C. H. MEKEEL, R. F. D. 29, ST. LOUIS, MO.

The Christmas number of that authoritative philatelic journal, "Mekeel's Weekly Stamp News," was devoted to St. Louis as a stamp center, and naturally gave the "C. E. Hussman Stamp Company" the importance to which it is entitled. This involved considerable space, part of which was occupied by a picture of Dr. L. W. Bartel, who, as is well known, is the financial backer of this company. Whereat there rises up one C. H. Mekeel, known for many years because of the "peculiarities" he exhibits as a stamp dealer and business man, and is observed to be a muddled pea green, this phenomenon being due to the fact that he is surcharged with that unhealthy bile that comes of envy. For it should be stated that that most excellent journal, "Mekeel's Weekly Stamp News," setting things in proper order, and with a fine sense of proportion, disposes of this case. C. H. Mekeel deprecates the fact that he is mentioned in the journal, with the faint notice of five lines, which were far worse than no lines at all, for in that case, some people might have taken the charitable view that the omission was due to some oversight. Whether he secured those five lines from the fact that he and his business were held worth so much, or because he is the founder of the journal, or because of both, it is evident that Mr. Willard O. Wylie of Boston holds the sum of them all as of small weight—five lines, in brief.

To the uninitiated it should be explained that "Mekeel's Weekly Stamp News" is at present in no sense related to C. H. Mekeel or his doings, but merely carries the title because it was given to it by C. H. Mekeel years ago. I need not repeat that it is one of the best, if not the best weekly stamp journal published and that the "Mekeel-Severn Wylie Co.," the publishers of "Mekeel's Weekly Stamp News," are a group of gentlemen whose business integrity is absolutely above reproach.

I am reluctant to use space on the subject here discussed, but besides being saturated with an abundance of bile, this C. H. Mekeel has allowed some of it to run over, to be spilled on whoever might be so unlucky as to be in the way, and especially intended to maculate the writer of this article. In the January 1st issue of the little pamphlet with the grandiose title of the "Philatelic Journal of America," edited by "Charles Haviland Mekeel," there appears an article crawling with foul aspersions and cunningly devised innuendoes directed at several persons, but intended chiefly to besmirch the general manager of the C. E. Hussman Stamp Company, even taking advantage of the typographical error which in Mekeel's Weekly Stamp News gives my name as "H. Flachmann" instead of Henry Flachskamm, as is proper. He revives the history of the trouble I once had with the post office authorities, which all occurred many years ago, while I was in no wise connected with stamps or the stamp business, years before I became manager of the C. E. Hussman Stamp Co., and which was then and there settled for good and all. There are two sides to that story, and the true details would require much space, so they need not be recapitulated here. What this humptious and monoglotic individual professes to see in the mistake is that the printer might, in blundering even, be as near right as in following copy—an unwarranted and false implication, for it scarcely need be stated that the general manager of the C. E. Hussman Stamp

Co. has no need for nomenclatural disguises, and appears always under his true name. Whether a similar statement would apply as to C. H. Mekeel is not known, but nothing is quite so sure as that on numerous occasions in his questionable career an "alias" would have been quite handy.

As I have previously intimated, it has been my intention to keep these columns free of personal reflections and recriminations. I am also aware that all who know C. H. Mekeel hold his word no better than his bond, and that both together would not buy enough ice at the North Pole to cool a bottle of ginger ale; but then there are younger and inexperienced persons in the philatelic field who DO NOT AS YET KNOW HIM and may thus give weight to his worthless word. In justice to myself, I am compelled to answer some of the false and malicious charges made by this person. Indeed, this is by no means the first of his nasty assaults. He has repeatedly attacked me, as the manager of the C. E. Hussman Stamp Co., of which I am general manager.

C. H. Mekeel is very complimentary to "Mekeel's Weekly Stamp News," acknowledging its superiority, etc., as he perforce must, only deploring the fact that since the paper has passed out of his control it has been exploited more or less as an advertising medium. I suppose that, had the paper remained under his personal management and editorship, it would now be more or less of a gossip sheet and disseminator of slander, which are the salient features of publications edited by C. H. Mekeel. But all that is merely introductory to the insinuation that the generous and interesting review of philatelic St. Louis was the outgrowth of its advertising interests. This is false, as anyone understands who knows the high class of this publication. As to the advertising columns of "Mekeel's Weekly Stamp News," C. H. Mekeel omits to state that it is a publication of that rare class which will accept the advertisements of no firm or person who is not known to be absolutely reliable. That bars C. H. Mekeel.

