Our Society

The convention called for Dec. 30, 1910, was not attended by any of the members of the Society, and so a convention has been postponed indefinitely. In the meanwhile it is our intention to continue the plans we have in preparation, and further the policy of the Society, which is : The preservation of philatelic history, in all its branches, adopting a means of exchange of various items for our members. In the meantime there having been no convention, and no elections, your well wisher, the organizer, Percy McG. Mann, will take up the reins of governing the Society.

MEMBERSHIP AND CARDS.

On this date we have 20 members, according to roll. The dues are 50 cents per year, for which members receive this Bulletin and any other publications which may be published by the Society free, and may participate in the Exchange Dept. Those who have paid their dues will receive Membership Cards in a few days; the Membership Cards will be mailed, to those who have not paid their dues, upon payment of same.

Address all communications to
