall want to leave you for any other."

Gentle reader, stick a pin here!

WANTED—STAMPS.

Bye and bye when you have good duplicates to sell do not pass by. We are open to offers and can use plenty of good stamps if your prices are right. D. W. OSGOOD, Box 50, Pueblo.

Obock—Camel Post.

Unused set 1, 2, 4, 5c 07

PLEASE NOTE.

Gentle reader, you are reminded, that after all the great purpose of the STAMPMAN is to impress upon you the fact that we are selling GOOD stamps at half catalog. We make the same reduction on all classes—U. S., Br. Colonial and general—and put our goods in neat and attractive form so that it is a pleasure to handle them. 50 per cent. of catalogue is very easy to figure and easy to understand.

D. W. OSGOOD, Box 50, Pueblo.

• • The Stampman • •

By and for D. W. Osgood, Box 50, Pueblo, Colo. A monthly publication for the gratification of the curious. Subscription, 20 cents a volume of six numbers. Current number is sent gratis to collectors and applicants. All other individual numbers 5 cents each. Vol. 1 complete, 20 cents, post free. Any one number 5 cents.

Pueblo, Colorado, March, 1898.

The Philatelist's Litany.

From all counterfeits and reprints, from seebecks and commemoratives

Good Philatelia, deliver us!

From thieving and substitution, from swindling and false dealing,

Good Philatelia, deliver us!

From philatelic politics and professional office holders, from official soiled linen

Good Philatelia, deliver us!

From writeups and half tone cuts, from fulsome editorials and from quarrelsome editors

Good Philatelia, deliver us!

From new national societies and all sectionalism

Good Philatelia, deliver us!

From the chronic kicker and the "catalog is an outrageous position" man

Good Philatelia, deliver us!

From the philatelic novel and all other ills that philatelic flesh is heir to,

Good Philatelia, deliver us!

Original Sum.

IN the last *Rocky Mountain Stamp* (which by the way is not pale as the previous issue) is an article by "Ajax" that might come a classic had a little more care been bestowed upon niceties of composition, such as punctuation, spelling, etc. A good reading anyway.

LAST month we rose to address you a few remarks regarding some very interesting 1c 1861 wrappers, alleged to be No. 1701 Scott. Since then Bartels, he of Washington, has repudiated above classification, and says they are No. 1702, or anything but No. 1701. Our friend S. M. Reed, of Nashville, Tenn., who appealed from Bartel's decision and laid the case once more before the Scott S. & C. Co. Ltd., who reaffirmed their former decision (viz. that the wrapper was a variety of No. 1701) and further stated that they proposed to list it as such in the 59th edition. Our last accounts the case rests here and further developments will be looked for with interest.

The Stampman

BY AND FOR D. W. OSBOD.

III. NO. 1.

PUEBLO, COLO., APRIL, 1898.

WHOLE NO. 13.

The Shoe Doesn't Fit.

Although we were not aiming at him at all. Bro. Chapman of the *Perforator*, came down after he read the March STAMPMAN, which goes to show that we are smarter than Davy Crockett, whose name only came to him when he pointed his gun at it. Bro. Chapman writes that altho' it gives him excruciating pain to run counter to anything the STAMPMAN says, he will still be obliged to continue his half tone cuts. Now we didn't mean at all to convey the idea that we disliked to see portraits of people of prominence. Quite the contrary is true. Our kick is directed at paid insertions and write-ups of people nobody cares a fig about. The *Perforator* also gives us a back-handed swipe as follows:

"From bilious looking sheets
Good Philatelia, deliver us!"

From the rank old chestnut your 'your money back if you
want it'
Good Philatelia, deliver us!"

Poor Old Boston.

In the *Era* for March 5, "S. E. L." hops cheerfully on our neck with the claim that we are criminally prone to jump at conclusions. The specific charge is that we stated the Cabot stamps to be perforated all around, whereas the 2c value comes only part perforated. If this latter statement isn't a figment of a beany imagination it is interesting and we wish "S. E. L." would polish up his eyes and look again. We have (or had before we commenced to print) an entire sheet of 3 cents, and each and every stamp is perforated all round. Poor old Boston will please subside.

Impertinent Personals.

During the absence of Col. Mekeel at the front, the *Weekly* will be under the editorial guidance of the cat that formerly edited the *Daily Item*.

We are authorized to deny in toto the rumor that Mr. E. H. Moore of Denver, has enlisted for the Spanish war. Mr. P. was rejected by the medical examiner on account of his adipose tissue. Hope it isn't fatal.

President Chas. Nast, of the C. P. S., has returned from a month's sojourn at the Hot Springs, where he went to purge his system of the plate number disease. We regret to hear that the waters and even baths have no effect on this ailment.

Miss Kate Eberly, of Muscatine, Ia. one of the foremost stamp collectors of the country, has recently taken a partner in the person of Mr. Joe F. Beard. This name seems familiar, but we can't quite place it. The wedding was very quiet, so quiet in fact that none of the wedding cake got out—Joe ate it all.

THE COLORADO PHILATELIC SOCIETY.

ORGANIZED SEPT. 12, 1894.

Meets 1st and 3d Thursdays of each month in Denver.

OFFICERS:

- President*—Chas. A. Nast, 16th and Curtis, Denver.
Vice-President—Edw. H. Hall, Ft. Collins.
Treasurer—Geo. Evanson, Denver.
Secretary—Jos. S. Davis, 1460 Pearl St., Denver.
Exchange Manager—Oscar T. Hartmann, 1513 California Street, Denver.
Counterfeit Detector—R. M. Gottesleben, Box 571, Denver.
Librarian—T. A. Hayward, 5 Jacobson Building, Denver.
Trustees—J. E. Zahn, Chairman, 829 17th St., Denver; Capt. C. Coolidge, P. J. Gauff, O. K. Carstarphen, D. W. Osgood.

MEMBERSHIP ROLL.

Application—John F. Hinson, Kenansville, N. C., age 34, clerk Register of Deeds office. References: D. W. Osgood, Jos. S. Davis.

REPORT OF SECRETARY.

My notice in the last STAMPMAN had some effect, but not much as expected, therefore I am still able to report that many the members living outside of Colorado owe the society 25c dues for the current year. But, as usual, "there are others." There are members of the society living in Denver who have neglected to send me their dues, 50c. Unless you have a buff colored membership card with the coat of arms of Colorado in the center, your dues are not paid, and you are not in good standing in the C. P. S. If you live in Colorado and have not received our handsome card, send 50c and get one. Members out of Colorado can secure their cards by sending me 25c. Collectors who are not members, and who are desirous of using the best exchange department in the country, should join our society. The exchange department is only one of the advantages. For applications, etc., send to

JOS. S. DAVIS, Secretary

LIBRARIAN'S REPORT.

This society has secured the establishment of a section philately in the Denver Public Library, which is an admirably managed institution, open to the public from 9 a. m. to 9 p. m. every day in the year. The society has donated its entire library to the section, and a number of publishers have made handsome gifts. Every publisher of stamp papers or magazines is requested to send his periodical to the undersigned for the "section." Complete volumes are well bound (with covers on when they are covered.) Exchange of old magazines and papers which we have in duplicate are offered for anything not in our library. Collectors of philatelic literature please write.

T. A. HAYWARD, Librarian C. P. S.
5 Jacobson Building, Denver

EXCHANGE DEPARTMENT.

Auction April 21, 1898, at the society rooms, at 8 p. m. All lots in good condition, and will be sold to the highest bidder. Mail orders solicited.

OSCAR T. HARTMANN, Exchange Manager.

PLEASE NOTE.

Gentle reader, you are reminded, that after all the great purchase of the STAMPMAN is to impress upon you the fact that we are selling GOOD stamps at half catalog. We make the same reduction on all classes—U. S., Br. Colonial and general—and put our goods in neat and attractive form so that it is a pleasure to handle them. 50 per cent. of catalogue is very easy to figure and easy to buy.
D. W. OSGOOD, Box 50, Pueblo.

Obock—Camel Post.

unused set 1, 2, 4, 5c..... .07

THURN AND TAXIS.

ORDER TO-DAY.

The Stampman

Sy and for D. W. Osgood, Box 50, Pueblo, Colo. A monthly publication for the gratification of the curious. Subscription, 20 cents a volume of six numbers. Current number is sent gratis to customers and applicants. All other individual numbers 5 cents each. Vol. 1 and 2 complete, 25 cts. post free. Buy one number 5 cts.

Pueblo, Colorado, April 5, 1898.

Original Gum.

"Perfect" die cut hinges at 10c per 1000, or 25c for 3000.

According to Mr. Joe F. Beard, N. M. B., the current 5c in blue made its appearance in Muscatine, Ia., on March 18. Sheets numbered 407, 408, 409 and 410 are the ones observed and apparently are printed in sheets of 200, with only top and bottom plate numbers.

This is how it looks to the publisher of the "Kid," a Nebraska journal of poesy:

"Mr. Osgood is a funny young man,
And a funny young man is he,
He writes funny things for the good STAMPMAN,
And funny things he writes, doth he."

Lewis Robie says his book "Stamp Hunting," is going to be the best thing that ever happened. Cloth \$2.00, paper 50c. Edition limited to four million copies—no reprints and no reminders

The other day we received a registered package from the Country Philatelist of Ft. Collins, Colo., addressed to "Rev. D. W. Osgood." We suppress the name of the miscreant out of charity to his family, which we believe stands high in the community.

We are patient and long suffering. Our sweetness of temper is proverbial. People come miles to witness our angelic disposition. But even the worm will turn if you step on his tail! The turbulence of our spirit sometimes goads us into saying Drat! when a customer who purchases 8 cents worth of stamps holds out 2 cents for postage.

JAPAN.

16 varieties, including the 1 yen and a war stamp, 18c.

PORTO RICO—NEW ISSUE!

RULES OF THE HOUSE OF OSGOOD.

No approval lots sent unsolicited under any circumstances.
 Anything ordered from lists or advertisements may be returned not satisfactory and money will be cheerfully refunded.
 We fill want lists so far as our stock will enable us to at 50 per cent. of catalog.
 Remittances may be made in unused stamps (ones and twos preferred) or in money order, currency, check or draft. Do not send coin in a letter.
 Valuable letters should always be registered—otherwise we cannot be responsible for them.
 Failure to return or account for approval lots after a reasonable time will result in the matter being placed in the hands of the Merchant's Collecting Agency.

• Rules of the House of Osgood. •

No approval lots sent unsolicited under any circumstances.
 Anything ordered from lists or advertisements may be returned if not satisfactory and money will be cheerfully refunded.
 We fill want lists so far as our stock will enable us to at 50 per cent. of catalog.
 Remittances may be made in unused stamps (ones and twos preferred) or in money order, currency, check or draft. Do not send coin in a letter.
 Valuable letters should always be registered—otherwise we cannot be responsible for them.
 Failure to return or account for approval lots after a reasonable time will result in the matter being placed in the hands of the Merchant's Collecting Agency.

The Stampman

BY AND FOR D. W. OSGOOD.

VOL. III. NO. 2.

PUEBLO, COLO., MAY, 1898.

WHOLE NO. 14.

Eminent Men Who Have Never Met Us.

IV.

We now wish to introduce to the favorable notice of our more or less gentle readers one of the silver haired vets. of the guild, Col. Isaac A. Mekeel, the head push of *Mekeel's Weekly Stamp News*. The doughty Colonel was born in 1813, on the site of the present city of St. Louis, which at that time was little better than a hole in the ground. As an instance of the far seeing perspicacity, and acute business sense possessed by our subject, it is related that while still angling for catfish from the levee with his boyish companions he often dreamed of the future, and sternly resolved that when the St. Louis Provisionals came into being he would lay up a barrel or two of them for a raise. Unfortunately the expected "rise" happened first in the river, and the Colonel's stamps and other effects were pitilessly divorced from him by the great flood of 1849. But for this untoward circumstance it is probable that the Colonel would now be touring Yurrap and there would be no *Weekly News*. There is evidence of Jewish blood in our victim's name, but that is the extent of it as he is as much of a Christian as is possible to the publisher of a newspaper in St. Louis. In personal appearance, I. A. is very striking—he can fell an ox with a single blow of his fist. He wears his gray locks pompadour and a heavy white mustache droops over a firm mouth filled with beautiful pearly white teeth @ \$8.00 per set. A small imperial, which he is in the habit of pulling absently when conversing, decorates his chin and completes a tout ensemble that it would be hard to match amongst his contemporaries. The Colonel acquired his title during the Rebellion, through which he served as a private in the 1st Missouri—the title is a brevet from his friends.

He is not a stamp collector, so far as we know (which isn't very far) but he has a fellow feeling for them—generally the cashier with a bill. Of the *Weekly News*, which is his monument, it is only necessary to say that it is *Mekeel's Weekly News*—there is nothing like it in the known world.

II Kicque.

It is often said that clothes do not make a man, but we have never heard that attention to his personal appearance ever marred anyone seriously. The application of this trite remark is found when you take up the *Montreal Philatelist*, No. 1 of which has just burst upon a waiting world. Nothing helps a stamp paper to the favorable consideration of possible subscribers so much as a good dress, the neater and prettier the better. We have no grudge against the *Montreal Philatelist* or any of its slouchy fellows, but we do wish they would spruce up and try to appear as respectable as they no doubt are.

••The Colorado Philatelic Society••

ORGANIZED SEPT. 18, 1894.

Meets 1st and 3d Thursdays of each month in Denver.

OFFICERS:

President—Chas. A. Nast, 16th and Curtis, Denver.

Vice-President—Edw. H. Hall, Ft. Collins.

Treasurer—Geo. Evanson, Denver.

Secretary—Jos. S. Davis, 1460 Pearl St., Denver.

Exchange Manager—Oscar T. Hartmann, 1513 California Street, Denver.

Counterfeit Detector—R. M. Gottesleben, Box 571, Denver.

Librarian—T. A. Hayward, 5 Jacobson Building, Denver.

Trustees—J. E. Zahn, Chairman, 829 17th St., Denver; Capt. C. A. Coolidge, P. J. Gaufl, O. K. Carstarphen, D. W. Osgood.

•Membership Roll•

Admitted—No. 85, John F. Hinson, Kenansville, N. C.

Resignations accepted—A. H. Alverson, Carl Krug, H. G. Hess.

Hail to the Chief!

"Charles Nast, President Colorado Philatelic Society, wishes to say that whilst secretary of the Q. C. P. S., through a clerical error, Mr. E. M. Douglas, of Tacoma Park, was listed as suspended for non-payment of dues. Mr. Douglas will please accept Mr. Nast's apologies herewith."

•Exchange Department•

You are invited to give the Exchange department of the Colorado Philatelic Society a fair trial and we are sure you will be satisfied with the result. The only way to increase your collection at minimum cost is by exchanging your duplicates of adhesive stamps, U. S. plate numbers, entire postal cards and entire U. S. envelopes; the C. P. S. will do this for you. Why not take advantage by joining the C. P. S. and benefit thereby?

RULES.

1. Exchange books are 5 cents (7 for 25c.)
2. 1 per cent. in stamps, etc., will be charged on gross value for insurance on books, etc., received for the Exchange.
3. A uniform rate of 10 per cent. in stamps will be charged on all effected exchanges.
4. No stamp less than 3c or card or envelope less than 5c accepted.
5. Each book must not catalogue less than \$4.00.
- 6-7. Cut square postal cards, clipped or badly torn, dirty or heavy cancelled specimens are not wanted.
8. Scott's postage stamp and postal card catalogues are adopted for adhesive stamps and entire postal cards.

9. J. M. Bartel's catalogue for U. S. envelopes and U. S. plate numbers.

10. Stamps, etc., should be priced according to catalogue, or less, *but never more.*

11. Upon the receipt of a book, etc., the exchange manager will estimate the preliminary credit and notify owner thereof. This credit will be then immediately available.

12. The exchange will circulate one way all books, etc., at its own expense.

13. Stamps, etc., taken above preliminary credit must be paid in cash at 50 per cent. discount on all books, etc., containing a mixed class.

14. Books containing a special class or country are subject to a different discount.

15. Members in good standing can receive stamps, etc., for selection and buy the same for cash under the rules 13 and 14; providing the stock of books, etc., is above the requirements of the participating members of the Exchange Department.

Special attention is called to rule 7. Hereafter no damaged or heavy cancelled stamps will be accepted, no matter their value. Seobecks, Mexico and U. S. trash (this means even stamps to 15c Cat.) have very little exchange value. Do not expect good stamps for your poor ones. Entire U. S. envelopes or postal cards should not be hinged, it spoils their value. Half of reply cards are not wanted.

OSCAR T. HARTMANN, Exchange Manager.

Current number is sent gratis to customers and applicants. All other individual numbers 5 cents each. Vol. 1 and 2 complete, 28 cts. post free. Any one number 5 cts.

Pueblo, Colorado, May 5, 1898.

• Original Gum. •

"Perfect" die cut hinges at 10c per 1000, or 25c for 3000.

There is considerable activity in local circles, there being two stamp societies in full blast amongst the school boys. Some of the members have creditable collections and bid fair to rise in the guild.

The *Metropolitan Philatelist*, a monthly published by J. W. Scott & Co., has bloomed forth sweetly as a weekly, having a prepossessing appearance and charming manners. We hail this as an indication of the onward march of philately.

A threatened new issue of revenue stamps has materially improved the sale of the old issues already. When the Trans-Mississippi appear we can look for a decided boom, and the present low prices are bound to disappear.

Canada, after having one stamp design for years and years, is surely making up for lost opportunities. Now they say the present issue will be replaced by stamps of the same design but having in addition numerals of value. Good for Canada!

History is being made daily and who knows what changes in postal emissions will result when the present cruel war is over? Likewise in U. S. revenues a boom is expected inasmuch as Congress is expected to impose stamp taxes galore, and new revenue stamps will create a demand for the old.

Uncle Samuel exhibited mighty little discretion when he stirred up the philatelic hornet's nest on the question of periodical stamps. Uncle Sam's hired men often do asinine things, but the biggest exhibition of the kind that ever happened was the late prosecution of a man for having goods in his possession sold to him by the government itself. We have no idea that the Department of Injustice will decide to appeal from Judge Lacombe's decision, and such being the case, we can traffick in periodical stamps to our heart's content—if we can get 'em to traffick in.

Events are eventuating which eventually will raise the price of stamps materially. War will bring prosperity to many sections through the lavish expenditure of money, and prosperity means more stamp buyers. Then there is something of a scramble to get Cuba and Porto Rico stamps in anticipation of important changes

politically in one or both islands. The recent success of American arms in the Philippines will doubtless boost its postal emissions into notice, if it is not also productive of American or insurgent provisionals. Then the reimposition of stamp taxes in the United States with the near emission of the Trans-Mississippi set combined, must help to revive the interest of old collectors and recruit the ranks with new ones. Moral—buy now, while you can get almost anything at half catalog. The venerable father of philately tells us that full catalog prices wont be unreasonable on most stamps by next fall.

• **Impertinent Personals.** •

Bro. J. F. Dodge, of the *Columbian Philatelist*, *R. M. Stamp*, etc., mourns because he failed to secure the *Perforator* also. Great Mauritius, J. F., haven't you got enough? Consider your health, man, and consider—well, consider the rest of us.

Lewis Robie, whose residence we learn will be Joliet, Ill., for some time now, says he is going to get even by showing us up in "Stamp Hunting." Mr. Robie had better look before he leaps, as we are in correspondence with the sheriff of his home county.

Owing to the recent death of his mother, Mr. H. A. Chapman, the ex-*Perforator* man, has removed to the home formerly occupied by her at Rocky Hill, Conn., about 8 miles from Hartford. Mr. Chapman expects to farm his little place, consisting of 4 acres, and these new duties with other business cares will keep him much occupied. Hence the sale of *The Perforator* to the Stowell Printery of Federalburg, Md.

JAPAN.

The Stampman

BY AND FOR D. W. OSGOOD.

NO. 2.

PUEBLO, COLO., JUNE 1898.

WHOLE NO. 19.

OBITUARY.