Whether he has ever made application for space and has been turned down or does not dare to apply for space, knowing that the management knows him and his record, or simply to pass up the standing he so much needs and which "Mekeel's Weekly Stamp News" could give him, and call it sour grapes, is not known to me, but this is certain: THE ADVERTISEMENTS OF C. H. MEKEEL DO NOT APPEAR IN "MEKEEL'S WEEKLY STAMP NEWS." Conversely, it may be said that the advertisements of the C. E. Hussman Stamp Co. DO APPEAR in "Mekeel's Weekly Stamp News." C. H. Mekeel is dismissed with a perfunctory five lines, which is humiliating, I admit, but it isn't MY fault!

In the article the writer's connection with the E. J. Schuster Co. is referred to in a nasty and misleading way. The intent is to make it appear that while E. J. Schuster was my "true friend," I repaid his friendship with ingratitude, a charge I am sure those who know me will not credit, but for those who do not, it might be well to briefly state the elements of that matter, which really has no public concern, except that the attempt is made to show me guilty of ingratitude. E. J. Schuster, who is a printer, approached me to take an interest with him in a new stamp enterprise, on the understanding that after his investment was repaid we were to be entitled to the net profits at equal shares. I was to have a salary, and a contract as to the

agreement was to be drawn up. I worked for nine months at the very nominal salary of \$15.00 a week to put the stamp business on its feet. E. J. Schuster, soon developed reluctance to enter into the written contract he had promised me, and when pressed answered with abuse. The understanding was that I was to manage the stamp business for Schuster, but I soon made the discovery that I was to be regarded as a mere clerk. The relations were broken BY E. J. SCHUSTER! I do not see any ingratitude in that; can you? When the writer conducted the Standard Stamp Co., he was approached (in 1893) by E. J. Schuster, then a struggling printer, for the Standard Stamp Co.'s printing. It was given him. For 1893 and 1894 the bill amounted to more than \$12,000.00, quite an item for a printer just opening shop. E. J. Schuster did ALL the printing for the Standard Stamp Co. and other enterprises in which I was interested for over seven years and always on "open order." This is a mere private business affair, but in the way of obligations, etc., "it looks the other way around." Incidentally as a sidelight on E. J. Schuster's attempts as a stamp dealer, it may be said that my successor at the E. J. Schuster Company, Mr. L. B. Dover, has also recently severed his connections as manager with that firm. The E. J. Schuster Company are once more looking for a manager for their stamp department, although they are not advertising this fact under the firm's name.

C. H. Mekeel, in his article, refers to me as "the stamp power behind the financial throne" in the C. E. Hussman Stamp Co. and that the financial backer of the C. E. Hussman Stamp Co. is Dr. L. W. Bartel. He says further that "Dr. Bartel is thoroughly responsible and a man of most pleasing and engaging personality," which is a statement which all who know Dr. Bartel will assure you is accurate. The force of the statement is, however, all in its truth; it is not rendered more impressive in force by reason of its force. As to myself, I think that my ability as manager of the stamp business, when I am given a free hand, is attested by the success and present high standing of the C. E. Hussman Stamp Co. While on the subject, may I be permitted the further personal statement that Dr. Bartel honors me with his absolute confidence; that he has placed a large amount of capital in my hands, has given me full and complete control, and since his association with this firm (May 6, 1908) its business has been most satisfactorily prosperous and that its volume of business shows a constant tendency to increase.

In the "Philatelic Journal of America," which, despite its stultifolent title, may be considered one of those fugitive and ephemeral publications of which C. H. Mekeel has been the parent, that individual says of "Mekeel's Weekly Stamp News" in reference to the undersigned: "The Weekly is justly subject to criticism for concealing facts that their readers have a right to know."

In all, saving its barbaric English, I agree with this, or would agree with it, that I am aware that the publishers of "Mekeel's Weekly Stamp News" might doubt the propriety of inflicting on the stamp collecting public a recited record of the rotten business career of C. H. Mekeel. Five lines could tell little. Were the whole story printed, IT COULD NOT BE MAILED!

OUR OFFICE FORCE

Has been materially augmented, having secured the services of Mr. A. P. Hosmer, formerly with Mr. P. M. Wolsieffer of Chicago, Ill. Mr. Hosmer is very well and favorably known in stamp circles, both to dealers and collectors. We have also secured the services of Mr. B. H. Fehlig, formerly of Michigan, lately of Chicago.

Our office force now numbers twelve people, and we hope that, with our increased facilities, we shall be able to handle the large volume of business to the entire satisfaction of our many customers.

Some of our customers, when sending an order for single stamps, express their surprise that we do not fill their order complete. In explanation, we wish to say that scarce single stamps which we offer in this list are not to be had by the dozen or by the hundred, and of many of the scarce single stamps which we advertise we have only one or two copies of each. Those of our customers who respond to our bargain list promptly are the ones who get these stamps. We do not discriminate in the least and make it a rule to serve those first who come first. The above does not refer to our stock of sets and special lots which we offer at bargain prices. We endeavor to always carry an ample stock of these, which, as to size, compares favorably with that of any dealer in this country, barring none. It is a peculiar feature of our business that certain scarce single stamps are not easily replaced when sold out. Unlike other mercantile houses, we cannot fall back on any wholesale houses, but must wait until chance and opportunity enable us to pick up this stock. Even the largest dealers cannot at all times fill orders for scarce single stamps, as no stamp dealer in the world can keep up his stock to the full limit at all times.

