## I AM A DEALER!!

EVERY STAMP I have in stock is for sale at what I consider a fair price to-day—not what it may be worth next month, or year. If my prices are too low, you are the gainer—if too high, you won't buy.

Perhaps in this Bulletin you will not find anything you want, if such is the case, let me know what you do want and I'll gladly send on approval anything I have. If unknown to me, I would suggest that you use your business letter heading so I may know who you are. Remember, "*Stamps*" is my business; I am sending you this Bulletin in order to get some of *your* trade.

## BROWN'S BULLETIN.

339 WASHINGTON STREET.

No. 16.

BOSTON, MASS.

May 2, 1904.

I HAVE had placed in my hands for immediate sale an old collection costing over \$20,000, rather than put into auction sale so late in the season, I shall sell at private sale at low enough prices to move the entire collection in 60 days. Everything on approval to known customers, but it is to be understood that stamps not returned within 24 hours, will be considered as sold.

Nearly every country in this collection is fairly complete in stamps priced under \$10 issued previous to 1890. I will be glad to submit any on approval at net prices according to condition of each stamp. I am not tied down to somebody's "catalogue," but make prices low enough to sell the goods. When I price stamps over or at catalogue, it means the stamp is worth it, and that the people who price it cannot or will not supply it. Take for instance the Falkland Island  $\frac{1}{4}$ d which has been priced at 85c to \$1 for three or four years, everybody but the people who advertise it at this price, knows it's worth more money. I have only one copy for sale at \$2. I have no doubt I'll have a dozen orders for it!

### HONEST PRICES.

I can supply more odd stamps from A to Z, unused, ranging in price from 10c to \$5 than any other dealer in the U. S. My prices are what I think they are worth—*i.e.* what they do really sell for. If I find I have a large stock of some stamp and it don't sell at 35 or 40% off, I reduce it to such a price net as makes it sell,—on the other hand I gladly pay "catalogue" for stamps which sell readily for more.

WHY NOT WRITE ME?

I am Boston agent for Stanley Gibbons' new catalogue. Part I (in American money) is now ready; price 66c post free. I consider this the best catalogue ever published and it should be in the hands of every collector of English Colonies. Not only are the illustrations very fine, but the various types of surcharges are clearly made, so that odd stamps can readily be "placed." Moreover the prices are honest — i.e., they are what Messrs. S. G. & Co. ask for the goods — they price only what they HAVE for sale.