On May 6, 1898, Mr. Joe F. Beard died in Muscatine, Ia., after a short siege of appendicitis. Mr. Beard was born in Pennsylvania, Feb. 29, 1852, but had lived in Iowa since 1855. He was secretary of the American Philatelic Association at the time of his death, and was one of the best known and liked philatelists of the country. The sorrow in stamp circles is national, and the affair is all the more distressing because of his recent marriage to Miss Kate Kelly, Feb. 16th, 1898. Mrs. Beard has the sympathy of all in her bereavement.

The business of the late Joe F. Beard will be continued in the person of D. T. Eaton, a former assistant, we believe.

We solemnly warn all whom it may concern, that Mr. W. Reese of New Orleans, La., has been convicted of making puns. Anyone who has dealings with him now will know what to expect. The sentence (sentence was suspended during good behavior) was read on the following: "If one Havana makes a man sick will another make a Manila?"

The publisher and editor of *Philatelic Facts and Fallacies* are gnashing their hair and tearing their teeth because they have not yet found a place in our portrait gallery. They threaten to boil us up like a spider on a hot skillet if we fail to do them justice. The fact that the STAMPMAN is a great moral agent in the eyes of its yellow hue seems to be overlooked by our Pacific coast brethren. We must draw the line somewhere.

• Rules of the House of Osgood. •

No approval lots sent unsolicited under any circumstances. Anything ordered from lists or advertisements may be returned if unsatisfactory and money will be cheerfully refunded. We will fill want lists so far as our stock will enable us to at 50 per cent of catalog. Remittances may be made in unused stamps (ones and twos preferred) or in money order, currency, check or draft. Do not mention in a letter. Valuable letters should always be registered—otherwise we cannot be responsible for them. Failure to return or account for approval lots after a reasonable time will result in the matter being placed in the hands of the Merchant's Collecting Agency.

••The Colorado Philatelic Society••

ORGANIZED SEPT. 19, 1894.

Meets 1st and 3d Thursdays of each month in Denver.

OFFICERS:

- President*—Chas. A. Nast, 16th and Curtis, Denver.
Vice-President—Edw. H. Hall, Ft. Collins.
Treasurer—Frank Brown, Denver.
Secretary—Jos. S. Davis, 1460 Pearl St., Denver.
Exchange Manager—Oscar T. Hartmann, 1513 California Street, Denver.
Counterfeit Detector—R. M. Gottesleben, Box 571, Denver.
Librarian—T. A. Hayward, 5 Jacobson Building, Denver.
Trustees—J. E. Zahn, Chairman, 829 17th St., Denver; Capt. C. Coolidge, P. J. Gauff, O. K. Carstarphen, D. W. Osgood.

•Membership Roll•

Resigned: Geo. Eavenson. Loss by death: Joe F. Beard, John B. Gladwin.

•Secretary's Report•

This month it is our sad duty to report the death of two of our fellow members. One was a member who was known from one side of our country to the other. This was Joe F. Beard. The other member was an ardent collector who came to Colorado with hopes that he might regain his lost health. He went to Colorado Springs and was at once a favorite among his collecting friends, as well as others who met him. This was John B. Gladwin. Both gentlemen had many personal friends in Colorado, and were greatly admired for their many qualities. Appropriate resolutions have been passed by the society and will be published in the official journal.

Mr. Geo. Eavenson, treasurer of the society, resigned from the office and as a member. The president appointed Mr. Frank Brown to fill Mr. Eavenson's unexpired term as treasurer.

Fraternally yours,

JOS. S. DAVIS, Treasurer.

•Exchange Department•

You are invited to give the Exchange department of the Colorado Philatelic Society a fair trial and we are sure you will be satisfied with the result. The only way to increase your collection at minimum cost is by exchanging your duplicates of adhesive stamps, U. S. plate numbers, entire postal cards and entire U. S. envelopes; the C. P. S. will do this for you. Why not take advantage by joining the C. P. S. and benefit thereby?

OSCAR T. HARTMANN, Exchange Manager.

Post free, 50 cent

No. 8—50 Varieties

Of European, used mostly, cataloging at least \$1.50,
Post free, 50 cent

The Stampman

BY AND FOR D. W. OSGOOD.

Vol. III. NO. 4.

PUEBLO, COLO., AUG., 1898.

WHOLE NO. 16.

Please note that parties who fail to return approval lots after a reasonable time will be turned over to the not very tender mercies of the Merchants' Collecting Agency. Be warned in time.

• Impertinent Personals •

Father Scott announceth that his pet weekly will enter the lists for the official organ-ship A. P. A. The old gentleman is tearfully requested to confer with Bro. Jewett before he does anything else.

We learn that Bro. Chapman will enter some prize pumpkins his own raising in Father Scott's vegetarian exhibition at the P. A. gathering.

It is not generally known that Bro. Robie applied for enlistment in the commissary department but was turned down on account of his abnormal appetite.

No STAMPMAN in July owing to failure of the C. P. S. to send special matter, whereat we rejoiced. But the secretary still fails to give down, so we print for August anyway and will probably slip September.

In June the scribe traveled up to Denver especially to witness the beautiful ceremony that united our old-time friend Fred Feldwisch to Miss Selena W. Dimmick. It was a church wedding, the best man being Frank E. Carstarphen and the ushers, C. Feldwisch and Oney K. Carstarphen, all of whom as well as the groom are well known in stamp circles, either active or retired. Nothing better could have happened to Fred to our notion and we have been overflowing with congratulations and good wishes ever since. Long may the new family wave!

We sell *good* stamps at 50 per cent. discount. Our pretty approval books are making their way all over the country.

• Rules of the House of Osgood. •

No approval lots sent unsolicited under any circumstances. Anything ordered from lists or advertisements may be returned if satisfactory and money will be cheerfully refunded.

We still want lists so far as our stock will enable us to at 50 per cent. of catalog.

Remittances may be made in unused stamps (ones and twos preferred) or in money order, currency, check or draft. Do not send coin in a letter.

Valuable letters should always be registered—otherwise we cannot be responsible for them.

Failure to return or account for approval lots after a reasonable time will result in the matter being placed in the hands of Merchant's Collecting Agency.

GOOD THINGS.

• • The Stampman • •

By and for D. W. Osgood, Box 50, Pueblo, Colo. A monthly publication for the gratification of the curious. Subscription, 20 cents a volume of six numbers. Current number is sent gratis to customers and applicants. All other individual numbers 5 cents each. Vol. 1 and 2 complete, 28 cts. post free. Any one number 5 cts.

Pueblo, Colorado, Aug. 5, 1898.

• The Omahas •

These suffering labels are with us and though they are not to the Columbian issue in design or execution there is a wide disposition to make the most of them and no one that we know tends to leave them out of his collection willingly.

Also we have provisional revenues surcharged on 1c and postage stamps. The 1c comes in two types and the "I. R." on the 2c has been found in the case of about 20 sheets to be inverted.

The regular revenues are also productive of varieties, some the colors having been changed already. Altogether the recent emissions of Uncle Sam are a godsend to the poor dealers and speculators.

The habit of securing new issues as they appear is a mighty good one for collectors to fall into. Many issues show up an error or a change of color after a few days and those who procured the sets early have plenty of occasion to pat themselves on the back.

The use of the Omaha stamps is restricted by the apparent disinclination of many postoffices to bother with them. For instance Pueblo only had the 1c, 2c, 5c and 10c and most of those are gone. Only about half our mail comes prepaid with the new stamps.

Pueblo, Colorado.

THE STAMPMAN

If you can't find it in The
Stampman, it isn't worth
having.

Vol. IV. No. 1.

OCTOBER 1898.

Whole No. 17.

INERT MEN WHO HAVE NEVER MET US.

All the great philatelists who are with unavailing regrets because their failure to come into personal contact with the sage of the yellow none is more keenly distressed. Mr. Charles Entirecover Severn of Chicago, Ill. Mr. Severn is a estimable gentleman of mild manners and fairly good habits. He is afflicted with a chronic case of base fever which of course interferes with his business, and tends to create some who might otherwise love and respect him. All who have penetrated the crust of reserve which he presents to the world, say at bottom he is not half bad. The victim was born in Chicago some six or seven years ago, and although only recently come to years of maturity they were such good years he has already achieved enviable eminence both as a writer upon advertising and as a stamp man. We have no sympathy with the carping who would argue that had Mr. Severn actually cut his eye teeth he would have been in Chicago for some point of more years renown, like Oshkosh or Yuba. This is the superficial view. It is an open secret that Chicago heavily indizes recognized litterateurs, journalists and heavy swells generally to remain in the town and lend it the benefit of their personal achievements.

We have no doubt but what Mr. S. enjoys a comfortable income merely because he consents to live in Chicago.

Mr. Severn is one of the editors of Mekeels Weekly Stamp News, and has been its Chicago correspondent from time immemorial. He is a prolific writer for advertising journals and upon advertising subjects in the Weekly. This latter department cannot fail to redound to the benefit of all concerned as philatelic advertising has been in a distressingly crude condition, and only recently has some effort been made to bring it up to the general standard.

It has been one of the popular superstitions of the guild that Mr. Severn had no collection of stamps of his own, but it now appears that he actually has a well chosen specialty creditably represented.

That's all, except that we wish to remind Mr. Severn that our regular rates for reading notices are ten cents a line. Extra copies \$2 per 100.

SPECIAL.

On and after this date no discount will be allowed on purchases of less than 15 cents net from approval selections.

APPROVAL DEPARTMENT.

I make a specialty of my 50 per cent. approval books which carry a superior class of stamps seldom sold by other dealers on such a small margin.

Try a selection.
References required.

Your money back for anything you buy of me if you are not satisfied. A special discount of 10 per cent. will be allowed on orders from this list amounting to \$2.00 or more.

Always address

NOTICE.

Parties who fail to return approval lots after a reasonable time will be turned over to the not very tender mercies of the Merchant's Collecting Agency.

No approval lots sent unsolicited under any circumstances.

Your money back on anything if you want it.

Orders over 15c. post free. Smaller orders should contain postage in addition.

The Stampman.

By and for D. W. Osgood.

An occasional publication for the advancement of art, science, and finance, especially my finance. No free list (except exchanges) but current number will be sent free on request. Subscribers are not desired, but if you must subscribe, send 20 cents for a volume of six numbers.

Vol. I, II and III, 16 numbers, post free for 30c.

Pueblo, Colo., October, 1898.

THE GRUMBLER.

The Boston Stamp Book says our subscription has expired. We like the Stamp Book first rate, but if Elder Kilbon doesn't want to X with us we might be able to find some flaws in its armor.

We feel like a murderer. The editor of the Evergreen Philatelist wrote us from a sick bed for some copy. In an evil moment we sent him some. It arrived and presumably Mr. French read it. He has not been heard from since.

The Virginian Philatelist is said to be a thing of beauty and a joy forever, but as we haven't got eyes on it for quite a spell we are unable to confirm what Rumor says. Will Bro. Dietz take a hint or does he want a brick house to topple on him?

We do not like to see the ill concealed hostility of the weeklies for each other, and especially of the two older ones for the Metropolitan. None misses a chance to slam his neighbor and misconstrue his motives. All have

their faults and their virtues, and among the latter we would like to see enrolled charity.

The Perforator, within which is also the Pennsylvania Philatelist, issues a big convention number, but as it is mostly notes in imitation of the weekly style, our respect for Mr. Smiley's dictum forbids any commendation. Gather some statistics, ma'an, and come into the fold.

In a recent issue the editor of Mekeels Weekly jumped at the conclusion that the Metropolitan Philatelist was to suspend. The passage in the New York Notes upon which he based his statement conveys no such idea to anyone else and permits the suspicion that the wish was the father of the thought in this case.

After many days of waiting the Eastern Philatelist for September is with us. The new owners, Messrs. B. L. Drew & Co., and the new editor, the ubiquitous Mr. E. L. Smiley, have succeeded in producing a very creditable first number and we have to look long for something to grumble about. But we are bound to live up to our headline so we desire to savagely criticize the lack of margins and the crowded appearance of the editorial page. An excellent quality of paper is used and a good face of type, but all will look 50 per cent. better if the present cramped look is done away with. The editor in a review of the advertising situation, the market and "weekly vs. monthly," cheerfully swipes the poor weeklies, leaving them breathless, and we look for a stam-

pede of the guileless advertiser to the monthlies as a result.

Bro. Chapman in the intervals of harvesting, jots down a few pregnant lines anent contemporary "literature," and an article by Mr. Roberts, the Chronicle, and one or two other things complete this number.

| No. 7—50 varieties of South Americans, used and unused, cataloging at least \$1.50, a great bargain, post free..... | .50 |
| No. 8—50 varieties of European, used mostly, cataloging at least \$1.50, post free..... | .50 |

SHADES.

We do not think the matter of shade in the new revenue stamps is receiving quite the attention the subject deserves. Doubtless not all are interested but for the sake of our "science" the facts should be observed and recorded while the kaleidoscope of actual motion. For instance look at the 1¼c proprietary. Here we have a stamp originally issued in dark purple, same color as the 4c. This conflict was soon observed and changed followed with lightning rapidity. We have "plum" (or "cold violet" as P. Brown calls it) "slate" and "violet" in addition to the original plum. These are all very distinct shades indeed, and there are others of note. The retail prices are as follows: Dark purple 5c; plum 15c; slate violet 2c.

The ¼c documentary was changed to slate from orange. The first of these sells for from 3c to 8c at retail and therefore within the reach of all. The slate is the present color.

The ¼c proprietary was issued in a very light shade of brown. Afterwards this was deepened and reddened so that it now appears as a brown—the difference is quite distinct.

This does not exhaust the field in any means, but we trust the hunter will not be lost upon some of our technical writers and that a comprehensive will soon be produced.

"Stamp Hunting" is now definitely promised for October 19th, and we are looking forward to a treat—that is, if E. Robie sends us a copy on time. We haven't remitted yet.

GENERAL.

IMPERTINENT PERSONALS.

Editor French of the Evergreen State Philatelist has had the measles or mumps or something. He has recovered, but now has our sympathy.

Bro. Robie has sent for plans and specifications of the Pueblo County Jail, so we presume that he meditates a sojourn in this burg. Our winter climate is unexcelled.

We hope that Mr. J. M. Andreini can soon see his way clear to rising and making a few remarks. His silence, though doubtless golden, is not well received in the silver states.

There are vague rumors afloat that Lewis Robie is about to begin a publication called the Stamp Hunter. First it is war. Now it is more stamp paper. One would think this suffering nation had already reached the point where forbearance ceases to be a virtue.

During a recent visit to Denver I called on Messrs. Pierce & Zahn, who formerly dealt largely in stamps, but who now are devoting their energies to the second hand book trade. Col. Pierce charged us 75c for a good book at Corporal Zahn, who he (the Colonel) stated was the only honest man in the book trade.

TRADE NOTES.

Applicants for approval books receive this notice marked books who stand that a reference is required underfore the stamps will be sentired before.

To save making out a lot check the stamps on this list g order with your remittance. We and send you a clean copy to replace will send so used. the one

This list does not exhaust the in stock by any means. We stamps will be filled at 50 per cent. ant lists where the stamps called for discount stock. are in

Prices in the list will be 1 and where it is possible to and low worth at a time the 10 per cent buy \$2.00 count makes every stamp so sent discount real bargain. secured a

We fill orders on day of re the best copy in stock in c with the money unless a suppl return order is sent. No credit slips ntary ed.

The general impression see that the coming season will ll to be busy one in the stamp world a very hardy be doubted that the pr. It can portunities for securing desired sent op-gains will never be duplicate ble bar-

It is a fact easily demonstr our handsome approval books d that ing all classes of stamps, U. S. contain Colonies, etc., etc., at the unit British count of 50 per cent. will m discareful collector more value and the satisfaction for his money th nd solid get in any other way. he can

The publishers of the Standard catalogue announce a supplement to the 58th edition, bringing that work down to October 1st, 1898. We will supply this supplement to our customers at the regular price, 10 cents and postage. Send in your orders now and we will forward the supplement as soon as it is published.

Everyone knows how hard it is to get the 5 lire blue and rose 1890-91 issue of Italy in fine condition and as a consequence that space in our albums is generally blank. We have a few used copies in good condition, except that they have initials perforated in them in the barbarous European fashion. Price only 10 cents.

We have recently purchased the stock of an old dealer long since retired and the addition of some \$600 worth of stamps enables us to feel that our stock is assuming proportions which will soon lift us out of the class of "small dealers." Everything must have a beginning, and altho' ours was small, the plant is rapidly overshadowing the land.

We call the attention of our readers especially to our list of packets to be found in another column. These packets are made up on receipt of the order from fresh stock, and are as much superior to the ordinary "hand-me-down" packets as day is to night. For a small collection or a collector in search of good tradable duplicates these packets are a mine of surprises.

The two stamps, 1c and 5c, issued by Salvador a year or two ago to commemorate the establishment of the Greater Republic of Central America have just been placed upon the market, and as they are controlled by one man the price is not likely to fall. The stamps are very pretty, the 1 centavo being blue, pink, red, green and gold, and the 5 centavo the same with the colors arrayed differently. The price for the set is 15 cents.

It is a matter for general regret that so many collectors are tempted to re-

sort to lying, stealing and diversundry fraudulent practices in to get stamps for their collection this reason dealers have to be fled that persons ordering a selections are all right, and t given rise to the custom of den references. We would suggest young friends that it would be saving of time and trouble to e concerned if they would inc their first letter a written endo from parent or guardian.

It may be a little late, but we had an earlier opportunity of ing what good was accomplish the late conventions of the national societies. Discussion altogether profitless as a consid of the subject might result in ing the usefulness of these be in curtailing their number.

The radical change in the Sta is made necessary by the den our growing business, the old f being susceptible to economi pansion, as we found when we. A file of the Stampman will be interesting to almost every o have a limited stock of back t for sale at the prices indicat where.

It would seem that the sense Western stamp world was agn efforts of the S. S. S. S. and of all sorts and conditions e memorative and speculative s except Seebecks. Now, why move the ban on these and let them in peace. They are ever respectable as most of the othe and being cheap are satisfactio fillers. They are also monum one of the most extraordinary modern business methods. If sue would only cease for good we almost think all would be, and the whole list taken bu favor.

By and for D. W. Osgood,
Box 502,
Pueblo, Colorado.

THE STAMPMAN

If you can't find it in The
Stampman, it isn't worth
having.

Vol. IV. No. 2.

DECEMBER 1898.

Whole No 18

ANSWERS FOR THE ANXIOUS.

C. E. S., Chicago.—By all means get married if she'll have you.

G. S. McK., Hoosick Falls.—I congratulate you, but don't name it after me. I'm not lucky enough.

S. E. L., Boston.—Yes, we'll resign in your favor if Robie will. One philatelic humorist can do the business for this country.

L. A. M., St. Louis.—Very well satisfied, thanks, but a little less C. H. M. in the advertising columns would tickle me to death.

W. C. S., Springfield.—Well, next time we change the size we'll give you a chance to file a brief anyway.

H. A. C., Rocky Hill.—To get a crop of cherries the first year planting must be very early. If you are likely to have a backward spring start your seeds in the house or under glass.

J. F. D., New Oxford.—No, the Stampman is not for sale.

Wolle, St. Louis.—We are glad to hear that you have a situation for the next 18 months. Don't worry about our little account.

L. R., Chicago.—My advice is don't! But if you will not take advice we wish you good hunting, anyway.

PRICE LIST.

Your money back for anything you buy of me if you are not satisfied.

A special discount of 10 per cent. will be allowed on orders from this list amounting to \$2.00 or more.

Always address

D. W. OSGOOD,

Box 502, Pueblo, Colo.

NOTICE.

Parties who fail to return approval lots after a reasonable time will be turned over to the not very tender mercies of the Merchant's Collecting Agency.

No approval lots sent unsolicited under any circumstances.

Your money back on anything if you want it.

Orders over 15c. post free. Smaller orders should contain postage in addition.

The Stampman.

By and for D. W. Osgood.

An occasional publication for the advancement of art, science, and finance, especially my finance. No free list (except exchanges) but current number will be sent free on request. Subscribers are not desired, but if you must subscribe, send 20 cents for a volume of six numbers.

Vol. I, II and III, 16 numbers, post free for 30c.

Pueblo, Colo., December, 1898.

THE GRUMBLER.