For the above reasons, we make a special request that our patrons should not send remittances with orders for scarce single stamps, as we dislike the issuing of credit slips as well as the refunding of remittances. If you will kindly order what you would like to see immediately upon receipt of this list, you may be quite sure that we are able to fill the largest part of your order.

COMPLAINTS.

If at any time you have reason to be dissatisfied with the way your orders are being filled, we respectfully ask you to address a postal card or letter to the manager of this firm, and he will endeavor to speedily correct any mistakes made. We always try our best to correct mistakes and adjust all legitimate and reasonable complaints, but cannot adjust them if they are not brought to our notice.

APPROVAL SHEET DEPARTMENT.

We are prepared to send selections of stamps on approval at various discounts, ranging from 25% to 60% discount from standard catalogue prices.

At 60% discount we send out a general selection of the lower priced stamps, but including many good and hard-to-get stamps. These are about the same grade, if not better, than the class of sheets sent out by other dealers at 40 and 50%.

At 50% discount we send out sheets arranged by countries, groups, continents or alphabetically arranged selections. Our 50% discount sheets are fully as good, if not better, than those sheets which

the large Eastern houses are sending out at 25% discount.

At 25% and 33 1/3% discount we send out a class of high-grade stamps, including various colonies, British, French, etc., many face value stamps and, in fact, a very high grade of stamps on which the large Eastern houses allow 10% discount.

We shall be pleased to add your name to our long list of approval sheet buyers.

WANT LISTS.

We are arranging our stock of single stamps listing from 1c to 75c each in one hundred of the largest size stock books. This is quite an undertaking, and it will be a good many months before this job is completed. We are now completing approximately 35 or 40 countries, and by next month we shall be prepared to fill some want lists. We shall endeavor to add 15 to 20 countries per month. Only perfect copies are going into these stock books. They will include each stamp in the Standard catalogue, both ways—used and unused.

When we say to you that we will fill your want list of a certain country, we will fill it, and you need not expect to receive your order partly filled, which is very disappointing. We will not publish this list until these countries are absolutely completed.

Our Discount for stamps ordered by want lists is

25 Per Cent Straight.

When you consider that the large Eastern houses (there are but three or four firms in this country who are ABLE to fill want lists) are filling orders of this kind at 10% from catalogue, you will readily understand that it will be to your interest to send that want list of yours to us.

C. H. MEKEEL, R. F. D. 29, ST. LOUIS, MO.

(CONTINUED FROM PAGE 1)

A local weekly publication recently printed a "note" or two about this individual, and I am informed that this publication used only the milder portions of its evidence, the most of it being too rancid for circulation among a people not previously braced against strong and repulsive smells.

I state it as a fact, and have the proofs, that this office has received numerous letters (I say numerous, not merely one or two, but NUMEROUS) from different parts of the world asking for information as to C. H. Mekeel. Some of them tell pitiful stories of broken promises and misplaced confidence, and some claim to have been victimized for different amounts ranging from large sums down to a few paltry dollars each. Worthless agreements, unpaid bills, protested checks and notes, and all the various paper evidences of unkept commercial faith are characteristics of most dealings of C. H. Mekeel. Whether because of lack of business honor or judgment, he has been connected with enough fizzes and failures to have the experience to make a fine art of such methods of doing business.

Most of us live in houses that contain more or less glass. That of C. H. Mekeel, from every side, looks like a conservatory. It is the more surprising that a man so situated should shie rocks at the windows of others, thus inviting a return shot at the wide surface of his own brittle defense.

I have attempted to smash but a glass or two. There are plenty more in range and more than enough rocks.

The terribly scathing excoriation of C. H. Mekeel's record in the local paper might be introduced to the philatelic public for one thing, but I have no desire of further controversy with C. H. Mekeel. This instance, to which I am virtually forced, is unpleasant enough. It stirs up fetid odors which I would fain escape; I will say in conclusion, however, that as for myself, I care not what C. H. Mekeel may say, as long as he confines himself to the truth. If C. H. Mekeel again compels me to drag him and his spurious methods into print, I shall be obliged to publish a few of his many shady transactions with all the details!

I have all the proofs; they are absolute and incontestable! He threatens several persons with libel suits. I dare C. H. Mekeel to bring suit for libel against me or the firm I represent. It will be the most deplorable act of his life. If he deems it wise to continue his assaults on the C. E. Hussman Stamp Co., he may expect such retaliation as may be available by law.

