NOTED BY THE WAY.

BY W. C. WENDOVER.

The Collector's Companion issued the volume of 12 numbers. No. 12 is wrongly numbered by the printer. Vol. II. No. 2 No. 2-3 was a double number for June and July, and now bids fair to be a rarity with the exception of a very few copies in the libraries of four or five collectors none are to be had. We have one copy in our library and by liberal advertising have obtained one more copy, which we now offer with or without the other 10 numbers for the nominal sum of fifty cents cash or P. O. Money order.

A complete file of The Collector's Companion might published by P. E. A. Conde, Mile Run, Pa. consists of 7