We had hoped to be able to give a scathing review of Robie's Stamp Hunting in this issue but so far have not seen anything of it.

Will the ever weeping Cox from bleeding Kansas kindly state what has become of the paper he startled us with a few months ago?

Mr. Lewis Robie announces his new journal, The Stamp Hunter, to appear from Chicago next month. Judging by the coyness of his book, "Stamp Hunting," "next month" means about June 1st, 1899.

Bro. French of the Evergreen Philatelist thinks it is a picture of our farm that adorns the 2 cent Omaha. We beg to correct him. Half of our patch lies at an angle of 60 degrees and forms part of the Rocky Mountains. The rest produces potatoes and trout but no wheat.

Filatelie Facts and Fallacies, a usually wideawake "trade journal" from the other side of the range, omits all reference to the new Stampman in its list of important events of 1898. On this account we cannot permit ourselves to commend any of the other features of the October number.

Our gentle hint in the last number caused Bro. Deitz to come out of his trance with a bang and set us a couple of the recent issues, that pink of perfection, the Virgin Philatelist. We are still gloating over the covers but will soon need November and December or the gloat will be declared off.

Canada is getting very good indeed with its "ventures on the troubled sea of philatelic journalism," and the whole mess makes us tired. We get a journal hailing from the Jubilee regions comfortably fixed on our X list and lo and behold, it dissolves in thin air and something else takes its place. We have given it up and refer to try to keep track of Canadian literature hereafter.

We were thinking up a particularly stinging editorial to be addressed to the profession generally because of the failure of some paper to take advantage of Miss Amy L. Swift's facile pen, when the thought that possibly she might be the justly celebrated "Gossip" of the Perforator struck us. We have shelved the aforeaid editorial until Miss Swift drugs us a postal proving a halibi.

We note in several of our esteemed contemporaries contribution by "H. A. Chapman." These are all different in character in each paper, and the readability of all of them cause us to strike an attitude of admiration. We never can think of anything to write about until after the paper is gone to press, but Bro. Chapman evidently thinks up his subjects while feeding the hogs and doing the other chores on the farm.

SPECIAL.

On and after this date no discount will be allowed on purchases of less than 15 cents net from appraisal selections.

PACKETS.

In compliance with a demand for packets containing GOOD stamps at low prices, we have prepared the following series. If you are not pleased with your purchase return it, and I will send your money back.

No. 1—25 varieties U. S. adhesives, including postage and departments, cataloging at least 75 cents, post free .25

No. 2—25 varieties U. S. Revenues, cataloging at least 60 cents, post free .25

No. 3—20 varieties of unused British Colonials, fine condition, cataloging at least 75 cents, post free .25

No. 4—30 varieties of British Colonials, used and unused, cataloging at least 60 cents, post free .25

No. 5—50 varieties of British Colonials, used and unused, cataloging at least \$2.50; very fine, post free 1.00

No. 6—25 varieties of South Americans, used and unused, cataloging at least 60 cents, post free .20

No. 7—50 varieties of South Americans, used and unused, cataloging at least \$1.50, a great bargain, post free .50

No. 8—50 varieties of European, used mostly, cataloging at least \$1.50, post free .50

We are ready to fill orders for the supplement to the Standard Catalog. Price 10 cents. Everyone needs this. Keep up to date.

Business is very good nowadays and we are kept on the jump filling orders from our advertisements and the Stampman. We try to get all orders off on the day of receipt.

The covers for our new approval books are very pretty indeed and reflect credit upon the printer. The contents continue to be up to the very high standard heretofore maintained.

GENERAL.

WHOLESALE OFFERS.

| | |
|---|------|
| Newfoundland, Cabots, 2c* entire sheet..... | 3.00 |
| Straits Settlements, 1887, 10c on 24c used per ten..... | .35 |
| U. S. I. R. 16 used per 10..... | .04 |
| U. S. Documentary 1c used 1898, per 10..... | .03 |
| U. S. Documentary 2c used 1898, per 10..... | .04 |

HINCES.

Perfect (die cut) 10c per 1000; 25c for 3000.
 Omega (die cut) 10 per 1000; 25c for 3000.
 Perfection (Albrecht's large size) 15c per 1000.

The best of their kinds.

APPROVAL DEPARTMENT.

I make a specialty of my 50 per cent. approval books which carry a superior class of stamps seldom sold by other dealers on such a small margin.

Try a selection.
 References required.

South and Central America.

Pueblo, Colorado.

THE STAMPMAN

Vol. IV. No. 3.

FEBRUARY 1899.

Whole No. 19.

If you can't find it in The Stampman, it isn't worth having.

A Letter from a Departed Collector.

Trans-Styx, Feb. 1, 1899.

The Editor of The Stampman.

Sir: Doubtless you will be surprised and perhaps a little bit shocked at being addressed by a stranger from this side the Styx, but I feel impelled to speak without revealing my identity and most other journals I find reject anonymous communications.

You are perhaps aware that "once a collector always a collector," is true so far as life goes, but you may be interested at learning that the collecting instinct follows us even here. True we cannot have our collections, but we do preserve a lively interest in them, and in affairs philatelic generally. I have known recently arrived shades to refuse society and almost pine away to a moist shadow on learning that the album they had left behind in the world had been promptly sent to the auction room and its contents dispersed. As in societies in the world one's standing in our philatelic club depends much upon the collection he can boast of, and it is fatal to any shade's ambition for office if his collection is sold. But this is not what I wanted especially to say. As secretary of the League of Philatelic Shades I have been instructed to communicate to the world the sentiments our club holds on a burning (pardon me, but my hand always shakes when I write that dreadful word) question of the day. We have viewed with some alarm the

growth of the issues for collectors only and have been more alarmed that the leaders of the guild do not seem to hit upon the, to us, obvious and only remedy. It is simply, Collect only postally used specimens. It is not the sentiment of our club that a society with a high sounding name should be formed to propagate this gospel, nor is it desirable that hard and fast rules should be made. Simply that the leaders of thought, the press and the societies, should actively disseminate the idea and gradually an improved tone all round will be felt. In my day we collected used stamps principally because the others were not so available, and I am convinced that had not the collecting of mint specimens become common little trouble would ever have been experienced from the miserable one horse governments that stoop to the dirty practice of issuing stamps for revenue. We perfectly understand that it is far easier and oftentimes cheaper to take unused specimens, but "ease and cheapness" are insidious foes to our noble pursuit. Some little effort, if not some expense, attending the acquisition of our specimens makes them doubly dear to us. It is the getting and not the keeping which affords the keenest pleasure, but if one receives complete unused sets from his dealer as they come out, collecting degenerates into aimless accumulation limited only by one's pocket book. Picking up a specimen here, another there, until finally a set or a page is filled, then finding a shade or a variety or two—

this is Bah! Pre- been tion a- verse count etc., ly ar- admit- larly worth- ada to- admit- bee n- by th- lieve- telists- most- the w- though- future-

It is postal- is also- me a- will r-

You- buy o- A s- will b- list ar- Alw-

is delight. But buying en masse—
resident Tapling of our club has especially interested in this question and has taken the trouble to converse with recent arrivals from such countries as Central America, Portugal, and government officials especially a perfectly frank and willing that stamp collectors are regularly milked by these countries. Our president has long held up Canada as one country to respect and we exceedingly, but of late he has cast down and utterly confounded the news which comes daily. Believe me, all the grand army of philatelists on this side the dark river hope earnestly that our brethren in the world may soon see the light which, though obscured, still shines on the of Philately. Yours,

only courtesy to enclose return when writing to a dealer. It is good horse sense when writing a letter of inquiry as otherwise it will not be answered.

Price List.

money back for anything you of me if you are not satisfied. special discount of 10 per cent. be allowed on orders from this amounting to \$2.00 or more. says address

D. W. OSGOOD,

Approval Department.

I make a specialty of my 50 per cent. approval books which carry a superior class of stamps seldom sold by other dealers on such a small margin.

Try a selection.

| U. S. I. R. 1c used per 10..... | .04 |

Hinges.

| | |
|--|--|
| Perfect (die cut) 10c per 1000; 25c for 3000. | |
| Omega (die cut) 10 per 1000; 25c for 3000. | |
| Perfection (Albrecht's large size) 15c per 1000. | |

The best of their kinds.

Business is very good nowadays and we are kept on the jump filling orders from our advertisements and the Stampman. We try to get all orders off on the day of receipt.

The covers for our new approval books are very pretty indeed and reflect credit upon the printer. The contents continue to be up to the very high standard heretofore maintained.

United States—Cuba.

The last issue for the Pearl of the Antilles consists of the 1, 2, 3, 5, and 10 cent U. S. surcharged "Cuba," and value in cents de peso. Also a variation in the shape of 2½c de peso on 2c, which is a value not required and which is being sold at 2 cents by the post office authorities. Until these mistakes are used up—which cannot take long—the 2c de peso will not be placed on sale. As might have been expected the dealers and collectors have made a vigorous onslaught on this issue and we do not doubt but what the Cuban revenue has been enriched by them more than by the regular demand for the stamps for postal use.

Imperial United States.

At last the United States has issued special stamps for a dependent country and having taken the plunge it is not hard to believe that other issues will follow for other colonies. We are fairly started on a career of expansion and mayhap "United States and Colonies" will some day fill as large a space in album and catalog as does "Great Britain and Colonies." One thing is certain—if a collector wants to do entire justice to the U. S., taking in shades, plate numbers, revenues, colonials, etc., it will keep him humping seven days in the week and leave little time to devote to the outside world.

We are ready to fill orders for the supplement to the Standard Catalog. Price, 10 cents. Everyone needs this to keep up to date.

About Omahas.

Recently the postoffice in Pueblo was favored with a large consignment of Omaha stamps and is forcing them on a reluctant public. We have heard several vigorous kicks from business men who wanted the "little stamps." There were 100,000 2-cent in the lot, 100 50-cent, 5 each of the \$1.00 and \$2.00 and various quantities of the other values. The \$1.00 are all so much off center as to be worthless for collecting purposes. The \$2.00 were not so bad and we got a couple good ones from the lot. Part of the 50 cent are well centered and we have nibbled at the sheet from time to time. So far no use has been discovered by this postoffice for stamps higher than 15 cents except to sell to me, so the consternation was great when I utterly scorned their \$1.00 Omahas.

Recent printings of the Omahas show considerable improvement in appearance over the first output, but the centering can still be improved in a great many cases. There is still nothing like the general use of these stamps that was the case with the Columbians and unless the government ment prints great quantities between now and the close of the year, the set bids fair to be good property, more especially used. I do not think more than one fourth of my mail bears Omaha stamps which judging from reports is about the proportion everywhere.

In filling orders from this list I always send the best copy in stock at the time. Any not satisfactory may be returned and money will be refunded.

The Stampman.

By and for D. W. Osgood.

An occasional publication for the advancement of art, science, and finance, especially my finance. No free list (except exchanges) but current number will be sent free on request. Subscribers are not desired, but if you must subscribe, send 20 cents for a volume of six numbers.

Vol. I, II and III, 16 numbers, post free for 30c.

Pueblo, Colo., February, 1899.

The Grumbler.

We hear that Bro. Dodge, of the interior of Pennsylvania, has consolidated his tandem and is now publishing one paper. This may be true and possibly is as it is vouched for by Bro. Chapman, but we reserve final conviction until such time as we receive a copy of the Trust.

Miss Amy L. Swift, of Whitman, Mass., is again very much in evidence in the press and we are much relieved. The editors do know a good thing occasionally.

The Boston Stamp Book after trying for two or three months to get us to subscribe at last succumbed to the inevitable and its place will be partially filled by the Eastern Philatelist. The latter rattles around in it but by adopting the old clothes of the Stamp Book would fill it very acceptably.

Our peripatetic friend Lewis Robie, after scaring us half to death by announcing a new paper of his own, has fastened himself upon Stamp Talk of Kansas City and will try and kill off that erstwhile promising sheet. Alars!

We note in the December issue an advertisement of Chas. S. God of Salem. We wonder if he is lured to we'uns? We must at least read him with suspicion until he presents his family tree and shakes off a few leaves.

In the January Montreal Philatelist Editor Bach describes a "grand" of early British Guianas, but gives a blank in the most interesting place. We can imagine what he was looking for these rarities, but are we to forever wonder what he paid?

We hail the advent of the Philatelic Tribune with an extra grand. It is good, but we deny the existence of any long felt want.

We are much pestered by people who want us to place their names on the mailing list of the Stampman who do not wish to comply with rules and regulations. There are three ways to get the Stampman, namely, viz: (1) To subscribe (which discourages). (2) To become a regular customer of the House of Osgood which we encourage). (3) To apply each copy as it appears.

Trade Notes.

Applicants for approval who receive this notice marked understand that a reference is required before the stamps will be sent.

Prices are on the up and it is increasingly difficult to see good stuff at prices that will admit of selling at 50 per cent. discount. Look out for a rise all along the line.

My approval books are not arranged by countries, except that U. S. stamps

separate, so do not ask for special stamps in that department. Look over this list if you are completing a certain country.

The Stampman is a very popular institution with many collectors as it affords them unusual facilities for securing the cheaper grades of stamps, which though common, are yet oftentimes slow in turning up in the ordinary course of trade. Some go through it religiously and send for everything listed that is not in their collections. The sales from the December number were especially heavy and over 100 lines were exhausted and are dropped from this list. The additions run well up to 300.

It often happens that during the two months that the Stampman is current stamps listed are sold out, and it is well to append a small list of second choices to your order. Where a stamp is out and no second choice is given we return the money.

Impertinent Personals.

We regret to hear that Mr. C. E. Severn, editor of Mekeels Weekly has not yet taken our advice concerning matrimony. No reason is assigned, so we may conclude that there is some hope left yet.

We are much gratified at our success in stirring up Mr. J. M. Andreini. He has appeared in print several times since we prodded him up and promises to give no just cause for complaint hereafter.

We met Mr. Chas. A. Nast in Denver recently and after we had a good

look at his physique we at once commenced to entertain more respect for plate number collecting. The airy persiflage which we expected to indulge in on the occasion of the meeting did not come off.

Miss Blanche Noble, editor, and Mr. J. W. Stowell, publisher, of the Perforator were recently married and Mrs. Stowell is editing a home instead of a great monthly. We are in mortal terror for fear some one will marry Miss Swift and deprive philatelic journalism of its principal remaining bit of femininity.

Special.

On and after this date no discount will be allowed on purchases of less than 15 cents net from approval selections.

NOTICE.

Parties who fail to return approval lots after a reasonable time will be turned over to the not very tender mercies of the Merchant's Collecting Agency.

No approval lots sent unsolicited under any circumstances.

Your money back on anything if you want it.

Orders over 15c. post free. Smaller orders should contain postage in addition.

GENERAL.

No new magazine of recent times has appealed to us so strongly as the re-vivified Stamps. Editor Capen is one of the half-dozen or so who can write stuff worth reading. We also commend the plate illustrating certain varieties which the catalog signally fails to make plain to the masses.

Mr. W. C. Stone, in the Era, clamors for more reading matter in the Stamp-man. Well, is he satisfied now? It is our experience that a little of a good thing is good, but more is dust and ashes. Next trip there will be less, you bet.

Some Important Events of the Past Two Months.

Dec. 25, 1898—Inauguration of penny (two cents) postage amongst the greater number of British Colonies. Issue of the 2c "Imperial Penny Postage" stamp by Canada, showing a map of the world. This stamp comes with the water portion colored lavender, blue and green, with shades.

Jan. 1, 1899—Adoption of the 2-cent letter rate in Canada, a reduction from 3c, which has been the standard for years. As a consequence the 2c purple numeral type comes now in carmine, the 3c carmine is discontinued and 4c and 7c stamps will be added to the set. Likewise the 2c envelope is now carmine, only a few of the 2-cent purple getting out.

Jan. 10 (?) 1899—Issue by the United States of a set of stamps for Cuba, being regular U. S. stamps surcharged "Cuba" and value in "c. de peso." This provisional set is to be replaced by a regular, the designs for which are now being prepared at the Bureau of Engraving and Printing in Washington.

Jan. 25 (?) 1899—Decision by the authorities to place the last set of newspaper stamps on sale at \$5 per full set, 1c to \$109. These will be sold only in sets and it is expected to place them in many postoffices. None of the old issues will be sold.

Over the 'Phone.

No long ago Lewis Robie, the celebrated author, reached Kansas City and took occasion to call us up on the long distance phone. Following is a stenographic account of the conversation at this end:

"Hello, yourself, who are you?"

"Oh, Robie, Robie—I seem to know the name."

"Of, course, of course! Now I remember. But is it safe for you to acknowledge its authorship so public-

ly? Perhaps the telephone girl is listenin."

"Well if you can stand it, I can."

"First rate, but can always do a little more."

"How is your book selling?"

"That's good. Critics let you off easy, didn't they?"

"Well, don't feel puffed up—most of 'em hasn't read it when they wrote their critiques."

"Well, I never cared much for foreign revenue."

"That's a fact! Puerto Rico is U. S. now. Well, send me a small wholesale consignment and I'll try it on."

"Yes, see. But how about Canadian revenue—have you sold out of them, too?"

"Not many here. How are the Chicago boys?"

"Sho! You don't say! Will Severn live till next base ball season?"

"No, I never met any of them. Had some correspondence with Wolsieffer."

"No, it's always on the other foot—he trusts me."

"Doc. Cottlow? Who is he?"

"Oh, yes, in the Era. He is one of those that sniff at the Mekeels."

"I don't sniff at anybody. They all tickle me to death."

"Lefever? Yes, he gets all the revenues."

"I guess he's all right, though."

"Ten dollars by wire? Not on your life! Good bye!"

Eminent Men Who Have Never Met Us.

VI.

One of the men whom events has forced prominently before the philatelic public is Prof. J. M. Bartels, of Washington, D. C. He has never had the privilege of sitting at our feet and absorbing culture and "tone," but he has been a close student of our writings for some months and is one of the select few who really appreciate our erudition, Bro. Chapman being the rest of the few. Mr. Bartels is a large man, pleasantly featured, with a bulging brow and firm mouth—good natured usually, but having a quick temper. He has a pull of some kind with the Postoffice Department and garners much information ament government issues. As a consequence his services as Washington correspondent are much in demand by publishers of stamp weeklies and competition has bulled the market smartly. He started in modestly on Mekeel's Weekly, then went to the Era, and finally was lured to the Metropolitan by the offer of double the Era rates. Just what this means can be inferred when it is known that Mr. Bartels now wears diamonds and can have a clean collar every day. Mr. Bartels also deals in stamps and publishes two valuable catalogs annually, viz: plate numbers and U. S. envelopes. Mr. Bartels is usually accorded the distinction of being the high priest of the plate number cult and certain it is that he booms it mercilessly whenever he puts pen to paper. The story that he and Mr. J. M. Andreini of New York laid their heads together and started the fad and are in cahoots on the profits, has the merit of probability but lacks confirmation.

This is all, except that the rumor that our friend is masquerading in the Era as "G. A. Camp" while ingenious, is totally without foundation. Mr. Camp is a fact, so we are told.

Sets Very Cheap.

Trade Notes.

The Evergreen State Philatelist has not appeared since we can remember. Probably Bro. French is hibernating.

To save making out a long order check the stamps on this list and send with your remittance. We will send you a clean copy to replace the one so used.

This list does not exhaust the stamps in stock by any means. Want lists will be filled at 50 per cent. discount where the stamps called for are in stock.

A portion of the matter in his issue (notably the article "About mahas") was prepared for the December number, and it is therefore not strictly up to date.

Prices in the list will be found low and where it is possible to buy \$2.00 worth at a time the 10 per cent discount makes every stamp so secured a real bargain.

We fill orders on day of receipt with the best copy in stock in each case. Where a supply has run out we return the money unless a supplementary order is sent. No credit slip used.

The general impression seems to be that the coming season will be a very busy one in the stamp world. It can hardly be doubted that the present op-

portunities for securing desirable bargains will never be duplicated.

Father Scott murmurs because he has too much advertising for the present size of the Metropolitan Philatelist, but not enough to double the number of pages. Well, why not fill up with J. W. Scott Co. L't'd. announcements a la Mekeel's?