H. FLACHSKAMM (NOT H. FLACHMANN),
General Manager The C. E. Hussman Stamp Co.

SURINAM

1900 2 1-2 gld, Surcharged on 2 1-2 gld.

We again have a small quantity of this very desirable and attractive stamp. Last spring we offered this stamp and, after selling out our limited stock of them, had to refund remittances on very nearly fifty orders which we had received in excess of our supply.

Perfection copy of this beautiful stamp, well centered and very lightly cancelled, at 75c net. Other copies not quite so fine at 68c net. This stamp catalogue \$1.75 by Scott and \$2.25 in Europe.

Better get a copy of this stamp today and complete your set. Real fine copies of this stamp are worth every cent of \$1.00, and we will not guarantee that we will be able to fill your order after the list has been out a week or ten days.

U. S. PERIODICAL PERFORATED PROOFS.

The 8, 9, 36, 48, 48, 60, 72, 72, 84 and 96c and the \$1.92, \$3, \$6, \$9, \$12, \$24, \$36, \$48 and \$60. A very beautiful set of 19 stamps. The originals catalogue \$266. A mighty fine set of space fillers. The difference between these and the originals can only be told by experts. They look much better in albums than empty spaces and at the low price of

\$20.00

per set, they are a bargain. The work of perforating this set is very nearly worth the price we ask for it.

If WE Have It, It Costs You LESS!

CHEAP STAMPS FOR THE YOUNG COLLECTOR.

In looking over this list, many of our younger friends may form the opinion that we are dealing in high priced stamps only. This, however, is not the case. We are doing a very large business in the cheaper grade of stamps, cheap sets, packets and cheap and medium grade APPROVAL SHEETS. Our new price list for 1910 of sixty-four closely printed pages quotes over one hundred cheap packets, single U. S. stamps, including revenue stamps almost complete, over 450 cheap sets, all the best and latest albums published, stamp hinges and other accessories, etc. If you do not find anything to suit you in this bargain list, drop us a postal card, and we will send you this PRICE LIST FREE!

On page 7 we offer a few of our best selling packets at greatly reduced prices and hope to receive your order for these. That our packets and sets give satisfaction is shown by the many flattering testimonials we receive all the time.

Natal 1857-58 Reprints

"Specimen" Stamps

"Before closing the subject of 'Perfection,' I should like to add a few words on the subject of 'specimen' stamps. It seems very remarkable that these stamps should have been so neglected at the very time that the requirements in respect of 'Perfection' have been raised to the limits of possibility. I say remarkable, because these 'specimen' stamps really fulfill the most exacting demands. They are, almost without exception, choice copies. Their genuineness cannot be doubted. It seems that they do not look 'unused' to the fanatical collector of 'mint' stamps and the equally fanatical collector who will only admit such stamps as have 'passed through the post' to be worthy of collection, is, of course, quite unmoved by them. So it is that fanaticism, which has done so much harm to our hobby, has prevented the generality of collectors from purchasing 'specimen' stamps at a time when they were mostly very cheap. We are now, if I am not deceived, at the crossing of the ways, and anyone who has an opportunity of buying 'specimen' stamps, especially those of older issues, should seize it."
Note.—We copy this article from a recent issue

of "Redfield's Stamp Weekly," of Smethport, Pa. We only wish to add to the above that lately we were fortunate to come into possession of a small collection of these "specimen" stamps, mostly high values, which we offer at very nominal prices. We offered a small lot recently, and sold them out in less than one week after mailing our list! These "specimen" stamps are really scarcer than the regular stamps, there being only a very limited quantity of these in existence. Some collector or dealer is going to get a few bargains out of the following choice lot, but the one who is in the habit of "putting off" his orders until to-morrow or next week is not going to be one of them. We only have a very limited quantity, not over five of any one kind, and of some of the higher values have only one or two copies each.
Note.—All of the following are mint copies, surcharged with the word "Specimen." Price in first column is Scott's or Gibbons' price for unused regular issues. Prices in second column are our selling prices:

MISSIONARY STAMPS

REAL MISSIONARY MIXTURE.

We have just received from Europe a shipment of these famous Continentals, so far superior to the common trash ordinarily sold by stamp dealers. These stamps are gathered by Missionaries in all parts of the world, and while, of course, the largest proportion of them consists of European stamps, they contain stamps from many countries. Many good stamps have been found, such as high value U. S. '93, Gt. Britain Admiralty off., etc., as they were gathered for charitable purposes! They are an elegant mixture at the low price we offer them. It's great fun to go over a lot of this mixture and pick out good values. It is both interesting and exciting pastime. There is no telling what you may find in this mixture. We shall be pleased to have you try a two-pound lot, about 12,000 stamps for \$1.00, postage paid.

They are unpicked; we sell them just as we import them and positively will guarantee them as such.

PRICES.

