A REVIEW OF PHILATELIC JOURNALS.

BY JUSTUS.

I will here attempt to review all the Philatelic Journals I have received since summer.

The *Collectors Standard* for August to hand, nearly all of its space is devoted to those Halifax Ferry Tokens.

The August number of Herdman's *Miscellany* (Eng.) is a neat 8 page, neatly printed monthly, most of its space is devoted to philately.

Who! The *Bulger State* has come out with special edition, neatly printed over number 10. It contains a cover, a few A. P. A. notes, a lot of advertisements and is entered at Delavan, Wis. as second-class mail matter. The editor says "we wonder." So do I.

A very neat little journal from Springfield, Wis has appeared. It is a neat 8 page, and is well worthy of support.

The *Halifax Philatelist* for Sept. contains an advertisement of Wilson Wilby, some clippings from the *Philatelic Record*, the C. P. A. ticket, and for a dollar; give us a little original matter for a change.

The *Quaker City Philatelist* for Sept. has an excellent article on that everlasting grinding saw. "Rowland Hill invented the adhesive postage stamps."

The *U. S. Philatelist* has arrived safe and I notice that S. C. Scott has been slightly divided into a two. It is a good little paper just the same.

The best on the list is the *American Philatelist*. Sept. No. contained 43 pages and nearly all of it devoted to reading matter and first-class at that. It only costs half a dollar for a year.

The *Eastern Philatelist* for Sept. with almost a sheet iron cover and paper almost like shingles. *Condensis* made a very good guess at what went on in Toronto at the C. P. A. convention.

A shanty on your eye eh! Well get J. J. Casey Esq. roused up again and punch the boys a little so we will all know that you are sober again. The *Stamp Collectors' Biquero* is published in Chicago, Ill.

The *Philatelic Beacon* has succeeded in getting out its first number. It contains some very valuable matter for collectors. Subscription price is 25 cents per year, and it is well worth it.

Charleston *Philatelist* for October contains a portrait of G. J. Luhn, I notice that he is the possessor of a pompador and all boys who use that instrument are considered smart. I guess it will fit well on Gus.

The first paper to come out with the C. P. A. convention report was the *Collectors' Ledger*. It was reported by F. J. Grenny.

The old reliable *American Journal of Philately*, Oct., has been duly received. The looks of the cover is enough to tell what is inside. I notice something there which is new, Mayor Evans is a strong supporter of Sir Rowland Hill. That settles it.

The *Ontario Stamp Journal* seems to

want to fight at once. No. 1 is a very good number considering the price of subscription, 10 cents per year.

I have received the following papers but space will not permit me to review them: N. P., P. P., S. C., O. P., C. and E., Stamp C. W.

EDITORIAL.

Last September we intended to issue the present number of the

CANADIAN PHILATELIC JOURNAL, but college work and press of other duties caused us to lay it aside, and as is often the case in such matters it has lain too long. We have now, however, found time to carry out our original purpose, and herewith present to the public the first regular number of monthly journal, which will continue to be published each month with unvarying regularity.

Believing there is an open field before us and a legitimate work that we can accomplish, we ask the support and hearty co-operation of other dealers, and a fair share of their advertising patronage.

Our advertising rates are extremely low when compared with the number of papers issued.

We can justly claim, even now, to have secured in advance a larger subscription list than that obtained by any other Philatelic Journal published in America. The

CANADIAN PHILATELIC JOURNAL IS sent to every stamp collector known to us in Canada and the United States as well as to a considerable list of foreign collectors. It is pre-eminently the stamp collector's paper, and advertisers are assured of reaching nearly every reputable dealer and collector on the Continent.

On account of the great haste in which this issue has been prepared we have printed only enough copies to supply our actual subscribers viz 2000, but our next issue will be much larger, and to any advertiser of any considerable amount we will furnish a sworn declaration of the number of papers actually printed and mailed.

We hope to make our paper the best, most interesting and instructive Philatelic Journal published in America.

Our holiday edition will be sent out about the 25th of Dec., and therefore all matter either for advertisement or publication should be at this office not later than the 20th of Dec.

Dealers, all we ask is a trial advertisement and we are confident we can make it for your interest to continue with us.

Philatelic Publishing Company, W. H. Anger, B. A., T. J. Holden, H. E. French.

NOTES.

Every dealer should be represented in our dealers directory, the price is but 75 cents for 12 insertions.

In our next issue we will publish the name of paper, where published and the name of publisher of our exchangers.

Publishers please send us two copies. We ask the readers of this paper when answering advt, or exchanges please to state

THE CANADIAN PHILATELIC JOURNAL.

that you saw it in the C. P. J. and greatly oblige the publisher.
All catalogues, books or specimens of worth sent us will be received.

REVIEW.

We will review in this column all catalogues, price lists &c. sent in of any worth. Messrs Sterens & Co., of Chicago have sent us a copy of their illustrated coin catalogue of coins with prices paid for same. It contains illustrations of a large number of U. S. Coins and some Foreign. Price 10 cents.

Our thanks are due to Mr. C. F. Parker for his October price list. He has purchased the entire stock of George H. Richmond, N. W. York.

The Canadian Postage Stamp Co. have favored us with their price list. It contains many bargains for collectors. Sent free upon application.

Mr. Gremmel, of New York, has sent us as neat a little price list as we have seen for some time. C and S America is the main bolt. The list will be sent out free upon application. See advertisement for address.

Just as we go to press we receive a copy of the second Auction Sale catalogue of the American Philatelic Co. It is worth any collectors' time to send for a copy. Please accept thanks.

I will give a stamp paper for every five U. S. department or revenue stamp sent me; and two for every three special delivery stamps sent me, H. E. French, Niagara Falls South, Ont.

I will give a foreign post card or a philatelic paper for every good arrowhead sent me, M. H. Biggar, Niagara Falls South, Ont.

Postage Stamps.

For the past 30 or 40 years stamp collecting has been a catching disease that very few ever get over. To-day, we learn that in Canada and the United States there are 10,000 stamp collectors, out of that number there are probably not more than 1,000 know how postage stamps are made. It may interest the readers of this paper to know how they are made.

In printing Canadian postage stamps steel plates are employed and two hundred persons are employed coloring them, ten presses with girls kept busily feeding sheets containing two hundred stamps each. After the sheets of paper upon which the

two hundred stamps are engraved have dried enough they are sent into another room and gummed. The gum used for this purpose is a peculiar composition, made of the powder of dried potatoes and other vegetables mixed with water, which is better than any other material—for instance gum arabic, which cracks the paper badly. This paper is also of a peculiar texture—somewhat similar to that used for bank-notes. After having been again dried—this time on little racks which are fanned by steam power.