It is a fact easily demonstrated that our handsome approval books containing all classes of stamps, U. S., British Colonies, etc., etc., at the uniform discount of 50 per cent. will yield the careful collector more value and solid satisfaction for his money than he can get in any other way.

The publishers of the Standard catalogue announce a supplement to the 58th edition, bringing that work down to October 1st, 1898. We will supply this supplement to our customers at the regular price, 10 cents and postage. Send in your orders now and we will forward the supplement as soon as it is published.

Everyone knows how hard it is to get the 5 lire blue and rose 1890-91 issue of Italy in fine condition and as a consequence that space in our albums is generally blank. We have a few used copies in good condition, except that they have initials perforated in them in the barbarous European fashion. Price only 10 cents.

We have recently purchased the stock of an old dealer long since retired and the addition of some \$600 worth of stamps enables us to feel that our stock is assuming proportions which will soon lift us out of the class

of "small dealers." Everything must have a beginning, and altho' ours was small, the plant is rapidly overshadowing the land.

The radical change in the Stampman is made necessary by the demands of our growing business, the old form not being susceptible to economical expansion, as we found when we tried it. A file of the Stampman will be found interesting to almost every one. We have a limited stock of back numbers for sale at the prices indicated elsewhere.

We call the attention of our readers especially to our list of packets to be found in another column. These packets are made up on receipt of the order from fresh stock, and are as much superior to the ordinary "hand-me-down" packets as day is to night. For a small collection or a collector in search of good tradable duplicates these packets are a mine of surprises.

The two stamps, 1c and 5c, issued by Salvador a year or two ago to commemorate the establishment of the Greater Republic of Central America have just been placed upon the market, and as they are controlled by one man the price is not likely to fall. The stamps are very pretty, the 1 centavo being blue, pink, red, green and gold, and the 5 centavo the same with the colors arrayed differently. The price for the set is 15 cents.

Even if you received a copy of the December Stampman you will find it to your advantage to look over the lists in this number. There have been several hundred additions and changes and you cannot afford to miss any of them.

By and for D. W. Osgood,
Box 502,
Pueblo, Colorado.

THE STAMPMAN

Vol. IV. No. 4.

APRIL 1899.

Whole No 20.

If you can't find it in The
Stampman, it isn't worth
having.

Mr. Dooley on the Periodicals.

"What is these Periodicals, I din-
aw?" demanded Mr. Hennessey as he
sted his elbows on the bar and gazed
quiringly at Mr. Dooley.

Mr. Dooley carefully wiped off the
r before he responded, "Which par-
dicals?"

"Why, the childer has all got stamps
n the brain and I don't hear nothing
t the house beyant but periodicals."

"Well, I seen all about 'em in the
apers and I'll put ye on. Ye see it's
ke this: The govermint is hard priss-
d for money and the tariff don't be
orkin' overtime like me frind Gage.

age he says, 'You watch me spind the
uff in the threasury,' and he did
ind it and more too. So the gover-
mint looks around for a sof' mark and
ots these here stamp collectors. They
re easy. So the gover'mint is sick and
work up int'rist in the game gives
ut they will seize all the periodical
tamps the collectors has. So they try
on in N'York and the collectors fight
ke — and they beat the gover'mint.
ut the gover'mint didn't care. All
hey wanted was the advertisemint.

ee? Well thn they said 'We wont
se periodicals anny more,' and they
athered up all they could find in the
ostoffis' and let it get out that they
ould burn 'em all. Then the suckers
ommenced to bite and dey raised a
reat hullabaloo, so the gover'mint
ey said 'maybe we will sell a few
ts after awhile.' Whin they had the
f marks all sized up they said 'We'll

save out 50,000 sits and desthroy the
rist. That seemed to please the stamp
crowd but they couldn't agree on a
price. Some wanted 'em sold at face
value, some at \$10.00 a set and some at
\$5.00. The gover'mint they didn't say
a word but they kep' on sizing up the
crowd and they decided that 50,000 sets
at \$5.00 a set was good enough for
Uncle Sam, so they printed enough
new to make up the full number and
that do be what the childer talk
about."

"But," said Mr. Hennessey, "what is
the periodicals and what do they be
good for?"

"God knows, I din naw!" said Mr.
Dooley.

PRICE LIST.

Your money back for anything you
buy of me if you are not satisfied.

A special discount of 10 per cent.
will be allowed on orders from this
list amounting to \$2.00 or more.

PACKETS.

In compliance with a demand for packets containing GOOD stamps at low prices, we have prepared the following series. If you are not pleased with your purchase return it, and I will send your money back.

- No. 1-25 varieties U. S. adhesives, including postage and departments, cataloging at least 75 cents, post free. .25
- No. 2-25 varieties U. S. Revenues, cataloging at least 60 cents, post free. .25
- No. 4-30 varieties of British Colonials, used and unused, cataloging at least 60 cents, post free. .25
- No. 5-50 varieties of British Colonials, used and unused, cataloging at least \$2.50; very fine, post free. 1.00
- No. 6-25 varieties of South Americans, used and unused, cataloging at least 60 cents, post free. .20
- No. 7-50 varieties of South Americans, used and unused, cataloging at least \$1.50, a great bargain, post free. .50
- No. 8-50 varieties of European, used mostly, cataloging at least \$1.50, post free. .50

It is only courtesy to enclose return postage when writing to a dealer. It is also good horse sense when writing me a letter of inquiry as otherwise it will not be answered.

Sets Very Cheap.

Approval Department.

I make a specialty of my 50 per cent. approval books which carry a superior class of stamps seldom sold by other dealers on such a small margin.

Try a selection. References required.

We are ready to fill orders for the supplement to the Standard Catalog. Price 10 cents. Everyone needs this to keep up to date.

The Stampman.

By and for D. W. Osgood.

An occasional publication for the advancement of art, science, and finance, especially my finance. No free list (except exchanges) but current number will be sent free on request. Subscribers are not desired, but if you must subscribe, send 20 cents for a volume of six numbers.

Vol. I, II and III, 16 numbers, post free for 30c. A complete file to date, 40c

Pueblo, Colo., April, 1898.

The Grumbler.

One of the bright spots in the desert of philatelic journalism during the last two months was Mr. Fowler's clever article in the Eastern Philatelist in imitation of the well known and highly esteemed Mr. Dooley. If Mr. Fowler is capable of a continuous performance we would be pleased to offer him a job.

Our nearest neighbor, Stamp Talk, of Kansas City, is right peart still, but we believe that Bro. Robie has something of a solar plexus blow up his sleeve.

In a recent Mekeel's Weekly is mentioned No. 1 of "Stamp America," of which the edition consisted of 2 copies only. Was this a scheme to run up the price of No. 1, or was it only a vehicle for getting back at Editor Severn?

Our voice is husky with unshed tears when we contemplate the vast possibilities for improvement in the Eastern Philatelist.

The Brooklyn Institute number of Mekeel's Weekly of which the enormous edition of 100,000 copies is to be distributed, was received on time, but we cannot think it stacks up with the New Year's number. The latter, if the

Stampman is barred, was the finest thing we have met up with.

We were invited to attend the opening of the exhibition of the Philatelic Section of the Brooklyn Institute, but as no transportation accompanied the card we concluded our presence was not greatly desired.

If you feel pleased with yourself and desire to show your appreciation of your own conduct, present yourself with a file of the Stampman. Price 40c. Warranted to make the waste places of your heart blossom like a rose.

Mr. John H. Shaner, of New London, Ia., knows a good thing when he sees it, as may be proved by "The Stamps," a price list modeled on the Stampman.

Although a large edition of the February Stampman was printed, all the copies were sent out by March 20th except a few which we reserved for supplying the demand for files. Consequently this number is hurried out a week ahead of time and the many applicants for the February number which we were compelled to disappoint will receive this number instead.

The editor of the Montreal Philatelist, if reports are to be believed (which they mostly aren't, however) deliberately attempted to hoax the world at large with a cock and bull story of a find of early issues of British Guiana. One writer claims that Mr. Bach admitted the fake but said he would publish it anyway. If this tale is true Mr. Bach ought to apologize to the fraternity. Hereafter we will take the contents of the Montreal Philatelist with a grain of salt.

Our friends of the Virginia Philatelist (which by the way reaches us with commendable regularity now) are mak-

ing the welkin ring with their shouts for a wholesale joining of the Southern Philatelic Association on the part of state societies in the south. As soon as they have breath to spare we wish the ywould advocate a plan to make the S. P. A. (or any other society for that matter) worth something to its members and the world at large. For instance why does not the S. P. A. get up a book on Confederate stamps?

Applicants for approval sheets will save us lots of tribulation of spirit if they will enclose a line from their reference. Saves the time and postage writing to them and you get your approvals promptly.

Wonder who the miscreant is who mutilated the plate number strips of the Cuban 2½c at the Havana office? It was a small trick and the guilty party deserves to be generously roasted.

Canada has jumped us so often that no one now feels startled at anything she may do. The latest freak is the surcharging of the 3c envelopes with a large "2c" by means of a rubber stamp to make them conform to the single letter rate.

There are rumors of a new issue for France and if there proves to be a solid foundation for the story it will be a matter for general joy. France is entitled to a new issue if anyone is.

Hinges.

Omega (die cut) 10 per 1000; 25c for 3000.

Perfection (Albrecht's large size) 15c per 1000.

The best of their kinds.

In filling orders from this list I always send the best copy in stock at the time. Any not satisfactory may be returned and money will be refunded.

Applicants for approval books who receive this notice marked will understand that a reference is required before the stamps will be sent.

NOTICE.

Parties who fail to return approval lots after a reasonable time will be turned over to the not very tender mercies of the Merchant's Collecting Agency.

No approval lots sent unsolicited under any circumstances.

Your money back on anything if you want it.

Orders over 15c. post free. Smaller orders should contain postage in addition.

These Periodicals.

Uncle Sam was good to us here in Pueblo and furnished a fair supply of well centered sets of the famous (or infamous) periodicals, and we have gladdened several hearts with them at a modest advance over the P. O. price of \$5.00. Judging from the paper and gum we should say that four or five of the values are reprints, or as Father Scott would say a new printing for the occasion. We note a disposition in several quarters to quarrel with the authorities for reprinting certain of the values but we do not see that it is a matter to get hysterical about. The great majority of collectors would have been without this beautiful set if the government had pursued the strict path which would have meant destruction of the remainders along with the plates and the result will doubtless be so beneficial on the whole that we are disposed to give the authorities credit for good will towards collectors—and their dollars—and let it go at that.

While they last we will supply the Periodical sets at \$6.00 net. This means fully perforated, well centered and fine generally, but not all the values are absolutely centered.

We call the attention of our readers especially to our list of packets to be found in another column. These packets are made up on receipt of the order from fresh stock, and are as much superior to the ordinary "hand-me-down" packets as day is to night. For a small collection or a collector in search of good tradable duplicates these packets are a mine of surprises.

Trade Notes.

This list does not exhaust the stamps in stock by any means. Want lists will be filled at 50 per cent. discount where the stamps called for are in stock.

Prices in the list will be found low and where it is possible to buy \$2.00 worth at a time the 10 per cent discount makes every stamp so secured a real bargain.

Prices are on the up grade and it is increasingly difficult to secure good stuff at prices that will admit of selling at 50 per cent. discount. Look out for a rise all along the line.

Business is very good nowadays and we are kept on the jump filling orders from our advertisements and the Stampman. We try to get all orders off on the day of receipt.

We fill orders on day of receipt with the best copy in stock in each case. Where a supply has run out we return the money unless a supplementary order is sent. No credit slips used.

The covers for our new approval books are very pretty indeed and reflect credit upon the printer. The contents continue to be up to the very high standard heretofore maintained.

My approval books are not arranged by countries, except that U. S. are separate, so do not ask for special stamps in that department. Look over this list if you are completing a certain country.

The general impression seems to be that the coming season will be a very busy one in the stamp world. It can hardly be doubted that the present opportunities for securing desirable bargains will never be duplicated.

It often happens that during the two months that the Stampman is current stamps listed are sold out, and it is well to append a small list of second choices to your order. Where a stamp is out and no second choice is given we return the money.

Even if you received a copy of the December Stampman you will find it to your advantage to look over the lists in this number. There have been several hundred additions and changes and you cannot afford to miss any of them.

It is a fact easily demonstrated that our handsome approval books containing all classes of stamps, U. S., British Colonies, etc., etc., at the uniform discount of 50 per cent. will yield the careful collector more value and solid satisfaction for his money than he can get in any other way.

The publishers of the Standard catalogue announce a supplement to the 58th edition, bringing that work down to October 1st, 1898. We will supply this supplement to our customers at the regular price, 10 cents and postage. Send in your orders now and we will forward the supplement as soon as it is published.

The two stamps, 1c and 5c, issued by Salvador a year or two ago to

commemorate the establishment of the Greater Republic of Central America have just been placed upon the market, and as they are controlled by one man the price is not likely to fall. The stamps are very pretty, the 1 centavo being blue, pink, red, green and gold, and the 5 centavo the same with the colors arrayed differently. The price for the set is 15 cents.

Everyone knows how hard it is to get the 5 lire blue and rose 1890-91 issue of Italy in fine condition and as a consequence that space in our albums is generally blank. We have a few used copies in good condition, except that they have initials perforated in them in the barbarous European fashion. Price only 10 cents.

We have recently purchased the stock of an old dealer long since retired and the addition of some \$600 worth of stamps enables us to feel that our stock is assuming proportions which will soon lift us out of the class of "small dealers." Everything must have a beginning, and altho' ours was small, the plant is rapidly overshadowing the land.

The radical change in the Stampman is made necessary by the demands of our growing business, the old form not being susceptible to economical expansion, as we found when we tried it. A file of the Stampman will be found interesting to almost every one. We have a limited stock of back numbers for sale at the prices indicated elsewhere.

By and for D. W. Osgood,
Box 502,
Pueblo, Colorado.

THE STAMPMAN

Vol. IV. No. 5.

JUNE AND JULY 1899.

Whole No 21.

If you can't find it in The
Stampman, it isn't worth
having.

Eminent Men Who Have Never Met Us.

VII

The object of this panegyric is Major Henry Apples Chapman, of Rocky-town-on-the-trolley, Con. The major is so only by brevet, his ostensible occupations being farming in the summer and catching trolley cars in winter. This last sport is quite au fait in the east and in the west we have a modified form called "jumping electric." Though somewhat past 20 our friend is a young man in philately, his advent dating back only a few years. He is tall, standing several feet besides the two in his stockings. He weighs twenty stone stripped of seal-skin overcoat and gum boots. He is dark, but fair in his dealings and sports a wavy moustache that is the despair of every passing breeze. He has a Roman nose which he carries with him constantly and which gives an air of determination and force to otherwise benevolent features.

Maj. Chapman first riveted the attention of the stampic world by commencing the publication of the Perforator, which achieved much fame and a certain position in the journalistic world. He disposed of this to Mr. J. W. Stowell, of Federalsburg, Md., and the Pennsylvania Philatelist was afterward married to it. After being relieved of publishing cares, Maj. C. became at once in demand as a contributor to the press generally and as a review editor. In the latter capacity it may be remarked that he is review editor for nearly all the monthly publications, except those which employ Miss Swift for that office. The major was born a printer, had Linotype operating thrust upon him, and achieved

farming. It is in the latter role that he most delights his friends and neighbors. His comprehensive ignorance of all thing bucolic is really delightful to contemplate. Horny handed sons of toil on farms come for miles to see the major in his great farming feats, such as feeding the pig with one hand tied behind him, and shoeing a husky calf with dignity and a fence rail. As indicated by our title, Maj. Chapman has not yet achieved his pet dream, but we have agreed to meet him half way if he will come to Colorado. Our friend has a wife and one son; both of whom are interested in stamps, but in different ways and from different points of view.

Long may the Chapman family wave!

PRICE LIST.

Your money back for anything you buy of me if you are not satisfied.

A special discount of 10 per cent. will be allowed on orders from this list amounting to \$2.00 or more.

It is only courtesy to enclose return postage when writing to a dealer. It is also good horse sense when writing me a letter of inquiry as otherwise it will not be answered.

Approval Department.

I make a specialty of my 50 per cent. approval books which carry a superior class of stamps seldom sold by other dealers on such a small margin. Try a selection. References required.

We wish to direct the attention of our customers to the fact that there have been several hundred additions to the list in this number and many desirable stamps are among them. As this list is current two months or more we oftentimes run out of stamps listed and it is well in ordering to send a small supplementary list. In the absence of such a list we always return money when any stamp ordered is out.

We call the attention of our readers especially to our list of packets to be found in another column. These packets are made up on receipt of the order from fresh stock, and are as much superior to the ordinary "hand-me-down" packets as day is to night. For a small collection or a collector in search of good tradable duplicates these packets are a mine of surprises.

Impertinent Personals.

Mr. J. M. Andreini, of New York, requires another gentle reminder. Some copy is about due from him.

We deserve the thanks of all collectors for successfully spurring Miss Amy L. Swift to renewed literary activity.

Col. Buffalo Robie reports the theft of a valuable stamp while in Keokuk, Ia. Mr. E. F. Carter loudly proclaims his innocence.

Oney K. Carstarphen, at one time president of the P. S. of A., has removed from Denver to Salt Lake City, where he is with the N. Y. and Utah Paper Co.

NOTICE.

Parties who fail to return approval lots after a reasonable time will be turned over to the not very tender mercies of the Merchant's Collecting Agency.

No approval lots sent unsolicited under any circumstances.

Your money back on anything if you want it.

Orders over 15c. post free. Smaller orders should contain postage in addition.

By and for D. W. Osgood,
Box 502,
Pueblo, Colorado.

THE STAMPMAN

Vol. IV. No. 6.

SEPTEMBER 1899 (Supplement to No. 21).

Whole No. 22

If you can't find it in The
Stampman, it isn't worth
having.

An Apology.

We are sorry to disappoint 8,764 of our good friends and patrons who took the trouble to write for the August-September Stampman. We are aware that few philatelists are able to keep a house satisfactorily without a Stampman at least as often as once in two months. But please remember the poor editor! The strain of compiling the Stampman is beyond computation in foot-tons or any other kind of tons. We therefore printed an extra dose of the June-July number and determined to struggle along with that until after the new catalogue appeared. This supplement is a concession to popular clamor which we make in order that the whole fabric of philately in the new world will not come tumbling down about our ears.

Bro. Dodge of the Tri-Monthly Collector has soured on us and seldom indeed do we clap eyes on his famous consolidated paper.

Humorist S. E. L. of Boston has taken a fall out of all the prominent figures on the journalistic landscape and is sighing for new worlds to conquer. We expect Prof. Bartels feels like 30 cents.

The World's Fair at Chicago is a blank in our personal recollections and we therefore felt much interest in Col. Buffalo Robie's circumstantial account of our visit. Judge of our disappointment when Stamp Talk broke down under the strain of the revelation and we never found out how we got home.

Bro. Brodstone of Nebraska is a very superior person in many respects and withal an entertaining correspondent. We had a postal from him once and

are still finding new readings of it. At first we thought the heathen Chinese who "does our things" had sent his bill on a card and even now the only reason we have for thinking Brody perpetrated it is the Superior postmark. But all this is beside the mark. We merely wanted to express the consuming envy we have of a man who can write really limpid English like the Publisher's Notes in the Philatelic West—and get it printed.

Of course we did not want to be president of the A. P. A.—we are not sufficiently notorious, and besides the white light which is said to beat upon a throne might hurt our eyes.

The Rival Philatelist (not in the trust) for September is at hand. We hail it as the great exponent par excellence of the higher reaches of philately in the United States. A glance through its well filled pages will convince anyone that the American Journal of Philately must now take a back seat and even Stampic-America may be compelled to put its laurels under lock and key if it does not want to lose them. Send the price of subscription to the publisher and you will not fail to get your money's worth.

T'other evening an unwonted glow, roseate, pink and purple pink, appeared in the western heavens just above the Royal Gorge. Seeing it we fled swiftly to our cyclone cellar and pulled it in after us, so that even our wife, who trembled on the threshold, could not find a crack to bestow herself in. Then we reflected that Col. Buffalo Robie's whiskers would be more likely to come by freight from the east and we emerged to enjoy the sunset, explaining to our wife that it was only a joke.