2 pounds of Mixture (bet. 10,000 and 12,000 stamps), post free, only	\$ 1.00
5 pounds of Mixture (between 25,000 and 30,000 stamps), post free	2.40

SCARE SINGLE STAMPS.

Since we are holding Monthly Auction Sales we have decided to include all the better grades of stamps, cataloguing from \$1.00 each and upward, in these Monthly Auction Sales, so hereafter will not publish a list of scare single stamps in this Bargain List.

Collectors, however, will find the same class of attractive stamps at BARGAIN PRICES, the same class of desirable Sets at the usual LOW PRICES, so that it will be worth your while to look over this LIST.

We shall, from time to time, publish a SUPPLEMENT to this LIST, offering such new goods as come in during the month.

AFTER THIS ISSUE, neither this LIST nor the SUPPLEMENTS will be sent to collectors or dealers who do not favor us with an occasional order from these LISTS. The size of the order does not make any difference, but collectors or dealers who do not send us an order of some kind WILL BE STRICKEN FROM OUR MAILING LIST!

RECENT VISITORS.

We had the pleasure of seeing in our office Mr. A. W. Batchelder, of the New England Stamp Co., Boston, Mass., and enjoyed a half hour's pleasant chat with him.

Mr. I. Roos, of New York City, who is a very enthusiastic collector, and the proud possessor of a very fine collection of upward of 12,000 varieties, paid us a visit recently.

We also had the pleasure of a visit from Mr. Frank Bescher, of Kansas City, Mo.

We also had the pleasure of meeting Mr. H. G. Sharpe, of El Paso, Texas, who makes a specialty of fine United States and 19th Century stamps.

Mr. C. G. Ferris, Taylorville, Ill., called at our office when in St. Louis some time ago.

Collectors and dealers visiting St. Louis are cordially invited to call on us when in the city.

SALVADOR AND ECUADOR BARGAINS.

The 1c Salvador, 1909, surcharged "15th Septembre, 1821," has lately been offered at various prices ranging from \$1.00 down to 14c each. We have received several consignments during the last two months, and the price for this stamp has been a different one in each consignment. Like most new issues of a more or less speculative character, this stamp is subject to violent fluctuations, mostly of a downward nature, until the price has become fixed.

Those of our customers who paid us 50c each for the single stamp, or 75c for the pair, will be entitled to a merchandise credit amounting to the difference between the price they paid and the price at which we are offering the stamp TODAY. Of course, these fluctuations occasionally work both ways. We recently found ourselves offering the Great Britain Levant 1p 30 surcharged on 4p brown and green at 20c each, or 80c for a block of four. This stamp, having been in use but two days, has soared skyward, and is being offered in Europe at \$3.50 each. Of course, we, on our part, do not expect our customers to pay the difference between what this stamp is worth and what they paid us; however, as regards the Salvador we should like to protect our customers. Here is OUR **LOWEST PRICE** for this stamp:

*SALVADOR 1c, Surcharged "15th Septembre 1821, 1909," used or unused, on watermarked or unwatermarked paper, price 8c each; pair, 15c. (Pair unused only.)

We also offer the following **SPECIAL BARGAINS** in SALVADOR at what we today consider correct prices. A comparison will convince you that our price is considerably lower than that of other dealers who have recently offered these stamps for sale:

Big Cuts in Prices

It is our intention to reduce our enormous stock of cheap and medium priced foreign stamps, and we will be pleased to quote you special prices for stamps from our Bargain List on orders amounting to at least \$25.00 net or over at one time. We cannot quote a uniform discount, as we do not purchase our goods at a uniform price, and while on some we can make a considerable reduction from the advertised prices, we cannot do near as well on certain others.

If you are in position to order a lot of the stamps as advertised in this list (excepting U. S. stamps) and can make the amount of the order \$25.00 or over, we shall be pleased to quote you very special low prices; the larger the amount purchased, the larger the discount. Positively no discounts from advertised prices on purchases under \$25.00.

This is a splendid opportunity for dealers, as well as those collectors who speculate in stamps in a certain way. It will be to your interest to correspond with us and indicate what stamps you can use and get our very special prices.

We shall only sell a certain amount and after that shall withdraw this offer, but while we are reducing this portion of our stock we are willing to part with quite a quantity of this stock at prices which no other American dealer at this time will be able to equal.

MISSIONARIES

TWO POUNDS POST PAID FOR \$1.00.

A very good Mixture. A pound contains between 6,000 and 7,000 stamps, between 12,000 and 14,000 stamps for \$1.00, average price for stamps about 7½c per 1,000.

Mr. J. L. Howe, Lexington, Va., writes: Mr. Chapin told me that having tried quite a number of firms for these Missionaries, he finds your Mixture by far the best.

We have a great many testimonials like this, and of course also have a few from unfortunate persons who claim they did not make a very great find. At any rate, these stamps are certainly cheap at the average price of 7½c per thousand, post paid.

