Philatelic Breezes.
BY "WHYLE."

THE North American Philatelist" is a good paper, but it is late nearly every issue. It is published in the interest of the U. S. Philatelic Society.

A REWARD of £4,000 was offered by the British Government for the best method of separating stamps. A quite thoughtful Briton said, "punch the divisions between the stamps full of little holes and you will have no further trouble." He got the £4,000.

"ONE Dime" has enlarged and improved its appearance. "I haven't seen you since April. What's the matter, Bro. Peugh?"

THE S. B. Bradt Co., of Chicago, is making "Philately" boom in the World's Fair City.

ANOTHER good paper is the "American Youth" of Nashville, Tenn., published in the interests of "Philately" and the "Golden Hours Club." Success to you, Bro. Hailey.

"THE Philatelic Fraud" Reporter is making the frauds feel uncomfortable. Its appearance is fair. Green Bros., Stromburg, Neb., are the publishers.