PRICE LIST.

Your money back for anything you buy of me if you are not satisfied.

A special discount of 10 per cent. will be allowed on orders from this list amounting to \$2.00 or more.

Fair Warning.

After the publication of the 59th edition of Scott's Standard Catalogue (which will occur in October) our rate of discount on approval selections will be uniformly 25 per cent. The reductions in prices in the new catalogue will make the net result to the buyer about the same as at present. Until the catalogue comes out, however, we shall continue to furnish our justly celebrated approvals at 50 per cent discount from 58th quotations.

We will have a supply of the new catalogues as soon as published, and hope our friends will save their orders for us. Price 58 cents, post free.

Speaking of stamp thieves induces me to say that although I find it impossible to guard against these low down critters altogether even by my present rigorous system of looking up the references, I still get even with the majority of my bad customers through the Merchants Collecting Agency. I don't know just what that outfit does to my little friends but it makes 'em squirm.

THE STAMPMAN

BY AND FOR D. W. OSGOOD.
BOX 502, PUEBLO, COLO.

Vol. V. No. 1.

January, 1900.

Whole No. 23.

AT LAST.

We have lived to see a modern American stamp society accomplish something adequate, something above the trivial round of meetings, dues, auctions and elections. More than once has our heart faltered within us as the months and years have slipped by and still nothing but idle beating of the air came from the A. P. A., the P. S. of A., the S. P. A. and so on through the alphabet. True once upon a time the National Philatelic Society got out a monumental work, or was it a tombstone? But that concerned the stationary trade quite as much as it did things philatelic, and the society has been resting on its laurels ever since. Something of a realizing sense of its own utter futility overwhelmed the Boston Philatelic Society about a year ago, and fortunately struck in. The result was the formation of a committee to collate a history of the revenue stamps of the United States. The fruition of the idea may be seen in the fat tome bearing the sonorous title page following, to-wit: "An Historical reference list of the revenue stamps of the United States including the private deproprietary stamps, compiled by George L. Toppin, Hiram E. Deats and Alexander Holland, a committee of the Boston Philatelic Society." Considering the size of the book (424 pp. 7½x 11½ in.) and its great interest and value the price of \$5.00 in paper covers is very low and the work should be in every collector's library.

We do not feel competent to review this book properly and do not mean that these paragraphs should be considered such, but as up-to-date of this writing none of our regular journals that have come to us has seen fit to describe the work we hasten to lift up our voice.

The work is much more than a reference list. A quantity of historical matter of great value and interest is included and a number of points in dispute are settled authoritatively. This has been rendered possible by the possession by Mr. Deats of the "books, accounts, correspondence and other records of the late firms of Butler & Carpenter, and Jos. R. Carpenter, who held the government contracts for the engraving and printing of this class of stamps from their inception in September, 1862, to August 31, 1875." Not content with this the indefatigable committee waded through the records of the National Bank Note company, which printed the revenue stamps after Carpenter lost the contract, and the Bureau of Printing and Engraving.

The book includes a history of the revenue and proprietary stamps from the date of the first contract until Congress repealed stamp taxes, a detailed description of each stamp, the date of its first printing, of the first delivery of stamps, the plate numbers, the number of stamps in a sheet, the number issued imperforate and perforate, and the number on "old" or "silk" or "pink" or "watermark" paper when such details can be determined. It tells us that the primary object in substituting the second issue for the first was to prevent the washing and consequent re-use of stamps. There seems to be no doubt that the government lost vast sums in this way even as it is doing now. Why is it not possible that the present frauds may compel a new issue? History repeats itself, they say. But the second issue while it accomplished its main object was received with a howl by the gentle public because the stamps were all the same colors. Hence the third issue, which took the field early in 1872. The second issue came out in September, 1871, and lasted until November 4 (in the case of the 2c). The third issue was rendered obsolete by Congress which called it all off October 1, 1872, except the 2c, which was perennial and even now is most abundant. The short life of these two issues explains the scarcity of most of the values. For instance of the \$20, third issue only 3,994 were issued. Of the much coveted \$1.30, \$1.60 and \$1.90 of the second issue only 13,721, 9,629 and 140,848 respectively were issued.

Next comes a fine history of the Proprietary stamps from 1875 to 1899, and then the Private Proprietaries (match, medicine, playing cards and perfumery) are treated exhaustively. This

PRICE LIST

Quotations in Standard Catalogue (Scott's 59th) are for average specimens. My prices are from one-half to two-thirds Standard and are for THE BEST COPY IN STOCK. Your money back if not satisfied.

A special discount of 10 per cent is allowed on orders from this list amounting to \$2.00 net or more.

Postage extra on all orders under 50 cents.

Everything listed is in stock at time of going to press, but it is impossible to keep everything indefinitely so always send a supplementary list with your order. Otherwise money will be returned if any stamp ordered is out.

forms the bulkiest and not the least interesting part of the book. The whole winds up with the reference list proper which gives colors, shades and varieties galore. The present 2c Documentary is listed in six shades and the 1½c Proprietary in five. The book stops short at December 31, 1896, so the new Private Proprietaries are not mentioned.

Throughout extensive extracts from the correspondence between the contractors and the Commissioner of Internal Revenue are made and these are all well chosen and absorbingly interesting. Indeed one could wish for more, though enough is given to make the points which the authors wish. If there is a fault in the work it is that the authors have been so sparing with their own views. The settled points are settled with the records, but the mysteries (and there are still a few left) are scantily commented on notwithstanding that most of us would like to have the THEORIES of the committee, which as the gentlemen were thoroughly en rapport with the subject could not fail to be worthy of acceptance until evidence should prove them erroneous.

Some popular fallacies are put to sleep. For instance, the general belief that the revenues were first issued imperforate, then part perforate, and finally perforated is shown to be an error. The stamps were issued perforated first and only occasionally part or unperforate (incomplete really) to fill sudden demands. Again many believe in the \$5,000 value and not long ago we were entertained by the tale that a certain railroad mortgage bearing two or three of these gems had been spotted by a lynx eyed philatelist who proposed to live 99 years, more or less, so as to be on hand when the mortgage was lifted and the stamps released. This pleasing fable receives its quietus from the hands of our authors who simply state that the \$5,000 value was prepared and the colors chosen but it was never printed except in proof form.

The first private proprietary stamp printed was the 1c red, Herrick's Plasters, November 18, 1862. One of the interesting mysteries touched upon is the case of X. Bazin, a New York perfumer. This gentleman pungled up \$350 each for three plates, approved the colors and then never ordered the stamps, although the contractors printed 628,800 of them and kept them in stock for four years. Now, why didn't X. Bazin use his stamps after going to all that expense?

We think we have mentioned enough of the fascinating things in this volume to indicate its worth. We owe a debt of gratitude to the three gentlemen who have, as they modestly say, compiled it. Let us hope that there will be more good work of the kind done.

PACKETS.

A special effort has been made in preparing these packets to give the purchaser extra value for his money. No cut cards, foreign revenues, telegraph stamps or envelopes included. All are good specimens, fit for any collection. "Your money back if you want it."

NO. 1-25 varieties U. S. adhesives, including postage, departments and dues, only... 25c

NO. 2-30 varieties U. S. revenues, various issues, all worth having..... 15c

NO. 3-30 varieties British Colonies, used and unused, a fine lot..... 20c

NO. 4-30 varieties South American, good as wheat..... 15c

NO. 5-"The Pueblo," positively the best packet for the money ever offered! 100 varieties of foreign stamps, cataloging from \$2.50 to \$3.50, nothing cheap and common, but all bright, clean stock, only..... 50c

If you buy one you'll want another. No two just alike.

HINGES.

A good hinge is a necessity to the modern collector and one who has fussed with the kind that curls up into hard knots will appreciate it when he tries.

"Albrecht's Surpassing," per 1,000..... 15c

These are large hinges, perfectly peelable without injury to the stamp and are conceded by most advanced collectors to be perfect.

"Omega," per 1,000-10c, per 3,000..... 25c

These are small die cut hinges, the best in their grade. Will not curl up. Your money back if you don't like 'em.

THE STAMPMAN

BY AND FOR D. W. OSGOOD,
Box 502, Pueblo, Colorado, U. S. A.

An occasional publication for the edification of the philatelic public.

We will exchange with papers desiring the courtesy.

Subscriptions are not desired.

Volumes I, II, III and IV complete 35 cents, post free.

Current number free upon application, but no regular list is kept. Send for each number as it appears.

PUEBLO, COLORADO, JANUARY 1, 1900.

GREETING.

Again we change our shape, although in mortal terror of Messrs. Stone, Deats et als. We have no reason for it in particular except that we are tired of the old love and long for a new one.

The era just closing in the stamp world has seen many things calculated to shake the nerve of investors in stamps, but the period now at hand seems likely to bring back the smile to their faces. Every one is agreed that prices are at the foot of the ladder and that the rise in values has already begun. The new catalogue is a vast improvement in many respects and its pricing seems to give universal satisfaction. Fifty per cent discount on everything does not go any longer, although there are still many cheap stamps that can be sold at that figure. As catalogue prices now stand 25 per cent is as much as a reasonable man can ask on the general run of goods.

This number of The Stampman is intended for a permanent list. From time to time we will list additions to our stock in more or less regular emissions of The Stampman, but this list will not be republished. Please therefore keep it by you for use when you wish to order stamps, hinges, albums or a catalogue.

ALBUMS.

Christmas is coming and you want a new album for yourself or a friend. We have just added a line of albums to our stock and are prepared to serve you with the best and latest albums in the market.

J. W. SCOTT'S ALBUM, CHEAP EDITION
JUST ARRIVED.

Printed on fine paper, strongly bound and brought right up-to-date. The only Album that is up-to-date.

I—It is printed on better paper than any other album in the world.

II—It is printed in the highest style of the art.

III—It contains spaces for all regular government postage stamps issued up-to-date, November 15, 1899. IV—It includes the new issues for all the United States colonies, war revenues up to and including the \$1,000, last issues of Canada, Netherlands, Venezuela, Newfoundland, Brazil, etc., etc.

V—Plenty of room for new issues and new pages published every month when required.

VI—Best, strongest, cheapest, and easiest understood of any album published, being printed from same plates as the \$20.00 book.

PRICES.

Bound in boards\$1.00
Bound in full cloth, gilt..... 2.00
Post paid by high value stamps.

THE CATALOGUE.

You cannot collect intelligently without Scott's Standard Catalogue, 1900 edition (59th). We have it in stock and can mail on receipt of your order. Price 58 cents, postpaid with high value stamps. A stamp cataloging 10 cents is presented to each purchaser.

HINTS.

Applicants for approval selections who receive this notice marked will understand that reference must be furnished before stamps will be sent.

To save making out a long order check the stamps that you want on this list and send with remittance. We will return it or send a clean copy as you prefer.

Postage is extra on all orders under 50c. Please note this. Also when writing letters requiring a reply enclose postage. We would be glad to answer all courteous inquiries but our pocketbook has a bottom.

We cannot send stamps on this list on approval except to parties known to us. Our good nature has been abused by people who order fifty or one hundred stamps and then return them with a trivial excuse. Send the money for what you want and if the stamp is not satisfactory your money will be returned.

Please send a supplementary list when ordering from The Stampman. This number will be in active use for several months and during that time some lines are sure to be exhausted. In the absence of a supplementary list we always return the money for any stamp not in stock.

THE STAMPMAN

BY AND FOR D. W. OSGOOD.

BOX 502, PUEBLO, COLO.

Vol. V. No. 2.

April, 1900.

Whole No. 24

Notes on the "Pueblo" Stamps.

Since the Government admitted and put in practice the new wrinkle (which after all is not new, see Mexican early issues) of putting the postoffice where a stamp is sold indented on the plate, there has been much doubt and hesitation in the ranks as to whether such distinctions were collectible or not. Whether they are or not it is not my purpose to discuss in this paper. It is sufficient for our purpose to remark that both "pros" and "antis" are diligently gathering and preserving these stamps. This being the case some facts about the interesting and famous Pueblo errors will doubtless prove acceptable to our readers.

As is the case in most offices, only the one and two-cent values are over printed and there have already been two printings, of at least two lots have been requisitioned and duly supplied. The first lot of printing was received here June 23d, 1899 and consisted of 200 sheets of one-cent and 500 sheets of two-cent. The surcharge consists of the word "Pueblo" in minute Roman letters, the word being almost exactly 3 mm. long and when normally placed is on Franklin's shoulder in the case of the one-cent and on Washington's neck in the case of the two-cent. The surcharge is printed in black ink in both cases and was made from an engraved plate, the same plate being used for both values. We were allowed to go through the shipment at the postoffice before any of these stamps were placed on sale and were therefore able to make notes of the plate numbers. Our close scrutiny of each sheet was rewarded by finding two minor varieties or errors or whatever they may be called, viz: a broken "O" occurring on the fourth stamp from the left in the top row and a broken "K" on the tenth stamp of the fourth row. Evidently the accidents did not happen until the one-cent was nearly all printed, as we found only a few sheets of one-cent having these varieties, while all the two-cent showed them. We called the attention of the vault clerk to these broken letters and he promised to have the matter brought to the attention of the bureau authorities. This he evidently did, as the second printing, which has just been received, is entirely without flaws so far as we have examined the sheets.

The plate numbers in the first lot were one-cent, Nos. 1062, 1064, 1065, 1066, 1070, 1071, 1072, 1073, 1074, 1075, 1081, 1082, 1083, 1085, two-cent, 1030, 1051, 1062, 1052, 1054, 1055, 1062, 1067, 1068, 1070, 1069, 1051, 1052, 1053.

Of the one-cent bearing the broken "O" only (which we will designate as Type II) we found but four specimens bearing plate No. 1081. Of one-cent showing both errors (Type III) we secured 42 sheets and the following plate numbers are represented: 1070, 1074, 1075, 1082 and 1085.

As to the two-cents, as stated above, all the sheets showed both errors, and as it was manifestly impossible for us to corner the whole printing we contented ourselves with two sheets of each number which we have preserved entire. We, however, made an arrangement with the stamp clerk whereby he saved the stamps showing the broken letters with an adjoining stamp in each case. This of course was only possible where the sheets were broken up for retailing and we secured only about 200 of these errors all told, the rest having been sold to purchasers of entire sheets.

The second printing, which was received on October 23, 1899, consisted of the same number of sheets as the first and was identical in all respects with the first printing, except the broken letters. Whether the bureau made a new plate or was able to fix the old one we are at a loss to determine. There is no trace of any patch work on the new printing. The plate numbers are: one-cent, 1110, 1111, 1115, 1116, 1117, 1118, 1123, 1124, 1125 and 1126; two-cent, 1112, 1115, 1119, 1120, 1126, 1127, 1128.

PRICE LIST

Quotations in Standard Catalogue (S. S. & Co.) 50th are for average specimens. MY prices are from one-half to two-thirds Standard and are for THE BEST COPY IN STOCK. Your money back if not satisfied.

THE STAMPMAN

BY AND FOR D. W. OSGOOD.

BOX 502, PUEBLO, COLO.

Vol. V. No. 2.

April, 1900.

Whole No. 24.

Notes on the "Pueblo" Stamps.

Since the government adopted and put in practice the new wrinkle (which after all is not new, see Mexican early issues) of having the postoffice where a stamp is sold indicated on the plate, there has been much doubt and hesitation in the ranks as to whether such distinctions were admissible or not. Whether they are or not it is not my purpose to discuss in this paper. It is sufficient for our purpose to remark that both "pros" and "antis" are diligently gathering and preserving these stamps. This being the case some facts about the interesting and famous Pueblo errors will doubtless prove acceptable to our readers.

As is the case in most offices, only the one and two-cent values are over printed and there have already been two printings, or at least two lots have been requisitioned and duly supplied. The first lot or printing was received here June 23, 1899, and consisted of 200 sheets of one-cent and 200 sheets of two-cent. The surcharge consists of the word "Pueblo" in minute Roman letters, the word being almost exactly 1/16 inch long and when normally placed is on Franklin's shoulder in the case of the one-cent and on Washington's neck in the case of the two-cent. The surcharge is printed in black ink in both cases and was made from an engraved plate, the same plate being used for both values. We were allowed to go through the shipment at the postoffice before any of these stamps were placed on sale and were therefore able to make notes of the plate numbers. Our close scrutiny of each sheet was rewarded by finding two minor varieties or errors of whatever they may be called, viz: a broken "O" occurring on the fourth stamp from the left in the top row and a broken "E" on the tenth stamp of the fourth row. Evidently the accidents did not happen until the sheets were nearly all printed, as we found only a few sheets of ones having these varieties, while all the twos showed them. We called the attention of the vault clerk to these broken letters and he promised to have the matter brought to the attention of the bureau authorities. This he evidently did, as the second printing, which has just been received, is entirely without flaws so far as we have examined the sheets.

The plate numbers in the first lot were: one-cent, Nos. 1963, 1964, 1965, 1966, 1970, 1971, 1972, 1973, 1974, 1975, 1981, 1982, 1983, 1987, two-cent, 1959, 1951, 1952, 1953, 1954, 1955, 1962, 1967, 1968, 1976, 1980, 1981, 1982, 1983.

Of the one-cent bearing the broken "O" only which we will designate as Type II, we found but four specimens bearing plate No. 1981. Of one-cents showing both errors (Type III) we secured 42 sheets and the following plate numbers are represented: 1970, 1974, 1975, 1982 and 1987.

As to the two-cents, as stated above, all the sheets showed both errors, and as it was manifestly impossible for us to corner the whole printing we contented ourself with two sheets of each number which we have preserved entire. We, however, made an arrangement with the stamp clerk whereby he saved the stamps showing the broken letters with an adjoining stamp in each case. This of course was only possible where the sheets were broken up for retailing and we secured only about 20 of these errors all told, the rest having been sold to purchasers of entire sheets.

The second printing, which was received on October 25, 1899, consisted of the same number of sheets as the first and was identical in all respects with the first printing, except the broken letters. Whether the bureau made a new plate or was able to fix the old one we are at a loss to determine. There is no trace of any patch work on the new printing. The plate numbers are: one-cent, 1193, 1115, 1117, 1118, 1121, 1124, 1125 and 1126; two-cent, 1112, 1117, 1119, 1120, 1128, 1127, 1128.

Whole No. 25

Eminent Men Who Have Never Met Us.

IX

We have been unable to learn much of the antecedents and habits of Edward Fountain Carter except that he lives mostly in Keokuk back in Iowa, but this is a volume in itself. When we say that Keokuk calls itself The Gate City and has a street fair every year anyone will know at once what kind of a place it is. Few men rise superior to their surroundings, so we are quite prepared to believe that Keokuk Carter writes poetry, collects Seebecks and drinks river water. Aside from the fact that he has not met us yet Bro. Carter's chiefest and carkingest care is the regular infliction of Col. Buffalo Robie's presence every three months. Col. Robie was in Keokuk May 25th, and the gale that whistled through his hirsute equipment unroofed flatboats and tore the chimneys from all the heneoops in the Gate City. Robie also took the Gate with him when he left.

But to resume: Our victim is a collector of the new school, selecting his specimens with care and taking only what he can pay for at the time. This rare and curious habit could be imitated by others with distinct advantage to all concerned. Mr. Carter writes that his collection has just passed the 4,000 mark, from which we understand he has invested to date \$4,000.00 in it.

Personally our subject is one of the sights of Keokuk. He has a strong, clear cut face, blue eyes and quite a mess of hair on his head. He can't raise a mustache and so he has been unable to find a girl to take him for better or for worse. He wears a white shirt and a clean collar every day and cuffs on Sunday.

He is an author of considerable renown and has published some fiction and a few facts in local journals. We have been trying to get him to write for the stamp papers, being convinced that the gayety of nations would be greatly enhanced thereby. A sample appears in this issue of THE STAMPMAN which was thrown off by Mr. Carter's typewriter while under the influence of a narcotic.

Where the 6c Proprietaries Are.

The first issue U. S. revenue, 6 cent orange proprietary is a hard stamp to get a hold of. You can look through a lot of a million assorted revenues on old documents and find nearly all the other lower values and hundreds of other six cent stamps but no proprietaries. The one, two and three cent proprietaries are common enough. A search through an old stock will unearth many other stamps but none of the six centers.