Send \$1.00 and we will send you a two-pound lot, guaranteed unpicked, just as imported.

CHEAP STAMPS FOR THE YOUNG COLLECTOR.

In looking over this list, many of our younger friends may form the opinion that we are dealing in high priced stamps only. This, however, is not the case. We are doing a very large business in the cheaper grade of stamps, cheap sets, packets and cheap and medium grade APPROVAL SHEETS. Our new price list for 1910 of sixty-four closely printed pages quotes over one hundred cheap packets, single U. S. stamps, including revenue stamps almost complete, over 450 cheap sets, all the best and latest albums published, stamp hinges and other accessories, etc. If you do not find anything to suit you in this bargain list, drop us a postal card, and we will send you this PRICE LIST FREE!

On page 7 we offer a few of our best selling packets at greatly reduced prices and hope to receive your order for these. That our packets and sets give satisfaction is shown by the many flattering testimonials we receive all the time.

Natal 1857-58 Reprints

MISSIONARY STAMPS

REAL MISSIONARY MIXTURE.

We have just received from Europe a shipment of these famous Continentals, so far superior to the common trash ordinarily sold by stamp dealers. These stamps are gathered by Missionaries in all parts of the world, and while, of course, the largest proportion of them consists of European stamps, they contain stamps from many countries. Many good stamps have been found, such as high value U. S. '93, Gt. Britain Admiralty off., etc., as they were gathered for charitable purposes! They are an elegant mixture at the low price we offer them. It's great fun to go over a lot of this mixture and pick out good values. It is both interesting and exciting pastime. There is no telling what you may find in this mixture. We shall be pleased to have you try a two-pound lot, about 12,000 stamps for \$1.00, postage paid. They are unpicked; we sell them just as we import them and positively will guarantee them as such.

READ WHAT THEY SAY:

Katonah, N. Y., Jan. 25, 1909.

The C. E. Hussman Stamp Co.:

Gentlemen:—The Missionary stamps reached me last week and are quite as satisfactory as could be expected. Please accept my thanks for them and for three very pretty Japanese stamps, which followed the others AS A PRESENT. Yours sincerely,

(MISS) MARY N. MACY,

The C. E. Hussman Stamp Co.:

Yours truly,
WILLIAM FERGUSON.

Order at least a TWO-POUND LOT. NEARLY 12,000 STAMPS for ONLY ONE DOLLAR (\$1.00), post paid. They certainly are worth THAT. Don't you think so? READ what they have to say about these stamps:

Dear Sirs:—Received "Missionary stamps" yesterday. Found 40 specimens did not have, catalogue value about \$1.75. Thanks. Your truly,

Racine, Wis., March 20, 1909.

The C. E. Hussman Stamp Co.:

Dear Sirs:—Enclosed find \$1.00 for one pound of your "Missionary mixture stamps." I found last lot very good, including 1d. England Inland Revenue, catalogue \$1.75, etc. Yours sincerely,

\$200,000.00 Worth of Good Stamps in Stock.

In taking this aggregate we have not figured in our Missionary stamps or stamps which we carry in stock in large bulk, but we do carry a stock of stamps aggregating \$200,000.00 catalogue prices which we think will compare favorably with that of any dealer west of the Eastern states.

Remember this accumulation of stock is for sale and we wish to hear from collectors and dealers who are prospective purchasers. We feel sure that we can quote prices and discounts which will be found very attractive. We have for the last three years, under the new management, built up an enormous business, and it is growing rapidly and constantly.

The reason of this expansion is that it has been our earnest endeavor to carry in stock attractive and popular lines of stamps and to supply special wants of our customers promptly and at most reasonable prices. We offer a very unusual inducement this Spring to large buyers and anyone reading this advertisement who is willing to invest liberally in stamps at attractive prices, will do well to enter into communication with our firm.

While it is hardly necessary for us to dwell at any great length upon the great success of our firm, we deem it not entirely out of place to demonstrate to the many thousand readers of this list, many of whom have probably never dealt with our firm, by the publication of a few very flattering letters we have received entirely unsolicited, which are only a small number out of a great many which we have received, and which we are constantly receiving from well pleased patrons. These letters will, in a way, explain the reason of our success. All we ask is that you give our firm a trial and we shall try our best to please you and retain you as permanent customers.

Packets

ever offered in America.

We have been informed by a correspondent that he has shipped us a lot of packets especially made up for us. We offer this lot of packets at very special prices. In fact, we are offering these packets at just exactly **10 OVER OUR COST PRICE**, after adding entry charges, etc. We recommend this lot of packets very highly. They are sold at strictly net prices, no discount whatsoever, not even in quantities. Price will be the same whether you order one packet or fifty packets.

