It is reported that the C.H.Mekeel  
Stamp & Publishing Co.,  
Have Assigned.

LIABILITIES \$ 45,000, ASSETS \$ 150,000

### WILL NO DOUBT RESUME.

By the St. Louis Republic it appears that the C.H.Mekeel Stamp & Publishing Co. finding it impossible to meet the demands of note holders was compelled to assign with out preferences. The cause, lack of business in their printing Department.

\* \* \*

We hope they will succeed in pulling through, & will be glad to see them on their feet once more.

### THAT EMBLEM.

I notice in the Collector that there is considerable talk about an emblem for the S. of P Society, but, as yet! the members seem slow to act.

Mr. R.H.Rockwood gives us a very good idea of the kind of button needed, these buttons would cost but a trifle, and would benefit the members

very much in helping to distinguish brother members.

### Editorial.

To keep posted on what is going on a round you, subscribe for the Philatelic Record.

Why not try an " Ad. " in our columns.

We want second class rates and to get it, we offer the Philatelic Record at 12c. a year, this offer is good until April 1 st. 1893,

### OUR NEW STAMPS.

Since the issue of the new Columbian Stamps, every collector has as many of them as he can afford. The stamps are quite unpue in design & are very pretty. I think the following will command the highest prices 5 10 - 15 30 & all values above.

Post Master General Wanamaker has issued orders, not to sell the new stamps unless called for.

The reason for this order was some people thought them rather to large for general use.

CLIPPINGS.

Two of a kind "written by R.F. Green, is a very interesting story & related as found, he must have spent many pleasant hours with his companions.