Their scarcity is supposed to be due to the very small number which were printed. That cer-

THE STAMPMAN, PUEBLO, COLO.

tainly has something to do with it. I saw 25,000 of them burn up. If this conflagration had not occurred, there would be more of them than there now is and the value would be lessened considerably.

In 1866 there was here in Keokuk a patent medicine firm that manufactured and sold what was called "Red Rose Lung Balm" and the price was \$1.50, which required a 6c stamp. It was a big concern and sold goods all over the country.

Sept. 3d, 1866, their place of business caught fire and burned almost completely down, and so crippled the firm that it went out of business shortly afterwards. There were in the office safe the night of the fire 25,000 of the 6c stamps, but the safe walls caving in, broke open the safe and every stamp was destroyed.

I can dimly remember the fire as I was but a child at the time, but came across an old newspaper the other day giving an account of it and the following paragraph caught my attention:

"\$1500 worth of revenue stamps were in the safe also. They had been received during the morning and were to be used to stamp the bottles. There were 25,000 stamps in all, each of the 6c denomination, orange in color and bearing the picture of George Washington. Mr. Joy had intended to remove the bulk of them to the bank vault in the morning, but forgot it in the rush of business and now they are gone."

A few days ago I came across a half dozen old bottles of Red Rose Lung Balm in one of our drug stores. Each bottle was stamped with two 3c stamps. Had this fire not occurred I would have 6c proprietaries to sell cheap.

Keokuk, Iowa. EDW. F. CARTER.

THE STAMPMAN

By and for D. W. OSGOOD
 ERNEST W. OSGOOD, Associate Editor
 Box 502, Pueblo, Colo., U. S. A.

Machine Made.

DON'T trade stamps without consulting the other fellow.

DON'T feel envious of the other fellows who can buy Post Office Mauritius, Baltimore 10c. Sydney Views, etc., etc. You can get just as much fun out of "trash" if you go at it in the proper spirit.

DON'T write for the stamp papers unless you have something to say worth reading.

DON'T rush into authorship unless you can write passable English. The gift of construction is born in one more often than it is acquired.

DON'T buy \$10.00 stamps for 50 cents unless you get a pedigree too.

DON'T follow the fashion in collecting. It's expensive.

DON'T steal your stamps. It is better to go without a coveted specimen and cultivate the Christian virtue of self denial.

DON'T join a society unless you mean to pay dues regularly and bear the heat and burden of the day.

DON'T ask for sample copies of a publication more than half a dozen times before you subscribe. Publishers have an aversion to the "sample copy fiend."

DON'T think that you monopolize all the honor, integrity, good intentions and other virtues of stampdom. Even dealers have more or less of them.

THE ASSOCIATE EDITOR

Some time ago Keokuk Carter promised that the first time he was invited to the hotel for dinner he would get a spoon for the Associate Editor. Nothing has materialized yet, so we conclude that it is a long time between meals in Keokuk.

Mr. Joe S. Davis, a well known Denver collector, was married June 6th to Miss Edith Wight. We hasten to extend best wishes and congratulations.

We notice floating around in the stamp papers the statement that the anonymous publisher of that clever satire "Stampic America" is Miss Swift, of Whitman, Mass. We are quite prepared to believe this as the few copies we have been favored with were quite too bright for dull-witted man to produce.

Maj. H. Adhesive Chapman is planting squash and string beans, and in the intervals of editing his journal is busy mashing potato bugs.

The rumor that Br'er Robie is to come to Manitou this summer for the benefit of his cough has been revived. This is a good place to go to if a cough needs exercise. One has to cough up the long green at every turn.

A Tale of the \$5 State.

The best stamp in my collection is a fine copy of the \$5 State Department, black and green catalogued at \$135. I never see this stamp but what a feeling of grief comes over me at the thought of what might have been. I could have had two full sheets of this rarity with at least twenty loose copies beside.

All the Department stamps were called in to be destroyed on June 30th, 1884. The Post Office department had discontinued the use of their set long before, but it was not until this date that all of the departments were made void and the franked envelope became the means of free postage for those in the service of the United States.

At that time an uncle of mine was the Secretary of State's private secretary and I was visiting his family at Washington during June 1884. It must have been about the middle of the month when I was in my uncle's office. I was then a boy of 14 and had a little stamp collection, almost worthless then, but if it were taken from my album now, would leave a sorry hole which I would have a hard time in filling up.

I was watching my uncle working, when he handed me an envelope full of stamps, two full sheets of the \$5 State and about twenty-five loose copies. "They will be no good after the first of next month" he told me, "you can take them home and trade them with the boys." I took them home when I left, but the day following my arrival the family went up the river to St. Paul and I forgot the stamps until my return home, when I found a letter from my uncle awaiting me.

He wrote that I should return them all as he had to turn them in to the postal department, a fact he was unaware of at the time. He told me to keep one for my album, in fact to keep them all if I wanted them, but he would rather that I return what I did not want as he wished to turn over at least a few of them.

I was young in stamp matters then, did not have a catalogue and did not know their value, so I returned all but the one specimen. I wish now that I had returned him either none at all or a few copies, but it is too late now to complain and I am thankful for the one copy I have, a stamp which few other collectors own and for which I have refused \$100 cash on four different occasions.

Keokuk, Iowa. EDWARD F. CARTER.

"Absent-Minded Beggars."

In our last number we printed a list of parties who had stamps of ours and betrayed no disposition to return them. Of the lot Dr G. S. Walker, Huntington, Fla., has returned the books with a perfectly satisfactory explanation, and Mr. Oscar J. De Wannieck, of Chicago, state-positively that he never received the stamps in question. As he is on the road and his mail follows a devious route it is very likely he didn't and we give him the benefit of the doubt. The others named, viz: Messrs. Ferchaud, Risdon, Guibord, Nethawag, DuVall and Millard are undoubtedly petty thieves and we advise other dealers to stay clear of them.

THE STAMPMAN

By and for D. W. Osgood

Box 502, PUEBLO, COLO.

Vol. V. No. 4.

September, 1900

Whole No. 26

A Treasure Under the River.

A complete uncanceled, o. g., set of 1869 for \$10. An announcement of that kind would startle the philatelic world in this day when the set is catalogued at over \$65.

And yet it came near being a reality. I was within an inch of having this entire set in entire sheets, 177,000 stamps in all, 1,000 of the 90c value and from 2,000 to 100,000 of the other varieties, all in mint post-office state, entire sheets and with the plate numbers intact, a total catalogue value of \$302,000.

My father was Postmaster of Keokuk in 1869. At that time our office was distributing point for the state of Iowa and a depository for stamps. Stamps, envelopes and cards were sent here and sent out to the other offices in the state, the Keokuk office being a branch of the head office.

On September 8th, 1869, there was sent from the Washington office to the Keokuk office a steel case containing the new issue. The invoice was as follows: 1c buff 20,000; 2c brown 20,000; 3c blue 100,000; 5c blue 10,000; 10c yellow 6,000; 24c green 10,000; 15c brown and blue 6,000; 24c green and purple 2,000; 30c blue and carmine 1,000. The total face value was \$8,880.

At that time there was no railroad running into this city from the east and the consignment was sent by rail to St. Louis and from there it came up the river to Keokuk on a steamboat. My father received official notice that the stamps would be shipped and he expected them on September 17th, on which date the boat was due.

The Red Lion left St. Louis on time with the stamps and was within a half mile of the landing place at Keokuk when she blew up, and down into the bed of the Mississippi went that case of stamps together with everything else on board. It was a shocking accident as the boat was crowded with passengers and over 65 men and women and children were either drowned or blown into eternity.

Dredgers and divers recovered what they could, but the little steel box of stamps was never found and a new supply was sent on and distributed. I do not remember that far back for the very good reason that I was not born until six years after, but my father had told me of it many a time. That good man is now dead, but I have papers, etc., left behind which tell the story.

The exact spot where the Red Lion went down is well known, and to this day one can dig up out of the sand various bits of iron, pieces of chain and even bones around the spot.

Last summer I made an almost successful attempt to get the lost hoard of stamps which, had I found them, would have enabled me to gather together enough wealth to satisfy me for the rest of my life. I would be satisfied with \$60,000 and believe I could enjoy life on that.

I purchased two diving suits and together with my brother went to the fated spot and anchored our skiff. Down beneath the river we spent eight days, digging and scraping in the sand, and on the eighth day we unearthed the box of stamps. It was rusty and covered with river moss and weeds, but appeared to be in good shape on the inside.

We tied a rope about the precious find and arose to the surface. Removing our heavy helmets we both gave a long yell of joy and then started to haul up the box. But it was either so tightly imbedded in the mud or lodged among the rocks that we could not budge it; so my brother replaced his headgear and let himself over the side of the boat and sank down into the twenty feet of water to unloosen the thing.

And then there came into my life a thing which I shall never forget, one of those incidents which are sure and yet which come with a shock which leaves a wound that never heals. My brother drowned there beneath me and without my knowledge. When he had reached the bottom I began to pull on the rope which in some

PRICE LIST

Quotations in Standard Catalogue (Scott's 59th) are for average specimens. My prices are from one-half to two-thirds Standard and are for THE BEST COPY IN STOCK. Your money back if not satisfied.

A special discount of 10 per cent is allowed on orders from this list amounting to \$2.00 net or more.

Postage extra on all orders under 50 cents. Everything listed is in stock at time of going to press, but it is impossible to keep everything indefinitely, so always send a supplementary list with your order. Otherwise money will be returned if any stamp ordered is out.

PLEASE NOTE:

This list includes stamps added to stock since the issue of the White Stampman, July 1. It is not my complete list, which is now comprised in the Red, Blue, White and Pink numbers. If you haven't a copy of the complete list, send for it. Any or all free on demand.

A Tale of the \$5 State.

The best stamp in my collection is a fine copy of the \$5 State Department, black and green catalogued at \$135. I never see this stamp but what a feeling of grief comes over me at the thought of what might have been. I could have had two full sheets of this rarity with at least twenty loose copies beside.

All the Department stamps were called in to be destroyed on June 30th, 1884. The Post Office department had discontinued the use of their set long before, but it was not until this date that all of the departments were made void and the franked envelope became the means of free postage for those in the service of the United States.

At that time an uncle of mine was the Secretary of State's private secretary and I was visiting his family at Washington during June 1884. It must have been about the middle of the month when I was in my uncle's office. I was then a boy of 14 and had a little stamp collection, almost worthless then, but if it were taken from my album now, would leave a sorry hole which I would have a hard time in filling up.

I was watching my uncle working, when he handed me an envelope full of stamps, two full sheets of the \$5 State and about twenty-five loose copies. "They will be no good after the first of next month" he told me, "you can take them home and trade them with the boys." I took them home when I left, but the day following my arrival the family went up the river to St. Paul and I forgot the stamps until my return home, when I found a letter from my uncle awaiting me.

He wrote that I should return them all as he had to turn them in to the postal department, a fact he was unaware of at the time. He told me to keep one for my album, in fact to keep them all if I wanted them, but he would rather that I return what I did not want as he wished to turn over at least a few of them.

I was young in stamp matters then, did not have a catalogue and did not know their value, so I returned all but the one specimen. I wish now that I had returned him either none at all or a few copies, but it is too late now to complain and I am thankful for the one copy I have, a stamp which few other collectors own and for which I have refused \$100 cash on four different occasions.

"Absent-Minded Beggars."

In our last number we printed a list of parties who had stamps of ours and betrayed no disposition to return them. Of the lot Dr G. S. Walker, Huntington, Fla., has returned the books with a perfectly satisfactory explanation, and Mr. Oscar J. DeWannick, of Chicago, states positively that he never received the stamps in question. As he is on the road and his mail follows a devious route it is very likely he didn't and we give him the benefit of the doubt. The others named, viz: Messrs. Ferchaud, Risdon, Guibord, Nethawag, DuVall and Millard are undoubtedly petty thieves and we advise other dealers to steer clear of them.

THE STAMPMAN

By and for D. W. Osgood

Box 502, PUEBLO, COLO.

Vol. V. No. 4.

September, 1900

Whole No. 26

A Treasure Under the River.

A complete uncanceled, o. g., set of 1869 for \$10. An announcement of that kind would startle the philatelic world in this day when the set is catalogued at over \$65.

And yet it came near being a reality. I was within an inch of having this entire set in entire sheets, 177,000 stamps in all, 1,000 of the 90c value and from 2,000 to 100,000 of the other varieties, all in mint post-office state, entire sheets and with the plate numbers intact, a total catalogue value of \$362,000.

My father was Postmaster of Keokuk in 1869. At that time our office was distributing point for the state of Iowa and a depository for stamps. Stamps, envelopes and cards were sent here and sent out to the other offices in the state, the Keokuk office being a branch of the head office.

On September 8th, 1869, there was sent from the Washington office to the Keokuk office a steel case containing the new issue. The invoice was as follows: 1c buff 20,000; 2c brown 20,000; 3c blue 100,000; 6c blue 10,000; 10c yellow 6,000; 24c green 10,000; 15c brown and blue 6,000; 24c green and purple 2,000; 30c blue and carmine 1,000. The total face value was \$8,880.

At that time there was no railroad running into this city from the east and the consignment was sent by rail to St. Louis and from there it came up the river to Keokuk on a steamboat. My father received official notice that the stamps would be shipped and he expected them on September 17th, on which date the boat was due.

The Red Lion left St. Louis on time with the stamps and was within a half mile of the landing place at Keokuk when she blew up, and down into the bed of the Mississippi went that case of stamps together with everything else on board. It was a shocking accident as the boat was crowded with passengers and over 65 men and women and children were either drowned or blown into eternity.

Dredgers and divers recovered what they could, but the little steel box of stamps was never found and a new supply was sent on and distributed. I do not remember that far back for the very good reason that I was not born until six years after, but my father had told me of it many a time. That good man is now dead, but I have papers, etc., left behind which tell the story.

The exact spot where the Red Lion went down is well known, and to this day one can dig up out of the sand various bits of iron, pieces of chain and even bones around the spot.

Last summer I made an almost successful attempt to get the lost board of stamps which, had I found them, would have enabled me to gather together enough wealth to satisfy me for the rest of my life. I would be satisfied with \$60,000 and believe I could enjoy life on that.

I purchased two diving suits and together with my brother went to the fated spot and anchored our skiff. Down beneath the river we spent eight days, digging and scraping in the sand, and on the eighth day we unearthed the box of stamps. It was rusty and covered with river moss and weeds, but appeared to be in good shape on the inside.

We tied a rope about the precious find and arose to the surface. Removing our heavy helmets we both gave a long yell of joy and then started to haul up the box. But it was either so tightly imbedded in the mud or lodged among the rocks that we could not budge it; so my brother replaced his headgear and let himself over the side of the boat and sank down into the twenty feet of water to unloosen the thing.

And then there came into my life a thing which I shall never forget, one of those incidents which are sure and yet which come with a shock which leaves a wound that never heals. My brother drowned there beneath me and without my knowledge. When he had reached the bottom I began to pull on the rope which in some

PRICE LIST

Quotations in Standard Catalogue (Scott's 59th) are for average specimens. My prices are from one-half to two-thirds Standard and are for THE BEST COPY IN STOCK. Your money back if not satisfied.

A special discount of 10 per cent is allowed on orders from this list amounting to \$2.00 net or more.

Postage extra on all orders under 50 cents.

Everything listed is in stock at time of going to press, but it is impossible to keep everything indefinitely, so always send a supplementary list with your order. Otherwise money will be returned if any stamp ordered is out.

PLEASE NOTE!

This list includes stamps added to stock since the issue of the White Stampman, July 1. It is not my complete list, which is now comprised in the Red, Blue, White and Pink numbers. If you haven't a copy of the complete list, send for it. Any or all free on demand.

THE STAMPMAN, PUEBLO, COLO.

manner became twisted about his neck; and there I pulled, thinking I was helping him, and in reality I was slowly strangling him to death. By the time a half hour had passed I followed him down into the water and found him there standing upright, swaying with the current and with the ropes tangled about his body.

I forgot the treasure, forgot my own safety and sat on the sand at the bottom of the river and wept. Our diving suits had no air tubes and we could stay but a half hour beneath the surface, then coming up to breathe and refresh the air in the helmets. In my paroxysm of grief I stayed below almost too long and fainted away when I came to the surface.

How I raised the body and conveyed it home and the rest of the story is too fresh in my mind, too sad to repeat. I forgot the stamps and have never been near the spot since. They were within my reach but I let them go. One may possibly amass a fortune but one cannot bring back a departed friend.

This spring a friend of mine went to the spot and thought perhaps he would bring the stamps to the surface, but when he located the box, he found it broken open and empty. A rolling boulder on the river bottom during a heavy storm had probably broken open the box and the stamps were soaked into nothingness.

I have in my collection one set of the 1869 issue, all unused, and across their face is surcharged in black type "Post Master's Samples." This set was sent to my father when the issue first came out. When I turn and look at them, a feeling of sadness comes over me, not for the loss of the thousands, but for the loss of the one who had been my friend and companion in my life.

Keokuk, Iowa.

THE STAMPMAN

By and for D. W. OSGOOD

ERNEST W. OSGOOD, Associate Editor

Box 502, Pueblo, Colo., U. S. A.

In Re Stampic America.

It is with considerable hesitancy that I re-open the vexed question of the identity of "I. B. Unknown," but the stab in the dark indulged in by my sapient father in the last STAMPMAN having been easily parried I am moved to try my Sherlock Holmes' intellect on the momentous question. If something is not done soon to check the ravages of this mystery it will go thundering down the ages along with the celebrated query "Who struck Billy Patterson? If I wanted to be flippant as my honored parent so often is, I might nominate Charley Ross for the honor, but this is a serious effort to solve a problem that I flatter myself, would tax the powers of the redoubtable Holmes himself. Not being allowed the inspiration of a pipe nor even the bracing glass of brandy, I have been compelled to make my deductions entirely unaided. I do not intend in this article to give away the steps by which I reached my conclusion, but will reserve that revelation until I am assured by Miss Swift that my deductive powers have brought me to the right door. Will Miss Swift come forward and deny that the party responsible for "Stampic America" resides on Church street in Malden, Mass?

THE ASSOCIATE EDITOR.

Startling News.

Our Special Correspondent at Keokuk the First to Put It on the Wires.

(Special to THE STAMPMAN.)

KEOKUK, IOWA, Sep. 6, 1900, 10:00 P. M.

Col. Lewis Roble, L. H. Murray, Agent, showed up here to day minus his celebrated beard. The unfortunate man now closely resembles our next Vice-President. Ad ill, and has to carry a candle to see his way about, his eyes having become accustomed to the glare of his hirsute attachment. The Col. gives a very confused account of his loss and is evidently still suffering from the shock. The general opinion seems to be that the Col. will never be quite himself again. He even claims to be the famous anonymous publisher of "Stampic America."

E. F. CARTER.

J. W. Scott's Best Album.

We have a few copies of this excellent album in stock and as a special inducement will present each purchaser with 25 cents worth of stamps.

This is the latest album published, Dec. 1899, and contains spaces for U. S. colonials, etc. It is printed on good paper and is in all respects equal to the album that used to be sold for \$1.50. Price in boards, 75c. Postage 25c extra.

The 60th Catalog

is now under way and the advance sheets will begin appearing this month. We presume the complete work will appear in October or November at latest. We have ordered an extra large supply of these catalogs and will be glad to have your order for one. Price, postpaid, 58c. In addition we send copies of THE STAMPMAN and a 10 cent stamp gratis.

Save your order for us.

Hinges.

"Surpassing," large size, peelable, used by many of the most careful philatelists, per 1000 straight 15c.

"Omega," the best of the 10c hinges, quite peelable, does not curl up into hard knots, die cut, per 1000 10c; per 3000 25c; all postpaid.

THE STAMPMAN

By and for D. W. Osgood

Box 502, PUEBLO, COLO.

Vol. V. No. 5.

January, 1901

Whole No. 27

Me.

By MYSELF.

I am aware that it is not customary for the victim of a "portrait and sketch" to furnish the sketch, but my father, the editor, was obliged to get up several times last night with me and I gathered the impression from his remarks that the time was ill-chosen for social intercourse. Therefore, I feel that if I am set right before the philatelic world I dare not leave it to him.