2,000 varieties: this is a very decided bargain. This collection of 2,000 varieties is made up in four different books of 500 stamps each, marked I, II, III, IV, without any U. S. stamps. Stamps are all clean, neatly mounted, and this is one of the greatest values ever offered in the packet line by any dealer. We challenge any packet-maker in this country to duplicate this packet, quality considered, at the same or lower price. The stamps will catalogue between \$60.00 and \$70.00, and are very convenient for pricing ready to send out on approval. Of this particular packet, we have 25 ONLY, and we expect to sell every one of these from this advertisement. The regular wholesale price (See Wholesale Lists) is \$10.00, our price is, as long as this lot of 25 lasts ONLY \$7.95.

Remember the above packet is mounted, not a lot of loose rubbish, where you are never sure whether the stamps are all different or not. The stamps are mounted in alphabetical order from A to Z, and the packet is absolutely guaranteed. All of the above

packets are A-1 goods. There are none better, and if they are not absolutely as we claim them to be, you may return them and we will refund your money!

Orders for the above packets amounting to \$10.00 net or over will be sent post paid and insured. On orders under that amount kindly add postage, 3c for each 1,000 stamps.

British East Africa and Uganda---Cheap.

The following East Africa and Uganda stamps are fiscally used. Since these high values are scarcely obtainable as postally used copies, and the face value is quite high, we recommend the purchase of these stamps at reasonable prices, as space fillers, and they are reasonably certain to retain their market value. The stamps are lightly cancelled, clean and in good condition. The cancellation having been applied with a rubber stamp, with purple or blue ink, gives them the appearance of postally used copies.

WANT LISTS FILLED AT 50 PER CENT DISCOUNT FROM SCOTT'S OR GIBBONS' PRICES.

Try us with your want list and we may be able to send you some of those Hard-to-Get things, which other dealers have been unable to supply.

FREE HINGES.

None of our regular customers are obliged to spend money for hinges. We supply them absolutely free of charge, and the best quality imported English Hinges at that.

FREE EXTRA PRESENTS.

We send with our lists coupons which are redeemed with orders of \$1.00 or over at one time, giving stamps as extra presents, free.

We also give these coupons with purchases from our approval sheets.

APPROVAL SHEET DEPARTMENT.

This is really a very important part of our business. We have sheets on which we allow as much as 75 PER CENT from Scott's catalogue. These, of course, are mostly the cheaper and medium grade stamps; sheets of the better grade at from 50 PER CENT TO 66 2/3 PER CENT DISCOUNT.

Unused British Colonies, French Colonies, German Colonies and stamps of a similar character, are sent out by us at a discount of from 33 1/2% to 40%. A comparison of our sheets and the discounts we allow with selections of any other firm or dealer will in almost every case result in gaining us new customers.

Auction Department.

Our Auction Department is in charge of Mr. A. P. Hosmer, formerly of Chicago, and we have during the last year held eleven successful Auctions. Our 12th sale, consisting entirely of wholesale lots, was held February 25th. Our sale No. 13, comprising several large and important properties, was held on March 18th.

If you are not on our mailing list, please send for catalogue of our Auction Sales. It certainly will pay you to possess a copy of this catalogue.

Dealers.

We are among the largest direct importers of foreign postage stamps and while our retail trade is very large and observes nearly all we import, we occasionally receive stamps in large quantities and these we are quite willing to sell at a most desirable advance over our cost price. We publish from time to time the wholesale lines of such special importations quoting prices per ten, per hundred and per thousand.

Since we are not in the wholesale business, and are merely disposing of our surplus importations, in this manner, we are enabled to quote lower prices on such wholesale lots than the regular wholesale houses.

Please send your name and address for our wholesale quotations, and we will put you on our mailing list.

COMPLAINTS of any nature should be addressed to the Manager, care The C. E. Hussman Stamp Co., and they will receive prompt attention.

It is our aim to please our customers. If for any reason whatever, you find that your orders are not receiving prompt and careful attention, we request you to kindly address as above. We simply cannot afford to have any displeased customers, a well pleased customer is a standing and walking advertisement, while a displeased customer is a detriment to any business.

75 Per Cent Discount.

On cheap and medium grade approval sheets. We have a small surplus stock of the cheap and medium grade sheets about \$5,000 to \$6,000 catalogue value, and as long as they last we will quote you 75 PER CENT DISCOUNT. This is the same grade on which other dealers will allow you 50% to 60% discount.

SPECIAL NOTICE—In sending for these sheets at this discount, it is absolutely necessary that you furnish us with one or two good business or bank references, or a cash deposit, if you are not a member of the A. P. S., otherwise known to our firm. Unless this rule is complied with, selections of these sheets will NOT be sent. If you prefer to send a cash deposit, we will send FOUR TIMES THE AMOUNT in catalogue value for every dollar deposited.

Received your Approval Selection at 75 PER CENT DISCOUNT. The stamps were really lots better than I thought they would be at this discount, and I managed to pick out what I considered some REAL BARGAINS.