I was born March 17, 1900, in Pueblo, Colorado, and all my life has been spent here except a short interval of two months during which I visited my several grandparents in Denver. I may say in passing that grandmothers are great institutions and deserve every encouragement. I shall take an early opportunity to repeat the visit if I find that the editor can edit a few issues without me.

My collection is not very large at present, in fact it may be said not to exist as I have an overpowering desire to delve into the true inwardness of books, and papa seems to think that a new album every week is asking too much. However, I shall have a collection and in the meantime I am absorbing philatelic wisdom from papa and helping to mix stamps. I can recommend the mixes sold by our house as I am a good mixer when I get my hand in anything. I have never held office as yet, but am expecting to be recognized by the Junior Stamp Collectors' Society at the next election. I believe that I am at present the youngest Associate Editor in the world, but time is fast wresting this distinction from me. I understand that Uncle Chapman has expressed sympathy with me because I have to write for a living so early in my experience. I am very grateful to Uncle C. for his sympathy, but would appreciate still more a subscription paper designed to keep me in rattles and similar necessities of life. Then I wouldn't have to work.

THE ASSOCIATE EDITOR.

An Eventful Career Is Closed.

Ever since the appearance of the September "Sentinel" I have been besieged with inquiries whether the startling news on the first page was really true, or due to the imagination of some youthful reporter who wished to achieve fame at a single bound. I have again and again sorrowfully assured inquirers that the story is true in every particular, and that there is small hope of our ever again seeing the Journal which under the name of "Stampic America" has gained such a warm place in the affections of all philatelists,

PRICE LIST

All previous quotations on the stamps listed here canceled.

I send you the best copy in stock at time of your order. Any stamps not satisfactory may be returned and money will be refunded.

Postage extra under 50 cents.

If any stamp ordered is out of stock I return your money unless a supplementary list is sent.

A special discount of 10 per cent. is allowed on purchases of \$2.00 net or over.

Cash remittances are preferred, of course, but unused U. S. postage stamps, especially 1 and 2c values, are accepted for any amount up to \$1000.

THE STAMPMAN

By and for D. W. Osgood

Box 502, PUEBLO, COLO.

Vol. V. No. 5.

January, 1901

Whole No. 27

Me.

By MYSELF.

I am aware that it is not customary for the victim of a "portrait and sketch" to furnish the sketch, but my father, the editor, was obliged to get up several times last night with me and I gathered the impression from his remarks that the time was ill-chosen for social intercourse. Therefore, I feel that if I am set right before the philatelic world I dare not leave it to him.

I was born March 17, 1900, in Pueblo, Colorado, and all my life has been spent here except a short interval of two months during which I visited my several grandparents in Denver. I may say in passing that grandmothers are great institutions and deserve every encouragement. I shall take an early opportunity to repeat the visit if I find that the editor can edit a few issues without me.

My collection is not very large at present, in fact it may be said not to exist as I have an overpowering desire to delve into the true inwardness of books, and papa seems to think that a new album every week is asking too much. However, I shall have a collection and in the meantime I am absorbing philatelic wisdom from papa and helping to mix stamps. I can recommend the mixes sold by our house as I am a good mixer when I get my hand in anything. I have never held office as yet, but am expecting to be recognized by the Junior Stamp Collectors' Society at the next election. I believe that I am at present the youngest Associate Editor in the world, but time is fast wresting this distinction from me. I understand that Uncle Chapman has expressed sympathy with me because I have to write for a living so early in my experience. I am very grateful to Uncle C. for his sympathy, but would appreciate still more a subscription paper designed to keep me in rattle and similar necessities of life. Then I wouldn't have to work.

THE ASSOCIATE EDITOR.

An Eventful Career Is Closed.

Ever since the appearance of the September "Sentinel" I have been besieged with inquiries whether the startling news on the first page was really true, or due to the imagination of some youthful reporter who wished to achieve fame at a single bound. I have again and again sorrowfully assured inquirers that the story is true in every particular, and that there is small hope of our ever again seeing the Journal which under the name of "Stampic America" has gained such a warm place in the affections of all philatelists,

PRICE LIST

All previous quotations on the stamps listed here canceled.

I send you the best copy in stock at time of your order. Any stamps not satisfactory may be returned and money will be refunded.

Postage extra under 50 cents.

If any stamp ordered is out of stock I return your money unless a supplementary list is sent.

A special discount of 10 per cent. is allowed on purchases of \$2.00 net or over.

Cash remittances are preferred, of course, but unused U. S. postage stamps, especially 1 and 2c values, are accepted for any amount up to \$1000.

but the letters still reach me in undiminished number, and I have therefore decided to give my explanations the full publicity which can be obtained in no manner so thoroughly as through the columns of **THE STAMPMAN**. Last one of our readers may have failed to see the article referred to, I quote it in full save for the omission of the numerous headlines.

"About 1:30 the night of the 25th Mrs. Joseph Jacobs was suddenly awakened by a crash of broken glass, followed by a soft thud and rapidly fleeing footsteps. She at once aroused Mr. Jacobs and excitedly urged him to pursue the supposed burglar. Mr. Jacobs was at first loth to stir, but on being assured that the sounds undoubtedly came from without, he finally mustered up sufficient energy to examine the rooms of his residence. These proving undisturbed, the matter was dropped until daylight, and might have been forgotten had not the pet dog of the family appeared at breakfast with one foot severely cut by broken glass. A search for the dangerous pieces resulted in the discovery that an upper window of the house next door, unoccupied, and owned by the heirs of Seth Garder, had been utterly wrecked during the night, both blinds and glass being broken. John Reed, the care taker, was communicated with, and at once repaired to the premises with the officers, assuring them that as the house contained nothing but dust and spiders the trouble was hardly worth their investigation. He had not entered the house for nearly a year, save in passing through the lower rooms, and could scarcely believe his eyes when the upper front room, to which the broken window belonged, was found to be a neatly furnished office with a printing press in one corner. This press had evidently been in use very recently, and on examining it the officers were amazed to find that they had stumbled upon the home of the mysterious journal which half the philatelic world has so long been excited over, the famous anonymous publication known as "Stampic America." The type-setting for the September number was nearly accomplished, and there can be no doubt whatever but that it was from this place the journal was issued. A spirited search was immediately made for the editor, known as "I. B. Unknown," but he had gone and left nothing behind by which his identity could be established. The police have taken charge of all the effects found in the office, including the September number of Mr. D. W. Osgood's trade journal, the "Stampman," which was found on the floor near the broken window. Mr. Unknown can have his property at any time by proving his right to it."

Several days after this article appeared I. B. Unknown burst suddenly upon me as I was transferring a block of four 85 State to my new blank album. He looked so thin and harassed that I hardly recognized him until he spoke.

"It is no use," he said dejectedly. "I have got to give up the publication of "Stampic America" and have dropped in to ask you to notify the public. You have seen that Osgood's associate editor is after me, I suppose."

"But he did not get you," I said soothingly. "You don't live on Church Street in Malden, nor anywhere near there, you know."

"I am aware of that," he answered. "His first guess is not right, but that is no safety against his second; he is such a bright little detective that I dare not risk a second time, and have decided, as did Irene Adler, that when pursued by so formidable an enemy the only safety is in flight. So I flew," he ended with a sad smile.

"Tell me all about it," said I.

"Well," he replied, "I had just returned from a summer trip to South Africa where I went to get some more V. R. I. news, and had gone at once to my office to set type for my September journal. I had it nearly all set when I sat down for a little rest, and took the time to look over the "Stampman" which I had taken along for refreshment in the way of light reading. The very first paragraph in the editorial department showed me that the associate editor had started on my track, and I was so scared lest he should really discover me, that I just left the office on the instant. I think it was through the window, through both glass and blinds," he added thoughtfully, "but I am not sure on that point. My only idea was to get out and away as quickly as possible. I do not mind being pursued by the entire philatelic fraternity in a body, being pos-

five they could not locate me, but now that the associate editor of the "Stamppan" has joined the chase I have got to give up or be discovered, and I give up. It is the only way to keep my identity a secret. I am going out west somewhere to start a new business, and shall trust to you not to betray my connection with the "S. A." Tell the public that it has suspended publication, and why. That is all. Goodbye."

And with a sad smile I, B. Unknown slipped away into the darkness of the night, and vanished, leaving to me the sorrowful duty of informing the public that it has seen the last issue of his bright little venture, "Stampic America."

AMY L. SWIFT.

THE STAMPMAN

By and for D. W. OSGOOD

Box 502 Pueblo, Colo.

An occasional publication for the edification of the elect of Philately

Will exchange with papers desiring the courtesy

No subscriptions received. Everyone making a purchase from me is put on the mailing list free of other expense.

Complete files cannot now be furnished, No. 19 being out of print and Nos. 24 and 25 nearly so. A file of all numbers in stock will be sent to any address on receipt of 35 cents.

PUEBLO, COLO., JANUARY 15, 1901

Collectors' Necessities.

The 60th Edition of the Catalog, 1901, only 58 cents, post free, together with a 20 cent stamp and a life subscription to THE STAMPMAN.

Surpassing Hinges, large, peelable, perfect, will not damage o. g.: 15 cents per 1000.

Omega, the best 10 cent hinge made, will not curl up and peels readily, 10 cents per 1000; 25 cents per 3000.

Last Edition of J. W. Scott's Best Album, boards, only 85 cents, post free. Regular price \$1.00. This figure to rise out the few volumes in stock.

Packet No. 9. 25 varieties of Canadian Stamps, including surcharges, Jubilee, Christmas and 5 bill stamps, big value, only 18 cents.

The greatest snap ever offered to collectors—Hayward's Good Lot, consisting of 500 varieties of postage stamps, including many new issues. No revenues, cut cards or envelopes. Price only \$1.00, post free. The Cheapest and best packet ever offered.

For full list of packets see the PINK STAMPMAN, which will be sent free on request.

Approval Department.

I have added many thousands of desirable stamps to this department and invite a trial. Ordinary stamps at 50 per cent. discount. Best grades at 33½ per cent. Unused at net prices.

Something New

are my big Approval Books containing from 350 to 1300 varieties each at net prices, ½ cent, 1 cent and upward. A convenient way of filling up spaces with the cheaper varieties.

These books will not be sent to small buyers, as the postage item is considerable.

THE STAMPMAN

By and for D. W. Osgood

Box 502, PUEBLO, COLO.

Vol. V. No. 6.

February, 1901

Whole No. 28

About Catalogs.

The 60th Edition of Scott's Standard Catalog appeared just before Christmas after having been expected daily for more than a month. This delay, though doubtless unavoidable by the publishers, caused a very material loss to dealers throughout the country because collectors, when new prices are imminent, prefer to wait and see what they are before buying.

This delay, which characterizes the Scott catalog, is a very real grievance to the trade and some way should be found to obviate it. Some one unkindly suggests that the publishers find the sale of advance sheets so profitable that they are willing to make the period between the announcement of a new edition and its actual appearance as long as possible.

As to the catalog itself, we do not see that it is more or less worthy of criticism than usual. Many claim that the publishers price certain stamps too low in order to buy in a supply, and others too high in order to unload a large stock at a big price. We find it difficult to believe that such a dishonorable course is pursued by a house of the prominence of this one. In a price list recognized by a whole continent as a standard of value it would be nothing short of a fraud and a moral crime to price stamps wrongfully for private gain. Until better evidence is afforded we decline to believe that The Scott Stamp and Coin Co. is controlled by dishonorable men.

It is proposed by the critics of the Scott Catalog that the American Philatelic Association undertake the publication of a catalog which shall be above suspicion. Such a catalog, properly prepared, would be a boon to suffering humanity but we see many difficulties in the way, beside the query that was raised in England during a similar discussion last year. By what right can one man put a price on another man's goods? All difficulties might be surmounted but we think there is an easier way out of the dilemma. Why should not the Scott Company request and the A. P. A. appoint an advisory committee to assist the publishers in getting out their catalog? Let the two parties agree as to prices and give the publishers the right to use the Association's endorsement. Fix a regular date for publication, not later than October 1st of each year and abolish the advance sheets. If necessary, the publishers should be indemnified by the A. P. A. for loss of revenue from the advance sheets.

What would be the result? The prices might not suit everyone, but no catalog can ever coincide with the views of all. We would have a catalog issued practically by the A. P. A., or at least with its assistance and endorsement. Much more faith would be had in it and it would give an authoritative standard. The details I have not worked out, but given a willingness on the part of both sides I think the project much more feasible and likely to succeed than an independent catalog.

THE EDITOR.

Correspondence.

LIVERPOOL, ENG., Jan. 25, 1901.

EDITOR STAMPMAN:

I have just arrived and have hardly had a chance to get my bearings yet. Had a rough passage and was so unsteady on my legs generally that the chief steward several times jumped on me and called me a blink blank landlubber. When I wasn't rustling grub and things for the hungriest crowd of passengers that ever happened I was hanging over the side and serving the finny tribes. I thought I never would want to see grub again but I find now that a change has come over the spirit of my dream and I cannot get enough to eat, not having had a chance yet to

PRICE LIST

All previous quotations on the stamps listed here canceled.

I send you the best copy in stock at time of your order. Any stamps not satisfactory may be returned and money will be refunded.

Postage extra under 50 cents.

If any stamp ordered is out of stock I return your money unless a supplementary list is sent. A special discount of 10 per cent. is allowed on purchases of \$2.00 net or over.

Cash remittances are preferred, of course, but unused U. S. postage stamps, especially 1 and 2c values, are accepted for any amount up to \$1000.

Continued from last issue.

trade some of my stamps for English ha'pence. I went to see Taylor Bros. this morning but was fired out by the official bouncer before I had an opportunity to state my business. I must get a better coat and a presentable hat before I can do anything. But how to get them — ay, that's the rub! Oh, for a few minutes in Chicago and a chance to tap Charley Severn or Doc Cattlow! 'Twas ever thus! Please cable me ten shillin's and 6pn's or thereabouts till I get a start. Address me at the General Post Office. Just at present my dormitory is migratory and I am sleeping out.

At the present time it looks as though it would take me 200 years to get around the world instead of two, as planned.

Expectantly Yours, LEWIS ROBIE.

THE STAMPMAN

By and for D. W. OSGOOD

Box 502 Pueblo, Colo.

An occasional publication for the edification of the elect of Philately

Will exchange with papers desiring the courtesy

No subscriptions received. Everyone making a purchase from me is put on the mailing list free of other expense.

Complete files cannot now be furnished, No. 19 being out of print and Nos. 24 and 25 nearly so. A file of all numbers in stock will be sent to any address on receipt of 35 cents.

PUEBLO, COLO., FEBRUARY 25, 1901

Collectors' Necessities.

The 60th edition of the Catalog, 1901, only 58 cents, post free, together with a 20 cent stamp and a life subscription to THE STAMPMAN.

Surpassing Hinges, large, peelable, perfect, will not damage o.g.; 15 cents per 1000.

Omega, the best 10 cent hinge made, will not curl up and peels readily, 10 cents per 1000; 25 cents per 3000.

Last Edition of J. W. Scott's Best Album, boards, only 85 cents, post free. Regular price \$1.00. This figure to close out the few volumes in stock.

Packet No. 9. 25 varieties of Canadian Stamps, including surcharges, Jubilee, Christmas and 5 bill stamps, big value, only 18 cents.

The greatest snap ever offered to collectors—Hayward's Good Lot, consisting of 500 varieties of postage stamps, including many new issues. No revenues, cut cards or envelopes. Price only \$1.00, post free. The cheapest and best packet ever offered.

For full list of packets see the PINK STAMP-MAN, which will be sent free on request.

Approval Department.

I have added many thousands of desirable stamps to this department and invite a trial. Ordinary stamps at 50 per cent. discount. Best grades at 33 1/2 per cent. Unused at net prices.

Something New

are my big Approval Books containing from 350 to 1200 varieties each at net prices, 1/2 cent, 1 cent and upward. A convenient way of filling up spaces with the cheaper varieties.

These books will not be sent to small buyers, as the postage item is considerable.

The Stampman

By and for D. W. Osgood,

BOX 502, PUEBLO, COLO.

Vol VI. No. 1.

JUNE, 1901.

Whole No 29

Prospective.

At this writing the editor plans to spend July and August with the associate editor and his mother at a delightful ranch on the Rio Grande near Wagon Wheel Gap. The post-office is South Fork, Rio Grande County, Colo., and due announcement of a change of address will be made in the weekly papers. In any event however, mail addressed to Pueblo, will reach me safely, and all orders and other business promptly attended to.

While waiting for your order I will catch a 2 pound trout or two, and if your order comes will think of you while eating the fish.

A Great Seller.

No single thing that we ever advertised has had such a big sale as our OUNCE of MIXED U. S. and foreign stamps at 10 CENTS.

Each ounce contains 300 stamps more or less and is the most for the money that has ever been given.

Read what Mr. F. J. Martin writes of his purchase:

"I received ounce of stamps O. K. and they are fine. I would not take 50c for my ounce. The stamps that I am going to put on sheets catalogue about \$1.00, and the common ones 75c. I also found a Mexican imperforate catalogue 50c. I enclose 20c for two more ounces."

Mr. Martin was very fortunate and all ounces do not run so well, but many have bought from two to ten ounces more after trying a sample.

Osgood's Famous Big Selections.

Early this past season I put out a few Big Books containing from 300 to 1000 varieties in each at 1/2 to 3/4 each net. The success of the idea was instantaneous and I have been compelled to work night and day almost during April and May, to keep up with the demand. My sales of stamps during the past three months have been greater than for any previous year.

Nearly every one who has tried these selections are greatly pleased.

If you have less than 3000 in your collection we strongly recommend a trial book.

References always required from parties unknown to me.

Owing to the small margin of profit on these sales I require purchasers of less than \$5 worth at a time to pay my postage (4 to 8 cents on a book).

Try a Big Book.

In my regular approval department I have a nice line of goods in neat books at 50c, \$1.00, and net. References required.

Br'er Robie.

We have on several occasions pointed out the fact that our esteemed brother, Col. Buffalo Robie, was leading a double life. It now appears that he is leading a triple existence. A kind friend has sent us clippings descriptive of "Robie's Knickerbockers," a burlesque troupe now touring the east. Nothing was said about this when we bestowed our young affections upon Mr. Robie and we demand that he square himself at once.

The Stampman

By and for D. W. OSGOOD

Box 502, Pueblo, Colo.

ERNEST W. OSGOOD, Associate Editor.

An occasional publication for the edification of the elect of Philately.

Will exchange with papers desiring the courtesy.

No subscriptions received. Everyone making a purchase from me is put on the mailing list free of other expense.

Complete files cannot now be furnished, No. 19 being out of print and Nos. 24 and 25 nearly so. A file of all numbers in stock will be sent to any address on receipt of 35 cents.

PUEBLO, COLO., JUNE 10, 1901.

Collector's Necessities.

Surpassing Hinges, large, peelable, perfect, will not damage o. g.; 15 cents per 1000.

Omega, the best 10 cent hinge made, will not curl up and peels readily, 10 cents per 1000, 25 cents per 3000.

Packet No. 9, 25 varieties of Canadian stamps, including surcharges, Jubilee, Christmas and 5 bill stamps, big value, only 18 cents.

The greatest snap ever offered to collectors—Hayward's Good Lot, consisting of 500 varieties of postage stamps, including many new issues. No revenues, cut cards or envelopes. Price only \$1.00, post free. The cheapest and best packet ever offered.

Cleveland Correspondence.

The stamp clerks at the Cleveland Post Office have been very busy since moving day. There is no doubt the demand for the Pan-Americans has exceeded that for either the "Omaha" or "Chicago" stamps.

Of course there have been more complete sets sold. Thirty cents seems a very small layout compared with, for instance, the sixteen dollars and thirty-four cents the Columbian set costs.

You know the eight cent Columbian was issued some time later than the others of the set. Somebody who bought a set for \$16.26 before the appearance of the eight cent, wrote a verse (I don't remember just what paper it was in) to this effect:—

The Columbian set, so bright and new,
Will in our memory fix
Not only fourteen-ninety-two,
But sixteen-twenty-six.

Philatelists are pretty well satisfied with the new stamps. As a general thing the two colors have registered well. The Bureau surely was very painstaking. Probably some don't like the new stamps at all. That's only the natural order of things. There were some who disliked the 1869 stamps at the time of their issue, who greatly admire them now.

The 1869 set would have been more popular with the public had the picture of the locomotive been on some other stamp than the three cent. By the way, wouldn't there have been two rarities if the designs of the three and six cent been transposed after the public howl?

There is no objection now to the picture of the Empire State Express on the two cent Buffalo stamp, but I guess there would be if the issue was to be permanent.

The one cent stamp attracts attention in Cleveland because of our familiarity with the fast Lake Steamers. Visitors on their way to the philatelic conventions will find a lake ride, by day or by night, between Cleveland and Buffalo, very pleasant. You can also leave the cars further west, and take it all the way to Buffalo. Do it.

Many new collections will be started this year with a set of six Pan-American stamps. There were lots of fellows attracted by the Omaha and Columbian stamps, who longed for a set till they learned the cost. Possible philatelists discouraged on the threshold.

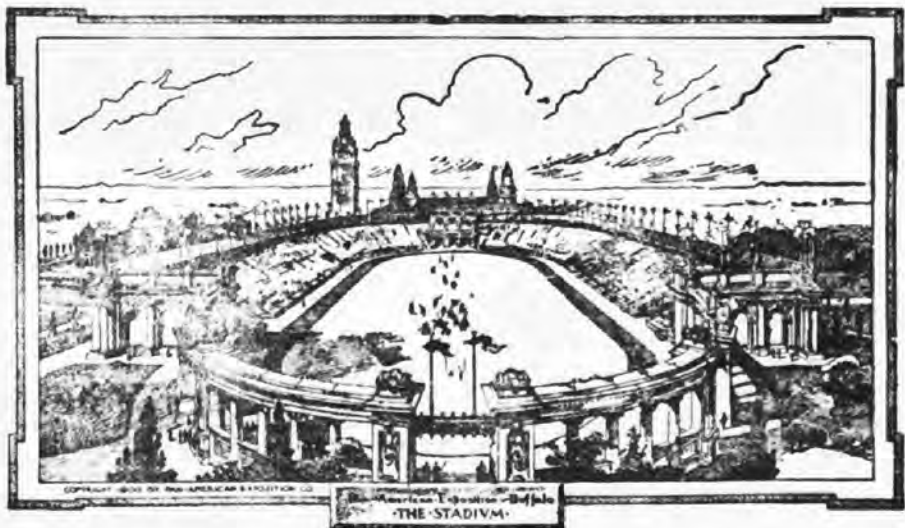

Don't talk so much to the man on the anxious seat about high-price stamps. Tell him how to make a good collection at a small cost. There is some trash in everything, so it won't scare him out to learn that some stamps are trashy.

If he makes ten cents the limit, he can make a good big collection of desirable, saleable stamps.

Spend thirty cents on somebody besides yourself. Give him a set of Pan-American stamps and tell him to start a collection.

CLEVELANDER

Mr. Chas. A. Jenkins recently sent us \$1.00 with the request that we bestow a 500 variety packet upon some aspiring beginner in philately, the idea being of course missionary. It is a worthy effort on the part of the older ones of the guild to do something to make the future secure.

The Stadium of the Pan-American Exposition is the largest and most beautiful arena for sports ever erected in America. It covers a plot 678½ by 450½ feet and has a quarter mile track with a width of 20 feet and an expansive field. Here will take place the important sporting events of 1901.

THE STAMPMAN

By and for D. W. Osgood

SOUTH FORK, Rio Grande Co., COLORADO

Vol. VI. No. 2.

February, 1902

Whole No. 30.

First Column

IN WHICH YE EDITOR APOLOGIZES FOR DEPRIVING THE WORLD OF THE STAMPMAN SINCE JUNE 1901.

A combination of typhoid fever and pneumonia kept me in bed for three solid months during the summer just past, and naturally deranged all my affairs. Since recovering, all my energies have been devoted to getting my stamp business in smooth running order, and little time has been available for other matters. I hope now to send out occasional numbers of THE STAMPMAN full of bargains.

Removal.

I have moved from Pueblo after a residence there of eleven years and am now settled for a time at least in South Fork, a small hamlet on the Creede branch of the Denver & Rio Grande R'y. in Rio Grande Co., Colo.

Big Books.

DEAR READER:—

I make a specialty of OSGOOD'S FAMOUS BIG SELECTIONS of 250 varieties and upward, neatly mounted in big books and priced at 1/2c, 1c, 2c, 3c, etc., each net. Hundreds of collectors have found these books the easiest and cheapest way to add the low value stamps to a collection. The prices range from one-third to two-thirds of catalog and average one-half.

I should be very glad to open business relations with you and will leave no stone unturned to make them pleasant.

From strangers I exact reference, either business or bank, except in case of men in business themselves or employed in responsible positions.

CANNOT WE GET TOGETHER?

The Cheapest Mix.

No other dealer offers anything like the value for the price that is contained in my SPECIAL MIX of U.S. and foreign stamps at TEN CENTS PER OUNCE. Postage 2c extra.

An original cover given with each ounce.
The best investment you can make of 12c!

A Good Lot.

I have sold many of Hayward's Good Lots (500 varieties for \$1.00) and have yet to hear of any dissatisfaction. They contain postage stamps only and include many of the recent issues. The packet catalogs about \$7.50 and is certainly a bargain at \$1.00

Try one and see.

PRICE LIST.

This list is supplementary to main list comprised in Nos. 27-28-29 of The Stampman.

Order by number.

Postage extra under 50 cents.

Ten per cent discount allowed on orders from this list amounting to \$2.00 or more.

Unused U. S. postage stamps 1 and 2 cent values with gum accepted to any amount. Do not separate the stamps but send in as large sheets as possible.

Make Money orders payable at Pueblo, Colo. post office. South Fork is not a money order office except for express orders

D. W. OSGOOD

A Big Seller.

Next to the SPECIAL MIX my PUEBLO PACKET of 100 varieties of Foreign stamps cataloging \$2.00 or more at 50 CENTS has proven the most popular offering I have made.

Each packet is made up on order and no two are alike.

A good dollar's worth of stamps for 50 cents. Your order is solicited. Satisfaction assured.

Scott's Standard Catalog, 61st edition, 1902, for 58 cents postfree.

Hinges.

Surpassing, large, peelable, the best in the market, 15c per 1,000, postage 2c extra.

Omega, the best of the 10c hinges, 10c per 1,000, 25c per 3,000, postfree.

Vol. VI. No. 3.

June, 1902.

Whole No. 31

Brazil.

A UNIVERSAL VIEW.

Bounded on the north by the Atlantic Ocean, Guiana and Venezuela; on the east by the same ocean; on the south by Uruguay; on the west by Ecuador, Peru, Bolivia, Paraguay and Argentine Republic, — such is the geographical position of Brazil, the largest of the South American countries. Its area of about 3,119,764 square miles is divided into twenty states, or "provinces," as they are called, with a combined population of about 14,002,335, of whom 1,000,000 are Indians, 1,050,000 slaves, and the remainder of mixed descent. Brazil held for some time the unenviable distinction of being the only country in America where slavery was legal, but in 1885 the government passed a bill providing for its gradual extinction by means of emancipation, the slave owners receiving indemnity as the slaves were freed. It is now said to be abolished.

The history of Brazil abounds in both romance and stirring interest, but can be touched upon in only a very brief and fragmentary manner in the space allotted to this article. Its pioneer discoverer was a Spaniard, Vincent Yanez Pincon by name, who happened along in 1499, but unfortunately for his future fame he made no settlement, being content to simply "take possession" of the country in the name of the Spanish Government, a proceeding which didn't amount to much, for the next year a Portuguese explorer who had been driven out of his course to the Indies by contrary winds and currents, sighted the land, and at once appropriated it for Portugal, making his first landing a little to the south of where the city of Bahia now stands. This historical gentleman was Pedro Alvarez Cabral, to whom is generally accorded discovery honors. He named the country Vera Cruz, meaning "True Cross," but later the name was changed to Santa Cruz, meaning "Holy Cross," and finally to Brazil, this last name coming from the word "brazá" meaning "hot coals"; and being selected on account of the bright red color for which some of the natural woods are famous.

The first colony was not planted until 1531, although there were occasional expeditions sent out from Portugal for commerce or exploration purposes. The French, the Spaniards and the Dutch each cast envious eyes upon the country, and bothered both Brazil and Portugal more than a little until the independence of the former was announced in 1822 with Dom Pedro I (eldest son of King Joao VI of Portugal) as the Emperor, or "Perpetual Defender," as he was at first called. His reign was an uneasy one owing to revolutionary troubles, and in 1831 he was obliged to resign the government to his only son, whom we know as Dom Pedro II., and leave the country. Dom Pedro II ruled through both war and peace until November 15th, 1889, when the empire was overthrown by a revolution, and a Republic established with Gen Deodora Fonseca as President. The succeeding Presidents were Floriano Peixoto, Prudente de Moraes, Victorino Pereira, and Campos Salles, the present ruler. The Presidential term was at first but six years, but Gen. DeFonseca was in office only a few months before being disposed by a second revolution, and later the term was reduced to two years, its present length. The dethroned Emperor retired to Paris with his wife and only child, the Princess Yzabel, and died there December 4th 1891.

AMY LOUISE SWIFT.

PRICE LIST.

This list is supplementary to lists comprised in Nos. 29 and 30 of The Stampman.

Order by number.

Postage extra under 50 cents.

Ten per cent discount allowed on orders from this list amounting to \$2.00 or more.

Unused U. S. postage stamps 1 and 2 cent values with gum accepted to any amount. Do not separate the stamps but send in as large sheets as possible.

Make Money orders payable at Pueblo, Colo. post office. South Fork is not a money order office except for express orders.

Brazil.

A PHILATELIC VIEW.

According to the generally accepted date of July 1, 1843, Brazil was the third country to adopt the convenience of postage stamps, England leading on May 6, 1840, and Zurich following May 1, 1843. The first issue consisted of only three values, 30, 60 and 90 reis, all printed in black, and all—so some authorities have said—on one sheet in such proportion as to give more of the low values than of the less needed high. As the plates are still preserved at Rio Janeiro the point should not be difficult to settle. The design, large numerals on an interwoven oval background, was changed the next year to a small rectangle of similar background with the corners of the rectangles showing an inward curve, and the numerals in slanting form. The design was retained, except for occasional changes in the pattern of the background and numerals, until the appearance of the portrait issue in July 1866. At various times new values were added, invariably in black until 1854 two values came out in blue. All save these last mentioned two are found in two varieties of paper, grayish white and yellowish white, as are also the 280 and 430 reis of 1861; neither Scott nor Gibbons catalog these two latter stamps on both papers, Scott listing them on the yellowish only and Gibbons on the grayish only. There is not much difference in the scarcity of the two papers, but what little there is, is almost always in favor of the yellowish.

In 1866 a perforating machine entered the office of Rio Janeiro, and for convenience sake the clerks were allowed to perforate what sheets of stamps they chose. Sometimes they ran several sheets at once through the machine, a proceeding which accounts for the many irregularities found. It is not positive that the entire issue was so treated, as there are no official data on the matter, the issue, if it can be so called, not being in any sense an official one. These stamps were sold only at the Rio Janeiro post office, and for a comparatively short time, facts which account for the high prices at which they are catalogued.

All of the above stamps were printed in Rio Janeiro, many of the plates (some steel and some copper) being still held by the authorities there, but the American Bank Note Co., of New York were called upon to print following issues up to, and including, that of 1878-9, and began their work with the issue of 1866 which is adorned throughout with various portraits of Dom Pedro II. This set of seven values was perforated 12, and appeared throughout on two kinds of paper, thick and thin, the 10, 20, 50, 80 and 100 reis coming also on blued paper. Gibbons lists these latter as an entirely separate set, pricing them respectively used at 4s, 6s, 8s 6d, 5s, and 6s, thus showing, but they are good things for which to keep watch. To balance this Gibbons takes no account of the imperforate of 1878-9 listed by Scott at from \$5. to \$15. apiece, nor of the 1881 set Scott lists on "laid paper."

Exclusively of many shades, varieties among these stamps have been noted as follows:

1866 200r (Scott No. 59) on yellow paper slightly thicker than the usual white.

Same; perforated 12 horizontally, and rouletted vertically.

Same; cut diagonally, and used as 100 reis. 1879, 200r (Scott No. 73) cut vertically or diagonally, and used for 100r.

1879, 300r (No. 76) three cut, and each piece used for 100r.

1879, 300r bicolored (No. 75) rouletted, with margins too wide to admit suspicions of fraud. Origin unexplained.

The next set, 1883, is of Brazilian workmanship, and still of the portrait type, but smaller throughout. It will be noticed that Scott lists 2 types of 200r for this issue, very similar to each other and to the 200r of 1881. The differences are as follows:

1881, 200r (A 23) Face and neck are only partially shaded. Background has horizontal and diagonal lines.

1882 200r (A 26) Face and neck lightly shaded all over. Background has horizontal lines only.
1882, 200r, A 27, Face and neck entirely unshaded. Background has diagonal lines only, extending in both directions.

Gibbons adds that the 100, 200, and 50r come with two types of heads, one larger than the other. Scott lists the latter under date of 1883-5, but omits mention of the others.

1887 and 1888 each brought sets of three stamps, each value of a different design. The 500r of the former year is known bisected and used for 250r. The 1000r of 1888 is listed but once by Scott, but Gibbons lists two varieties, one as blue-gray, a clear impression; the other as blue and "blurred like a lithograph." They are priced alike, is each.

The Southern Cross issue, which appeared in 1890, is a perfect nightmare for varieties, although there are but nine values. Counting different shades and perforations there are 39 varieties in the 50r alone, and probably as many, or more, in most of the other values. The specialist who wants a broad field to stroll around in will certainly find it here.

Although Brazil has issued many stamps in two colors, the only inverted center of which I can find trace occurs in the 100r of 1891, the Liberty head. Scott's prices on the error are almost double those of Gibbons, which seems odd.

Brazil's first surcharge was of 200r on 100r newspaper stamp of 1889; since then the surcharges have been legion, and so seemingly unnecessary that collectors have become somewhat exasperated. The four Commemorative stamps issued in 1900 as a memorial of the discovery of the country were so handled as to clinch the suspicion of Brazil's having descended to speculative methods of obtaining money from stamp collectors, for according to reports at the time, the stamps were on sale only from January 1st to February 28th, were then sold in sets only through an agent until September, 1900, when all remainders were destroyed. The plates themselves were announced to have met a similar fate the preceding December, but whether this wholesale destruction was actually carried out it is difficult to say.

This closes the list of Brazil's postal adhesives. It will be found fairly complete in description, although lack of space has compelled the omission of much which would have been of interest. The newspaper issues are as prolific of minor varieties as is the Southern Cross issue, one specialist having found 45 varieties of perforation and shade in the 10r blue of 1890 alone.

Brazil's first stamped envelopes were issued July 3rd, 1867; the first telegraph stamps in 1869; the first postal cards December 2nd, 1880; the first letter cards November 15th, 1883, and first newspaper wrappers in 1889. These wrappers are decidedly scarce, they had the values expressed in Spanish instead of Portuguese, and the folks objected to that so emphatically that a fresh lot was ordered with the inscription in Portuguese. On the arrival of these, all that remained of the former supply was consigned to the flames. This issue bore the head of Dom Pedro II, as did the 1837-80 envelopes, and all postage stamps prior to 1885 which are adorned with portraits.

The war issue used by the Brazilian soldiers during the fuss with Paraguay (1865-70) receives no attention whatever in the Scott catalog and only slight notice in that of Gibbons.

There are three styles of fracking seals impressed on envelopes with metal hand-stamps, the design being formed of different inscriptions within an encircling line of various shapes; four "Exercito" (Army) stamps, each a rectangle bearing within the inscription in four lines "Exercito em operacoes contra o Paraguay;" one Navy stamp like the preceding except that "Armada" is substituted for "Exercito;" and Army and Navy envelopes, two varieties of each. The envelopes are typographically printed with the royal arms and appropriate lettering, and are held by specialists to be as fully worthy of philatelic recognition as any accepted war issue, although there are others who do not agree, and who will not even admit the gummed Army and Navy labels to be what some have proved them to be, actual postage franks. By The Editor.

Brazil has always been a favorite country with the editor, even years and years ago — more years than he cares to remember — when he was taking his first steps in Philately. The object of this issue of The Stampman is to draw the attention of its readers to the pleasurable possibility concealed in this country. In this connection it may be interesting to remark that we have been struggling for months to secure as large a line of these stamps as possible and with very little to show for our efforts. This goes to show that the market is not flooded with Brazils, and in due time prices are bound to advance all along this line.

It is announced that a handsome new issue for Brazil is being prepared in London, and something especially attractive may be looked for.

Our readers are asked to note particularly the list of precanceled U. S. stamps in this number. So far as we know no other regular dealer caters to this trade. This list is a modest one, but it is not easy to accumulate a stock of these stamps. We are open to buy precancels and hope our next issue will contain a representative list. If you are not already collecting these interesting stamps we urge you to look into the matter. You will be surprised when you find how much company you have — we were surprised at the orders from our first list and advertisement.

BULGARIA Continued.

THE STAMPMAN

By and for D. W. Osgood.

SOUTH FORK, Rio Grande Co., COLORADO.

Vol. VI. No. 4.

October, 1902.

Whole No. 32

P. S. of A. Convention.

The editor journeyed to Denver in August to attend the convention of the P. S. of A. and was made glad by meeting a number of gentlemen previously known to him only by correspondence. The two sessions of the convention were devoted to getting the sadly tangled affairs of the society straightened out and a great deal of unpleasant business was transacted harmoniously. It is up to the board of officers now to keep the ball rolling, and it will reflect great credit upon each individual of the board if the path of the ball can be smoothed.

Philatelic Philosophy.

No collector looks at the blank spaces in his album but he dreams of the day when he can afford to "buy everything". When that day comes he is so busy making money that he hires a secretary to fill out the blank spaces. The chances are that one's present means and opportunities afford more pleasure than any circumstance that may be forecasted.

Adding a few here, rounding out a set there, gives greater pleasure than the mere possession of thousands.

Specialism that tends to make one indifferent to all other stamps is not Philately in any human sense of the word.

One who carries the selection of immaculate specimens to extremes makes a good speculation no doubt, but he misses the mark in Philately. Aesthetics do not demand mathematical precision.

Mild envy of another's possessions may be a good thing if it inspires the envier to improve the appearance, arrangement or what not of his own collection. Mere covetousness of specimens shown by another, however, does no one any good.

Social Philately should be assiduously cultivated. The collecting instinct is one manifestation of miserliness.

Precanceled Stamps.

Elsewhere will be found a list of these interesting stamps. I also send out Precancels on approval to responsible parties.

There are upwards of 800 varieties known at present, and more are coming out from time to time. About 400 varieties may be gathered with comparative ease, but collections of over that size are few, and the owners are correspondingly envied.

A partial list of precancels has been published in the "Era" by Mr. E. R. Aldrich, duly numbered for reference, but it is by no means complete. Mr. A. L. Jones has a continued list running in the "N. Y. Philatelist," which is valuable but necessarily disconnected. Mr. W. L. Gates, of Teaticket, Mass., has prepared a manuscript list and over a month ago announced that it was in the hands of a printer and that very shortly a check list in pamphlet form would be available. We ordered 50 copies of this list but so far have seen nothing of it.

Last of all there is in preparation for us a most complete and elaborate manuscript list which is expected to include everything up to Jan. 1, 1903. Whether this is ever published depends upon conditions at that time.

PRICE LIST.

This list is supplementary to lists comprised in Nos. 30 and 31 of THE STAMPMAN.

Order by number.

Postage extra under 50 cents.

Ten per cent discount allowed on orders from this list amounting to \$2.00 or more.

Unused U. S. postage stamps, 1 and 2 cent values, with gum, accepted to any amount. Do not separate the stamps but send in as large sheets as possible.

Make Money orders payable at Pueblo, Colo. post office. South Fork is not a money order office except for express orders.

D. W. OSGOOD,

South Fork, Rio Grande Co.,

Colorado.