Real Missionary Stamps.

We have many flattering letters from purchasers, and should like to have you try a pound lot of these excellent mixtures. We offer three grades, at 50c per pound, 75c per pound, and \$1.00 per pound. As there are between 6,000 and 7,000 stamps to the pound, the cost per thousand stamps is so trifling that they would be reasonable even if you did not make an occasional find in one of these lots. In some instances, good stamps are found in these mixtures, which more than pay for the price of the entire lot.

Mr. Chas. B. Merkel, Fleetwood, Berks Co., Pa., writes under date of Feb. 18, 1911:

In the Missionary lot I received a dozen stamps, some cataloging over a dollar.
Mr. Wm. Rowland, 212 York St., Jersey City, N. J., writes under date of Feb. 14th, 1911:
Stamps received. I found about three hundred I did not have, although I have a collection of 6,000.
Mr. R. E. Fritz, 419 Marshall Ave., St. Paul, Minn., writes under date of Nov. 9, 1910:

The Missionary Mixture was very good, and I found a Govt. City Dispatch, cataloged \$35.00 by Scott.

Try a pound lot at 50c, 75c or \$1.00 per pound, postpaid. Money refunded if not entirely satisfactory. That certainly is fair.

These Stamps are gathered by Missionaries in all parts of the world, and while, of course, the largest proportion of them consist of European Stamps, they contain Stamps from several continents. Many good Stamps have been found, such as high value U. S., Gt. Britain Admiralty off, etc., etc. They are an elegant mixture at the low price we offer them at. You are bound to find some good values.

They are unpicked; we sell them just as we import them and positively will guarantee them as such.

Damaged Stamps

We have recently gone over our stock and thrown out all damaged or heavily cancelled copies, regardless of catalogue value and are offering the mixture at 40c per hundred, \$3.50 per thousand.

These stamps are not by any means only common varieties but comprise stamps ranging all the way from 1c up to 25c or 50c each.

We shall be pleased to send you a sample hundred as a trial order. Many of the stamps in this mixture are but very slightly damaged, or thrown out for some defect or other; a trifle heavy cancelled, small tears, etc. Many good space fillers will be found in this mixture and they can be readily sold on approval sheets at good profit.

MERCHANTS' FLAGS OF THE WORLD.

These brilliant colored Flags faithfully represent the emblems of the different nations of the earth, and as such are a great acquisition to any Album, while the exceedingly low price (25 cents) at which they are published, places them within the reach of all.

These sheets possess three great advantages (to the Collector) over any other we are acquainted with, which consists in the fact that there is only one Flag to each country, more nations represented than have heretofore been given, and only flags of those countries which issue postage stamps. These we consider of great importance to those who buy them to put in Albums, as they can use them instead of having to throw away half the purchase. The colors are very brilliant, and withal correct and being printed on very thin paper the book is not swelled to an inordinate thickness.

Beautifully and correctly printed in five colors on very thin paper for Albums. Price only 25 cents.

POSTAGE STAMP PICTURES OF RULERS.

For insertion in All Postage Stamp Albums.

These Photographs are the size of Postage Stamps and when inserted in the spaces prepared for them add considerably to the interest of an Album. Set of 72 Portraits, price 50 cents.

THE COATS OF ARMS OF THE WORLD.

This magnificent chart contains accurate representations of the armorial bearings of the nations of the world, all of which are beautifully and correctly emblazoned in gold and silver and their true colors.

As a sheet for framing, it is an acquisition to any drawing room and is indispensable in the library or study.

As a guide to determine the nationality of foreign coins or postage stamps (most of which bear the issuing countries' arms), it will be found of great service. When cut up and inserted in stamp albums, they will be found to add much to the appearance of the page. Printed on fine thin paper for Album.

Price, 50 Cents.

ROMAN STATES.

ORIGINALS!

As is well known the majority of the stamps of this country are reprints. We have recently been fortunate in securing a small lot of Roman States of the 1862-68 issues, which are absolutely guaranteed genuine originals. These stamps have been examined and pronounced genuine originals by Messrs. Gelli & Tani of Milan, Italy, and each stamp bears the initials "G. T." on the back.

We absolutely guarantee the following stamps to be genuine originals, not reprints, and recommend their purchase at the low prices at which we offer them. The lot is very small and they will not be in stock any great length of time at these prices:

ALL UNUSED, ORIGINALS.

U. S. Second and Third Quality.

We have quite an accumulation of U. S. from 1851 to 1893, many rare, which are not quite perfect, being heavily cancelled, off center, etc., which we will be pleased to sell according to condition. Discounts will range all the way from 75% to 90% from Scott's.

Collectors who are not too particular as to condition and wish to secure certain stamps as "space fillers," can now get some of these at a rather nominal figure.

Please send want list and we will submit a selection on approval, each stamp priced net according to what we consider it worth.
